AGRICULTURAL COLLEGE, NORTH DAKOTA, FRIDAY, FEBRUARY 6, 1925.

NUMBER 9

## MILITARY BALL STARTS AT 8:30

### BISON TACKLE TOUGH TIGER FIVE TONIGHT

#### DEWEY LEAVES WITH 8 MEN IN QUEST OF CONFERENCE TITLE

BISON MUST WIN EVERY GAME ON SCHEDULE TO HAVE CHANCE

#### STATE PLAYS JAYS

CREIGHTON GAME TOMORROW WILL PRACTICALLY DECIDE RACE

Bison cagers, who left Fargo Wednesday evening will take on the tough Des Moines quint tonight in the first North Central game of the Bison southern invasion. Last night the Bison were the guests of St. Thomas hoopsters and tomorrow they will attempt to clip the wings of Coach Schabinger's wonder Creighton five.

In Des Moines tonight they face a tough assignment. The Des Moines crew played Creighton to a 25 to 13 game last week and showed considerable ability in holding the Jays to their lowest score of the year with the exception of the Minnesota game in which they were beaten. Since that time the Omaha five have beaten Notre Dame, Iowa, Indiana and Drake. All of the Creighton wins have been featured by one-sided scores, a number running over the fifty mark.

The Bison will be in good condition for tomorrow's game, barring injuries received in last night's and tonight's contests. At the same time they will have another break in their favor. South Dakota State, the wonder passing team that tossed a bombshell into the Bison camp a week ago, will meet Creighton on Saturday night and will try to down the loop champions. West can be counted on to offer the Jays a battle royal in the meeting of the two, who played for football honors. Nothing would please Brookings better than to take the feathers off the Bluejay in basketball.

On Monday the Bison will travel to Fremont, where they tackle the Midland college quint. In this game Dewey will attempt to give his benchmen a chance to work out while regulars watch the game from the sidelines.

On Tuesday the Bison will engage in the third conference game of the trip when they take on Nebraska Wesleyan. The Nebraska Coyotes do not appear to have formidable opposition for the Bison and a win should be brought home by Dewey and his Buffalo. This contest will conclude the last long trip of Bison this season and the coast tourists will return to the home stamping grounds for games next week with South Dakota University and Creighton.

Those making the trip are Captain Cy Arnold, Red Blakely, Ted Greenfield, Claude Miller, Wad Thompson, Jug Newgard, Dutch Rumpeltes and Harold Bechtel.

#### SIGMA THETA'S HOLD INITIATION ON TUESDAY

Initiation services for Florence Early, Valley City; Olive Winslow, Cooperstown; Shannie McNeese, Virginia Wright, Margaret Revell, Gladys Whitney and Katherine O'Connor, Fargo, were held at the home of Dorothy Stoudt. After the service a banquet was served at the Gardner hotel followed by a program of toasts, given by Katherine Eddy, Florence Early, Thelma Edebrock, Margaret Revell, Miss Lamb and Mrs. Callander. Ruth Von Sien presided as toastmistress.

#### Prom Queen

Edith P. Skurdall

#### BISON SALES DRIVE OPENED WEDNESDAY WITH GROUP DRAW

FIVE WOMEN FRATERNITIES WILL VIE FOR HONORS IN CONTEST

#### SOME GET TWO

EMBLEMATIC CUP WILL BE GIVEN WINNER FOR WORK ON ANNUAL

The annual Bison sales campaign opened Wednesday with the sorority presidents, drawing for the exclusive sale rights to the various fraternities on the campus. According to the rules of the contest each sorority will have the right to sell all the Bisons that will be sold to one group on the campus. Pledges are included in the rules. Non-fraternity members are free agents and may be solicited by any group. The winner of the contest will get a silver loving cup appropriately engraved as token of their work. Interest in the Bison has taken a new lease on life with the announcement of this and other contests. The feature of the book will be the Ace section, an official recognition by the book of the outstanding work done by students during the college year and their career while here.

Each of the three upper classes will be allotted one page on which will be the pictures of the eight members of that class selected by popular vote of the class as aces. Marie Smith, president of the Junior class and campus editor of the Tuesday Spectrum, has been put in charge of this section by Stewart Schlipf, Bison editor.

Drawings for the sororities follows: Delta Phi Beta—Theta Chi. Sigma Theta—Delta Kappa Sigma. Kappa Delta—Alpha Kappa Phi. Phi Kappa Lambda—Alpha Sigma Tau—Kappa Psi. Phi Omega Pi—Alpha Gamma Rho—Delta Pi.

