CARRIE DOLPHIN HEADS BISON MAY FESTIVAL ENTRIES MAY SET RECORD

TRACK AND FIELD EVENTS MAY DEVELOP CLOSE TRIPLE RACE

WOMEN'S ATHLETIC AND HOME
ECONOMIC CONTESTS DRAW
MANY ENTRIES

12 IN PAPER MEET

MANY MORE SCHOOLS EXPECT-
ED TO ENTER IN PAPER
CONTEST SOON

A record number of high schools are expected to enter the May Festival field and track meet to be held on Dakota field May 15 and 16th. Ten schools with a total of 144 entrants competed last year. This year Coach George "Ad" Dewey looks forward to an entry list of about fifteen schools with an eligibility list of nearly 200 men.

Three New Schools Enter

Besides the older competitors, Fargo, Grand Forks, Valley City, Jamestown and others, three new schools have signified their intention of coming to the meet, Frazee and Bemidji high schools having announced their desired participation. The Frazee school has entered 10 men; the other Minnesota entrant's list is uncertain. Ashley high school from the southern part of the state is the other new entrant.

Eligibility rules and those applying to number of entries, events, points and the like coincide with those of former years.

Fargo high school has taken first place for the past five years, but results from last week's meets indicate strong competition. The outcome of the meet is quite uncertain, for schools exceedingly strong in some events are fully as weak in others. The Midgets are due for some opposition from Valley City and Grand Forks. The Forkers were runners-up in last year's meet, while Valley City ran third in points accrued.

Fargo Showing Good

Fargo's showing in the Dakota relays, held at Sioux Falls last Saturday, indicate supremacy in two events—the half mile relay and the 100 yard dash. Kimball's relay team was forced to run the half mile in 1:35 3-5 to place third against entrants from four states. Their time betters this state's record in the event. Bristol, Powlison, Lonsborough and Rindlaub are the speedy quartet. In the hundred, Powlison took first with his time of 10 1-5 seconds.

Valley City Strong

Despite the Midgets' power in the dash series, they have still to account for Valley City's forte, which is the field events. In its dual meet with Bismarck last week the "Valley" tracksters show firsts in all of the field events. Lee and Axelson are their bulwarks in this department. Fargo has not developed a good field man as yet.

Grand Forks has not developed a strong bid as it has in other years, even though McCracken of that school was individual high point winner last year at the games and his work was directly responsible for their placing second. Oakes high school, winner of last year's half relay event, has lost its track stars through graduation. Such losses of the different schools leave way for the inevitable "dark horse" which carries victory to this school or that.

Going to the victor or incidentally to the school winning the highest number of points is a huge loving cup. A silver plaque will be the reward of the fastest half mile relay team. Winners in the thirteen field and track events receive medals. All of the above trophies will be on display soon in the windows of Hagen-Newton jewelry

(Continued on Page Three)

Hay Leader of "Y" Next School Year

Donald G. Hay of Hannah, a sophomore in the education department, was named to head the Y. M. C. A. at a special election held at the association building last Friday. The election was necessitated through the resignation of Theodore Martell, who was named at the election held recently. Mr. Hay was elected recorder at the regular fall election and an appointment to the position left vacant through his election to the presidency will be made soon.

As president of the local association, Mr. Hay will lead the delegation from the college to the annual conference of college men which is held at Geneva, June 12 to 22.

KAPPA DELTAS HELD FORMAL SATURDAY

PEARL HANDLED, CREST EM-
BLAZONED KNIVES GIVEN
AS FAVORS

Green and white, the sorority colors, and white roses, the sorority flower, were the decorations used at the Fargo Country club on Saturday evening at the Kappa Delta formal party.

The party was given as an entertainment of the patrons and patronesses, honorary alumnae and active members and pledges in celebration of the first anniversary of the installation of Sigma Psi chapter of Kappa Delta.

