## THE ICE CARNIVAL, "A. C.'s GREATEST WINTER FROLIC", IS TOMORROW NITE

### GOOD PRIZES, SPLENDID PROGRAM AND TRUE SPIRIT TO MARK EVENT

SPECIAL LIGHTING, WARMING FACILITIES, COMPETITIVE EVENTS BY BOTH MEN AND WOMEN, FANCY EXHIBITIONS BY REAL ARTISTS, PRIZES FOR HANS BRINKER AND RUNNER-UPS, REFRESHMENTS FOR ALL AS A GRAND FINALE, TOGETHER WITH THE TRUE SPIRIT OF FELLOWSHIP AT A C TO MAKE THE ICE CARNIVAL THE GREATEST WINTER EVENT.

Tomorrow night A. C. celebrates. The Ice Carnival will furnish the rendezvous for every member of the institution on Saturday night and the skating rink will be the scene of the biggest outdoor celebration that mid-winter has ever witnessed at the N. D. A. C. The band will be out, the faculty, the fraternities, the sororities, the classes and all organizations and people connected with our school will join in the festivities. A complete program of entertainment has been arranged.

#### Get Into It!

Special lighting of the rink, warming house facilities, competitive events by both the men and women, exhibitions of fancy skating by real artists, pep displays in every form, awarding of prizes to the Hans Brinker and the runners up and refreshments for all as a grand finale are a few of the things that will feature this great display of Bionic enthusiasm when all A. C. turns out to play. Don your red mitts

### New and Novel Is Our First Pre-Prom Dinner

Intended to Establish a Traditionary Compliment to the Social Season Prom Queens

Something new and novel in the way of entertainment is the big Pre-Prom Dinner to be given Sunday evening, February 1, 6:00 P. M. at the Waldorf Hotel out of compliment to Susan Freeman, and Katherine Schmallen, the chosen queens of the Eighth Annual Military Ball to be held Wednesday evening, February 21, and the Junior Prom, dated for April 6, 1922.

To create a little enthusiasm, work up a prom spirit, and to stimulate a more intimate social relationship among those interested in A. C.'s two greatest social events of the year is the purpose of the dinner and it is planned as a forerunner of the Military Ball week.

Claude Ebling, president of the Junior Class, will preside at the dinner. President and Mrs. John Lee Coulter, Major and Mrs. W. F. Harrell, Captain and Mrs. W. H. Evans, Dr and Mrs. C. S. Putnam, Adjutant General and Mrs. G. A. Fraser and Mrs. Myrtle Gleason Cole will be honorary guests. The attendance has been limited to fifty couples only. There are a very few places left today, the same to be had only by immediate reservation.

#### IT'S POSTPONED NOW

The American Association of Engineers announce the changing of the date of their Second Annual Wild West Dance and Carnival from Saturday evening February 10th, to Friday evening, April 13th, because of the Ice Carnival. Friday the 13th, may sound like an unlucky day, but the Engineers hold the opinion that the only unlucky ones, will be those who miss the dance. For the support of this statement reference is made to Andy Gump. Many new features and attractions that could not be presented on the 10th of February because of lack of time will be offered on the later day. Keep the date in mind.

#### SURE! WE'LL SEND A BAND

"The Band must go to the University," says Pres. Coulter. We are going to Grand Forks with all of the backing from A. C. that it is possible to muster out. The band and the team will number about 50. We will only need 75 more to make up the special train. There is no question about it, its in the air, and that peppy little buzzbuzz that accompanies the student groups in all places on the campus means that we are gathering up momentum and are going to down the U. Each student will be asked to get the little tag which says: "I have helped send the band to the U. They will be only 25 cents and there is no student here who cannot well afford to wear one. The next rally will contain something good for every student. Be sure and be there. Sergeant Culpepper has a real scheme up his sleeve. He is going to see to it that the band goes. Coach Borleske says that the band is worth easily 200 students in backing to the team, Coach Dewey, in commenting upon the fact that the games with the U are the big games of our schedule and important for our conference standing, says that we must have the support of our band and all of the students possible in order to make a 100 per cent invasion. Get in on this movement now for it all adds to our pep and creates an active interest in our team.