Those making the drawings were: Delta Phi Beta, Libby Doyle; Sigma Theta, Kate Eddy; Kappa Delta, Myrtle Euren; Phi Kappa Lambda, Catherine Cockrell; Phi Omega Pi, Leone Sands.

Only 35 per cent of the 680 men at Syracuse are physically fit. Flat feet and defective eyesight were the most common imperfections.

Complete elimination of enforcement of freshmen rules by physical means, substitution of committee action, and introduction of an "irresponsible list" are among unusual adopted laws of the student body at Columbia university.

#### Wanted!

Considerable comment has been brought Ceres hall due to the lack of mention that that body has gotten in the Spectrum. Until recently they have made no contributions to the drop box. That omission drew the ire of the entire body. That omission was due to complications arising in the printer's office. It will not happen again. What the Spectrum wants is an authorized Spectrum representative. Who will she be?

#### Prom Manager

Leslie F. Narum

#### LELAND PARKER 7 PIECE ORCHESTRA IS TO FURNISH MUSIC

EDITH SKURDALL, CADET LT. COLONEL NARUM LEAD GRAND PROMENADE

#### SEVERAL FEATURES

BILL HURT, JEANETTE EUREN FEATURE WITH APACHE DANCE NUMBER

Thirty minutes of informal dancing will precede the formal program of the Military Ball that will be given in the college armory this evening. The informal program is scheduled to begin at 8:30 with the formal program of 12 dances and three extra numbers starting promptly at 9.

Seven Pieces Play Music for the occasion is believed to be some of the best in the state. The Leland Parker hotel orchestra of Minot has been secured and will play the entire program. Seven pieces compose the Magic City orchestra. Two saxophones, banjo, cornet, trombone, piano and drums compose the instrumentation of the orchestra and a feature program is assured for the first all college formal function of the year.

The Grand March, the feature number of the program, is the fourth one on the program and will be led by Cadet Lt. Colonel Leslie F. Narum, who is managing the ball under the auspices of Scabbard and Blade, honorary military fraternity. His partner for the grand march will be Miss Edith P. Skurdall. Second in line will be Cadet Colonel (honorary) J. Ogden Brauer, with his partner, Miss Emma Hatlie.

One hundred and twenty-five tickets have been placed on sale for the ball and last minute indications point to nearly a complete sale of the allotted quota. Decorations will be in the patriotic colors, red, white and blue. Festoons, streamers and flags together with the small guns that are used by the Military Department, will form the background for the tenth annual military ball.

Programs are in white parchment with the Gold Shield of Scabbard and Blade embossed upon the cover. They are in white with a heavy white wrist cord for the ladies and a blue string and pencil for the men.

Patrons and patronesses for the party are Dr. and Mrs. John Lee Coulter, Major and Mrs. W. F. Harrell, Captain and Mrs. Thomas S. Smith, Captain and Mrs. W. W. Millard and Dr. and Mrs. C. S. Putnam.

#### BAND NOW WORKING ON CONCERT PIECES

The band has several numbers in rehearsal which "Doc" says are some of the most difficult pieces which are played by any college band and are not touched by any band in this part of the country.

The following are the pieces which are now in rehearsal:

Overture—Il Guarany—Gomez. Intermezzo—Pas des Fleurs from Ballet "Naila"—Delibes. Overture—Tanhauser—Wagner. Symphonic episode—A chant from the Great Plains (a prize composition)—Carl Busch.

Suite for Military Band from Sigurd Jorsalfar—Greig, Op. 56.

All of these pieces are in some period of being worked up. The first is almost ready for presentation.

#### MARCUS FLATEN DIES MONDAY AFTERNOON

FORMER STUDENT MEETS DEATH FOLLOWING LINGERING ILLNESS

A sad blow was felt by the campus and the Theta Chi fraternity on Monday of this week when Marcus Flaten, a former student here, died following a lingering illness. Cancer was the cause of the former student's demise.

#### Had Brilliant Career

Death robbed Flaten of a brilliant career on the campus after he had been here three years. Had not death interfered he would have been a member of this year's graduating class and would have held the office of vice president of his fraternity. He also took a prominent part in the work of the H. C. Plumley chapter, order of De Molay.

Graduating from Moorhead high school in 1921 Flaten entered the college in the fall of that year and was pledged to Phi chapter of Theta Chi. He was initiated into the fraternity in the spring of 1922 and took a prominent place in all the work of the fraternity, being elected to hold the office of vice president this year, only to be kept from it by the illness which later caused his death.

Pall bearers for the funeral, which was held yesterday, were Allen Keltner, Frank Leakey, Donald Peet, Latimer Johnson, Morris Fredericks and Bernhard Ellingson.

