PRICE 5 CENTS.

SEVENTY-FIVE TO RECEIVE DIPLOMAS FROM MODEL HIGH

Largest Class in History of Agricultural and Manual Arts High School to be Graduated This Week; Pres. Beeler of Minot Normal Commencement Speaker.

"Up the Ladder Step by Step" is the class motto of seventy-five graduates of the Agricultural and Manual Arts high school, for which commencement exercises are being held here on Thursday and Friday of this week.

Since 1919 the graduating class of the Model High School has more than doubled its list of graduates, and with a slogan of "one hundred graduates for 1922" and every indication of its being fulfilled to the letter, the preparatory department of the school is fast coming to be one of the foremost high schools of the state. Of the seventy-five students graduating this spring, over sixty of them contemplate entering the N. D. A. C. as freshmen next fall.

The Eleventh Annual Commencement program for the A. M. A. high school will be as follows: On Wednesday, June 7th, the senior class exercises and reception will be held in the Little Country Theatre; Thursday, June 8th, the alumni banquet will be held at high noon. The commencement exercises will be held Thursday evening at 8:30 in the Little Country Theatre. The commencement address, "The Meaning of Youth," will be delivered by L. H. Beeler, President of the Minot Normal School, Minot, North Dakota.

The officers heading the class of '22 are: President, Lydia Thorson; Vice President, Harold Ingberg; Secretary, Theodore F. Hagerott; class colors are blue and gold, and

(Continued on page 4)

COMMENCEMENT CALENDAR

Wednesday, June 7, 8 P. M.—Model High Class Day Exercises.

Thursday, June 8, 8:30 P. M.—Commencement Exercises—Address by L. H. Beeler, president Minot Normal.

Friday, June 9, 8:15 P. M.—College Class Play, "Grumpy," Little Country Theatre.

Saturday, June 10:—

12:00 M.—Phi Kappa Phi Luncheon—College Y. M. C. A.

9:00—11:30 P. M.—Senior Swing Out and Alumni Ball—College Armory.

12:00 Midnight—Pipe of Peace Ceremony—College Campus.

Sunday, June 11:—

3:30 P. M.—Baccalaureate Exercises—Address—American Idols and Ideals—Hon. Paul Reinsch, Former Ambassador to China—College Armory.

Monday, June 12:—

10:00 A. M.—Commencement Procession.

10:30 A. M.—Graduation Exercises—Address: The Agricultural College, Its Mission—John Lee Coulter, President North Dakota Agricultural College, Fargo, North Dakota—College Armory.

12:00 M.—Commencement Luncheon.

At their regular meeting on Monday evening, June 5, members of Delta Phi Beta sorority elected the following officers for the coming school year: Iva McCracken, president; Vida Colwell, vice president; Reta Hubertz, secretary; Hedvig Sands, treasurer, and Mary Ross, corresponding secretary.

TO GIVE COLLEGE BACCALAUREATE ADDRESS

Honorable Paul Reinsch, who will deliver the baccalaureate address on Sunday afternoon, June 11th, is one of America's foremost citizens. From 1913 to 1919 he was American minister to China. Both Presidents Roosevelt and Taft appointed him a delegate to the Third and Fourth Pan-American Conference. He is the author of the following books: "An American Diplomat in China," "Secret Diplomacy," "Intellectual Currents in the Far East," "The Common Law in the Early American Colonies," "Colonial Government," and "Colonial Administration." His books have been translated into Japanese, Chinese and Spanish. At present he is engaged in the practice of law at Washington, D. C., and is counsellor to the Chinese Government.

His diplomatic and scientific work have given him world wide associations, making acquaintances with many leading men in Europe, Asia and South America. His direct personal knowledge of men and affairs in these regions enables him to speak with authority on international developments. According to the Peking Daily News, Mr. Reinsch has perhaps never been excelled as a public speaker in the Legations in Peking, with one possible exception.

Mr. Reinsch was formerly connected with the University of Wisconsin. The subject of his address for the baccalaureate services will be "American Idols and Ideals."

Summer School Offers Courses For Coaches

Coaching athletic teams is the subject matter of a new series of courses which will be given for the first time during the summer term at the Agricultural College which begins June 13 and ends July 21, according to members of the summer session committee. Coach Stanley Borleske will conduct the courses.

