UNLUCKY FALL HELPS LOSE TRACK MEET TO CADETS

Injury to Gass, Aggie Star, in Early Event Cuts A. C. Points; Martin and Bridgeford Break State Record in Pole Vault.

With a lead of almost one hurdle over his opponents, Bill Gass stumbled and fell at the second last hurdle and was only able to regain his feet in time to come in third in the 220 low hurdles of the dual meet against the St. Thomas cadets, held on Dacotah Field last Saturday, May 20. The fall shook the Aggie star point-getter severely and no doubt handicapped him in the later events of the day. The unfortunate accident together with the absence of Bartell and Larson at the track meet at the University took from the Yellow and Green team the necessary points which would have easily won the meet. The final count stood 69 1-3 to 48 2-3 for the Minnesota visitors.

One state record fell in Saturday's contest when Martin and Bridgeford topped the bar in the pole vault at 11 ft. 4 in. Martin broke the old record set up by himself last year at the University.

First in the pole vault, mile, high jump and broad jump went to the Bisons but the lack of fillers to place second and third lost us the necessary points to win the meet. Thorfinnson, a new man on the track, ran one of the prettiest events of the day when he pulled up from behind at the last turn in the mile event and sprinted by the St. Thomas man in the lead crossing the line five yards ahead.

The hundred yard race was a nip-and-tuck event, all four men coming in within a yard of each other.

Gass, Aggie track star, who was depended upon to swing the meet for us, stumbled in the 220 hurdles while ten yards in the lead and regained his feet only in time to come in third. With the time in this event being 26 2-5 the timers believe that Gass would have made the distance in 25 flat and established a new record. The jar from his fall left him handicapped in the rest of his events and dropped the A. C. from the counting in most of the first places in the running events. Handicapped as he was, Gass succeeded in taking a first in the broad jump at 20 feet 2 1/2 inches.

A brief summary of the meet with placings and time is as follows:
220 yard low hurdles—Lapinsky, St. T.; Maher, St.; Gass, A. C. Time 26 2-5.

100 yard dash—McAndrews, St. T.; Henousek, St. T.; Gass, A. C. Time 10 2-5.

Shot put—O'Kenski, St. T.; Berrihan, A. C.; Henousek, St. T. Distance, 33 feet 3 3/4 inches.

Pole vault—Bridgeford and Martin of the A. C. tied for first; Stehly, St. T., third, height, 11 feet, 4 inches.

Mile run—Thorfinnson, A. C.; Maher, St. T.; Mickelson, A. C. Time 53 4-5 seconds.

Discus—Bullard, A. C.; Holsveen, A. C.; Stehly, St. T. Distance 103 ft. 4 1/2 inches.

440 yard dash—Shafer, St. T.; O'Kenski, St. T.; Roberts A. C. Time 5 3/4 seconds.

120 yard high hurdles—Stehly, St. T. (Continued on page 4)

SENIORS EXCUSED FROM CLASSES JUNE 1

In accordance with a custom of past years all college seniors will be excused from classes after next Wednesday, May 31. According to a ruling from the registrar's office today this will apply only to the regular four year students and only to regular senior subjects. Those taking junior subjects will be held for attendance the same as the other members of the class.

PRESIDENT COULTER BEGINS HEAVY COMMENCEMENT SCHEDULE.

Dr. Coulter began a series of a dozen or more commencement addresses this week which will take him to all parts of the state before the final address at the 28th annual college commencement here on June 12th.

His first address was delivered before the Barnes County School Officers Association at Valley City last Saturday evening, May 20. Yesterday he gave the graduating address at Wimbledon and tomorrow night he will speak at the Cathay high school exercises.

Other places included in Dr. Coulter's itinerary are: May 31, Fairmount high school; June 1, Jamestown high school; June 2, Milnor high school; June 4, Burke county farm bureau picnic; June 8, Fargo high school.

Senior Swingout Limited To Guests

Commencement Dance will be Limited to Seniors, Alumni, Faculty and Invited Guests by Class Ruling Made Wednesday.

Because the annual senior swingout and alumni ball has in the past been more of an all-college party with a goodly attendance of outsiders included, the Senior class decided on Wednesday to limit the attendance by issuing invitations. These invitations will be in the form of tickets bearing the signature of the donor and countersigned by the party presenting them at the door.

