VOLUME XXXXI.

NORTH DAKOTA AGRICULTURAL COLLEGE, FRIDAY, OCTOBER 30, 1925.

NUMBER 9

## BISON OUT TO WIN FROM NODAKS A. C. EDUCATORS ATTENND N. D. E. A. MEET

### DR. J. LEE COULTER AMONG SPEAKERS AT MINOT CONVENTION

TEN EDUCATORS FROM A. C. TO  
TAKE PROMINENT PART IN  
PROGRAM OF GATHERING.

### ANNUAL MEETING WELL ATTENDED

ALUMNI TO JOIN WITH VISITING  
FACULTY IN BANQUET CLOSE  
OF SESSION TONIGHT.

The three-day convention of the North Dakota Educational Association which closes at Minot today had a large delegation from North Dakota Agricultural College. Of the ten educators who attended from this institution, all served in some official capacity or presented papers upon important phases in their field. This year's program for the meeting was sub-divided into twenty-one departmental programs.

Of the speakers who attended from outside the state, Dr. Dallas Lore Sharp of Boston, stands out as an educator and literary man. Dr. Sharp is the author of many essays and educational works.

Professors and heads of departments of this college who attended are: Arland D. Weeks, Dean of the School of Education; A. E. Minard, Dean of the School of Science and Literature; Mrs. Myrtle Gleason Cole, Dean of Women; Christine Finlayson, and Prof. Alba Bales, of the Home Economics School; E. S. Reynolds, Professor of Botany; and Dr. Leon Metzinger, head of the Department of Modern Languages.

Dr. John Lee Coulter, President of the College and Thomas F. Kane, President of the State University were also speakers at the meeting.

"Essentials of Subject Matter for the Professional Training of Teachers" was the subject spoken upon by Dean Weeks, before members of the Higher and Professional Education department.

Professor E. H. Jones, of the Agricultural Education Department, spoke upon the subject of "Agricultural Education." "An American Visitor in Foreign Language Classes of France and Germany" was a paper contributed by Dr. Metzinger, upon some of his experiences in France. Practically all of the delegates to the convention presented papers.

With the close of the meeting tonight, alumnae and faculty members of the Agricultural College will gather at a dinner being given them at the M. E. Church of Minot.

### FORMER SPECTRUM EDITOR DELEGATE TO PRESS MEET

Edward Yocum, former editor of The Spectrum and now connected with the staff of the Dakota Student at the University, was a guest at the Alpha Kappa Phi fraternity house on Tuesday and Wednesday. He is a delegate to the Press Meet at Vermillion.

### "PEDS" CLUB TO INITIATE TUESDAY, NOVEMBER 3

Initiation for students desiring to become members of the Education Club will be held in Room N, Main, at 7:30 P. M., Tuesday, November 3. After the initiation a short social session and refreshments will be enjoyed in the Log Cabin.

All education students are invited to attend and become acquainted with the organization.

### SPECTRUM DELEGATES LEAVE FOR PRESS MEET

Eugene Fitzgerald, editor-in-chief of The Spectrum, Earl Hendrickson, its assistant business manager and Edward Yocum, former editor-in-chief but now affiliated with the University newspaper staff, left by car Wednesday afternoon to attend the North Central Press meet being held at Vermillion, S. D., on Friday and Saturday of this week.

At the Press Meet the various newspaper entries of the Conference will be adjudged and the winning publication chosen by a select board of judges who are active in the journalistic field. Last year The Spectrum was given first place among the contestants. The basis of choice is dependent upon two things largely, make-up and news value of the paper in question. Three consecutive issues of the respective papers make up the entry list.

### FALL INSPECTION DUE ON MONDAY, NOV. 2

### COL. DOCKERY'S REVIEW PRELIMINARY TO CHOICE OF SPRING LIST.

Fall inspection of the College's R. O. T. C. unit will be made on Nov. 2, Monday of next week, according to announcement made by Captain Thos. S. Smith, in charge of the military department. Lieut. Col. A. B. Dockery, inspection officer for the Seventh Corps area, will review the battalion this year. He replaces Col. C. H. Miller, who was the reviewing officer last fall. Colonel Mueller is now attached to the Commanding Officers' School at Fort Leavenworth.

