## CADETS START PREPARATION DECORATIONS FEATURE 1926 JUNIOR PROM

### 100 COUPLES ATTEND SUCCESSFUL PARTY ON FRIDAY NIGHT

MUSIC IS FURNISHED BY S. S. MCKINLEY COLLEGIANS SEVEN

### FAVORS ARE NOVEL

SOUTHERN COLONIAL GARDEN IS SETTING OF DANCE FLOOR

One hundred couples were in attendance at the Junior Prom held last Friday night in the college Armory. The number slightly exceeds that of former years and the dancers were given a twelve number program with three extras, the party closing at 1 o'clock.

From 8:30 until 9 the party was given over to informal dancing.

#### Formal Reception Held

A formal reception of guests opened the party with the patrons and patronesses. From Manager and Junior class president in the receiving line. Following this the grand march concluded the preliminaries and the party began with the program.

Favors for the party were novel, the lady guests being given a combined card case and money purse in which was enclosed their programs.

Decorations were in the form of a southern colonial garden, southern smilax, moss and foliage forming a false ceiling for the Armory. Pergolias were used on the sides and were furnished by Professor Arvold, who will use them for the Armory during the May festival.

At the west end of the Armory a platform was used for a setting with the orchestra enclosed in a forest of palms. The S. S. McKinley Collegians, the orchestra that toured the Orient, furnished the music and did some excellent harmony work. They were largely composed of college students, only one of the seven not being either a former student or present student at the college.

The grand march was led by Prom Manager George Bairey and his sister, Aurelia. Second in the line were Marie Smith, class president, and her escort, Edward M. Yocum.

A list of guests follows:

Name	Partner
George B. Bairey, Aurelia Bairey.	Ed Yocum, Marie Smith.

### Prom Favors May Still Be Bought Says Bairey

The coin cases that were given as favors at the Junior Prom may be purchased from Prom Manager George Bairey, according to an announcement made by him today.

These favors are in the form of a combined card case and coin purse and in brown leather embossed with the inscription "J. Prom, '26."

They are priced right and may be gotten by calling him at 3636. A few remain and may still be had.

### EXTENSIVE SPRING SCHEDULE OUTLINED

BISON TRACKSTERS WILL OPEN SEASON SATURDAY WITH MIDGETS

North Dakota Bison athletes face a pretentious spring program, according to an announcement of schedules made from Athletic Director Borleske's office.

The season will be opened Saturday with a dual track meet, Fargo high school furnishing the opposition. The Bison have had little work as yet, while the Midgets have already gone through two meets and have shown excellent work for the early season.

#### Bison Team Untested

As yet little is known of the Bison strength and it is likely that Freshmen will be permitted to enter the contests with Kimball's squad this Saturday.

May 9 has been set as the day for the interclass meet and this event will prove the most interesting of the schedule.

Three meets have been carded for the tennis team and the requesters will begin work as soon as the weather again returns to the kind favorable for the clay court game.

The university net stars will be met the week following the conference meet at Grand Forks. The date for the upstate meet being set for May 30, while the conference tourney will be held at Sioux City on May 22 and 23, as will the conference track meet.

#### Meet Flickers Here

The Flicker net men will return the compliments of the Bison at Grand Forks by returning here June 6 for a second contest.

Dual meets are also probable with Jamestown college and either Concordia or the State Teachers college if the schools across the river put out teams.

The campus baseball race will take considerable attention when that event gets under way May 1 and will continue until June 6.

The complete schedule follows:  
April 25—Track vs. Fargo high.  
May 9—Interclass track meet.  
May 14-16—May festival meet.  
May 22-23—Conference track and tennis meets.

May 30—Tennis at university.  
June 6—Tennis, university at Fargo.

### KAPPA PHIS INITIATE SEVEN NEW MEMBERS

Members of the Alpha Kappa Phi fraternity announce the formal initiation of the following: Ted Fuller, Karl Schulze and Wallace Mattson of Fargo, Robert Hallenberg of Moorhead, Reynolds Bishop of Casselton, John Spielman of Larimore and Jimmy Dusbabek of Michigan City.

The rooks were run through their mock initiation on Friday and Saturday with the formal initiation being given Sunday afternoon at the chapter house.

