AGRICULTURAL COLLEGE, NORTH DAKOTA, WEDNESDAY, OCTOBER 17, 1923

NUMBER 2

## 14-13 Win Over Powerful S. D. Eleven Featured A.C.'s Meet Homecoming Day

BEST PARADE IN YEARS THRU DOWN TOWN SECTION, LARGE TURNOUT OF ALUMNI, PACKED STANDS SEEING BISONS TRAMPLE JACKRABBITS, BARBECUE, AND INSTITUTIONAL DANCE CONTRIBUTED TOWARDS ALUMNI DECLARING SATURDAY AS BIGGEST AND BEST HOMECOMING EVER STAGED AT A. C.; COMMITTEES DESERVE CREDIT FOR WORK; ENTHUSIASM AT HIGH PITCH, STUDENT ARTISTS PAINTED UP FARGO IN WEE HOURS OF MORNING IN GREAT STYLE; DELTA PHI BETA'S WON FLOAT CONTEST WITH ENGINEERS CLOSE SECOND.

### Famous Dunbar Bell Ringers and Male Quartet Open A. C.'s Lyceum Course Tonight

Five Exceptional Entertainment Numbers Offered Students and Fargo People in '23-24 Lyceum Program; Season Course Tickets for the General Public With Reservations For Entire Five Numbers May Be Secured at Cook Drug Co. or Book Store for One Dollar and Fifty Cents; All Students Admitted on Presentation of Registration Cards; Doors Open at Seven Thirty P. M.

The Dunbar Male Quartet and Bell Ringers, the first number of this year's Lyceum course, will appear this evening at the college armory. This noted musical organization, fresh from an exceedingly successful tour of the Eastern states, offers a splendid and varied program to the students and the general public. Their program includes readings and recitations as well as vocal music and the bell ringing.

#### Better Than Ever.

Commenting on the Lyceum program of this year, Jonas Sturlaugson, Commissioner of Public Speaking, who has this matter in charge, claims that the feature acts will be fully as good, if not better, than last year's. The most prominent of the coming attractions are the Russian Cathedral quartet and Lorado Taft, one of America's foremost sculptors. Mr. Taft was to have appeared here last year but sickness prevented him from doing so.

These events are scheduled by the Board of Public Speaking control who are allowed forty-four cents of the student activities fee of each student, besides the gate receipt, thus making it possible to bring here such attractions as are included in this year's course.

#### Bell Ringers Popular.

As to tonight's entertainers, the Dunbar quartet and Bell Ringers have been one of the most popular of the chautauqua and lyceum organizations for many years. The present company was organized by Ralph Dunbar of the original Bell Ringers and is a most worthy group of entertainers.

One hundred and fifty hand bells, used in accompaniment to the four men's voices, provide some of the most beautiful combinations known to music. Beautiful chimes and pealing (Continued on page 3.)

### Elections Comes Friday For Student Class Heads

Separate Ballots for Each Class; Polls Open From 8 to 5 P. M. in Hall of Registrar's Office; Vote Early is Commissioner's Advice.

Special Class Elections for the purpose of choosing this year's class officers will be held Friday, October 19, 1923. Competition is limited to the nominees chosen at last week's special class convales for that purpose, and the names of the same appear on their respective class ballots.

Registration of each voter and his class will be taken. To avoid confusion it is well to remember that you must vote your class ticket and that your ballot must be marked plainly.

Election booths will be set up in the hall of the Registrar's office and the same will be open from 8 a. m. until 5 p. m.

The class nominees to be voted upon for office in their respective class organizations for the coming year are:

#### Senior Class.

For President—Herbert W. Herbison, Jonas Sturlaugson.

For Vice President—Snorri Thorfinnson, Julian Gunderson.

For Secretary—Lillian Hoveland, Violet Erickson.

For Treasurer—Arni Helgason, Viola Larson.

#### Junior Class.

For President—Carlton Rydstrom, Leslie Narum, Orley Lane.

For Vice President—Charles Wells.

### North Dakota Team Placed Well at National Show

Left to Right: Benjamin McCaul; Harry Anderson; Neal Coit; Coach J. R. Dice.

### Midwest Press Conference Meets Friday at Brookings

Delegates From Each College Paper in N. C. I. Conference Meet at South Dakota State Friday and Saturday—Much Work to Be Done.

October 19 and 20 are the days of the second meeting of the Midwest Press Conference organized last fall by delegates from the colleges of the N. C. I. Conference for the purpose of building up stronger athletic and press relations within the conference. South Dakota State College, at Brookings, has been designated as the meeting place and visiting delegates will get in on the State Hobo Day and Jack-rabbit-Creighton game on Saturday.

