NUMBER 49

## MAY FESTIVAL TO BE BIG EVENT OF WEEK

### SENIOR BALL TO CLIMAX FORMAL SEASON TONIGHT

CYRIL ARNOLD AND DOROTHY STOUTD TO LEAD IN FINAL CLASS BALL; DECORATIONS TO HAVE SPRING SETTING.

At 8:30 tonight the receiving line for the Senior Ball will form headed by Cyril Arnold and Dorothy Stoutd in the Armory and usher in the final formal of the season. The success of the sorority sales contest has assured a large attendance and the presence of the Red Jacket Orchestra from the Winter Garden insures a high class musical program.

#### Excellent Features Offered.

Joseph Sarnokov, of the Metropolitan, and Doug Izzit, entertainer with the Red Jackets, are headlining the program of special features, according to Eugene Ostman, chairman of the features committee.

In the receiving line with Mr. Arnold and Miss Stoutd will be President and Mrs. John Lee Coulter, Dean and Mrs. Minard, Dean and Mrs. Sudro, and Mr. and Mrs. Parrott, the honor guests of the evening, and Tom Regan the assistant ball leader with Miss Marie Cray and class president Ben Rumpeltes with Miss Lucille Piper, representing the Senior Class, the hosts of the evening.

#### Spring Setting Prevails.

Spring greenery together with the class colors, rose and white, will predominate in the decoration scheme, according to Thomas Caniff, chairman of the decorations committee. The committee has been at work since Thursday afternoon transforming the Armory into a garden setting and building up a rustic garden bower in the east end of the building from which frappe will be served. The orchestra will occupy the raised platform at the west end.

A novel departure from the usual features of college formals will be the introduction of various carnival effects, serpentine, confetti, paper caps, and streamers. William Toussaint, floor manager, has arranged for a large supply of these and promises that there will be no lack of fun-making equipment.

While the large majority of the 125 tickets have been sold there are still a sufficient number left to accommodate the late comers, according to Willard Trumbull, business manager. Those wishing to secure tickets this afternoon may get them from any members of the committees in charge of the party or from the Broadway Pharmacy or Christensen's Drug Store down town. The price is \$2.50.

#### TENNIS MEN ATTENTION.

All men wishing to try out for the tennis team should sign up on the athletic department's bulletin board or see Coach Cortright. Drawings will be made Monday, May 10, at the athletic office, for a "peg" tournament to continue until May 22. At this time a team will be chosen to represent the college at the Conference Meet at Sioux City, May 26. Ernie Stoutd, member of last year's team, has been appointed captain for the present season.

ION J. CORTRIGHT,  
Director.

### HE LEADS AT SENIOR BALL THIS EVENING

CYRIL ARNOLD

### KAPPA PHIS AND GAMMA RHOS WIN

#### CAMPUS LEAGUE GAMES REVEAL STRONG TEAMS; ERRORS AID IN LARGE SCORES.

By Dick Hackenberg.

The number "13" proved to rather inconsistent in the first brace of Campus League games played Tuesday and Wednesday. It was decidedly lucky for the Gamma Rhos and the Kapa Phis and just the opposite for the Y. M. C. A. team and the Delta Sig nine. The Rhos easily beat the "Y" aggregation 13 to 1, and the Kapa Phis, aided by Delta Sig errors, romped to a 13 to 5 victory over that team.

The playing of the two winners was exceptional for early season form while the losers went through their diamond work raggedly with a lack of smoothness that characterized their opponents' play. Errors seemed to be the chief obstacle in the path of the "Y" and Sig players, six being called on the former team and ten on the latter. Hanson of the Rho bunch and Miller and G. Hermes of the Kapa Phi team knocked out home runs to put flashes of action in an otherwise uninteresting game.

Morrow, Delta Sig pitcher, took the strike-out record to date, retiring six via that route. Hermes whiffed five as a close runner-up. The pitching of Hermes stood out in the tossing department, the little fellow's slants holding the Sigs runless and hitless for five innings.