### CAMPUS BALL LOOP WILL OPEN MAY 1ST WITH FIRST GAME

DELTA SIGS, DELTA PIS WILL OPEN SEASON WITH FIRST GAME

#### TWO LEAGUES UP

BORLESKE URGES TEAMS TO GET ORGANIZED FOR PLAYING CARD

North Dakota campus athletes will get plenty of baseball this spring if the schedule drawn up by Coach Borleske may be taken as an indication. Two leagues have been formed and play in the campus loop will open May 1, when the Delta Pis and Delta Sigs tilt the bucket with the first contest which will be a nine inning affair.

#### Urges Organization

Coach Borleske urges that all students entered with the eight teams get busy at once so that the league may be run off with as few postponed games as possible.

Last season two circuits were played off with excellent interest being displayed by the teams. The two leagues were won by the Theta Chi and Gamma Rho fraternities, who engaged in a playoff, which was won by the Rhos.

Both teams are again strong this year and the races promise to produce a good brand of ball and hot competition seems likely from each of the eight teams.

Seven of the clubs are fraternity nines, while the eighth is the Barracks, an independent team. The faculty did not enter.

Two leagues have been organized and play will open May 1 and will close with a three game championship series opening May 29. Teams in the American league follow: Delta Pi, Delta Kappa Sigma, Theta Chi and Kappa Psi. The national loop contestants are Alpha Sigma Tau, Alpha Kappa Phi, Alpha Gamma Rho and Barracks.

The regular schedule will close on May 21 and the time until the series opens May 29 has been set aside for a playoff of postponed games. Hours for the games have been set at 4:30 and all contests will go the full nine innings unless a mutual agreement is made.

#### The schedule follows:

May 1—Delta Pi vs. Delta Kappa Sigma.

May 4—Alpha Sigma Tau vs. Alpha Kappa Phi.

May 5—Theta Chi vs. Kappa Psi.

May 6—Alpha Gamma Rho vs. Barracks.

May 7—Delta Pi vs. Theta Chi.

### Notice!

Some misunderstanding seems to be evident as to the manner in which copy for the Spectrum should be turned in to the drop buttons are to be sent.

For publication Tuesday the line has been set at noon on Monday and for Friday at noon on Thursday. In the case of special issues, which will be announced on the bulletin board, copy must be in at noon the day preceding publication.

Also the Spectrum will not print initialed or anonymous contributions. All articles must be signed although the signature will be left off in publication if the writer so desires.

And again—the drop box is not a waste basket. Everything from hairpins to money has been found and with the exception of the latter, none is wanted.

### Golf Story Attracts Widespread Attention

Two issues ago the Spectrum carried an announcement by Ben Rumpeltes, campus commissioner, that all golfing on the campus should cease at once.

Some Spectrum reporter, look at Ben's size and you'll see why his name is withheld, also got a story on how Ben had mutilated one of the library windows with a midiron shot.

Sunday the St. Paul Dispatch, through some local source, carried a considerable feature on the story and closed with the comment that it caused more excitement on the campus than the touchdown the Bison scored on the Flickers in 1899!

### ANNUAL TWOBIT FEED TO BE HELD TONIGHT

BANQUET WILL BE HELD AT 6 O'CLOCK; DR. BEST IS SPEAKER

The annual two bit feed by the Y. M. C. A. will be held in the college "Y" gym at 6 o'clock tonight.

The affair has been a feature of the social year of the "Y" for the past three years and every dinner has found the gym crowded with students.

#### Best to Speak

The speaker of the evening for tonight's third annual dinner will be Dr. Henry Riley Best of the First Baptist church of Fargo.

Dr. Best's talk should be inspiring for his audience as he is well in touch with the students and has made a considerable name for himself as an organizer, being directly responsible for the Baptist's temple at Sioux Falls, S. D.

He has lectured on the chautauqua platform and also has traveled in the Orient, giving him an excellent background for his talk.

Instrumental music will be furnished by an orchestra directed by Earl Olsen, saxophone. The other members will be James Stamp, trumpet; Huh McMath, drums, and Rudy Rudd at the piano.

A male quartet directed by Professor H. C. Hoffsommer, baritone, will sing.

The banquet will be served by the Red Triangle auxiliary. Mrs. A. F. Schalk is chairman of the banquet committee. Those who have attended this affair in the past know what to expect in the way of eats.