Death has robbed the campus of a student that was a credit of the school wherever he went. His loss is one that will be keenly felt both on and off the campus. He was a student in every sense of the word and was exceptionally well liked by both students and faculty.

Students who have to submit only to regular medical examinations are fortunate. Thirteen hundred students at Lehigh were examined by ten different specialists in search of physical defects.

Charles T. Wrightson of Oregon Agricultural college flew to school in an aeroplane and is paying his way through college by taking up passengers in his machine during spare time. University of Arizona has a student who rode to college on a bicycle from his home in Oklahoma.

# "Y" TO HOLD ELECTION SOON

## EVERY STUDENT ON CAMPUS WILL HAVE VOICE FOR OFFICERS

ALL OFFICES MUST BE FILLED BY SUCCESSORS IN MARCH ELECTION

## SUDRO'S TERM OUT

ANY STUDENT WILL BE GIVEN VOTE ON FILLING OUT CARD

Any student of the college who has filled out a membership card in the college Y will be eligible to vote in the coming March election, says Secretary H. J. Thompson.

Those who have not secured cards may get them from the secretary's office in the college Y. The election is an annual affair and is held each year during the early part of March in compliance with a constitutional ruling.

The secretary urges that every man fill out a card and take out active membership in the Y which costs nothing more than the moral support of the individual students. Seven offices are to be filled in the coming election together with one faculty office, that of Professor W. F. Sudro.

The retiring officers and their offices follow:

- Faculty board member—(Prof. W. F. Sudro's term expires).
- President—Llewellyn Howell.
- Vice president—Vacant.
- Recorder—Byron Berntson.
- Student treasurer—Warren Tewksbury.
- Student board member—Roy Lawrence.
- H. S. representative—Earl Pease.
- Industrial representative—Edgar Sturlaugson.

## PUTNAM ANNOUNCES NEW GOLD STAR MARCH

The completion of a new march, "Gold Star," has been announced by "Doc" Putnam. It was tried at the last rehearsal of the band and was pronounced by some of the members to be even superior to the other march, the "Major Harrell" which has just made its appearance.

The "Gold Star" march introduces several novel effects and it is entirely different from the "Major Harrell" march. It opens with a fanfare of trumpets. Another of these effects peculiar to this march is the pipe organ effect which is brought in in the second strain. In the third strain a singing chorus is introduced which is reminiscent of the "Yellow and the Green." In fact, our toast song could be sung to this accompaniment and by listening closely when the band is playing we can hear the oboe carrying the tune of the "Yellow and the Green." The words for the refrain follow:

"Ho, a cheer for Green and Yellow" Is the song of the Gold Star crew, As they march with a swing so jaunty, At parade or at full review.

"Win more stars," the A. C. slogan, Which is sounded both near and far, For there's nothing so dear to the hearts of our soldiers as the R. O. T. C. Gold Star.

The band broadcasted successfully its second radio concert of the year last night from WPAK. The concert was of the best type of music and received very favorable comment. The

## Curwood Was Never In Alaska Says Jenson

FORMER STUDENT OF COLLEGE NOW IN ALASKA MAKES INTERESTING TALK BEFORE THE WEDNESDAY CONVOCATION.

"James Oliver Curwood was never in Alaska," was one of the interesting high lights of a talk given by Thomas Jenson, former student at the college and now a member of the Alaskan legislature, at convocation Wednesday morning.

Here in 1900

Jenson was a student at the college in 1900 and took part in the gold rush to the frozen north in that year with 40,000 others from "the states." Many points in the mining of gold or rather extracting it from the frozen soil, were made by the former student in his talk. The details of staking and panning were explained to the students.

Among the other high lights of his talk was a tale of a Russian nobleman who had been in the western part of what is now the United States and was on his way to the czar's court in Petrograd with a message of the western wonderland. On his trip across the Siberian tundra the Russian nobleman froze to death and the message never reached St. Petersburg. "Had that man made his trip, the whole of our western country might have been under the red flag of the Soviet today," declared Mr. Jenson.

In closing his talk Mr. Jenson told of the need in Alaska of college graduates. "We need all of you in all your fields," he said.

program was the same as that printed in the last Friday's issue of the Spectrum.

Because of the small size of the platform used at the basketball games the band has been divided into two parts each with twenty-seven members. These sections each have the complete instrumentation and have been divided so as to make the playing ability of both about the same. Section 1 played at the game last Saturday night and Section 2 is scheduled to play at the next game.

## Song Contest

On, A. C. (Till My Dreams Come True) There is a cheer, there is a song On the field today.

There is our team, our wonderful team, One that always win.