### "Religion Fills a Place" Says Kane at Banquet

First "Two-Bit" Banquet Goes Over Beyond Expectations; Dr. Coulter Gives Talk

With an attendance of over two hundred-sixty people crowding the Y auditorium to capacity, the First Annual Everyman's TwoBit Banquet set a precedent for an affair that merits a place in the annual events of the college.

An inspiring talk by a self-termed "old Y man" President T. F. Kane of the University of North Dakota was

### Lorado Taft, Sculptor-Lecturer, Here Thurs.

Don't fail to see and hear Lorado Taft, Sculptor-Lecturer as he appears on the third number of the Lyceum Course here Thursday evening, February 15, in the college Armory.

Students will be admitted on presentation of their registration cards. The general public may obtain reserved tickets for the event for the price of one dollar.

Lorado Taft is acknowledged one of the greatest if not the best authority and lecturer in his line of work. He is a fluent speaker, knows his work thoroughly, and is a lover of art thru and thru, so much that he is noted for leaving his audiences in an artistic frame of mind for some time after his lectures. Don't fail to hear him next Thursday.

### STUDENT COMMISSION HAS SUGGESTIONS

SEND THE BAND TO THE U WITH A TAG DAY; LET'S GO ON A SPECIAL TRAIN; "YEA BISONS—NOT YEA AGGIES" LEARN THE COLLEGE TOAST SONG—GIST OF ACTIONS.

Every prospective member of any organization on the campus and particularly fraternity pledges will become very familiar with all three stanzas of the college toast song "The Yellow and Green" and at least three of our old standard college yells, if action and

approval of the above as suggested by the student commission in their last meeting, is met by student members of organizations.

Far too many of our college student body can tear thru the first verse like

### Maj. Harrell New Head of Fort Snelling Camp Board, Give Us A Chance

N. D. A. C. P. M. S. & T to Succeed Colonel Pershings as head of R. O. T. C. Camps

Major W. F. Harrell, P. M. S. & T. for North Dakota Agricultural College will be in full charge of the R. O. T. C. summer camp to be held at Fort Snelling, Minnesota this coming year, succeeding Colonel Pershings, P. M. S. & T. at the University of Missouri, in charge of camp activities and department last year, according to advance word received here this week from Col. Muller, corps area inspector. In general, the same staff officers as last year will be in charge to work under Major Harrell.

The basic and advanced R. O. T. C. camps open on June 14, 1923, and close July 26, a period of exactly six weeks' training. Freshmen and Sophomores are eligible for the former, the latter being wholly for students enrolled in the advanced corps of instruction.

Captain Evans will leave in May to take up his duties at Fort Snelling as Athletic director at the camp, and will be in charge of all athletic events such as track meets, baseball, boxing and the like. Each college is represented by a track and baseball team and A. C. is to be up in line this year for the honors going.

Captain Evans will probably be commander of one of the infantry companies at camp, filling in the same place approximately as held by him last year.

As to the camp itself, besides the training in advanced work one is subjected to, as range firing, combat practice, etc., the entertainment of the students in attendance is well looked after. Dances, balls, week-end parties and trips to lakes and spots of interest, lectures, athletics of all

### Its Not Your Bulletin Board, Give Us A Chance

Commission Decrees that all Notices and Signs Be Correct as to Size and Posture

All year, and particularly since the holidays, we have been made aware of complaints day after day of the shameful way in which some people hog all the space to be had on the main bulletin board in front of main. To date little action has been taken in regard to this condition, the commission thinking that common sense and decency would prompt students to consider someone else's desires as well as their own but from now on the article, as drawn up and adopted by the commission with the approval of the council, limiting the use and governing misuse of the bulletin placed at our disposal for official and student notices from day to day, will be enforced.

Signs for the main bulletin board shall not exceed one hundred square inches in area, materially. The approved size shall not be over ten inches square, exceptions being made in the case of highly important official notices, the same to be placed in the upper right hand corner of the board, the space reserved for all official notices by law.