Forlyce Heilman is general chairman of arrangements and will have several committees working under him.

### STUDIO PARTY GIVEN BY COLLEGE CLUB

Silk tied and dyed handkerchiefs attached to miniature trees were the unusual favors distributed at the dancing party sponsored by the members of the Art club of the North Dakota Agricultural college last evening in the Art studio of the college. Members of the club and their friends were guests at the affair. President and Mrs. John Lee Coulter, Mrs. M. G. Cole, Miss Florence Schwartz and Miss Minnie Anderson chaperoned the dancers.

The decorations were in accordance with the spring idea, and dancing was in order from 8:30 to 11:30 p. m. The committees in charge of the party were headed by Misses Ethel Flaten refreshments; Eloise McArde, favors; Madeline Parrott, decorations; Mary Ball, music, and Attilivo Cuneo, programs.

### FEDERAL INSPECTION WILL BE HELD ON MAY 14 THIS YEAR

BATTALION WILL LOSE MANY POINTS ON ENROLMENT BASIS

#### TROOPS ARE SMARTER

CLASSROOM WORK IS ONLY HOPE OF SCHOOL FOR GOLD STAR

With the opening of noon drill last Friday North Dakota Bison cadets got under way towards a campaign to win them their third gold star and distinguished rating.

The chances of the cadets this year are not as bright as in former years and a hard row to hoe seems to be in prospect for the cadets until the inspectors arrive for the looking over of the local battalion on May 14.

#### Have 2 Companies

The present status has been organized so that there are two war strength companies of two platoons each. The cadets are as proficient as in former years in their classroom work and are coming along rapidly in the work on close order instruction and in the various maneuvers of the cadet drill roster.

The present system of rating provides for a group of 20 points, one-fifth of the total, that are directly or indirectly attributed to the number of students enrolled in the college. This in itself does not promise well for the cadets here as several of their strong rivals will score heavily on enrollment.

The Bison chance for a rating depends on their work in the class room, where a total of some 52 points may be made. Should the students come through with an average of 90 in this phase of the work a rating seems highly possible, according to Major Harrell.

#### Flickers Want Star

Starting with Friday noon, a series of work has been outlined by the major in which every phase of the work will be covered in an effort to get the cadets in shape for the inspection.

Maneuvers and appearance on the field will also be a heavy counting thing in favor of the Bison students if they begin a rigorous training such as has now been started and keep it up for the remaining 14 days of drill that separates the battalion from the federal inspection board.

North Dakota University looms as a possible successor to the Bison for their Gold Star and are working hard to get it if rumors emanating from the north may be taken as an indication.

At the Grand Forks school the students are now engaging in a two hour drill period from 4 until 6 o'clock one day a week and Captain Quinn of the Flicker battalion says that the Nodaks are putting forth every effort to revenge themselves for the beating they took at the hands of the Bison on the cage court and gridiron fields last year.

#### Work Is Outlined

Friday morning at 8 o'clock the students were put through an advance guard problem which went off in excellent shape, according to Major Harrell. Every Friday morning drill period will be devoted to some special field of tactics in order that the smart standing of Bison officers and cadets will not be lacking this year.

Inclement weather failed to stop preparations and yesterday at noon the cadets were given a half hour of stiff physical drill to start them on their way in that field.

Other things included in the program are tent pitching, extended order

### CAMPUS BASEBALL!

The campus baseball league is no longer a probability. It is now a full-fledged student project that will open on the first of May and continue for over a month.

Many good ball players have entered and a team of stars may be picked to play some of the neighboring colleges.

In most schools a campus ball league is the big thing of the spring year. At North Dakota University the season will be opened with a big parade with a band and will have a flag raising immediately preceding the first game.

Here such an event is not likely but the league at least deserves the wholehearted support of every team that is entered. Work should be started at once on the work of the various clubs organization. Director Borleske wants every team to name a manager and playing captain and have them see him at once with regard to equipment and practice hours.

Many may wonder why varsity baseball has been abandoned in the college. The reason is twofold and readily understood. The first is that there is no opposition and the second that the season here is not long enough to get a team in playing condition.

A handsome prize is being offered the winning club and the race appears to be fairly evenly balanced. Managers should get busy at once and see Borleske. Everything should be done to make the league even a greater success than in previous years.

