## BISON QUINT SWEEP SERIES CANDIDATES FOR ELECTION ANNOUNCED

### 6 STUDENTS SEEKING OFFICE AS ELECTION COMMISSIONER IN '25

ONLY TWO WANT OFFICE OF PRESIDENT OF STUDENT COMMISSION

#### OTHER ELECTIONS UP

PUBLICATIONS BOARD WILL BE NAMED AT SAME TIME AS OTHERS

Nominations for the annual spring election of the student commission have been officially approved and will be held tomorrow in accordance with the student government constitution. Candidates for office show a greater fluctuation than in many previous campaigns. Three offices find only two contesting for the place on the board. The presidency and the commissioners of athletics and finance are the offices short of entrants.

The office of commissioner of elections seems to be the most highly prized for in that field are found six who are trying for the place on the commission. The office of campus commissioner follows shortly afterward with five.

At the same time as the general election the Board of Publications for the coming year will be named. Four members are to be named by the students, one each from the present freshman and junior classes and two from the sophomore class.

The Y. M. C. A. elections will also be held at the same time as the other two. The candidates for this election appear in another story in this issue.

### Y BOXING MEET TO CLOSE ON THURSDAY

PRELIMINARIES WERE HELD ON TUESDAY FOR FINAL BOUTS TONIGHT

Plans for the "Y" boxing tournament are progressing nicely and the first frame of the tournament was fought off Tuesday evening.

In order to accommodate the large number of entrants for the tournament a preliminary frame was found necessary and took place in the "Y" auditorium Tuesday evening at 6:30. In order to encourage an interest in the sport it was thought advisable by the managers to make the preliminary bouts a free event.

The final bouts of the tournament will be held Thursday evening at 7 o'clock, at which time a charge of 25c will be made.

There will be a committee of five to decide on the winners in the various events. This committee will be made up of three students who are well versed in boxing and the other two members will be from the faculty boxing fans.

The show Thursday evening will be at 7 and will bear a charge of 25c. Tickets may be purchased of Jack Knapp at the "Y" desk or at the college book store.

6. "Allegro"—Katherine McKee, Mary Ross and Edna Johnson.

A headline in a recent issue of the Grand Forks Herald appeared "Bison runs wild on the streets of Grand Forks." This referred to an animal a resident of the city had tied up which broke its halter and went for a stroll on the streets.

Two weeks ago there were a number of Bison who ran wild in the university armory, and when they met the team from Grand Forks Monday and Tuesday they seemed a trifle wilder.

At one stage of the game Tuesday when the Nodaks were doing some of their wild passing Houser was heard to exclaim, "Shut the windows." Don't see why he should worry, he didn't own the ball.

If Dewey had a few more games this season perhaps he could discover a new star. The first star to crop out from the ranks of Dewey's troops was Bechtel, who did some nice work in several games about mid-season. In the first Nodak game along comes Rumpeltes scoring five baskets and playing wonderful defensive game. In the final game Harry Bridgeford scored two field goals in six minutes of play, the first baskets he has ever scored in a college game. Evidently "Ad" is somewhat of an astronomer.

Because of this cold weather the profs are stepping fast. Now that the term is nearing an end maybe we'll all get passed or passed up. That leaves at least one way for the students to get passed by the profs, and that is, WALK SLOW, but STUDY HARD.

#### —B a B—

If the Bison debaters beat the Nodak debaters tonight the Nodaks will probably claim the Bison didn't beat them fair. 'Spouse they'll argue that they talked them out of it.

#### —B a B—

The Nodaks claimed last fall that the wind favored the Bison at critical periods in the Nodak football contest. In order to leave no alibi this year, Borleske had the holes in our "gym" all plugged up because of the strong wind.

### DEATH CLAIMS JACK CRABBE ON SUNDAY

STUDENT HERE DIES FOLLOWING ILLNESS OF LESS THAN ONE WEEK

Death again claimed an A. C. student on Sunday of this week, when Jack Crabbe died following a brief but tragic illness.

Jack was the only son of Mr. and Mrs. Sam Crabbe of Fargo and had been a student at the college for the past year, attending classes to within a week of his fatal illness.

#### Funeral Held Tuesday

Funeral services were held Tuesday afternoon and large numbers of former students, students and friends of the late student turned out to pay their final respects to the dead lad.

