MAY FESTIVAL OPENS THURSDAY

STUDENTS TO VOTE ON CONSTITUTIONAL CHANGE WEDNESDAY

PROPOSED ADJUNCTS GIVE COMMISSION MORE SPECIFIC POWERS—REGULATE CLASS MEETINGS.

A social election is being held tomorrow, May 12, that students may vote on the proposed changes in the constitution of the Student Commission.

Polls will be kept open for voters from 8:00 a. m. to 5:00 p. m., at the Registrar's office.

A sample ballot will be found in this issue.

Many clauses in the constitution have been revised, and there are several new clauses which have been inserted, states Emery Putnam, commissioner of judiciary. "The Commission has deemed it necessary to make these changes in order to keep pace with the ever changing conditions on the campus and the student body will be asked to vote for or against these measures."

Changes Made.

The following changes and revisions have been proposed and recommended by the last two commissions:

1. Present reading relative to the powers of the Student Court: "The Commission shall have power to provide penalties for the violations of its laws."

Proposed change:

"The Commission shall have power to provide penalties for the violation of its laws, such penalties to be based upon student eligibility, and privileges, arising out of the student activity fee or any other power not conferred and and to be inflicted through the Student Court."

2. Present reading of clause concerning amendments:

"The constitution may be amended by a number of votes equal to the majority of all bona fide student voters."

Proposed change:

"This constitution may be amended by a number of votes equal to the majority of all bona fide student voters participating in the voting, providing, all votes cast are equal to one-third of all possible voters."

3. The functions and duties of the following boards, which are in actual working order at the present time, but which have no constitutional authority, are stated in these proposed changes:

(a) "Athletic Board of Control, on which are three faculty members and three student members, including the Commissioner of Athletics. It shall be the duty of this board to supervise all matters financial and otherwise, pertaining to athletics."

(b) "Board of Public Speaking Control consisting of two faculty members and three student members including the Commissioner of Public Speaking."

(c) "Board of Control of Publications, consisting of two faculty members and five student members. It shall be the duty of this board to control all matters pertaining to the several publications on the campus including the Bison and the Spectrum."

4. The following addition to the constitution regarding the regulation

DEAN PEARCE GOES ON VISIT TO HIGH SCHOOLS

W. T. Pearce, Dean of the School of Chemistry left Monday evening on a visit to several high schools of the state.

Dr. Pearce addresses students at Minot, Granville and Towner high schools today. He will visit Devils Lake high school Wednesday forenoon and Lakota in the afternoon and stops at Larimore and Hillsboro on Thursday, returning to Fargo that evening.

GIRLS GIVE DANCE RECITAL THURSDAY

TUMBLING ACT TO BE NOVELTY OF PROGRAM OF NATIONALISTIC INTERPRETIVE DANCES.

An outstanding event of Thursday, the first day of the May Festival, will be the dance recital that co-ed students in the women's department of physical education are presenting in the Armory at 7:30 that evening. Miss Dorothy Cole, physical director, has supervised the dancers in their work.

Twenty-two dance numbers are on the program. Nationalistic dances, varying from Magyar steps back to the Deutche Tanze and Polish Mazurka are on the card. The latter half of the program for the evening consists of interpretive dances, such as the Dance of Fire, Spring in Hellas with personification of Greek gods and goddesses, Diana, Apollo and others.

As a novel interlude to the two types of dances a group of 14 tumblers will perform.