Delegates representing the A. C. will be sent by The Weekly Spectrum.

An endeavor is being made this fall to put the press conference on a better running basis, providing for thirty-six hour release of athletic dope after every game, better exchange relations, furthering of press activities in each of the schools, and in general keeping at something feasible in the way of a working organization until the Midwest Press Association can be one of note. Election of officers for the coming year, together with the selection of a meeting place for next fall, will be held.

Last year the meeting was held at the University of North Dakota, officers elected, a constitution drawn up and approved, and plans made for the year's activity. Like everything else new, all was not smooth going and obstacles came up from the start through no provision for financial operations, close contact with conference neighbors, and no means of checking up on mistakes for a year. This week will bring about considerable change in the policies of the executive end of the conference regarding the same.

State has a reputation for being good entertainers and our delegates have been promised the time of their young lives at their Hobo Day celebration, (their homecoming day).

Prospects for a top-notch Livestock Judging Team representing N. D. A. C. at the International Livestock Exposition this fall were never brighter, thinks Professor E. J. Thompson, head of the Animal Husbandry department and coach of the team. The student judging contest will be held on December 1, with teams representing all the larger institutions in the United States and Canada.

Proceeding the judging day, the North Dakota team will spend a week or two in visiting some of the larger and up-to-the minute herds between here and Chicago, that the boys can

### Livestock Judging Team Rounding Into Shape

Coach Thompson Has Likely Looking Bunch of Men Working Steady for Berths on Team—Workouts Began September 17—Exposition Contests December 1.

Proceeding the judging day, the North Dakota team will spend a week or two in visiting some of the larger and up-to-the minute herds between here and Chicago, that the boys can

(Signed) COMMITTEE.

Fourth place in Judging Guernseys and tenth place in the entire contest is the record made October 6, by the North Dakota Agricultural college's stockjudging team in the stockjudging contests at the World's Dairy Congress in Syracuse.

The team trained at the North Dakota college under the direction of J. R. Dice consists of Harry Anderson, Fairview, Mont., Neal B. Coit, Englevale, and Ben V. McCaul, Ayr, N. D.

The World's Dairy Congress has attracted dairymen from many foreign countries as well as from nearly every

state in the union where dairying is practiced. The program consisted of stockjudging and addresses by leaders in developing the industry and noted breeders of dairy cattle. J. R. Dice of the North Dakota college was one of the speakers on this program, October 6th. But three other dairymen of this country were selected on this program, the remainder of the addresses being delivered by college dairy leaders in England, Italy, Norway, Holland, Sweden, Denmark, Austria, Switzerland, Canada, and Czechoslovakia. Mr. Dice's address was on the subject of vocational instruction in dairying in secondary schools.

### Library Shows Rapid Growth In Past Eighteen Years, Records Show

Building Is Crowded Days and Evenings By Student and Faculty Bods; Larger Staff Is In Charge This Year Than Before.

August 20, 1923.

From one small room in the Administration building to the use of an entire building, now altogether inadequate, marks the growth of the Agricultural College library in eighteen years.

To answer intelligently the question, "How many people use this library during one day?" and to satisfy our own curiosity, we decided last year to take time to count for two days every person who entered the building. The first day was a typical busy Monday. At times there were not enough chairs to accommodate the students. The grand total at night show that almost seven hundred people had entered during the opening hours. The second day was lighter, students were busy in the laboratory or shop, but the count reached five hundred before the doors were closed at night.

A college librarian as a rule does not care to publish circulation statistics, because many more books are used within the building than are taken out. For example, almost any hour in the day, one can find more patrons within a college library building than within a public library. This is in part due to the fact that in a college library many students do not have time to read more than their regular text books or a few chapters from a volume on the reserve shelf; whereas the public library patron often has a good many hours of leisure for reading for pleasure as well as benefit. The latter type of patron generally takes his volume home for reading, and the record is counted.

Within the last nine years, the lowest circulation at the Agricultural College library was during the war, especially during the year 1915, when only about half as many volumes were charged out as last year.

In comparing the figures for 1914 and 1922, these interesting facts came to light: Books in the following classes more than doubled in circulation in the past nine years: Philosophy, Religion, Language, Science, Fine Arts, and History. Interest in travel has quadrupled, judging by the figures; however, it may be because we have many more interesting books on that subject than ever before. The greatest gain has been in the subject of biography, as our records show over eight times as many books on that subject were read last year than nine years ago.

It has been necessary to withdraw most of the periodicals from circulation, due to the constant demand for them in debate and theme work, so that there is a falling off in that class. In their place, many miscellaneous pamphlets have been classified and made ready for public use.