Every member of the graduating class will be allowed as many invitations as he or she desires with the understanding that they are to use their own discretion in passing them out. Those who will receive first consideration are relatives and visiting commencement friends. The other college classes are not included in this unless invited by members of the graduating class.

"The purpose of this decision was not to discriminate against any one but rather to make the annual party what it is really intended to be, an alumni-senior affair," said C. A. Williams, president of the Alumni Association, in commenting on the new ruling before the senior class Wednesday. "The dance is too crowded and the personal touch between the seniors and alumni is largely lost, if all college students and friends of the institution are permitted to attend."

"Merely Mary Ann" Well Received

Merely Mary Ann as impersonated by Lillian Thompson and supported by an exceptionally good cast of student actors, evoked much applause and the hearty commendation of a packed house on last Monday evening, May 22, when the final offering of the Edwin Booth Dramatic Club for this year was given in the Little Country Theatre.

Supporting Miss Thompson in the role of Lancelot, the poor young author, was Adolph Norgaard who played his part in unusual style. The work of Charles Wells in the role of Peter was also meritorious. A new face on the Little Country Theatre stage was that of Walter Bohnsack, who elicited much laughter from the audience in the humorous role of Herr Brahmsen, a music publisher.

Almost the entire cast of this play was composed of junior dramatists, and the polished performance given on last Monday evening promises much for college dramatic endeavors in the coming year if they continue the good work shown in "Merely Mary Ann."

College to Take Part In Fargo's Fire Festival

Civic Celebration on June 7, Commemorating Big Fire of 1893 Will Be College Holiday.

Wednesday, June 7, will be a holiday for the entire student body and faculty by reason of the recent action taken by the College Council to permit the college to participate in Fargo's Fire Festival on that date. A committee consisting of President Coulter, Major Harrell, Professor Arvold and Professor Sudro are at work now to consider the nature of our participation and the organization of a program for the day.

In order to make this arrangement possible the days of the examinations have been set one day ahead of their scheduled time of appearance and will come this year on June 8, 9, and 10, respectively.

The plans of the committee in charge, to date, call for a full representation of the college, including all faculty members, the Cadet Battalion and the young women of the school. The college section of the parade is to assemble at 10:30 A. M. at a meeting place to be announced later. All members of the faculty are asked to decorate their automobiles as far as possible, and to see that the teaching staff have a means of conveyance all day.

With everyone working enthusiastically on the program, every indication that June 7 will be a gala day for Fargo and the A. C.

Coed Winks Have Dual Meaning

And girrls let's not tell the boys what a hard time we have to keep one eye shut. We haven't had the practice in winking that the men have anyway. The women can't manipulate one eye at a time. Their eyes are veritable companions that refuse to be separated when they attempt to look through the peep sight.

It has long been the opinion of men on the campus that when the women have a loaded gun in their hands, the safest place for everyone else was directly in front of the target. Just ask Captain Evans of the military department. He'll give you the straight story. He is of the opinion, say members of the class, that if one of the men should venture in front of the rifle, the rest of his fellow students would have to act as pallbearers.

All of these facts go to prove that although the women have been submissive in the past, the women of today are challenging the sterner sex at every angle. G-r-r-r-r, beware.

Bisons Do Many Things According to A Review of Season's Headlines

(By Kenneth Green)

Jackrabbits, Flickertails, Bison Coeds, Macs, Hilltoppers, Freps, Aggies and what nots have clashed, fought, overwhelmed, battled, won, lost, defeated, shown big improvement, smashed, looped, split, vied, nosed out, lead, opened, blossomed out, given handsome trimmings, fallen, opened, mauled, put, annexed, opposed, retained, proven worthy matches, stimulated, taken, beat, tasted defeat, secured, rushed, shot, kicked, thrown, slipped up, and have been smiled on by Lady Luck, according to a review of headlines of the Weekly Spectrum since last September, when the Frosh first encountered the strain of college life by resisting the inertia of the door at the entrance of the Administration Building.

All these things have surely been done, for they have been registered

Colonel Muller Pleased With Growth of R.O.T.C.

