NORTH DAKOTA AGRICULTURAL COLLEGE, FRIDAY, DECEMBER 10, 1925.

NUMBER 19

IOWA OFFERS BISON GRID DATE

COLONIAL QUINTET PRESENTS PLEASING CONCERT TUESDAY

SECOND NUMBER OF ANNUAL LYCEUM COURSE IS WELL ATTENDED; NUMBERS ARE ENCORED FREQUENTLY.

The Colonial Quintet, an organization composed of five young women musicians, presented a splendid concert in the Armory as the second number on the fifteenth annual lyceum course of the college.

Program Varied.

The organization presented a program of classical and semi-classical numbers, as well as vocal solos with ensemble and piano. Many of the numbers were encored and the response given by the quintet was all that could be expected.

Miss Luella Fieretag, soprano and organist, gave several vocal numbers each of which was well received by her auditors. The harp numbers, played as solos and as duets responded to several encores which pleased those in attendance.

Each Is Artist.

Each member of the organization proved by her work that she was an exceptional artist on her instrument, the technique of each being that expected by the foremost individual artists.

The program was well attended by both students and faculty members, several down-town people as well being numbered amongst the audience.

ALUMNI ASSOCIATION TO ORGANIZE COUNTY UNITS

Alumni and former students of the College who are scattered throughout the state will be banded together and kept in contact with the N. D. A. C. and its work by the organization of an Alumni club in every county of the state. Work has already been started in six counties said A. M. Thordarson, secretary of the Alumni and Former Student association, in a recent interview.

To Present School Properly.

"In establishing the local county clubs, we hope to not only organize a strong, live association of alumni and former students, but to also present the school in a proper and true light to people throughout the state; to present and uncover opportunities to be gained here by high school students and graduates," said the secretary.

"Through a student loan fund and other means, we hope also to enable any student to realize his or her ambition of attending college."

The main organization will function through the county clubs. Chairmen of the local county bodies will automatically become members of the advisory board of the alumni association. The advisory board meets each year with the executive board to transact alumni business at their annual meeting which is held during each commencement week.

Columbia University students are the most radical in the U. S., according to Prof. H. T. Moore of Dartmouth who conducted a nation-wide survey of student views on social and economic questions.

FINAL EXAMINATIONS TO START NEXT WEDNESDAY

Dates for the final examinations of the fall term have been set for Wednesday, Thursday and Friday of next week. Eight and nine o'clock classes will be examined on Wednesday morning and afternoon, ten and eleven o'clock classes on Thursday morning and afternoon, and 1:15 and 2:05 classes on Friday morning and afternoon. Where two hour classes meet and conflict with three hour classes, the examinations for the two hour class will be held the last two hours of the morning or afternoon.

BISON HOCKEYISTS TO MEET BADGERS

BISON PUCK CHASERS PLAN TRIP INTO MICHIGAN AND TWIN CITIES DURING HOLIDAY RECESS.

University of Wisconsin puck chasers will meet the Bison hockeyists at Madison, Wis., in a two game series at the Wisconsin institution on Feb. 19 and 20, according to an announcement by Capt. Thos. S. Smith, Tuesday evening.

Arranging Other Games.

Other dates for games are now being arranged and will probably include a trip into upper Michigan, Duluth, and the Twin Cities. The latter trip will be made during the holiday recess according to present plans, the dates for which have not been definitely settled as yet.

St. Thomas College and other teams may also be played in a home and home series. Work is now nearing completion upon the hockey inclosure being erected in the southeast corner of Dacotah Field. Work up to date has been confined largely to inside work, as weather has not permitted flooding of the rink. About 30 men have been taking active interest in the workouts, and from this squad a representative hockey organization is expected to be recruited.

EMBRYO JOURNALISTS GET ATHLETIC SCOOPS

"We see all, know all," might be a paraphrase borrowed from a famous secret order by the members of the journalism class, according to evidence lately received here illustrating that they are ever on the job and that their collective eagle eye misses not a priner's em of news.

Two interesting incidents that occurred on the recent basketball trip to Wisconsin comes to light through the medium of the facile pens (or typewriters) of Walter Hoster and George Bairey. Mr. Hoster's journalistic gem, somewhat abridged, runs something like this:

It Was Cal Too.