The inspection next Thursday will be a preliminary move toward the choice of those schools to be inspected in the spring for a gold star rating. Besides a review parade by the battalion, and inspection, the students will be questioned on the theoretical work which they have covered. The impression made by the fall inspection determines with Headquarters in Omaha whether that school is to be posted on the restricted list of schools to receive the final spring review.

### DAILY REHEARSALS OF "COLLEGE WIDOW" ON.

The daily rehearsals of "The College Widow" are scheduled for 4:15. In order to accommodate those who will not be able to see the play Wednesday, Nov. 18, another performance will be given Thursday, Nov. 19.

### YEARLINGS TO PLAY UNIVERSITY FROSH TODAY ON A.C. GRID

STRENGTH OF FLICKER FROSH  
SHOWN BY TIE GAME WITH  
MOORHEAD TEACHERS.

### GAME RENEWS FEUD BETWEEN SCHOOLS

SWEENEY, HERMES BROTHERS  
AND PESCHEL WILL MAKE UP  
A. C. BACKFIELD.

As a fitting preliminary to the Bison-Flickertail football game at Grand Forks Saturday, the Freshman squads of the same schools will mix in a gridiron tussle on Dacotah Field this afternoon at three o'clock. For today the interest of the annual Varsity clash has shifted to the yearlings representing the up-state rivals and the strength they may show against "Doc" Catlin's men.

The Flicker Frosh are invading the Bison field with one of the strongest elevens ever to represent the wearers of the green of the University. Their strength is shown by the remarkable record they have piled up so far this season. The Moorhead Teachers could do no better than to concede a 6 to 6 tie to the Flickers, and Jamestown College battled the Teachers to a 10 to 10 tie Saturday. The Peds and their hated rivals Concordia, also deadlocked at the zero mark in their annual game. Thus the Flicker frosh are at least as good as three good college teams.

"Doc" Catlin will use his regular line-up against the invading gridriders. Sweeney, who has been doing some pretty running all around backfield stuff is practically sure of starting. The Hermes brothers, who have been the mainstay of the the Freshman backs will be lined up with Sweeney, while Cy Peschel will do the signal calling at the quarter post. The line has practically the same personnel as for the Mayville game.

"Litz" Rusness, the University frosh mentor, has molded a powerful aggregation from his long list of candidates. "Ben" Wambach, of Moorhead High fame, is a constant threat at the halfback position with a mate of note at the quarter post in Kinn, a former team mate of the Hermes brothers and Cy Peschel at Wahpeton high school. Leitch, another back, will also bear watching by the Bison youngsters. The lineups of the two teams is as follows:

Bison Frosh:	LE	"U" Frosh
Tronnes	LT	Lee
Sullivan (c)	LG	Hills
Smith	C	Dolling
Fisher	RG	Corbett
Blair	RT	Kotchain
DeSautel	RE	Turner
Eng	QB	Eberle
Peschel	LH	Kinn
G Hermes	RH	O'Hara
Sweeney	FB	Wambach
A. Hermes		Boyd

### DR. SHARP MAY SPEAK AT NEXT CONVOCATION

Dr. Dallas Lore Sharp, noted educator and author from Boston, will probably be the speaker at a convocation to be held the first of next week. Dean E. A. Minard, who is attending the State Teachers' meet at Minot, will meet Dr. Sharp there. The Boston educator is to give several addresses at the Educational meet. Besides being noted in his field, he is a writer of essays and books that have earned him a place in "Who's Who."

### PHARMACY CLUB ROOKIES BECOME "SANDWICH MEN"

Although the A. C. is not a part of London, it has its "Sandwich Men." In contrast to the animate billboard of the English capital, however, the walking advertisement of the A. C. campus is not allowed to walk but must run. It's "rookying" week for the North Dakota Pharmacy Club. A cardboard sign upon the back, a dram bottle at the lapel and the club's colors of orange and black, make up the regalia of the pill-rolling rookie. Rumors are that the specified size of bottle of odd numbered drams that rookies are to get is not made. Perhaps, it is even; ask the rookie. At least no rookie member has been found getting sustenance from his bottle as was reported did a rooster at a recent Big Ten football game.

