ZELPHA THULL HEADS WINTER HONOR ROLL

BISON CLIMAX GRID PRACTICE WITH 6-0 TUSSLE ON SATURDAY

POTENTIAL BACKFIELD STARS REVEALED IN FINAL WORK-OUT OF SPRING FOOTBALL—MILLERS BEAT CLASENS.

Spring football work for the Bison squad closed Saturday afternoon in a hectic, 6 to 0 tussle. Miller's squad aviated their way to the lone touch-down in the first five minutes of play after recovering a fumble. Despite the score, the odds were even for either team as Clasen's crew gained the more ground and lost their chance to score in the last minutes of play by fumbling inside the 10 yard line. Several potential stars showed well in the short contest.

Peschel Scores.
The Millers kicked off with the wind. After advancing the ball several times, Clasen's basketfield turned things into a juggler's side show. A bobble got under the Miller's team and the ball went over.

Peschel, at quarter, brewed up a few plays and a long pass from Miller to Peschel resulted. It put them in scoring range. Clasen's line failed to hold their narrow margin and Peschel, aided by Fisher, scored through the line.

From that point, Clasen's gang took the offensive. Play surged up and down the field with Clasen's men doing most of the ball carrying, Miller getting away for several serpentine journeys through the play. But for an intervening hand in one instance he would have gotten away for one of his characteristic tours.

Clasen Does Gunning.
The heavy gunning on Clasen's team was done by Walt himself. His vicious driving assures Cortright of a compeer for Miller next fall. Clasen's crew were well on the scoring route in the last minutes of play. Bobby Hahn at quarter had done some aesthetic pivoting and generally assisted in advancing the ball. The Clasen's opened up their aerial play here. A pretty pass from Hahn to Newton, right end, put the ball inside the Miller's 10 yard line, where a fumble spoiled their chance to score.

The game revealed a pleasing variety of backfield play. Hahn and Peschel as quarters show versatility aplenty. It was Hahn's first chance to show on a Bison team, as appendicitis kept him off the yearling squad last fall. At halves, Miller and Clasen are known quantities. Miller's ability to squirm through anything should be varied next fall with Clasen's driving facilities.

MacArthur at full was an experi-

ALPHA KAPPA PHI ELECTS OFFICERS

Alpha Kappa Phi elected new officers for the school year at their regular meeting of the active members Monday evening.

The newly elected officers are: Earl Olson, supreme director; John Spielman, bursar; Adolph Wall, grand judge; and Cyril Peschel, recorder.

Retiring officers of the fraternity are: Ben Rumpelits, supreme director; Carl Baden, bursar; Ordner Trom, grand judge; and Carl Schulze, recorder.

DR. BENTON SPEAKS AT AGRICULTURAL SEMINAR.

Dr. A. H. Benton gave an address on cooperative grain marketing in the United States and Canada before the Agricultural Economics seminar at the Agricultural building Monday.

Edgar I. Olson, manager of the Grimm Alfalfa Growers' association will speak on the marketing of alfalfa and sweet clover at the meeting of the seminar next Monday.

UNIT PROGRAM IS COMPLETED

CAPTAIN SMITH ANNOUNCES FULL NOON DAY PROGRAMS FOR FORMAL REVIEWS.

A definite program for battalion ceremonies and activities leading up to the Board Inspection on May 17 has been worked out by Capt. Smith battalion commandant, with President Coulter's approval. By the arrangement, the cadets corps will be reviewed on Wednesdays and Fridays. Civic organizations will participate in the battalion's drive on their gold star objective.

The program of ceremonies are as given:

April 28—"Formal Guard Mount."
Guests: Kiwanis Club of Fargo; Women's Athletic Club.

April 30—"Battalion Parade."
Guests: Rotary Club of Fargo; Women's Sports Club; Business Women's club.

May 5—"Formal Guard Mount."
Guests: Lions Club of Fargo; Women's Athletic Assn.; Rifle Club.

May 7—"Ceremony of Review."
Guests: Gilbert E. Grafton Post, American Legion; American Legion Auxiliary.

May 12—"Battalion Parade."
Guests: G. A. R.; Spanish War Veterans; Co. B., and Hdq. Co., 164th Infantry.

May 14—"Review and Inspection."
Guests: Sponsors of the Cadet Corps; Boy Scouts of America.

May 17—"Federal Board Inspection. All day.

