### Thea Chis and Rhos Will Fight for Gonfalon

TWO TEAMS PLAY THIS EVENING ON CAMPUS

Theta Chi ball tossers won their third consecutive victory and clinched the title of the American League by downing the Delta Kappa Sigma nine 8-5 on Dacotah Field Friday morning. Bute pitched good ball for the winners being touched for only five hits while Morrow was nicked for eight. Theta Chi met the Alpha Gamma Rho, champions of the National League in the third game of the world's series tonight 6-15.

### Alpha Kappa Phi Hold Annual Meet

Members of the Alpha Kappa Phi fraternity held their annual reunion and banquet last Thursday, Friday and Saturday. Thursday was devoted to a business session and mock initiation of pledges. On Friday the formal initiation was conferred and in the evening the fraternity journeyed to Fairhaven near Detroit where they took over C. G. McNeal's resort for the week end.

Alumni from many different places attended the meeting including Bill Bina, and Ralph Erick of the state hall department, "Dad" Heising and Emanuel Johnson of Chicago, Bill Trumbull of Lisbon who has just returned from California, Willis Wyard of Bismarck, Tony Flamer of Minn., William Trepanier of Grand Forks, Cy Mergens, state hotel inspector, Fern Williams of Bottineau, Les Ball of Minneapolis. In addition the alumni residing in Fargo and Moorhead attended the meetings and gathering at the lakes.

A Geneva picnic was given for Y. W. cabinet members, committee members and members of the advisory board, Wednesday afternoon at 5 o'clock at Oak Grove for the purpose of creating interest and enthusiasm for the Geneva conference held each summer at Lake Geneva.

Misses Myrtle Euren, Edna Mae Johnson, and Marion Bender spoke to the girls on their experiences at the conference.

### AN APPRECIATION

In behalf of the High School Class of '24 I wish to express our hearty appreciation to Superintendent P. J. Iverson for the help and the cooperation that he has given us while here at school at the A. C. We are indeed fortunate in having a man like Professor Iverson at the head of the High School Department; a man who understands the ups and downs of school life, and who earnestly works for, and helps all those who are here for the purpose of getting something worth while out of school life. One rarely finds a man in his position who so willingly participates in the many important details essential to carry on school activities successfully. Our best wishes for continued success go forth to Prof. Iverson.

—A High School Senior.

#### DID YOU GET YOURS?

The Senior Class rings are here and ready for distribution, according to Leo Osman, in charge of that part of class activities this year. Those having placed their orders for rings or pins can have the same now on making satisfactory arrangements for the balance due on them. Mr. Osman, thru the Fargo Jewelry Manufacturing company, wishes to announce that additional rings and pins may be obtained direct from the company, as its manager has made up a number of extra stock rings and pins to take care of those who might not have found it convenient to place their orders earlier in the year.

### Dr. Walsters Succeeds Waldron as Ag. Head

Dr. H. L. Walster, has been appointed to succeed Dean C. B. Waldron as head of the School of Agriculture, according to the new elections of members of the faculty and extension division announced last week following the recent meeting of the board of administration here.

Dean Waldron will now have an opportunity to devote more time to his chosen work in forestry and horticulture.

Dr. Walster is a graduate of Wisconsin University and was later on the faculty of that institution as assistant professor of soils. He also studies at Harvard and Chicago, from the latter institution receiving his doctor's degree. He has been in charge of the soils department of the school of agriculture here prior to his election to the deanship.

Marjorie Lieberg Leaving  
Miss Edith Mae Chalvey was elected instructor in the department of public speaking to take the position now held by Miss Marjorie Lieberg, resigned. The resignation of G. J. Van Dyke, assistant professor of physics, was accepted and Dr. C. L. Swisher was elected as professor of physics for the full calendar year, effective September 1.

Miss Alice M. Flaten was elected to fill the vacancy caused by the resignation of Mrs. Rex Willard, formerly Miss Ruth Kennedy, as state agent in home demonstration. Miss Flaten will take over the duties of this office July 1.