### PICTURES FOR BISON MUST BE IN NOV. 15

### INDIVIDUAL PICTURES OF JUNIORS NEW FEATURE IN YEARBOOK.

Individual pictures of members of the Junior class will be run in the Bison this year, announces Betty Sheldon, editor of the classes section. "This will not detract from the special mark shown the Seniors in the book," she declared. "The Senior section will have a special make-up and will also include an 'autobiography' section."

All members of the Junior and Senior classes are required to have their pictures in the Bison office by November 15. McCracken has been chosen as the official photographer for the Bison this year. A ticket will be given to each Junior and Senior at the Bison office in return for a payment of \$3.00, this sum covering the total expense of picture and cut for the Bison. The ticket is for presentation at the studio.

The Bison office will be open from 10 to 12 in the morning and from 1:30 to 4:00 in the afternoon, so that members of these classes may obtain their tickets.

(Continued on Page Four)

### G. N. SPECIAL LEAVES TOMORROW WITH 500 BISON BOOSTERS

GAME TO DECIDE NORTHERN  
RUNNER-UP IN CONFERENCE  
STANDING.

### BOTH TEAMS ARE IN GOOD CONDITION

FUNDS BEING RAISED TO SEND  
FIFTY-FOUR PIECE GOLD STAR  
BAND.

The herd moves north tomorrow, four hundred strong. A Great Northern Special leaving the city at 9:00 o'clock Saturday morning will carry the Gold Star Band of 54 pieces and a delegation of students to Grand Forks for the crucial game of the Bison football schedule. One of the Northern leaders in the Conference race will be eliminated; unless the teams play tie. Also the state championship is at stake; but to the four hundred or more supporters of the Yellow and Green, the grid meeting will invoke all of the rivalry and feud between the two schools.

Arrangements are practically completed for the Bison exodus. Returns on the tag seling campaign which began Wednesday noon for raising funds to send "Doc" Putnam and his band to Grand Forks gives evidence of a sufficient sum being obtained.

A rally held Tuesday morning for the purpose of determining the number of invaders who will leave on the special showed over two hundred had decided to go. This morning's rally gives assurance of a record following to the Forks. The rumors emanating from the University indicate that the Northern school has never had better spirit in the backing of its teams.

(Continued on Page Three)

### RIME WRITERS WILL REAP BISON PRIZES

### STUDENTS GET CHANCE IN ADVERTISING GAME; BISON PRIZES UP.

Here's a chance to make some money!

The glitter of gold shines from the Bison office. Two contests are announced by the editor and business manager of the Bison to begin on Nov. 1, and to offer substantial prizes.

The skilful ones, having dipped their rods in this sea of opportunity, will draw out glittering gold fish whose names are Fifteen Dollars, Ten Dollars, and Five Dollars and even some toothsome minnows called Three Dollars and Two Dollars.

The largest fish will be drawn out of the Bison Limerick contest. Beginning with the first issue of the Spectrum in November, there will ap-

### ARE YOU GOING?

Four or five hundred students will leave Fargo tomorrow morning at nine o'clock on a Great Northern Special to attend the annual Bison-Flickertail clash at Grad Forks. Will you be one? Last year you did not have to leave your home hearth to see the battle for state supremacy. But the University student body did not stay at home even though their team was having a bad season.

A visitor from the University, Edward Yocum, formerly of this school and editor of the Spectrum reports that never has the University had more spirit than it has now. They are confident of a win and are justified in being so. Confidence has even burst out in the form of a challenge to Freddie Sorkness, Bison cheer leader, from "Shorty", the dwarf pepster of the Flickertail school. Bison students will be under a handicap considering numbers, but organized rooting should offset those handicaps.