Both lecture and field work covering details of plays, training, rules and the like will be included in the course according to Coach Borleske. Physical education courses for women will be given during the summer term by Miss Ruth Andrews.

More than 50 separate courses have been picked from those given by the various schools of the college for the summer term, according to the committee in charge. An increase over the enrollment of 300 teachers, college and high school students and others who attended last year's term, is predicted for this year.

Penn State, for the first time in its history, will offer a course in athletic coaching at its summer session. The course will be under the direction of Hugo Bezdek, director of the department of Physical Education in Athletics.

There are now 500 men enrolled as vocational students at Washington University, St. Louis.

College Completes Plans for Fire Festival

President, Faculty, Band Battalion, Students and Float will Form College Unit of Mid-Day Parade.

The committee appointed by President Coulter, and with his approval, has made the following arrangements for the participation of the college as an institution in the celebration of the Fargo Fire Festival Day, Wednesday, June 7.

Major W. F. Harrell, chairman of the committee, announces that plans for the college part in the parade are now complete. The different elements of the college will form on the campus at 10:30 A. M. in the following order: The President, Faculty and employees, Band, Cadet Battalion, Women Students, Men Students and The College Float.

In order that the college and its activities may be properly presented to the public, the president hopes that every individual connected with the college in any capacity whatsoever will be present and participate in the parade.

On Wednesday the city of Fargo will hold a big civic celebration commemorating the great fire which swept the city in 1893, reducing it to a pile of smoking embers. All business houses, schools, colleges and industries of the city will take part in the celebration.

Bridgeford Chosen To Lead Track Squad

Harry Bridgeford, Aggie pole vaulter, was elected captain of the 1922 track team at a meeting of track men on last Thursday, June 1. Bridgeford together with Noble Martin holds the state record for the pole vault, a record made this year in the meet with St. Thomas when both men topped the bar at 11 feet 4 inches. The newly elected captain is also a high hurdler and high jump man and with steady improvement shown since entering the A. C. a year ago he is expected to be a big pointer in the track events of next year.

Besides his track activities Bridgeford won his letter in football last fall when he played a steady game at the center position.

The Parable of the Disinterested Student

And, lo, there went out from the great college of the state of North Dakota a band of students, some of whom were to teach in the schools of the state while yet others entered the industries, homes, and many and diverse occupations wherever they could apply their talents to the best advantage. Some of these having graduated would not return while the others after a period of three months would again take up their pursuit of knowledge to the end that they might better equip themselves for the battles of life.

Now like the parable of the husbandman and his servants in the Good Book there were given to these students a varying number of talents either from the educational training they had received or thru natural means. And, likewise, in the same way did these students make use of their talents in different ways.

For when the summer ended and they returned to school it was asked by one of each in turn, "What did you do to secure new students for your college?" And one said, "I have brought a brother" and another said, "A friend has returned with me to attend our college and enjoy its benefits and opportunities." Another said, "I have brought a friend

Final R. O. T. C. Review on Wednesday

Seven Officers Received Commissions; Battalion Lead College Section in Fire Festival Parade.

Reserve commissions were presented to cadet officers M. E. Tindall, L. R. Sivertson, N. B. Martin, Geo. Bohlig, Geo. Bohnsack, Chris. Benson and Gunnar Liefson at the final formation of the cadet battalion Wednesday morning at 10 o'clock. At this time the formal presentation of the commissions was made by Adjutant General G. A. Fraser, following which the battalion passed in review. The reviewing officers for the day were the adjutant general, Col. M. F. Steele, Pres. J. L. Coulter and Major W. F. Harrell.

Following this formation the battalion led by the cadet band headed the college section of the Fargo Fire Festival parade which took place at 11 o'clock thru the downtown district.

A new feature of the review was a change in the personnel. The senior officers turned over their companies to the junior lieutenants who took the companies past the reviewing stand.

President's Guards Banquet Battalion

A six o'clock dinner in the dining room of the Y. M. C. A. building on Tuesday evening, June 6th or all members of the college R. O. T. C. unit marked the close of the social activities of the Guards for this year.

A short program of speeches from the graduating members of the unit and junior members of the club followed the dinner.

Since their organization this year the Guards have contributed much to the social life of the military department as well as assisting in many ways in the building up of the R. O. T. C. unit thru their cooperation with the commandant and his staff.