### KAPPA DELTAS WIN BISON SALES CUP

300 YEAR BOOKS ARE PEDDLED BY COEDS IN ADVANCE CAMPAIGN

The Kappa Delta sorority won the Bison sales cup in the advance campaign with a total of 99 books sold. This is believed to be a record for the number of books sold by any organization in Bison sales campaigns of the past. The Sigma Theta sorority was second in the contest which ended on Monday noon.

Three hundred Bisons have been sold by the sororities in the advance sales campaign. The staff assures the student body that the issue of the 1926 Bison is assured. The business manager would like to meet those interested in selling Bisons in the free for all campaign in an attempt to sell 400 copies of the book. Any individual selling 20 copies will be given a copy of the 1926 Bison as a reward. This campaign is open to any one who may be interested.

The sale of advertising has progressed very well. Forty-five firms are listed on the Bison honor roll. This list of firms will be printed in a later issue of the Spectrum and it is hoped that students will patronize in as far as advisable those firms which have helped to make the 1926 Bison possible. To Paul Revell goes the honor of selling the most ads, and boosting the annual among Fargo business firms.

### DEWEY'S FIVE TAKE LAST TWO OF SERIES WITH FLICKER QUINT

BISON ACCOMPLISHMENT IS THE FIRST TIME EITHER TEAM HAS TAKEN FOUR

### BISON MARGINS BIG

BLAKELY COMES THROUGH WELL IN BOTH CONTESTS; OUTPLAYS BOE

#### By EUGENE FITZGERALD

Ad Dewey's Bison cagers made history in their four game series with the University of North Dakota quint by taking the last two games on the Bison court Monday and Tuesday evening, downing the northerners, 43-23 and 46-17. It was the first time either team has ever taken four straight, the Bison having taken three of the four the past two years when the new system was inaugurated.

#### Flickers Hold Lead

In the first game the Bison got away to a flying start and led the Flickers for the greater part of the first 10 minutes of play, when Dewey inserted his regulars. The Flickers held a 10-11 advantage at this point which was soon wiped out, the Bison leading at the close of the period 26-12.

The Bison kept up the pace they had set in the previous period and scored on several sensational shots by Blakely and Greenfield, both the tall Bison tipping in shots while on the dead run.

Dewey took out his regulars after 12 minutes of play had been consumed in the final period and they maintained the top-heavy lead the regulars had acquired during their sojourn in the game.

#### Rumpeltes, Blakely Star

"Big Munn" Rumpeltes was the star of the game, doing everything that was expected of a forward, although his play was not that of the finished performer. It was the first time Rumpeltes had starred in a game of such vast importance and Ben deserved all the plaudits which the crowd gave him when he was taken out. Not far behind Rumpeltes was Blakely, who found the net for four counters and played a splendid floor game. Arnold was off color in his shooting and as a result the Bison leader went without a field goal the entire game, it being the second time during the season he has failed to score from the field. Arnold has not been held scoreless in any contest this season, always managing to break into the score column with a free throw at least. Newgard played a strong floor game but was unable to find the hoop for a field counter, although he was not in easy scoring positions very frequently in the game. Greenfield found the net for four field counters and two free throws and was tied with Rumpeltes for high scorer of the game. Miller found his shooting eye and got three field goals while taking care of the back court in goal shape. Thompson got two double markers and a like number of free throws and was important in the pass game of the Bison during his stay in the contest.

#### Boe's Play Good

Boe was the best the Nodaks had to offer and the big center worked hard all the time but the superiority of the Bison cagers was too much for him to accomplish his desire of taking one game from the Bison. Boe played the floor well and sent many accurate passes to his mates which they handled poorly when within scoring distance of the Bison goal. Arnold came through with eight field goals and three free throws in the second game, which was enough to defeat the Nodaks single handed.

A FINE IDEA—

With the Bison and Flicker contest heading last week's card a little side meeting resulted that may bring forth a worthy enterprise for the traditional rivals.

In talking with the Editor of the Dakota Daily Student the Spectrum Editor and the upstate scribe suddenly came to a conclusion that it would be fine to have a burlesque trophy that goes with athletic victory for the two schools.

Such a thing would parallel the little Brown Jug that is fought for every year by Minnesota and Michigan. It would add a great deal to the interest of the series and at the same time would build a fine spirit of athletic rivalry in the two schools.