Informal dancing was in order from 8:30 to 9 p. m., when the formal program began. A rose and a pussy willow dance were the outstanding features of the evening. Pearl handled knives emblazoned with the sorority crest were presented to the gentlemen during the eighth dance, "The Kappa Delta Waltz."

Dr. and Mrs. John Lee Coulter and Mrs. Myrtle Gleason Cole were the honor guests, while the patrons and patronesses were Dr. and Mrs. C. S. Putnam, Dean and Mrs. H. L. Bolley, Professor and Mrs. W. F. Sudro, Professor and Mrs. E. H. Jones, and Mr. and Mrs. E. M. Grimes. Miss Gertrude Walsh, a member of Sigma Chi chapter of Kappa Delta at the University of Montana, was an out of town guest.

Misses Doris Thompson and Mabel Scott presided at the frappe table during the evening, and lunch was served at 11:30 p. m.

BISON VOLLEY TEAM DOWN "U" FACULTY

The faculty volleyball team of the agricultural college defeated the faculty team of the University of North Dakota on the university floor Saturday afternoon by a score of 51-42.

The play was characterized by the fast playing of both teams and the keen competition throughout. Several of the faculty members of the agricultural college, who were in attendance at the annual meeting of the North Dakota Academy of Science, were witnesses at the game. The faculties of the two schools will probably make the affair annual with the series being alternated between the two schools.

The university faculty were represented by Doak, Farriss, Fussler, Harris, Bibb, French, Campbell and Budge, while the local faculty team consisted of Boots, Hopper, Leifson, Moyer, Severson and Vernor Trowbridge.

BAND PLAYS CONCERT FOR LARGE CROWD SUNDAY AFTERNOON

WAS GIVEN AS PART OF NATION-
AL MUSIC APPRECIATION
WEEK

ORCHESTRA TO PLAY

CONCERT TO BE GIVEN IN ARM-
ORY AT 4 O'CLOCK SUN-
DAY AFTERNOON

In observance of National Music Week the A. C. orchestra will play a concert next Sunday at 4 o'clock in the college Armory. Music Week was opened by a band concert on the campus last Sunday and will be followed by various activities of the music department during this week.

Large Crowd Hears Band

A good crowd welcomed the band last Sunday and enjoyed a very good program in spite of the weather conditions. The program was played complete as announced.

Although next Sunday is not included in Music Week the orchestra was forced to postpone their concert until that time on account of conflicting programs in Fargo. The orchestra now includes over 30 pieces. The instrumentation follows: 15 strings, piano, 2 flutes, 2 oboes, 2 clarinets, 2 bassoons, 2 trumpets, 2 horns, 3 trombones and tympani.

The program which they will play is as follows:

Overture, Romantique....Keler Bela
Cabin Song from "From the Cotton-
fields"...Clarence C. White, Op. 18
Duet for Flutes, The Two Little
Bullfinches.....Kling
Mr. Otterson and Miss Klinsman
Allegro ma non troppo from Sym-
phony No. 6 (pastoral).....
.....Beethoven Op. 68
Entr'acte from "Les Erinnyes".....
.....Massenet
Violin solo (selected).....
.....Thelma Edelbrock
Valse des Fleurs from "The Nut-
cracker suite" Tschaikowsky Op. 71a
Suite, "Woodland Sketches".....
.....Macdowell Op. 57
To a Water Lily
From Uncle Remus
A Deserted Farm
Told at Sunset

Dr. Putnam was on the program at the Lions club Monday noon, where he gave a talk on music. He took with him Fred Byerly, who played a trumpet solo, and Fordyce Heilman, who played a clarinet solo.

At the same time the Exchange club heard a trio from the music department—Miss Edelbrock, Miss Ruby Oscarson, and Miss Neisham playing several numbers for the club.

Word was received at the college Monday afternoon telling of the death of Mrs. S. J. Doyle, mother of Elizabeth, a junior in science and literature.

Mrs. Doyle had been ill for some time, until death claimed her on Monday noon.