"While in Chicago certain members of the team had the privilege of listening to a speech by none other than Calvin Coolidge, president of these United States. A kindly lady, seeing that Captain Harry Blakely appeared to be of athletic temperament, and realizing that he would appreciate such an opportunity, procured for him several tickets to the affair, and Red, in his big-hearted way, brought as many of his friends as equalled the number of tickets along. Red, who holds the interests of the college

(Continued on Page Four)

FESTIVAL CLASS TO PRESENT ANNUAL XMAS PANTOMIME

ANNUAL PRODUCTION TO BE GIVEN IN ARMORY ON SUNDAY AFTERNOON; PUBLIC INVITED TO ATTEND.

"The Sermon on the Mount," a Christmas pantomime will be presented by the festival class in the Armory Sunday afternoon at 4:00 o'clock. The spectacle will be under the direction of Prof. A. G. Arvold, head of the department of public discussion.

The spectacle which will be in three parts has been prepared by Prof. Arvold and the class has been working in an effort to perfect it for presentation. The general public is cordially invited to witness the annual production to which no admission is being charged.

KIDDIES XMAS PARTY CHANGED TO SUNDAY

DATE IS CHANGED TO SUNDAY AFTERNOON FOR ANNUAL "Y" KIDDIE CHRISTMAS PARTY; PRESENT PRICE LIMITED.

The date for the annual Y Kiddies Xmas party has been changed from Monday to 5:00 P. M. on Sunday.

Meet Kiddies in Y.

"The best time ever had at one of these Christmas parties is promised," said Rebecca Keene, who is in charge of the assignment of kiddies. Students will not have to bother with bringing the kiddie to the party but will be responsible for seeing that his or her kiddie is taken home.

Presents for each child will be limited to articles from the ten cent store in order that a repetition of squabbles by the children made last year will not occur where one is given a more expensive present than another. The name of the kiddie for whom the present is bought should be put on the present so that there will be no confusion in handing them out.

A charge of 35 cents for each kiddie and a similar charge for each student will be made, which along with the present will bring the total cost to each student 80 cents. Entertainments and a Santa Claus will be features of the program.

DR. HUNTER TALKS TO WOMEN'S LEAGUE

Dr. Hunter spoke before the League of Women Voters Monday afternoon on "The World Court." The talk was given in order that the members might be better posted on the subject before voting on it at Tuesday's convocation at which F. M. Snyder was the speaker.

NOTICE.

All members of the freshmen and varsity football squads for the past season are invited to the Booster Banquet to be given at the Powers Hotel, Monday evening at 6:00 o'clock. There seems to be some misunderstanding as to who is to attend. If you are in doubt read the list on the Bulletin Board.

W. TARBELL.

LAMBDA PLEDGES TO GIVE CHRISTMAS PARTY TONIGHT

Pledges of the Phi Kappa Lambda sorority will have the active members of the sorority as their guests at a dancing party to be given at the Prado from 8:30 to 11:30 this evening. Miss Ida Ingalls and Miss Christine Finlayson will be chaperones. Elsie Hans is in charge of the general arrangements for the party. Decorations will be carried out in the Xmas idea. Miss Jackie Sherman will furnish music and entertainment for the party.

BISON INVITED TO JOIN HOCKEY GROUP

INTERCOLLEGIATE LEAGUE TO INCLUDE SCHOOLS IN MIDDLEWEST STATES TO BE FORMED SOON.

Plans for the organization of a large intercollegiate hockey league comprising all the midwestern states where weather permits playing the game and including junior colleges, normal schools, state colleges, and universities, were announced Friday by Emil Iverson, coach of the University of Minnesota blademans.

Minnesota Sponsors.

The league is sponsored by the Minnesota athletic department, and if plans materialize will include such schools in Minnesota, Montana, Michigan, Indiana, Illinois, North and South Dakota, Wisconsin and Iowa, and is intended to put intercollegiate hockey on a sound footing in the midwest.

Among the institutions which have been invited to join are: Wisconsin, Notre Dame, Michigan, Marquette, Northwestern, Michigan State, North Dakota, North Dakota Agricultural College, St. Thomas, Carleton, and several normal schools and junior colleges throughout the midwest states.

Invitations to attend an organization meeting at Minneapolis or some other conveniently located city soon have been sent out by Mr. Iverson to more than 50 schools. Efforts will be made to have United States Olympic officials allow college teams, which is to be known as the Northern Intercollegiate Hockey association, to qualify as America's entry for the international puck chasing honors.

