NUMBER 48

SENIORS TO HOLD ANNUAL BALL FRIDAY

JUNIORS CAPTURE ANNUAL INTERCLASS MEET ON SATURDAY

MILLER CAPTURES CENTURY DASH IN 10:1; ZEISSLER COPS INDIVIDUAL POINT WINNING HONORS WITH 18½ POINTS.

By Eugene Fitzgerald.

Junior class tracksters won the annual interclass track and field meet Saturday afternoon, a quartette composed of Claudie Miller, Walter Clasen Jorgen Birkeland, and Allen Mortenson gathering in 46 points, 11½ points ahead of the sophomore class in second place. The 34½ points acquired by the sophomores were all gathered in by Ted Fuller and Gust Zeissler Zeissler taking high point individual point honors with 18½ points, 2½ points ahead of his team mate, Ted Fuller and alter Clasen, both of whom tied for second honors with 16 points each.

Seniors captured third place in the meet with 27 points. Frosh tracksters, due to 13 points taken by Bobby Hahn, three by Renwick, and 2½ by John Johnson, took fourth with 18½ points.

Miller, Hahn Tie.

The outstanding feat of the meet was Miller's time in the 100 yard dash, the clock catching him at 10:1. Miller was aided somewhat by a wind at his back.

The prettiest race of the day developed when Miller and Hahn ran a dead heat in the 220 yard low hurdles. Miller held the lead until over three-fourths of the distance had been covered, when Zeissler and Hahn both kicked over hurdles, Zeissler falling. Miller slowed up somewhat, thinking that both had fallen, when Hahn passed him. Hahn held the lead until just over the last obstacle when Miller by a pretty sprint, broke the tape simultaneously with Hahn, both being caught at 28 seconds.

Jorgen Birkeland easily won the one-mile run, but was pushed hard in the 880-yard run by Mortenson. Morrow also pushed Arnold hard in the 440-yard dash, Arnold winning out by a scant foot.

Many good prospective track and field stars were uncovered in the meet, and with a little strenuous work during the next week, the Bison entry in the interschool meet at Dacotah field on May 22, and at the conference meet at Sioux City on May 28 and 29, should make a good showing in the various events.

The summary of the meet follows:

120 yard high hurdles: Fuller (S) first; Zeissler (S) second; Clasen (J), third. Time 16 seconds.

880 yard run: Birkeland (J), first; Mortenson (J), second; Thompson (Sr), third; Time 2:22.

100 yard dash: Miller (J), first; Griffith (Sr), second; Hahn, (F), third; time 10:1.

Broad jump: Fuller (S), first; Zeissler (S), second; Clasen (J), third; distance, 20 feet 4 inches.

220 yard low hurdles: Hahn (F), and Miller, (J), tied for first and second; Zeissler (S), third; time 28 seconds.

CLASS TO VISIT FERGUS FALLS HYDRAULIC UNITS

Fifteen students in the class in hydraulic engineering with their instructor, Prof. R. M. Dolve, are planning a trip to Fergus Falls, Minn. to study the several large units of power supply being operated there by the Otertail Power Company. About three days will be spent on the tour that will be made during the month of May. The juniors in engineering also made the trip last year.

SENIORS TO NAME ALUMNI SECRETARY

CLASS TO MEET THURSDAY IN L. C. T.; THORDARSON STRESSES GRADUATES' DUTIES.

A Senior class meeting has been called for one o'clock Thursday afternoon to be held in the Little Country theatre. Its primary object will be the election of an alumni secretary for the class of '26, states Ben Rumpeltes, class president.

Besides the annual election of a senior to cooperate with the alumni association of the college, several important phases of college and class business will be discussed. Dr. A. F. Schalk and T. W. Thordarson will be present at the meeting.

"It is absolutely essential for the Former Student and Alumni Association," states Mr. Thordarson, secretary of that organization, "to have the backing of the alumni. Every graduate should make it his business to acquaint prospective students, taxpayers and public with the facilities and accomplishments of his college." "As a basis for such accomplishments, county alumni units are being organized by the association. Effective work may be done through such units in achieving educational and legislative aims. But every graduate who goes out from the college should have full knowledge of any organization work his class may do during its brief enty at school, so that he may help."