Corps Area Inspector Expresses Satisfaction in Improvement Shown by Unit Since Last Visit.

In a communication received by Dr. Coulter recently from Lieut.-Col. C. H. Muller, officer in charge of R. O. T. C. affairs, 7th Corps Area, the inspecting officer stated that he "wished to acknowledge in a more formal manner the fact that I am delighted to find a most decided improvement in the conduct of the R. O. T. C. unit at your institution." Col. Muller visited the local unit the first week in May at which time he inspected the various companies and physical equipment of the department. Col. Muller further stated in his letter that "the student interest is now definitely present where before there seemed to be a lack of interest. I desire to thank you for your hearty cooperation, and trust that you will find that the unit is becoming a greater asset to your institution as time passes."

It is the aim of Major Harrell and Captain Evans of the military department to raise the standard of the local unit during the coming year so that by next spring we shall be in line for an honor rating by the local unit during the coming year so to 20 per cent of the colleges maintaining R. O. T. C. units in the country.

\$710,000 Budget for A. C. Next Year

Board of Administration Fixes Cost of Running School at \$25,000 Less Than Last Year.

\$710,000 is the sum set aside by the state board of administration for the expenditures to be allowed our institution for the coming fiscal year beginning July first. The total allotment is \$25,000 less than that required by us in the last year. Part of the funds to meet this budget will be forthcoming from the federal, and part from the state governments. An approximate dividing of the sum will be as follows: general college expenses, \$367,000; extension work at the college, \$176,000; experiment station work, \$167,000; (\$27,000 for sub-station work); a sum total of the original allowance.

Each letter man at Oregon Agricultural college will hereafter receive a ticket good for his lifetime, admitting him to all athletic contests on the campus. The ticket will be made of aluminum, engraved with the athlete's name the sport in which he participated and the date. —Ripon College days.

NEW FACULTY RULING AIMED AT THOSE FAILING TO ANSWER SUMMONS.

At a regular meeting of the College Council on May 18, the following rule was adopted to take effect immediately:

"Willful failure to respond to a summons from an officer of administration or instruction constitutes insubordination, rendering a student liable to expulsion."

The establishment of this rule has been made necessary because of the fact that recently students have repeatedly failed to answer summons from administrative officers and from the Committee on Discipline. In plain words it means that the student ignoring a notice to appear before the Discipline Board is very liable to find himself no longer a student at N. D. A. C.

Letter Men Plan Outing At Detroit

Hotel on Nason Bay Leased for Two-day Picnic; Lady Friends and Faculty Members to be Guests of Club.

The first annual picnic of the Letter Men's Club will be given Saturday and Sunday, June third and fourth, at Nason Bay on Lake Detroit. All lettermen and their lady friends together with the coaches and their wives will comprise the party and it is planned to leave here early Saturday morning by auto and return sometime Sunday evening, weather permitting. Dancing, boating, and fishing will go to make the time a pleasant one every minute. A hotel on the lake has been hired for the use of the club during the two-day stay, and every provision has been arranged for the comfort and convenience of the guests. Chaperons for the party will be Coach and Mrs. Stanley Borleske, Coach and Mrs. F. H. Watkins, Dr. and Mrs. Schalk and President and Mrs. John Lee Coulter. A committee on arrangements has been working on the details of the affair but as yet full plans have not been divulged. 'Tis rumored however that "Crab" Murphy has been appointed acting chaplain. "Loole" Duerner as president of the deputation squad and Lynn Huey as caretaker of the hopeless bachelor members of the party. 'Gang Way.

First N. C. I. Track Meet at Brookings Tomorrow

Coach Borleske and Five Men Make Trip; Seven Schools Entered in Race for Conference Honors.

Athletic Director Stanley Borleske and five men of the Bison track team left for Brookings, S. Dak., last night to take part in the first track meet of the newly organized North Central Intercollegiate Conference.

The men making the trip are: Bill Gass, hurdler, dash man and broad jumper; Percy Eddy (Capt.) hurdles and broad jump; Less Bullard, discus; Snorri Thorfinnson, distance man; and Harry Bridgeford, pole-vault and high hurdles. All five men are expected to make creditable showings in the meet and although entering in fast competition, coach Borleske is confident that a few points at least will slip in our direction. The meet is of special interest to us in that it will mark the first contest in the N. C. I. conference consisting of South Dakota State College, South Dakota University, Morningside, North Dakota Agricultural College, North Dakota University, Huron College and St. Thomas.