Girls who have parts in the program are: Ethel Hector, Esther Boyer, Floy Beatty, Sara McRoberts, Marion Trowbridge, Alice Dahlen, Dorothy Stoult, Elsie Hans, Christine Walwood, Althea Reed, Stella Finwall, Doris Stewart, Virginia Sands, Edith Skurdall, Anita Mary Blake, Charlotte Blake, Grace Sjordal, Hazel Heald, Dorothy Volkmar, Mary Klinsman, Evelyn Blakeslee, Helen Anderson, Helen Zeipen, Ruby Oscarson, Olive Winslow, Mabel Hovland, Lauretta Nilles, Ruth Erickson, Gladys Bockwoldt, Edith Smith, Esther Douglas, Leah Carlson, Angela Sweeney, Rita Morris, Helen Ballard, Sarah Moore, Grace Sjordal, Minnie Kellogg, Norma Peterson, Cleo Peterson, Marjorie Gullickson, Margaret Zimmerman, Jane Kopelman, Tabetha Weingarten, Robina Wylder, Doris Wilner, Doris Abel, Mary Ball, Ruth Brown, Geraldine Ewald, Mary McCarthy, Ethel McEssy, Mavis Peterson, Laura Dohrman, and Florence Dohrman.

Y. W. C. A. HOLDS TWO SOCIAL EVENTS AT FETE

Two social events sponsored by the Y. W. C. A. will be given during this month. On Friday evening, May 14, will be the annual May Breakfast, which is given in the lobby of the "Y" building. The breakfast will be served from seven to nine. Tickets may be secured from any member of the Y. W. cabinet, or representatives on the campus. The sale will start this week.

On Saturday, May 28, there will be a Y. W. and Y. M. mixer in the college "Y" building. The affair is given in the honor of the seniors.

COUNCIL REDUCES HOUR REQUIREMENT FOR GRADUATION

EACH SCHOOL TO REQUIRE SAME NUMBER OF HOURS; CREDIT FOR MILITARY, BAND AND ATHLETIC WORK CHANGED.

Several marked changes were made in the curriculum of the college at a meeting of the Faculty Council Thursday afternoon, over which President John Lee Coulter presided, it was announced today by A. H. Parrott, registrar.

The old graduation requirement of 225 credit hours has been cut to a standardized one of 204 hours. By the new arrangement graduation requirements for each of the schools at the college have been stabilized. Formerly, the School of Mechanic Arts required 234 credit hours, the School of Home Economics 230, the School of Science and Literature 225 credit hours, with other schools varying.

Puts Schools on Equal Basis.

"It is believed that the change will not only remove the arbitrary graduation requirements of the different schools of the college," stated Mr. Parrott, "but that it will place the college schedule on an equal basis with the majority of colleges and eliminate common transfer difficulties."

Military and Band Cut.

To facilitate the change the council cut the required credit hours for military work and physical training work from 12 credit hours to six, the reduction being made on the basis that one credit hour is given for every three hours of work the student does in the laboratory or in the class room with one hour of recitation for every two of preparation.

Also credit for playing in the band will not be given in excess of credits required in military work. No credit will be given for athletics, debate and other curricular activities. This, however, does not include credit given for coaching or physical training methods courses.

A curriculum committee, according to Mr. Parrott, is already at work scheduling the new program for the fall term and a supplement to the college's general catalogue will be issued announcing all the changes made.

THETA CHIS SLUG WAY TO WIN OVER DELTA PIS

The third annual Mothers' Day program was given by the members of Phi Chapter of Theta Chi fraternity on Sunday at the chapter house. An informal entertainment made up the program of the afternoon, the quartette sang and during the refreshments the house orchestra played several of the fraternity songs. After the ladies had inspected the house they went to the Blue Rooms where they registered and peered into the mysteries of a college frat.

Out of town guests were: Mmes. O. C. Thompson, E. N. Stearns, C. J. Millard and G. H. Frosaker

William Stutsman, Philip Hamilton and Walter Augustine were in charge of the arrangements.

EDUCATION CLUB HOLDS REGULAR MEET TONIGHT

Members of the Education club held their monthly meeting in Room N Administration building at 7:30 this evening, according to Alf Solwald, president of the club.

C. L. Swisher, professor of physics will address the students. On features of the club program are a reading, and a duet number by Frances "Jackie" Sherman and Dorothy Kretzschmar.

COMMISSION COURT MEETS THURSDAY

SEVEN NEW CASES, ONE LIBEL SUIT PENDING; PUTNAM PROMISES STIFFER SENTENCES.