The Gamma Rhos took an early lead and beat the Y. M. C. A. in the first inning when Hanson, Young and Mach crossed the platter giving the fraternity a 3-0 edge at the start of the second. "Y" errors and some hard slugging kept the Rho players circling the diamond in every inning but the third and sixth. It was not until the "lucky seventh" that the "Y" team managed to send a runner across the rubber. The Gamma Rhos retaliated in their half and the game ended 13 to 1. Hitting was fairly even the Rhos getting six off of three "Y" tossers while Toussaint and Widdifield were touched for five safeties.

The Delta Sig-Kappa Phi clash was featured by a plentitude of bobbles on the part of the Sigs, and some good hitting and pitching on the part of both contestants. It took the first inning for the teams to warm up, de-

### CAST BEGINS WORK FOR SENIOR PLAY TO BE GIVEN JUNE 11

"BAB," NEW COMEDY, TO BE PRESENTED BY SENIOR CLASS DURING COMMENCEMENT WEEK AT THE L. C. T.

A cast has been chosen for the Senior class play, "Bab," and members of it are now at work under the direction of Prof. A. G. Arvold.

"Bab," one of the latest comedys will be presented by the Senior class on Friday evening, June 11, at the Little Country Theatre. The play is a four-act dramatization of the novel of the same name by Mary Roberts Rinehart. Edward Childs Carpenter has written the stage version.

Members of the class of '26 who have roles are as given below.

#### CAST.

Lelia Archibald.....Inez Hanson  
Hannah.....Althea Reed  
Mrs. Archibald.....Leone Sands  
William.....Donald Hay  
Carter Brooks.....Robert Sanderson  
Bab.....Alice Bender  
James Archibald.....Jack Knapp  
Jane Raleigh.....Edith Skurdal  
Clinton Beresford.....Thomas Caniff  
Eddie Perkins.....Stewart Schlipf  
Guy Grosvenor.....Eugene Ostman  
Scenes represented

Act I.—The morning room at Archibald's country home—an afternoon in May.

Act II.—The morning room as in Act I, the next day. (The curtain is lowered for 3 minutes). Scene 2: Night of the same day.

Act III—"Bachelor's Quarters" in the Archibald boathouse, a few minutes to 12, the same night.

Act IV.—The boathouse as in Act III, an afternoon three weeks later.

#### HORSESHOE TO BE NEW EVENT AT MAY FESTIVAL

Horseshoe, a modification of the Scotch national game, is a new event to be added to the May Festival athletic contests, according to Coach Ion J. Cortright. A medal will be awarded the winner in the event.

A regulation horseshoe pitching course has been laid out beside the Armory and is now ready for use. Boxes have been installed and pegs set in cement at regulation distance of 40 feet.

During the Festival, L. O. Kelsven, amateur state champion, will assist at the tournaments and instruct those desirous of learning the lucky art. In the meantime, students have access to the courts at all times.

#### COMMISSION GIVES PARTY TOMORROW

An all-college party will be given Saturday evening at 8:00 o'clock in the armory under the auspices of the Student Commission, it was learned from Bernice Cramer, commissioner of social affairs.

The party will probably be the last opportunity students have to attend an all-college affair this year. The commission dance is given every year and was well attended last year.

Miss Cramer, aided by other members of the commission have worked out an excellent program. Carlton Lindquist's serenaders will furnish the musical entertainment for the evening.

### WILL BE PARTNER OF CYRIL ARNOLD AT PROM

DOROTHY STOUTD

### THREE APPOINTED TO MARINE CORPS

#### THOMPSON, GRIFFITH AND ARNOLD, SENIORS, BRING UNUSUAL HONOR TO A. C.

Three members of the senior class have received appointments as 2nd Lieutenants to the U. S. Marine Corps, according to Capt. Thos. S. Smith, in charge of R. O. T. C. work at the college.

