

# The WEEKLY SPECTRUM

EDITED AND CONTROLLED BY THE STUDENTS OF THE NORTH DAKOTA AGRICULTURAL COLLEGE.

VOL. XXXV, No. 20.

NORTH DAKOTA AGRICULTURAL COLLEGE FRIDAY, MARCH 17th, 1922.

PRICE 5 CENTS.

## MIDGETS DISTRICT CHAMPIONS COMPLETELY OUTCLASS OPPONENTS

Fargo High Five Outstanding Team of First District; Win Loving Cup Award Given by College.

Fargo high school basket tossers went through three contests and won all by wide margins, thereby winning the district tournament in play at the Agricultural college armory last week. The Midgets will now represent the first district in the state title play to be staged at the college armory on March 24 and 25.

Eight teams, the full limit allowed by the state high school league ruling, took part in the tournament. Opening play drawings matched, Fargo and Buffalo, Tower City and Sharon, Casselton and Hope, and Wahpeton and Lisbon.

Fargo defeated Buffalo 53 to 10 in the first game of the tournament and Wahpeton put Lisbon out of the running with a 23 to 14 score. In the evening Casselton and Hope staged a battle royal for 30 minutes but the last ten minutes sent the tide of battle over to the Casselton five and there was little doubt as to which team would win. The final count was 27 to 19 for Casselton. Sharon and Tower City played a nip and tuck contest in the closing game of the first day of play, Tower City winning 23 to 22. This contest was unique in that the Tower City quint finished the game with only three men on the floor. Because of a high school rule limiting the number of players used in tournament play to seven Coach Rogers (Continued on Page 2)

## Maj. Harrell Assumes Duties As New Military Head

New Commandant Has Brilliant War Record; Carrithers To Be Retired From Active Duty.

Major F. B. Carrithers who has been professor of military science and tactics at the North Dakota Agricultural college since 1915, with the exception of two years during the World war, is to be retired from active military service, and will be called before the retiring board soon to be placed on the retired list. He will be succeeded at the college by Major W. F. Harrell, who comes from the Seventh corps area headquarters at Fort Crook.

The official change was effected on Monday when Major Harrell took over the duties of the unit at this place.

In severing his connections with the college both students and faculty feel that they have lost a friend and co-worker who during his long term as commandant here has won for himself the esteem of all who knew him. His relations with the men of the R.O.T.C. and the college authorities were marked with harmony and a willing spirit of cooperation throughout. Major Carrithers will continue his residence in Fargo till further orders from the War department.

Major Harrell was colonel of the Sixteenth regiment, First Division, American expeditionary forces in the World war, going over to France with General Pershing. His division was the first in the line of battle and the last to leave the battlefields of France.

The new military professor at the college wears three citation stars, and six major engagement stars. He was awarded the distinguished service cross, the distinguished service medal, the legion of honor decoration by the French government and the Croix de Guerre with two palms. He was wounded twice with machine gun bullets, once in an engagement between Soissons and Chateau Thierry and later in the Argonne.

## George Madsven Victim of Yellow Jaundice

Well-Known A. C. Athlete Dies at St. Lukes Hospital, on Friday, Mar. 9, after Brief Illness

After fighting a losing battle with internal poisoning caused by a previous attack of yellow jaundice, Geo. Madsven passed away at St. Luke's Hospital in this city, noon, Friday, March 9th. His death came as suddenly and unexpectedly as that of Mrs. E. S. Keene the week before. Although George had been in rather poor health the past month no one suspected how seriously ill he was till the news of his death spread about the campus on Friday afternoon.

With the same grit and unconquerable spirit which he has shown during his two years of college football, he did not reveal how seriously ill he was till taken to the hospital where the physicians found that the virus had so completely poisoned his system that nothing could be done to save him.

George Albert Madsven was born at Dazy, North Dakota, October 11, 1898. He received his early training in the public schools of Dazy, and on in the public schools at Dazy, and on the Agricultural College to attend the Agricultural and Mechanics Arts high school from which he graduated with honors in the spring of 1920. The same year found him again registered at the college as a freshman in Agriculture, his chosen vocation. Besides being a good student and the best of good fellows, George was prominent in school activities. While in high school, he served as a first lieutenant in the cadet corp, was a member of the High School debating team in 1920, and played on the high school baseball and basketball teams.

When the war broke out he entered the service and was stationed at Camp Funston where he distinguished himself as the best marksman in the camp.

On his return to college he went out for football earning a letter during both years on the team. His work at the guard position last year was above reproach and his faithfulness to the game made him one of the most dependable men on the team.

George was a member of Alpha Gamma Rho fraternity, and a charter member of the N. D. club.