Chorus While we cheer them on With our shout and song Up with Yellow and with Green, While the grand stands ring With the cheers and sing Best that e'er were seen. And our boys show fight For the side that's right In their passing on the ball, For the A. C. I'll stand With a victory in hand As we cheer them on.

—J. W.

University of Minnesota is to have a vest pocket edition of its year book, "The Gopher" in 1926.

Columbia students are not at all high-brow in their taste for food, judging from the large number of "hamburger shacks" infesting its bordering streets.

## INDUSTRIAL COUNTY FAIR RESULTS IN MANY EXHIBITS

Ideal weather prevailed when gates opened to a record crowd at the Fifth Annual County Fair held at 4 p. m. Saturday in the Little Country theater, Main hall.

Exhibits of industrial classes in Farm Husbandry, Power Machinery and Home Economics on display showed some meritorious work. Model and ill-planned farms were platted side by side giving the visitors the advantages and demerits of either. Electricity generated by water power featured in the scheme of the model farm. Forgings and lathe work were other exhibits of the Power Machin-

ery class. An immense cake, which was auctioned off, and other exhibits made up the Home Economics display.

Speakers of the afternoon were Professors E. S. Keene and E. J. Thompson, also a member of this year's stock judging team, Theodore Martell. Professors Keene and Thompson spoke on the origin of the Chicago International Stock show and other expositions. Mr. Martell told of his experiences on the Chicago trip, illustrating it with slides.

The evening was taken up by musical entertainment largely, featuring Adolph Stoa's extortions on a saw. A singing contest between the farm husbandry and power machinery classes was won by the latter. Concession stands and other features lent a final touch to Professor Arvold's exposition.

## Knewsey Knosey Kampus Kolumn

### RIFLE TEAM NOTICE

All fifteen members of the rifle team must shoot the first stage of the Hearst trophy match before Saturday noon, according to Sergeant Culpepper. Next week members will be assigned specific times when they must shoot.

### Visits Sister

Miss Gertrude Pfeifer, Phi U house, spent the week end in Crookston, Minn., visiting with her sister.

### Guest Dinner

The girls of the Practice House entertained at a guest dinner Tuesday evening. The guests were the Misses Andersen, Finlayson, Lamb, Smith and Sand of the faculty. Dinner was served at 6:30 o'clock.

### Miss Risk Returns

Miss Florence Risk of Lisbon, N. D., who has been the guest of Miss Mary Westfall, Phi U house, has returned to her home.

### Plans for Party

The "rookies" of Phi Omega Pi are making plans for a party to be given the active members of the chapter some time next week.

### Listen to This!

The Kappa Phis have received an announcement of the marriage of a brother, Mr. Ernest E. Johnson, to Miss Wilhau of Marshalltown, Iowa, on January 26, 1925. Mr. and Mrs. Johnson will make their home at Hillsboro, N. D., where Mr. Johnson is county engineer.

### A New Library

Students of the N. D. A. C. have come to the realization that if good sound study is to be secured the student must have a proper place in which to prepare his work. Our present library abounds in wonderful books of every type, has plenty of chairs and tables, has capable librarians and assistants—what more could a student ask? Room—room—our library is too crowded. Let's work for a new library in which we can have plenty of room.

### Prof. C. B. Waldron Speaker

Prof. C. B. Waldron, head of the horticulture department of the A. C., spoke before the Kiwanis club at their weekly meeting. Prof. Waldron urged the people of Fargo to renew old trees and plant new ones.

### "Marj" to Wahpeton

Miss Marjorie Gullickson will go to Wahpeton this week end to conduct a class in dancing on Saturday. Marjorie is an assistant of Miss Marie Early, dancing instructor in this city. Miss Early is a former A. C. student.

### Formal Initiation

The Sigma Theta sorority held formal initiation services Monday evening at the home of Miss Dorothy Stoudt, 412 Eighth Ave. S. A banquet dinner was served at the Gardner hotel at 7 o'clock.

### Florence Cole Ill

Miss Florence Cole has gone to Minneapolis to be with her parents while treating eye trouble. Florence's condition grew gradually worse until her eyes began to trouble her severely. She had been forced to remain home for several days prior to her leaving for Minneapolis.

### Mrs. Bliss Here

Mrs. Bliss, mother of George Bliss, is passing through Fargo tonight on her way to Florida to spend the balance of the winter. George is anticipating the hour in which to visit with his mother.

Mr. "Mel" Semonds, A. C. taxi manager and former A. C. student, has gone to Minneapolis on business.

### Theater Party

A group of the Kappa Phi boys had a theater party Tuesday evening.