The Delta Phi Beta sorority, of which Elizabeth was a member, have cancelled their annual formal dancing party, which was scheduled for Friday night, out of respect for Mrs. Doyle.

Needless to say, Elizabeth has the sympathy of the entire student body, to help her bear her loss.

Reynolds Named Head of Science Academy

Dr. E. S. Reynolds, professor of botany, was elected to head the North Dakota Academy of Science at the conclusion of their annual meeting, which was held at the University of North Dakota on Friday and Saturday. Other officers named are: Prof. J. G. Sinclair, university, vice president; Dr. G. A. Abbott, university, secretary-treasurer; Dean H. L. Bolley, agricultural college and Prof. L. P. Dove, university, members of the executive committee.

Steps were taken to affiliate the North Dakota group with the National Academy for the Advancement of Science. Next year's meeting will be held here.

SENIOR PROM TO BE HELD FRIDAY MAY 23

PARTY WILL BE LIMITED TO
100 COUPLES; TICKETS
ON SALE

Misses Emma Hatlie of Abercrombie and Edith Skurdall of Larimore have been chosen to have places of honor in the grand march as partners of J. Ogden Brauer, prom manager, and Leslie Narum, class president, at the senior promenade, which will be held in the Armory on Friday evening, May 23.

The grand march will be the opening number of the formal program of the last formal college party of the year. The decorations, which are in charge of Vern McCaul, will be in the nature of a May Festival. Mr. McCaul will be assisted by Professor A. G. Arvold, who will furnish special lighting effects for the party.

The first half hour of the evening, from 8:30 to 9 p. m., will be given over to informal dancing, and the formal program will open promptly at 9 p. m. and will continue until midnight.

Kenneth Keating, who has charge of the ticket sale for the event, has placed the tickets in the hands of a number of the class members, and as the dance is limited to 100 couples it will be necessary for those desiring tickets to see someone who has tickets and procure one at once. According to J. Ogden Brauer, this party is going to be a fitting close to a most successful season of college formals.

ARCHITECTURE CLASS HOLD EXHIBIT SOON

The class in architecture have decided to divulge their reasons for burning night oil and will hold their annual exhibit in the Engineering building May 13, 14 and 15.

Exhibits Varied

The exhibit will be varied in nature, consisting of student problems, sketches, water colors, etchings and wood block prints.

Professor Rolfe, who will be in charge of the exhibit, announced that open house will be held on Wednesday evening, May 13. Plans for the open house have not all been completed, but an orchestra will be on hand to furnish entertainment for those who attend the exhibit on this night.

PUTNAM WILL HEAD BUSINESS STAFF OF ANNUAL PUBLICATION

BOARD NAMES PAUL REVELL
BUSINESS MANAGER FOR
THE SPECTRUM

ALL WELL FITTED

WORK ON NEW YEAR BOOK TO
START SOON SAY NEW
BISON HEADS

Carrie Dolphin, sophomore in the department of science and literature, was named as editor-in-chief of the 1927 Bison by the Student Board of Control of Publications at their meeting held Friday noon. At the same session of the board Emory Putnam, science and literature, sophomore, was named business manager of the book, while Paul Revell, junior in chemistry, was named to head the business staff of the Spectrum. These three, with Eugene Fitzgerald, who was named editor-in-chief of the Spectrum last Tuesday, complete the heads of the staffs of the two publications. All appointments to the respective positions were by unanimous vote of the board.

First Woman Editor

Miss Dolphin's appointment as editor-in-chief of the annual marks the first time a woman has headed the staff of the year book. The board in appointing Miss Dolphin felt that a word of explanation was necessary. The board adopted a policy of considering merit as shown by application and ability in making appointments, regardless of whether the applicant be a man or woman. The board felt that women have had too small a place in publication work at this school and in order to encourage more women to come out for the staffs the board will in the future always consider merit.

