

# The Spectrum

BOOST THE BEST; QUESTION THE WORST; KNOCK NOTHING

VOLUME 40.

AGRICULTURAL COLLEGE, NORTH DAKOTA, FRIDAY, MAY 1, 1925.

NUMBER 27

## RECORD CLASS TO BE GRADUATED

### SIGS - DELTA PIS OPEN BALL LOOP AT 4:30

#### MORROW, HULETT TO OPPOSE EACH OTHER ON MOUND IN OPENER

LOOP TO ACT AS SUBSTITUTE IN ABSENCE OF VARSITY NINE

#### SIGMA TAUS OUT

THETA CHIS-KAPPA PSIS PLAY OPENER IN AMERICAN TUESDAY

At 4:30 this afternoon the opening game of the Campus league will be played with the Delta Kappa Sigma nine, managed by Bill Morrow, facing the Delta Pi tossers, led by Jesse Brenden.

Probable lineups and batting orders for this afternoon's game:

Delta Kappa Sigma—	Delta Pi—
Lund, 1st	Lane, 1st
Radde, 2nd	Jones, c
Bliss, c	Hulett, p
Morrow, p	Gunness, ss
Lindquist, 3rd	Brenden, 3rd
Rydstrom, cf	Austin, lf
Bechtel, ss	Booth, rf
Gray, lf	Erps, 2nd
McKeane, rf	Stewart, cf

More interest should be taken in the campus loop this year than has been the case in recent years, as the various teams this year look much more evenly matched than has been the case heretofore. The school lacks a varsity nine and the campus loop will have to serve as a substitute for such an aggregation.

The loop has been divided up into two leagues of four teams each, the same as was done last year and the team coming through with the highest percentage in each league will meet in an elimination series at the conclusion of play for the right to lay claim to the championship. A handsome plaque will be given the winning team.

#### More Reporting

Little can be given on the respective prowess of the teams as none of them have been recruited to full strength in the practice sessions participated in the past few days. Spring football has kept several of the more likely looking players out of the practice sessions but with the close of the grid work several of them have reported for work on the diamond squads of their various organizations and all the managers report their teams in good shape and ready for their initial start although several of the positions have not been definitely settled as yet.

#### Mach, Osman Gone

The Alpha Gamma Rho and the Theta Chi teams, finalists in last year's race, are each short one end of their battery, the Rhos having lost their star receiver, John Mach, while the Theta Chis must dig up some one to fill the place on the mound left vacant by the graduation of Leo Osman. Both these teams appear practically the same as last year and should make it interesting for the other teams in the league despite their loss.

The Delta Pi and the Delta Sig crews appear about the same as last year, when both gave good accounts of themselves in the race. The Alpha Kappa Phi team appears weaker in some positions than they did last year and have lost Wall, their receiver, but have balstered the other end of the battery with Ben Gorder, a big fellow who possesses lots of smoke. Gorder suffered a sprained ankle in the spring grid work and his ability is problematical until after he has had a chance to get some real work under fire.

(Continued on Page Four)

#### Students Are Needed For Positions On Staff

Students are needed for positions on the Spectrum staff. At the present time no appointments have been made. All those desirous of securing a position see the editor or put your name in the drop box so that it may be handed in to the board of publications for approval.

All major positions on the staff will be recommended to the board on merit alone. If you want to work get your name in at once. If you show the right kind of stuff you may secure one of the positions on the staff. We must have help.

#### FITZGERALD NAMED SPECTRUM HEAD

TAKES POST AS THE EDITOR-IN-CHIEF, SUCCEEDING EDWARD M. YOCUM

At a meeting of the Student Board of Control of Publications held Tuesday afternoon, Eugene J. Fitzgerald, a sophomore in the department of agriculture, was named as editor-in-chief of the Spectrum to succeed Edward M. Yocum, who resigned a week ago.

Mr. Fitzgerald was named athletic editor of the Spectrum in the spring of 1924, replacing Edward Yocum, who became managing editor of the publication at that time. During the present school year he was made conference editor, and later assumed the position of associate editor. At the time of his appointment he was managing editor, succeeding Phil Boise, who left school at the conclusion of the winter term. He assumes his duties as editor-in-chief with this issue of the Spectrum.

