COME ON YOU OUTFITS!

A double challenge has been issued by the Bison Staff. The newly announced change in the sales campaign should rally every loyal A. C. student to the support of the school's year book. President Coulter's effort in behalf of the Bison is a striking tribute to the vital place it occupies in campus life. No student should hesitate one moment in placing his subscription. School pride and personal gratification should combine to wield an unconquerable impulse to buy a Bison.

But the new campaign is more than that. It is a direct challenge to the fraternities and sororities of the school. In the window of the Bison office in Main building is the cup that will be soon awarded to the successful organization in the sales campaign. Fraternal loyalties as well as school patriotism should make every Greek a booster and a salesman. United effort wins. The prize the honor, are well worth striving for.

IN COMMENDATION—

Last week considerable criticism was made of the conduct of the University crowd during the two games in Grand Forks. And whether or not the article that ran in the editorial columns of the Spectrum had any effect, and it probably didn't, the spirit displayed by both crowds is to be commended.

Although losing the University rooters were winners and Shorty, their rooter leader won a plate for himself in the heart of every Bison fan that attended the two games. In winning the Bisons showed true championship spirit both on the part of the players and crowds. Fred Sorkness is due a lot of credit for the way in which the Bison rooting was conducted.

While commendation is being given a great deal is due the athletic department and board for the way they handled such a crowd with such poor facilities. In having the students in single file Athletic director Borleske has solved the problem of obliterating the mob scene that has marked the admission of students at previous titular titts.

YOUR PART IN THE DISTRICT TOURNEY.

A large number of High School students are hopefully looking in forward to the district basketball tourney to be staged on the Armory floor this week end. This tournament is more than a basketball meet; it is the first introduction that many who now attend the N. D. A. C. had to the school. Many who are here this week will be making their first visit to the school and every one of them is a prospective student.

Make their stay at the school pleasant and many will return here next fall. Unless you're backing a team from your high school alma mater students should and will remain neutral in their rooting. Patronize the tournament—you'll find it interesting.

Bisons Defeat Flickers  
By Scores of 23-17; 24-14  
(Continued from page 1.)

are exceedingly bright for even a better season in the conference in 1925 than in 1924.

In the first contest the Bisons trailed the Davis crew for the majority of the first half. With a minute and a half in opening period Blakely dropped the ball through from mid-court, Newgard followed "Red" from the side to make the score 12-9 for the Bisons. As the period ended Burkman brought the University two points closer with a wild pitch from the center making the score 12-11 at the half.

SCORE TIED EWICE.

In the middle of the second half the score was tied at 14 all, again with but three and one half minutes left to play the score was tied at 17 all. Greenfield entered the game and Bison spirit took on new life. Blakely made a perfect onehanded shot from the side of the court to break the tie and Arnold followed with a pretty shot. Greenfield was not to be kept out of scoring and came through with a basket with but 30 seconds of play left.

In the second contest the first half was largely defensive ball with the Bisons missing a number of shots at the basket, some of them shots that should never be blown. Arnold gave his team an early lead with a free throw and the Bisons were never headed. At half time they led 7 to 4. During the second period of play baskets came much faster than in the opening session. With but two minutes left of the game the Bisons had a 2 to 1 lead with the score standing at 24-12 when Wild scored a field goal making the final total of 24-14.

GREENFIELD MISSED.

Greenfield did not start the first contest but was on the sidelines. Three days in bed had left the Bison Captain too weak to play forty minutes of grueling basketball and Thompson started in his place. Thompson played well and scored a field goal in the opening half. In the second half Duncan was used until Ted was sent in with a few minutes left. In the second game as in the first Duncan played well.

Stars of the two contests would be hard to pick for the Bisons although the work of Claude Miller, was the most spectacular. The yearling Bison was pitted against the veteran

Flicker Burkman. In both contests Miller outscored his opponent as well as outplaying him on the floor. During the second game when Burkman found it impossible to stop Miller he attempted to force him from the court with injuries but the Flicker could not hurt the stocky little Bison and as a result of his attempts was forced to finish his basketball career by being removed on four personals.

Another man to man match was interesting to watch was the Blakely-Busdicker fiasco. In the first game the men played to a draw with Busdicker getting the tip most of the time while the scoring was even to the final meeting of the two Blakely opened his bag of tricks and at times had the Flicker captain bewildered. In addition Blakely scored four baskets to Busdicker one. Blakely handled the ball perfectly and was an important factor in the Bison defense.

ARNOLD IS CONSISTENT.

"Cy" Arnold, Bison sophomore guard did the best defensive work of the series. Arnold and Miller were the best guards either team had and in addition was one of the highest scorers of the four games. His defensive play was airtight and it was only occasionally that the opposition was able to work the ball around him. Newgard, the other Bison yearling played excellent basketball in the final two games and showed that he

is one of the cleverest freshmen in the conference. Newgard's ability to pass with either hand made it hard for Flicker guards to stop his passing to the other Bisons.

PRAY IS FLICKER FIND.

Laurence Pray, Flicker Sophomore was the star of his quint in the opening game and also was luminary of the Nodak quint in the second of final series. Pray started his first game as a regular and scored nine points, or more than half his team's total, in the first game. In the second game he played the floor well and was the fastest University man on the floor.

Four Flickers played their Swan Song in North Dakota basketball. "Jud" Mayer, guard who was displaced by Pray as a regular in the final games, "Doc" Harris, forward, "Art" Busdicker, captain and center, and "Baldy" Burkman, forward, are the four men who finish this season.