Funeral services were held on Friday afternoon from Moore's Undertaking parlors, after which the remains were taken to his home in Dazy for interment in the family lot.

'Tis indeed hard to realize that one of our truest and bravest has been taken from us, but the Father, who rules over all, has decreed it for the best and we can only say "Thy Will Be Done" and with this in mind await the day when time will bring us together once more, to grasp again the hand of our dearly beloved brother, classmate, and fellow student in the bond of everlasting friendship.

## Duerner Elected Head of New Student Comm.

Gardner and McCracken Have Close Race for Office of Finance; All Other Successful Candidates Win by Substantial Margin.

"A well-balanced commission" is the general verdict of the student body following the annual election of officers for the Student Commission last Friday, March 10th. Well-balanced meaning that no organization, group or faction of the school has control of the student governing body through a majority of members on the Commission. In most cases the results went true to prediction, the best-qualified candidate securing the endorsement of the student voters.

The results of the election are as follows:

- President:**  
Louis Duerner—169  
Ravine Latimer—100
- Commissioner of Public Speaking:**  
Snorri Thorfinnson—230  
Thomas Rae—44
- Commissioner of Publications:**  
Herbert Herbison—135  
Vernon Trowbridge—113  
Arthur Ostman—36
- Commissioner of Judiciary:**  
Harry Swanson—166  
Gerald Wiessert—105
- Commissioner of Athletics:**  
Percy Flem—235  
Julian Gunderson—29
- Commissioner of Campus:**  
Harry Bridgeford—105  
Clarence Fiske—97  
Harriet Ostbye—79
- Commissioner of Elections:**  
Arnie Helgeson—127  
Obert Skrei—92  
Adolph Norgaard—54
- Commissioner of Social Affairs:**  
Lillian Hovland—102  
Violet Erickson—94  
Kathleen Gryce—73
- Commissioner of Finance:**  
Robert Gardner—138  
Iva McCracken—131
- Board of Public Speaking:**  
(Two members)  
Charles Wells—186  
Jonas Sturlaugson—167  
Robert McArthur—145
- Board of Athletics (three members):**  
Philip Boise  
George Bohnsack  
Fred Willson

## Radio Course To Open Next Term

Prof. Liefson of Engineering Department to Conduct Class in Radio Communication

During the spring term a class in radio telegraphy and radio telephony will be conducted by Sigmund Liefson who has been for sometime in charge of the college radio station.

The course is to be presented as any other science and will require the same conditions of class room and laboratory exercises. It should be preceded at least by an elementary knowledge of electricity. It is expected that a considerable number will make application and as a word of caution it will be understood that it will not be a "snap course."

Radio communication has created general interest of any scientific subject since the wire telephone came into use. The audion or vacuum bulb which is used as the part of the radio telephone has been called the greatest scientific factor of the century. Its application is not confined to radio communication, and the probable future use is such as to create enthusiastic investigation.

The college is fortunate in having a station well provided with apparatus such as is necessary to illustrate the essential features of radio communication. During the time of the S.A.T.C. radio telegraphy was one of the subjects in which training was conducted. This apparatus is available for instruction as well as additions such as are necessary as adding recent developments.

## Galen Oderkirk High Man In Judging Contest

Freshman Ag. Student Wins Saddle and Sirloin Medal in Annual Livestock Contest; Close Scores Indicate Keen Competition in all Classes.

With a score of 645 out of a possible 750, Galen Oderkirk, a first year man, took high honors in the Annual Stock Judging Contest held Saturday, March 11, under the auspices of the Saddle and Sirloin Club in a field of forty-eight contestants. Pushing him for first place were two Senior men, Fred Mares and Lynn Huey with scores of 634 and 632, respectively. The ten high men in order of rating were as follows:

Forty eight students out of a total of sixty entries took part, starting promptly at eight o'clock and finishing by five the same afternoon. The work was done in a manner to reflect credit on those in charge, and the judging of the ten rings was exceptionally snappy and up to the mark in every way. Two rings each of beef cattle, dairy cattle, hogs, sheep, and horses were judged and the awarding of decision were made on the relative merits of the student's placings and ability to give reasons for them. Competition was keen to say the least, and no one need feel that his lot is a hopeless one if his name fails to be one of the upper ten.

High Scores in the individual classes are: Horses—Fred Mares, beef cattle—Hall Parkin, Dairy Cattle—Herbert Herbison, Hogs—Galen Oderkirk and Sheep—Jonas Sturlaugson. Prof. E. J. Thompson proved his executive ability in his conduct of the day's program and is to be congratulated on the business-like way in which every detail was conducted.

The judges of the contest were: Horses—Earl Ferguson, beef cattle—Harper Brush and Claude Beldon, Sheep—D. J. Griswold, Dairy cattle—Charles Struble, hogs—Harry Divine.