Robert McConnell, instructor in agricultural education, was employed on the twelve-month basis instead of for nine months only as heretofore. The resignations of L. R. Holland, instructor in dairying, Eugene Drake, instructor in botany, J. W. Haw, county agent leader, and Milton Jensen, county agent of Renville county, were accepted by the board. Fred Wilkinson, a graduate of the agricultural college, was appointed in place of Mr. Jensen.

Smith and Churchill Study  
I. W. Smith, professor of mathematics, and O. O. Churchill, professor of agronomy were granted leaves of absence for nine months and C. I. Nelson, professor of bacteriology, was granted leave of absence for six months.

The leave of absence of Dr. H. L. Foust, veterinarian, was extended two months.

### Abbie L. Simmons To Leave This Summer

Miss Abbie Louise Simmons, associate professor of English at the college for several years has resigned her position, the resignation to take effect at the termination of this school year.

Miss Simmons has been active in many lines of work during her stay here and will be keenly missed next year. She was instrumental in founding the Shakespeare Club of the college, and was a prominent member of the drama section of the Fargo Fine Arts Club. She also has written a number of pageants and plays which have been presented at various times at the college.

Bison tracksters failed to qualify in the annual N. C. I. conference track meet held at Sioux City May 23 and 24. The meet was exceptionally fast, seven new records being established. Des Moines University took the honors with 54 5-6 points. Morningside and S. D. U., tied for second honors, each gathering up 39 1-3 points, followed by S. D. State, who garnered a total of 27 points. Creighton, who won the indoor meet last winter, grabbed fifth place with 14 points. N. D. U. copped off 10 points to get sixth place, followed by Nebraska Wesleyan who annexed 8 points.

George Simpson, Des Moines star was high point man with 12 to his team's total and also broke two of the seven records. Simpson's two new marks were made in the 16 hurdles, which he negotiated in 16 seconds, 3.5 of a second faster than the mark made by Cornwall of S. D. U. last year, and cleared the bar at 6 feet 1 1/8 inches, displacing the mark made by Shelver of North Dakota in 1922 by 1 1/8 inches. Nelson, N. D. U. javelin thrower, boosted his own mark of 165 feet 4 inches, 3-4 of an inch when he hurled the long spear 165 feet 4 3/4 inches. Wylerg of Nebraska Wesleyan set a new shot put record of 42 feet 1 1/2 inches to beat the old mark of 39 feet 11 inches established by Schutte of S. D. State last clipped off the 220 yard dash in new record time by doing the distance in 22.8 seconds. Cram S. D. U., distance runner, clipped 21 seconds off his own two mile record by running the long distance in 10 minutes 1.2 second. The S. D. U. half mile relay team set up a new record in that event of 1:31.5.

The showing of the Bisons, while in a way disappointing, was not entirely unexpected, as lack of training facilities handicaps the trackmen, while the other conference for training.

The summary:  
100 dash—Jacquith, S. D., first Cleworth, Morningside second; Motley, S. D. State, third; Rick, S. D. State, fourth; time 10.1 seconds.  
Pole vault—Redfield, S. D., Swartz, Morningside, Renquist, Des Moines tied for first; Meisenholder, S. D., fourth. Height 11 feet.  
High Jump—G. Simpson, Des Moines first; Ryan, S. D., second; Moore, Des Moines, and Sauvain, N. D., tied for third. Height 6 feet 1 1/8 inches, (new record).

Low hurdles—Clark, first; Kelly, S. D. State second, G. Simpson, Des Moines, third; Each, Morningside, fourth. Time 26.3 seconds.

Half mile—Stewart, Creighton, first; Nissan, Morningside, second; Trautman, Creighton, third; Hanson, N. D., fourth. Time 2 minutes 1.9 seconds.

Shot put—Wyberg, Nebr. Wesleyan, first; Kennedy, Des Moines, second; Nolan, Creighton, third; Distance, 42 feet, 4 1/2 inches, (new record).