Fiction still maintains its popularity, even in our college library, although there have been years when useful arts, including especially books in agriculture and home economics have been in more constant demand.

We felt that our statistics in all classes would show a greater gain if we had more money to buy new books, for we have an interested class of patrons, not only among the faculty and students, but among the citizens of Fargo and North Dakota, who are anxious to keep up-to-date in their reading.

Which all really means that the

### Jackrabbits Outfought In Fast Thrilling 60 Minutes Clash Before Record Crowd on Sat.

State Men Outplayed after First Quarter; First Score Brought In By State Pass In First Few Minutes of Game; Bison Defense Wonderful Improvement Over Last Saturday's And Attack Was Fierce Thruout; Ben Rumpeltes Played Game Of Games With Powerful Driving And Play Busting With Ten Fighting Teammates Playing Every Minute; Win Places A. C.'s Chances For Conference Honors Up A Notch.

### Fargo Clubs Will Canvass City For Student Help

List of Positions Open to A. C. Students Working Their Way Thru Part-Time Work Will Be on File at "Y"—Campaign Begins Tomorrow In Earnest.

A definite, well organized list of business men of Fargo who can use student help part time will be on file in the college "Y" before the end of the week.

Representatives of the Rotary, Kiwanis and Lions clubs will open a canvass of business places in the city Thursday as the first step of a concerted effort to find part time work for men students at the North Dakota Agricultural college, according to announcement by George N. Nelson, chairman of the general committee.

The Associated Service Clubs Student Employment Bureau has been organized by the three clubs in response to a need on the part of 100 students at the college to earn a part or the whole of their school expenses, or to give up their plans for an education.

"The bureau, in their behalf, does not desire charity," it is stated. "It does desire opportunity for employment where these students may give faithful and cheerful service for wages paid."

#### Divide City Into Districts.

The city has been divided into districts, in each of which workers will visit business men who might be interested in employing students. A questionnaire will bring to the bureau the necessary information as to the name of the employer, his business and location, the character of the employment, hours and days required for work, probable period of employment, rate of pay, previous experience, or personal traits required.

The plan of the bureau will be presented at the regular club meetings next week. The members will fill out their questionnaires at the meetings.

Thursday at 1:30 p. m. all workers from the three clubs will meet at the Commercial club to receive instructions and to start out on the canvass.

Students Register.

The names of the students searching for employment has secured from the registrar's office and the Y. M. C. A. at the college.

"Many of the students have some money which they have earned during the summer," said Mr. Nelson, "but not enough to carry them through the year. We have estimated that \$350 is needed for the average student, but a good many of them come with only \$100 or \$150 to start on.

"We are sure that there are many places where a business man could use student employees. One business man, for instance, said that he was pleased with the scheme, which would permit him to transfer a full-time man from work which a student could do to other work which he could do more effectively."

#### YOU'RE INVITED!

The Practice House Girls for this term will be at home to students who wish to visit the new Home Practice house from 3 to 10 P. M. Friday, October 19. Every student is cordially invited.

In one of the greatest football games ever played on Dakota Field the Bisons playing as a great football machine downed the powerful eleven representing South Dakota State by the close score of 14 to 13. The victory gives us a decided boost in the North Central Conference as the North Dakota University went down to defeat at the hands of South Dakota University 14 to 6.

#### Great Improvement.

It was a truly remarkable game, the Bisons who gave a miserable exhibition of football in the game with Superior Normal, staged a wonderful comeback and after the first ten minutes of play took the Southers off their feet by their aggressiveness. The Aggies were slow in getting started and it looked bad for the Bisons in the first few minutes of play. Owens, Welch and Coffey made 18 yards on their first three line attempts and then Welch, State's great triple threat artist heaved a running pass to George Thompson, right end who crossed the goal line, the play was called back for off-side and State penalized five yards. Three minutes later the same play worked and State scored its first touchdown; the kick failed.

Bisons Smear Plays.

The Bisons then came to life with a vengeance, the line tore through and smeared the plays before they reached the line of scrimmage and State was forced to resort to punting the balance of the half. A pass, Arnold to Spear, put the ball on State's 11-yard line near the middle of the second quarter. And Bute took the ball over after three smashes through the line. Rumpeltes kicked goal.

#### "Big Ben" Stars.

The entire Bison line played well and fought all of the way and clearly demonstrated their superiority over State's forward wall. Captain "Ben" Rumpeltes played a smashing game and was responsible for the second counter when he blocked a kick which Spear fell on for a touchdown. The work of Spear and Bliss, ends, was highly commendable, and time after time they shattered the interference and got the runner or else forced the play in toward the center of the line. Individual stars were scarce on the Bison team last Saturday, every man did his best and all equally deserve (Continued on page 4.)