Cyril "Cy" Arnold, Earl Griffith, and Wallace "Wad" Thompson have been tendered appointments by Major General Lejeune, commandant of the Marine Corps.

"Considering that only 15 of this year's graduating class of the Annapolis United States Naval Academy at Annapolis received like appointments, the honor given this school is no slight one," states Captain Smith.

Last year the college received the greatest number of appointments of any distinguished rating college in the United States, four.

They were: Lt. Ogden Brauer, now stationed at San Diego, Cal.; Lt. Verne McCaul, posted at New Orleans; Lt. Leslie Narum, now at Paris Island, S. C.; and Lt. Archie Gerard, on duty at the Philadelphia Navy yards.

A board of officers consisting of Capt. W. W. Millard and Capt. A. E. Andrew, U. S. Army officers stationed here has also been appointed to conduct preliminary examination of such applicants as may be authorized to appear before it for appointments as second lieutenants in the regular army.

#### COMMUNITY PROGRAMS ARE WELL RECEIVED

A community program given at the Little Country Theatre Tuesday evening to an appreciative audience, was again staged before the Farmer's club at Dilworth on Thursday evening. Refreshments were served in the Log Cabin after the college program.

Numbers on the program were as follows: Address, Robina Wilder; illustrated talk, "The Grand Canyon of the Colorado," Dorothy Kretschmar; piano solo, Gladys Myhre; men's style show; athletic features; Dutch dances by Sally McRoberts and Ruby Oscarson; reading "The Sogning Woman", Norma Thue; juvenile solo, "Smile a Little Bit," Buddy Cole; demonstration, camp meal, Althea Reed; one-act play, "Unseen", Jack Knapp, Alice Bender and Helen Anderson.

### TRACK MEET, ARTS EXPOSITION, STOCK JUDGING ON CARD

HIGH SCHOOLS IN TWO CLASSES HOLD TREE DAY COMPETITION—ACCOMMODATIONS AND RAIL RATES GIVEN.

North Dakota Agricultural College will be the objective of about 100 student delegations from high schools of North Dakota and Minnesota next week when the Nineteenth Annual Inter High School May Festival opens on Thursday and continues during Friday and Saturday.

Salient features of the Festival, in which every branch of student effort will be represented, are the field and track meet, the industrial arts exposition, stock judging contest, and literary contest.

#### Schools Put In Two Classes.

The schools competing will be classified in two groups, one class being for the cities of more than 5,000 with the cities of less than 5,000 people in another. Over 100 prizes will be awarded to winning contestants in the two classes.

A prelude to the three-day fete will be the opening of the art exhibit on Wednesday evening, May 12, which is given annually by students of the department of architecture. The exhibit will be shown throughout the week at the architectural rooms in the engineering building.

#### Accommodations Given Students.

With the inflow of students and instructors and other visitors for the first Festival day Thursday, the college will become a place of exhibitions and contests. The committee in charge of the program, headed by Prof. A. G. Arvold, has provided accommodations for all students and instructors participating in the contests.

Registration of delegations and visitors will be made Thursday morning at the college Y. M. C. A. Providing 150 persons attending obtain ticket receipts from the railroad agencies, and present them to A. G. Arvold, railroads will give a special rate to visitors.

Student stock judges will be the first to go into competition. Judging of horses, beef and dairy cattle, poultry, corn and grain will be carried on at the stock pavilion and agricultural building all of the first day and also Friday morning.

"More than sixty schools have entered three-man judging teams for these events," states E. H. Jones, professor of agricultural education at the college. "The number of final entries show a great increase over last year."

Prizes to be awarded for the events include a large bronze loving cup, 12 banners, and 27 individual medals. The prizes will be on display all week at the Merchants' National Bank. The cup was won last year by the stock judging team from Benson County Agricultural School at Maddock.