### Remember!

Start saving for your Bison. We want 100 per cent sales this year.

### Bridge for Alumnae

The alumnae members of the Phi Omega Pi sorority were the guests of the active members at a bridge given Wednesday evening, Feb. 4, at the home of Mrs. Alex Bruce, 923 Sixth St S.

### Too Bad, Don

Don Andrist of Lidgerwood is confined to St. Luke's hospital as the result of an injury received in the Alpha Sigma Tau-Delta Sig basketball game Wednesday evening. Ten stitches were taken in Andrist's scalp to close a cut sustained.

### Attends Beta Jig

Miss Corinne Brauer recently pledged Phi Kappa Lambda, attended Monday night a dinner dance at the Dakotah hotel in Grand Forks given by the Beta Theta Pi. Seventy couples were present and one feature was a chain dance by all present.

### Herbie Here

Herbert Herbison, who has been in Bismarck on census work, returned to college Sunday.

### Harry Leaves

Harry Critchfield will leave soon for Grand Forks, where he will be engaged in work for the government.

George Bairey and Charles Wells spent last week end at their homes in Tower City.

### Swede Returns

Swede Hanson has returned to his studies after a short illness.

### Mateer Leaving

The band will lose its first bass in the person of Sibley R. Mateer, who is moving with his family to California. He will probably enter the University of California. Mateer was also a member of the cadet rifle team.

### Basket Ball

Fred Bruns, physical training director of the college Y, has announced that any teams or organizations among Y members who wish to play basket ball and who were too late to enter the Trophy tournament should leave word for him at the Y desk. If teams will do this he will attempt to match them up for games. These games will have to be played in the afternoons. Enough interest shown in new teams might even lead to the starting of an afternoon tournament, Fritz says.

### Boxing Class

Jack Knapp, who so successfully staged the last Y boxing class and tournament, is starting another class in boxing. Classes will be held at the Y on Tuesday and Thursday evenings at 7 o'clock. Any one wishing to sign up for this course should see Jack or sign up at the Y. A set of rules are posted in the Y lobby.

### Bowling Tournament

Arrangements have been made to stage an individual bowling tournament on the Y. M. C. A. alleys. There is a very fitting trophy for the high man on display in the Y lobby. Any one wishing to enter this tournament should sign up at once, as play will start the first part of this week. Over twenty entries have already been made. Tournament rules are posted in the Y and entry can be made at any time.

### Congratulations

"Doc" and Mrs. Putnam announce the marriage of their eldest son, Ray, to Miss Caroline Smith at Cleveland, Ohio, on January 26. Ray was a student here in the high school and college, during which time he played first clarinet in the band and was his father's first assistant. Since leaving here he has played in orchestras in Minneapolis, Milwaukee, El Paso, Texas, and Chicago. He is now playing in the Emerson Gill orchestra in Cleveland, where he has been for a year and a half. The couple plan to make their home in Cleveland.

### ?

Watch your step, Agnes of the Phi U house!

Don't forget the Sigma Theta all sorority dance tomorrow evening.

It costs but \$7 a month to go to school in China, tuition, board and room included. Of this amount, the largest item of expenditure is for the purchase of books.

### Ceres Girls Dance

The girls living in Ceres hall had a party in the gymnasium after the game Saturday night.

Every girl came dressed as a little girl and had to say a nursery rhyme before she could enter. Games and dancing were the order of the evening. Miss Opal Biggs gave some interpretative dances, two of which were Little Miss Muffet and the spelling out of the words "Ceres Hall."

Eunice Kingsley had charge of the program; Gladys Brockwoldt of the refreshments for which each girl had to sing a song, and Olive Winslow, Mildred Vold, Blanche Oberg and Ruth Wilder furnished the music.

Irene Stende was awarded the prize for the most sedate little girl and Opal Biggs for the most childish little girl; but Mrs. Kelsey said that she wished she had a prize to offer to each one there for they were all good.

Ogelthorpe University in Georgia has a 10-year-old student.

## Winning the West

Irrigation by electrically driven pumps has made hundreds of thousands of acres of desert land in the Intermountain West blossom like the rose.

For a few cents a month per acre, electricity—the giant worker—brings the life-giving water from distant lakes and rivers to rainless valleys, producing rich harvests of fruits and vegetables, cereals and forage.

What electricity is doing for the farmer is only a counterpart of what it is doing for Industry, Transportation, City and Country life or any of the professions. It is a tool ready for your use and which, wisely used, will make the impossible of today an accomplished fact tomorrow.

How electricity does these things is important to the student in a technical school—but *what* electricity can do is important to every college man or woman, no matter what their life's work may be.