It is not necessary for you to paint the place to get a little attention. A little skill and patience in making your notices attractive will do more for you in the way of publicity and leave a more pleasing impression with the reader than the biggest sign in all Christendom. Let's make the bulletin board an attraction, not a warfare and confusion.

Failure to abide with the customs and rulings drawn up for you will be met and dealt with by the Commission of Campus, and in the meantime your notices if not of proper mode will be subject to forceful removal.

#### "HOW ABOUT A PEP CLUB"

A new movement that has been gaining favor in universities and colleges throughout the country in the past few years is that of "Pep" organizations. These Pep clubs are formed by students not in athletics who wish to further activities, create a better spirit by generating enthusiasm at the rally, the games and other occasions, especially during the football and basketball seasons. Members of the pep club consist of live wires, of men that take an active interest in their school, and of leaders. The club sets the pace and the students respond. The Ku Ku Klub of Kansas University has been doing such efficient work that the last issue of the Athletic World featured their activities with a splendid write-up. Why don't we get going here at A. C. and form a Pep club? We are going to have one by next year. If the student commission, the commissioner of athletics, or any of the council do not get started on the subject it might never be heard of again and with that in mind the Spectrum will keep driving at this proposition in every issue until we can get an organization on the campus which will take the lead in building our school spirit to where it should be.

The North Dakota Bisons took another step into the lead of the intercity basketball race by defeating the Concordia five in a fast and exciting game at the armory last Tuesday night by a score of 25 to 16. Both teams fought hard every minute and it was one of the best games that has been played at the armory this season.

#### Bisons Start Slow

The Bisons got away to a poor start and were relieved of the services of "Ted" Greenfield at forward after the first eight minutes of play. Ted was playing the ball hard and several times his charging in resulted in a foul, he was removed because of

### Jamestown and Bison Tangle in Armory Tonte

HILLTOPPERS HAVE A REPUTATION OF BEING FAST AND CLEVER; BE THERE

Tonight the Bisons will tangle with Jamestown college at the armory. This game must not be taken too lightly. Owing to the fact that they are not in the conference we have not heard much of them this year but their record has been good and we can expect a battle. Jamestown always puts up a good scrap against A. C. We've got another job on our hands for tonight, and let's get out and put it over just like all of the others only better.

In the recent trip they defeated the Moorhead Normal crew and played a regular battle with the U. of N. D. They held the U to a 20 to 19 score, the U pushing out ahead in the last few minutes of play. The first part of the second half they tied the score. One of their forwards dropped in five baskets on the U guards. Inconsistent shooting kept them behind in the last part of the game.

They have a reputation of being a fast and clever passing quint. If they get to shooting they are dangerous so let's go out there Friday night in all seriousness and take that game right in the first few minutes. We won't have trouble in beating them if we go out there and work but we cant loaf on the job for they will fight to the last minute. A. C. always fights hard—its our game folks.

#### YOU'RE GOING TO THE U

Our annual clash with our University of North Dakota rivals comes Thursday and Friday, February 22nd and 23rd. There will be no school on Thursday anyway so make your plan for being there on the sidelines when the whistle blows.

Everybody is going up this year to see our sweetest revenge in years. You've got to go too. Every year finds the A C well represented in numbers despite the inconvenience of buying tickets and three meals, but this time the whole school has to turn out and make our team clean up every tilt in the way we want them to. We can do it if you begin getting ready for it today.

The blinds and rods are still a favorite and in good standing in the best of families.

### Robertson, A Freshman Wins Declamatory Clash

Sophomore Five, runners-up, lose hard fought game Monday evening in Last Minute 24-22

Overcoming a lead held on them all thru the game, the Upper-class five took the touted Sophomore quint down the line for a 24-22 win Wednesday evening, winning thereby for them the interclass basketball championship in the Girls tournament terminating this week here. Twas a hard fought battle up to the final whistle with the youngsters with a little the best of it but a divine providence seemed to decree a repetition of the upperclassmen's first victory over the same outfit in the start of the tournament after Christ-

### Upper Classmen Win Girl's Basketball Fray

Roy Slider and Eileen Johnson tied for first place in the declamatory contests held Friday evening, in the Little Country Theatre, as representative of the Industrial Courses.