Broad jump—Coulter, Des Moines, first; Bain, S. O., second; Whiteside, Des Moines, third; Gambler, Nebraska Wesleyan, fourth. Distance 21 ft. 11 7/8 inches.

Javelin throw—Nelson, N. D., first; Hartung, Des Moines, second; Dunkak, S. D. third; Tabot, Des Moines, fourth. Distance, 165 feet 4 3/4 inches, (new record).

Discus—Melone, S. D., first; Laemmle, N. D., second; Munson, Morningside, third; Hartung, Des Moines, fourth. Distance 132 feet 7 1/2 inches, (new record).

440 yard dash—Tolles, Des Moines, first; Foy, Des Moines, second; Moon, Morningside, third; Montgomery, Des Moines, fourth. Time 51.7 seconds.

### Prof Smith Announces Changes In Inter-Fraternity By-Laws

Several changes all of which seem to tend for better have been inaugurated by the College Inter-Fraternity council according to an announcement made public today by Professor I. W. Smith, faculty member and president of the council.

The newly enacted rules will provide for a shorter and hence a cheaper rushing season for the one that had become too expensive and which due to its length had become a hindrance to the proper pursuance of the scholarship of the rushees and rushers.

The new rules also provide for the maintenance of an average of 77 by the pledges of the Grecian groups before they may be initiated into full membership.

Amendments to the Constitution of the Inter Fraternity Council. Effective from the opening of the fall term 1924.

#### ARTICLE II.

##### Pledging Eligibility

Section: No student of this college shall be pledged by any fraternity before 7:00 P. M. of the fifth Friday after the opening of each term. Pledging for any term shall close with the official closing of that term.

Section: No student shall be eligible for pledging to a fraternity until he is completely registered in some college curriculum in N. D. A. C. "Complete registration" shall be interpreted as requiring the presentation of entrance credentials, the arrangement of program with the approval of the student's adviser, and the payment of registration fees.

Section 3: Each fraternity shall present a list of men whose eligibility they wish to be passed upon. The president shall return these lists to the respective fraternities stating the eligibility of the men, within 48 hours, Sundays excepted, after the time that he receives the lists.

Section 4: No change from the Constitution.

ARTICLE III.  
Initiations

Section 1: No pledge shall be initiated by any fraternity until he has been reported to the president of the council as being pledged, and has been passed upon by the president of the council as being eligible.

Section 2: No pledge shall be eligible for initiation until he shall have had two terms residence in North Dakota Agricultural College prior to initiation.

Section 3: No pledge shall be eligible for initiation until he shall have attained an average of 77 per cent in a term's work of at least twelve hours in the term preceding initiation exclusive of military drill and athletics.

The proposed amendments were voted on and carried unanimously. May, 1924.

Year by year the A. C. grows older in history and tradition, stronger and richer in ideals and its name becomes increasingly prominent and respected throughout the country where its influence reaches and its graduates perform.

This growth is reflected in the increased size of the graduating classes. This June on Commencement day, 158 students will graduate from the various departments and schools of the college. Included in the list are six who will receive the degree of master of science, five in agricultural economics and one in botany.

A total of 69 will receive a bachelor of science degrees, 16 in agriculture, 11 in home economics, 9 in mechanic arts, 14 in education, 14 in science and literature, five in chemistry and one in pharmacy. Thirteen students will complete their courses in the school of pharmacy, two receiving the degree of pharmaceutical chemist and 11 graduate in pharmacy. Seventy will be awarded their diplomas as graduates of the Agricultural and Manual Arts high school at the college.

Cowing to Speak  
Donald J. Cowling, president of Carleton college at Northfield, Minn., will deliver the baccalaureate sermon Sunday, June 15. "He is a very fine speaker and one of the foremost educators in the United States," is the comment of Professor Arvola.

Officers of the senior class of the college are: president, Herbert Herbinson; vice-president, Snorri Thorfinnson; secretary, Violet Erickson, and treasurer, Viola Larson.