Guests of honor at this dinner were President J. L. Coulter, Major W. F. Harrell, Captain Evans and Sergeant Cullpepper.

Following the regular program an impromptu discussion was held for the purpose of reviewing the year's work and outlining the conduct of the social and educational policies of the unit for the coming school year.

OFFICERS OF THE COLLEGE CLASS OF 1922

Seldom has a graduating class at N. D. A. C. been able to boast of so many members active in college affairs and of high scholastic standing as the class of '22.

Lynn Huey of Wyndmere, president, besides being a four year football man and captain in 1921, has carried a heavy role thru his four years of college. His work in dramatics has won for him the title of the best student actor in the state. In spite of his many activities Huey has been able to maintain a high degree of scholarship, being elected this spring to Phi Kappa Phi, national honorary scholarship society.

Lynn has accepted a position as a Smith-Hughes instructor at Cavalier next year. Bernice Noyes of Cando, vice president, has earned for herself the title of the hardest working girl at the college. She has taken an active part in women's athletics, dramatics, and college social affairs and wherever there was something to be done Bernice could generally be found at work. She will teach in the Rugby high school next year.

Edith Challey of Lishon, secretary, is well known to students of the college thru her work in dramatics, having taken part in almost every play of importance since coming here as a freshman. Edith has also been a prominent figure in our college social life. She will teach in the Cando high school next year.

Ethel McGuigan, treasurer, has carried the A. C. colors to victory on several occasions on the Forensic platform, being a debater of no mean ability. She has also taken an active part in women's athletics, dramatics and social affairs. Ethel expects to teach Home Economics next year.

Bison Coeds Twice Defeat U. Women

Displaying professional style all thru the matches, the Bison coed tennis team defeated the University coeds in a match held on the college courts Friday afternoon, May 20. Susan Martin bested Hulda Johnson of the U. 6-2, 6-0; and Ruth Takott defeated Florence Douglas 6-4, 6-3, in the singles event. In the doubles Susan Martin and Glade Latimer won from Florence Douglas and Violet Lesperance, 6-4, and 6-2.

In a return match on Thursday, June 1, at the University the same Aggie team again defeated the upstate women in all events making a clean sweep of the series.

EXTRA COPIES

The Circulation Manager of the Spectrum wishes to announce that a limited number of all issues of the Spectrum for the present school year are still on hand and may be had by the first students asking for them as long as the supply lasts. If you are interested in completing your files for the year see Donald Peet or call at the Spectrum office this week.

BRING A NEW STUDENT BACK WITH YOU NEXT YEAR

Final Student Rally and Convocation of Year Called to Emphasize New Slogan. Our State is Our Campus.

At the last convocation hour of the school year held yesterday in the armory students and faculty turned out en masse to hear representatives of the student body, alumni and faculty emphasize the importance of securing new students for the coming year.

Prof. Minard as chairman outlined the purpose of the meeting. Louis Duerner, president of the Student Commission spoke for the student body. Mr. Duerner emphasized the importance of everyone working for the growth and betterment of State College during the vacation months. He briefly outlined what the Commission expected to do during the coming year to improve conditions at the college.

Percy Beals, speaking for the alumni, showed the threefold value of an active interest while an undergraduate in working for the good of one's Alma Mater.

Dean E. S. Keene of the faculty, showed what an important part graduates of A. C. are taking in the world affairs thruout the entire nation. Quoting from the Alumni Directory he showed the world-wide reach of State College thru its alumni who are engaged in various occupations both here and abroad.

During the rally postcards of our campus with the newly adopted slogan, "Our State is Our Campus" printed below and a list of the courses offered here, were distributed thruout the gathering. Students were instructed to mail these to prospective students or friends thruout the state who might be interested in coming here to school.

Bisons Meet Fast Company at N. C. I. Meet

South Dakota Takes First; Damerow of Morningside High Point Man; Bisons Fail to Place.

Bison track and weight men found themselves in fast company on last Saturday, May 27, when they met the six other members of the newly organized N. C. I. conference at South Dakota State in the first annual meet. In fact their opponents were so fast that none of the Aggie representatives got beyond the preliminaries.

Seven schools sent representatives as follows: South Dakota U. 27; South Dakota State, 21; Morningside, 12; Des Moines, 17; St. Thomas, 8; North Dakota State, 5; and North Dakota U. 1. Creighton withdrew at the last minute.