POPS HOLD BAZAAR AND RUMMAGESALE TOMORROW

The Phi Omega Pi sorority will hold their annual bazaar at the Tea Cup Inn tomorrow from 9:00 A. M. until 5:00 P. M. Miss Esther Skjelset is chairman of the affair with Lyla Mae Mallough as her assistant.

Marion Sorlie is chairman of the decorations committee; Charlotte and Anita Mary Blake, with Mabel Hovland are in charge of collecting material; while Ruby Oscarson, Erle Steen, and Mary Klinsman have charge of the posters.

The sorority will hold a rummage sale also on Saturday which will be conducted at the Rose Tea Pot. Miss Lillian Opfer has been named chairman of this affair with Eva Wilner, Gunhild Halvorson, Erle Steen, Almarine Schultz, Virginia Sands, and Geraldine Ewald as assistants.

ACCEPTANCE MAY BE MADE BY CORTRIGHT FOR DEFINITE DATE

BADGER ATHLETIC MANAGER, GEORGE LITTLE, TO BE SPEAKER AT ANNUAL GRID MEET.

FOOTBALL BANQUET TO BE HELD MONDAY

Bert Engwersen, head of the athletic department at the University of Iowa, wired Bison athletic authorities for their rejection or acceptance of a date on the Hawkeye grid card at Iowa City in 1926.

Nothing Definite Yet.

Word was at once sent to Athletic Director Cortright, who is at Cincinnati, and he had made no definite answer up to last night.

The Hawkeyes, if the Bison dates are accepted, would be the first Big Ten football team the Bison ever met, although both Iowa and Wisconsin have been met on the basketball court, the Iowans downing the Bison in 1923 in an overtime period game, while the Wisconsin Badgers were defeated by the Bison last Monday evening.

Ingwersen offered the Bison either Oct. 9th or 30th. The 9th is filled at present, the Des Moines Tigers being scheduled for a game here on that date, while the 30th is now open. Cortright has purposely kept the 30th open to prepare his team for the annual clash with the Nodaks.

To Name Leader.

The annual football banquet will be held at the Powers Hotel Monday evening at 6:30, members of the Bison Boosters, varsity, and Freshman squads, and cheer leaders having received invitations for the event. The election of a captain for the 1926 season will be made at this time, as well as the awarding of letters for both varsity and freshman teams.

George Little, director of athletics at the University of Wisconsin will be the main speaker of the evening. Jack Grant, president of the Bison Booster club will preside. President Coulter, Coach Cortright, and members of the squad are also scheduled for short talks.

ANNUAL PRIZE TO BE AWARDED ARCHITECTS

At the recent annual meeting of the North Dakota Society of Architecture a recognition was made of the department of architecture at the N. D. A. C.

An action was made by the society authorizing a prize to be given for the best work of one of the classes. It was voted that this be an annual contribution. The prize for this school year will likely be awarded in the spring term.

THETA CHI TO GIVE XMAS PARTY TONIGHT

Phi Chapter of Theta Chi will entertain at an informal Christmas party at the Waldorf Hotel this evening from 9:00 to 11:30. A Santa Claus, a Christmas tree, and presents will be features of the party. The hall will be decorated in keeping with the holiday season. Music will be furnished by the Dregson-Backer orchestra. Bill Hurt is chairman of the arrangements committee.

FACTS AND FIGURES!

We have at various times mentioned that only a handful of students met the train to meet the team coming back from trips. As to how big a handful, we cannot say, but we do know that one of the cars, called various names, but commonly referred to as street cars would not be overcrowded if all the students who met the train Tuesday evening, when the team came home from a wonderfully victorious trip, were put into one of these cars.

IN ACTUAL NUMBERS THERE WERE 28 STUDENTS AT THAT TRAIN.

We have 'harped' and we dare say did everything but swear in an effort to get the students to back the team, but in saying only a handful met the team, we made no impression. We have now not only obtained the number that were at the train, but have the names of everyone who was there.

There is little excuse for 750 students of this institution not being at that train. The Tuesday Spectrum carried a notice at the bottom of the streamer story to the effect that the team would arrive home that evening at 6:00 o'clock. The Bulletin Board carried a request that all students be there, and the worst of all was the fact that every fraternity and sorority on the campus, maintaining a house, were notified by Fred Sorkness, leader of the Bisonites, the pep organization of the college.