In the fourteenth annual College Declamatory contest held at the same time and place, Earl Robertson, a freshman, took first place with "The Party," a comic reading by Paul Lawrence Dunbar.

Harold Phillips, won first place in the High School declamatory clash with "How the Church Was Built at Kehoes Bar."

The contests were well attended and those fortunate in being present were afforded a real treat in the way of amateur declamations.

## GIVE THE CARNIVAL A TRIAL

Saturday night is A. C.'s first Ice Carnival, the first venture of its kind yet to be pulled off here in the history of the institution. Its success or failure is wholly up to what the student body of N. D. A. C. wants to make it, and whether it will be duplicated again or even ventured is for you to decide.

An Ice Carnival should be one of our social and recreational "annuals" here—if for nothing else than the fun it can afford us, saying nothing of the publicity and good feeling it will serve to connect the institution with. The Athletic association and Letter Mens Club is making possible our initial program and they want every college student to see for themselves what a wonderful thing it can be, so lay aside any other skeptical plans you may have for Saturday evening and come out and be a kid for three or four hours and try your luck at taking off the Hans Brinkers for your name's sake.

## WHAT IS MISSING THIS WEEK?

From several indirect sources and divers parts and places of our campus and community it has come to our notice that there are among our readers some dissatisfaction in that their particular department or activities in which they themselves are immediately interested do not receive as much publicity as do other phases of our student life and programs. We are indeed sorry that we cannot treat every one alike, every week, but the fact is that the source or our news is the department or activity which has in it a reporter or means of getting their stuff within reach of the editorial desk each week. We are doing the best we can to serve the college as a whole with the limited amount of time and help at our disposal but we know that a little help now and then on the part of some of you who feel yourselves neglected would mean considerably more to us and the institution we represent. Couldn't you, take it upon yourself to be our reporter and each week help keep us in direct touch with any and everything of interest to you? You know someone else is bound to be as much interested as you in certain things, as you are, and if you have the time and means at your disposal, you owe it to your own satisfaction, if nothing else, to see that a certain news article, joke, item or editorial comment, is placed in our Spectrum Drop Box, in the Main Building, before Wednesday noon.

No one man or group can please everybody, no matter how hard they try, so we ask of you your cooperation in these matters which we may have perhaps seemingly seemed neglectful of, here tofore. Won't you do it?

## THESE GAMES

"You're a heck of a student body," said Coach Dewey in commenting on your wonderful attendance at the rallies and the way you use your tongues and vocal powers in backing the team to victory on every occasion—and for the most part he is evidently right.

Why can't you yell as well as that other fellow over there, and why do you have to keep for yourself the privilege of enjoying yourself while the team works its head off for you? You do come out to the games—but what do some of you do besides taking up a lot of perfectly good room that could be put to good usage other ways? You know very well what you are expected to do at a game—then why don't you do it?

And to you fellows who won't yell because you don't like the yell leaders—would you do any more for anyone else? And if you aren't satisfied with what you have to put up with why don't you yourself come out on the floor and put the crowd thru its paces? You had your chance this fall along with the rest of us—now it's up to you to come out the right way or shut up for good.

And our rallies—do you think they are for the express purpose of giving the band a little practice and perhaps teaching a few of the loyal two hundred the old yells? Sure, they are not—and some day you will find that we have your number and know just what kind of a fellow you are and what you rate at the hands of your alma mater from the way you conduct yourself in these little matters.

Let's come to life now and finish out the season in the way in which we should have started. It will do you good, besides making the team do more than their level best. Try it anyway.

## LET'S GO TO THE "U"

The time of year for our annual excursion to the haunts of our up-river rivals has rolled around again and the theme of conversation from now on to the 23rd is and will be "Are you going to the U, and How, and When?"