Ideal weather conditions prevailed and the track was in splendid condition.

Damerow of Morningside was high point man with a total of eight points, while Stout of South Dakota State was second with seven. The summary of points is as follows: South Dakota University..... 38
Des Moines U..... 30
South Dakota State..... 28
Morningside College..... 23
North Dakota U..... 5
St. Thomas College..... 2
North Dakota State..... 0

All first places in this meet will stand as records.

Service for students will be maintained at the college Y during the summer vacation, says H. J. Thompson, secretary, yesterday. The reading and writing rooms and showers will be open at all times during the day and the game room on special hours.

L'ENVOI

Because of a constitutional ruling of the Student Commission the last number of the Spectrum, which is the next one, cannot be printed before the first day of Commencement. By that time many of the students will have left for their respective homes, so we are taking this last opportunity while all here together to review the year's endeavors.

The staff of the Weekly Spectrum feel that the assistance and cooperation of the student body and faculty in helping us to improve our news organ has been fine. The interest in the paper has grown to be more general which is the only thing that can assure the success of a student publication.

The apportionment of the labor incident to the publishing of a weekly paper is still one-sided, but with a greater interest in journalism and the training now given in our newly established courses in that subject the number of students desiring a place on the staff and capable of qualifying for a place should be far greater than in the past.

The conduct of the paper for the coming year is in the hands of a Commissioner of Publications, whose work on the Spectrum this year has proven his ability to carry on a progressive policy of making our student publication better than ever in the coming year.

The outgoing staff feel that the results of the past year have been most gratifying. A comparison of the first issues with later ones shows that there has been a steady improvement. The paper has come to take its place on an equality with the publications of some of the best schools of the Middle West. It should be the aim of the new staff in the next year to make the Weekly Spectrum the best paper of any school this size anywhere in the country.

As we lay down the pen and vacate the editorial chair for our successor let us say in parting that whatever has been written has been without malice or personal enmity but only as we saw the right and tried to do it.

THE FAME HANDICAP.

The self-made man without schooling who attains great distinction is one of our cherished American institutions. He is a national product that makes us justly proud of America and yet he occurs only in the ratio of six to a million population.

To one of him there are 978 men who have gained distinction with the aid of college educations, according to figures compiled by an investigator.

This investigator found that without schooling only 1 out of five millions attained distinction.

With elementary schooling only 808 out of 33,000,000 attained distinction.

With high school education 1,245 out of two millions attained distinction.

With college educations 5,768 out of one million attained distinction.

While such examples as Lincoln are inspiring to our national pride the boy who, like Lincoln; is without any schooling whatever is a long shot of 978 to 1 in the race for fame against a college boy. —Exchange.

Bateson Elected Head Of Education Club

Definite Social and Professional Program, Petitioning of National Organization — Contemplated for Next Year.

Following a rapid and substantial growth thruout the present school year together with an active interest in educational work on the part of all its members, the Education Club of the college closed its year's program with the election of officers and the outlining of a definite program for the coming school year.

The officers chosen were W. H. Bateson, president; Mildred Peterson, vice president; H. D. McClellan, secretary, and Marion Pannebaker, treasurer.

At this time a committee was named to investigate and report on the possibilities of becoming a national educational fraternity whose aims and purposes were similar to that of the local body.

During its existence at the college the Education Club has enjoyed a

rapid growth and assisted materially in the work of the education department thru its social and educational activities.

Beginning next fall a drive will be made for increased membership with the aim of interesting every student in the department in the work of the club

Lettermen Enjoy Outing at Detroit

Letter men, their lady friends, the athletic coaches and members of the faculty spent a most pleasant two days at Nason Bay on Lake Detroit last Saturday and Sunday, June 3 and 4.

The outing was planned and directed by the N. D. Club and all expenses defrayed by the athletic department. Leaving Fargo on Saturday morning by auto, bus or train the athletes and their guests arrived at the large hotel leased for them during the morning. Ideal weather conditions during the two days contributed much to the success of this first venture which is now assured of being an annual affair.

The two day's outing was spent in bathing, fishing, boating and dancing and many and marvelous were the tales told this week on the campus about the long strings of walleyes and monster Great Northern pike that were almost landed—but broke away.

Dr. and Mrs. C. A. Schalk and Prof. and Mrs. I. W. Smith were chaperons for the party.