Saturday may be a bitter blustery day. If that is to deter you, a school spirit is lacking. We are indeed fortunate to live in a rigorous climate; for it is only in the temperate belts of the world that civilization has made its progress.

Remember that the men of the gridiron aren't out there just for personal glory or the love of the game. They care about those things, true; but it is their way of expressing their loyalty to their Alma Mater. We cannot all be grid heroes; but we can still express loyalty in auditory form at least. It is the lightest of exercises, and then considering the benefits and experiences gained from a trip away from home, you cannot weigh the paltry sum of \$2.88 against the memory of such a day when your college days are over.

### MIDTERMS.

The sixth week of the fall term has been reached. You may prepare yourself for the mid-term inquisition which will determine in the faculty's mind whether you have been loafing, cribbing, or possibly studying. Perhaps the activities of the opening weeks have unsettled the normal habits of study and book learning. Perhaps the University game on the morrow will throw you off your stride. It simmers down to your own singular self.

You can still pull your chestnuts from the fire in this last week if you will set your mind upon the subject at hand. If your debut of the school year has been a disappointing one, you must redouble your efforts in the last half of the term. Don't wait for the eleventh hour, however, as that hour may not wait for you.

### THE BISON BIBLE.

Reports emanating from the members of the North Dakota Club, who are in charge of the sales of the "Baby Bison Bible" indicate that the Freshmen are not buying these as rapidly as the sellers desire. There are still a lot of bibles left as the result of a number of first year men neglecting to get their copy.

It is a campus tradition that every Freshman in the college buy one of these, and in the past nearly every Freshman has bought one. The men in charge of sales for this book have taken the names of those who have already bought a book and a checkup will soon be made, and those not having one will be asked to buy.

The bible contains much information which a new student should know about the college and its traditions. Freshmen should remember that they are not being imposed upon if asked to buy a bible, as there are innumerable others who have bought these in years past, and this year will be made no exception. If you haven't already secured your bible see a member of the lettermen's club and get one at once in order that they will not have to chase you all over the campus to get you to buy one. Show some Bison spirit, Mr. Freshman, you'll not regret having a copy of this little booklet.

### DESTITUTE!

A gruesome trick has been perpetrated! The Spectrum's editor-in-chief absconded with all the motivating and organizing powers of the staff last Wednesday. A trip "south" often connotes an unpleasant predicament for the traveler. Tables are reversed in this instance, however. A disagreeable situation was left at home. The first effort of an editor pro tem, with the aid of a lone desk man is much like starting upon a Japanese puzzle. One finds many ends to tie up in the shape of a news sheet. Unfortunately, the means to these ends are not so easily to be found. Shall we apologize for the inexperience, or would it be best to blaspheme the absent master and dream in the meantime of the potentials of the drowsy news staff that only spurs itself into action upon the threat of the paper's severing relations with it?

## Rammed Earth Inexpensive Building Material Says Miller

THIS METHOD OF BUILDING GAINING RAPIDLY IN ENGLAND.

Pise or rammed earth is an expensive building material always at hand for the Dakota farmer.

R. C. Miller, agricultural engineering, North Dakota Agricultural College, suggests that at first the rammed earth be used for such simple structures as smoke houses, garages, walls for windbrakes, and possibly walls for straw sheds.

### Only Few in U. S.

"There has been much discussion within the last year relative to the possibilities of the use of pise or rammed earth for building construction," says Miller. "Since we have no data regarding their use in North Dakota, any buildings to be constructed of this material in North Dakota must necessarily be of an experimental nature. From our experience with sod and adobe houses we can easily understand that such a structure would have a few good characteristics at least." Only a few structures built of this material have been constructed in the United States, states the engineer. One house was built at Washington, D. C., and another at Kansas City. Reports on these houses indicate that they have a place in our building work assures Miller.

One thing in pise favor is that it will cost the farmer in cash outlay only a little for form material. He can use the earth on his farm and his own labor at spare time.

In quoting extracts from the article "Houses of Mud" by Juanita W. Porter in April, 1924, issue of Scientific American, Miller gives a general idea of how to go about building houses of earth.