Thursday afternoon at 4:30, in room N, Administration building, the Student Commission Court convenes for the second time since its revival.

Seven new cases are booked for the Thursday session. A libel case, or what may amount to a test one case, is also scheduled to be threshed out under Judge Putnam's judicial mallet.

Those ordered to appear before the Commission court Thursday are Anita Mary and Charlotte Blake, Walter Booth, and Harold Austin. All are charged with violating the law forbidding the playing of golf, baseball or other games on the campus green. Lucille Piper is held on a charge of charge of trespassing. George Mayoue, and another individual owning the Dodge Touring car with a winter top and license number 13298 the also ordered to appear for not observing the parallel parking law.

Judge Putnam states that the penalties would be more drastic.

The probablest case is that of Hugh McMath vs. M. A. Cramer. The plaintiff maintains that the marshal falsely arrested him and that he was by no manner or means culpable of the charge placed against him.

An interview with Mr. Cramer showed him to be little perturbed over the counter charge of criminal libel. He depicted the circumstances involving the arrest and with a pencil stub sketched the scene of the attempted arrest.

"I was down here (by the Administration building), when I saw two people walk across this island in front of the engineering building," he pointed out. "I caught up to one, that was Kathleen Sullivan, but the man kept on going. I recognized him, though I didn't remember his name. When I asked Miss Sullivan what his name was she said, 'yes, try and find out.'"

Marshal Cramer expressed the belief that it was physically impossible for him to enforce the law everywhere on the campus.

"I need a few deputies," he concluded.

Commission Attorney Boardman will uphold Cramer's case in court. McMath has not announced who his attorney will be.

The Battalion is on the last week of drill. Annual inspection will be made by the Federal Board next Monday.

INDICATIONS POINT TO A RECORD HIGH SCHOOL ENTRY LIST

ART EXHIBIT WEDNESDAY CURTAIN RAISER; STOCK JUDGING, INDUSTRIAL CONTEST THURSDAY; DANCE RECITAL.

High school students from two states will invest the college campus this week when the Nineteenth Annual Inter-High School May Festival opens Thursday. By the time of the Festival's official opening several college groups will have already begun festivities.

Reports from college officials in charge of the various events and branches of competition are all favorable with the usual eleventh hour entrants certain to swell the numbers.

Track Meet Big Event.

The field and track meet will practically be the climax of the Festival on Saturday afternoon. Eleven records were broken at last year's meet and track conditions promise repetitions this year. The entry list Friday stood at 75 with six schools, Fargo, Mohall, Grand Forks, Sykeston, Enderlin and Gilby represented.

Stock judging has received an unprecedented number of preliminary entries, 63, and as it occupies a leading role on Thursday should surpass in interest and numbers contests of other years.

More Exhibits This Year.

Literary contests and exhibits will make up the bulk of the display and color of the Festival.

The home economic contests have already 21 contestants with more assured.

High school journalists have responded to the competitive call with 16 entries. The essay and literary contests will again be under the supervision of Dean Minard, with T. W. Johnson in charge of the news contest.

The architects' "open house" Wednesday evening will be a fit curtain raiser for the Festival. Last year's art exhibit drew 1,200 people and had to be kept open longer than was originally intended. Nearly 500 drawings will be shown this year. A sketch contest has accelerated interest among the students with a beautiful Bertram Grosvenor Goodhue as the prize to be awarded. Caproni plaster casts and wood blocks done in color are other features. Music and refreshments are also to be at hand.

Friday afternoon and evening the engineers plan to again turn the engineering precincts into a world's exposition place. Their plans are not as yet complete.

The program up to Friday noon follows:

Thursday.

7:00 A. M.—Industrial Contests—Stock Judging Contest—Stock Pavilion.

8:00 A. M.—Registration—Superintendents, principals, teachers, school board members, contestants—Y. M. C. A.

