The 1922-23 edition of the Handbook, or student's bible, is out and ready for distribution according to word received at the Spectrum office this morning, and will be your constant companion and guide in your daily affairs if you care to make it so. Absolutely free and above board for the asking.

Among the multitude of things contained within its pages you will want to know every little while there will be: the name, telephone number, street address and course of instruction of every student in the college, short instructive writeups of every organization and activity on the campus including their respective heads, the names and locations of all the fraternities and sororities with their chapter rolls and in general, everything you could ask a college student or professor in regard to your institution.

The Handbook is being edited, managed and published by Ernest R. Mortenson, under the auspices of the college Y. M. C. A.

Many Vocational Men Will Tackle Farming

SEVERAL LOCAL FARMS IN PROSPECT FOR TRAINEES ACCORDING TO THORDARSON

Six auto loads of disabled ex-soldiers from the North Dakota Agricultural College, made a land inspection trip from here to Amenia, N. D., Saturday, according to T. W. Thordarson, U. S. V. B. coordinator at the college, who accompanied the men and is making arrangements for land settlement opportunities for wounded men who are pursuing agricultural courses here.

"We looked at the four quarters offered by the Amenia people and also at a half section at Harwood, N. D.," said Mr. Thordarson. "The men seem quite interested in these land propositions and I am sure that a large number of them will prefer these North Dakota opportunities to the cut-over land offered in Minnesota. While this North Dakota land is higher in price, it is being offered to the men at a much lower price than it would bring on the market at present.

"The School That Won't Be Beaten Has To Win".

"A school that won't be beaten." Saturday's game will be the game of our lives. Coach Davis of the U has stated that he has the best team that has ever been put out at the University. It will be backed by 300 students and hundreds of other supporters who will journey here by special train or cars. Let's get ready for them.

Fraternities, doll up your houses. Every display adds to our Pep and

that means support for our team. Student committee in charge of the grid-iron decorations get busy and prepare for decorating the field and goal posts. Talk it up. Get ready now so that we'll be all set for the Whistle.

Our team has worked hard every day on the field and at skull practice in the evenings. They realize that they are going up against a strong team and word comes from their leaders that,

barring accidents which are unlikely to occur they are in good condition and will be ready for the University. We expect our team to fight, fight, fight—eleven men fighting 15 minutes in every quarter. We students must do the same, get behind them, students, organizations, everyone, 100 per cent and we'll beat them at every turn of the road.

BISONS SCAMPER AWAY WITH 55-7 WIN OVER WATKINS' LUTHERANS

LUTHERANS CATCH AGGIES OFF GUARD FIRST QUARTER FOR TOUCHDOWN; VARSITY ALL PRIMED FOR WIN OVER UNIVERSITY TOMORROW; BIRKHOFFER AND BUTTE BADLY INJURED IN PRACTICE; TOMORROW'S GAME HAS CONFERENCE TITLE AT STAKE.

Recovering from the surprise of a series of line bucks and passes scoring for the Corncocks right off the reel, the Bison machine took on full speed and scampered away with Concordia's high hopes to an easy 55-7 win on the Concordia field, Saturday afternoon.

Three cash prizes of \$5.00, \$3.00 and \$2.00 will be offered for the best posters displayed on the college bulletin board during the winter term of 1923. Competition will be open to all students of the college.

Any poster entered for competition must be filed with the Registrar after its display. At the end of the term the designs so filed will be judged on a basis of originality, composition and execution.

Posters need not be entirely the work of the designer but may be assembled combinations of pictures and lettering that best set forth the subject presented.

The prizes are offered by Stanley A. Smith and E. S. Keene who will see that the awards are made by fair and competent judges.

Get busy and rake in that five spot now!

New Smokestack Crashes To Earth Mon.

NO INJURIES FORTUNATELY OCCURRED, SENIOR CLASS HELD TO BLAME FOR DISASTER

Steel cables capable of lifting twenty tons, failed to raise the standard of the Senior class last Monday afternoon, when the big smokestack for the extra boiler in the college powerhouse bearing the numerals of the Class of '23 crashed to earth, a wreck.