## Sturlaugson Elected Head of College "Y"

New Officers All Men Active in College Affairs; Prof. Sudro Named New Board Member

The annual election of officers to head the Y.M.C.A. was held Friday, March 10, resulting in the naming of the following students to carry on the work of the organization for the coming year:

- President**—Jonas Sturlaugson.  
**Vice Pres.**—Murville Peightal  
**Recorder**—Percy T. Judd  
**High School Representative**—Alan Mortinson.  
**Industrial Representative**—B. Bernston.  
**Short Course Representative**—E. Schumacher.  
**Board Member (term expiring 1925)**—Prof. W. F. Sudro.
- In accordance with the constitution of the Y.M.C.A. the President, vice president, and recorder will be members of the Advisory Board which formulates and carries out the plans and policies of the organization.

## SUMMER SCHOOL COURSES ARE GREATLY ENLARGED

A poster and a bulletin for the coming summer term, June 13 to July 21, will soon be ready for distribution. About forty instructors will give courses during the summer session, and an extensive program of work will be offered. Credits will apply toward graduation from the college, toward graduation from any high school and for extension of teachers' certificates. Students of the college are requested to aid by giving publicity to the announcement of dates and character of the work offered.

## Flem Chosen Leader of 1923 Loop Men

Percy Flem, all-state guard last year and uncouthly again this year, was unanimously elected captain for next year of the A. C. basketball team. Flem's record as a basketballer the past two seasons puts him in the front rank of basketball men of the Northwest. Previous to his coming to the A. C. he was chosen on two all-state high school teams, while playing with the fast Petersburg quint. In the successful season just closed by the Bison team Flem made an enviable record for himself as the most consistent player and the high point getter of the A. C. five. His uncanny eye in tossing them in from the foul line gained for him the title of "Dead Eye Dick" which cognomen was attached to him after his recent performances in the four games with the University.

With four of the veterans of the first squad back next year and the wealth of promising material in the second string line Flem should lead a team that will make a strong bid for inter-state honors.

## Noted Army Officer Inspects Local R.O.T.C. Unit

Col. L. S. Upton Spends Tuesday at A. C. Getting Acquainted with College Authorities

Col. L. S. Upton, a brigadier general in the national army during the war, now chief of staff of the Seventh corps area, reserve officers training corps branch, with headquarters at Fort Cook, Neb., spent Tuesday in Fargo getting acquainted with R.O.T.C. affairs and members of the faculty of the college so that he may be in close touch with the military training work that is being done at this institution.

At ten o'clock on Tuesday morning he spoke to the students and members of the faculty at a special assembly in the armory. Before leaving Fargo for Grand Forks that evening, Colonel Upton expressed himself as well pleased with conditions in the R.O.T.C. at the A. C.

Colonel Upton, Major Wm. F. Harrell, new military leader at the local college and Major Carrithers, retiring leader, were guests of honor at the luncheon of the Kiwanis club at noon today.

Capt. R. E. F. Colley and several other former members of the old Co. B. North Dakota national guard in Fargo, are well acquainted with Col. Upton, who organized the First corps school and commanded it at Gondrecourt, France, from Oct. 15 to March 3, 1918. Captain Colley and most of the company boys either served as

## BISONS CLOSE LOOP SEASON WITH WIN OVER MACS.

Minnesota Visitors Prove Easy for Fast Bison Quint in Final Game of Season on Home Floor; Fargo College Again Defeated.

College basketball was brought to a close in North Dakota Saturday night when the North Dakota Aggies defeated Macalaster, 26 to 17 in a well-played contest. The visitors outscored the locals in the second half but the count in the first period was 18 to 5 for the Aggies.

The win over the Macalaster crew, together with a second victory over Fargo college on Wednesday night, brought the total number of wins for the Aggies up to 17 for the season. The seven victories matched against only four defeats makes a splendid percentage record for the season.

In the game Saturday night the locals started with Hildre, Flem, Trowbridge, Sivertson and Bute in the lineup. Wilson was out of town and was not in uniform. The Bisons started counting at the start on a pretty field goal by Trowbridge and were never headed. Trowbridge was the big scorer from the field, with four tosses, but Flem was again the big point getter. He made one field goal and 10 free counters. Vanorden was the best bet of the visitors. He scored three field goals and three free throws.

