GAY CAT DAY DISPENSED WITH AND BISON ROUNDUP SUB-STITUTED FOR HOMECOMING

#### PLANS TENTATIVE

EACH CAMPUS ORGANIZATION TO PROVIDE SHORT ENTER-TAINMENT OF 5 MINUTES

Homecoming day plans, which are in the hands of the Student Commission, are now nearing completion, and the complete program will be released for publication the latter part of this week, according to Cyril Arnold, president of the commission.

At the present time letters are being sent out to each organization on the campus, requesting them to have a float in the parade, and to put on a five minute entertainment at the con-vocation to be held at 10 o'clock the morning of Homecoming day.

#### Gala Day Changed

The annual Gay Cat day, which has heretofore taken place in the spring, was changed by the Student Commis-sion and the present plans are to have this day come on Homecoming day annually which falls on Oct. 17. The new dayis of be known as "Bison Roundup." The South Dakota State college football team, two times win-ners of the conference title, will be

the Bison foes on that day.

Plans of the Alumni association are now in the process of completion and definite plans made by the associa tion are expected to be announced at the same time as those of the com-mission are made public. A prize will be donated for the best float in the parade, the committee of judges for the awarding of the float prize

To Provide Entertainment During the spring on each Gay Cat day each fraternity, sorority and other organizations on the campus have pre-sented a short entertainment varying from an orchestra to comedy stunts This will now be repeated on each Homecoming day, to be known as the "Bison Roundup."

The change from a gala day in the spring to the fall was looked upon as a good move by the Student Com-mission. The Gay Cat parade each year was not up to expectations, and too many other counter attractions made it nearly impossible for the success which it should have been.

#### Big Tentative Program

At the present time it is the aim of those in charge of arrangements for the day to make this year's Home-coming day the biggest in the history of the school. While it is also desired to make the Bison Roundup fun a success, the football game, dance and barbecue it was thought would all lend its support to make each event bigger, and with a large number of alumni and former students expected in for the day, officials look for one of the school.

The commission desires that head of each organization appoint a (Continued on page 3)

## ALL CLASSES MEET TO NOMINATE HEADS FOR COLLEGE YEAR

MEETINGS TO BE HELD IN MAIN BUILDING TODAY, WEDNES-DAY AND THURSDAY

Nominations for class officers will be made by each class at meetings held today, Wednesday and Thursday. Each of last year's class presidents will call the class together which he headed last year and nominations will be made which are to be voted upon October 16, if the present plans of Commissioner of Elections Allan Keltner materialize.

The Sophomore class will be called to order by Ted Fuller, president of last year's freshman class at 12:45 today in Room N of the Main building. On Wednesday the junior and freshman classes will be called to order for nominating their class offi-cers for the ensuing year. Claude Mil-ler, president of the sophomore class of last year will call the juniors to order at 12:45 in Room N of the Main building. The freshman class will be presided over by Commissioner of Elections Allan Keltner until a temporary chairman has been named, and the yearlings will then proceed with the nomination of class officers. The freshmen will meet in the Little Country theater at the same hour the ju-niors are holding their meeting.

#### Senior Meet Thursday

The seniors will hold their nominating meeting in the Little Country on Thursday at 12:45, with Allan Keltner presiding in the absence of all of last year's officers.

At the same election the vacancy of Commissioner of Public Speaking (Continued on Page Three)

## GOLD STAR BAND IS **GETTING UNDER WAY** FOR BIGGEST SEASON

INFLUX OF FRESHMEN MATERI-ALLY STRENGTHENS MUSI-CAL ORGANIZATION

Influx of freshmen band men and advanced men from other institutions has more than replaced the men lost through graduation and matriculation at other institutions. Several of last year's men were unable to return this year on account of financial difficulties, but according to Dr. C. S. Put nam, director of the Gold Star band, his organization is better balanced than it has been for some years.