Why can't we take up a special train this year and show those fellows up there that we know how to put on a real party as well as turn out a winning basketball team? We have to go up anyway this year to put the thing thru and we might just as well stick together, all the time, in putting the double game across in the way it ought to be done.

If we can be assured of only one hundred and twenty five students with enough loyalty and nerve to scare up a round trip ticket purchase price, out of the some eleven and twelve hundred student registered here, we will have a special train waiting on the sidetracks for us to take the Forks by storm with. Let's talk the thing up and get going before our good intentions give way to indifference. Plan on going to the U and don't let anything stop you.

## BISONS WALLOP CONCORDIANS IN LAUGHABLE BATTLE

(Continued from Page One)

four personals. He played a real floor game while he was in and his attack on offense looked like a million. "Jimmie" Duncan, the noisy but good looking youth from Fargo College took the vacant position at forward and did his usual good work under the basket and on follow up shots, getting a total of three counters for the contest. Captain Flem came through with his usual deadly skill on the free throws. He made 11 out of 13 tries. Brewster was easily the outstanding performer on the Corncob quint. Three field goals and 10 free throws gave him every point scored by them.

### Lars Stages a Grandstand

Lars, the veteran Lutheran guard, was the disappointment of the evening. His usual baffling stares and his dazzling pivots, which have won their way into the hearts of the fair admirers at his "U-Rah U-rah Con Cord Ya" were offset by the most terrible of ferocious temperments. As he cursed, so did we reap and Flem trotted away from the foul line with one more point in our favor. This sudden exposure made him wild. On the tip off he started up the floor like a demon. He highballed little "Jim" Duncan to move aside but he forgot that he was on the wrong side of the river. Sock, sock—two bumps he struck. The first was Jimmie, the second hard maple. Down he went, the once great Viking, while Norwegian stockfood came rolling out on the floor to revive him again.

The (in) famous "String" failed to remember his jackrabbit foot so was at a loss in scoring lucky throws to appease the demands of his best girl on the sidelines. He did manage to string himself out on the floor in several graceful exhibitions of coddishness living up to his name somewhat.

### Vikings Not Dangerous

The game while close throughout, seemed to belong to the Bisons at all stages of the fray for they played with a confidence that told in the last part of the second half. Both teams were strong on defense but the Bisons had the edge when it came to fighting the ball under the basket. Brewster was the only Viking that could really hold his own with the Bison squad. It was noticeable that the Bisons were lacking some of the drive that characterized their play on the trip because of the fact that their trip drilled them down to a fine edge and practice since then has been light.

It was evident that they had plenty of reserve and when they got down to business there was really nothing to it.

### Lineups and summary:

Bisons	Pos.	Concordians
Greenfield	rf	Brewster
Robbins	lf	Ostby
Blakely	c	Martinson
Arnold	rg	Birkeland
Flem	lg	Anderson

Substitutions: Duncan for Greenfield. Field goals: Duncan 3, Blakely 2, Arnold 1, Robbins 1, and Brewster 3. Free throws: Flem 11 out 13; Brewster 10 out of 14. Referee: Ed. Dahl of Moorhead. Umpire: Richard Holzer.

and the wristlets, clad yourselves like true children of the north, forget to look at the mercury, and be there all as one. Get the true spirit of A. C., the spirit of fellowship as students of the institution of which we are so proud to be numbered, and let us, in our optimism, line the dykes with our presence and cheer the winged gliders on towards the silver skates.

### Here's the Program

The program in general will be arranged as follows:

The Carnival will start at 7:30. Informal skating will take place until 8:01. The competitive events for the men will include six races. The events for the ladies will follow a similar program. Winners of the meet will be the three obtaining the highest number of points. In each event the winner will be awarded 5 points for first place, 3 points will be given for second place and 1 point for third place. The person having the largest total of points from all events will be awarded the first prize, and those with the second and third highest total will receive the second and third prizes respectively.

### The Events Are:

In the mens division the events will be:

- Free for all 100 yard dash
- Free for all broad jump
- Free for all Six Lap race
- Fancy Skating

Teams: Organization Relay, 4 men 1 lap each.