"The construction of buildings by pise method is very simple, the earth being converted into walls by means of molds made of shuttering, into which the earth is rammed by means of a pisoir or rammer. It is upon the skillful handling of the rammer that the perfection of work depends. More difficulty will be found in the execution than at first seems possible.

### Is Quickly Built.

"A frame to hold the earth is made of shuttering. The plankse are light wood one inch thick, each 10 feet long and fastened together with four strong ledges on each side made two feet nine inches in height. The mold is divided into three divisions, each of which requires one workman. Only one skilled workman is needed. Into this mold earth is poured to a depth of three or four inches. It is rammed with the rammer until it is firm and hard and the rammer does not leave a print. All water must be pressed out of the soil. This process is repeated until the mold is full. The boards are then removed and a tier is made on top of the wall just completed. A 9-foot wall, 10 feet long can be built in a day.

"As regards soil for pise building, all earths in general are fit for use when they have not the lightness of poor lands or the stiffness of clay. All earths fit for vegetation are suitable as well as brick earths. Strong earths with a mixture of gravel, which for that reason cannot serve for either making bricks, tile or pottery, are also suitable. These gravelly earths are very useful and the best pise is made from them.

"So fast is this method of building gaining ground in Great Britain that

improved machinery is being introduced to do the ramming of the walls to expedite work.

"The pioneer settler, even with no previous knowledge of pise, may work out his building if he has a well-thought-out plan.

### Successful in Canada.

"In Canada, where climate is rigorous more than half of the year, structures erected in cold weather have been as free from cracks and as solid as those made in warm seasons. The consensus of opinion is that it is better to build pise structures when the weather is not too cold and eliminate chance.

"A demonstration six-room house built at Guilford, England, several years ago, with a wall 18 inches in thickness, cost less than \$100 for the entire building as against \$1,000 for brick. A house can be built in a fortnight and will last generations."

## "HOW TO STUDY"

The Students' Hand-Book of Practical Hints on the Technique of Effective Study

By WILLIAM ALLEN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue . . . ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

### SOME OF THE TOPICS COVERED

- Scientific Shortcuts in Effective Study.
- Preparing for Examinations.
- Writing Good Examinations.
- Brain and Digestion in Relation to Study.
- How to Take Lecture and Reading Notes.
- Advantages and Disadvantages of Crammering.
- The Athlete and His Studies.
- Diet During Athletic Training.
- How to Study Modern Languages.
- How to Study Science, Literature, etc.
- Why Go to College?
- After College, What?
- Developing Concentration and Efficiency.
- etc., etc., etc., etc., etc. etc.

### WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine."—Prof. G. M. Whipple, University of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes, are overworked."—Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely vain."—Prof. G. F. Swain, M. I. T.

"To the student who has never learnt 'How to Study', work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment."—Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort. Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

YOU NEED THIS INTELLIGENT ASSISTANCE.

## CO-EDS ELECT WOMEN'S SENATE

### SENATE VACANCIES FILLED BY CHOICE OF CLASS OFFICERS

DEAN COLE ARRANGES FOR  
PERSONAL CONFERENCE WITH  
ALL GIRL STUDENTS.

### CLASSES ORGANIZE TO CHOOSE OFFICERS

SENATE PERPETUATED BY  
CHOICE EVERY YEAR OF SIX  
JUNIOR MEMBERS.

A convocation for women was held Wednesday afternoon by Mrs. Myrtle Gleason Cole, Dean of Women, for the purpose of arranging preliminaries to the election of twelve members of the Women's League to the women's "Senate," the executive body of the first organization. Plans for the election of such officers are now well under way.

The Women's League is an organization began by Dean Cole four years ago. Every woman student upon registering at the College automatically becomes a member of the League. With the graduation of the senior members of the Women's Senate every year, the machinery of government of the League is disrupted. To provide for this, six girls of the junior class are elected every spring to hold office in the Senate. At the beginning of the school year ensuing they are the senior members of the Senate about which the League organization is built.

Senior members of this year's Senate are: Mme. Alice Dahlin, Catherine Cockerell, Doris Stewart, Edith Skurdall, Alice Bender and Marion Sorlie.