Summary of the play:

North Dakota Aggies (26)				
	B	F	P	T
Trowbridge, f	4	0	3	0
*Bohnsack, f	0	0	0	0
Sivertson, f	1	0	2	0
Hildre, c	1	0	2	0
*Mares, c	0	0	1	0
Flem, g	1	10	1	0
Bute, g	1	0	4	0
*Williams, g	0	0	2	0
Totals	8	10	15	0

Macalaster (17)				
	B	F	P	T
Young, f	1	0	4	0
Vanorden, f	3	3	0	1
Larsen, c	0	4	1	2
Barr, g	0	0	1	0
*Clark, g	0	0	1	0
Scott, g	1	0	3	0
*Wassgatt, g	0	0	1	0
Totals	5	7	11	4

\*Substitutes.  
Referee—Lawler.  
Umpire—Adams.

Fargo college offered the Bisons a good battle in the first half of the second contest played at the Armory Wednesday night but the final count was 28 to 18 for the Aggies. The first half ended 11 to 8 for the Bison five. Sivertson and Hildre shared honors in scoring from the field in this game, caging three double counters apiece. (Continued on page 4)

## TEN MEN RECEIVE BASKETBALL LETTERS

At the regular meeting of the athletic board on Monday evening letters were voted for ten men on this year's basketball squad.

Those who will receive the school athletic emblems are Captain Sivertson, Flem, Hildre, Wilson, Trowbridge Bute, Bohnsack, Grieve, Murphy and Mares.

Instructors or received instruction at this school.

Colonel Upton has a brilliant war record. He was awarded the distinguished service cross, the distinguished service medal, the Croix de Guerre with three palms, and was made an officer in the Legion of Honor, Companion of the Order of St Michael and St George, and given the Italian war cross, Solidarity medal, second class, Panama, the last three for meritorious service rendered to the Allied cause.

## THE STUDENT COMMISSION

Of what value is the Student Commission?

The above question was asked by one of a group of men discussing college affairs the evening before the annual election of officers to the student government body. There followed much argument pro and con on the subject with the general opinion prevailing at the close of the discussion that the Student Commission today and in the past has been merely a figurehead in the student life of this college, possessing powers which it has neglected to us to advantage, capable of promoting a greater A. C. spirit if alive to its opportunities but instead remaining passive, and as the intended medium that should carry over the relation between student and instructor and between the different departments of the college it has been absolutely a non-conductor. As the appointed leader of our student body it has more often been forced to take the initiative than it has gone ahead and shown the way.

Is it not true then that the Student Commission of the past has been as one man characterized it: An experiment in petty politics causing a momentary ruffle on the surface of college life once a year, then, after election, laid away in the corner to be revived again next year for a few brief days. This is probably the pessimistic extreme of the situation, but we must grant that there is much left to be desired in the functioning of our highest student court.

This is a criticism of the Commission as a whole rather than as individuals. There have been commissioners in the various offices who fulfilled their duties well; others indifferently and too many not at all. Where action was needed by the entire body the Commission was nonfunctional; by the time they could get going or make up their minds the issue had passed.

There is a place in the college life of this institution for such a body as the Commission. It should be a great deal more than just "a petty experiment in politics." There are a number of big issues before the students of this college at the present moment that could well occupy the attention of our student government. As the Spectrum sees them the most important ones appear to be:

The enforcement or abolition of the present vague ruling regards to smoking on the campus and in the buildings.

A change of name for this institution to one that will be less restrictive than the present one.

A great stimulus to the present small interest in debate and oratory.

Enlargement of our athletic program to meet the needs of our college now that we have become a member of an athletic conference in which most of the sister schools have a stronger athletic department than ours.

Creation of a school spirit so essential to success in any of our student enterprises.

Some of us value what we don't know how to get; others of us have what we don't know how to value. Of the two discomforts, vote for the first. It's the lesser uneasiness.

There is a motion before the house to suspend with the singing of the Yellow and Green till we have learned the second and third stanzas. Is there a second to the motion?

The more letters of recommendation a young fellow has, the harder it will be for him to live up to them.

### GEORGE MADSVEN, '24

A staunch, loyal friend, four square, unafraid;  
A man you were glad to know;  
A class mate you trusted, a pal whom you loved,  
'Twas sorrowful that you should go.

Gone, in your prime, yet you've left your mark  
In the hearts of the friends that you made,  
In the picture you leave, of a man who could smile  
In the face of big odds, unafraid.

Of a big, jolly, kind-hearted fellow,  
The last man to quit in the fray,  
Always ready and never trying to shirk  
The tasks that might come your way.

You brought with you, George, a carefree strength;  
A rugged character strengthened by toil,  
An undaunted spirit that knew no defeat—  
The birthright of men of the soil.

You leave us to go to a distant land  
Where life is serene and unclouded;  
You are gone to our sight, yet we know you are there  
Tho' in veils of eternity shrouded.

When in years to come, we cross the divide  
To the distant and unknown land,  
We know you'll be there to greet us, George,  
With a smile and an outstretched hand.

—CLASSMATE.