Officers of the senior class of the high school are, president Victor Starlaugson; vice-president Christine Rud; secretary, Orva Burvee, and treasurer, Dorothy Anderson.

The program for the Thirtieth Annual college commencement, which opens June 13 and closes June 16, follows:

Friday, June 13  
8:15 p. m.—Presentation Senior Class Play.

Saturday, June 14  
4:30 p. m.—Senior Class Exercises—The Little Country Theatre.  
5:30 p. m.—Alumni Ceremonial.  
6:00 p. m.—Alumni Banquet and Business Meeting—Ceres Hall.

8:00-10:00 p. m.—President's Reception—College Library.

Some Are Good  
When asked as to the discipline of the different types of students, Miss Pearson said:

"Those who do not know how to study, spend several minutes asking some one about the lesson, then must borrow a pencil, and after sitting down, spend the rest of the period gazing around. They see everything that goes on, but they should learn how to concentrate."

"Those who think the library is a lunch room—they eat candy, peanuts, etc. It would look rather undignified if one-half of the students were eating when the president brought in the (Continued on page 4.)

### DEACOE SHOWS MUCH GROWTH AT LIBRARY SAYS MISS PEARSON

Ten years ago the girls used to do fancy work in the library; today they come in, powder their noses, read magazines, and study, according to Miss Harriet Pearson, who has been employed in the library service during the past ten years.

"Ten years ago the library had only 24,622 books; today we have 37,658. We receive bulletins and experiment station records from every state in the union and magazines and newspapers from societies and religious propagandists from all over the United States. Of course, we weed out the useless and keep only what is valuable," says Miss Pearson.

Morning Papers Popular  
The Fargo Tribune is the most popular paper with the Chicago Tribune and the Minneapolis Journal next in order. "Them en read more worth while newspapers and magazines than the women."

The students seem to favor fiction and their favorite authors, judging from the calls at the loan desk, are: Zane Grey, J. O. Curwood, J. Conrad, O. Henry, and W. Gabber. In biography they prefer E. Bok, H. Garland, Roosevelt, and Antin, while in history Well's "Outline" head the list.

"Ten years ago there was chairs unoccupied, now there are periods when every chair is occupied and as many as twenty-five people standing or sitting on the steps. We are not only crowded for room for the students but also for half space for new books," says Miss Pearson. "Often when one new book is to be placed on the shelf, several old and little used volumes have to be moved to the basement store-rooms."

Growth in Staff Equipment  
Ten years ago there were three members on the library staff; now there are six full-time workers, a cataloguer, and two loan desk assistants.

A pamphlet file, a picture collection, a card catalog, several new book stacks, chairs, tables, two letter files, two card cabinets, a fountain pen filling station, additional lighting facilities, and reserve book sections have been added during the past ten years.

"GOODBY FOLKS! GOOD LUCK!"

With this issue the work of the present Editor in Chief is at an end in so far as being responsible for the publication of the future issues of The Weekly Spectrum is concerned. When you read this he will have breathed a sigh of relief, thanked the lord that that he survived three years of managing the content of your paper, and turned over the keys, your good will, and criticism to the new editor-in-chief for the coming school year of 1924-1925.

Turning out this last issue is not half as bad as providing the first one in the fall. When we get this far along in the game we are so hardened to cuss words and calloused to criticism that we just naturally go ahead in our own sweet way, depend on no one who can't be relied on regularly for copy, and trust to luck that Ole won't make too many errors in the mechanical end of it. True we have had a little help along the way, a word of encouragement once in awhile, and a whole lot of tolerance from the student body when we most needed it and doubted ourselves that deserved it. All this the departing editor takes into consideration and is glad that he hasn't had any more trouble than he has had, hopes that his successor will continue in the work he has shown himself capable of doing with the same good will of the student body given us in the past two years, and regrets that he will in all probability never again have the same intimate touch with you all he has had the privilege of enjoying.