About thirty schools are expected to make entries in the Home Economics contest, according to Christine Finlayson, state supervisor of home economics. Smith-Hughes schools that have already entered are, Casselton, Anamoose, Velva, Kenmare, Crossley, Benson County Agricultural school, Walsh County Agricultural school, Grafton, LaMoure, Edgeley,

MAY FESTIVAL.

Next week is May Festival week. Hundreds of students throughout the state may have been looking forward to the annual holidays. It is their opportunity to meet other high school and college students and also to test their mettle in the various competitive fields.

Educational facilities have long since expanded beyond the confines of the classroom. Educators and public alike realize the necessity of cooperation and the rubbing of shoulders with people from other sections of the country. The Nineteenth Annual Inter-High school May Festival is an outgrowth of this realization.

From the small inter-class almost local nature of the early festivals, the fete has grown to a pageant which the most distant schools of the state as well as Minnesotan entrants participate in.

Prof. A. G. Arvold, through his organizing and originating abilities, has undoubtedly been largely responsible for this growth.

Then the close contact of the North Dakota Agricultural college with the residents of the state through industrial, agricultural and educational channels has given the Festival much impetus as well. Many students that come here have become acquainted with the college long before coming. Others receive their first opportunity to see the inside workings of a college institution. They certainly receive opportunities of meeting with people from outside their own circle.

The college plays a part in community life from a state resident's youth up through mature life. Clubs organized for boys and girls interested in agricultural, home economics and industrial problems instill in many future college graduates their first desire for higher education.

It is largely by the broadening of one's horizon that he becomes educated. An illustration once given the writer by H. C. Rilling, state club leader, was of a member of a state stock judging team. The young man when asked of his impressions after being to Chicago stated that, "It didn't appear much larger to him than Fargo, for he couldn't tell how large either was."

Again, to students enrolled at this college, a reciprocal opportunity will come. The various high school delegations coming here for May 13, 14, 15 are certain to have acquaintances at the college. They are all guests of the college while here. It should be the practice of every student and student organization on the campus to make the Festival the one great obsession of the week.

SENIORS.

Three seniors received appointments to the United States Marine Corps this week. It is noteworthy that the three, Cyril Arnold, Wallace Thompson and Earl Griffith are decidedly outstanding among the hundred seniors that will graduate as the Class of '26 in June.

With the daily increase of announcements of seniors accepting positions in many fields, one begins to realize that graduating time is approaching and that the Class of '26 will soon become a phantom of active student life at the Bison school. Its members will take up different duties away from school. Everything is in their favor to parallel student accomplishments with as eventful ones outside the school.

By the recognition "Cy", "Wad", and "Griff", have been given, the school has already benefitted in that their appointments was an indication of the college's standing with military authorities.

And from a personal standpoint, we cannot but feel that the benefits to the Corps will be fully as great.

Weather Changes Hasten Arrival of Many May Birds

MOVEMENT IS BY SORT OF LEAP-FROG METHOD AND NOT ONE OF STEADY PROGRESS.

By O. A. Stevens.

After more than two weeks of cold weather some pleasant days came again about April 10, but seemed to bring comparatively few birds. Field trips on April 10 and 11 gave no new records, although the killdeer were more common and a couple of small flocks of geese were seen. Blackbirds were moving as shown by occasional ones flying over and a small flock of mixed red wings and rusties. A bronzed gackle or two appeared about their usual haunts on April 12. They were noted also at Argusville on April 11.

Birds Pass On.

The writer has observed in other years an apparent scarcity of birds during a period of fine weather when it might seem that considerable numbers of them should be appearing. This may be accounted for by the fact that many which had been stopping here during the unfavorable weather had moved when the weather changed and those which had paused a little to the south of us were passing over without stopping. Another change would call a halt in the movement and leave us a new group of birds for a few days. It is known also that migrating birds fly higher in good weather and therefore those flying over are not much noticed.