## Midgets Dist. Champions

(Continued from Page 1)

of Tower City had no substitutes left to send in after four men had been put out of the game on personal fouls.

In the semi-final play Casselton eliminated Tower City 43 to 20 and Fargo ousted Wahpeton 41 to 14. Splendid sportsmanship was displayed by all players and teams throughout the tournament. The losing teams took their defeat in good spirit and the winners took their laurels in modest fashion.

Dr. Schalk president of the athletic board at the Agricultural college, presented a golden loving cup, a gift from the college to Captain Rudd of the Fargo team Saturday night. He complimented both winners and losers.

The brand of basketball displayed was very good and the officials, Lawyer of Minnesota and Adams of Ohio State declared the play to be on a par with the Twin City contests. As the large margins of their wins indicate the Fargo team had a greatly superior pass play. They played exceptional ball and are rated as one of the most clever quints seen in action in the state in several years.

Financially the tournament was a big success and it is doubtful if any other district was able to offer the visiting teams the big cash return that Director Borleske was able to distribute among the eight teams here. All expenses of the teams were paid and all expense of the tournament covered by the money taken in at the door.

In the other districts the winners were Valley City, Bismarck, Dickinson Grand Forks, Egeland, Minot and Kenmare. These teams will play here on Friday and Saturday, March 24 and 25, for the state title. Valley City, twice state champions, again have a strong aggregation and art out to win the title for the third consecutive season.

Of the individual play at the tournament several men stand out as clever men and of great worth to their respective teams. Among the men who might be placed on the honor roll are: Forwards, Rudd, Fargo; Powers Fargo; Rusch, Fargo; Edwards, Casselton; Otto, Casselton; Brewster, Hope; Bairey, Tower City; Elligson, Sharon; Halvorson, Sharon; Sproul, Buffalo; Bale, Lisbon, Centers, Watkins, Fargo; Schwager, Casselton; Bjerke, Sharon; Bjorklund, Hope. Guards, Miller, Fargo; Arnold, Fargo; Myrah, Casselton; Plaine, Hope; Cowen, Tower City; Bowman, Wahpeton.

## Shall Y. M. C. A.

### Building Remain Open

\$300 Must Be Raised to Pay Expenses Until June 1st

The expenses were carefully tabulated month by month and every possible item eliminated. By this method it was determined that at least three hundred dollars more must be raised in order to get through until June 1. After this date the General Secretary will be in the field, interviewing alumni and friends in behalf of the work for next year.

The Association has bent every effort toward meeting the needs of the men of the campus this year. All requests for rooms have been filled. A large number of men were helped in finding work. Some of these were found places where all their room and board could be earned. The Sick Visitation Committee called upon and sent flowers to every man reported seriously ill and in need of attention. One thousand hand-books were distributed free of charge.

Beginning January 5, a live athletic program for students has been promoted by Philip Boise, who was employed for this purpose. This program, consisting of gym classes, indoor baseball, and other sports, will be continued during the spring term. During the term just ending, the gym floor has been in use every available hour except at meal times.

The money has been borrowed to install two more Game Tables, one for billiards and one for pool. This makes a total of three tables with equipment in the game room. Twelve billiard chairs are also included in the shipment. This material is already on hand is being installed, and will be ready for use by Monday, March 20.

Besides these activities the Association has provided a virile religious program. A most successful six-weeks series in Bible Study was participated in by fifty men of the col-

lege, high school, and industrial classes. At least two fraternities carried out a Bible study series modeled after that used this year among Illinois University fraternities.

It is believed that the students will help by contributing the small amount necessary to carry on the work of the association until June first.

## Plan For New Course In Journalism Complete

Open to all Students having Completed Freshman Composition

The new course in the elements of news writing will be given during the spring term by R. O. Nafziger of the college publicity staff in Room 109, Science Hall, Monday, Wednesday and Friday at 2:55. Completion of college freshman composition is a prerequisite. Typical newspapers from all parts of the country are being ordered for use of the class. From the interest indicated the class will be a popular one. It will use a well known text by Professor Bleyer of Wisconsin, and will turn out local news stories as part of its weekly program, many of which, it is expected, will be published in The Spectrum and in the news service of the college.

The course in Journalism will also be a regular summer school subject so that any student who wishes to continue the course may do so. If this course proves successful during the coming term it will probably be made into a full year's course next year.

Registration for the spring term shows a decided interest among the students for the course as many have already enrolled in it or signified their intentions of doing so.