SECOND PHARMACY PAPER TO BE SOON

The second issue of Papyrus Ebers, the new publication issued by the students of the School of Pharmacy, will make its appearance in the near future, announces Eugene Forrest, president of the Pharmacy Club. The issue will be a special high school

Papyrus Ebers is a name which carries a bit of history for the pharmacist layman. Papyrus was Egyptian paper. Ebers is the name of an Egyptologist who purchased the earliest known record of the pharmaceutical profession from an Aral merchant at Luxor in 1872. The manuscript thus obtained is known to be 3500 years old. It records 700 remedies among which are many vegetable compounds and medicines known to druggists today.

The purpose of the student publishers is to promote the interests of the college, the School of Pharmacy and to furnish a means of cooperation among students and graduates, states Eugene Forrest.

Published in mimeograph form, Papyrus Ebers contains news and items of interest to the general reader and pharmacist alike.

COMMISSION COURT HANDS DOWN FIRST RULINGS THURSDAY

FINES ASSESSED THIRTEEN STUDENTS FOR FAILURE TO APPEAR AS ORDERED BY THE MARSHAL.

Student Commission Court convened for the first time Thursday afternoon at 4:30 in room N of the Administration building. Thirty cases were on the calendar for the opening day of Judge Emery T. Putnam's court.

Of the thirty cases, 17 were tried, five of which were dismissed because of that commission's lack of evidence. The case of Dean A. D. Weeks vs. Student Commission was settled out of court. The remaining defendants pleaded guilty to their charges and were given suspended sentences by the jury.

13 Charged With Contempt.

Thirteen alleged violators of student law failed to appear and charges of contempt of court were summarily brought against them. Those charged with court contempt are: Pearl Dinan, English instructor; Ion J. Cortright, coach; and Tabatha Weingarten, Eloise McArdle, Mrs. Emily Couey, Margaret Revell, Kathleen Sullivan, Hugh McMath, J. Johnson, Gustav Geiszler, William Klies, Lester Sulerud, Jay Crookes, William Jaeger, and Eugene Forrest.

Nine Plead Guilty.

Earl Kerns, the first student to be arrested no charges of violating the new commission law relating to campus trespassing and parking of cars was also the first to be summoned by Clerk of Court Lorinda Bechtel. He pleaded guilty to the charge of trespassing on the green.

Others to plead guilty to charges of trespassing or improper parking of cars after hearing Wade Boardman, make the charge were: Charles Fleming, Glenn Hill, Clarence Reed, Ruth Henning, Hazel Riddle, Albert Mosser and Mary Warner.

Commission Attorney Boardman, stating the Commission's case to the jury advised a stringent penalty for those who had failed to answer charges. He also asked the suspension of sentences for those who had recognized the Commission Court's jurisdiction.

Judge Putnam in charging the jury stated that "The enforcement of the law is not the work of one individual as Student Marshal M. A. Cramer, Attorney Boardman, or myself, but that the student commission is the voice of the student body, a body which it should be every student's policy to cooperate with in observing the law and curbing its infringements."

The jury impaneled comprised Clyde Challey, Bernice Cramer, William Gray, Dorothy Kretschmar, Fred Eyerly and George Newgard.

Being out for ten minutes, it brought in the verdict of guilty against the accused. Its verdict was a fine of fifty cents to be assessed those who had failed to appear to answer charges, the same to be collected or paid into the court before the student or instructor could receive a copy of the Bison. A letter of reprimand was also ordered sent to each faculty member who had held the student court in contempt.

PHARMACISTS' ANNUAL BANQUET TO BE MAY 22.

Members of the Pharmacy Club met Monday to make arrangements for the annual banquet to be held Saturday evening, May 22, at the Elks home. A social committee was appointed with Arthur Sailer as chairman, assisted by Leonard Riggs and Arthur Wahl to make arrangements. About sixty guests, including alumni members, several local businessmen and student pharmacists are expected to attend.