#### Board Meeting Today

No other appointments were made by the board at the time. The board is meeting this afternoon to complete the work they left unfinished at Tuesday's meeting, that of choosing a business manager for the Bison and Spectrum and a new editor-in-chief for the 1927 Bison. The board received several applications for all positions at their meeting Tuesday and will perhaps make their final choices at their meeting today.

Fitzgerald's appointment marks the first editor of the Spectrum to be named by the board, Yocum having assumed office before the board took office officially. Stewart Schlipf and Byron Hanson, editor-in-chief and business manager of the Bison, were the first officers to be named by the board, having been appointed last fall.

#### SCABBARD AND BLADE INITIATE SEVEN MEN

Company M of the Third regiment of Scabbard and Blade, national honorary military fraternity here initiated seven new members on Wednesday morning.

The seven men who were received are: Lieutena. 3 R. bert Sanderson, Stewart Schlipf, Bruce Rindlaub, Llewelyn Howell, Paul Revell and Edward Yocum of Fargo and William Teuissant of Leonard.

Major Harrell, local commandant, gave a short talk after the initiation to the newly initiated members after which they were guests at a breakfast served by the active chapter. The initiation was in charge of Cadet Lieutenant Colonel Leslie Narum, first lieutenant of the local Scabbard and Blade chapter.

#### EDWIN BOOTH CLUB GIVE SPRING PLAY ON MONDAY MAY 18

"THE SCHOOL FOR SCANDAL" BY RICHARD B. SHERIDAN IS CHOICE

#### CAST IS CHOSEN

FOURTEEN CHARACTERS COMPRIZE CAST OF FIVE ACT COMEDY SET

The Edwin Booth Dramatic club will present its spring play, "The School for Scandal," in the Little Country theater at 8 p. m. Monday evening, May 18.

The play is a comedy in five acts and was written by Richard Brinsley Sheridan. There are fourteen characters in the play, ten male characters and four female characters, and it consists of five scenes.

The Edwin Booth Dramatic club presents one play each term and "The School for Scandal" is the play chosen by the club for its annual spring production this year.

#### Knapp Has Lead

The dramatic club plays in the past have been well attended and with as good a comedy as the "School for Scandal" is reputed to be a large number should be in attendance at the production.

Jack Knapp carries the leading role in the comedy and is ably supported by a capable cast of characters. Lucille Thompson carries the leading feminine role, that of "Lady Teazle," wife of Sir Peter Teazle, which is played by Jack Knapp.

Theodore Greenfield carries two roles, those of "Snake" and "Moses," while G. E. Anderson carries a like number in the roles of "Crabtree" and "Trip."

The cast as announced by Professor Arvold follows:

Sir Peter Teazle.....	Jack Knapp
Sir Oliver Surface....	Bruce Rindlaub
Joseph Surface.....	Wade Boardman
Charles Surface.....	Charles Wells
Sir Benjamin Backbite.....	..... Thomas Canniff
.....	.....
Crabtree.....	G. E. Anderson
Rowley.....	Leroy Lille
Snake.....	Theodore Greenfield
Moses.....	Theodore Greenfield
Trip.....	G. E. Anderson
Lady Teazle.....	Lucille Thompson
Lady Sneerwell.....	Marjory Gulickson
Mrs. Candour.....	Margaret Richardson
Maria.....	Dagny Hanson

#### Notice!

There will be a meeting of the N. D. club at 3 o'clock Sunday afternoon in Coach Borleske's office. This is the most important meeting of the year and several matters of importance are to be discussed at this meeting. All lettermen are expected to be present.

CYRIL H. ARNOLD.

#### "Y" Holding Election Of President Today

A special election is being held at the College Y. M. C. A. this afternoon between 12 and 1:15 and 3:30 and 5:00 p. m. for the purpose of electing a successor to Theodore Martell who resigned as president of the association recently.

Robert H. Burns and Donald Hay have been nominated by the Cabinet, but students may write in the name of any other college student, even though his name does not appear on the ballot. Cards will be issued on request at the "Y" desk to those members holding active membership cards.