8:30 A. M.—Vocational—Agricultural teachers' conference—New Agricultural building, Room 103.

1:30 P. M.—Home Economics Contests—Laboratories, Home Economic Department, Ceres Hall.

WHY VOTE?

Tomorrow, Wednesday, students will again have an opportunity to express their will at the polls. The will of the students has never been strongly expressed in recent elections. It should be.

It has been characteristic of Americans to neglect the ballot privilege. Men, at the head of things are seldom the most enlightened; they are, however, the most public spirited. So at the college, the votes of slightly more than 300 sometimes less, have determined the status of 120 persons. There is no excuse. Theroads are not muddy; we have no children to care for.

We, at A. C., have three branches of government: the judiciary in our student court, the executive in our student commission, the legislative in ourselves. Only one of these, the student commission has gone on in years functioning as it should. The judiciary was revived scarcely more than a week ago. Smelling salts might well be doled out to the legislative body.

The election will briefly determine several things. They are in substance:
The specific means by which the Student Commission will enforce its laws.

Whether or not this will be through the Student Commission court. Whether or not a majority vote is to be based on the actual number of ballots cast or on the number of students involved.

The specific operation and duties of the boards of athletic control, public speaking control, and control of publications.

The provision for regular class meetings and class nominations.

The fixing of responsibility on class officers for class business.

For the step the Commission has taken in attempting to clarify its constitution, the Spectrum commends it. The proposal to write into its constitution the means as well as the power to regulate student life should not be viewed by the voter as a coercive step; but rather as a step to aid the Commission in knowing and carrying on its duties. Vote as you will; but be sure and vote.

HOURS.

Twenty or more hours have been lopped off the schedule of hours required for graduation. "Diplomatic strategy," some student will chuckle and begin considering how many more "dates" the new ruling will allow him.

The student is in error; the new ruling will neither give him his sheepskin easier, nor will he have more time.

Reducing the requirement from 225 to 204 hours actually means intensifying study. One may readily see the advantage when he assumes that the student will devote the time formerly used for the heavier course to study upon a smaller scale. The maximum hours required have been cut from 19 to 17 hours per term. The result should be much like putting real lemons in a barrel of circus lemonade instead of using just rinds.

The methods the Faculty Council have used to make the change will undoubtedly meet with objections from some quarters. This may be justifiable in instances. There never was an act done but that it harmed as well as helped.

It is noteworthy that subjects that are extra activities or shade into that branch of student effort have borne the brunt of credit reduction. They would naturally be hit first.

Credit for extra activities, in the first place, cannot be justly proportioned. Credit hours for school work are not all important in school; but rather the experience acquired in getting them. Credits may be acquired falsely; but experience never is.

MALKEWICK-SKJELSET ENGAGEMENT ANNOUNCED

Mrs. Ellen Skjelset, 802 Fourth St. N., has announced the engagement of her daughter Huldah K. to Sam Malkewick, son of Rev. and Mrs. O. J. Malkewick, Watford City.

The announcement was made at an 8:00 o'clock luncheon at the Skjelset home Thursday evening at which eight sorority friends of Miss Skjelset were present.

The wedding is to take place in August at the Skjelset home.

Miss Skjelset is a graduate of the North Dakota Agricultural college and a member of the Phi Omega Pi sorority.

Mr. Malkewick is a graduate of the School of Pharmacy of the college and a member of the Delta Kappa Sigma fraternity. For the past three years he has been employed as pharmacist at the Crookston Drug Co., Crookston, Minn.

The decorations at the party last evening were in pink and green with a table center piece of pink sweet pas.

At the close of the luncheon a sealed chest was brought in and opened wherein the announcements were concealed.

"What is debate?"
"Debate is what you put on de line when you go fishin'."

Teacher: "Sidney, spell avoid."
Izzy: "Tell me foist the void."

C. G. STOWERS TO WED MAREN REVELL

The engagement of Maren Revell to Clinton G. Stowers, son of Mr. and Mrs. W. C. Stowers of Pittsburg, Kansas, was announced at a bridge luncheon given at the home of her mother, Mrs. Marie L. Revell, 1420 Third Ave. S., Saturday.