#### To Have 50 Men

Dr. Putnam stated yesterday that his first band this year will be limit ed to 50 men ,the overflow going to make up a second band, which will be a complete organization in itself, a it has been for several years past. Every section of the first band has been materially strengthened with the exception of one, the absence of Byron Hanson, barittone soloist, being the lone exception. At the present time Dr. Putnam has several men working on baritone, and from these men h expects to build up at least one good baritone man. The trumpet section has been materially strengthened with the acquisition of three exceptionally good men, while the clarinet section is now made up of 14 clarinets with two or three more still to come. L'und's return to school has strengthened the trombone section, and he will occupy the first solo chair in that section.

The new overcoats for the band will be issued soon, and will put the band on a uniform basis during the cold weather. Work has already started on concert programs and Dr. Putnam announces that the concert programs this year will be up to the same high standard as has been maintained dur-ing the past few years. Orchestra Rehearses Wednesday

The first rehearsal for the college orchestra will be held Wednesday evening at 7:30 in the music hall and Dr. Putnam desires that all available will be used to the organization. All cornet players who are not in the Gold Star band are also requested to meet with Dr. Putnam in

the music hall at 3:45 Thursday after-

#### NOTICE!

We made a request for reporters issue. To date we have received no eligible for membership. inquiries, but we have received several names of those who desire to work on the Spectrum. If all those who sent in their names will call at the Spec trum office in the basement of the Administration building arrangements will be made for them to take staff assignments The editor will be in the office every day this week from 2:45 to 3:45 Drop in and offer some assistance in putting out the student paper It isn't the editor's.

# BABY BISON "BIBLE"

ORGANIZATION PURCHASES NEW PINS AND KEY RINGS FOR ITS MEMBERS

The N. D. Club, institutional athletic lettermen's club, are sponsoring a "Baby Bison Bible", which is being edited by Harry "Red" Blakely. The book will be out in the course of the next few weeks, and every freshman is required to purchase one for his or her use in learning what each student should know about the college.

Members to Sell.

The book will be of pocket size and will contain a short history of the school, its traditions, songs, yells, and other valuable information. The book will sell for twenty-five cents and may be purchased from any member of the lettermen's club. Proceeds of the sale will be used to further the work of

The N. D. Club now has a neat looking hexagon gold pin of yellow and green with the monogram the same as is worn upon all athletic sweaters. A key ring with an identification tag is also given to every member of the club. The club now has a membership of 27 active members and with the close of the football season it is likely that several of and other staff members in Friday's last year's frosh football men will be

## SLIPPERY WET FIELD SLOWSUPPLAY; BISON IN GOOD CONDITION

MILLER AND FITZGIBBON EN-GAGE IN PUNTING DUEL; BISON LINE PLAY GOOD

#### MILLER STARS

SMALL CROWD ATTENDS DEDI-CATION OF NEW \$500,000 FOOTBALL PLANT

#### By Eugene Fitzgerald.

A sea of mud forced the Creighton A sea of multipreed the Creighton Bluejays and Bison to resort to straight football in the opening conference tilt for both teams, in the dedication of Creighton's new half million dollar stadium at Omaha Saturday afternoon. The two teams battled through four semi-spectacular periods with neither team able to penetrate the forward wall of the other

The Wayne-coached aggregation made the most serious threat in the second period, three successive first downs, and a plunge by Captain Bertoglio placed the spheroid on the Bison 3-yard line shortly before the close of the half. The Bison, who seemed hoplessly unable to cope with the brilliant performance of the fleet Fitzgibbon, met each attempt at the line of scrimmage holding the Omahans for downs. Miler, kicking from behind his own goal line, booted the ball on the first play into midfield, where the Bison held them before any serious damage could be done.

#### 3,000 Attend.

Scarcely 3,000 people turned out for the dedication of the new football plant, but those who troubled themselves to attend saw a fighting Bison machine outplay a fast hard charg-ing Bluejay eleven for practically three quarters of the game. Only in the second quarter did the Omaha eleven succeed in outplaying the Cortright machine, and but for the clever running and kicking of Claude Miller in every period, the Southern gridders might have been in several positions to score. Miller's kicking was faultless, and his 25-yard run in the third quarter was the longest individual jaunt of the day, the stocky little Bison wriggling through a broken field, shaking off tacklers as he went, despite the muddy field.