The Convocation was for the purpose of grouping the classes of the College and another of the High School to elect from their respective groups a chairman and secretary. The two women thus elected automatically become representatives of their class in the Senate. Two members of the Women's Senate are also elected from the student body of women at large. Dean Cole also took opportunity to arrange for personal conferences with girl students.

### Rimes Writers Will Reap Bison Prizes

(Continued from page one)

appear in every issue until the last in March a Bison "Gingle", lacking a fifth line. For the best finished limerick for the month, the Bison will offer \$2.00. From the monthly prize-winning limericks will be chosen the best limerick of the year for the grand prize, \$15.00. A photograph of the grand prizet winner will also adorn the Bison Limerick contest section in the annual, which will be one of the features of the book.

All students on the campus will be eligible to enter the contest, including members of the Bison Staff, with the exception of the editor and the business manager. An impartial committee of judges will be chosen from faculty members and others not connected with the college.

The other contest announced as an advertising contest, which is designed to make the advertising section of the Yearbook of readable interest. Students entering this contest will receive a number or numbers, (each in-

dividual may turn in as much copy as he wishes) which will represent one of the Bison's advertisers. For this advertiser he will then prepare an advertisement, conferring with the advertiser concerning his requirements.

For the best three advertisements, a committee of impartial judges will award prizes of \$10, \$5 and \$3. Each advertisement in the section will be created by a student, and signed with the student's name. Photographs of the prize winners will precede the advertising section proper. This section, by thus presenting the student work, aims to make the advertising copy of interest to the readers of the annual.

All students are eligible to this contest, with the exception named in the Limerick contest. Those interested are urged to come down to the Bison office at an early date after the first of November, to draw their numbers and begin work on their copy. The greater number of advertisements turned in by each student will increase his chances of winning the prize.

### G.N. Special To Leave With 500 Bison Boosters

(Continued from Page One)

Fourteen members of Cortright's first squad will entrain tonight. The remainder of the squad will follow on Saturday morning. Practically the same crew that journeyed to Des Moines last week will make the trip northward.

Bison hopes for a victory over the Flickertails are on the ascendant. The last game at Des Moines left the team in excellent shape. The injury list of both teams will be a negligible one as the severe weather of the past week has limited the teams to signal drill only. Chances of becoming injured in scrimmage has thus been avoided.

The much heralded dope sheet gives the University a slight edge in point of scores. Their 27 to 0 victory over Morningside a week ago was spectacular. Morningside's eleven has suffered unduly from injuries and Davis' team displayed a passing game in their last game which will be a constant threat to the Bison eleven. The Boe to Geston combination will have to be smothered. A pass is a most dangerous scoring weapon for any team. The unexpected counter of Des Moines last Saturday came via that route.

Coach Cortright will have a tried eleven to send against the Nodaks. With four conference games already disposed of, the Bison outfit should have all the experience and drive to stem the Flickers' attack. The A. C. has been fortunate in having capable utility men on the squad. Ben Gorder who has shown brilliantly in his last two games will get the starting call at right tackle. Ben has displayed ability at carrying the ball and nabbing passes. Adolph Wall is another utility man who has worked well at various line positions. Alden Baillie, who stayed at home because of injuries last Saturday is scheduled to start. Another injured linesman in Rae Kneshaw will be in there when the signal sounds. Rae has displayed all-conference possibilities at his tackle post.

Cortright's backfield will hinge on the performance of Ben Rumpeltes. The work of the big fullback in carrying the ball for successive gains was never illustrated better than in the Des Moines game. His playing has been more consistent than with most fullbacks in the conference. Ben has been in every game for the whole time thus far. Arnold, Miller, and Augustine make up the remainder of the

starting backfield. Miller's work against the U last year has perhaps ben seared in their hearts, and when carrying the ball his headgear will be the objective of many a tackler. Arnold and Augustine block and pass with an efficiency that is not easily surpassed.