In passing, we want to introduce you to the official editor-in-chief of next year's Weekly Spectrum. Last fall, with the 1925 Bison claiming Mr. Deach, the editor's right hand man and only undergraduate prospect from the year before, we couldn't quite figure out who would have to do all the work. Then, almost as in answer to the editor's fervent prayer, Ed. Yocum dropped into the office and wanted to know what his chances were for a job on the paper. Right off, we put him to work and Ed. proved to be a find of the kind conspicuous by their absence on the editorial staff. Not satisfied with covering his athletic assignments this reporter insisted on continually rounding up stories elsewhere and worked his way into first consideration as a choice for next year's editor. Having in mind his own troubles in managing the paper when he first started out, the editor turned over the greater share of his work to his understudy this spring and let him go to it; and in no way was he disappointed in the new management.

And so it is. With the official appointment of the Commissioner of Publications and the full endorsement of the Student Commission, Edward M. Yocum, the present managing editor, will succeed to Editor-in-Chief of The Weekly Spectrum for next year. We sincerely wish him the best of success in his venture.

Altho, (as Pat said to Mary after his proposal), we have said too much already, yet at this time, we want to recommend to you the new Board of Publications and ask you to cooperate with it in its work next year. It will, once it gets under way, build for better publications at A. C.—something we most certainly need. The new board being elected today will have little chance to do much next year, but it will set the pace for its successors and pave a way for a better Spectrum and Bison.

Thanking you all for your kind cooperation and tolerance in the past year, the 1924 Spectrum wishes you the best of luck in building for a bigger and better A. C. than ever before.

HERBERT W. HERBISON,  
Commissioner of Publications.

WORK FOR THE SCHOOL THIS SUMMER.

School is practically done and with the completion of the year sees the loss of 158 students to the campus. All of these graduates were leaders in their respective places. They must be replaced and their number increased.

The only way that this replacement is made is by the addition of Freshmen leaders in the class that will enter next fall. This is the duty of every student to see that the ones that graduate from the high school are seen, talked to and sold on the North Dakota Agricultural College.

Athletes are at a premium, they, those that enter next fall will in a large way, although they cannot play, determine the fate of Bisons athletic team in years to come. Sell the home folks on this—your-school. It is easily done if you will but take the time. Let every student bring another new one—at least,

The initials of a friend

You will find these letters on many tools by which electricity works. They are on great generators used by electric light and power companies; and on lamps that light millions of homes.

They are on big motors that pull railway trains; and on tiny motors that make hard housework easy.

By such tools electricity dispels the dark and lifts heavy burdens from human shoulders. Hence the letters G-E are more than a trademark. They are an emblem of service—the initials of a friend.

Bisons racquet welders suffered their first setback of the season when the University court stars took them into camp for every match but one single match won by Bolmeier.

The Bisons had but little trouble in making a clean sweep of the series with the Jimmies, winning every match played at Jamestown, Wednesday.

In the singles Wright A. C. beat Sage, Jamestown 6-4, 6-4; Foster A. C. beat Mc Elroy, Jamestown, 6-2, 6-1; Bolmeier, A. C. beat Buck, Jamestown 6-0, 6-3; Greenfield, A. C. beat Buck and Jose, Jamestown 6-1, 6-4.

The University players, however, got sweet revenge for the trimming they were forced to take last year, and without Naruum, the Bison ranking player, the Bisons were seriously handicapped, Bolmeier winning the only set won by the Bisons, from Watson 6-4, 7-5.

Blaisdell, Flickertail ranking player, disposed of Wright, the Bison's best bet, 7-5, 6-4, but Wright forced Blaisdell to extend himself to the limit to win. Wright made some exceptional returns, but time after time crashed the easy one into the net. Blaisdell made some exceptional placements and outclassed Wright to win the match.