Miss Dolphin has completed all the prescribed work in journalism as offered at this institution and has been an active member of the Spectrum and Bison staffs, having had charge of the satire section of the 1926 Bison. She has been a reporter for the Spectrum during the present school year and has handled a variety of subjects in a very capable manner, according to the head of the paper.

Mr. Putnam has been a member of both the Bison and Spectrum staffs as a reporter on the paper, and has been an active worker on this year's business staff of the annual. Mr. Putnam was recently elected to serve his second term as a member of the publications board, but inasmuch as the rules of the board state that a member of the board cannot be a member of the staff of the school publications, Mr. Putnam has resigned his position on the board.

The appointment of Paul Revell to head the business staff does not go into effect until the last two publications of the Spectrum during the present school year. Mr. Revell has acted as assistant to Richard V. Cripe, present business manager of the Spectrum, and has also been a member of the 1926 Bison staff, under Byron W. Hanson.

Bison Work Starts Soon

Miss Dolphin and Mr. Putnam have not decided on any definite method of handling the next year book, but contemplate letting contracts and appointing a new staff within the next month in order that the work may be well under way before next fall with the opening of school. This plan will definitely assure the students of an early book.

AN EXCELLENT STEP

In making their appointments last Friday for the editorship of the Bison and business manager of the year book the board of publications has made an excellent step that has set a precedent that may well be followed.

In Carrie Dolphin as editor and Emery Putnam as business manager the year book is in capable hands.

At the same time they will be able to formulate a staff before the close of school this spring. Contracts may even be let, according to the new editor.

Staff members will have an equal start with the school year. On previous books the staff has stood by, through no fault of their own, not being staff members at the time, and watched half the school year go by without starting work.

Next year it will be different. The athletic editor may glean the choicest bits from the campus sports of the season and be able to present it in a spicy manner to the year book readers. The satire and campus editors may watch for the sublime and the ridiculous and so on down the line with each one knowing what is ahead of him.

The Spectrum congratulates the Board of Publications on the step they have made and the officers they have chosen. To the new editor and business manager, Carrie Dolphin and Emery Putnam, the Spectrum extends both congratulations and the heartiest of well wishes.

DON'T LET IT DIE!

Yesterday, with weather permitting, saw the opening of the campus baseball league in the race for intramural honors.

It is a safe venture that the crowd was small and at the same time the spirit lax.

The campus baseball league is a vital part of the life of the school and deserves the support of all students. The games are free and in the contests students will have a chance of watching some of the best ball players in the northwest.

At any rate the campus league must not die. It is up to each and every student and every organization that has a team entered to play their games as they come. Exceptional circumstances will, of course, spoil some plans but the league must not die!

LIQUOR AND PICNIC DAY

The alumnae do many many things for the institution, the majority of them are good accomplishments, but there is one just the opposite that a few of them take upon themselves to do. The majority do not bring any liquor back with them, but some of them always do and this year will be no exception. Whether it is because an older man cannot have a good time unless under the influence of an artificial stimulant or whether they aim to give the boys in school a treat is a question. Anyhow, a few always bring a jug along when they come. This situation is not confined to this school. It is typical of the colleges throughout the country and is a problem which every institution where a gala day is held has had to cope with.

The time to adopt safety measures is before an accident happens. Any student who drinks on Picnic Day is doing a thing which not only jeopardizes the name and reputation of the institution, but which may result in a great deal of unfavorable publicity. Only one arrest would be necessary on a liquor charge to crash the front page of the majority of the dailies in the state, and if this happened the institution of Picnic Day would be shaken to its foundation. The university authorities will not tolerate it.

The student body can be assured that in case any offences are committed the offenders will be properly and severely dealt with. But that would not repair the damage done. The way to avoid any difficulties is by keeping away from them, and by discouraging the use of intoxicants among all who attend the festivities.—The California Aggie.

Interclass Meet Will Be
Held Saturday At 10 A. M.

The annual interclass track and field meet will be held Saturday morning at 10 on Dacotah field. Coach "Ad" Dewey is in charge of the meet and states that the respective classes should get their entries in at their earliest convenience.