#### RELIGIOUS COURSE IS ESSENTIAL - AIRHEART

ALL STATE COLLEGES MAKE PROVISION FOR RELIGIOUS TEACHING

"A few weeks ago the University of North Dakota and Wesley college, school of religion, held a joint celebration in recognition of the twentieth anniversary of their affiliation," said Dr. Walter Lee Airheart, head of the local school today. Wesley college was opened here in the fall term of 1921, classes being conducted until last fall in the College Y. M. C. A. Since that time they have met in a building on Thirteenth street north owned by Wesley college. However, a permanent building is planned as soon as funds are available. The courses offered are open to all students of the college, full elective credit being given for the work.

#### Operates Under Charter

"Wesley college operates under a charter which authorizes it to teach religion at any of the institutions of higher learning within the state," continued Dr. Airheart.

"It is now generally recognized that courses in religion are an essential part of a liberal education. Since our nation is thoroughly committed to the policy of a free church within a free state, the teaching of religion must be independent of the educational work done by the state," Dr. Airheart continued.

Dr. Airheart said that nearly every university and college maintained by the state has made some provision for the teaching of subjects in religion as a related part of the curriculum.

#### A. C. STUDENT MEETS WITH PAINFUL INJURIES

Clarence Reed, sophomore in the department of civil engineering, narrowly escaped serious injury on Wednesday morning by being thrown from his bicycle. Clarence was coasting and holding on the side of a car, when the front wheel of his bicycle caught in the street car tracks, throwing him several feet onto the pavement.

The accident happened on Thirteenth street north near the Woodrow Wilson school, while he was on his way to an 8 o'clock class.

He was taken to St. Luke's hospital, where it was discovered that his injuries were not as serious as was thought at first. He was badly shaken up and carries several bruises on his hands and face, however.

#### 161 TO GET DIPLOMAS AT COMMENCEMENT HELD JUNE 17 TO 22

FORTY-NINE RECEIVE DIPLOMAS FROM HIGH SCHOOL DEPARTMENT

#### TEN GET MASTERS

SCIENCE AND LITERATURE DEPARTMENT GRADUATES LARGEST NUMBER

At least 161 students will graduate from the various schools and departments of the North Dakota Agricultural college this spring, according to an announcement by Prof. A. G. Arvold, who is in charge of the commencement program.

#### Largest in History

The college will graduate its largest class in the history of the institution. Included in the list are 10 students who are receiving master of science degrees, eight of these being in agricultural economics, one in agronomy and one in botany. A total of 83 will receive the degree of bachelor of science, 10 in agriculture, 15 in education, 10 in home economics, 3 in architecture, 6 in civil engineering and 2 in mechanical engineering, 1 in pharmacy and 26 from science and literature. Thirteen students will receive certificates as graduates in pharmacy while six will leave the college as pharmaceutical chemists.

#### High School Graduates 49

From the high school department 49 students will be graduated provided they pass in their spring term's work. There are also about 15 other high school pupils who may be able to finish the requirements and graduate with the 1925 high school class, P. J. Iverson, high school superintendent, announces.

The commencement activities will be given June 17-22 and include the two-day high school commencement exercises held June 17-18, the senior class play June 19, the senior class program and alumni-senior class banquet and reunion on June 20, the baccalaureate sermon on June 21 and college commencement and awarding of degrees on June 22.

The candidates for degrees from the collegiate and high school courses are as follows:

#### MASTER OF SCIENCE

##### Agricultural Economics

Thomas Calnan, Valley City.  
Clarence Fiske, Hunter.  
Herbert Herbison, Hoople.  
Benjamin McCaul, Ayr.  
Murville Peightal, Coleharbor.  
Thordur Thordarson, Fargo.  
Fred Wilkinson, Mohall.  
Edwin Wilson, Fargo.

##### Agronomy

Erich Cann, Berlin, Germany.

##### Botany

Andrew Moyer, Fargo.

#### BACHELOR OF SCIENCE

##### School of Agriculture

Fred Bruns, Valley City.  
Richard Vaughn Cripe, Fargo.  
Harry Critchfield, Hunter.  
Elmer Grieve, Buffalo.  
Peter Jorgenson, Towner.  
Roy Lawrence, Jamestown.  
Loren Mechem, Glyndon, Minn.  
Galen Oederkirk, Fargo.  
Clayton Rust, Marion.  
Carl Stevens, Esmond.

