Llewellyn Howell and Charles Wells are working very hard these days in getting ready for the fray and plan on giving an even better account of themselves than that given the University audience in their initial appearance on the debating floor. A federation chorus and orchestral organization will, under the direction of Professor A. J. Stephens, give the program, and advance information points to nothing but a very admirable rendering of "The Creation" in every sense of the word. College students will do well to remember that the place is the City Auditorium and the time is 3:00 P. M. Sunday afternoon.

#### Ye College Poets!!! Here's Your Big Chance

THE COLLEGE ANTHOLOGY FOR 1923 (THE POETS OF THE FUTURE VOL. 7) WANTS YOUR CONTRIBUTION

Students who wish to submit poems for possible inclusion in this year's College Anthology (The Poets of the Future Vol. 7.) are requested to send in their contribution not later than Tuesday, May 15, 1923. This publication lists the very best poetic efforts to be found from out the files of the college student bodies of the United States and to be accepted as a material contributor to the year's collection is no mean honor to be passed up.

Those who are capable of, and who have at their disposal something of note for such nature will do well to turn in their works to Doctor Henry T. Schnitkind, care of the Stratford Company, publishers, 234-240, Boylston street, Boston Massachusetts. Why not have something from the N. D. A. C. in next year's volume—and at the same time gain a little fame for yourself and community.

## MR. KEATING OPENS UP

The Spectrum Staff,

N. D. A. C.

Gentlemen:

Allow me to question very strongly the wisdom of an editorial which appeared in last week's Spectrum. This very plausible article questioned the wisdom of the faculty in placing the first half hour in the afternoon at the disposal of the Military Department. Personally I believe that actions of men who spent their lives in developing our College should be above ridicule by any student or group of students, however talented they may be. While I am sure that everyone is willing to forgive The Spectrum much, it seems that loyalty, at least, might be expected from a college paper.

As for the author of the piece, if he is not above absorbing further knowledge, he can easily find out that the afternoon drill is a whim of no one at all, but that the battalion is working for a very real and definite victory, and that there is a certain analogy between his actions and those of an urchin who hoots a football team on the way to the field.

Yours truly,

Kenneth Keating

This question is big enough, and there is enough argument on both sides so that it can be argued on the merits and demerits of the question. No answer is necessary to the letter printed above. The letter and its source speak for themselves.—S. M. T.

top, things are quite promising. But again, Dewey should have more men than that out if he is going to turn out a team that will compete favorably with the other large schools in the conference. No coach in the world can turn out a winning track team without having lots of cooperation from the students and a large number to pick from but it is a safe wager that Dewey will bring out the best that is in the squad.

The work has been conducted out of doors for the last three days and the squad is settling down to real intensive training. Whether or not more candidates report soon, it is certain that the Bisons will be represented by a snappy team.

support of the student body which enabled them to make the 1924 Junior Prom an enjoyable and successful evening.

Particularly we wish to extend our thanks to the large number of Freshman and Sophomore girls who so kindly offered their services all day Friday—the three Junior girls who devoted unceasing efforts are to be highly commended—we are very grateful to them. We also wish to extend our thanks to the Shotwell Floral Co., of Fargo, through who's courtesy we secured the fountain and to Lynn Farrell we are indeed grateful for a very pleasant program of dances. We also wish to extend thanks to all of our entertainers who added much to the pleasure of the evening. At this time we wish to correct the erroneous report appearing in the Fargo papers concerning la Soperessa—a feature number.

Owing to the lack of time, help and finances, the committee in charge found it necessary to modify the method of procedure in this number.

We are indebted to Dean Myrtle Gleason Cole, Marjorie Lieberg, and Miss Ada Blakesle who's kind criticism and advice aided greatly in making the 1924 Junior Prom a pleasant evening.

Costume is an essential part of the performance and every prospective guest is asked to dress in fitting with the occasion. Stiff collar guys will meet with a very cold reception the committee assures you and inquiry into the book of etiquette will prove to you that such attire isn't being done this season. Program dancing will be the major diversion of the evening with several novel things mixed in. Remember the date and get ready for it now and come.