### Guy Gardner Joins Department at A. C.

Work of the Farm Management department at the North Dakota Agricultural College will be amplified this winter by Guy G. Gardner, Argusville farm operator, who has assumed the position of special assistant in farm management, and who will be available as conductor of farm account schools at winter meetings throughout the state.

Due to the resignation of Hutzler Metzger, a number of changes have taken place in the organization of the department, according to Rex E. Willard, who is in charge. His duties will be carried on by T. S. Thorfinnson, and Stanley Wilner, who has had charge of the Cass county cost route, will come into the state office to take over Mr. Thorfinnson's former position. J. A. Barner of Jamestown will assume the cost route work in Cass county. Mr. Metzger is attending the University of Minnesota, and is working for a Ph. D. degree in Economics.

**GOING UP TO THE U?**

Saturday, October 27, will find our Bisons up against one of the stiffest opponents in the N. C. I. Conference, to say nothing of the worst rival A. C. has. If all goes well with the Des Moines game, the University outfit will be the last obstacle to be removed in our annexing the Conference football championship. The team will be like fighting wildcats, everyone of them, and all that we are going to need besides is a howling mob of boosters on the sidelines and all over town yelling, "Yea, Bisons."

Have you ever been up to the University during an A. C. game? Do you know how our outfit can go up there and make three times as many U rooters feel sick? Have you heard Doc tell how our band goes up there year after year and makes monkeys of our normal friends' trumpeters? A University game is an education in college spirit and fight in itself; you need it, and the team needs your support. Let's go—every one of us.

In scouting around, we can't find a single outfit on the campus that isn't going to send a hundred percent attendance to Grand Forks. That sounds like there will be something doing up the river, doesn't it?

Freshmen, every upperclassman that can bum a ride, afford a ticket, or catch a freight car will be on the sidelines. Can't we count on your being there, too?

Decide now for sure. Everybody is going, so you don't want to be left behind do you? Fargo will be a lonesome place to stay on the 27th.

**WILL YOU GO DOWN TO THE DEPOT?**

Our fighting Bisons are leaving to meet Des Moines University this week in the second big Conference game of the year, and the one that will in all probability decide our chances for first place Conference honors. Let's pep up a rally for them and see that they leave the depot seeing an exhibition of the high interest we feel in every play they are going to make that game. After Saturdays never to be forgotten performance, our team deserves the best in the land.

Show them you're behind them all the time, Bisons!

**ONE SOPHOMORE SAYS:**

It seems that underclassmen are too peaceable. With the exception of the few brisk encounters at the beginning of the year, there has been a trifling amount of unorganized scraps.

The inestimable importance of these scraps can scarcely be over-emphasized. They mean considerably more than mere rough and tumble fights with members of the enemy force. These scraps accomplish that welding together of class spirit which would be well-nigh impossible otherwise. Battling shoulder to shoulder with one's classmates fosters a tremendous group unity; a man becomes acquainted with his comrades and his classical enemies quite rapidly under such circumstances. There is no surer way of getting men to know one another than to send them to war together.

The growth of class consciousness (and this applies to all four classes) is in a direct ratio with the development of college spirit. One engenders the other; they do not clash in their mission, theirs is a common purpose—the stimulation of that peculiar nationalism for the exaltation of Alma Mater.

Let the welkin ring with the war cries of blood-thirsty Freshmen and Sophomores. If there are any weaknesses in class organization these scraps will disclose them. The poorly organized army has little chance in these days of super-modern warfare.

In this connection, we might mention that the Freshmen will find matters to their advantage if they cultivate a better spirit of camaraderie. They will discover on the Freshman Rules a certain statement which bids them say "Hello" to every classmate they meet. This rule exists for the definite purpose of assisting them in effecting a distinct class consciousness. Let the Frosh bear in mind that the more united the class, the better are their chances for victory in the scraps.

And may class disarmament never flourish upon the campus!

**WHY DO COLLEGE PEOPLE FLUNK?**

Professor Howard, of Northwestern University, is not particularly impressed by the tabulations of the intelligence testers. In fact, he has been gathering some common sense statistics, on his own account, as to the reasons why about sixteen out of every hundred students in the college of liberal arts fail to pass each year. His findings are quite convincing and bear little resemblance to the academic conclusions of so many of the psychological experts?