May 21—"Seniors Last Review."
(Turning over of Battalion to junior officers.)

VICTIM OF MORPHEUS PRESENT BUT ABSENT

Eight o'clock classes have long exemplified the somnolent state of man. It was last Friday morning, however, that a true student of Morpheus came to light. The combined efforts of Doc's bugle and drum corps that morning sounded like "taps" to the 1st sergeant of F. Platoon at regular battalion assembly.

He went through the perfunctory commands of aligning his platoon and turned to await the "Top-Kick's" inventory.

"Re-p-O-R-T!" comes top-sergeant Fuller's command.

"A-platoon, All present," calls their sergeant.

"B-platoon, two, privates absent," bawls the next non-com.

Down the battalion front in order comes the reports.

"E-platoon, all present!"

Reveille unfortunately is not given; but the drums could be heard rattling and horns squealing.

"F-platoon, all ABSENT!" bellowed F's sergeant.

INITIAL ISSUE OF ENGINEER MAGAZINE TO APPEAR MAY 15

SCHOOL OF MECHANIC ARTS STUDENTS TO SEND COPY TO ALL NORTH DAKOTA HIGH SCHOOL SENIORS.

By Walter B. Booth.

The first issue of the State College Engineer, the publication of the students of the School of Mechanic Arts, will appear on the last day of the May Festival, Saturday, May 15. The first number of this technical magazine will be made up of one purely technical article and two others very closely associated with the engineering field. In addition to these articles, each of which will occupy from two to five of the pages, there will be a page devoted to editorials, a page to engineering review, one or two pages each to alumni, athletics, and campus activities. The contents of this magazine will be printed on a fine grade of enamel paper and will contain 24 pages. There will be but the one issue during this school year, but beginning with the fall quarter of next year there will be four numbers each year. 2,000 To Be Issued.

The publication of a magazine of this nature has grown to be quite a common thing among colleges and universities throughout the country that have strong engineering departments. It is believed by the student body and the faculty of the School of Mechanic Arts that the publication of such a magazine will do a great deal in the way of advertising the college to the public, and to be further assured that this may be accomplished, 2,000 copies of the first issue will be printed and mailed to each high school senior in North Dakota.

A substantial circulation has already been established among the students of the department, and the alumni have also evidenced their intention of giving this venture their whole hearted support. The organization has been made on a permanent basis and it is the hope of the staff that the magazine will be given a hearty welcome when it makes its first appearance on the campus.

PHI KAPPA LAMBDA INSTALLS OFFICERS

The annual banquet for the installation of officers of the Phi Kappa Lambda sorority was held at 7:00 o'clock Saturday evening at the Waldorf hotel.

Decorations for the occasion were in the sorority colors, pink and white, with sweet peas. A miniature house and garden arranged before the place of the toastmistress symbolized its composite parts as the members and organization of the sorority. Toasts of the evening developed the same comparison.

Officers who were installed were: Mavis Peterson, president; Della Johnson, vice president; Cleo Peterson, recording secretary; Grace Sjordal, corresponding secretary; Ella Pickering, treasurer; and Margaret Casselman, historian.

Mary Austin was toastmistress at the banquet. Mrs. A. E. Minard, Florence Henderson, retiring president; Gladys Feenendal, member of the graduating class and Ruth Phillips, newly initiated member gave responses.

ALPHA GAMMA RHOS WIN BALL GAME AT WAHPETON.

The Alpha Gamma Rho baseball team took a 13 to 8 victory from the Wahpeton Science nine at Wahpeton Saturday. Toussaint, Morrow and Hanson did most of the stick work for the local team.

Sunday morning the Alpha Kappa Phi and Gamma Rho teams met in a practice game on Dacotah Field which was called in the sixth inning with the Kappa Phi ahead.

SUMMER SCHOOL TO OPEN JUNE 15

SPECIAL LECTURES ON NEW PHASES OF EDUCATION TO BE GIVEN AT CONVOCATIONS.

Summer school will open this year on June 15 and continue six weeks until July 23, announces A. D. Weeks, dean of the School of Education.

All work for which students receive credit during the term will apply toward a college degree in whatever school the candidate is registered. Courses have been so arranged this year, according to Dean Weeks, so that students may take up courses where they left off the previous summer session they attended. By this sequence and rotation of courses those attending summer school may adopt a settled course without having to repeat or omit subjects.