This is not a lot of fun for us to get on your nerves with this monotonous plea for student support, but if someone will suggest some other way out, we will gladly comply. Twenty-eight out of 1,300 students meet a team which has just defeated a basketball quint recognized as one of the foremost in the country. We should be proud of our student support!

We have now presented you with a sample of the student support, and one which you must believe because "figures don't lie". If this kind of support is to be given winning teams, losing teams at this institution are to be pitted, with the prospect that they may even be disbanded.

To those 28 students a monument should be erected; to the rest of the student body, single monuments should be erected, but in the form of tomb stones. Remember a dead man is better than a lazy one. But we are justly wondering whether it isn't a case of both with most of the students here. Keep it up and we'll soon lose some games and please you, for your attitude sure shows that's what you would like to see happen.

If there had been no one at the train at all it would have been better, for then the members of the team would think the students had made a mistake and gone to the wrong depot, but for the 28 students to meet them is a direct insult to their victory.

For the facts and figures we present the following; and they are proof of the fact that student support is on a "high plane" at this institution. Here they are:

Sixteenth Club Institute To Be Largest Ever Held

TWENTY-SEVEN COUNTIES PLAN TO SEND NEARLY 300 TO MEETING HERE NEXT WEEK SAYS RILLING.

Twenty-seven counties are planning to send 297 delegates to the sixteenth annual Boys' and Girls' Achievement Institute to be held at the North Dakota Agricultural College, Dec. 15 to 18, according to reports received by Harry E. Rilling, state club leader. **New Record Expected.**

Indications are that the attendance will be about one-third larger than last year and that a new record will be set for total attendance, Mr. Rilling reports. Many clubs have raised money to pay part of the expense of their delegates, taking part in basket socials, suppers and community programs. Clubs in Wells County raised money by doing janitorial work in keeping the school houses clean.

Aside from the money raised by club members, donations are being made by county boards, commercial clubs, railways, Rotary and Kiwanis clubs and similar organizations. The boys will room at the college Y. M. C. A. and reservations for the girls will be made at Fargo hotels. All will eat at Ceres hall at the college.

The institute is said to be the oldest boys' and girls' club organization in the country that has functioned continuously with its own officers. All delegates earn their trips to the institute by doing outstanding work in club projects during the year.

Counties sending representatives are Adams, Barnes, Benson, Cass, Cavalier, Dickey, Eddy, Golden Valley, Grand Forks, Grant, La Moure, McKenzie, Morton, Mountrail, Nelson,

Pembina, Pierce, Ramsey, Renville, Richland, Sargent, Slope, Stark, Stutsman, Towner, Walsh and Wells.

"HOW TO STUDY"

The Students' Hand-Book of Practical Hints on the Technique of Effective Study
By WILLIAM ALLEN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue . . . ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study.	Diet During Athletic Training.
Preparing for Examinations.	How to Study Modern Languages.
Writing Good Examinations.	How to Study Science, Literature, etc.
Brain and Digestion in Relation to Study.	Why Go to College?
How to Take Lecture and Reading Notes.	After College, What?
Advantages and Disadvantages of Cramming.	Developing Concentration and Efficiency.
The Athlete and His Studies.	etc., etc., etc., etc., etc. etc.

WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine."—Prof. G. M. Whipple, University of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes, are overworked."—Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely vain." Prof. G. F. Swain, M. I. T.

"To the student who has never learnt 'How to Study', work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment."—Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort. Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

YOU NEED THIS INTELLIGENT ASSISTANCE.

WE SEW ON BUTTONS AND DARN SOCKS!

Meet the Bison Staff.

Gleefully the Spectrum reporter opened the door of the office of the Bison, the seasoned old buffalo of the yearbook. He had succeeded in impressing into service Ebony Blot, the office boy, and this cheerful little "smoke" was stationed behind laden with numerous oddly shaped bundles. "Lo, press!" said the buffalo cordially.

"Er—Merry Christmas," replied the reporter, a bit embarrassed. Playing Santa Claus to the old editor-in-chief was more or less an adventurous thing, for might he not take offense at the familiarity? The Spectrum representative beckoned to Ebony Blot, and the grinning little cullud boy advanced and laid the offerings before the Bison. "Congratulations, boss," he beamed, feeling that the situation called for something of a vocal nature from himself.