GAYCAT DAY SETS NEW RECORD IN COLLEGE HISTORY

Greatest Array of Costumes, Unusual Student Interest, Class Battle, Mile-long Parade and Saddle and Sirloln Bowl Mark Annual Event As Best Ever Seen at State College

Sixteen hours of revelry, with a forenoon full of class fights, paint scrubbing demonstrations, mock ceremonies put on by the subdued Frosh, a fake convention (the best attended in history), a gala parade thru the downtown district, a Soph-Frosh sackruss, a grand and glorious ball game on Dacotah Field with our teacher friends from across the river, terminating in the first annual Saddle and Sirloln Bowl, will mark the Gaycat Day of 1922 as being the most successful one of its kind in A. C. history.

At eight in the morning the excitement began with the haughty Sophs' discovery of loathsome 25's painted conspicuously about the campus walks. A man-hunt ensued and with the appearance of the Freshman class in a body 'twas a simple matter to put the accommodating gang to work. With paddles, water, rags from the Frosh flag on the Engineering building, bricks and plenty of Dutch Cleanser, the good work was done, and then, resplendent in their working togs the green caps were marched to the armory in lock-step and seated in the front row.

Convocation in charge of "Rev." Bishop was a howling success. A program consisting of the Bishop's address of welcome, numbers from the garlic sextet, dancing and interpretative vocal numbers by La Paloma (the personification of grace and feminine beauty), character readings by "Snuce" Jakpine, and the action of the student body favoring a change of name to State College, featured the best convocation hour given the student body this year.

At 1:30 P. M. the student body formed in front of the main building in preparation for the parade. Lead by Doc's melody murderers, the mile long parade marched down town in single column with the engineer's Juggernaut breaking the way. Never in the history of the college has such a dazzling and variegated array of costumes been seen as those brought forth last Friday.

Returning to Dacotah field the Sophs and Freshmen settled old grudges in a gruelling, man-killing battle over the sacks. At the end of twenty minutes of furious assault and turmoil the whistle stopped hostilities and the count found the class of '24 in the ascendancy with a 3 to 1 count. Following this the Aggie batsmen humbled our cross river friends to the tune of 9-4, in a seven inning contest.

As a fitting climax for a strenuous day, the Saddle and Sirloln Club staged its first annual Bowl which was declared by all to be the biggest event of a mighty big day.

ALL CLASSES EXCUSED TUESDAY

An announcement was received from the office of the registrar yesterday stating that all classes will be excused on Decoration Day, Tuesday, May 30.

Altho nothing definite has been given out at this time it is expected that the college will take some part in the patriotic ceremonies of the day cooperating with the civic authorities of Fargo.

LOST—On Wednesday evening, May 17, at the senior banquet in the Y. M. C. A. building, a blue silk umbrella with white facing inside, fancy handle with leather wrist strap attached. Taken from vestibule next to Blue Rooms. Will finder kindly turn to Mrs. Latimer or phone 3564.

Few more "Memory Books" left.

OUR STATE, OUR CAMPUS.

"Our State, Our Campus" picked last week for first honors in the student slogan contest is a motto that covers thoroughly the widespread and highly serviceable activities of the state college of North Dakota.

Slogans might be picked for each of the several activities of the college, and for each of the distinctive services which the college renders the state. Such slogans might be more easily written and more apparent to many readers, but after all their usefulness would be limited,—confined to a division of the college, and limiting the scope of the institution's activities in the minds of people who read them. We need an inclusive slogan, easily understood, pithy, catchy and dignified. As yet, the slogan given first honor by the judges of the student competition, approaches nearest to the type of slogan which we are seeking. The slogan sums up the sphere of the college.

There is the Extension Division. Some men and some women on its staff are busily and conscientiously engaged in carrying useful and necessary information to 85% of the people of the state.

The Experiment Station conducts investigations regarding a great variety of problems confronting farmers of the state. Its staff is keenly interested in solving difficulties that come up among farmers and others in North Dakota, and its work in saving the state millions of dollars thru its investigations of plant diseases alone has long since vindicated the trust that farmers place in it.