Kentuckian Schedule.
Several new phases of the summer program have been worked out. Dr. J. B. Miner, University of Kentucky, will give lectures one week upon the "Recent Developments in Educational Psychology." Other addresses and lectures will be given by the college faculty and special members of the faculty.

Another important feature will be a series of addresses on "The Public Health Program" to be worked out by officials of the Fargo Child Health Demonstration, who have attracted national attention by their work.

About 250 teachers and students from within and without the state attended the summer school last year. More are expected to attend this year, stated Dean Weeks.

Courses being offered run the gamut. They include French, German, journalism, physical training, woodwork, public school art, home economics, chemistry, engineering and other subjects.

KAPPA PHIS OBSERVE FOUNDER'S DAY SUNDAY

Thirty-six actives, pledges and alumni attended the third annual Founder's Day banquet of the Kappa Psi fraternity, held at the Elk's new home Sunday evening.

Professor Mattys Jongward acted as toastmaster; Albert Neuman, reagent; Theodore Herman, Glen Cook, and Dean Sudro made responses. Dean Sudro gave a very enlightening talk on "Functions of the Active and Graduate Chapters of the Fraternity."

Decorations were in the fraternity colors, cadet gray and scarlet. Carnations adorned the table with place cards bearing the fraternity crest and flower.

Out of town guests were: Alex. Oregness, of Morris, Minn.; Lester Oliver, Casleton; and A. L. Johnson, Carrington.

ALPHA ZETAS AGAIN TOP ORGANIZATIONS SCHOLARSHIP LIST

SOPHOMORE AND SENIOR CLASSES PLACE FOUR EACH AMONGST HIGH TEN GRADES—FIVE NEW NAMES ENTERED.

Mrs. Zelpa Thull, senior in the School of Education, heads the winter term honor roll, according to averages released by A. H. Parrott, registrar, yesterday. Mrs. Thull secured an average of 96.0.

Violet Flamer, leader the previous two terms, dropped to fourth in the standings, Wade Boardman and Christine Rud taking second and third, respectively.

Five new names appear for the first time on the list, Christine Rud, Carl Olsen, Dorothy Beckwith, Allan Meinicke, and Mrs. Thull making their debut into the select circle.

Haggerott Leads High School.
Alpha Zeta, honorary agricultural fraternity, leads the organizations list again with a mark of 88.9.

Harry Hagerott, high school senior, heads the honor list for that department with a mark of 95.1. In the Industrial courses, Donald Odenbach, a first year student tops the roll with a 92.1 mark.

Seniors in the School of Agriculture top the class averages, maintaining a mark of 87.7. The School of Agriculture also heads the group averages with a mark of 84.4. Sorority and raternity averages were knotted, both securing an 83.9 group average. Sorority women lead non-sorority women, the non-organization group having a grand aggregate average of 82.3. Fraternity men lead the non-fraternity men by an even larger margin, the non-fraternity men securing a 79.5 mark, 4.4 points behind the organized groups.

Women students again head the men students in the general institutional averages, the women getting an 82.4 mark against an 80.4 for the men. The general institutional average stood at 81.0.

Student Grades for Winter Term, 1926
General Institutional Average, (all students, all curricula)... 81.0
(All men, all curricula)... 80.4
(All women, all curricula)... 82.4

THE FUTURE.

Prospects for a winning football team next fall looked anything but gloomy to those who watched the Bison gridsters go through the final session of their spring practice on Dacotah Field Saturday afternoon.

Although one conference school has already predicted a dismal failure for the Bison on the gridiron next fall, we fail to see how they can prophesy without having seen the squad in action.

There was a wonderful lot of material on the frosh eleven last fall, and Saturday the majority of them showed that the veterans will have to step right along to hold their posts.

Backfield prospects turned out even more wonderful than the most optimistic supporter had hoped for. Here is where Cortright has had to build, because of the loss of three of last fall's veteran quartette. No one expects the new men to step in and take the place of the veterans right off the bat, but then their loss does no necessarily deprive the Bison of a chance at the loop flag next fall. The back quartette which are lost through graduation, were all outstanding men in the conference, and with only a slight weakening being felt in the backfield, and with no certainty that there will be a weakening, perhaps our conference adversary may receive a sad jolt next fall when the Bison eleven meet them on Dacotah Field.

TIME, PLEASE.