AS AN ALL AROUND GENTLEMAN INTERESTED IN EVERY HIGH SCHOOL INTEREST—HE IS STAMPED BY PUPILS

We, the high school students and future college students of the college, are especially grateful to this institution for providing us with a superintendent superior to those who supervise our less fortunate neighbors. Everything considered, he stands out a eminent person and we believe that no one but Professor P. J. Iverson could give us the service we are now getting. To our judgment, he is a real man, who is so great that he no longer begrudges those under his supervision any of his unparalleled greatness. He gives us the maximum quantities and benefits attainable from his wide and never-exhausted knowledge. We have never found Professor Iverson too busy to consider our problems and difficulties; he has on all occasions weighed them accurately and wisely. A call at the superintendents office brings results. Why should not we find pleasure in bringing our difficulties and problems to him for satisfactory adjustments when he has proved to be one hundred per cent for the students in the past?

We only regret that all cannot sit at the feet of this man and absorb his logical interpretations and interesting presentations of the subject in hand.

### HEARD ON THAT PARTY LINE

Our cub reports the following as coming to him over the wire the other morning while waiting for a chance to do a little talking—"Hello" said a sweet feminine voice at the other end. "Doctor Reynolds? This is the J. C. Penney Company. That pair of trousers you ordered last week have just come."

"And—er—er—yes," parried the doctor absent mindedly, "and—and do they fit?"

### FOR SALE CHEAP

## Wasp Under Prof. Dice Lead Faculty Tourney

STUDENT AND FACULTY VOLLEY BALL TOURNEYS FURNISHING CONSIDERABLE EXCITEMENT FOR SOME TEAMS

A decided mixup as to who shall come out on top and who is the poorest team is evidenced in the standings of the Student volley ball schedule to date; while in the tabulations with the professors the Wasps under the captainship of Professor J. R. Dice, seems to be having things their own way pretty much with the Yellow Jackets under Severson, and Moths under Thompson next in line.

The standings in the Student Volley Ball League to date is as follows:

Name	Captain	Won	Lost
Mutts	J. Jensen	3	6
Jeffs	G. Liefson	6	3
Jiggs	J. Sturlaugson	5	4
Gumps	E. Liefson	4	5

Faculty Volley Ball Standings are as follows:

Name	Captain	Won	Lost
Wasps	Dice	12	0
Hornets	Jongward	2	10
Bumblebees	Nelson	1	11
Yellow Jackets	Severson	9	3
Moths	Thompson	8	4

# Keep Talking Up A Campus Baseball League---And We'll Have One

WE HAVE GOT THE OLD THING STARTED NOW AND IF WE KEEP IT UP AND GET INTO THE SPIRIT OF THE THING THE COMMISSIONER OF ATHLETICS AND COACH BORLESKE IS GOING TO SEE THAT WE HAVE WHAT WE WANT AND NEED; THE PREPS MAY AND MAY NOT HAVE A TEAM BUT IN CASE THEY DO, CAN'T THEY COME IN ON THIS THING AND SEE HOW NEAR THE TOP THEY CAN COME WITH THE ORGANIZATION TEAMS ABOUT THE CAMPUS? SPRING IS HERE, BASEBALL IS IN THE AIR—AND WE CRAVE ACTION; YOU'LL HELP PUT IT CROSS WON'T YOU? ALL-RIGHT THEN, KEEP RIGHT AT IT?

This is a scientific eye relief station. If your aching eyes are withholding from you your enjoyment that should be your portion you should have our optometrist give your eyes a thorough test. When proper lenses again cause you to see correctly you will experience a relief that is all out of proportion to our moderate charge.

## Deach Says--

What about the Campus Baseball League? There certainly is worlds of sentiment around the campus in favor of it. It would be more fun than a picnic and a real thing all of the way around. All that is needed is a promoter to set the ball rolling and there sure would be plenty of competition. Things to be decided are eligibility rule or rules to govern the playing to avoid a controversy such as occurred in class football, time of playing, the place where the games will be played, drawing of schedule and all of that. If the preps have a baseball team, they will use the diamond every afternoon after six o'clock. If there is to be such a league it should be framed at once.

If there are any timid trackmen around the campus who are afraid to report, they should forget it and get out at once. To those who have ability in that line, this department extends a formal invitation to get out and help their school, and to those who could go out but won't, it hands out a direct raking over the coals. There are plenty of men in school who are just aching to get into some activity, to be prominent to wear an N. D. but they sit back and wait for some one to coax them to make a move and then they wonder why they don't get away big like some of the rest. For that reason, again the repetition that track offers plenty of opportunity and is well worth trying for.