There is finally the college or educational division with which we as students are best acquainted. As a state college, A. C. is keenly interested again in serving the state by educating its youth, and by "providing its graduates with educated neighbors" as one member of the faculty expresses it. At least eight distinct courses of instruction are offered by the institution and winter curricula are designed to give people who cannot attend the regular sessions good practical instruction.

In the light of these many branches of service to North Dakota, "Our State, Our Campus" sums up splendidly the function and the spirit of the college. As students we need to acquaint more people of this state with the spirit which the slogan crystallizes. Some of us will soon be going to communities thruout the state. We need to talk A. C. to the citizens of the state and to prospective students of the college.

The slogan sets the pace. Let us then get its meaning and let us act in accordance with its suggestion when we leave here in the next few weeks. Let each one of us bring another student back with us next fall remembering in the meantime the other aspect of the slogan. "Our State, Our Campus" strikes the keynote of the A. C. idea and spirit.

SOFT-SHELLED EGGS.

Like the regular crop of dandelions and spring mud we still have with us those contemptible male members of our student body who cannot attend a social function without the smell of stale "rot-gut" on their breath and the dramatic pose intended to make onlookers believe they are "three sheets in the wind." A strange contrast indeed to the old days when it used to be a contest to see which one could drink the most and still stay sober.

Barbers ought to be prohibited from applying hair tonic to the sensitive domes of these infants or else protect them from intoxication thru inhalation by first fitting them with gas-masks.

It begins to look as if a spoonful of extract in the lemon pie at supper is liable to cause a regular bacchanalia.
 Gee! Ain't we tough.

ENFORCE THE LAW.

For some time there has been a ruling in vogue at the college that the tennis courts were not for use on Sunday. This was made plain by the storing of nets on Saturday evening. Most of the students have accepted this decree in the right spirit regardless of their personal opinions on the matter.

But as true born Americans we believe that there are no exceptions under the law, that it applies equally to all. Therefore just because someone is more fortunate than the rest of us in owning a net of his own, we don't believe that this makes them immune or grants them the special privilege to hang up their net on Sunday and play while we look on.

Neither do we believe that outsiders are exceptions to this rule. If the faculty body that made this rule is not aware of the present unfair situation, then this is a reminder to look to its enforcement or be rid of the rule altogether.

We are all agreed that the interest in Gaycat Day this year was the best yet. But there are still certain people who are either too good or too indifferent to "dress up" and take part in the parade. Let's hope its not the first reason because we don't like to believe that snobbery exists at A. C. and if it's the second reason let's hope for signs of life before next Gaycat Day rolls round.

COMPARATIVE GRADES OF FRESHMEN, 1921-22--DEPARTMENTS AND CURRICULA

For a number of years there has been idle gossip afloat on the campus that most of the departments of the college have shown favoritism for the students majoring in their courses and discriminated against those students from other departments taking required or elective courses under them. Wishing to establish the truth of this statement a member of the senior class recently conducted an examination of the records in the registrar's office to ascertain if this were true. The tabulated results are printed below; the letter setting forth the facts revealed by this investigation is printed in the letterbox. The outstanding feature of this investigation as stated in Mr. Bohnhoff's letter is that there is no justification for the accusation as no wide variation in grades between the two classes of students in the departments was found to exist.

Departments	Agricultural		Engineering		Sci and Lit.		Home Econ.		Education		Pharmacy		Chemistry		Averages	
	Fall	Winter	Fall	Winter	Fall	Winter	Fall	Winter	Fall	Winter	Fall	Winter	Fall	Winter	Fall	Winter

LETTERBOX

To The Editor:—

One remark that I have heard while in college year after year is that your own department grants poorer grades for the work done than other departments. I went to the office of our registrar, Mr. A. H. Parrott, and we planned an investigation. We made a study of the present Freshmen class in all of the schools where the enrollment was large enough to justify averages. We took those subjects that were common to the several curricula and then those subjects that were specialties in the particular school. No averages were taken for less than eight students. Frankly, we expected to find some justification for the complaint referred to above but we did not find any wide variation in grades. You carefully study these grades in the different schools and curricula and I believe you will agree with us. These figures are submitted to ally and to stop the irritation that arises out of suspicion of this character.