CAMPUS LEAGUE BALL PLAY IS ON

KAPPA PHIS AND DELTA SIGS MEET IN SECOND GAME TOMORROW; SCHEDULE GIVEN.

The second game of the Campus Baseball league, which opened yesterday, will be played tomorrow when the Delta Kappa Sigma nine takes the field against the Alpha Kappa Phi sluggers. Morrow will probably do the tossing for the Sigs while Chuck Bowers will be on the receiving end. Hermes and Arnold will make up the Kappa Phi battery. Both teams have been doing some hard practicing and have taken the measure of the other teams in exhibition tilts. The Delta Sigs made a clean sweep of their practice session and the Kappa Phis hung up an equally good record. The contest promises to be one of the hardest fought in the league season.

The league this year will have no ground rules. All games postponed because of weather conditions will have to be played off the following night if possible. Games postponed other than because of weather will be forfeited. All games will start promptly at 4:30. The team failing to be ready to play at 4:35 forfeits the contest to the opposing nine. If two or more teams are tied at the end of the season, the tie will be played off to result in a final winner. Umpires of the league will be Captain Andrews, Captain Millard, Sergeant Culpepper, Dr. Schalk, and Coach Cortright. A trophy will be awarded the championship team.

The complete schedule is as follows.

- May 3—Y. M. C. A. vs. Gamma Rho.
- May 5—Delta Sigs vs. Kappa Phi.
- May 7—Delta Pi vs. Theta Chi.
- May 10—Sigma Tau vs. Kappa Psi.
- May 12—Kappa Phi vs. Y.M.C.A.
- May 14—Delta Sig vs. Gamma Rho.
- May 17—Theta Chi vs. Kappa Phi.
- May 19—Kappa Psi vs. Delta Sig.
- May 21—Sigma Tau vs. Delta Pi.
- May 24—Y.M.C.A. vs. Sigma Tau.
- May 26—Delta Pi vs. Gamma Rho.
- May 28—Kappa Psi vs. Theta Chi.

KEENE BACK FROM N. D. SAFETY MEET

E. S. Keene, dean of the School of Mechanic Arts, returned Saturday morning from Bismarck where he participated in the organization of North Dakota's first State Safety council.

There were 190 state delegates in attendance when Governor Sorlie called the meeting to order. Frank Milhollan, chairman of the state railroad board was elected president of the first state organization of its kind.

(Continued on page three)

TICKET SALES ARE NEARING LIMITS IN SORORITY CONTEST

NOVEL DEPARTURES MADE IN DECORATIONS AND FEATURES FOR FORMAL PARTY OF CLASS OF 1926.

By Stewart Schlipf.

The sorority competitive ticket sale for the Annual Senior Ball will continue until Friday night, the evening of the party, according to Willard Trumbull, business manager. The contest among the sororities has been under way for several days. On Friday night the sorority that has turned in the greatest number of sales will be presented with a silver cup that is offered by the ball management.

Tickets Still Available.

Mr. Trumbull reports that the ticket sale is well under way both no the campus and down town and that the maximum of 125 tickets that has been allowed for sale to students, faculty members and friends of the college is nearly reached. A few tickets are still available and those wishing to procure theirs should see one of the competing sorority girls or a member of the committee in charge. The price of the tickets is \$2.50.

The down town sale is being handled through the Christianson Drug Co. and the Broadway Pharmacy. All friends of the college are invited to attend.

The music for the party will be furnished by Harry Smith and his Red Jacket Orchestra from the Winter Garden. With their reputation so well known locally, nothing more need be said about the excellence of the musical program.

Is Last Formal of Year.

This Senior Ball will be the final school formal of the year. The decoration scheme will embody spring features. Old rose and white, the class colors, will be featured both in the decorations and the programs. An extensive program of springlike decorations is planned by the decorations committee, under the chairmanship of Thomas Canniff. The committee, also includes Carl Baden, Charles Fleming, Ben Rumpeltes.

Confetti, serpentine, paper caps and streamers will add a carnival effect to the party, an effect which will be a feature for campus formals. The feature acts on the program will not be disclosed, but Eugene Ostman, chairman of the features committee, promises this to be a big event of the evening.