##### School of Chemistry

Eddy, Ralph, Fargo.  
Holta, George, Bismarck.  
Jamieson, Robert W., Wahpeton.  
Keating, Kenneth J., Fargo.  
Leifson, Einar, Fargo.  
Loudon, Archibald N., Fargo.  
Metcalf, Everett Edgar, Lakota.  
McGlynn, James D., Fargo.  
Rydstrom, Carlton L., Fargo.  
Willis, Walter A., Fargo.

### OUR DEBUT

With this, the twenty-seventh edition of the Spectrum as a semi-weekly publication, the writer assumes the position of editor-in-chief and makes his debut as a college editor.

In assuming his new position, the editor takes the responsibility of improving, or at least keeping the Spectrum up to the same high standard it had under the retiring editor, Edward M. Yocum.

Under Mr. Yocum's guidance, the Spectrum was brought from an eighth place rating in the paper contest at the 1923 North Central Press conference, to its rightful place as the winner in the 1924 contest. The new editor and his staff stand the responsibility of placing this paper in the same position at the meet to be held in Yermillion, South Dakota, next fall. For a paper to place first two successive years is a huge task, but with the backing of the students and a competent, interested staff the feat can be accomplished. This will be the aim of the new staff.

No paper can be run without news, and the news must come from the students. Organizations as a rule fail to get their news into the paper, but with a little co-operation on the part of each organization, all should receive the amount of publicity of which they are entitled. The same applies to individuals.

Inasmuch as the Spectrum is a student publication, student opinion will always be welcomed, no matter what the subject. It is this department of the paper that must be stressed. The editor is but a student himself, and his views on various matters may be criticized, for each and every student on the campus has the right of expressing his views, and the college paper is the place to air them out.

Constructive criticism will be welcomed at all times and will be received in the same spirit in which it is given. No one human being, nor any group of human beings can turn out a publication which will meet with the approval of all, and for that reason any criticism which will help make the realization of the nearest perfect paper possible and help build a model college paper will be gratefully accepted. The paper is the medium by which prospective students judge us, therefore it is the duty of every student to make his paper the best he can by whatever means he can.

EUGENE J. FITZGERALD.

### ARE YOU OF COLLEGE CALIBER?

When one enters college, a certain standard of conduct is automatically expected of him, and only the foolish will consistently disregard this code.

High school is the place where one is apt to accumulate a mass of erroneous ideas in regard as to what a college career really requires of one.

The idea of college life as one riotous round of enjoyment is equally at fault with the idea that college is a place where one must keep his nose in the book all the time. The perfect idea of a college career is one of balanced study and fun, so that one may not only enjoy the benefits of a higher education, but also the free association with his fellow students.

Some few go to one extreme and some to the other, and it is this small minority that hurts the reputation of the average, balanced, healthy, fun-loving college crowd as no other thing can.

Especially comment is to be made on such "smart" stunts as changing the contents of the salt and sugar containers, as was reported a short time ago by one of our local cafes. Such pranks not only give an erroneous idea of the type of students which State college draws, but actually hurts the student activities which look to the business houses for a large portion of their support.

The man or woman who forgets that he or she is a State student, and as such, is honor bound to do no act to bring discredit to our Alma Mater, is truly to be pitied for the narrowness of vision involved.

If the shoe fits, put it on, and remember in the future, that you owe it to State college if not to yourself, to be "square" with everyone while you are in the capacity of a student here, and to govern your future conduct accordingly.—Industrial Collegian.

## Bison Will Send Four To N.C.I. Tennis Meet

MIXED "U" AND BISON COURT TEAMS MAY MEET MINNESOTA NET STARS

Tennis activities at the A. C. are in a boom if the number of matches being sought mean anything. At the present time, Ad Dewey, coach of the court team, is in search of several games with outside schools.

A match is being sought with the University of South Dakota net team there, sometime previous to the conference meet. The Coyotes have a squad of 30 men working hard for a chance to represent their school in Sioux City, May 22 and 23.