The migration movement does not progress steadily, but, as one writer has expressed it, by a sort of leapfrog method. It progresses slower at first, and at each step some summer residents drop out at their regular nesting places, while other individuals from farther north pass on. The northward movement of the robin averages

about 13 miles a day when they first appear in the central states about the first of March. As they go on their speed increases, reaching 70 miles per day on the last lap to Alaska. We know little about how many miles in a single day or how many days a week any individual robin travels. Neither the ones which nest in the central states nor in eastern North America are such travelers as those which make the journey to Alaska.

Many Longspurs Observed.

During the period from March 20 to April 10 the fields were full of longspurs but none were seen on April 11. Evidently they had moved on and somewhere farther north will await the next warm wave. A nest of a horned lark which had been reported by one of the boy scouts was visited and found to contain young birds about four days old.

Only a few of the birds scheduled for the middle of April had been reported up to April 20. A single report of bluebirds comes from Arnegard April 4. Brown creepers were noted at Minot, March 30, and Argusville April 3; flickers at Argusville, April 10 and a couple of herring gulls at the same place April 12.

STATUARY CASTS TO BE PART OF EXHIBIT

A group of beautiful Caproni plaster casts, 16 in number, will be on display at the art exhibit in the archi-

tectural department, which opens Wednesday evening at 8:00 o'clock in the engineering building, it was learned from Prof. W. T. Rolfe, head of the department.

Included in these casts of classic art, which have been obtained primarily for use in the class room and study work, are replicas of famous Greek statuary.

A Neptune vase, a Pilaster from Medici palace at Florence, Italy, are outstanding. The Pilaster when set up is 3½x9 feet in size.

An Ionic Capital from the Erectheum on the Acropolis at Athens is reproduced. Several pieces of Greek statuary of universal renown, such as the Winged Victory of Samothrace, Nike Tying her Sandal, and smaller works of art are to be shown.

## E BULLITIONS OF EBONY BLOTT

By Ebony Blott—Himself.

Just because this is supposed to be an Agricultural college is no sign you can wear overalls at the Senior Ball tonight.

\*\*\*

A Senior Ball is a dance that the Freshmen go to just to see what they look like at close range.

\*\*\*

Cyril Arnold should feel right at home in leading the Senior Ball as he has led in football and basketball for the last four years.

\*\*\*

If such an occasion as this is a Senior Ball, would a high school dance be a high ball?

\*\*\*

Minnesota "U" charges ten dollars a ticket for their Senior Ball which shows that they may graduate better business men, anyway.

\*\*\*

Those who think \$2.50 was too exorbitant a price to pay for a mere dance will get their money's worth watching dancers trying to get their money's worth.

\*\*\*

The sorority selling the most tickets will get a silver shield. Each member, probably, would rather obtain a bid to the dance.

\*\*\*

The entire student body is expected to pay their respect to the departing seniors. The respect, however, must be cash.

\*\*\*

Fifty per cent of the men won't be able to propose to their sorrows tonight because they can't get down on their knees in a rented suit.

\*\*\*

Some rented tuxedos have more rents in them than others.

\*\*\*

A few old time dances should be included in out of respect to the Armory.

\*\*\*

...However, we should not make fun of the Armory. We may be old and weak ourselves some day.

\*\*\*

"The bigger they are the harder they fall," commented the girl woeefully limped to her seat following a dance with Eucalyptus Ike.

\*\*\*

Etiquette will be a necessity at such a formal affair. It must be remembered, however, that necessity is the mother of invention.

\*\*\*

The "give-a-way" checker dance is gaining in popularity at college tussels. You jump with every move.

\*\*\*

The vainest girl we know is the one who though she was painting the town red when she rouged her lips.

\*\*\*

Pity the poor old time who is so round shouldered that he can't even dance the square dance.

\*\*\*

It's a good thing the dress suits haven't Oxford bags for if they were worn the por dancer would have to take six steps before he would even move.

\*\*\*

Most students hate waltzes because you have to keep time.

\*\*\*

Let's hope the lighting effects at the Senior Ball won't be a bruised body.