This same idea is being broadcast from the Student and the suggestions received are going to be exchanged and the best one picked.

Students are asked to submit ideas through the Spectrum drop box at once.

ANOTHER IDEA—

Ideas seem a little more plentiful than usual today. It must be that veal steak we had over at the Theta Chi house. It sure was good and no insinuation is made in what follows either.

At South Dakota University they have a little Coyote (Coyote is to them what Bison is to us) that accompanies the team and is found at every game.

Of course a Bison could be carried with an A. C. team, they're heavy enough anyway, but a park could easily be erected in the Southeast corner of the campus and a baby Bison quartered there. Such a thing would add to the school and also to the tradition that seems needed here. The cost would be little, only feed and transportation.

Why doesn't some alumni or other body connected with the school promote such an idea if they are wanting to do the college good.

You see that veal didn't remind us of Buffalo at all, but the Southeast section of the campus seemed a good place to put a Buffalo.

It would be seen by everyone passing on either or two of the main exits and entrances to Fargo from either the West or North.

WHERE ARE WE GOING?

On Monday and Tuesday two of the classics that have been features of North Dakota basketball for several years was seen in the A. C. armory. In spite of the tradition attached to the matches the Armory was not filled.

It is true that the weather was bad and that the Bison were favorites, but certainly a new problem has arisen in the fact that a winning team won't draw a crowd in the climax of the season's play. While it is true that the Nodaks were outclassed and outplayed the Bison should have been there 1,300 strong rooting as though defeat was eminent.

It is a poor thing to win without spirit, it is poorer a whole lot than going down fighting to defeat. The Bison came through the most strenuous of seasons with colors flying, 24 of 29 games being won.

In all, such a season is a shining success, the work of Dewey and his team deserves especial commendation, they have fought nobly while the rooters stayed away from rallies and even the games.

If the team can't win the spirit of their home crowd with victory over the most traditional of rivals, how can they get it? It is a question that deserves the thought of every student. The answer should be broadcast at once. Who knows?

"I'M THE FRESHMAN"

A freshman writer in The Geneva College Cabinet overcomes his fear of apprehension, and breaks into print with the following editorial brief on behalf of first year men:

"I am the freshman who is always dodging in the door ahead of the upperclassmen. Why shouldn't I? I am in just as big a hurry as they are. Maybe I haven't any reason to be in a hurry but that is none of their business. I bump into them I should worry; they could see me coming by my green cap. It is their fault! I know the door isn't wide enough for two to pass at one time, but why should I wait until they go through? Maybe I would have to wait until several pass. I have been here two months or three, they ought to know by this time that I don't like to wait. Possibly it is cold and I don't want to catch cold any more than they do. I fthey don't like it I don't care, I am out of reach and hearing before they realize what has happened. So I am the Freshman who dodges in the door ahead of upper classmen."

Home Grown Seeds Are Best Says H. L. Walster

SMALL GRAINS GROW WELL WHEN BRED IN NORTH DAKOTA CLIMATE

Home grown seeds are best for North Dakota conditions, declares H. L. Walster, agronomist and dean of agriculture. "Call the roll," he says "of the varieties of wheat, corn, oats, barley, rye or potatoes that have been tried and found wanting! In the majority of cases the varieties that have failed to stand the test of time have been developed under conditions very different than those occurring in North Dakota."

Can Be Carried

Small grains can be more safely brought from greater distances than can corn, according to the agronomist. Seed corn developed for conditions 100 to 200 miles south will seldom thrive in this state. The best seed corn for any locality is usually that which has been successfully grown within 50 miles of that locality for a period of 10 years.

Even though small grains can be safely brought from greater distances than can corn, there is no evidence that such varieties brought from a distance are any better than the tried and tested varieties grown and developed within the state or in climatic regions closely similar to those in North Dakota. Neither long season, nor short season varieties of small grains have on the whole proved as successful as the mid-season varieties.

Spring Varieties

Short season varieties are likely to be short strawed, usually stool poorly and hence are lower yielders than are mid-season varieties. Long season varieties are more apt to encounter damage from hot winds because their blossoming time comes at a time when such winds are usually more prevalent.