Frosh Are Strong

The freshmen won last year's meet and have several of their point winners back from last year. They will be given a hard tussle by the freshmen this year as the yearlings have several likely looking men who won points in the May Festival and State track meet last year. Fuller, Hazel, Walker and Zeisler are almost sure point winners for the first year men, as they demonstrated in the meet against Fargo high two weeks ago.

Awards will be made the same as last year, according to Dewey, who said that all men who place first in any event, or acquire six points in all, will be rewarded with a numeral of their class.

The list of events follow:

- 100 yard dash.
- 220 yard dash.
- 440 yard dash.
- 880 yard run.
- 1 mile run.
- Discus throw.
- Javelin throw.
- Shot put.
- Pole vault.
- High jump.
- Broad jump.
- High hurdles.
- Low hurdles.
- Half mile relay.

BEES BEGIN WORK
EARLY THIS YEAR

North Dakota bees have been working overtime this spring on account of the exceptionally mild weather recently. A report from Bottineau county states that they have been working on the "crocus" blossoms in that vicinity. Around Fargo the bees have been working on soft maples and also on elms, from which trees they obtain both nectar and pollen in abundance, is the report of Dr. R. L. Webster, entomologist at the North Dakota Agricultural college.

"The nectar from such sources is used within the hive, and together with pollen, is converted into beeswax," he reports. "Occasionally some surplus dandelion honey is stored away during May, but this is usually considered as less desirable for human consumption. It is inferior to the sweet clover honey for which North Dakota is gaining some little reputation outside the state."

KITCHEN SPEAKS TO
CLASS IN BARBARY

"Barberry" eradication is very important, especially in North Dakota," said Joseph E. Kitchen, state commissioner of agriculture and labor, before the class of applicants for positions on the barberry eradication force last Wednesday evening at Science hall.

He gave an interesting talk on the history of the development of this state and outlined the future agricultural prospects of North Dakota. The commissioner stressed the importance of the campaign against the barberry bush and pointed out the significance of the work.

Classes to Continue

George C. Mayoue, associate pathologist of the United States department of agriculture, has charge of the barberry campaign in this state. For the past month and a half he has been conducting classes each Wednesday evening training men for his force and will continue to do so until the course of instruction is complete.

Dean H. L. Bolley met with the class the previous week and gave an instructive discussion on the history of the barberry bush and its eradication.

At the University of Cincinnati, the daily paper publishes a cross-word puzzle each day. The answer is in the name of one of the popular women of the university.

BISON TO BE FINISHED MAY 20TH

DISTRIBUTORS FOR GAYCATDAY ASSURED BY STEADY PROGRESS

BROWN AND SCHLIPF MAKE TRIP TO DULUTH TO SEE WORK DONE

ENGRAVING FINISHED

BISON HONOR ROLL OF ADVERTISERS ANNOUNCED BY STAFF TODAY

Work on the makeup of the 1926 Bison is progressing steadily and the book has been promised for distribution by the 20th of this month, according to Stewart Schlipf, editor of the Bison, and Maynard W. Brown, faculty advisor, who drove to Duluth to see the progress of the work. The engraving work is finished and the makeup well started. Section proofs are expected by the end of the week. Mr. Brown and Mr. Schlipf left for Duluth Friday afternoon and returned to Fargo late Sunday night, thus having adequate time to check up on the progress of the printing. It is expected that the staff will make another trip to Duluth next week in order to be on hand through the assembling of the book.

Copies May Still Be Had

According to an announcement made by Byron Hanson, who is the head of the business staff of the book, copies may still be procured until the 16th of the month for those who have not signed up for a book yet. Mr. Hanson also requested that organizations hurry payment for their pages in the annual, as it is desired to clean up the financial work of the book at an early date.