The Seniors had painted their number on the new smokestack with the vain hope that their standard (23) would rise with it. The drag proved too much, however, the cable couldn't stand the strain and broke. The chimney was badly damaged and when last seen, the section with the 23 on it was leaving for the iron hospital to be rejuvenated. It is thought by eminent foundry specialists that the removal of the objectionable hieroglyphics will make possible again the raising of the new chimney without mishap.

Our old power house is considerably changed now within. A new 200 H. P. boiler in reserve supplements the four already used to heat the campus buildings satisfactorily. The walls between the boiler room and engineers office are being taken out to make the alignment of all five boilers possible. A new shop and washroom is being made in the northeast end of the house.

The new smokestack is seventy feet in height, weighs just four tons and is six feet in diameter.

A. C. SPIRIT WINS WITH HALF A CHANCE

"Given even half a chance, A. C. spirit and fight has always been able to beat the University," was a remark dropped within our hearing yesterday by one of our professors and an ardent follower of the Bison Football teams in talking over the probable outcome of Saturday's battle, "and it looks as tho we sure have a lot more than that half chance this year."

That A. C. fight and indomitable spirit again—what and why is it—how does it do miraculous things for us—and just what part does it play in the doings of our Alma Mater? 'Tis a long, long story but we do know what it can and must do for us tomorrow—and you are the one to start it going.

The N. C. I. Conference championship rests entirely on how we play the game Saturday. University is the strongest outfit we will face this season and a win over U. N. D. besides being a revenge of former defeats will mean the realization of our fondest hopes and desires for the conference title. Places a little responsibility on your shoulders, doesn't it, Mr. Student??

There is nothing on earth that will take the heart out of your opponent as will an unending barrage of enthusiasm, action, "get him, we've got 'im" spirit, and that "they're our meat" feeling from 6 P. M. Friday evening to the final whistle Saturday afternoon. The bumps and smashes of Louie and his followers will never be able to completely trample the Flickertail spirit. Those boys from the U are fighters and you've got to hand it to them for having a mighty formidable football machine. It's up to you to pen up the holes in their morale for the team to get thru for the game. To date it's been done twenty four times before with bigger odds against us, surely we can do it again and a whole lot better than ever before.

You are one of the spokes in our wheel of fortune tomorrow, each and every one of you. Get out of bed bright and early tomorrow morning and make that parade start on time as one of the epics in collegiate history. Add your might of color and enthusiasm to the funeral procession of Universities N. C. I. championship hopes.

BREAK LOSE, PLAY THE GAME FOR ALL YOU'RE WORTH—BE FAIR—AND MAKE A. C. THE SCHOOL

IT MAY BE SO BUT WE DON'T KNOW

From the University Student—"Down at Fargo this week, there are some long faces among the Bison Booster Club members. Several of the Bisons are bemoaning the contributions they made to their treasury and one poor fellow, who had mortgaged his radio set to help buy some uniforms, was all set to leap off the Front Street bridge—etc—etc." Will we show them how we feel tomorrow, fellows? Well, I should say we will.

TOMORROW'S GUESTS

Tomorrow, Mr. Student, we have with us four hundred university boys, conceived in the idea that THEIR TEAM, THEIR SCHOOL, THEIR BELIEFS, and THEY THEMSELVES are the only outfit on earth worthy of wasting a second thought upon. Naturally for the most part these things have settled on them and become a part of their general mental construction, as beings set far apart from the true centre of civilization.

Let's play fair with them tho, by all means. Consider the environment, made up of false accusations, hearsay, rumor, falsehoods, imagined wrongs and a fancier sounding name, perhaps, for their Alma Mater if you will, and be big enough to lay aside your old grudges for a day and treat your guests in the way you, yourself, would like to be entertained away from home on a like journey. Let's show them where, how, and when we live here, and give them an inside glimpse of the one institution of them all. We have the spirit—(The U boys admit that and give us credit for it)—but we have a whole lot more than that, alone. Let them know about it.

A. C. men are generally known to be gentlemen first, last and all the time. Never mind picking up petty grievances from little things that may be said and done tomorrow. Be big enough to overlook your own personal whims for twenty four hours in behalf of your college.