\*\*\*

One student caused quite a little excitement when he said the lights should be out in the Armory by eleven o'clock. Being pressed for further suggestions, he said that dancing, however, should continue until one.

## BLOCK PRINTS TO BE SHOWN AT ART EXHIBIT

A sidelight of the art exhibit by the students in architecture which opens May 12 and continues in conjunction with the May Festival during the remainder of the week, according to Prof. W. T. Rolfe, head of the department of architecture, will be a display of wood blocks, 51 in number, depicting oriental life and subjects as an artist of the occident has interpreted them.

The block prints are the work of an English artist, Elizabeth Keith, an authority on oriental art. Her interpretations deal with Japanese, Chinese, Filipino and Korean subjects. The block from which the prints are taken, states Prof. Rolfe, are the work of Japanese wood block cutters, an art in itself.

The exhibit has been secured thru the American Federation of Art at Washington, D. C., and is being sponsored by local members of Kappa Tau Delta, honorary architectural fraternity. Members of the fraternity are: L. B. Reager, president; Charles Bowers, Knute Henning, Avery Chadwick, Hugh McMath, Theodore Fuller, Marlin Hutchinson and Phillip Keene.

## MANY STATE SCHOOLS BOOK A. C. SPEAKERS

A list of the college faculty members given out recently by A. H. Parrott, as being available as high school commencement speakers has been taken advantage of by many schools, states the registrar. Such requests for speakers are being received daily and those who have already accepted dates are:

Amenia, Prof. P. J. Iverson, May 14; Anamoose, town, Dean H. L. Walster, June 3; Anamoose, consolidated, Dean Walster, June 4; Balfour, Prof. E. H. Jones, May 27; Bordulac, Prof. P. J. Iverson, May 28; Cavalier, Dean H. L. Walster, May 28; Christine, Prof. P. J. Iverson, May 29; Davenport, Dr. A. E. Hunsaker, May 27; Douglas, Prof. E. H. Jones, May 28; Enderlin, President John Lee Coulter, June 4; Grandin, Prof. P. J. Iverson, May 27; Larimore, President John Lee Coulter, June 3; Leal, President John Lee Coulter, May 28; Lignite, Theodore Thorfinnson, June 4; Petersburg, President John Lee Coulter, May 27; Pillsbury, Prof. P. J. Iverson, May 14; Rogers, Dean A. D. Weeks, June 2; Rolla, Prof. P. J. Iverson, June 4; Sykeston, Prof. E. H. Jones, May 26; Upham, Prof. E. H. Jones, May 31.

## WALSTER HAS TWO WEEK'S ITINERY

H. L. Walster, dean of the School of Agriculture, leaves Sunday for a two weeks speaking tour to the various high schools in the western part of the state.

Dean Walster will speak on Monday before high school audiences at Wilton, Washburn and Underwood. On Tuesday he visits high schools at Garrison, Max and Douglas. Mr. Walster with County Agent A. J. Bredvold at Stanley, will speak at several high schools in Mountrail county on Wednesday and Thursday. Friday he will speak at Williston high school and attend the McKenzie county Play Day.

May 17, Dean Walster speaks at Beach and will visit during the week high schools at Medora, Dickinson, Hebron, Belfield, New Salem, and others. He returns to Fargo on Friday of that week.

"Miss Person, would you like to join us in the Missionary movement?"  
"I'm just crazy to learn. Is it anything like the Charleston?"

## RUMPELTES OBSERVES LAW'S TECHNICALITIES

Ben, who has trod many an opposing gridman under hoof, stopped at dandelions the other day.

There is a broad path of dandelions growing between Main and Engineering buildings. They have gotten an early start, possibly because of the heating system laying underneath. It has either been repaired or needs repair.

A lady friend accompanying Mr. Rumpeltes from one class to the next was attracted by the native flowers. She stopped to pick them, whether at Ben's behest or not, is unknown.

She was busily engaged in making dandelion chains when Marshal Cramer hove in sight around the corner of Main.