Early maturing varieties of spring wheat are just as susceptible to black stem rust as are the late maturing varieties. They sometimes escape serious rust injury but rust often hits

them hard before they have time to dodge by ripening early.

COLLEGE AND STATE NOW GIVEN STUDENTS

College and State, official publication of the alumni and former students, will now be available to all resident students of the college who care to call for it at either the Spectrum-Bison office or the athletic department, according to Maynard W. Brown, editor and W. C. Palmer, business manager of College and State.

The publication will carry material of interest to students as well as alumni and will be issued free to those who care to ask for it. It is published every other month and carries articles dealing with student and alumni life and interest. A feature of the magazine is the four page illustrated section, depicting campus scenes and events.

## REDMAN'S WOPSTAKE MIDGETS MEASURE IN SECTION TITLE GAME

MIDGETS FALL BEFORE EXCELLENT TOURNAMENT TEAM IN FINAL

### HOPE GETS THIRD

NORTHERN QUINTS WINS CONSOLATION; BRISTOL GETS FREE THROWS

Coach M. R. Redman of Wahpeton took his team through to a title for the first time in four years last week end in play in the first district of the North Dakota high school cage tournament.

It was the first defeat for the Midgets in three years of North Dakota tourney competition. It also was the first time Wahpeton had taken a title since 1921, when they did as they did last week by displacing the favorites, Fargo.

#### Hope Takes Thriller

In the early rounds of the tourney Wahpeton came through with a win over Fairmount while Tower City fell to Lisbon in the initial game of the meet. Fargo took Milnor's measure with a one-sided count while Casselton and Hope played the feature game of the first round by going to a 20 to 17 thriller which Hope finally won.

The semifinals saw Hope matched with Fargo and Lisbon with Wahpeton. The Midgets and the Wops ran true to form and came through to the finals which were played on Saturday of last week. The losers played for third place, a new feature in the meet and Hope came out the winner after being forced for 40 minutes by Coach Scott's Lisbon five.

Another feature of the tourney was the free throwing contest, used this year for the first time. Buster Bristol won this event with a total of 20 out of 25, an excellent score for competition under fire.

As far as can be learned the Fargo lad's total was the best of any tourney staged over the state.

All district teams picked by the sports editor of the Fargo Tribune follow:

#### FIRST TEAM

George Hermes of Wahpeton and Bristol of Fargo, forwards; Achter, Wahpeton, center; Haas of Fargo and Al Hermes of Wahpeton, guards.

#### SECOND TEAM

Hegle of Lisbon and Askew of Casselton, forwards; O'Connor of Fargo, center; Ranes of Lisbon and McNeese of Fargo, guards.

An especially pleasing feature of the tourney was the sportsmanship displayed by the teams entered. On no occasions were the decisions of the officials disputed and the general attitude and play of some of the best seen in tourneys here.

## Dewey's Five Take Last Two of Series

(Continued from Page One)

Arnold played a bangup game at guard and was the main cog in the Bison pass game.

#### Bridgeford Scores Two

Dewey started his regular lineup at the outset of the game and kept them in until 14 minutes of the last period had been consummated. The Bison were leading, 41-15, at this point and in the remaining play Veigel scored his second field goal of the contest, while Thompson contributed one free throw, the count being further enlarged by Bridgeford's two field goals, the first the tall Larimore boy had scored in a college basketball game. Bridgeford realized a long standing ambition, that of scoring a field goal against the University. Bridgeford played a good defensive game also,

intercepting many of the well intended Nodak passes. Bridgeford's first basket was the kind fans like to see made, taking the ball on the rebound and caging it while still in the air. The Bison held a 24-9 lead at half-time, due to baskets by every Bison with the exception of Newgard, who scored a field goal in the latter half of the game. Newgard's floor play helped immensely in assisting the other four in getting their counters, however.

#### Dewey Inserts Troops

Greenfield opened the second period with a free throw to bring the count to 25-9 for Dewey's quint. It was at this point that Arnold did his best work of the game, caging five field goals on fire tries before Greenfield scored his last field goal, bringing the Bison count to 37 while the Nodak count remained stationary. Boe got two field counters shortly after, while Edwards scored his second field goal before Dewey inserted his troops.

Blakely was second only to Arnold in this contest and dropped the ball through the hoop four times during the fray which was further enhanced by his clever ball handling and passing. Boe again was high point man for his team and the main cog in the northerner's floor play.