Our friends will leave Fargo, we know, rather disappointed and downhearted with the outcome of the big game, but let's send them back with a new respect and knowledge of A. C. as it is today and every day the year around. Let them know that we, as a body, are mighty good sports, good winners or losers, entertainers, and the best of all around good fellows. Play fair no matter what happens.

Bison Scamper

Away with 55-7

(Continued from Page 1)

Coach Watkins' Lutherans rather caught the Aggies off guard and have the distinction of being the only team to cross our goal line this fall. In brief the summary of Saturday's game is as follows:

First quarter easily the thriller of the contest. Concordia received the kickoff and by straight football with the aid of penalties, worked ball to the A. C. six-inch line, where the Aggies held for four downs, Aggies punt to forty-five yard line and Concordia returns fifteen yards. End of first quarter.

Thirty seconds after opening of second quarter a forward pass, Briggs to Brewster, was completed behind the A. C. goal line. Brewster kicks goal.

GOODBYE GREEN CAP

Farewell, "Green Cap," your day is done
 And well have you answered my need
 And tho you tell not of battles won
 A blessing you've been indeed.

Your green form has shielded me from more
 Than the rays of the Autumn sun
 You've kept me from being the helpest dupe
 An object of sophomore fun.

Beneath thy scant folds was safety
 Without you life's race was a run
 You saved me from many a paddling,
 And now our partnership's done.

Old cap—you've been more than a partner
 A friend you were, loyal and true
 The stormy trials of a freshman's life
 Would have driven me mad, but for you.

And to think, that at first I detested you
 Yes was almost ashamed to be seen
 When you were along—but now I know
 That it's great to be wearing the green

And when some time in the future
 I happen to see you onte more
 I'll regret that those days can ne'er be relived
 When the Freshman insignia I bore.

So, goodbye, ol' pal, I'll just pack you away
 And once in a while I'll unpack you to see
 If you still remember those wonderful days
 When we both were young—and green—at A. C.

—Sempty.

Score A. C. 0; Concordia 7. Concordia kicks off to A. C. on thirty yard line. Bison machine starts tearing down the field and goes over for touch down in five plays thru line. Chaney carrying the ball. Robbins kicks goal. Score A. C. 7; Concordia 7.

After kickoff Concordia failed to make downs. Birkhofer returns pun fifty yards for second Bison touch-down. Robbins kicks goal. Score, A. C. 14; Concordia 7. A few minutes later Bute, by sensational open field running carries ball over for third touch-down. Robbins fails to kick goal. Score A. C. 20; Concordia 7. Half ends with ball in Concordia's possession on forty yard line.

Third quarter. A. C. kicked to Concordia. Chaney intercepts pass and next play Bute runs 40 yards for touchdown. Robbins kicks goal. Score, A. C. 27; Concordia 7. Chaney scores again in third quarter. Robbins kicks goal. Score A. C. 34; Concordia 7. Quarter ends, ball in Concordia's possession on 20 yard line.

Fourth quarter is a repetition of second and third with Bisons scoring almost at will. Cutting sent in Dunham, Gunderson, Hicks, Thompson and Brdgeford and they continue to plow thru the Lutherans, scoring three more touchdowns. Captain Duerner who was being saved for the University clash next Saturday, was replaced by Bute, who directed the team thruout the whole game in the manner of a veteran. Game ended just after Gunderson scored the last touchdown with Boise kicking goal. Final score, A. C. 55; Concordia 7.

Bisons came thru the game with only a few minor injuries, and will all be in trim for the big battle Saturday.

CAST FOR 'CAPPY RICKS' IS ANNOUNCED TODAY

(Continued from Page 1)

Aunt Lucy RicksHelen Krueger
 BrookfieldHorace Judd

SCENES REPRESENTED

Act 1—Cappy Ricks' office, California street, San Francisco.

Act 2—Six weeks later, "Sea-look" Cappy Ricks' home, overlooking the Pacific Ocean just outside San Francisco.

Act 3—One week later, Cappy Ricks' office. Same as Act 1.