## TEMPLE CLUB ELECTS OFFICERS

After weathering a year marked by hard luck and general indisposition on the part of some people, the Temple Club, student Masonic organization, got together Sunday afternoon and drew up plans for the rejuvenation of their order. Phases tending toward an increased strength and interest in the club's work, were discussed and plans formulated for a strong program to work in harmony with that of the temple. Bi-weekly meetings will be held at the temple on Sunday afternoons to which all Masons are most cordially invited to attend. The new officers of the club for the coming year are: Earl Ferguson, President; Leonard Hoisveen, Vice President; Percy Judd, Secretary and Treasurer, Eli Anderson, Tiller.

## TEN YEAR AGO

From the Files of the Spectrum, March 14, 1912.

Another step toward the state basketball championship was accomplished when the Aggies won from Fargo College on the Armory floor by the score of 18 to 10. Fargo's win over the University last week puts us at the head of the list for state honors this year.

The lineups: N. D. A. C. Tackett, Gorman, Nolot, Wheeler, C Hackett, Opedal and Bolsinger. Fargo College, Harrington, Haggert, Shaw, Slingsby, F. Darrow Thayer, Boise and Fortin.

William Jennings Bryan and Governor Burke were honor guests at the Institutional Banquet held in Ceres Hall on Thursday evening.

Annual Student Council Elections held last week makes the personnel of the student government body as follows: President, Clarence Williams Vice President, Oscar Westlund; Secretary, Mae Hooper; Treasurer, Irvene Storland; Prof. Keene, Faculty Advisor.

Athletic Board of Control: Clifford Schroeder, Palmer Foss, Fred Hackett and Reuben Larson.

Board of Public Speaking Control: Arthur Ogaard, Bertha Camp, Dean Mendenhall, Vernon Arvold and Roy Dynes.

Arthur Ogaard and Frank Nolot were elected editor and business manager of the Spectrum, respectively.

Melvin Ostby won the Championship Cup in the annual stock judging contest held last Saturday. Five rings of stock were judged. Leslie Smith of St. Cloud, Minn. was head judge.

The crack rifle squad of the R.O. T.C. have a three day engagement next week at the Orpheum. The members are: Ogaard, Tilbert, Ewen, Evinston, Amadon, Peters, Halland, Smith, Stoa, Rankin, Waldron, Griffin and Drummond.

### Class of 23 Receives Diplomas in Ind. Course

Pres. J. L. Coulter Speaks on "Ideals  
in Industry" in Commencement  
Address

Graduation exercises of the three  
Industrial Courses came to a close on  
Monday afternoon with the presenta-  
tion of diplomas to twenty nine  
young men and women, members of  
the Power Machinery, Farm Husband-  
ry and Homemakers Courses, by  
Pres. Coulter.

Preceding the graduation exercises  
was the presentation of an original  
play entitled "A Romance of Donny-  
brook" written by Francis Strong and  
Victor Sturlaugson, members of the  
graduating class.

In his commencement address to  
the graduates, their parents and  
friends, Dr. Coulter said:

"You have an appropriate class mo-  
to, 'We have reached the hills, yonder  
are the mountains.' You will find  
they are real mountains, steep and  
rugged and difficult to climb, but you  
are now equipped with special prepa-  
ration to make the climb."

"The need of the world today is for  
the doer, the man who knows how to  
do things and then does them," said  
Dr. Coulter. "The course which you  
have just finished is a highly practical  
one, it is designed to teach young peo-  
ple to do things rather than to tell  
others how to do them.

"There are some outstanding ideals  
in industry which may be emphasized.  
They are: accuracy, thoroughness,  
good judgment, building ability, origi-  
nation, creation, organization and co-  
operation."

VEE VANT OUR NAME  
SHANGED. YOU BET!!

Breddern and sistern:

Vee air gattered togedder right  
hair vair ve air, on bot' sides off das  
magnanimous quisstion, Skall vee  
or'skall vee not shange de name of  
das congeration?

Yah, vee skall, I sess. Vee haff  
bean talking and talking on bot' sides  
for over two years, and vee is still  
talking. And for vy iss vee still talk-  
ing, I ask you? For vy haff vee not  
shanged de name alrretty yet—I ask  
you! Bewass ve iss yust talking, and  
not getting down to bissness—

I tal you, vee must fight! Vee must  
fight, I tal you!

Iff der iss any vun in dis congera-  
tion vich don't vant das name shanged,  
yust fight vid him, fallers! Fight vid  
him! He'll be good—if he von't and  
you find you hard yob making him  
good faller, yust yell for cadet-soldiers.  
Cadet-soldiers, she vill make das bad  
boy fine and dandy good boy, I tal  
you! You bet!

Come on, you, all you fallers vot  
iss NOT "aggies." Come on an fight  
iff dey call you "aggies"—

Come on, you injineers, fight! Come  
on you zoo-bugs buggers! Come on,  
you scientifikers! Come on, you  
horse doctors! Come on, you house  
drawers! Come on you home brew-  
ers! Yump on de vawter vagen— It  
iss going to be vun hot time! Take a  
drink of vawter, and den get down to  
bissness—and fight! You vill need  
de vawter—to cool off!