Yours truly,
 —Lawrence Bohnhoff.

Bismarck, N. D., May 20, 1922.

Editor of The Spectrum,
 N. D. A. C.

Dear Sir:

Will you please find a little space in your paper for the following?

"On behalf of the Bismarck High School girls who attended the May Festival at the A. C., I wish to thank the college, the city of Fargo and Miss Andrews for a most wonderful time. It is an event that we will look back to with pleasure and is a distinct mark in our high school days. We greatly enjoyed the various entertainments presented for our pleasure. The "eats" which the college served us certainly added zest to our activities and I think we showed our appreciation by the quantity consumed. We thank the girls who so kindly and willingly gave us their rooms. Most of all do we thank Miss Andrews and we sincerely appreciate all she did to make the athletic meet one event we will always remember and look back to it with pleasure.

We are hoping N. D. A. C. will have a meet next year for we mean to be there and bring home first honors.

A. C. Rah! Rah!

WALTER HAMPDEN GREATEST
 LIVING ACTOR SAY CRITICS

A. C. students and the people of Fargo will have the rare opportunity of hearing and seeing the greatest living actor in person and in action Saturday night when Walter Hampden renowned as the best of his kind, appears in Shakespeare's Hamlet at the Orpheum theatre on Saturday evening, May 27. Critics place Hampden on a par with the famous Edwin Booth as an actor and interpreter, and without a doubt he is without a close rival today in his playing of Shakespearian and other deeper plays. Despite the trend of modern affairs and fancies Hampden is determined that his art will be given the public, and that it will be appreciated. 'Tis not often that we have the opportunity of seeing a performance of this nature and it will be well worth the while of every college student to see "Hamlet."

EASTERN INVASION TO BE MADE
 BY AGGIE DEBATERS NEXT YEAR

Six eastern colleges, the University of Maryland, Massachusetts Agricultural College, New Hampshire, Connecticut, Michigan Agricultural College and Pennsylvania State College, have agreed to meet the A. C. debating team in verbal combat next winter, according to latest reports from Snorri Thorfinnson, chairman of college forensics. It is planned to have the local team meet Massachusetts about December 26, thus enabling the team to spend at least a part of their Christmas holiday period on the trip and miss only a small part of their school work.

The newly elected staff of "The Student," the University of North Dakota student publication, has pledged itself to do all in its power to establish a semi-weekly paper.

Manley, J. M.
 Better Business English, 1921.—A working manual for the business writer.

Manley, J. M.
 Better Business Letters, 1921.—Illustrative examples of sales, follow up, complaint, and collection letters.

Merrill, Samuel.
 Moose Book, 1920.—The experiences and views of many guides and sportsmen together with those of the author.

Peabody, J. C.
 What Makes the House Beautiful, 1920.—100 photographs of entrances and interiors, with measured drawings and plans of colonial homes of moderate size.

JUNIOR-SENIOR HIGH BANQUET TONIGHT

The annual Junior-Senior High School banquet and dancing party will be given tonight under the auspices of the Junior class. The outgoing class of '22 will be the guests of honor. The banquet will begin at six o'clock and is being given in the college "Y" dining room. Prof. P. J. Iverson will preside. Alan Mortinson and Grace Fuller will speak in behalf of the Junior and Senior classes, respectively, after dinner. Following this the party will adjourn to the armory where an all-high school dancing party will be given in honor of the graduating class and alumni guests.

DELTA KAPPA SIGMA FORMAL TOMORROW NIGHT

Delta Kappa Sigma fraternity will hold its first annual dinner dance at the Waldorf hotel, Saturday evening, May 27. Dinner will be served at seven-thirty, after which dancing at the Country Club will constitute the program for the evening. Patrons and patronesses for the occasion are: Prof. and Mrs. A. H. Parrott, Professor and Mrs. L. L. Carrick, and Dr. and Mrs. C. S. Putnam.