Pink and lavender sweet peas and pink candles served as table decorations. Announcement of the wedding date, June 1, was made by small cards attached to the favors which were miniature dolls brides and grooms.

Miss Revell attended the college last year and is a member of Sigma Theta sorority.

EBULLITIONS OF
BBONY BLOTT

By Ebony Blott—Himself.

A young gentleman, who broke the collegiate record for the 100 yard dash attributed his success in flying over the cinder path to the fact that one leg was shorter than the other thus making it easier for him to round a curve.

That man has lots of possibilities. If he can break a world's record with one leg abbreviated two inches why don't he amputate it entirely and make the hundred in a negative two seconds?

These advantages do not hold, however, for the one-armed man rounding with his best girl on the front seat.

The school of hard knocks has more alumni than any other institution.

A watch is one thing that we all buy at its face value.

Newspaper readers may be divided into three classes: those who read the Gumps, those who want to see what Andy is doing, and those who read Sidney Smith's cartoons.

Little Jack Horner must have been quite some magician. We wonder where his thumb vanished to when he "stuck in his thumb and pulled out a plum."

There are about twelve men on the campus for every co-ed. The rest care only for two or three.

"Thanks for the buggy ride," sang the wounded soldier who was being carried to the base hospital on a stretcher overrun with cooties.

"This is just a passing fancy," said the African domino addict as he shot seven with a graceful flourish.

Love is sweet,
 But ah, how bitter
 To love a girl,
 And then not gitter.

The cadets were not decorated for their deftness in shaking hands.

A man sat down on a railroad track,
 The train was coming fast;
 But he held a horsewhip in his hand
 To switch the darn thing past.

"What time does the show start?"
 "Two o'clock."
 "Free?"
 "I said two, now don't bother me."

"A pound of flesh!"
 Said Shylock, and
 His eyes were riveted
 On the man with
 A cold, unmerciful
 Stare.
 "A pound of flesh!"
 He said again—and
 He menacingly
 Thrust his hand
 n his girdle.
 "A pound of flesh!"
 He fairly roared it out
 This time—
 And the other man
 Quailed as Shylock's
 Fiendish chuckle
 Pervaded the room.
 "And say, Butch,
 You better make it
 Porkchops!"

**NEWSPAPER CONTEST
 HAS MANY ENTRANTS**

Prospects for the high school newspaper contest being held here during May Festival are excellent according to T. W. Johnson, editor of College and State, who has charge of the contest. He had received 16 entries up to last Friday. Thirty-five entries were made last year.

The contest, for the two classifications of schools, has three branches: weekly newspapers, periodicals, and annuals. A traveling silver loving cup is to be awarded the winner in each class.

High schools that have entered publications are: Fargo, Cynosure, paper and annual; Bowbells, Red and White; Dickinson, Crucible; Tower City, Tower Messenger; Cooperstown, Cooper-Hi Zip; Valley City, Owl; Sheyenne, annual; Bisbee, Student; Crosby, Echo; Bismarck, Prairie Breezes, annual, Pep, newspaper; and Reynolds, Buzzer.

**SIGMA THETAS HOLD
 TEA FOR MOTHERS**

Members of the Sigma Theta sorority entertained at their annual "Mother's Day" tea on Sunday at the home of Dorothy Volkamer, 816 12th St. N., from 2:30 to 5:30 that afternoon. Sorority colors, yellow and white and sweet peas were decorations. Dorothy Hatch and Dorothy Cole, faculty members of the college presided at the tables. Florence Early was in charge of general arrangements and was assisted by Marion Trowbridge, Olive Winslow, Marion Burnett and Agnes Schlanser. Maren Revell had charge of the entertainment features of the program.

**COMMISSION GIVES
 ALL-COLLEGE PARTY**

The annual spring all-college party given by the Student Commission Saturday evening in the Armory was well attended. Dancing was enjoyed throughout the evening.