Twenty-five years ago seniors at Baylor University (Texas) were allowed two dates a month. No town dates were allowed at all. Picnics were

the most popular method of entertainment then. Seniors were supposed to make a speech or read an essay in chapel at least once a month

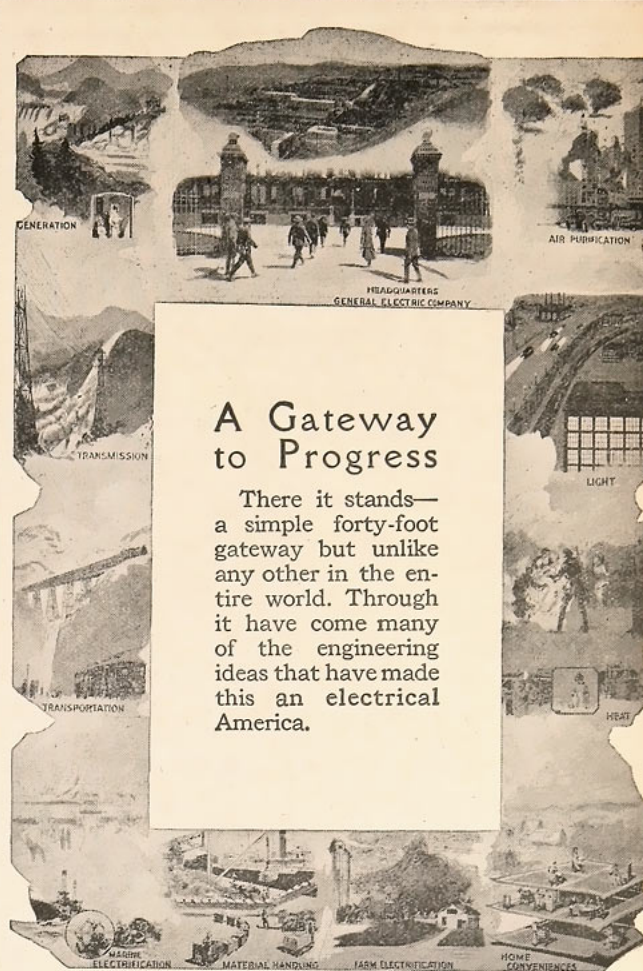

PLANS INDICATE STRONG STOCK JUDGING TEAM

With twenty men signifying their readiness to report ten days before the opening of next fall's term for preliminary work in stock-judging, Professor Thompson believes that next year will find the strongest team A. C. has ever had at the National Live Stock Exhibition in November. Many of the contestants for this year's team will be back in the line to give the present sophomore enthusiasts a strong rub for places on the team.

Bishop Heads Local Chapter of Engineers

At the annual election of officers last Thursday evening, June 1, the Agricultural College chapter of the American Association of Engineers chose Don Bishop, a junior, to head the organization for the coming year. Other officers elected were, vice president, Eli Anderson; secretary-treasurer, James Stark.

Early last fall the local organization known as the Lyceum of Engineers was granted a charter from the national body. This body of students has always been an exceedingly active organization on the campus. They have held their regular meetings each week at which time matters pertaining to affairs of the engineering world were discussed. Aside from their technical programs the A. A. of E. have also contributed to the college social life by giving an all-college party each year.

A Gateway to Progress

There it stands—a simple forty-foot gateway but unlike any other in the entire world. Through it have come many of the engineering ideas that have made this an electrical America.

The story of electrical development begins in the Research Laboratories. Here the ruling spirit is one of knowledge—truth—rather than immediate practical results. In this manner are established new theories—tools for future use—which sooner or later find ready application.

The great industries that cluster around Niagara Falls, the electrically driven battleships, the trolley cars and electrified railways that carry millions, the household conveniences that have relieved women of drudgery, the labor-saving electrical tools of factories all owe their existence, partly at least, to the co-ordinated efforts of the thousands who daily stream through this gateway.

THE SPECTRUM THEN

(10 Years Ago)

From the Files of The Spectrum of
June 1, 1912

Capt. A. R. Tibbetts of the U. S. regular army inspected the cadet battalion on Friday morning. This was the final spring inspection of the local unit and the visiting officer was enthusiastic in his praise of the work being done by the unit at this place.