### Organizations to Clash

In the organization relay, each fraternity will be represented by a four man team. In the class relay, each class will enter a six man team. There will be no prizes offered for the relays and no points will be awarded to members of the teams winning. The point system will only apply to the free for all events.

### Races Begin at 8

The races will start promptly at 8 and the ladies events will be run alternately with those of the men. As soon as the competitive events are over there will be exhibitions of fancy skating, special music, and a general good time on the rink. Piping hot refreshments of choice selection will then be in order and will serve as the grand finale.

### Some Good Prizes

The winner of the mens events will be awarded a pair of regular hockey tubes, shoes and all. Other prizes will fall in line with appropriate awards for skating enthusiasts.

## "RELIGION FILLS A PLACE" SAYS KANE AT BANQUET

(Continued from page One)

well received by the students present. He impressed upon the students the value of religion in a mans life, the place of the Association in helping to develop a positive moral attitude, and the joy of doing something worth while for the other fellow.

The program for the evening included an invocation by Bishop J. Poyntz-Tyler, two selections by the Barber Shop Quartet, a talk by President Coulter, and music during the banquet by the college orchestra.

Frank Chaney had charge of arrangements and the rapid serving and the convenient arrangement of tables received much favorable comment.

"The reading rooms, showers, game rooms and auditorium of the Y M C A are but outer manifestations of the real purpose of the association," said Dr. Coulter, it is through them that it aims to carry out its three-fold purpose, that of developing the students physically, mentally and morally." The association objective as given on the membership cards was stressed in his talk and the students were given the opportunity of joining the Y M C A entitling them to voting privileges in the association. In Dr. Coulter's words "It is your Y M C A men, and it will be what you make it."

The College orchestra and quartet did its share in making this annual event the success it has been this year and is hoped to be in the future.

On Monday evening of this week the Sophomores defeated the Freshmen outfit, and the Prep squad lost their second go with the upperclassmen.

Last week, the upperclassmen took their second game of the tournament from the husky frosh by a 25-21 tally, the Sophomores ganging up on the Prep youngsters 37-20 the same evening. Preceding these games, the Sophomores laid claim to a 43-14 win over the Freshmen, and the Upperclassmen a 25-22 go with the Preps.

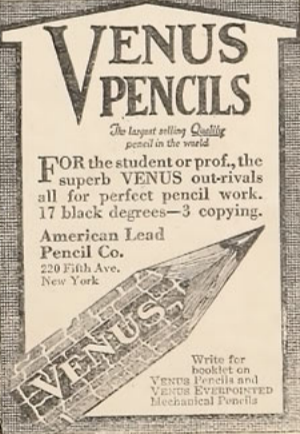

## Safe Grain Raising Short Course Subject

Steps necessary to establish the growing of small grain in North Dakota on a safe and profitable basis to bridge the present critical stage of small grain growing in the state will be discussed in detail in the short course in grain crops to be held at the North Dakota Agricultural college, February 19 to 24 inclusive, according to C. B. Waldron, dean of agriculture.

"Such important developments as the new rust resistant varieties and good systems of crop rotation will be taken up by members of the staff at the college and by successful farmers who are still growing good crops of grain," said Mr. Waldron. "High prices alone, even if they could be assured, will not save the situation."

FLICKERTAILS PLAY THIS WEEK  
AT BROOKINGS; GAMES  
DECIDED HONORS

South Dakota State College, Brookings, N. Dak.—By losing both of a two-game series with Creighton university, State college practically cancelled her chances for the conference championship. The first game was a duplication of the first game with N. D. A. C. last week; an intangible something held West's men from playing the game they should and the final score, 38 to 17 is an indication of the sort of a game it was.