For once the law discriminated. Mr. Rumpeltes stood warily on the paving; his companion was stranded on the green amid the dandelions.

She will appear at Tuesday's session of Judge Putnam's court.

## FACULTY NET CLUB ELECTS OFFICERS

A Faculty Campus Tennis club was organized Monday noon, when about 25 faculty tennis enthusiasts met at the Y. M. C. A. A constitution and by-laws were drawn up. Officers who were elected to care for the club business are: Leon Metzinger, president; H. C. Hoffommer, vice president; and F. C. Householder, secretary-treasurer.

The tennis courts north of Ceres Hall have been put in shape and faculty members are now using them. It is planned by the club to hold a tournament two weeks before the close of school. Hours for playing off matches will be set at that time.

## SURVEYORS COMMENDED BY CITY "Y" SECRETARY.

A letter has been received by S. B. Folk, instructor in civil engineering, from Mr. Scatterday of the city "Y" in appreciation of their recent survey work at Lake Cormorant.

His letter follows:  
"Dear Mr. Folk:  
I want to take this occasion to thank you and students who went down to the Y. M. C. A. camp, for your splendid service, and for the hearty way you entered upon the work of the camp. We appreciate it and feel sure your work will greatly aid greatly in the development of the future camp."  
The sophomore students are now engaged in mapping the section they surveyed.

## ROLFE RETURNS FROM SHORT BUSINESS TRIP

Prof. W. T. Rolfe, head of the department of architecture, returned Wednesday from a visit to several cities and their high schools during the first of the week. Prof. Rolfe visited the Bismarck and Mandan high schools Monday and the Jamestown and Valley City high schools the following day. He reports a warm interest on the part of high school students in the courses the college is offering and also much courtesy shown him on their part.

"Give an example of wasted energy."

"Telling a hair-raising story to a bald-headed man."

One girl: "Just think of our forest preserves."

Another: "How about subway our subway jams?"

## The Mayfair

by Kappenheimer

A two-button, double breasted suit—wide curvette shoulders—close fitting waist and hips—peak lapels—Duplex pockets. Silvertones, Ambertones and Azures, are THE colors for Spring.

**Knewsy Knosey  
Kampus Kolumn**

Actives of the Phi Omega Pi sorority are planning a luncheon and program for Mother's Day next Sunday. At that time formal installation of the sorority's patronesses will be held. Services will be at one o'clock. Patronesses to be installed are: Mesdames L. E. Jackson, A. E. Andrews, J. H. Oleson, and Alex Bruce. Marian Sorlie is chairman of the general arrangements committee. Others are: Entertainment, Esther Skjoldal and Almarine Schultz; refreshments, Leone Sands, Mary Klinsman, Myrtle Sagen.

**Track Meet, Arts,  
Judging on Card**

(Continued from Page One)

Mandan, Dickinson, Beach, Wyndmere, Fargo, Valley City, Bagley, Minn., Ortonville, Minn., Cooperstown, Neche and Oakes.

Nine problems will be included in the home economics contest. They are foods, table service and etiquette, home nursing, health study, textiles, clothing judgment, clothing budget, household management, and applied arts problems. Sewing and cooking exhibits will be on display at Ceres Hall all during the festival. Prizes will include a pair of silver candlesticks and silver water pitcher.

The athletic contests will start on Thursday with tennis matches. A dance recital will also be staged at the Armory at 8:00 o'clock that evening.

Friday afternoon the track preliminaries will be run off. The industrial contests are scheduled for the morning, as are the literary contests in the Main building and the Little Country Theatre. Included in these are the newspaper contest, the extempore speeches and other contests.

Entries in the field and track meet are expected to better last year's entry list in numbers. Conditions for a fast meet are ideal, according to Ion J. Cortright, coach, who will supervise the classic. Invitations have been sent to 160 schools.