For the past three weeks the tower clock has been out of order, or has been neglected, for the timepiece does not correspond with the ringing of the bells. It has been running five minutes behind during all this period, and no efforts seem to have been made to regulate it. Students are not supposed to go by this clock for classes, bells regulate the class time.

We recommend that someone fix the timepiece so that all may at least have some idea of how long before class starts. Spring is here, and instructors cannot blame students for lagging when it looks as if they have five minutes more before class, when in reality the bell is ringing in the building for their class. The time should not be kept a secret.

—AND THE NORTH DAKOTA BISON.

The current issue of the Creightonian, student publication of Creighton university, carries an article relative to the awarding of gold footballs to the lettermen of last fall's eleven. One sentence reads: "Creighton tied for the conference honors with Nebraska Wesleyan." We just want to remind them that the Bison already have a trophy emblematic of the conference championship which ended in a three-cornered tie. Perhaps an oversight, but nevertheless the Bison are entitled to recognition.

WE APPRECIATE your past patronage and solicit your future work. When you think of laundry call the **DIXON** for service and quality. We darn socks and sew on buttons without extra charge.

Academy of Sciences Meets Here Friday and Saturday

FOURTEEN AGRICULTURAL COLLEGE FACULTY MEMBERS SCHEDULED FOR PRESENTATION OF PAPERS AT MEETING.

About forty scientific workers will attend the eighteenth annual meeting of the North Dakota Academy of Science being held here on Friday and Saturday, it is announced by Dr. E. S. Reynolds, professor of botany, who is president of the state organization.

Scientists affiliated with the university or this college make up the majority of those attending.

All Friday and Saturday morning will be taken up with sessions at which members of the academy present short readings upon different sciences. The meetings are to be held in the Engineering building.

A banquet will be given for the members Friday evening at the Commercial Club at 630.

Papers to be presented at the meeting by local men are given as follows: "Some Aspects of the Tax Situation in North Dakota," Dr. A. H. Benton.

"Some Effects of Crop Sequence Upon Corn Production," Dr. H. L. Walster.

"Criteria of Technical Qualities of Wheat and the Problem of Evaluating New Varieties," C. E. Mangals.

"Studies in Muscular Reorganization During- Metamorphosis of In-

sects,"—Lantern Slides—Dr. A. D. Whedon.

"Alfalfa Pollination—A Study in Ecology," O. A. Stevens.

"A Study of Granulation in Gloss Oils," Dr. W. T. Pearce.

"Some Colloidal Properties of Lignite Coal," R. E. Remington.

"Some Wheat Breeding Results," L. R. Waldron.

"Certain Factors Affecting the Production of an Alfalfa Seed Crop," L. R. Waldron.

"Research Endowment for Agricultural Investigations," D. P. F. Trowbridge.

"Digestible Materials and Metabolizable Energy in Some Silages," S. W.

Christiansen and T. H. Hooper. "Modern Genetics Applied to Crop Improvement," P. J. Olson. "Intracellular Globulins of the Colon—Typhoid Group and their Specificity," C. I. Nelson. "The Origin of Sunshine Sweet Corn," A. F. Yeager.

EBULLITIONS OF EBONY BLOTT

By Ebony Blott—Himself.
Being moved to tears and torn between anguish and remorse by the protest entered, in the form of a beautiful bit of poetry, against my lamentation of the Ceres hall inmates. It is only just to offer retraction.

And if I lived
In Ceres Hall
I wouldn't want
To die at all!

But I would die, anyway—so that's that.

A figure of speech is a married man coming home to his wife at 200 A. M.
Famous Last Words:

"I didn't know it was loaded."
"I'll take mine straight."
"The actives are a lot o' bums."
"Now, lissen here, woman, I just married you out of pity."
"Light a match and see."
"Go blow your nose, Captain."

AND—

Any woman's—

"Silver Threads Among the Gold" hummed the saleslady as she tried to arrange the assorted spoils.

Instead of a place to go to school, some people regard college as a place to go.

"I'm all set for the big blowout," said the gentleman as he paid for the handkerchief.

One reason people wish poets a long life is because most of their poems aren't published until after their death.

It's a good thing the Student Commission barred golf on the campus instead of horseshoe playing.

If they had banned the latter, not less than one hundred men would have been left homeless.

The only difference between the girl of yesterday and the girl of today is their ages.

The old fashioned co-ed used to make pies. So does the modern girl—"Lambda Pi's".