Loughlin won his 6-2, 6-3 for the second win for the Flickers. Ryan disposed of Ted Greenfield by taking two straight sets, 6-3, 7-5. Green field got away to a flying start in the second set and was leading Ryan 5 to 1, but by a sensational rally Ryan was able to nose out the Bison by taking six straight games.

Blaisdell and Loughlin defeated Wright and Foster 6-4, 6-2, while Ryan and Watson copped their match from Greenfield and Bolmeier, 12-10, 4-6, 6-2, in the doubles.

Bison ball tossers exhibited a classy brand of ball behind the superb pitching of Jimmy Duncan and the Bisons

emerged victorious over the Moorhead State Teachers College nine 9-0, in Dacotah Field Friday afternoon.

Carlstrom, Ped Moundsman also pitched good ball being nicked for only six hits but his teammates put on a comedy of errors behind him and allowed the Bisons to score almost every time they had men on bases.

Umpire: Culppeper. Stan Borleske's Bison ball tossers grabbed the third game of their series with Jamestown College making the count stand two and one for the Bison tossers.

The game was another presentation of the famous play "The Comedy of Errors", Jamestown being responsible for 14 of the 18 misplays while the Bisons fielded more cleanly being charged with four miscues. Despite the fact that the Jimmies outbit the Bisons 11 to 8 the fourteen miscues of the Tilltoppers offset their advantage and the Bisons scampered across the plate with 16 counters while the Jimmies were counting eight times.

Umpire: Upshaw. Bison ball tossers took the long end of the four game series with Jamestown College by taking the fourth game of the series Tuesday, May 27, making the count three games of four with the Bisons having the long edge. The Bisons won the final game with a barrage of base hits which netted them 17 runs on their sixteen hits while the Jimmies were able to count 4 runs on eight hits. The misplays of the previous day continued the Bisons making five miscues while the Jimmies had eight charged against them. Mach and Anderson each hit a homerun while Bute crashed two sizzling doubles.

Score by innings:

	R	H	E
Bison	102	541	202-17 16 5
Jamestown	000	000	220-4 8 3

Bill Benshoof broke up one of the prettiest pitching duels seen on a local diamond for some time when, with two men on the paths waiting for a chance to score, he crashed a double through the shortstop, and scored a moment later on Jimmy Duncan's hard hit ball making the final count three for the Bisons. The Moorhead State Teachers were unable to count securing but two hits off of Duncan's superb pitching backed by errorless fielding.

The Teachers exhibited a much better brand of ball Wednesday than that they displayed last Friday. The Bisons appeared to have the same won when Benshoof leaned on one of Gus Lindblom's fast ones and made the circuit before the fielders were able to relay the ball to the catcher, but Bill had neglected to touch first base, the mighty smash going for naught. McDonald, Ped first sacker, was the only Teacher to reach first base on a hit, securing both hits made by the Peds.

With the final frame coming up the Bisons realized that the game may be knotted at the finish and went out and garnered enough tallies to make the game secure. Mach the first man up reached first on Edwards' low throw to first and advanced to second on the throw. Lund hit a single, Mach stopping at third, and both runners remained stationary while Anderson was thrown out at first, pitcher to first. At this point Benshoof came through with his timely double, scoring both runners, and took third while Wahl was being thrown out at first, shortstop to first and scored on an error of a hard hit ball to Lindblom. Duncan reaching first. The next three men in Ped's final half of the frame went out in order.

Duncan and Lindblom both pitched good ball, two and five hits being collected off of each respectively.

Duncan set down eleven men on strikes while Lindblom sent back seven via the same route. The box score:

commissioner of education to look over the reading rooms.

"Then there is the sociable group—those who must talk either in whispers or by writing notes on paper. They have never learned to discipline themselves. "The group that is the librarian's joy is made up of those who do not try to argue about the rules, who believe that everything is being done for the good of the student body as a whole, and who try to think of others in the use of reserves (by not keeping the books too long when others need them), in studying quietly to themselves. These are not necessarily the book-worms. They may have the best kind of a time outside, but they have learned courtesy, thoughtfulness and self-discipline."