Honor guests for the evening were: Mr. and Mrs. L. E. Jackson and Capt. and Mrs. A. E. Andrews. Bernice Cramer, commissioner of social affairs had charge of arrangements for the party.

**DWARF WATERWHEEL TO
 BE USED IN HYDRAULICS**

A Pelton water wheel has been received as the first shipment of machinery that will fit out the new hydraulics laboratory, according to Prof. R. M. Dolve, in charge of hydraulic engineering.

The wheel, a miniature model of 5 h. p. has a glass panel to enable observation of it in operation. Pressure for operating the bucket-rimmed wheel will be furnished by a centrifugal pump capable of creating 80 pounds pressure or the equivalent of 180 foot waterhead. The wheel is a replica of the ones at Niagara Falls, a unit of which may produce 75,000 horsepower.

**FINAL EXAMINATIONS TO
 BE GIVEN JUNE 10, 11, 12**

Final examinations will be given on June 10, 11 and 12 this year, it is shown by a schedule given out last week by A. H. Parrott, registrar.

As customary, 8:00 to 9:00 A. M. classes tests fall on Thursday morning, the first day, 9:00 to 10:00 classes in the afternoon. Classes scheduled from 10:00 to 12:00 M., are given on the second day and afternoon classes' examinations are to be given Saturday. Examinations begin at 8:00 A. M. and 1:30 P. M. and are arranged to permit adjustment of conflict of tests in major and minor subjects.

**ONE HUNDRED COUPLES
 ATTEND SENIOR BALL**

One hundred couples attended the senior ball given in the Armory on Friday evening.

Decorations for the class of '26 formal were in the class colors of rose and white, with an added setting of spring colors and palms and ferns. Programs were also in class colors. Harry Smith and his Red Jackets played during the evening.

The reception of guests began at 8:30 with Dr. and Mrs. John Lee Coulter heading the receiving line. Those who followed were Dean and Mrs. A. E. Minard, Dean and Mrs. W. F. Sudro, Mr. and Mrs. A. H. Parrott, Cyril Arnold, ball manager, and Dorothy Stoudt; Thomas Regan, assistant ball manager and Marie Crary; Ben Rumpeltes, class president and Lucille Piper.

The grand march at 9:0 o'clock was led by Cyril Arnold and Dorothy Stoudt.

An occasion of the evening was the formal opening of the Lettermen's Club room. The room has been furnished and a collection of pictures and trophies reminiscent of the Bison school's past and present athletic glories.

Joseph Sarnnakov, singing at the State Theatre and "Doug" Isitt of the Red Jackets also entertained with song numbers.

**THETA CHIS HAVE
MOTHERS PROGRAM**

Staunch support behind the excellent pitching of Myers, Theta Chi moundsman, let the slugging Delta Pi team down without a run and the Theta Chi won handily 11 to 0 in the third campus league baseball game.

Myers' pitching was faultless, the tall tosser striking out fourteen men and allowing but one hit, a double by Askegaard in the sixth frame. Except for a wild throw to first by Keltner in the first inning the Theta Chis went through their fielding act in perfect manner. The Delta Pi nine faltered in this department six times allowing their opponents to score or reach base safely. Austin and Hulet, Pi slingers, were touched for ten safe blows, a home run and a double by Byerly, and two doubles by Newgard, featuring the slugging.

The Theta Chis started the scoring in the third when Byerly singled, went to second and scored on McArthur's hit to left field. McArthur went to second on Hamilton's sacrifice and scored on Newgard's single. Newgard stole second and came home on Kingsley's error. After that the winners scored in every frame, bringing in four in the fourth, and two in each

of the remaining two innings to pile up their 11 point total.

Scores of Games To Date:
Gamma Rho 13, Y. M. C. A. 1.
Kappa Phi 13, Delta Sigs 5.
Theta Chi 11, Delta Pi 0.