Deans of women's colleges appear to be unanimous in disapproval of smoking by girl students. The student body has laid down rules prohibiting smoking by co-eds, and no instances of violation have been brought to the attention of the faculty. "We have no rule against smoking by women here any more than we have one against lying or stealing," said Miss Anne Blitz, dean of women at the Kansas State University, in speaking of conditions at that particular institution. "The sororities here have strict rules against smoking and enforce them. They are a powerful aid in prevent-

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.

THE COLLEGE DEPARTMENT OFFERS

Agriculture—Architectural Engineering—Architecture—Biology—Chemistry—Chemistry and Engineering—Civil Engineering—Education—Home Economics—Mechanical Engineering—Pharmacy—Science and Literature—Veterinary Medicine and Surgery. These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training.

THE AGRICULTURAL AND MANUAL ARTS HIGH SCHOOL OFFERS:

Complete Secondary Courses in Agriculture—Domestic Science—General Science—Mechanic Arts—Rural Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Power Machinery. THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women to think and investigate for themselves; to deal intelligently with the social, agricultural and industrial problems of the day. THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their line. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics, engineering, and the social, economic and political sciences.

Graduates from Approved High Schools are admitted to the Freshman Class. Board and Room \$6.25 to \$7.50 PER WEEK.

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS
 Collegiate, High School and Business courses start September 25, 1922. The special and Industrial courses open October 16, 1922.

ing smoking by girl students from becoming a problem.

For shaving the mustaches of freshmen, five students were recently expelled from Heidelberg University (Ohio). The question is, how did those freshmen come to have mustaches at all? In former college days, almost the only difference between a freshman and a Mexican hairless was in the number of legs.

Campus Comment

Bob McArthur spent the weekend at his home in Hancock, Minn.

Fred Bruns left last night for Valley City where he was called home to attend the funeral of his grandfather.

Just think, in two weeks it will be all over, and we can lie on the grass and let the profs worry about the bugs and history all they want to.

Glade Latimer, treasurer of the freshman class, requests that all delinquent Frosh pay their class dues at once, to enable the payment of outstanding bills.

Comment

Delta Kappa Sigma fraternity announces the formal initiation of Henry Machovsky, Robert Sanderson, Harold Anderson, Arthur Richardson and Harry Kunert.

M Company, 3rd Regiment of Scabbard and Blade announces the formal initiation of Jonas Sturlaugson, Stanley Wilner and Adolph Klies on Wednesday, May 24.

Lynn Huey, Clarence Draggert, Claude Ebling and Matt Tindall were student guests of the Fargo Kiwanis Club at their weekly luncheon in the Commercial Club rooms on Tuesday, May 23.

Now that the fishing season has opened and the game warden is bringing in his usual crop of victims who can't estimate fourteen inches without the rule it might be well for the Theta Chi boys to see to it that their Pike isn't undersize.

Noral Mithun, ex-21, formerly employed by the Taylor Drug Co. of Minot, spent Monday and Tuesday with fraternity brothers at the Theta Chi house while enroute to take up his new position with the Peterson Drug Co. of Missoula, Mont.

"Wop" Trupin is back in class this week with a pair of specks adorning his phisog as the result of too intimate contact with lady Sulphuric in the chem. lab last week. No serious or permanent injury has been done him thru the accident but it might have been a tragedy. Let's abolish Chemistry says Trupin; amen say Frosh.

Election of officers for the coming school year and the reading of a paper on "History and Development of the Electric Telegraph" by L. W. Snyder, manager of the Northern Pacific telegraph department, will be the main feature of the last meeting for this term of the N. D. A. C. student chapter of the American Association of Engineers, on next Thursday evening June 1.

The Castalian and Hesperian Literary societies of the Model high school held their annual up-river picnic Sunday. The combined societies took the motorboat of the Island Park boat livery and journeyed up the Red for some four or five miles where the day was spent in care-free sport, picnicking and a homeward journey again around the hour of ten. No casualties in the way of lost couples, poisoned freshman, or overeating seniors were reported, so we guess everything went along o. k.

Genevieve Parsons of Bismarck is the guest of Mildred Fraser over the weekend.

Wm. Trepanier, '21, is spending the week with fraternity brothers at the Alpha Kappa Phi house. Bill reports business brisk at his modern dispensary in Grand Fork.

Harriet Ostby, Charlotte Wyard, Charles Wells and Mike Curran autoed to the Forks on Saturday to see the final day of the Inter-high school meet held at the University on Friday and Saturday, May 19 and 20.