The starting lineups are:  
Bison: N. D. U.:  
Newgard LE Geston  
Kneeshaw LT Watkins  
Keltner LG Gustafson  
Thompson (C) C Benser  
Baillie RG Steenerson

## Knewsy Knosey Kampus Kolumn

An important meeting of Edwin Booth Dramatic Club will be held in the L. C. T. Monday, at 4:15. All active members are requested to be present.

Thomas Rae, a former student of the college, is in Fargo for a two weeks' visit.

Miss Gurlock, traveling secretary for the Y. W. C. A. has been a guest at the Phi U house for the past week.

Members of Delta Kapa Sigma fraternity were entertained at a banquet at the Powers Hotel Thursday night. Harry Blakeley acted as toastmaster.

Harry Blakeley will go to Grand Forks for the week end.

Mike Myrdal was down from the U last week end visiting the boys at the Delta Sig house.

Phi Chapter of Theta Chi gave their annual active alumnae and rushees a banquet at the Commercial Club, Thursday night, Oct. 29.

Jeanette Euren gave an interpretation of the "Charleston", Jug Newgard and Bill Hurt presented the Apache dance, which was given at convocation, Bison Roundup Day. Among the alumnae present were B. A. McIlhaney, traveling secretary of Theta Chi, H. A. Clifford, treasurer of the N. P. Ry., and Judge B. F. Spaulding, Chief Justice of North Dakota Supreme Court.

Mr. and Mrs. H. A. Klinsman were dinner guests at the Phi Omega Pi house Wednesday night.

Iva Beckwith, Phi Omega Phi house, attended the Beta Chi dance at the University of North Dakota, Saturday night.

Among those who will make up parties for the game at the U this week will be: Erble Steen, Bernice Cramer, Lillian Opfer, Lila Mallough, Margaret Jongward, Alice Chandler, Dorothy Louden, and Esther Skjelset.

Willis Nygard Goodrich was at the Kappa Phi house Wednesday night.

Ralph Irish, Bismarck, was a guest at the Kappa Phi house Wednesday night.

Lillian Heald, Edith Skjurdall, and Gudma Jelstrup, Phi U. house, will go up for the game this week.

Larry Gove of Lambda Chapter was a guest at the Alpha Gamma Rho house Wednesday night.

Delta Phi Beta "rookies" entertained the active members at a kid Halloween party Thursday night at the home of Sarah McRoberts.

The regular meeting of the Delta Phi Beta sorority will be held Monday night at the home of Miss Elizabeth Cleveland.

The active members of the Kappa Delta Sorority will entertain their pledgees at an old fashioned Hard Time Halloween party at the home of Lorinda Bechtel on Friday evening at 8:00 o'clock.

Delta sorority will be held at the home of Althea Reed on Monday night.

About 150 couples were present at the "hop" held yesterday afternoon in the Armory. Music was furnished by the Collegiate orchestra of five pieces. The dance was the third of a series being sponsored by the Scabbard and Blade military fraternity of the college. Students are thus enabled to become acquainted and enjoy a splendid recreation.

Florence Early, Dorothy Stoudt, Dorothy Burton, Rebecca Keene, Gladys Whitney, Marjory Gullickson, Margaret Donovan, Marion Trobridge, and Ruth VonSien are planning to attend the game at the U this week end.

### AUSTIN, VICTOR ARTIST GUEST AT FRATERNITY.

Gene Austin, noted Victor recording artist was a guest to lunch at the Alpha Kappa Phi Fraternity house Tuesday noon.

Mr. Austin gained great popularity through his recording of such records as "Yearning" and "No Wonder."

Some of his compositions are "My Sugar Walks Down the Street"; "How Come You Do Me Like You Do" and the latest of his numbers which is entitled "Sour Mamma." His latest composition will be recorded upon his return to New York City.

The Victor artist entertained with the singing of favorite selections and accompanied with his playing of the piano produced the entrancing effect that has brought his record compositions popularity.

Tuesday evening Mr. Austin again entertained at the Grand Theatre with special musical numbers. About 50 of the rushees and members of the Alpha Kappa Phi fraternity attended at a theatre party there.