The 1926 Bison has received noble support from the various business firms in the city in their subscription to the advertisers Honor Roll. It is through this aid given by the Fargo firms that the Bison has been made possible. The staff urges the patronage of these firms to all students in the college. Track and Field Events May Develop Triple Race

store or the Grand Recreation parlors. **Women's Athletic Events Announced**
The athletic contests for women include the following events: Tennis, track, baseball and dancing contests. The track events include fifty yard dash, seventy-five yard dash, relay race, hop step and jump, hurdles, baseball throw and basketball throw. Last year's dancing contest was won by Valley City, the track meet by Bismarck, baseball by the A. C. Preps, and tennis by Valley City. The A. C. Preps won the cup given for acquiring the largest number of points and may be kept as a permanent possession if won two more consecutive years.

Record List to Compete

According to Miss Ruth Andrews, who has charge of the entries, a record list will compete in the meet this year. A large number of entries have been received from high schools in northwestern Minnesota, while the usual number of North Dakota schools have sent in their lists, with a large number of others already having signified their intention of entering the meet.

Twelve in Paper Contest

Twelve North Dakota high schools have already entered the newspaper contest, May 14-16, reports Maynard W. Brown, assistant professor of journalism, here. This number is expected to be greatly increased in the next two weeks as several schools who have been entered each year since the event was organized, have not yet sent in their 1925 entry.

Annuals, weekly papers, quarterly magazines, monthly publications, and school columns in weekly newspapers are the classifications listed in the contest. The following have been named as judges: R. L. Spry, Associated Press correspondent for North Dakota; R. O. Nafziger, Fargo Forum staff; M. W. Brown, journalism staff of the college.

Loving Cups Awarded

The twelve schools which have already entered are Anamoose, Wimbledon, Hamilton, Cooperstown, Ege-land, Bowbells, Fargo, Montpelier, Hankinson, Underwood, Manitou and Plaza. In 1922 and 1923 Dickinson high school won the first prize and last year the "Pep," Bismarck high publication, was given first place.

Silver loving cups are to be awarded to winners of first place in the weekly paper and the annual classes and suitable awards will be made for the other classes.

Home Economic Contest Held

Nineteen North Dakota and Minnesota towns and cities will send students, teachers and exhibits from their high schools to take part in the vocational home economics contest during the May festival, reports Miss Christine Finlayson, state supervisor of home economics.

All Smith-Hughes high schools are entered, this being the first time that all 13 have been able to be represented the same year. These schools are Kenmare, Crosby, Velsa, Wyndmere, Grafton, LaMoure, Mandan, Beach, Dickinson, Casselton, Anamoose, Walsh County Agricultural school at Grafton, and the Benson County Agricultural school at Maddock. Other schools entered so far are Valley City, Fargo, Grand Forks, Oakes, Edgeley and Bagley, Minnesota.

Many Contests Carded

The exhibits will be of two classes, sewing and cooking. In addition there is to be a home economics contest embracing the following parts: A table service and etiquette contest; home nursing; health study contest; textile judgment test; garment construction, dealing with the type of construction work used in high school sewing; clothing budget; household management problem. The department of home economics with Miss Alba Bales in charge will co-operate in supervising the contests.

Towns under 5,000 population will not have to compete against the larger cities, as two classes have been made in order to provide for the smaller schools, Miss Finlayson reports. Silver candlesticks are the prizes which will be given to the schools winning first place.

The teachers' conference on home economics subjects will be held Saturday, May 16, and Monday and Tuesday of the following week. Miss Clara Brown of the University of Minnesota and Miss Mabel Campbell, federal agent of vocational education for the central states, will take part in the program.

Women students in the Law college at the University of Iowa had higher scholastic averages for the second semester of the last school year than did the men, according to figures recently announced.

MOVIES ARE AID TO HISTORY TEACHER

Learning history by watching movies is the latest wrinkle in collegiate education. Battle scenes, famous characters of the olden days and such stirring events as the signing of the Declaration of Independence are among the epochs of history to be presented to college students by the medium of the film instead of the printed word.