#### Bluejay Backs Good.

Fitzgibbon, Bluejay half, was easily the outstanding performer for his team, he seemingly being the only ball toter who could gain consistently, and Tracy, who did a commendable job of quarterbacking in Eddie Hickey's place, used his fleet half to good advantage in the second quarter. O'Connor and Captain Bertoglio were also important cogs in the Bluejay machine.

For the Bison, Miller's work was Coach Cortright's machine showed results of intensive drill. Arnold picked his plays with unerring accuracy, while Augustine and Rumpeltes responded nearly every time called upon to carry the ball, the slippery field marring what might have been a good gain time after time. Rumpeltes also backed up the line in faultless style.

#### A BOOSTER DAY

South Dakota and several other state universities and colleges have an annual "Booster Day," a day on which a number of students, faculty, alumni and others interested in the welfare of the school make a tour of a number of towns spending a short time in each, setting forth the merits of their institution as a finishing place for higher education. Such a move surely Phas its good points, and it would do well for the students, alumni, faculty, and whosoever else may be interested to look into such a plan for our own

Surely there are many students kept away from our institution annually because of lack of knowledge of what the school does, its purposes, what possibilities are ahead in certain fields, what training may be obtained here for certain fields, and other innumerable things. Here is a method by which it may be brought to the attention of the prospective student, the uninformed teacher, the parent, or others who may have certain leanings toward such an insitution as this. Surely the Booster Day is one sure way the college can come in direct contact with the people of the State. Let's have a Booster Day. Someone make a suggestion as to how to start it and let's go on this. Let's sell the North Dakota Agricultural college to those who

#### KEEP IT UP

It surely must have been gratifying to the twenty-three Bison footballers and their coaches who left Fargo Thursday evening for Omaha to see such a nice turnout at the depot to greet them as they left to play Creighton. Perhaps this turnout and cheering helped spur them on as they stood battling the Bluejays on the two yard line in the second quarter. Perhaps it kept that yellow clad band of grid warriors fighting, because they could not turn down such a delegation that they knew were backing them and would be disappointing to them.

It surely must have been gratifying for those same players to receive such an ovation as they did upon their return Sunday afternoon. Such enthusiasm as this, if kept up will help place a North Central conference football flag at this school, and that is what these players are determined to bring here, ere the season ends. Let's not lay down now; we have a good start and we should have no ending to such spirit. Don't think they didn't appreciate it a little bit. It was Coach Cortright's first chance to see what kind of spirit was displayed here, and let him always think that it is no

#### DON'T FORGET THE BAND

At every athletic contest, at every rally, at every military drill, and at numerous other functions ther is one organization that is always on hand to help along, namely, the band.

Under Dr. Putnam, the Gold Star Band has grown to be one of the outstanding organizations of the campus. This band, not only for what they do, alone, but for what they represent, are worthy of support.

Last Spring the band gave two Sunday concerts on the campus which were enjoyed by a much larger proportion of down town people than students. For "Doc" to put this band through rehearsal every night for a week or 10 days in preparation for a concert is useless if the students will not attend the concerts.

We hear much complaining of nothing to do on Sunday afternoons. Well, here's a chance to have something to do. Perhaps when the snow starts falling and there is no other place to go, we can induce Dr. Putnam to give a Sunday afternoon concert, but it is absolutely necessary that each and every student attend if we are to make it a lasting thing. If "Doc" consents, then it's all up to the students as to whether or not they continue. How about a little Sunday afternoon concert, "Doc?"

## New College Songs Are Set to Popular Music by Dr. Putnam

STUDENTS TO LEARN NEW SONGS FOR SATURDAY

Several new songs have recently been written by Dr. Putnam, director of music. .The words are set to popular tunes, and in order that all may have achance to learn these songs before the Morningside game Saturday afternoon, it has been requested that the Spectrum reproduce them in its columns. These songs will probably be rehearsed at the rally before the The songs are sung to the same tune as the title.