"Two matches have been arranged with the university racquet wielders, one to be played at Grand Forks on June 5, while we will entertain the Flickers here on May 30," said Dewey this morning.

Dewey has also started plans for a team which will be composed of two men from the university and two from the agricultural college. It is planned to take this team down to the cities for a match with Minnesota, St. Thomas, Macalester and possibly some other college team down there.

### Narum Back

Prospects for a good team look bright with Narum, ranking Bison player, back again. Narum was out of the game last year with a bad knee which is entirely healed by now. Narum won the Seventh Corps Area championship in 1923 at Fort Snelling and went to the finals in the state tournament in both the singles and doubles.

Wright, who was second ranking player on last year's team, is back again. Wright has gone far up in many city and state tournaments and makes a nice partner for Narum in the doubles sets.

Foster, who ranked third last year, is not in school and his place is being contested for by Greenfield, who was the fourth man on last year's team. Greenfield is being given a battle by Yocum, Wheedon and Ernest Stoudt. Dewey says that only Narum and Wright have their places back on the team, while the extra place will be fought for by the above men.

### Playoff May Be Held

Any of the four are able to give a good account of themselves and a playoff seems to be the only method by which it can be decided upon.

With the assurance that four men will be entered in the conference games at Sioux City, and a host of men battling for the two open places on the team, Bison prospects on the court are beginning to assume a rosy aspect.

## DEMONSTRATION FOR FINE ARTS CLUB HELD

MAKEUP, SCENERY AND LIGHTING SHOWN BY ARVOLD'S GROUP

The Drama section of the Fine Arts club of Fargo were guests at a demonstration of makeup and lighting in the Little Country theater Monday. Professor Arvold gave various demonstrations of lighting effects and the effect of different kinds of scenery.

Four students of the department of public discussion gave makeup demonstrations, Jack Knapp making up as a Chinaman of a few centuries ago; Thomas Caniff, wiseman, and Charles Well, clown. Donald Bishop made up as the character, Zeke Sweeney, from "David Harum." All demonstrations were carried on from start to finish in full view of the audience.

Swimming is the most popular sport this year among the women students of the University of Wisconsin. Tennis is second and dancing is third. A total of 462 women have enrolled in the swimming classes, 335 in tennis and 321 in dancing.

The University of London is the largest university in the world, having more colleges affiliated with it than any other. These colleges occupy at present not less than 212 acres.

# SCIENTISTS HOLD MEET TODAY

## UNIVERSITY IS HOST TO VISITORS FROM ALL STATE COLLEGES

REYNOLDS IS VICE PRESIDENT OF NORTH DAKOTA ACADEMY

### 7 A. C. MEN SPEAK

MORE INSTRUCTORS FROM HERE BESIDES SPEAKERS MAY ATTEND

The seventeenth annual meeting of the North Dakota Academy of Science are holding their 1925 session at the University of North Dakota today and tomorrow. Two sessions will be held daily, at 9 a. m. and 1:30 p. m. The meetings are held alternately at the university and the agricultural college, and is always held the first week in May.

Reynolds is Officer  
The purpose of the academy is to present papers of a scientific nature, made from original investigations of the speaker. The North Dakota academy is affiliated with the American Association for the Advancement of Science, with which a large number of other states are also affiliated, according to a statement given out by Dr. E. S. Reynolds, professor of botany at the agricultural college. Dr. Reynolds is also vice president of the North Dakota academy.

Among the speakers on the program are seven men from the agricultural college who will give talks on original investigations which they have made. The speakers from the local school and their subjects are as follows:

Rate of Development of Sweet Clover Flowers and Seed—O. A. Stevens.  
Essential Elements in Seed Certification—H. L. Bolley.  
Studies in the Physiology of Fusarium lini—A. J. Moyer and E. S. Reynolds.

Anatomy of a Double Pig—Hugh Setterfield.  
The Toxicity of Aluminum with Special Reference to Erythrocytes—Roe E. Remington.

Methods of Determining the Durability of Varnishes—W. T. Pearce.  
Besides the seven men from the agricultural college, twenty other speakers are scheduled on various subjects. A visit to the ceramics laboratory of the School of Mines and a complimentary dinner and entertainment at the university commons are on the schedule for Friday.