Come on, you, too—you gooloshes  
vampers! Come on, you educution-  
ers! Come on, you Home Economical  
vimmens— Come on, and pull the Car-  
men and Amazonians stuff—and the  
hair!

Don't argue—come on and fight!  
Vee vant a new name vich vill mean  
us all togedder.

## North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.

THE COLLEGE DEPARTMENT OFFERS

Agriculture—Architectural Engineering—Architecture—Biology—Chemistry—Chemis-  
try and Engineering—Civil Engineering—Education—Home Economics—Mechanical En-  
gineering—Pharmacy—Science and Literature—Veterinary Medicine and Surgery.  
These courses are available to those who have completed the equivalent of a High School training. For  
those who have not had such training.

THE AGRICULTURAL AND MANUAL ARTS HIGH SCHOOL OFFERS:

Complete Secondary Courses in Agriculture—Domestic Science—General Science—Mechanic Arts—Rural  
Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Power Machinery.  
THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with  
modern thought and demands. It spends no time on dead languages or such subjects as are of little  
practical value. It aims to fit young men and women to think and investigate for themselves; to  
deal intelligently with the social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their line. Ex-  
ceptional advantages are offered in chemistry, physics, botany, literature, mathematics, engineering,  
and the social, economic and political sciences.

Graduates from Approved High Schools are admitted to the Freshman Class. Board and Room  
\$6.25 to \$7.50 PER WEEK.

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS  
Collegiate, High School and Business courses start September 25, 1922. The special and Industrial  
courses open October 16, 1922.

Editor of the Weekly Spectrum.

Dear Sir:

Do we want a new name? Certain-  
ly! Why?

The following incidence, an actual  
happening and one of many of this  
nature, is one of our reasons.

One of our students, enrolled in the  
civil engineering course, returned to  
his home in the western part of the  
state during vacation days last sum-  
mer and in conversation with one of  
the ladies of the community who  
knew that he had been attending col-  
lege but ignorant as to the nature of  
the work he was following asked him  
what school he was attending.

"North Dakota Agricultural College"  
he replied.

"Well," she mused, "if you're going  
to be a farmer you might as well be a  
good one."

HARRY A. SWANSON, '23,  
Engineering.

**"IN THE PUBLIC EYE"**  
BY A. E. CANNON

WHAT  
IT  
COSTS

THE COST  
OF EYE-  
NEGLIGENCE

BENJAMIN FRANKLIN  
wrote on August 14, 1784,  
"If all other defects and infir-  
mities were as easily and  
cheaply remedied as eye weak-  
nesses it would be worth while  
for friends to live a great deal  
longer." The proper corrective  
glasses are much cheaper now  
than they were in Franklin's  
time and the science of optics  
has advanced. Don't put your  
suffering eyes to further strain.  
Let us examine them.

**OFFICE SPECIALTY CO**  
531 First Ave. N.

**Campus Comments**

Ed. Eastgate received a pleasant visit from his uncle Monday evening.

Carl Stevens is visiting in Bismarck between terms.

Glenn Scott and Renrich Polstut are leaving our midst for the peace and quiet of the farm.

Dean H. L. Bolley is in St. Paul this week attending a conference for the eradication of the barberry plant.

Mrs. J. H. Sheppard, wife of Dean Sheppard of the Animal Husbandry department, left Monday for Phariton, Iowa, where she was called by the illness of her sister.

loud hilarity followed shortly by complete abandon almost to the point of throwing away all their clothes; others throw fits like a loosed coyote trying to masticate ten inches of its tail; still others lose all sense of direction wandering aimlessly about the campus or roving from one building to another as if in search of some one. The most common symptom which has been observed in the majority of cases however, is the sympathetic attraction the stricken ones have for the company of another.

No one seems to be immune to the disease. It strikes down old and young, strong and weak alike with a suddenness that is dreadful. With a corps of "physicians" and "trained nurses" working overtime the toll of victims mounts steadily. If no anti-toxin or serum can be found to check the spread of the malady, one more week will see the halls of this great institution silent as the market places of Pompei, the classrooms empty as a tomb and the hourly curfew will scream out the change of classes with no one to hear.

**CONCORDIA FLASHES**  
DEBATE THROUGH AIR

For what is believed to be the first time in the history of any northwest school, the Concordia college-Jamestown college debate on Wednesday night was broadcasted as it progressed by wireless telephone and telegraph through the Concordia college Scientific club.