High School seniors of Fargo and Moorhead were guests of the college at a banquet and dancing party on Friday evening.

The Aggies and U. of N. D. played a seven inning tie, 2-2, on Saturday, the game being called to allow the Flickertails the opportunity to catch their train.

The management of the College Bookstore is taken out of the hands of the students and placed under the supervision of the college.

Grand Forks wins state high school meet on Dacotah Field with a total of 46 points, Langdon, second, with 36, and Fargo, third, with 17½ points.

Aggies stage a runaway contest with the Wahpeton Science baseball nine winning a loosely played contest, 18 to 2.

Announcement was made this week that Bishop Robert McIntyre of St. Paul will deliver the baccalaureate address, and state senator Wesley C. McDowell of Marion, N. D., the commencement address at the commencement exercises next week.

OUTSIDE THE GATE

Hugo Stinnes

In Europe when they think of a great business man they think of Hugo Stinnes, owner of ships, mines, factories, railroads and newspapers. He employs more men than our government or the combined mine workers in the United States, there are one million persons on his payroll.

Hugo Stinnes is a German, born of a fairly well-to-do family. He is not a university graduate, but received some of his mining education in the mine with a pick and shovel. His father left him about \$12,500 which he invested in a coal store. He soon added more yards and mines to his business. By the time of the great war he had built up a great coal business on which he was able to reap a harvest.

During the war every important conference included him. It was Stinnes who urged the destroying of the factories in Northern France. In one of the conferences with the allies after the war he was censured for the remarks he had made. He answered, that they had not come for pleasant words.

When he wants an industry he buys the controlling stock, then he borrows money from the concern, so that in fact he really has very little money invested. He controls a few hundred businesses and to attend the board meetings rides on the train six out of seven nights. He has two sons in the University of Berlin, one of these attends every important meeting, so that in case he should die they can carry on his work. What his ambition is nobody knows.

The Teachers' Income

Income tax reports are said to show that the various occupations yield markedly different incomes. In the following table the percentage of those who are paying an income tax on over \$3,000.00 a year is shown. It is interesting to note that teachers and farmers are lowest in the list, very few having over a \$3,000.00 income.

Brokers, stocks, bonds, etc.	20.00%
Lawyers and judges	19.00
Engineers, civil, mining	11.24
Manufacturers	10.00
Architects	8.50
Insurance agents	8.20
Army and navy officers and doctors	7.00
Real Estate, commercial travelers, merchants, dealers, theatrical managers and owners	4.8-4.3
Clergymen	1.40
Actors and musicians	.55
Teachers and professors	.47
Farmers	.24

Ohio State University plans the erection of a two-story journalism building. The first floor will be for the printing and binding plants, while all the editorial staffs of the campus publications and also the journalism classes will be accommodated on the second floor.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.
THE COLLEGE DEPARTMENT OFFERS

Agriculture—Architectural Engineering—Architecture—Biology—Chemistry—Chemistry and Engineering—Civil Engineering—Education—Home Economics—Mechanical Engineering—Pharmacy—Science and Literature—Veterinary Medicine and Surgery. These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training.

THE AGRICULTURAL AND MANUAL ARTS HIGH SCHOOL OFFERS:

Complete Secondary Courses in Agriculture—Domestic Science—General Science—Mechanic Arts—Rural Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Power Machinery. THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women to think and investigate for themselves; to deal intelligently with the social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their line. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics, engineering, and the social, economic and political sciences.

Graduates from Approved High Schools are admitted to the Freshman Class. Board and Room \$6.25 to \$7.50 PER WEEK.

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS
Collegiate, High School and Business courses start September 25, 1922. The special and Industrial courses open October 16, 1922.

MANY causes of eye strain might easily be avoided. Reading in bed or on the train, constant watchfulness over minute figures, trying to read in the failing light or other abuses may have so impaired your sight that it should be examined and "checked-up" by an accomplished optometrist. We will test your vision thoroughly and prescribe the lenses that will aid your sight.

Campus Comment
Theta Chi fraternity announces the initiation of Arthur Wirtenburg and W. Hayes Stevens on Friday, June 2.

"Dutch Johnson '22, who has been in the employ of the Acme White Lead and Paint Co. of Detroit, Mich., is home on a month's vacation.
Archie Walde, '22, has completed last of the week with fraternity brothers at the Alpha Kappa Phi house.