Open to Public  
All meetings of the academy will be held in room 303 of the Chemistry building and are open to the public. A number of other instructors at the local school, besides those scheduled for talks, are making plans to attend some session of the meeting. The officers of the organization are:  
President—David R. Jenkins, university.  
Vice President—E. S. Reynolds, agricultural college.  
Secretary-Treasurer—G. A. Abbott, university.

M. B. Thomas, Jamestown college, and J. H. Seymour, Valley City State Teachers college, with the above officers comprise the executive committee.

## Original Poetry

Patter, patter, raindrops falling  
On the garret roof;  
Patter, patter, faster, faster than  
Airy steeds on hoof;  
Patter, patter, quick awak'ning  
All the birds and buds and flowers;  
Listen all, for 'tis spring's signal—  
'Tis the April showers.

Crocus, quick, lift up your heads;  
Violets, bloodroots, too,  
And of flowers, all the rest  
Lift up your heads to Heaven's blue.  
Buds are bursting, plants are sprouting,  
Bright'ning all the earth again;  
Give up thanks, for 'tis spring's signal,  
'Tis the April showers.

Lift your heads and thank the Father  
For the life he gives us here;  
Thank Him for this splendid chance  
Of giving gladness all the year,  
For the rain is gently falling,  
Giving birth to summer flowers,  
Making plants that bloom in gladness,  
'Tis the April showers.  
—Edris Probstfield.

## Knewsey Knosey Kampus Kolumn

Edith Challey, Charles Wells and Mrs. Pearson, formerly Marjory Lieberg, were judges of the declamatory contest held at the Cass county play day at Casselton last Saturday.

Nearly every girl in Ceres hall has signed up for the hike to be held on May 3. Breakfast will be held at the end of the hike. This is the second hike to be held this year and they are becoming so popular that they may become a weekly event.

At a recent meeting of the Education club, Albert Mossler of Corydon, Ind., was named president, Eunice Kingsley, Mohall, vice president; Gladys Bockwoldt, LaMoure, secretary, and Malkus Ogren, Kulm, treasurer.

Six of the nine leading parts in the musical comedy, "Bimbo," to be presented at the Orpheum theater by the Royal Neighbors are carried by A. C. students. Norma DeVol has the leading role in the play, while Don Bishop, Helen Krueger, Ethelyn Grannau, Chas. Wells and Lucille Thompson have the other heavy parts.

The W. A. A. announces the initiation of Gladys Bockwoldt, Amy Erickson, Mildred McComb, Ruby Oscarson, Margaret Olson and Christine Rud. Final ceremonies were held yesterday.

Mrs. Harry R. Erps, a former student here, returned from New Mexico this week, where she has been stationed as a nurse in the U. S. Veterans Bureau hospital. She will remain in Fargo with her husband until May 20, when they leave for Lansing, Mich., where Mr. Erps has accepted a position as designing engineer in the bridge department of the state highway commission.

At the annual election of officers of the Delta Pi, professional engineering fraternity, held last Monday, Ernest W. Anderson of Fargo was named senior archon. Other officers elected were Walter Booth, junior archon; Syvert Gunness, archivist, and Joseph M. Kuhn, corresponding secretary.

Members of the Delta Pi fraternity announce the formal initiation of Jesse L. Brenden and Elvin Potter of Fargo, and Carl Olson of Mandan. Services were held at the chapter house Monday evening.

Arthur Swanson spent Sunday in Perham, Minn., visiting with friends. Norma DeVol spent Tuesday in Grand Forks, where she was the guest of the Sigma Alpha Iota sorority, taking part in their program. She returned to Fargo Wednesday.

The Kappa Delta sorority will hold a formal party at the Fargo Country club tomorrow evening. Miss Lorinda Bechtel is in charge of arrangements for the party.

Charles Wells was a visitor in Tower City last week, where he went to take his final degree in the Masons.

Robert Sanderson, Katherine Critchfield, Dagny Hanson, Jimmy Stewart, Don Tarbox, Robert Hallenberg, Clyde Herreid and Mildred Vold are members of the chorus for the musical comedy, "Bimbo," which is to be presented at the Orpheum theater soon.