The Bison gazed at the gifts, carefully wrapped up in tissue paper and red and green ribbons. The appetizing crimson of a juicy porterhouse steak was visible through the thin wrappings, he could scent the sweet spice of a basket of carrots, and that large soft looking package could be nothing but a bale of hay.

"Press," began the buffalo, his deep voice a little husky, "Unused as I am to public speaking—" he faltered and then went on. "This reminds me of the story of Pat and Mike. Says Mike—" then throwing convention to the winds under the stress of his grateful emotions, he concluded warmly, "Thanks, ever so much!" The reporter bowed. When he straightened up again he beheld a package on the table before him addressed in the Bison's large, somewhat wobbly but legible hand: "To the Spectrum reporter, with many friendly wishes for a Christmas scoop on the publications department, the Fargo Forum and the North Dakota American." Within was a little golden replica of the Bison himself to be worn on the reporter's watch chain. Nor was Ebony Blot forgotten; the buffalo presenting him with a handsome pair of rubber gloves to wear while sweeping out office. "Hones, boss" declared Ebony with tears in his eyes, "I nevah expected anything like this!"

It was hard to get down to business after these interesting and exciting preliminaries in the Santa Claus sweepstakes, but grim Duty manages to send a piercing look around even the jolly advirdupois of old Kris.

"Well, sir" said the reporter, fingering his new gift affectionately, "there's one section we haven't touched on yet, and that's the military. Robert Sanderson heads that, doesn't he?"

"Yep, Bobby Sanderson is the man who is bringing the bacon home," replied the buffalo. "Bobby is a senior, graduated from the A. C. high school. He hasn't had what might be strictly termed 'journalistic experience,' but his initiative and 'git-up-and-go' in handling the work gets three cheers from this Bison. It has been necessary to get a large number of pictures taken for this section in a comparatively short space of time, and Bobby has attended to this so well, that the military section is going to be in the hands of the printers by January 1.

"Earl Tuskind of Davenport, is his assistant, recently chosen. Earl is a Sophomore here. He hasn't had as great a chance as Bobby as yet to display his talents on the section, being so newly elected, but from his record in high school and college both Bobby and I have no doubt that he will 'cut the mustard' as the saying goes."

"Yassuh, that's kerrect," asserted Ebony, who had a nature so friendly that a prejudiced observer might almost say it was too friendly. How-

ever frequently his observations interrupted the course of an interview, the propitiating gleam of his white teeth in his inimitable little cullud boy smile somehow averted the calamity of a snub. Smiling and impertinent, Ebony went on. "Thass absolutely kerrect. Ah konws both them boys, and they're good boys. Ah'll stand quoted on that there, press!"

Lim'rick Contest.

There's still plenty of time to send in a last line to the following limerick:

A basketball demon is Cy,
Whose fame soars as high as the skigh.

In watching him shoot,
You can't help but root

Four o'clock is the deadline. You may send in your last lines by letter, note, telegraph, telephone, freight, express or mental telepathy. The limerick should not be difficult to substitute a last spasm to. Most of you have seen Cy play, and you can find an outlet for your enthusiasm through the medium of this limerick. Already we have numerous excellent answers, but many of the master minds of the campus have demurred with their respective masterpieces. \$2 may not seem a very huge sum, but, at that, it is quite acceptable. I have yet to find anyone who can sneeze, with impunity, at \$15. The author of the best last line of the year will, besides pocketing the big prize, have his or her pleasant visage inserted in the Bison, our annual. Get into this contest and make a name for yourself. And if you don't win the first time, refrain from committing suicide by inhaling tooth paste. Instead, keep at it until you have won some of the root of all evil. Ebony Blot says he has no aversion for the root. Bring in your last lines and watch for the Spectrum next issue. Your name may be there, and you may win.

OLD WEATHER VANE HAS FALLEN INTO DISCARD

The weather vane and aerial equipment on top of the Chemistry building has been the subject of much inquiry and speculation on the part of students. It has aroused the curiosity of many, who wonder what it is, yet pass on and forget it, leaving its history unrevealed.

Moved to New Quarters.