Miss Margaret Keene, who has been teaching at Mason City, Iowa, will return this week to spend the summer vacation with her father, Dean E. S. Keene.

Archie Waldi, '22, has completed a successful year as instructor in the Wishek high school. He expects to leave next week to work during the summer with an engineering firm in Minneapolis.

The new members of the Y. M. C. A. Auxiliary gave a coffee in the "Y" building from 2 to six o'clock Wednesday, the proceeds of which are being used toward a fund for the furnishing of bedrooms in the building.

Miss Genevieve Parsons of Bismarck, was the guest of Mildred Fraser on Saturday and Sunday, June 2 and 3, while enroute to her home after visiting with her sister, Agnes, at the University.

Members of the Delta Phi Beta sorority gave a shower at the chapter house on Tuesday, June 6, in honor of Marie Huey, '20, who is to be married this month.

Lillian Hoveland, soprano, together with the Misses Mildred Reis and Pearl Peterson, pianists, were presented by the Dakota Conservatory of Music in recital in Stone's auditorium Sunday afternoon.

Matilda and Myrtle Thompson, both of last year's graduating class, who have been teaching in the public schools of Williston and Coopers town, respectively, returned to Fargo on Saturday to spend their vacation at home.

Prof. and Mrs. A. G. Arvold entertained a number of invited guests at a dinner at the Gardner Hotel on Saturday evening, June 3, in honor of Walter Hampden, the noted Shakesperian actor, who appeared in Hamlet at the Orpheum Theatre that evening.

The best fish story to date is told by Dr. Schalk and Prof. I. W. Smith on their return from the letter men's outing last week. For particulars on how to fasten a fish stringer so it will get away apply to the gentlemen mentioned above.

Another one that might bear the light of investigation is that of the one that most ungraciously swiped Prof. Gottschalk's hook, sinker and all at Big Pine last Saturday. The professor is certain that it was the father of the whale that swallowed Jonah. Whose next?

From the Hunter Herald of last week: "Positively no baptizing in my pasture. Twice in the last two months my gate has been left open by the Christian people of Hunter and my stock has gotten out.
—Wm. Fiske.
No wonder his son dislikes water.

DELTA SIGS DANCE AT COUNTRY CLUB
Delta Kappa Sigma fraternity entertained at their first dinner dance Saturday evening, June 1st. Dinner was served at the Gardner at seven thirty P. M., after which the party adjourned to the Country Club where Farrell's orchestra furnished a peppy dancing program. Patrons and patronesses for the evening were: Mr. and Mrs. A. H. Parrott, Dr. and Mrs. C. S. Putnam and Dr. and Mrs. L. L. Carrick.

FRATERNITY CONVENTIONS. MARK CLOSE OF YEAR
Two fraternities and one sorority will wind up the year's activities with annual gatherings the first of the week.
Theta Chi fraternity will hold their annual convention on Monday and Tuesday, June 12 and 13. The two day program will begin with ritual work on Monday afternoon followed by initiation in the evening. On Tuesday morning and part of the afternoon will be occupied by a business session, a ball game at 4 P. M. between the active and alumni members, the annual banquet at 6 P. M., followed by a dance in the armory in the evening.

Alpha Kappa Phi fraternity will hold their annual meeting on Monday beginning with a business session in the afternoon followed by the annual dinner at the chapter house at six o'clock.
Delta Phi Beta sorority hold their annual gathering on Monday and Tuesday. A business session in the afternoon followed by a dance at the Country Club in the evening will compose the first day's program. On Tuesday evening the annual alumni dinner will be held at the Gardner Hotel at 6 P. M.

McKIM SECURES POSITION WITH EASTERN FIRM
Walter McKim, graduate of the school of Chemistry in 1920, and at present assistant professor of mathematics here, has been placed thru the school of chemistry as research chemist for the New Jersey Zinc company at Palmerton, Pennsylvania. This company maintains one of the largest and most prominent research laboratories in the world, and the position secured by Mr. McKim has a very promising future. He will leave to take up his new position after the close of the school year.

Seventy-five girls belong to the Girls Rifle Battalion of Northwestern University. With movie actresses, stenographers and now college girls taking to firearms—looks as if a mere man would have to crawl away into a hole somewhere.

SEVENTY-FIVE TO RECEIVE DIPLOMAS FROM MODEL HIGH