The Education club will hold its second annual picnic at the tourist's camp picnic grounds Wednesday evening, May 6. All students in the school of education are requested to sign up and pay their 35c before Wednesday noon at room 209, Science. The trip will be made by launch, the first trip starting at 5 o'clock.

The Alpha Sigma Tau will hold a smoker at the home of Stewart Schlipf, 1113 Second avenue south, this evening for actives, pledges and rushees of the organization.

The Edwin Booth Dramatic club will present its spring play, "School for Scandal," in the Little Country theater on May 18.

The regular meeting of the Phi Omega Pi sorority will be held Monday evening at the home of Kathryn McKee, 918 Twelfth avenue north.

## Morrow, Hulett to Oppose Each Other

(Continued from Page One)

The Kappa Phi were weakest at this position last year and with this gap taken care of they may prove tough for the National league teams who aspire for top honors.

**Sigma Taus iWithdraw**  
The Kappa Psi and Barracks ball clubs are problematical affairs. Both have promised they will put a strong team in the field, and with this assurance the race in both circuits should prove interesting.

The Alpha Sigma Tau team withdrew their entry Wednesday, as they were unable to get enough men together to offer the kind of opposition the fans are desirous of seeing. This leaves the National league with but three teams, the Alpha Gamma Rho, Alpha Kappa Phi, and the Barracks, as contenders. Final disposition of games with the Sigma Taus has not

been decided on as yet, but the dates will probably be used to play off postponed games. The American league is composed of the Delta Pis, Theta Chis, Delta Kappa Sigmas and Kappa Psis.

### Umpires Announced

All requests for postponement of games, other than on account of the weather must be made at least five days previous to the scheduled time of the game and be mutually agreed upon by both managers, otherwise the game must be forfeited.

Umpires for games as announced by Director Borleske are: Captains Millard and Smith, Sergeant Culpepper, Dr. Schalk and Director Borleske. All games will be played at 4:30 in the afternoon on the diamond at Dacotah field.

The completed schedule as announced by Director Borleske follows:

- May 1—Delta Pi vs. Delta Kappa Sigma.
- May 4—Alpha Sigma Tau vs. Alpha Kappa Phi.
- May 5—Theta Chi vs. Kappa Psi.
- May 6—Alpha Gamma Rho vs. Barracks.
- May 7—Delta Pi vs. Theta Chi.
- May 8—Alpha Sigma Tau vs. Alpha Gamma Rho.
- May 11—Delta Kappa Sigma vs. Kappa Psi.
- May 12—Alpha Kappa Phi vs. Barracks.
- May 13—Delta Pi vs. Kappa Psi.
- May 18—Alpha Sigma Tau vs. Barracks.
- May 19—Delta Kappa Sigma vs. Theta Chi.
- May 21—Alpha Kappa Phi vs. Alpha Gamma Rho.
- May 22-27—Postponed games.
- May 29—Worlds series.
- June 1—Worlds series.
- June 5—Worlds series.

## And he has lived to see it

Back in 1885, Thomas A. Edison succeeded in transmitting electricity at 220 volts for one mile—an achievement and a promise.

The promise was fulfilled a few months ago, when electricity at 220,000 volts was transmitted two hundred and forty miles to supply Los Angeles with light and power.

Now five billion dollars are invested in electric power plants. A stupendous figure that testifies to the alertness of thousands of college-trained men who have been leaders in the production and use of electric power.

The electrical era has only dawned. Each year some new machine or discovery makes it possible to apply electricity in unexpected ways. The graduate of today will find electricity directly or indirectly a means for even greater accomplishments, no matter what his calling in life may be.

In 1881 Edison shipped to the Paris Exposition his "Jumbo" dynamo—eighth wonder of the world. It could light 1000 lamps. Now there are G-E generators large enough to supply current for over a million lamps, each with four times the candle-power of the lamp of 1881. The General Electric Company produces other electrical apparatus which makes it possible to transmit power over great distances. It has put electricity in seven-league boots. In its laboratories, scientists are now experimenting with voltages ten times as great as the highest now in use.

If you are interested in learning more about what electricity is doing, write for Reprint No. AR391 containing a complete set of these advertisements.