"The Story of "Cappy Ricks," his two fisted son-in-law Matt Peasley,

who worked his way up from deck hand to master, who dared to follow his own convictions and as a result found fighting his former boss and the father of the girl he loves, of Skinner, that marvel of efficiency: of Florence Cappy's charming daughter; Aunt Lucy, comforting, tactful old lady, who is not afraid of Cappy; Cefi mama's spoiled boy make an extremely interesting play. Cappy, soft as his heart might be, had a bluff exterior, and when one of his young officers who happened to be in love with Cappy's daughter took issue with him, he fired him. Then he found himself in one of the breeziest maritime battles he had ever faced. The war between The Blue Star Navigation Company and the Red Diamond Navigation Company caused a commotion that shook the entire Pacific seaboard. In the end the young man wins the fight, the woman he loves, and the admiration of Cappy himself.

There is a tang of salt sea air in the play, a life and vigor in its lines, an overflowing humor in dramatic action, that makes for an ideal comedy."

"WORD MONGERS" and "CHATTERING BARBERS"

"Word mongers" and "chattering barbers," Gilbert called those of his predecessors who asserted that a wound made by a magnetized needle was painless, that a magnet will attract silver, that the diamond will draw iron, that the magnet thirsts and dies in the absence of iron, that a magnet, pulverized and taken with sweetened water, will cure headaches and prevent fat.

Before Gilbert died in 1603, he had done much to explain magnetism and electricity through experiment. He found that by hammering iron held in a magnetic meridian it can be magnetized. He discovered that the compass needle is controlled by the earth's magnetism and that one magnet can remagnetize another that has lost its power. He noted the common electrical attraction of rubbed bodies, among them diamonds, as well as glass, crystals, and stones, and was the first to study electricity as a distinct force.

"Not in books, but in things themselves, look for knowledge," he shouted. This man helped to revolutionize methods of thinking—helped to make electricity what it has become. His fellow men were little concerned with him and his experiments. "Will Queen Elizabeth marry—and whom?" they were asking.

Elizabeth's flirtations mean little to us. Gilbert's method means much. It is the method that has made modern electricity what it has become, the method which enabled the Research Laboratories of the General Electric Company to discover new electrical principles now applied in transmitting power for hundreds of miles, in lighting homes electrically, in aiding physicians with the X-rays, in freeing civilization from drudgery.

**Are You Short
Of Money**

Read what Guy Harper Harris says about making money selling Simpson Tailor made clothes.

"I worked my way thru school selling Simpson suits and overcoats.
"Last spring I found myself in a position of being compelled to earn extra money to pay my expenses or leave school. Thru the employment manager at school I learned of J. B. Simpson, Inc., and succeeded in making a connection with them. Altho I had never in my life before sold a suit or overcoat, I have earned an average of \$37.00 per week by using my spare time to take orders for Simpson suits and overcoats.

"I did not depend only on the college students, but each afternoon I went out and called on from ten to thirty men. As Simpson values are exceptional good and I could save the men from \$10 to \$20 on every suit or overcoat I nearly always succeed in getting from one to five orders a day. The opportunity to do this work was a God-send to me and I can think of no better way to meet expenses than by getting the agency for Simpson clothes. The firm is 100 per cent on the level, a big reliable, honest institution and I cannot speak too highly of them. This season I will do even better as I have several hundred satisfied customers whom I can re-sell."
—Gug C. Harris.

If you are looking for a means of making money you can find no better or more profitable way than the Simpson agency at your college. All our suits and overcoats are made from virgin wool fabrics, tailored to order and sold for the flat price of \$29.50. In fit, style and quality, they are equal or superior to the average garments retailed at \$50.00. We are one of the largest tailoring organizations in the United States and stand back of every garment with an honest guarantee of absolute satisfaction. NEW CROP OF PHARMACY ROOKS APPEAR ON CAMPUS

Twenty seven freshmen pharmacists were sworn in as members of the North Dakota Pharmacy club this week and have begun their rookie obligations with the wearing of big N. D. P. C. placards on their backs. Besides this we are informed that the male members of the class are expected to run about the campus instead of confining themselves to a walk—(to keep from catching colds and being late to classes we suppose.) All rookies alike must select sponsors in charge of their daily conduct during their rookie period.

The formal initiation will take place in two weeks at which time the freshmen come down to earth again and make themselves a part of the club.