The broadcasting has a range of 200 miles and began at 8:15, giving amateur radio fans in a large part of Minnesota and North Dakota a chance to "listen in" on the debate as it went along.

A high powered radio telephone and telegraph sending and receiving outfit has just been installed by the science club of Concordia on the third floor of the main building. This was the first attempt to send out a general broadcasting service. They also expect to send out weekly programs and to send and receive concerts regularly.

George Kadlec took the north bound train for the city of Pisek, Thursday to get acquainted with the family between terms.

"Larrimore" Eastgate, "Bo" Hildre, and Percy Flem will leave for their respective homes Monday to help with the spring's work.

Leonard Hoisveen and Clarence Jensen felt for their respective homes this morning to spend a few days with the folks before their long spring grind.

Colonel Leroy S. Upton, Chief of Staff of the Seventh Corp area, U. S. army, addressed the men students in the armory Tuesday morning, and brought out forcibly the value and importance of the R.O.T.C. unit in our nation's schools.

A great fear has taken hold of the inhabitants of Ceres, the dwellers in the frat houses along the boundaries of the campus, the jungle hounds of the Barracks and the sojourners in our midst. Wild rumors are flying about that a mad exodus is imminent if the plague is not checked in the next few days. The park benches on the campus, the sunny window ledges about the library and the warm steps of Main are crowded these days and moonlit nights by those who fear to abide indoors because of the more deadly nature of the disease in the proximity of davenport, morris chairs, etc.

Can no cure be found? Is there no relief to be had? Oh, surely, some genius in our ranks can stay the deadly sickness even if it is necessary to offer himself body and soul to be experimented on in the hope that an unknown toxin will be discovered that will check the poison.

Even as we write word comes to us that Grieves, Liefson, Prof. Williamson, Coit, Trumbull, McLaughlin, Lieberg, and Thorfinnson have been stricken with the first symptoms of the malady. Hofman, Huey, Gass and Tindall are struggling madly in the last throes of the fever; Ball and Ostrum have lapsed into semi-unconsciousness. Our fingers tremble as we write lest we become the next victims.

**Bisons Close Loop Season**  
(Continued from Page 1)

The best play of the Hill school came in the second ten minutes of the first half when they held the Aggies scoreless and brought their total up from

Our fair Co-eds can consider themselves exceptionally lucky as compared with the lot of our Montana sisters for in the Collegiate world we read "They're painting them black in Montana. What? Why, the noses of the college women, be they freshmen or seniors who offend against the campus rule of that university."

The following officers will head Alpha Gamma Rho fraternity in the coming year: Noble Ruler—Fred Willson, Vice Noble Ruler—Earl Ferguson, Secretary—Stanley Wilner, Treasurer—Fred Wilkinson, Chaplain—George Kadlec, Usher—Chris Benson.

Help—S. O. S. Won't Somebody Heed Our Cries of Agony and help us?

P. S. S. O. L. U. R. Z.—By Associated Wireless. The startling news was flashed across the prairie at 3 A. M. this morning that Prof. Dworak of the Bacteriological department, after 56 hours without food or sleep, had discovered a serum which when diluted with red ink and applied to the cover of an examination paper would cause temporary paralysis followed by a stinging sensation, slow recovery follow this with quick return to normal when a second injection is made in the same way. In experimenting with a culture of the strange new disease, Prof. Dworak was infected herself through an abrasion on her finger and it was thought for a time that she would also fall a victim to the malady, but her recovery is now assured.

Prof. Nelson has just succeeded in obtaining a pure culture of the strange bacteria and has classified it as annual spring fever fever belonging to the family, lovesickacea.

**Strange Plagne Sweeps Over A. C. Campus**

Unclassified Pathogen Takes Toll of Hundreds of Victims in First Week of Epidemic

As silently and swiftly as a thief in the night a dreaded pestilence of unknown origin made its unheralded appearance in our ranks the first of the week. Because of the erratic symptoms, differing with every victim infected, it has been impossible for the medical authorities and bacteriological experts to determine the nature of the strange organism that has wrought such havoc in our ranks. In some of its victims it produces a

**ARMORY BEING TRANSFORMED FOR MILITARY BALL TO-NITE**

Under the deft hands of a corps of willing cadets who began work yesterday the bleak old armory is rapidly taking on the gala appearance of a ballroom. With the national and fraternity colors of Scabbard and Blade as their decorative scheme the R.O.T.C. boys are working out a novel adornment of the big hall which is most unique. Besides the crepe paper and flags, military equipment in the way of machine guns, mortars, rifles, etc., will be used to add to the novelty of the effect.

The dance program for the evening includes 16 numbers with a Grand March and informal dancing from 8:30 to 9 o'clock. Luncheon will be served in an improvised dining room at the east end of the armory during the progress of the dance.