It seems that, among those who flunk, a large proportion do

not take time enough for either sleeping or eating and a still larger proportion spend so much more time than they can spare in practicing the fine art of loafing. Like the luxuries in the "Blue Bird," they are so busy all the time doing nothing that they just don't have any time at all left for studying. All of which is pretty generally known without its being really necessary that any college professor should advertise the fact.

If these are the reasons why nearly twenty per cent of the students in college flunk, they are likewise the reasons why so many men fail in the post-graduate course of after years. They have not yet learned to put first things first. They either don't know how, or won't, apply themselves with determination to the attainment of a definite objective. They ruin their digestions by rapid eating, or overeating, and defraud their bodies of the sleep that is necessary if one is to have vigor and zest. Their minds, and days, are so preoccupied with non-essentials that they have neither the time nor the strength left for concentration on essentials.

**COMMISSIONERS!**

A meeting of the Student Commission will be called at seven o'clock Wednesday evening, the same to be held in the Main Building. Be there!

The first call for candidates for the University of South Dakota basket ball team was issued by Coach "Vince" Montgomery October 14, and the first workout was held the following day, according to a notice given out at athletic headquarters.

Five letter men reported in suits for the first practice. Captain Deklotz, center; Coopersmith and Hinman, forwards; and Hughes and Johnson, guards. Although a complete team of letter men will be on hand for the initial practice, all the veterans have won their monogram for only one year.

## ELECTIONS COME FRIDAY FOR STUDENT CLASS HEADS

(Continued from page 1.)  
harmonies, excerpts from rich male quartet melodies sung to the accompaniment of the bells, countless transcriptions of old favorites, comprise effects that will be remembered long after the players are forgotten.

The young men introduce a sufficient amount of humor to lighten the program properly, and to sustain the reputation long held by the Dunbars as musical entertainers extraordinary.

**Bell Ringing Famous.**  
It is doubtful if any musical feature has even been presented to the American public which has won greater favor or obtained a wider following than that of musical bell ringing. The art was brought to America first in the 40's by the late P. T. Barnum. While touring England he heard a group of a dozen church bell ringers practicing upon hand bells and he conceived the idea of using a large peal of bells and playing more elaborate music.

**LIVESTOCK JUDGING ROUNDING INTO SHAPE**  
(Continued from page 1.)  
polish themselves up a little on new stuff.

Last year the team set a new record for the A. C. at the Chicago contests, the boys annexing eighth place in the contest out of a field of twenty-three and winning the special trophy offered by the Percheron Society of America for first place in judging Percherons. Instead of eighth place, the top has been set as A. C.'s place this year, and in working for that Coach Thompson had his men report

to him the 17th of September and since then has kept his candidates for the team working every minute in making themselves more efficient in the art of winning silverware.

A. C. has always made a good showing every year a team has been sent to the International. Placing in the upper ten is considered very good, and our teams have done even better, and with the work the boys have been doing, coupled with the untiring efforts of Thompson to whip them into shape, the A. C. may expect to come back with the honors.

## "GOLD STAR STUFF" GOES IS CADET BAND SLOGAN

(Continued from page 1.)  
band boys appreciate the fact that the A. C. unit of the Reserve Officers' Training corps of which the band is a part, last year received the honor of distinguished rating by the United States Army authorities, and the accompanying honor of wearing the gold star chevron, the official emblem of the rating on the sleeves of their uniforms.

The local unit won this rating last year and members of the band are determined that as far as they are concerned, with their playing for military marches, parades, and inspections, the school is going to qualify again this year.

The slogan is being taken up also by the regular cadets of the school, the doctor says. He points out that the realization of the slogan's meaning alleviates many a stiff tongue lacing for the bandmen as they understand what they may gain by constantly being driven to a high point of efficiency.

As a constant reminder of the reputation the R. O. T. C. unit has made for itself by winning the gold star rating, and winning it first in the state at that, Sergeant Culpepper has constructed and placed over the entrance to the armory and music hall two large gold stars, emblematic of the honor won by the two component forces of the R. O. T. C. unit.

## RADIO COLLEGE COURSE IS LATEST IN CURRICULUM

(Continued from page 1.)  
would appreciate music by the college band, lectures by prominent instructors and scientists at the college, and an occasional address by the heads of the various schools and departments in which these heads would explain the work of the college.

The lectures and musical recitals are broadcasted at 7 p. m. each Monday, Wednesday, and Friday. The schedule for the months of October and November so far as it is completed follows:

October 12, Dr. E. S. Reynolds; October 15, Masonic program, Dr. W. J. Hutcheson; October 17, Ruth Andrews; October 19, A. C. Baird; October 22, H. L. Bolley; October 24, Agronomy, Dr. Walster; October 26, Dakota Conservatory of Music; October 29, Industrial Art, Mrs. Maie Douglas Rindlaub; October 31, Mrs. Myrtle Gleason Cole, Dean of Women; November 2, Football, Coach Dewey; November 5, Publications Department; November 7, Agriculture, C. B. Waldron; November 12, Dairying, Max Morgan; November 29, Masonic program; November 23, Dr.