Jimmie Duncan is the only Bison who graduates. Duncan won the final game of the series in 1923 with a long shot and injuries sustained early in the season have forced him to play in a Utility role. Captain Greenfield is a Junior. Arnold, Blakely, Thompson, and Rumpeltes are sophomores. Newgard and Miller are Freshmen.

GRAND RECREATION PARLORS

MICHAEL FARADAY  
1791-1867  
Apprentice to an English book-binder. Attracted the attention of Sir Humphrey Davy, becoming his assistant. "The greatest experimentalist of all times," says one biographer. The electrical unit Farad was named for him.

"What's the use of it?"

Michael Faraday saw the real beginning of the age of electricity nearly a century ago when he thrust a bar magnet into a coil of wire connected with a galvanometer and made the needle swing.

Gladstone, watching Faraday at work in his laboratory, asked, "What's the use of it?" The experimenter jestingly replied, "There is every probability that you will soon be able to tax it." The world-wide use of electricity that has followed the Faraday discovery abundantly justifies the retort to Gladstone.

Faraday's theory of lines of force is constantly applied in the Research Laboratories of the General Electric Company in devising new electrical apparatus of which Faraday never dreamed. Every generator and motor is an elaboration of the simple instruments with which he first discovered and explained induction.

In 1890 the Edison Electric Illuminating Company, of New York City, installed a generator of 1200 lamps capacity, then considered a giant. By continuous experimentation and research the General Electric Company has developed generators 900 times as powerful as this wonder of forty years ago.

attracts little of real admiration. The woman who thinks rouge adds to her appearance is deceiving herself. It really marks her as one of little mentality. The truth is always most desirable. Untruthfulness and frauds are no credit to society and the painted lady is not truthful. She deceives nobody but herself. Society will stand for adornment in many forms. It will permit the extreme in almost any type of dress that vogue decrees. It will suffer so disfiguring a Zulu custom as bobbed hair, but the people who really constitute society will not tolerate that which has been for ages the symbol of the siren's art—the rouge pot.

## Ed Says---

History repeats again. Last season the Bisons took three out of four games with the North Dakota Normal and again this year the Bisons turned the trick to win the State title. As long as Ad Dewey stays at the A. C. the Bisons will be North Dakota basketball champs. There are no strings on this prophecy either. Coach Davis can leave the Normal school and the Bisons will still win.

It must indeed be disheartening for two players such as Burkman and Captain Busdicker to be outplayed by a freshman and a Sophomore in the final games of their careers as they were at the Armory last Friday and Saturday.

Flicker fans who came to the A. C. to jeer Red Blakely went home singing praises to the big Bison red topped center. A few pessimistic Flickers said that Busdicker was off color. Such basketball as Blakely played would make anyone look off. His special spots are freakes or luck shots but they are just as much his style as the conventional of any other players method.

The officials of the series, Mr. J. C. Henderson and Glenn Jackson deserve a lot of praise for the way they handled the teams and crowd. Not many people would care to stand out in front of a mob numbering 2,000 and call the home idol for his offenses yet these two men did it and did it in a way that pleased.

Baldy Burkman didn't make any name for himself in the games. After a yearling, Claude Miller, had outplayed him he attempted to use his weight and experience to force Miller from the court with injuries. Burkman got four personals and the consequent removal for his efforts. Embarrassing isn't it Baldy to have a Frosh make a name for himself at your expense after you've starred for four years?

This week the district tournament will be played at the A. C. Armory and basketball that will be well worth while watching will be in evidence. Fargo, with three veterans of a National Interscholastic tournament in their ranks, appears confident and will be in excellent shape for an upset if some underdog strikes a lucky streak. Moorhead gave the Midgets an awful scare last week and lost by two points 23 to 25.

Last year the Bisons had one man on the all-conference quint and that was the captain and guard of the 1923 team, Percy Flem. This season the Bisons have two guard possibilities for the mythical fives. "Cy" Arnold, high point man of the team, ranks well up the list in conference scorers and from a point of experience has a shade on Miller. The University paper concedes one of the two a place on the first five and the other a place on the second five.

Two other Bisons must be considered when selecting all-conference teams. They are Blake-

ly and Greenfield. Mahoney of Creighton will probably be the choice of the coaches for the "honorary pivot position with Blakely a close second. Greenfield has tough competition for a position on the coveted five in Lovely and Trautman of Creighton who are two of the forwards in the west. He must be considered though when the second team is picked. Give "Jug" another year or two and he too, will be heard from.

Two Bisons are due apologies from the Spectrum. Miller and Newgard should have "had their pictures in the paper" last time but unfortunately they were not. "Jug" is a bashful lad and has evaded the camera all season but his likeness is finally recorded on the photographic plate and the readers will see him soon. Claude's picture was slated for (publication last time, but Ole, the man who makes up the paper, was crowded for space and afterwards said that since Miller was the smallest he took him out. Yes, he's smallest all right, but in taking him out Ole 'dild homething Burkman couldn't do.

Smile, yes smile but don't smile like Baldy Burkman.

**BARBERRY! BARBERRY!**  
The meeting dated for Saturday morning, whereby all those interested in obtaining a position on the barberry eradication force this summer might meet with Mr. George Mayowe, has been set ahead for four o'clock Friday afternoon of this week in lieu of the annual student judging contest being held all day Saturday. The meeting will be in Science Hall and everybody is cordially invited to come out and see what it is all about and try out for the work this summer.

Dean E. H. Wilkins, University of Chicago, has declared that masculine "dumb-bells" outnumber the "dumb-dorads" at that college this year by three to one. The Dean based his decision on the number of flunk notices mailed to the students. The freshmen were hit the hardest and unless they catch up, they will be "busted." Of the 405 notices sent out, 305 went to male students.