This is possible through the Yale Press, which has prepared films on various historical themes, according to W. C. Hunter, professor of history at the North Dakota Agricultural college, where the classes in history are viewing several of the films. The pictures are called the "Chronicles of America."

Method Is Valuable

That this new method of teaching history is valuable and should be used more by all colleges and other schools throughout the country is Mr. Hunter's belief. "Seeing is believing," he says. "A picture of a famous battle cannot leave the student in doubt as to which army was victorious. Too often the printed word failed to make the student remember which side won, who were the generals, and what were

the results.

"Another great advantage of filming history for the benefit of students is that the great and famous characters of the past are brought vividly before their eyes. In a second of time pictures can do more to imprint impressions on the mind than can paragraphs of description."

Historical films in the present list are being viewed by students at the state agricultural college include the following: Daniel Boone, Jamestown, Eve of the Revolution, Frontier Women, Wolfe and Montcalm, Declaration of Independence.

Delta Pi, professional engineering fraternity, announces the pledging of Henry Askegaard of Moorhead, Merle Cuthbertson of Casselton and Wayne Watts of Fargo.

FORMER AG STUDENT, NOW BLIND, TEACHES CLASSES

Total blindness does not prevent Percy Lowe, instructor in agricultural economics at the Minnesota college of agriculture from regularly meeting his classes and teaching his students the best methods of business as applied to farming.

"His class room results compare very favorably with those secured by sighted instructors handling the same subjects," declares the federal board for vocational education. "In addition to teaching, Mr. Lowe is taking a course in journalism at Minnesota university and is preparing a series of articles on cooperative marketing for publication in a leading farm journal.

Mr. Lowe is an ex-service man and a graduate of the North Dakota Agricultural college. He was rendered totally blind while blasting stumps in northern Minnesota. "He is an outstanding example," says the federal board, "of a man who has the moral courage to overcome one of the greatest of physical handicaps. The division made a vocational plan for him, paid his tuition charges, provided him with readers and furnished him with school supplies. He succeeded in getting his master of arts degree at Minnesota university and this, added to that he had received at the North Dakota Agricultural college, aided him in securing his teaching position with the former institution."

SALT AND PEPPER

No man possesses what he does not understand.—Goethe.

Among the Scotch a man usually finds his closest friends.

The bad desire the company of others but avoid their own.—Aristotle.

I would not live in a generation like this and be anything but a heretic.—H. E. Fosdick.

He that will believe only what he can fully comprehend, must have a very long head or a very short creed.—Old Maxim.

A Nordic is the descendant of certain European peasants who drank gin and who hates to confess that he is being beaten at the game of life by the descendants of certain European peasants who drank wine.—Van Loon.

Miss Laurretta Nilles spent the week end in Casselton with her parents.

HAVE YOU BOUGHT YOUR NEW ENSEMBLE?

Fashion favors the Ensemble for most occasions and one's wardrobe, to be complete, must have one.

First, it is a smart frock, either of plain or fancy material. Next, it is a fashionable coat which may be worn with any dress. Then, it is a most charming combination of coat and frock together in the form of an Ensemble suit.

A beautiful and most complete showing at Black's.

STUDENT DEPARTMENT

Young Men's Christian Assn.

N. D. Agr. College, North Dakota
ASSOCIATION OBJECTIVE

- To lead students to faith in God through Jesus Christ;
- To lead them into membership and service in the Christian church;
- To promote their growth in Christian faith and character, especially through prayer and the study of the Bible, as well as to stimulate well-rounded development of mind and body;
- To promote a positive moral and religious college spirit;
- To challenge students to devote themselves, in united effort with all Christians, to making the will of Christ effective in human society, and to extending the Kingdom of God throughout the world.

I Am in Sympathy With the Above Objective, and Will Help in Seeking Its Full Realization at N. D. A. C.

To the College "Y" Cabinet: Please enter my name as an Active member for 1925, and mail me a card.