Twenty years ago the Chemistry building was located between the Engineering and Administration buildings. On its roof a weather vane was located, as well as a wind velocity recorder, and other equipment of a weather observatory. Under the supervision of the extension department a complete weather station was maintained. With the coming of the new Chemistry building the station

Have Your EYES EXAMINED

and Lenses Ground

BY

E. A. Anderson

Registered Optometrist

108 BROADWAY

Next to the Garrick

was moved to new quarters, at its present location.

Four years ago the weather station ceased to function due to the fact that a federal weather station located

in Moorhead, Minn. supplied the information, making the college station impractical and uneconomical, the duplication of the work being unnecessary.

Today all that remains is the weather vane, fallen into discard and disuse, the lone reminder of a function now obsolete.

BRAINS WIN!

TAKE YOUR TRAINING

AT

North Dakota Agricultural College

IT OFFERS COURSES

SCIENCE AND LITERATURE — AGRICULTURE — ARCHITECTURAL ENGINEERING — ARCHITECTURE — BIOLOGY — CHEMISTRY — CIVIL ENGINEERING — EDUCATION — HOME ECONOMICS — MECHANICAL ENGINEERING — PHARMACY

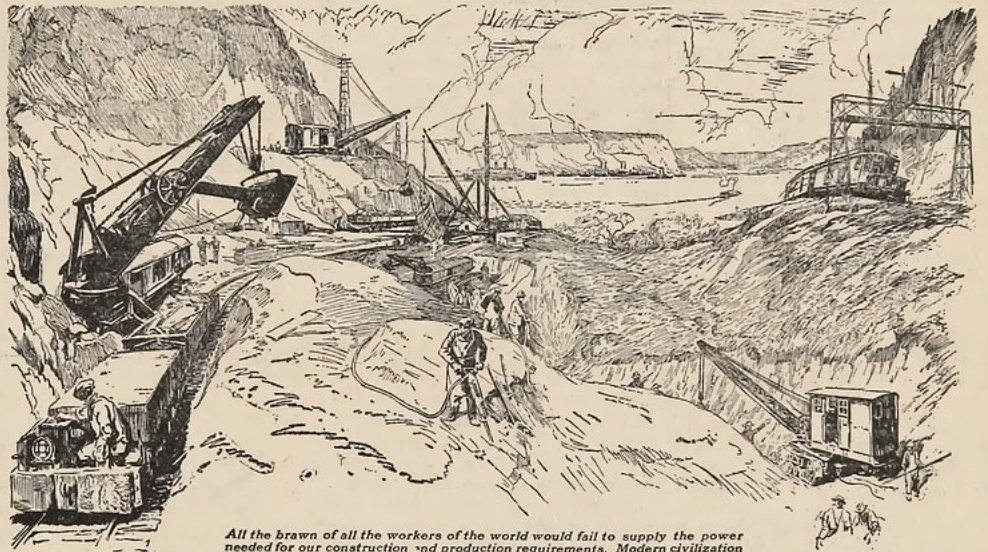

All work fully accredited by North Central Association of Colleges and Secondary Schools and the Regents of New York.

SPECIAL TRAINING OFFERED THOSE WITHOUT HIGH SCHOOL TRAINING.

Business Training, Drafting and Building, Agriculture, Homemaking, Power Machinery. This College offers young people an education which is thoroly in line with modern thought and demands. It aims to fit young men and women to think and investigate for themselves; to deal intelligently with the social, agricultural and industrial problems of the day.

The laboratories are thoroly equipped, and the instructors are specialists in their line. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics, engineering, and the social, economic, and political sciences.

WINTER TERM OPENS JANUARY 4.

All the brawn of all the workers of the world would fail to supply the power needed for our construction and production requirements. Modern civilization is based on cheap power readily applied to tasks of all kinds.

Machinery works: Man thinks

According to college tests, man develops one-eighth horsepower for short periods and one-twentieth in steady work. As a craftsman—a worker who uses brains—he is well worth his daily wage. But as a common laborer, matching brawn against motorized power, he is an expensive luxury.

With a fifty-horsepower motor, for instance, one man can do the work of 400 common laborers. He is paid far more for his brains than his brawn.

The great need of this and future generations is for men who can plan and direct. There is ample motorized machinery for all requirements of production and construction. But motorized machinery, no matter how ingenious, can never plan for itself.

And that is precisely where the college man comes in. Highly trained brains are needed more and more to think, plan, and direct tasks for the never-ending application of brawn-saving electricity.