Their grandmothers used to make eyes, while the grand daughters make eyes—look at them.

The worst reformer we ever knew was the one who made an awful racket over tennis because of love sets.

He is next to crusade against baseball, in which pastime he intends to abolish this nefarious stealing of bases and the cruel catching of flies.

WHO WILL VOLUNTEER TO DIRECT THE MULTITUDES THAT WALK THE STREETS HALF THE NIGHT SINGING "SHOW ME THE WAY TO GO HOME?"

It has leaked out through reliable sources that the Barracks are to have a wonderful baseball team this year. They are so good that two regulars on last year's nine have been dropped—we don't know where.

John D. gives out new dimes on his every birthday. It's a good thing his birthdays are a year apart.

Now that Burbank is dead, who will cross the milkweed with the cucumber to give us ice cream?

Even though the dandelion season is nigh, peoplet will have to quit their wining.

Bison Climax Grid Season Saturday

(Continued from page 1)

ment which good may evolve from. Steedsman and Al Hermes at halves are also making their first year bids.

The linework of either team Saturday was not startling. A pretty scrap will centre about the pivot job next fall. Fisher and Early both show power. The tackle posts were graced with plenty of weight Saturday. Sullivan, DeSautel, and Tronnes were members of last fall's freshman team. Newton is another behemoth who aspires to the leg grabbing post. Forrest at guard is a veteran.

ST. MARY'S MAY BE ADDED TO SCHEDULE

St. Mary's college of Winona, Minn., has virtually acquired a place on the Bison football schedule for 1926, Coach Cortright announced today. This will make the eighth game of the season and although it is not definite, negotiations have reached a stage where a contract will be signed shortly, the coach stated.

The game will be played November 20, the final contest of the schedule, at Winona. The St. Mary's team chalked up an enviable record last year when they were defeated only by Marquette university.

The complete schedule for the 1926 season follows

Sept. 25—Valley City Teachers at Fargo.

Oct. 2—Creighton at Omaha.

Oct. 9—Des Moines at Fargo.

Oct. 16—S. D. State at Brookings.

Oct. 23—St. Thomas at Fargo.

Oct. 30—Open.

Nov. 6—North Dakota at Fargo.

Nov. 13—Concordia at Fargo.

Nov. 20—St. Mary's at Winona.

October 30 will be left open to rest the team and prepare them for the heaviest game of the season, that with the University of North Dakota.

PROF. JONES LEAVES ON SMITH-HUGHES BUSINESS

Prof. E. H. Jones, in charge of the agricultural education and Smith-Hughes work at the college, left today for Brookings, S. D., where he will interview prospective teachers of agriculture for schools in this state. Professor Jones will also visit Iowa State college at Ames and the University of Minnesota on business pertaining to Smith-Hughes work.

The shortage of agricultural experts has required Mr. Jones to go out of the state to obtain instructors for schools teaching agriculture. Of 16 positions filled last year, but six A. C. graduates were available. This year the situation has not improved with more schools desiring to fill vacancies.

TWO INFORMAL PARTIES HELD DURING WEEK END

Two fraternities held informal parties on Saturday evening.

Alpha Sigma Tau fraternity entertained at an informal given at Rustad's studio. About forty couples were guests at the affair. Rae Fisher was in charge of arrangements for the dancing party. Captain and Mrs. W. W. Millard and Captain and Mrs. A. E. Andrews were patrons and patronesses.

Delta Sigma fraternity held its informal party at Chapter the same evening. Dancing was enjoyed from 8:30 to 11:30 after which a supper was served to the guests. Dr. and Mrs. C. S. Putnam and Mr. and Mrs. A. H. Parrott attended as guests of honor.

SENIOR BALL TICKET SALE IN FULL SWING

SORORITY MEMBERS AND BALL COMMITTEE HAVE CHARGE OF TICKET SALE FOR PARTY.

Plans and preparations for the annual senior ball are well under way and everything is being done to make the party of May 7 one of the finest formal affairs of the year. Cyril Arnold, senior ball leader, reports fine progress in every phase of the preparations.

The senior ball is an annual event and closes the season of formal parties for the school. It is also the final party of the graduating class and marks their last appearances as hosts to the school. The senior balls of the past years have been on a par with the junior prom and the military ball and this year's party will be no exception, according to the committee in charge.