The receiving line will form at 8:30 and formal dancing will start promptly at 9:00. In the receiving line will be the honor guests: President and Mrs. John Lee Coulter, Dean and Mrs. A. E. Minard, Dean and Mrs. W. F. Suoro, and Mr. and Mrs. A. H. Parrott, as well as the leaders of the Senior Ball and their partners. This includes Cy Arnold, the Senior Ball leader and his partner Dorothy Stoudt, Thomas Regan, assistant Ball leader with his partner Marie Crary, and class president, Ben Rumpeltes and his partner.

STUDENT LAWS.

Many students have been heard to complain of the actions of Student Marshal Cramer in his wholesale arrests of lawn trespassers and illegal car parkers. The Spectrum is behind Cramer, and wishes to compliment him on the splendid way he is handling the job, a position for which it seems he acquires only a number of enemies.

Cramer was appointed by the Student Commission as marshal, and it would seem that they could have made no wiser choice. The laws which Cramer is enforcing were not made by, the students literally made them, for the student commission was the choice of the majority of the students, and the student commission makes all student laws.

There are so many who stand ready to criticize unjustly the action of others, and at the same time there are not ten students on the campus who would even come close to enforcing the laws as rigidly as does Cramer.

Cramer is keeping trespassers off the lawns, and with the work being done by superintendent of buildings and grounds, Richard Kraft, it looks as if it would be even more necessary to force students to use sidewalks.

Kraft is working in cooperation with the commission, and has already done a considerable bit of spading up paths and seeding them down. Students can readily see that some step was necessary by the student board to preserve the beauty of the campus, and in Cramer they seem to have struck the answer to the means by which the end may be achieved.

TRACK PROSPECTS.

Saturday's interclass track and field meet revealed a number of likely looking candidates for the nucleus around which to build a winning track team for this school.

Bad weather has long been given as an excuse for the laxity of track activities here, but with such a large number of likely looking prospects as were shown in Saturday's meet, it would seem that this excuse must be discarded and more attention given to track athletics in an endeavor to build up a representative team.

North Dakota can just as easily develop track stars as can any of the other three states which have schools represented in the North Central Conference. Provision should be made now for getting track activities under way early in the season, indoor practice in itself not being a bad idea to start the various candidates out.

North Dakota is equal to the task, and the Bison are representative at least.

WE APPRECIATE your past patronage and solicit your future work. When you think of laundry call the DIXON for service and quality. We darn sox and sew on buttons without extra charge.

Academy of Sciences Names K. H. Fussler as President

NEW OFFICERS ELECTED IN CLOSING SESSION OF SCIENTISTS' MEET SATURDAY.

K. H. Fussler, professor of physics at the University of North Dakota, was elected president of the North Dakota Academy of Science at the closing session here Saturday. Prof. Fussler succeeds Dr. E. S. Reynolds, head of the botany department to the presidency. H. L. Walster, dean of the School of Agriculture was elected to the vice presidency. Prof. J. G. Sinclair, of the university retires from that office. Dr. A. G. Abbott, professor of chemistry at the university, was re-elected secretary-treasurer for the year. Dean H. L. Bolley and Prof. L. P. Dove of the university are succeeded by B. M. Thomas, professor of English and history at Jamestown college, and W. T. Pearce, dean of the School of Chemistry, as comprising the executive committee.

Dr. E. S. Reynolds was named as councillor to the American Association of Scientists national convention, which meets each year.

The state academy will meet next year at the University of North Dakota.

speaking on "Some Effects of Crop Sequence Upon Crop Production."

Other speakers were L. R. Waldron, "Certain Factors Affecting the Production of an Alfalfa Seed Crop"; O. A. Stevens, "Alfalfa Pollination"; F. W. Christianson and T. H. Hopper, "Digestible Materials and Metabolizable Energy in Some Silages"; A. F. Yeager, "The Origin of Sunshine Sweet Corn."

H. E. Simpson, state geologist at the University of North Dakota gave an interesting lecture on "The Prospect of Industrial Waters in North Dakota."