### THE STARS AND STRIPES

In the student opinion column one member of the student body expresses himself as highly unfavorable to the condition of the present flag that flies on Main building and also the manner in which the flag is handled.

The suggestion is an excellent one.

The present Stars and Stripes that flies on Main looks more like one that Washington might have carried through the winter at Valley Forge, had the 13 stripes and 48 stars been in vogue, rather than one gracing an American college in 1925.

The Old Glory in question is much the worse for the weather of a bad winter and possibly for the fall, it appears to have been there fully that long.

An immediate change of flags is in order. A distinguished college should certainly have a bright and shining banner of its country and the Nation's emblem should be treated with military courtesy in its raising and lowering.

### OUR GOLD STAR!

The Bison cadets are hard at work on their campaign for a third Gold Star. Whether or not they will get it depends wholly on the work that they put forth within the next weeks until May 14.

Many factors are working against the school this year, the principal one being an item of enrollment which directly or indirectly figures in the scoring of some 20 points of a total of 100.

Every school in the running in the corps area will score higher than the Bison in this field and the only hope that the Bison have for a star is a "possible" or near perfect score on the class room work which counts 52 points towards the total.

The Bison must not lose the star. It is up to every one of the cadets "to put out." It is certain without doubt that they have the finest and most capable Military Professor in the corps area in Major Harrell, who has won two stars for the local school. In order that his work must not go unrewarded it is up to the students to get busy and "do their stuff."

The Bison Gold Star shall not fade!

### CUTTING CLASSES\*

Spring fever seems to grip the worst of us and even the best of the students in the spring. The result is shown in class attendance.

It is generally and even universally admitted that it is much easier to sit on the campus and watch things in general and perhaps sleep a little than to attend classes and take notes on why Caesar didn't win the battle of the Marne or what Washington said about Waterloo.

It is true that is easier, but is it best?

Many of the students are being sent here at the expense of hard earned capital of their parents. Others are sending themselves through school. In either case the only loss is with the student himself, what he gets depending on his attendance of classes.

It may be so you say, attend the classes and you won't be sorry when school closes.

## ENGINEERS' BALL TO BE GIVEN SATURDAY

WILD WEST CARNIVAL SETTING WILL FEATURE ASSOCIATION PARTY

Saturday evening, April 25, is the date that has been chosen by the local chapter of the American Association of Engineers on which to hold their fourth annual wild west carnival ball.

As has been the custom in former years the Armory will be decorated to represent a western dance hall and numerous concession stands and a genuine bar imported from wetter regions will be features of the evening.

Costumes are to be an attraction also and it is desired that the balloon pants and the red neckties be left at home. Prizes will be offered to the lady and gentleman wearing the most appropriate costumes. Bagrud's orchestra will furnish the music and all numbers will be broadcasted from the college station.

Informal dancing will begin at 8:30 and a program of twelve dances will continue from 9 until 11:30. Patrons and patronesses for the evening are Prof. and Mrs. R. M. Dolve, Prof. and Mrs. R. H. Slocum and Prof. and Mrs. S. B. Folk.

## BISON OFFERS \$500 SALE CONTEST PRIZE

CONTEST OPENS TODAY AND WILL CLOSE MAY 1; ALL ELIGIBLE

Announcement of a sales contest prize was made by Byron Hanson, business manager of the 1926 Bison this morning. The offer is \$5 in cash for the person selling the most books between today and May 1, the contest closing at noon on the last day. 300 Sold Already

Already over 300 books have been sold and the management reports that the finances are in excellent shape as is the editorial end of the book, according to Stewart Schlipf, editor.

Advertising has been sold at a rapid rate and an honor list of those contributing good will ads to the Bison will be printed in the Spectrum.

Copy has been practically all turned into the Bison and has already been sent to press.

### Sattie Features Book

Among the features of this year's book is the satire section in which some notable work has been done by Carrie Dolphin and her assistants. Feelings have not been spared in this section and the readers are promised a real "kick" when the book is released on Gay Cat day about May 25.

Practically every feature and department of college and student life has been covered by the editorial staff in an effort to give a birdseye view of the book to the subscribers.

No strings are attached to the sales contest offer, any student or faculty member of the college being eligible for the prize.