## FITZGERALD, CRAMER WIN PRIZE CONTEST

### COUNTRY WEEKLY WINNERS GET \$25 IN PRIZES FOR CLASS WORK

Four men students in the country weekly class in journalism are wearing broad smiles this week. The four are the winners in the news gathering contest conducted throughout the term. Owners of the smiles are Mercede Cramer, Eugene Fitzgerald, Gustave Anderson, and Clarence Bryant. As Cramer won the first prize his smile is the broadest and his name listed first. For turning in the largest amount of quality copy he received a check for ten dollars. Fitzgerald received \$7.50; Anderson, \$5 and Bryant, \$2.50.

The Country Weekly class is a new journalism course started this term by Maynard Brown, assistant professor of journalism. Students in the course study the weekly papers of the state and gather items and news about the college students, sending these items to the weekly press.

In addition to the scholastic credit given for the class work, the news gathering contest provides opportunity for the best and most prolific writers to earn part of their way through school. Prizes are awarded twice each term. The course is continued throughout the year, any student in college being eligible to enter any term as no prerequisites are required. Nineteen are enrolled in the course this term.

## BARRACKS CLUB NAMES OFFICERS FOR SEASON

Officers for the following year were elected by the Barracks club at the regular meeting held Monday evening.

The newly elected officials are Olaf Studlin, president; M. A. Cramer, vice president; Ruben Stende, secretary-treasurer, while Pete Murchie, Howard Parkinson and Frank Davork were elected to the positions of sergeant-at-arms for the south, west and north wings respectively.

The retiring officers are Louis Moe, president; Charles Oliver, vice president, and Martin Anderson, secretary. In his acceptance of the office Olaf expressed a desire to so strengthen the organization as to make it one of the important factors on the campus. Judging from the prolonged and effusive applause that was given him the club will give him all the assistance in its power to grasp his ideals.

## NOTED ARCHITECT VISITS ON CAMPUS

### WILLIAM EMERSON STOPS OVER A DAY ON HIS WAY TO THE COAST

William Emerson, head of the department of architecture, Massachusetts Institute of Technology, and president of the Association of Collegiate Schools of Architecture in America, left Monday evening for Pullman, Wash., after spending a day visiting the architectural department of the college.

Monday noon Mr. Emerson was the guest of honor at a banquet given in the Little Country theater at which architectural students were present. He was also the principal speaker at the banquet.

While on the coast Mr. Emerson will continue his tour of inspection of schools of architecture which he is undertaking in the interests of the association.

### Gardner Meets Mares

The Theta Chi boys were especially interested in the outcome of the eighth district high school basketball tourney last week since Bob Gardner and "Baldy" Mares, two alumni members, were coaching opposing teams in the tourney. Donnybrook, coached by Bob, succumbed to the attack of Kenmare under "Baldy's" tutelage in the final game of the tourney. Last year "Baldy" lead Kenmare to the state meet only to be defeated by Mandan, whose director was Roy Reis, another fraternity brother.

## PLEASANT PEOPLE

"Store manners" may not be as important as ballroom manners but we think they are. Every store that has become an Institution holds to the same doctrine. When you come to this store, every one here becomes your host as truly as though you visited them at their own homes. As a guest you expect courtesy without stiff formality, careful attention to your wants without impertinent suggestion, and a pleasant echo of the welcome that greeted your arrival when you leave. All this is assured you whenever you call, but you are reassured NOW, because we want you to know that we are glad to have you come and see the new spring shoes and other merchandise, just arrived, even though the thought of purchase may be weeks away.

## Remember This Pen's Record

Has Never Been Equalled When You're Offered a Pen "as good as the Duofold"

REMEMBER the four crack Pennsy train dispatchers who have written at a gruelling pace with Parker Duofold, 8 hours a day for about two years. Or the man in Los Angeles who signed his name to 1067 checks in an hour and 30 minutes, without refilling his Duofold once. Or the 31,000 hotel guests who registered with a Duofold that still writes as if only one hand had ever used it.

Yes, the Duofold's super-smooth point has a speedy gait on paper, and no style of writing can distort it. And this black-tipped lacquered beauty will ever flash your eye its friendly reminder not to leave your pen behind when you lay it down.