A. D. Whedon, professor of zoology, concluded the program with an address, "Studies in Muscular Reorganization During Metamorphosis of Insects" which was illustrated by lantern slides.

Friday's session was climaxed by a banquet given at the Commercial club in the evening with members of the Polytechnic club as hosts. Prof. J. H. Shepperd was toastmaster and also gave a colorful address contrasting the conflict of science with tradition in different portions of the world. Prof. C. I. Nelson opened Saturday's program with a reading on "The Intracellular Globulins of the Colon Typhoid Group and Their Specificity." The local bacteriologist's address was followed by that of Dean Walster

TAKE YOUR TRAINING AT

North Dakota Agricultural College

IT OFFERS COURSES

SCIENCE AND LITERATURE — AGRICULTURE — ARCHITECTURAL ENGINEERING — ARCHITECTURE — BIOLOGY — CHEMISTRY — CIVIL ENGINEERING — EDUCATION — HOME ECONOMICS — MECHANICAL ENGINEERING — PHARMACY

All work fully accredited by North Central Association of Colleges and Secondary Schools and the Regents of New York.

SPECIAL TRAINING OFFERED THOSE WITHOUT HIGH SCHOOL TRAINING.

Business Training, Drafting and Building, Agriculture, Homemaking, Power Machinery. This College offers young people an education which is thoroly in line with modern thought and demands. It aims to fit young men and women to think and investigate for themselves; to deal intelligently with the social, agricultural and industrial problems of the day.

The laboratories are thoroly equipped, and the instructors are specialists in their line. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics, engineering, and the social, economic, and political sciences.

EBULLITIONS OF EBONY BLOTT

By Ebony Blott—Himself.
 More comment has been created on the campus over the enforcement of the law against grass disturbers than has occurred since Slip Shod got his thumb caught in a trap drum.

If this wholesale arresting continues it wont be long before violaters will have to be paroled and pressed into service as cops.

The police force is jubilant over the arrests. "Little reck' they who they are dealing with," said he.

But no one can doubt Mr. Cramer's efficiency. Statistics lately compiled, show that if he was paid one cent a mile traveling expenses in rounding up the offenders, he would have enough money to build a new library, furnish three buz zsaws with gold teeth, and buy a folding moustache case on the installment plan.

Yet he would rather be the police force than have Santa Claus and Bim Gump for fairy godmothers.

It is sure is fine to break the law, but it isn't taxation without representation. You represent the criminal, and the court does the rest.

It is something like a kangaroo court. You have to jump like a kangaroo to keep from landing there.

I had some cash, But now I'm broke; I stepped right on An architoke.

We hope it wont reach a degree where Profs will have to leave class in the middle of a discussion in answer to a court summons.

Some faculty members come here, work all day, step on a thistle and lose their day's wages.

One sad case was reported the other day. A student parked his car alongside the road three feet from any grass, and went to his class. Just as he entered Science hall, a sudden rain blew up followed by a hot sun. When he came out, two blades of grass were sprouting righ under the radiator. There was a card on his steering wheel.

Such is the expediency of the law. It is whispered in the circle of those who are in position to know such things that our sheriff can throw a baseball from him and run forward with such fleetness that the ball would fall behind him.

Some gamblers are betting on the robable outcome if the marshal attempts to arrest the battalion at drill. Cramer says he likes the job, and the open air to boot. We don't like the sound of "to boot."

To keep some students off the grass is just like trying to keep Ebony Blott out of the watermelon patch.

Judge Putnam and his cohorts are so hard in dealing out punishment that they are brittle.

The size of the offender's feet may be taken into consideration in determining the sentence. Naturally a "big dog" tramples on more foliage than a smtll foot. This would be unfair to the girls, however.

NEW PACE SETTING SCHEME INTRODUCED IN INTERCLASS MEET

Track coaches have long considered it a wise scheme to place one of their squad in some of the distance runs as a pace setter. It stood for "Mac", P. W. Farnham's Chesapeake retriever, to introduce a new scheme which may be tried out in setting the pace for runners, instead of using up a valuable man in the same capacity.