From The Spreader of the Velva, N. D., high school: "Among the applicants for the position of agricultural instructor in the Velva high school is a man by the name of Elmer Darling. His services are also sought by five or six other schools, hence, as yet, he is nobody's Darling."

Found by Rex of the Theta Chi kennel on Monday noon somewhere between the Beta house and the college Grocery, one blue garter, nearly new, size (unknown). If owner does not care for same, finder will be pleased to wear the elastic band around his neck as a souvenir of his first journey abroad.

Received at the Theta Chi house on Friday, May, 19, four cases of Scotch. No, not Sunnybrook, just plain Airedale. Art Kotchain, '19, of Wimbledon who was the exporter states that altho not agreed as yet the consignment is guaranteed to have plenty of kick. The appearance of everything at the O X domicile that has been lying around loose attests to the truth of the above statement.

Members of the college graduating class and women members of the faculty were entertained at the home of Dean and Mrs. H. L. Bolley on Seventh Street north from eight to eleven last evening. The party was an informal "at Home" under the auspices of Dean and Mrs. Bolley, Dean E. S. Keene, Dean and Mrs. C. B. Waldron and Prof. and Mrs. A. D. Weeks.

880 yard run—Shafer, St. T.; O'Kenski, St. T.; Thorfinson, A. C. Time, 2 minutes, 12 3-5 seconds.

Javelin—Murray, St. T.; Henousek, St. T.; Buchanan, A. C. Distance 136 feet, 5 inches.

Broad jump—Gass, A. C.; McAndrews, St. T.; Stehly, St. T. Distance, 20 feet, 2 1-2 inches.

The Ohio University alumni launched a campaign to erect a huge memorial auditorium that will be one of the finest in America. The cost will be paid entirely by alumni and friends of the university, a gift to their alma mater. It is proposed to expend \$300,000 on this auditorium which will have a seating capacity of 3,000.

BISONS DO MANY THINGS ACCORDING TO A REVIEW OF SEASON
(Continued from page 1)

Smiles on U. of M., "University Gives 'Aggies' Handsome Trimming," all this and many more details may be learned.

Let us turn now from the research on football to that of basketball. The team is known as the "Bisons." They opened the season with a win over the Moorhead State Teachers' College; they closed the season with a win over Macalester. Percy Flem was elected captain for the next year.

Pasing on to other athletic activities we discover that "Intra-Mural Athletics To Be Given Greater Emphasis," that "District H. S. Winners Here For State Title Clash," that of a "Proposed 'Big Nine' Conference Approved by Athletic Heads," that "Frosh Women lead in Basketball Tournament," that "Preps Maul Mayville High," that, "Classes Vie for Athletic Honors," that, "Melvin Hodge is New Track Mentor at A. C." that, "Spring Athletics Best in History of College," that, "Plans for Model High Athletic Expansion Completed," that, "Bisons Open Baseball Season With Wins Over Minnesota Teams," that, "Juniors Again Win Inter-class Track Meet" and that, "Deamnen and Bisons Divide Double Bill."

While in between these we read that Percy Eddy is chosen captain of the 1922 cinder and weight men and Bill Gass will lead the sons of swat on the baseball diamond.

And not to be outdone by their brothers the Bisonettes make history when "Bison Coeds Defeat Lutherans 34 to 23" and later prove "Women's Athletics Important Feature of Festival Program." A national interest in women's athletic affairs is shown when "Susan Martin Represented"

WOMAN'S HERITAGE

No woman of reason wants to be bereft of jewelry. It's part of her heritage to love ornaments. After seeing our beautiful rings, bracelets, brooches and pins and hearing their reasonable prices there is no excuse for any woman to be deprived of what she loves.

**DISTRIBUTION OF AGASSIS—
SIZES BEGUN THURSDAY**

The chief center of interest on the campus these days is the new 1923 annual, distribution of which began yesterday. The books are being issued at the armory each afternoon. Mr. E. J. Heising, business manager, announces that all those who did not subscribe for the book when orders were taken during the winter term should see him immediately if they wish a copy of the Agassiz as only five hundred copies were printed most of which have already been taken.