Prizes are up for 14 events. Gold, silver and bronze medals are to be awarded those who place in the 100 yard dash, 220 yard dash, 440 yard dash, 880 yard run, mile run, 220 yard low hurdles, 120 yard high hurdles, high jump, broad jump, pole vault, shot put, discus throw, the javelin throw, and one-half mile relay. A cup is to be awarded to the team winning the half-mile relay. An additional award this year will be the one for horse shoe pitching honors. Awards are to be made in the tennis matches for both men and women.

Other women's athletic events are track events and interpretive dancing. The finals will be run off in the men's track meet Saturday afternoon, the semi-finals in the morning.

Exhibits will be shown at the several buildings of the college throughout the festival. An elaborate program has been worked out by the students of the School of Mechanic Arts. An open house will be kept for visitors, at which all branches of engineering will be outlined and explained by guides. Spectacular tests and experiments in metals carried on with intricate but powerful testing machines will feature. Special illumination arrangements are also to be made to guide visitors and beautify the festival setting.

Saturday evening, "A Festival of Welcome", an indoor spectacle will be staged in the college armory. The pageant will climax several dramatic numbers and contests being directed by Prof. A. G. Arvold.

Following it, John Lee Coulter, president of the North Dakota Agricultural college, will present and award the prizes to the winners in the many fields of competition.

**Kappa Phis and  
Gamma Rhos Win**

(Continued from Page One)

spite the hot weather, and after that the Kappa Phi crackmen managed to score in every inning crossing the plate at least two times per period. Hermes kept the Sig Nitters slugging to no avail and retired in the sixth in Trom's favor with no hits nor runs issuing from the Delta Sig camp. Trom had no soonertaken his stand when the Sigs began to slug with much gusto and before the rally could be stopped they socked the pill for four safeties and five runs. An effort to carry it over into the seventh failed and the Phi team romped off the field with a 13 to 5 win.

Morrow pitched excellent ball for the Sigs but wretched support allowed hits and runs to pile up in the Kappa Phi column. Two home runs by Miller and George Hermes, a triple by Bill Howell, and beautiful one-handed stab by Cy Peschel, and Hermes' no-hit, no-run performance stood out.

**PREMIER SCHOLAR HAS  
"EXTRA ACTIVITIES"**

"How do you do it?" is the constant wail of that student to his colleague who gets into the rare scholastic altitudes of 90's. The inquirer usually goes back to quoting "An Apology for Idlers."

Mrs. Zelpha Thull, a senior in the School of Education, is the latest student to lift up the torch of learning to the stragglers. She heads the honor roll for the winter term with an average of 96.0. Graduating at the close of the winter term, Mrs. Thull plans on doing postgraduate work at the University of Indiana.

Mrs. Thull is not an ordinary student, you'll admit. Besides attending to her school work, she maintains a home at 1503 Thirteenth St. N., for her husband Andrew Thull and their two children, Jack, aged 10 and Helen Jean, who is eight years old. Mrs. Thull was also an assistant instructor in zoology during her attendance at college.

Her husband Andrew Thull is employed at the college by Secretary H. W. McArdle. Jack attends the Roosevelt school and is in the sixth grade. His sister, Helen Jean, is at present on a visit with her mother to Williston.

Mrs. Thull is a native of Martinsville, Ind. and a graduate of the Gosport high school of that state, entered school here in the fall of 1922. Throughout her four years of college work she has maintained an average of 90.6, a remarkable record in itself.

it is doubly so when the student's "extra activities" are considered.

To achieve her scholastic record, Mrs. Thull did not take "cinch" courses. She took two summer school terms of work, to graduate at the close of the winter term. An indication of the calibre of her work is shown by her carrying 24 credit hours of work one term to tally an average of 89.5. The average student carries 18 to 20 hours' of work.

Jack McKane, member of the Kappa Psi fraternity at the University of Wisconsin, is staying at the Kappa Psi house this week.

Albert Neumann visited at his home at Davenport for a few days this week.

Geraldine McNally spent the week end with her folks at Lisbon.