Walster; November 30, Chemistry, Dr. Pearce.

## A. C. GOES BY SPECIAL TO UNIVERSITY SATURDAY

(Continued from page 1.)  
in contrast with a cost of a dollar and eighty cents more on the other train. Only 125 students are needed to hold this train and with a band personnel of 44 members, the second football team, and the loyal bunch that would go up anyway there is no doubt that our special is a reality.

Now it remains for the student body to buy its tickets early that the commission and committee in charge can have something to work on.

YEA! BISON! LET'S GO STRONG!

The game Saturday proved that the Bisons have the beginnings of a great football machine. Only two of the men who started the game were regulars last year, Captain Rumpeltes and Dave Buchanan; two more earned letters last year, Bute and Arnold, while Thompson and Augustine were subs last year.

It is the rest of the team's first year at the A. C. While the team as a whole played great ball, there is still chance for vast improvement before we tangle with the Flickertails at Grand Forks a week from Saturday.

One point worth mentioning about the game was the fact that Cy Arnold out-punted Frank Welch, State's crafty quarterback and star triple threat man.

Ross Owens, colored halfback per former, did not show to any great advantage Saturday, after going around end for two big gains at the start of the game he was thrown for loss after loss on his succeeding attempts at advancing the ball.

The presence of Spear and Bliss, two capable wingmen, round out a line which would be one of the best in the Conference.

Coach Borleske, who spent many hours perfecting his backs on the defense against the forward pass, saw the results of his work Saturday. A slip by any one of them in the few minutes of play when Welch threw pass after pass would have meant the loss of the game.

Starting last Saturday we will play four Conference games in a row. Saturday the team gives battle to Des Moines, Ia., and then follows the trip to Grand Forks; the week following we play Morningside at home.

**North Dakota Agricultural College**  
For Completeness of Equipment and Facilities for Instruction is unsurpassed in the Northwest  
THE COLLEGE DEPARTMENT OFFERS  
Agriculture—Architectural Engineering—Architecture—Biology—Chemistry—Chemistry and Engineering—Civil Engineering—Education—Home Economics—Mechanical Engineering—Pharmacy—Science and Literature—Veterinary Medicine and Surgery.  
These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training  
**The Agricultural and Manual Arts High School Offers**  
Complete Secondary Courses in Agriculture—Domestic Science—General Science—Mechanic Arts—Rural Teachers.  
**SPECIAL COURSES**  
Business Training, Draftsmen and Builders, Farm Husbandry Homemakers, Power Machinery.  
THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women to think and investigate for themselves; to deal intelligently with the social, agricultural and industrial problems of the day.  
THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their line. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics, engineering, and the social, economic and political sciences.  
Graduates from Approved High Schools are admitted to the Freshman class. Board and Room \$6.25 to \$7.50 Per Week.  
WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS  
Collegiate, High School and Business Courses start September 24, 1923. The special and industrial courses open October 16, 1923.

BLACK AS THE ACE OF SPADES—SMOOTH AS A POLISHED JEWEL  
**First Pen made for Students only**  
Designed by Geo. S. Parker for their special needs  
and made by Duofold craftsmen—yet offered at only \$3  
JUST as the Parker Duofold and Lady Duofold are recognized as the aristocrats of pens priced at \$5 and higher, so this new Parker D. Q. is the blue-blood of pens in the medium-priced class. Indeed the same crafts-guild that produces Parker Duofold makes this Parker D. Q. that we announce at only \$3.  
Parker designed this pen based on a study of the students' requirements and desires. Hence it's a pen that is practically made to the students' order. We know of no other with this special ring to link to note-book, and no other this size under \$5 with a special metal girdle to reinforce the cap. Yet no extra charge is made for these features, or for the super-smooth point of 14k gold tipped with Native Iridium.  
Insist on seeing this new creation. Any good pen counter can supply you, but look carefully for the stamp of the genuine, "Geo. S. Parker—Lucky Curve."  
THE PARKER PEN COMPANY, JANESVILLE, WIS.  
Manufacturers also of Parker "Lucky Lock" Pencils  
**The Parker D. Q. \$3**

## Campus Events

### THEY SAY.

A woman's life is divided into two great periods; the first she spends looking for a husband, and the second looking after him.