Red Jackets to Play.

The Red Jacket Orchestra from the Winter Garden have been secured to furnish the music and are but one of the many features that are to make the Senior Ball a fitting climax to the formal season of the winter. Cyril Arnold has chosen as his partner, Dorothy Stoult. Tom Regan is the assistant Senior Ball manager and his partner will be Marie Crary.

Tickets which are priced at \$2.50 are now on sale and can be procured from any person on any of the committees in charge of the party or from sorority members. 125 tickets are to be sold on the campus and in the city. The downtown ticket sale will be handled through the Broadway Pharmacy.

The sale of tickets is, of course, strictly limited to the maximum number and those wishing to procure these tickets are advised to do so at once. This limitation of sales is in keeping with the custom of all formal party managements in restricting the attendance.

Several committees of seniors are now at work on the preparations for the coming event. The chairmen of these committees are Refreshments, Ruth Skurdall. Patrons and Patronesses, Alice Bender.

Decorations, Thomas Caniff. Finance, Willard Trumbull. Publicity, Stewart Schlipf. Music and Features, Eugene Ostman. Floor Manager, William Toussaint.

FACULTY ORGANIZES TENNIS ASSOCIATION

COURTS IN REAR OF HALL TO BE REPAIRED FOR EXCLUSIVE USE OF NEW ORGANIZATION.

Faculty tennis enthusiasts will no longer have to carry their class room controversies onto the tennis courts with students. By arrangements of a

faculty committee comprised of Dr. Metzinger, Professors Householder and Hoffsoner, a Faculty Tennis association has been organized. Members of the association pay a fee of five dollars which goes toward making up a fund necessary to improve and maintain two regulation tennis courts.

The faculty members have received permission to take over the idle and rapidly deteriorating courts north of Ceres hall for their personal use. The courts are being put into shape and the expense of buying nets and other equipment will be cared for by the membership fees charged. By the arrangement, the courts will be released for exclusive student use with the newer courts limited to faculty use.

SHIRLEY DONOVAN TO WED RAY WELLS

Announcement of the engagement of Miss Shirley Donovan and Ray Wells was made at a bridge luncheon given at the Donovan home on Saturday. The date for the wedding has been set for Saturday, June 5. The appointments for the luncheon were carried out in lavender, and lavender tulips in silver vases centered the tables. Mrs. Donovan was assisted by her daughter Margaret during the afternoon. Miss Donovan is a former student of the college and is a member of Sigma Theta sorority. Mr. Wells is a graduate of the University of North Dakota, and is a member of Sigma Chi fraternity.

INITIAL ARREST IS MADE

Earl Kerns was picked up by Student Marshal M. A. Cramer Monday afternoon on a charge of trespassing on college property. The accused was released on bail by Judge E. T. Putnam after promising to appear in commission court Thursday afternoon at 4:30.

An interview with the marshal brought out the fact that Kerns was wandering listlessly upon the grass east of the Engineering building when taken into custody. It is Cramer's first arrest since the new ordinance prohibiting the making of paths, trespassing on the grass, or improper parking of cars was placed on the books of the Student Commission.

Judge Putnam stated that with the posting of legible signs, all violators of the commission traffic laws will be stringently dealt with.

114 ATTEND TENTH ANNUAL DINNER DANCE AT WALDORF FRIDAY EVENING.
Maroon and black, the fraternity colors, redominated in a colorful setting at the tenth annual formal dinner dace which members of the Alpha Kappa Phi fraternity gave at the Waldorf hotel Friday evening. Maroon and black candles, place cards bearing the fraternity insignia and wrist corsages marked the places of the 114 dinner guests. The four-course dinner was served by candle light at 8:00 o'clock.
An orchestra played during the dinner and a trio comprising Carlton Lindquist, Roy Hellender and Elmer Hansen san several popular numbers.
At the close of the dinner the guests retired to the parlors until 9:30 when the program of formal dancing was begun. Dancing continued until 12:30. The programs were made of black dul ltheater, tied with maroon cord,

and "Alpha Kappa Phi" imprinted on the leather.
The orchestra was seated on a platform which was arched with red streamers and banked with palms. An Alpha Kappa Phi moon was arranged at the other end of the hall and was used for the "moonlight" waltzes.
The feature dance of the evening was arranged for the eighth dance when the guests of the members were presented with black and white mesh bags bearing the fraternity crest.