Those that are interested are asked to see Byron Hanson at the Bison office. He will provide blanks and will give instructions to those that wish to enter.

## COLLEGE WOMEN TO HONOR SHAKESPEARE

Thursday, April 23, the anniversary of the birth of William Shakespeare, will be celebrated by the members of the Woman's club of the North Dakota Agricultural college and they have arranged for an evening meeting to be held at 8 p. m. in Ceres hall. A group of the club members will present the play, "Neighbors" by Zona Gale and Mrs. Jessie Jepson Remington will give readings from Shakespeare's play, "Twelfth Night." Miss Thelma Edebrock, violinist, will play the accompaniments for Mrs. Remington. Mrs. H. L. Bolley is chairman of the general arrangements committee and Mrs. George Anderson is chairman for the refreshment committee. Assisting hostesses are Mmes. Archie Loudon, Sidney Hooper, Rex Willard, Tom Smith, E. H. Jones, George Mayoue, A. D. Whedon and David M. Bavy and Misses Edith Challey, Constance Leeb, Harriet Pearson and Ada Weniger.

### Original Poetry

A Freshman's year in college Surely ain't no fun; You start out with a green cap, And the Sophomores make you run. They beat up up in class fights, Then paddle you some more. All through your first year college, You're lucky when it's o'er. The Sophomores aren't the only ones Who get beneath his skin— Suppose he goes fraternity And rookie days begin. You toe the mark for everyone; They seem to pick on you.

You're friends are gone, you're sure of that, There's nothing left to do. But you grit your teeth and bear it, Just to show 'em that you can. A freshman's year in college Is the making of a man. —John Spielman.

# CROSS BURNS DURING PROM

## FLAMING INSIGNIA FIRST SEEN ABOUT 10:30 BY DANCERS

MANY REASONS ATTRIBUTED TO SUPPOSED KLAN ACTION FRIDAY

## REASON UNKNOWN

UNKNOWN SCHEDULED FEATURE DRAWS ENTIRE CROWD OUTSIDE

An unheralded feature of the Junior Prom last Friday took the form of a flaming cross lit about 10:30 between the Main building and the Engineering building.

The setters of the cross are not known, but it is thought that it was placed there by members of the Ku Klux Klan of Fargo. It was of heavy construction and was set in a foundation solid enough to hold it until the flames burned down.

**Motive Is Vague**  
The motive of the firers of the cross is not known to college authorities and the ones placing the cross there are also unknown, although one college student reports seeing a closed car drive away from the spot shortly after the cross was lit.

Many theories were advanced as to the origin of the cross but few were solid enough to hold water. One rumor had it that the cross had been set by initiates of either one of two fraternities of the campus that were starting initiation services that evening. Both rumors were run down and found to be foundationless.

The Spectrum was accused of the act in order to create news, which is at the present time scarce. Such is not the case, all members of the staff being accountable at the time and also denying any knowledge of the cross or its setting.

Others advanced were that the Prom Manager was a Catholic and that in their program the Klan fired the cross on the night of the party. Bairey is not a member of the church mentioned and this was found as a reason not to be considered.

Another was that the Klan wished to let the people of the campus know that they were active in Fargo and also it is possible that it is the work of some members who are students at the college.

To the Spectrum the affair looks like a publicity motive pure and simple and that there was no animosity meant in the firing of the cross.

## Federal Inspection Will Be Held May 14 This Year

(Continued from Page One)  
drill, offensive and defensive tactics, a bayonet drill, machine and automatic gun work.

According to Major Harrell the class work of the students this year is as good if not better than in former years and if the students do not fall down on the day of inspection the loss of points on enrollment may be recovered.

Forty-three cadet officers comprise the college staff while other schools throughout the corps area are well ahead of the Bison in numbers. Texas A and M has 308 Juniors alone enrolled in the advanced course and over 200 senior officers. North Dakota University has some 90 Juniors and will count heavily on their rating in this score.

## HAVE YOU BOUGHT YOUR NEW ENSEMBLE?

Fashion favors the Ensemble for most occasions and one's wardrobe, to be complete, must have one.

First, it is a smart frock, either of plain or fancy material. Next, it is a fashionable coat which may be worn with any dress. Then, it is a most charming combination of coat and frock together in the form of an Ensemble suit.