### BETAS ENTERTAIN.

Delta Phi Beta sorority held "open house" Saturday afternoon after the homecoming game at the home of Ruth Talcott.

### A LONG WAYS AWAY.

Harry Hoffman is now working as a chemist in Brooklyn, New York. By the way, how many of you knew that he and Mary E. Pollock were married in Fargo, September 8, 1923.

### KAPPA PHI'S PLEDGE.

Alpha Kappa Phi fraternity announces the formal pledging of E. Merle Yocum, Fargo; and Arthur Saller of Stanton.

### HANK'S BACK.

Henry (Hank) Stubbee has come back to Fargo for the winter, after a long summer's seige of contracting work in Texas.

### DROPPED IN.

"Fug" Bertelson and Spike Engle visited with their Theta Chi brothers last week.

### WELL! WELL! WELL!

Harry Bridgeford is a prof and an athletic instructor in the LaMoure High School. We note that his team cleaned up Northwood last week 50-0.

### TO DETROIT.

Percy Eddy, '23, is working as a chemist for the Sherman Williams Paint Co., of Detroit, Mich.

### OH YOU MORMONS.

Ravine Latimer, '23, is out in Salt Lake City, Utah, with the Utility Corporation of that city.

### IT RAINED MONDAY.

Phi Omega Phi sorority members gave a miscellaneous shower for Mrs. McLaughlin at the chapter house on Monday evening.

### PHI U GRADS BACK.

Ethel McGuigan, '22, Carrie Hoveland, '22, and Alice Woldy, '22, were visitors at the Phi U House over the week end while here attending the Teachers' Convention. Ethel is Math teacher at Tower City, Carrie is Home Ec. instructor at Ortonville, and Alice Woldy is teaching English and Public Speaking at Ortonville.

### HOT DOG!

Hot Dog is the word to describe the Pharmacy Club's wiener roast held on Wednesday night in Oak Grove. Thirty members joined in the downfall of Cain-line and traveled to the scene of the plunder via army truck. A feed in proportion to the good appetites of the mob was reported enjoyed by all.

### PRACTICE HOUSE GUESTS.

Mrs. Myrtle Gleason Cole, and her mother, Mrs. Mary Gleason, and the Misses Minnie Anderson and Alvira Smith were guests of honor at a dinner given at the practice house Friday evening. This dinner was one of a number of similar affairs to be given by the members of the Home Ec. department.

### TWO PHIS BACK.

Naomi Soule, '23, now teaching Home Ec. at Enderlin, and Delores Smith was alumnae spending the week end with sisters at the Phi Omega Phi house.

AUXILIARY ENTERTAINS. Members of the Red Triangle Auxiliary of the Y. M. C. A. are giving a coffee at the home of Mrs. Peter Stewart this afternoon.

OUR Rest Rooms ARE ALWAYS OPEN Meet Me —AT— The Merchants National Bank

### ESTHER AYRES—JAMES McLAUGHLIN.

Mrs. James McLaughlin was Esther Ayres before her marriage at the home of her parents in Dickinson, last week. Mrs. McLaughlin is a Senior this year and a member of the Phi Omega Phi sorority. McLaughlin is an old A. C. man and is now connected with the department of vocational training here, being state agent for industrial and trade education.

### COLLEGE CLUB ENTERTAINS.

The College Women's Club of the A. C. gave an informal reception and get-together for the new faculty members and their wives in the practice house last week end. Pink and lavender were used in the decorations. The reception which is an annual affair marked the resuming of the club's activities for the year.

### BACK AGAIN.

Harry Critchfield, Chris Benson, Fred Wilson, and Hillmen Kjolrie are back to school again in an attempt to further their education a little.

### RAY FOR CHEMISTRY.

The more than usual lack of intelligence among the students yesterday morning got under professor Gottschalk's skin. "Class is dismissed," he said, exasperatedly. "Please don't flap your ears as you pass out."

### MAYBE SO.

Dewey says he has a hunch that its going to be mighty unlucky to bet thirteen dollars on the University on October 27th.

### LOOK OUT DITCHDIGGERS!

Said Kathleen: "Oh, I should like to marry an engineer." Said Edna: "A Civil Engineer?" And Kathleen said: "Oh, it wouldn't matter very much. I'd soon make him civil enough to suit me!"

### PHI U HOUSE RESIDENTS.

The Misses Carrie Jeasperson, Ruby Lyle, Doris Stewart, and Marion Sorlet are making their homes with the Phi U's this year.