In most long-established industries the General Electric Company has brought about important changes making for better products with minimum human labor and expense. And in many new industries the G-E engineers have played a prominent part from the very beginning.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for Booklet GEK-1.

Phi Chapter of Theta Chi announce the formal pledging of Lester Thompson, Dilworth, Minn.

Bob Robertson is visiting the Theta Chi chapter this week. Bob who is a former student at State, is now preaching at Omaha, Neb. Bob entered the Benedict class last August.

Chris Haas, Alpha Sigma Tau, was visited by his father and mother here recently.

The father and mother of Glenn Richards, Alpha Sigma Tau, visited in Fargo recently.

The Phi Omega Pi will hold a bazaar at the Tea Cup Inn from 9:00 to 6:00 Saturday.

The pledges of Phi Kappa Lambda will give a party at the Prado from 8:30 to 11:30 tonight.

Formal initiation for the pledges of the Pharmacy Club will be held in the Chemistry building at 7:30 Saturday.

Phi Omega Pi sorority will hold a rummage sale from 9:00 to 6:00 Saturday at the Rose Tea Pot.

A Y. M. C. A. Mixer will be held January 9. Full details have not as yet been made public.

The pledges of Alpha Kappa Phi will give a Christmas party in the Broadway Hall for active members, Saturday. Jay Crooks is in charge of general arrangements.

Dean Minard and Prof. Jongeward were dinner guests at the Alpha Kappa Phi house Monday noon.

The Sigma Theta meeting will be held Monday evening at Virginia Wright's home.

Delta Phi, engineering fraternity, announces the formal pledging of Howard Darling, of Berthold, N. D.

A special meeting of the Delta Phi Beta sorority will be held at the home of Margaret Richardson, 107 Ninth St. N., Monday.

The following girls were chosen as sponsors for R. O. T. C. units: Honorary Lieut. Col., Florence Cole; Co. A, Hazel Heald; Co. B, Marjorie Gullickson; Co. C, Madeline Parrott; Co. D, Dorothy Stoudt; Co. E, Carrie Dolphin; Co. F, Helen Curran; machine and howitzer company, Rebecca Keene; band, Betty Sheldon.

Student Opinion

A very enthusiastic altho not very numerous crowd met the A. C. team on its return from Madison. That is putting it so mildly that it makes us smile. In fact, there were 28 students. Yes, we have seen the names, in black and white. In print the number looks much larger than did the few players who waited for their victory team. Well, we suppose that's here at the A. C. look upon a victory over the University of Wisconsin as "nothing much." Don't you realize that that team is rated among the highest in the Big Ten? To win from Wisconsin is an honor which is coveted by any member of the Big Ten conference. Is the A. C. lacking in enthusiasm, and feeling for their team and their school? We wonder—what's the matter?

(Continued from page one)
at heart, spent a few moments with Cal after the speech and after a few preliminaries tactfully introduced the subject of the president's registering here for the winter term. He understood that Cal wanted a Ph. D., and presented him with several of the many reasons why this college was the natural and best place to come to for that. At present nothing definite has been received as to the possibility of his registration here the coming term," the paper reads, the author adding nobly "but of course there is only one thing for all of us to say in that event, and that is 'Welcome Prexy.'"
Miller Mistaken Again.
Mr. Bairey reveals in his bright little after-dinner story as submitted

to the class still another nationality and race to which Claudie Miller has been assigned to by a stranger. To Miller has gone the honor of appearing to be Indian, Italian, Greek and Armenian to strangers at various times in his life, according to reliable testimony on record from several of his fraternity brothers. But on with Mr. Bairey's story:
"Miller entered a Milwaukee restaurant while on the trip and ordered a pork sandwich. The waiter, a son of Israel, cried out in astonishment and dismay. Did Claudie really mean that? But Claudie ate the sandwich, and the solicitous garcon was thereby convinced that first impressions are not always accurate ones."

**NEW SWEATERS FOR
CHEER LEADERS HERE**
Three sweaters for the use of the rooster leader's trio were received Wednesday morning, and will be worn at the first home basketball contest which take place in the Armory on January 5.
The sweaters are bright yellow in color, with green shoulder straps and neckpiece. The word "Bison" is neatly placed across the front of the sweaters in the same shade of green as the shoulder straps and neckpiece.