Fighting to clear their record, State played their opponents to a standstill in the second game. It was the greatest battle that has ever been staged on the local floor in the opinion of many followers of the sport. Time after time the score was tied, the tie broken, then tied again. The whistle caught the score in Creighton's favor, 28 to 26. Schutte and Welch played the best basketball that they have shown this season and were the shining lights in States defense. Carey handled the ball in great style but was unable to locate the loop until the latter part of the second half. Although he played a good consistent game. Thune did not show up as well as he did last week end. Robert Coffey, filling the gap that Capt. Thompson's absence left, played a brilliant game from whistle to whistle. His floor work is improving rapidly and he should be one of the big men of the coming contests. Malmer and Patterson were in the game when the whistle blew, as was Capt. Thompson, who was allowed to appear for a few minutes.

For Creighton, Mahoney carried the brunt of the work, but Lovely and Trautman were his able assistants at all times. Paynter and Lane also earned a share of the limelight. It is hard to pick the star of the Catholic aggregation for they are a team of five stellar performers. If they win the conference title as they probably will, they will do as the best team in the Big Nine.

Next week, N. D. U will come to Brookings for a brace of games with the Jackrabbits.

**Sunday Musical Was  
Best Given Here**

Largest Audience of the season  
Packed the Auditorium to  
Listen to Talent

Musical organizations of the North Dakota Agricultural college, appearing Sunday afternoon at the city auditorium in the sixth concert of the Federation of Churches series, were received by the largest audience of the season.

Orchestra band and glee club numbers, directed by Dr. C. S. Putnam, were greatly appreciated. Miss Betty Sheldon, soloist of the afternoon, attracted special attention with her violin solo, "The Son of Puzsta," Kler Bela, and an encore. Dr. W. C. Hodgson newly elected president of the Federation of Churches, gave the address.

The orchestra numbers were "Overture, Hungarian Lustspiel" Kler Bela; and Oriental Idyl, Haydee, Borch. The Mens Glee club sang "The Song of the Marching Men" from "The New Earth, Hadler, wit horchestral accompaniment, and "Bedouin Song" by Rodgers. The band played "Overture, The Golden Dragon" King, and Cleopatra's suite in four parts by Oehmler. Miss Olivia Edelbrock acted as accompanist.

Dr. John O. Stub of St. Paul will speak at a special mass meeting arranged by the federation for Sunday, Feb. 8, at the State theater. The Moorhead Mens chorus, directed by A. O. Christensen will sing.

The next regular concert will be given Sunday, Feb. 25 by the high school musical organizations, directed by Nils Boson, at the high school auditorium.

a bull in a china shop only to fall down terribly if by chance they are called on to produce the greater part of their toast song, purely thru neglect on their part and those who should perhaps help out the freshman, in making a part of himself those things which no self respecting student of A. C. should be without, namely a keen insight into the traditions and custom snative to his alma mater by a few of those in position to help a little his conditions as they now exist can be markedly improved.

"Yea, Bisons!" not "Yea Aggies" is to be the war cry of loyal A. C. rooters and followers of the Bison team in all future games, say the commissioners, and when the cheer leaders ask for it let 'er out wit hall your might, the effect of it will surprise you—we've tried it out ourselves.

The initiatory steps toward having our band on the sidelines for the University games have been taken by the student governing body and a tag day part, the expenses of the most vital part the expenses of the most vital pep-enthusing organization in or about the institution. Every student will be tagged and in return for the cutest little bit of cardboard and ribbon imaginable will be asked to exchange for same the paltry sum of one fourth dollar, or in every day language only "two bits."

A special train is being arranged for to take the student body enmasse up the river to show the flickertails how bad they deserve a thumping. As yet no rates are known, but it is probable that with a guarantee of the needed list of passengers for the same that special rates will be given us. A committee from among the commissioners is at work on this now and will tell you all about it at the rally today. Plan on going up to the U by all means. We are going to make it a two-day holiday and a week's celebration for A. C. when we win.

FLICKERTAILS BEAT CROOKSTON

The Flickertail quint stopped the string of victories of the Crookston team over them Saturday in their fourth meeting with that outfit terminating in a score of 39-24 in their favor.

The University won by superior floor work, shoying worlds of speed neat teamwork and clever footwork. Harris was the outstanding player for the upriver outfit.