### WILLARD HEADS ALUMNI.

New officers in the Alumni association elected at the annual meeting include Rex Willard, president, Amy Euren, vice president; T. S. Thorsen, secretary and treasurer; and C. A. Williams, member of the executive committee taking the place of L. R. Waldron, retiring. Other retiring officers include Marjorie Lieberg, vice president; T. E. Stoa, secretary and treasurer.

### JACKRABBITS OUTFOUGHT IN FAST, THRILLING 60 MINUTES

(Continued from page 1.)

credit for the victory. Caraway played a hard defensive game and succeeded in covering Thompson, State's star wing man, on forward passes while he was in the game.

The game, play by play: First Quarter.

State won the toss and chose to receive. State immediately punted to Bute who was downed on the 40 yard line. Miller fumbled, Ekern recovering on 45 yard line. Beigert, Owens and Coffey made 18 yards and then was penalized 15 for clipping. With the ball on the 37 yard line Welch passed to Thompson who crossed the goal line. He was called back and State set back five yards for offside. Bliss intercepted a pass on the 33 yard line. The Bisons couldn't gain and Arnold punted to Welch on the 50

mark. Welch was downed on the 42 yard line. Thompson of State had been smearing many Bison plays. Welch passed to Thompson from the 43 yard line and Thompson scored. The kick failed. Nichols was replaced by Caraway. Miller returned the kick off to the 30 mark. Again Arnold kicked. State's ball on own 49 yard line. Successive plays brought the ball to the 38 mark and then to the 20 line. Ball to A. C. on incompleting pass. Lacking two yards of downs, Arnold punted. The ball changed hands frequently during the remainder of the quarter with the State no closer to the A. C. goal than 29 yard line. The Bisons are forcing State to kick and Bute resorts to a kicking game. Score, S. D., 6; Bisons, 0.

### Second Quarter.

Second quarter start ball on State 29 yard line. Owens, Beigert, and Coffey brought ball to 43 line. A penalty following gains by Welch and Owens put ball on A. C. 35 yard line. Arnold intercepted a pass on own 23 yard line. He punted to Welch who fumbled, Bliss recovering on own 42 yard line. Beigert intercepted an A. C. pass. He was downed on the A. C. 34 line. Welch was forced to punt. Spear went six yards around end. Caraway returned Welch's punt ten yards to State 25 mark. A pass Bute to Spear brought the ball to the 11 yard line. Arnold brought it two yards from goal. Caraway lost two yards and Bute went over for a touchdown. Rumpeltes made the kick good. Neither goal was in danger during the remainder of the quarter. The half ended with the A. C. holding the ball 42 yards from State's goal.

### Third Quarter.

Spear kicked off to Cady who returned to 33 mark. The Bisons held and Welch kicked to his own 40 yard line. Arnold is getting the better of the kicking duel. A. C. was set back

to 45 line, offside. Arnold kicked over State goal line after Bisons could not gain. Coffey fumbled and lost five yards. Ball is now on State 15 yard line. Bliss broke through and threw Welch for a ten yard loss. Welch punted from behind goal line. Rumpeltes blocked kick and Spear fell on ball for A. C. touchdown. Rumpeltes made his try for goal good.

Spear kicked off over the goal line and S. D. ball on 20 mark. Coffey is doing State's punting and kicked to A. C. on 42 yard line. Arnold punted to State 10 yard line. Tunncliffe out of game and replaced by Miller. Owens made five and Welsh lost one. Coffey punted again to his own 42 yard line and Bute returned it to two before being downed. Miller 2, Arnold 3. A pass, Arnold to Spear brought the ball to State's 8 yard line. But lost two yards and Miller made three. Bison penalized for offside, ball on 11 yard line. State is substituting liberally to strengthen the line. The substitutions were effective for the Bisons were forced to attempt a place kick which failed. The quarter ended with

State holding the ball on its own 28 yard line. Bison 14, State 6. Bute returned Welch's punt to his own 40 yard line. The Bisons were penalized 15 yards for clipping. Arnold punted to Welch. Welch was downed on A. C. 42 yard line. A pass, Welch to Thompson was incomplete but officials ruled it to be complete as Caraway interfered with Thompson. State ball on A. C. 27 yard line. Another pass brought the ball to the A. C. eight yard line. Welch, Coffey advanced ball to 5 yard line. Owens over on next play. Kick by Coffey went between uprights and made score 14 to 13. Both teams punted frequently and State got ball to A. C. 25 yard line on line bucks. Welch tore off ten yards. Coffey's attempt at a place kick failed. Three minutes of play left and Boise, replacing Bliss, punted to State 45 yard line. Welch loosed a volley of passes. Three failed and then he was downed on his 39 yard line by Rumpeltes before he could get his fourth pass away. The game then ended.