"Mac" commenced his journey as the gun went off to start three men on their way over the one-mile route, Saturday. The Chesapeake ran even with the lead man for a considerable distance, after which he took a little time off, leaving the track for a short time and then galloping back to again set the pace.

Three times "Mac" went around the track in front of the leader, but as he neared the finish he ran behind the west bleachers coming out just in time to finish first.

And he didn't win a point, although the seniors laid claim to him as a member of their class.

Keene Back From N. D. Safety Meet

(Continued from page 1)
 Representatives of various state organizations were in attendance. Dean E. S. Keene was named a member of the executive committee. Other committees formed were: Railroad crossings, education, adult safety education, and uniform municipal regulations.

"The safety movement is a national one, originally started by Herbert Hoover," said Dean Keene. "Preliminary work in organization at Bismarck was orderly and progressive. The State Safety Council's policies will be chiefly an educational one."

A CORRECTION.

A recheck of the scholastic standings for the winter term, according to A. H. Parrott, registrar, shows the School of Chemistry to have an average of 89.5, which places the chemists at the top of averages by schools. Also, Ernest G. Anderson, senior in civil engineering goes into a tie with Allan Meinecke for tenth place on the honor roll with 93.3.

DAVID SONDQUIST '14, TO HILLSDALE

Eric H. Thomsen, general secretary of the college Y. M. C. A., just back from New York states that David E. ("Dave") Sondquist, '14, has just resigned after four years' service as secretary of the Mercer County Y. M. C. A., Trenton, N. J.

He has received a Ph. D. from Columbia University and will be on the faculty of Hillsdale College, Michigan, next fall in a unique pioneer position which will combine many of the functions of a professor of religious education and Y. M. C. A. secretary.

Several of the national secretaries of the Y. M. C. A. Mr. Thomsen said, had expressed regret that Mr. Sondquist should resign since his work of the last four years had been one of the most significant in this country under the auspices of the County Y. M. C. A. movement in ruray districts. "Mr. Sondquist through his work in the past and his vision of the future has done great honor to the old A. C." states Mr. Thomsen.

OFFICERS OF DELTA PHI BETA INSTALLED MONDAY

Installation services were held at the meeting of the Delta Phi Beta sorority Monday evening at the home of Sarah MacRoberts, 504 Eleventh Street South.

Formal pledging services were also held for Ethel McEssy, Fargo.

Newly elected officers to be installed are: Helen Newton, president; Mary Ball, vice president Lauretta Nilles, secretary; Cleveland, corresponding secretary; Myrtle Adams, treasurer; Susan Freeman, historian; Evelyn Blakeslee, rushing captain; and Margaret Zimmerman, sergeant-at-arms.

EAST CURIOUS AS TO ARVOLD, SAYS THOMSEN

"Tell me the latest about this man Arvold and his Little Country theatre," was the odd request of a dinner companion of Eric H. Thomsen, college "Y" secretary.

Mr. Thomsen was dining in New York. His companion was the chairman of the World Press Congress which is to be held in Geneva, Switzerland, next September.

Mr. Thomsen found it one of his experiences during his three weeks' business trip to New York, Boston, and Chicago, that many prominent people there knew very little about North Dakota except as they had learned of it by the work Professor A. G. Arvold is doing in North Dakota through the A. C. and the Little Country theatre. The work has made the college distinct from that of any other college in the field.

Secretary Thomsen returned Saturday from his eastern trip which he made in behalf of raising funds for the local Y. M. C. A.

"In Chicago the head of the Sears, Roebuck Agricultural foundation was very much interested in the new plans for our college Y. M. C. A." said Mr. Thomsen, "but wac much more interested in the influence Professor Arvold has had on the entire cultured life of North Dakota and neighboring state communities."

Y. W. C. A. CABINET INSTALLED SUNDAY

Installation services for the new Y. W. C. A. cabinet were held at four o'clock Sunday afternoon at the Y. M. C. A. parlors.