The athletic department is to be admired on the way in which they demand that all candidates receive their instruction in the right manner. If the coach didn't know more about it than the player he wouldn't have the job. The morale of the squad depends a great deal on the way in which the men take an interest in the work and follow the orders laid down by the coach. A player that cannot stand to be criticized by the coach loses his temper, and cannot get along with the other players without trouble—no matter how good a player he is—lessened because of it. They train men as well as athletes.

fortunate enough to get in without getting thrown out. Oh it was an affair and a half—no men were there—oh no, at least there weren't supposed to be and no one found any out at least—and the Y. W. C. A. is patting itself on the back for having put over a real unique party for their guests.  
The music began at eight thirty and found sixty couples ready to gambol to its strains. At eleven thirty the patronesses threw out the cat and sent the kids home to wait another year for the same kind of a party—one popularly praised by the girls as a dance they wouldn't have missed for anything—one girl said it even made up for having to ask that horrid Jack for his old clothes and everything.

## Debate To Follow The Discussion Series Closed

INDUSTRIAL QUESTIONS, WORK, WEALTH, RETURNS AND CHRISTIAN PHASES MET IN DISCUSSIONS

A debate on the subject: "Resolved that the U S government should take steps to make possible the establishment of Small Farm Homes in the Thinly populated areas of the U. S." will be held Sunday, April 22, as an outcome of the Discussion series just conducted by the Y. M. C. A. on the general topic: "The Christian View of Work and Wealth." In this series, students, under the leadership of faculty men, and outlines of Dr. A. F. Hunsaker, took charge of the various groups. Subjects discussed included the following: "What is the Cause and Remedy of the High Cost of Living?"; "Should any Class of People be Excused from work?"; "What is a fair return for a fair days work?"; "What is the right attitude toward property and Income?"; "What should the parties to industry do to secure their rights?"; "Who Should manage industry?"; "What changes are demanded by a Christian view of work and wealth?"

## We Challenge You!

In response to the appeal made by the Spectrum last week, the Barracks has organized a ball club and do hereby challenge any organization on the campus. It is to be understood that anyone accepting the challenge must realize that they are up against something pretty strong. A glance at the lineup of the barracks club will prove this. We have such notables as "Babe Ruth Parkinson," "Long Kelly" Hanne-man, Eli "Radio" Anderson, Lewis "Big Six Moe and Joe Sturlaugson, who is said to have played three years in the Nile Valley league.

We hope that other organizations on the campus will follow in the steps of the barracks men, and that we will have some opposition. Of course, we realize that we are pretty fast for the most of the organizations on the campus, but if the manager is approached in the proper manner, we believe that a handicap can be arranged some way. At any rate, we hope that none of the organizations will have the "Davis" attitude and refuse to play the game unless they can win.  
Come on you fraternities, Y. M. C. A. and all the rest. We challenge you to a contest in the National pastime.

**Hurling Staff Pretty**  
The pitching staff looks good but most of the men have not mastered control as yet. Bagrud and Duncan have shown the most progress so far and their control is above the average. To work with these men behind the plate, Wahl Hull, Forest and Grieve are showing the most promise. Wahl and Hull seem to have the edge at present.  
**Gass Slated for Second**  
On second base, Gass seems to be holding down the sack without being crowded. Owing to a sore arm he was transferred to this position from short. Captain Stewart has been taken from the garden and put at short. Bute, Arnold and Saylor also look good at second.  
**Four at Short**  
At short Stewart, Johnson, Gerard and Anderson are giving plenty action. Third base seems to have only two promising candidates. Flem and Anderson are the candidates for that sack. Anderson seems to have the preference. It will undoubtedly be settled

## by the ability of either one to hit.

**Garden is for Old Men**  
If Stewart goes back to the outfield the gardens will undoubtedly be taken care of by the trio of veterans in Meldahl, Trumbell and Stewart. Roberts and Hicks have been going good in the outfield and may draw one of the positions. Hicks has worlds of natural ability and looks to be about the best batter on the squad. His playing is good but according to Borleske his indifferent and independent attitude on the field is a big handicap which will be hard for him to overcome. Unless he can correct this in spite of the fact that he has much ability it is likely that the coach will play his regular letter men.