## YEARLINGS READY FOR OPENER

## FROSH OPEN SEASON had left. Not one bad pass was at top speed, they seemingly being in the better condition at the end of Sat-WAHPETON SCIENCE FRIDAY AFTERNOON

LINEUP FOR FROSH GRIDDER'S INITIAL CONTEST STILL UNCERTAIN

### HAHN IMPROVING

THIS WEEK'S PRACTICE TO DE-CIDE FINAL LINEUP FOR STARTER

"Doc" Catlin's Bison Frosh team will open their season against the Wahpeton Science School eleven, coached by Earl Bute, former Bison star, on the Scientist's field Friday afternoon.

Four full teams have been reporting for practice nightly, and with the wealth of material available, a weeding out process will be necessary before Friday.

New Stars Loom.

Several new stars have loomed up during the past week and some of the early first string men will be pushed hard for their positions and it is possible that they will be dislodged. Among the more promising new men are DeSautel, an all-state high school tackle from Grafton; Howell, an end from Fargo High; Tronnes, tackle, Fargo; Elerding, end and fullback, from Fargo; Frank Calkins, back,

Catlin will be unable to say just who will start Friday's contest but it is probable that Jud Fisher, a Wahpeton product will be at the center post, with Blair and Ralph Smith on either side of him. Sullivan of Bemidji and DeSautel of Grafton look like sure starters at the tackle posts, while Hoster of Valley City and How-ell or Jones of Fargo will be on the extremities of the line. Other probable linemen who will make the trip are: Tronnes, E. Elerding, Huff, Al Johnson, Frank Calkins, and H.

#### Backs Good.

Cy Peschel will most likely do the signal calling, while Al Hermes at full, and George Hermes and Marty Engh at Halves will make up the remainder of the backfield. Sweeney and Steedsman will most likely comprise the remainder of the squad to take the trip.

Bob Hahn, who was taken suddenly

il with acute appendicitis is doing as well as can be expected and the dan-ger point has passed. Hahn will probably be out of bed within the next two weeks, although his condition will not warrant play this fall. Hahn was counted upon as the Frosh's most likely passer and kicker, but in his absence Catlin feels that Al "Greek" Hermes can do a good job of the heav-ing and boting. The team will make the trip by bus Friday morning and will return the same evening.

## Slippery Wet Field

Slow Up Play (Continued from Page One)

Thompson Passes Well. The line play of the Bison must have gladdened the heart of Cortright, for this seemed to be his chief worry, his veteran backfield having already acquitted itself the previous Satur-To pick one individual star out of the line would be like looking for the proverbial needle in the haystack. Captain Thompson at center perhap outployed Morley, the Bluejay center by a larger margin than any other man was outplayed. Thompson was able to get through the line several times, but it always seemed the play

notwithstanding the condition of the ball, a remarkable feat even under The lineup normal conditions

Gray Baillie and Keltner lightened their leader's job, by giving him good support at the guard posts. Knee-shaw and Marks, who started the game at the tackle posts, tore through the Bluejay line upon numerous occasions and threw the runner for a loss Marks also succeded in blocking two attempted punts and recovered a like number of fumbles. Gorder and Wall both of whom were late in reporting for practice, accredited themselves in fine style by the method of play they exhibited in relieving Marks and Kneeshaw.

#### Bison Ends Improve.

From last year's frosh squad Cort-right has acquired two reliable ends, Newgard and Tilton. Blakely relieved Tilton for a short time in the second quarter, and with a little more experience should make one of the most valuable wing men in the loop. "Red" looked better in Saturday's contest than in any previous encounter the writer has seen him in. Tilton and Newgard protected their ends well, and the runners that did succeed in getting by them were more ably assisted by the condition of the field than by the inexperience of the wing-men. With two more years of varsity competition ahead of them, Newgard and Tilton should develop into the most reliable pair of ends in the con-

Coach Cortright of the Bison expressed himself as satisfied with the showing made by his charges, and expressed the belief that with another week's drill and polishing off the rough spots, his team will be superior to any in the conference. The condition of the Bisonis now to a point where they are able to go four periods

at top speed, they seemingly being in All Classes Meet