Officers to be installed were: Beatrice Sjoquist, president; Constance Melchoir, vice president; Jennie Grant secretary; Geraldine Ewald, treasurer; Esther Boyer, chairman of the meetings; Amy Erickson, finance; Mavis Peterson, publicity; Rebecca Keene, social; Marion Trobridge, social service; Stella Finwall, church relations; Robina Wilder, worthy fellowship; Hulda Finstad, Ceres hall; and Mary Ball, music and arrangements.

At the conclison, Miss Melchoir narrated the happenings at the national convention at Milwaukee from which she recently returned.

Members of the new and retiring cabinet were entertained at a buffet supper served at the home of Geraldine Ewald following the meeting.

A. A. E. MAKES PLANS FOR FESTIVAL WEEK

Members of the A. A. E. met Thursday evening in the Engineering building to discuss plas for the engineers' activities during the May Festival, May 14, 15, 16.

Wayne Watts and Severt Gunness make up a committee working on the extensive program. During the week the engineers plan an open house at which the public may inspect all phases of engineer work, the students' handiwork and equipment.

The branches thus included are mechanical, civil, electrical engineering, physics and architecture.

CLARENCE SAGMOEN TO WED MILDRED SHELDON.

Mr. and Mrs. George F. Sheldon, 1219 Tenth Ave. N., have announced the engagement of their daughter, Mildred Grace, to Clarence Millard Sagmoen, Schenectady, N. Y., son of E. M. Sagmoen, 813 Seventh St. N. The wedding will take place late in June.

Miss Sheldon is a graduate from the School of Education and a member of Phi Omega Pi sorority. She has been teaching in the schools of Fargo for the past year. Mr. Sagmoen graduated from the School of Mechanic Arts in 1924 and has been with the General Electric company at Schneckedy since graduation. He is a member of the Delta Kappa Sigma fraternity.

Discus throw: Arnold (Sr), first; Thompson (Sr), second; Clasen (J), third; distance 95 feet, 2 inches.

**COMMUNITY PROGRAM
ON AT L. C. T. TONIGHT**

Tumbling, by a group of co-ed athletes, a concert by a juvenile symphony 34 piece orchestra, and a men's style show will be the salient combinations at a community program being held in the Little Country theatre at 7:30 this evening.

Committees report extensive work on the varied program. It is rumored that the men's fashions will range from the days of the voluminous trousers with bicycle clips back to the times when jabots and queues were popular.

In addition to the tumbling acts and the juvenile orchestra, which makes its first appearance tonight, there will be given a one-act play and several readings. An admission fee of ten cents will be charged to defray costs for costumes and other items. At the close of the program, refreshments will be served in the Log Cabin. The community program is to be given Thursday night before the Farmer's Community club of Dilworth.

**SIGMA THETA HAS
FORMAL BANQUET**

The alumni, actives, pledges and patronesses of Sigma Theta sorority were guests at the formal banquet which was given at the Elks club on Monday evening. The banquet was served at 7:00 o'clock and spring flowers, jonquils and sweet peas were used as decorations. Tapered candles in dainty holders were used on the tables.

Mrs. W. H. Murfin was toastmistress, and responses were made by Misses Floy Beatty, Dorothy Stoudt, Gwenn Guthrie, Marion Revell, and Dorothy Cole.

The honor guests included: Floy Beatty, Margaret Donovan, Marion Trowbridge, Eleanor Morrissey, Geraldine McNally, Marian Burnett, Agnes Schlanser, Dorothy Vilkamer, and Elizabeth Powers.

Misses Shirley Donovan, Adrath Calmer, Katherine O'Connor, and Rebecca Keene were members of the arrangements committee.

**SURVEYORS FINISH
MAPPING LAKE SITE**

Nine students making up the Sophomore class of civil engineers in advance surveying work and S. B. Folke, their instructor, returned from Lake Cormorant Monday after spending most of last week at survey work on the city Y. M. C. A. site there.

Students who made the trip are:

Curtis L. Berg, Clarence Reed, Harry Westley, Herman Herland, Carl Olson, Edgar Barron, Egil Wefald, Eddy Lund, and Mergenthal.

They were engaged in making a topographical map for the location of athletic fields and other improvements at the camp. The students were enabled to gain actual experience in contour mapwork, which work on the level campus grounds would not permit.
