CAPACITY HOUSE AT PRESENTATION OF BONNIE BRIER BUSH

MANY TURNED AWAY BECAUSE OF LACK OF SEATING ROOM TO ACCOMMODATE EAGER PATRONS

BIG DEMAND FOR SECOND PERFORMANCE

Huey, Daggert and EEBling Outstanding Characters in an Exceptional Cast

Before a packed house where people had to be turned away because of lack of seating room the Edwin Booth Dramatic Club's winter term play, "The Bonnie Brier Bush," was presented on Friday evening in the Little Country Theatre, by a student cast which in many ways surpassed the noted one that presented David Harum last year.

The leading role, Lachlan Campbell, the stern old sheep herder of Drumtochie, was interpreted by Lynn Huey in what many followers of the dramatic art here at the college claim was his finest accomplishment in his four years of college dramatics. The part was an exceedingly difficult one but Mr. Huey carried it through in vivid reality that time and again struck deep into the emotions of his audience. The outstanding character of the play and the one who probably elicited more comment than any other member of the cast was Claude Ebling playing the comedy role of Postie. Ebling was the dark horse of the cast as it was his first appearance on the Agricultural College stage. He interpreted a difficult as well as the longest spoken part of the play most cleverly. It is doubtful if any one in school could have given a more realistic reproduction of the eccentric old doctor than Clarence Draggart who played the part of Lachlan Campbell's friend in a worthy manner.

Katherine Blake, who has played in more parts than any other college woman during her four years here, added another success to her list of dramatic accomplishments in her able support of Mr. Huey as the old sheep herder's daughter, Flora. Charles Wells' second appearance on the Little Country Theatre stage as Lord Donald Hays, Flora's lover, was well received and bespeaks a brilliant future for this first year man in the field of dramatics. Other members of the cast were: Adolph Norgaard, as the Earl of Kilspindie; Robert Gardner, as Rev. John Carmichael; Horace Judd, as Thomas Mitchell; Miss Edith Challey, as Kate Carnegie; Alice Wolde as Annie, a dairy maid; Bernice Noyes as Margaret Howe, Clarence Jensen and Richard Kalckenstein as harvesters. Arthur Schalk and Dorothy Smith, both of Fargo, played the child parts.

Duncan Gordon of Grandin, North Dakota, bagpiper opened the play with selections on the pipes and played between the acts and during the third act of the play.

All were particularly well suited to the role portrayed and excellent interpretations were given in each instance.

The first of a series of all-college parties was given by the combined societies after the game Saturday evening. Other organizations will follow suit with more entertainments during the winter term.

NON-COMMISSIONED OFFICERS ORGANIZE

The non-commissioned officers of the R. O. T. C. met on Wednesday afternoon for the purpose of forming an organization which shall be an adjunct to the newly granted chapter of Scabbard and Blade. The N. C. O. Club as it has been called has for its purpose a closer association of the non-commissioned officers of the battalion, to act as a helpful assistant to the officers organization in the conduct of all military matters and to promote a finer spirit in the local R. O. T. C.

The following officers were elected to head the club for the coming year: president, Oscar Hanson; vice-president, Ben McCaul; Secretary and Treasurer, Harry Swanson. The charter members include the officers and the following men: Neal Coit, Clarence Miller, Harold Barron, George Thamer and Herbert Herbison.

Three More Scalps Tied To Aggie Belt

S. Dak. Wesleyan, City Y and Moorhead Teachers bow before Yellow and Green Attack

Marked Improvement Shown in Passing and Defense During past Week

South Dakota Wesleyan basketball players took their place as the fourth victims of the season on the North Dakota Aggie schedule on Thursday night, the Aggies frolicking away with the long end of a 32 to 8 count.

The game marked the jump of the Aggie squad from practice performances to real playing season form. From the first tip-off the locals displayed a different brand of ball from the opening contests. Flem dropped in one of his sensational field goals within the first minute of play and after that pretty passing and regular scoring continued up to the end of the contest.

It was a great day for all members of the squad. Trowbridge played one of the best games of his career. Sivertson tossed in seven field goals. Flem scored three times and played wonderful defense game. Wilson stood out as a star in breaking up the passes of the visitors, when under their own basket.

The visitors scored only two field goals during the entire game, both in the last ten minutes of play after a list of substitutions had been sent in.

After walloping the Fargo Y. M. C. A. team, 35 to 5, in a one-sided frolic the North Dakota Aggies again met stiff opposition from the Moorhead Teachers and were forced to be content with a two point margin, winning by the score of 15 to 13. As in the first clash with the Normalites, when the Aggies won, 21 to 19, it was a bitter battle and hard fought every minute.

The game was played at the Moorhead high school gymnasium on Tuesday night. The Teachers led at the half-way mark, 4 to 3, but Aggie teamwork conquered in the second period. The score does not indicate the degree to which the Moorhead team was outplayed, however. The Aggies had miserable luck with their basket shooting. Time after time, seemingly sure shots under the basket rolled wrong by inches.

Tuesday's victory leaves the A. C. slate clean from defeats, although the team has already played six games. The win also practically assures the Aggies the inter-city college title, as

ALPHA ZETA FRATERNITY INVITES

All Freshman Ag. Students

Smoker

TOMORROW NIGHT, SATURDAY, 8 P. M. FRANCIS HALL

VOLSTEAD BEER GRANDMA'S DOUGHNUTS

Alpha Zeta To Award Loving Cup To Best Ag. Scholar

Freshman in School of Agriculture attaining Highest Scholastic Average to be given Cup at Annual Smoker

A silver loving cup of high class design and workmanship will be awarded next fall at the annual smoker of Alpha Zeta, national, honorary agricultural fraternity, to the best student of this year's Freshman class according to information given out by members of the fraternity this week.

The cup is now on display in the library where it will remain till next fall. The purpose of the award is to stimulate a desire for better marks on the part of the men enrolled in agricultural courses and to create greater interest in the fraternity.

The only requirements are that the man be a bona fide student in some agricultural course and that he return to school the following year.

CADET HOP WILL HAVE SPECIAL ATTRACTIONS NEXT WEEK

Next week is Agassiz week at the Hop. Briefly explained it means simply this: The photographic section of the Agassiz wants an action picture of N. D. A. C.'s popular weekly dance. They want action and plenty of it. That means a good attendance and snappy music. The music will be there and to encourage the attendance the Hop management is putting on a special feature in the way of a Spot Dance. Something new and novel. A series of prizes will be awarded to the lucky couple standing on the winning number when the wheel stops spinning. For further details be present next Monday afternoon and win a prize.

Remember the time—4:30 P. M., Monday, January 20.

Harry Slingsby, '07, was the dinner guest of the Chemistry Club on Friday noon, at which time he gave an interesting talk on paint mills and their work, and also went into a discussion of the conditions and experiences of his college days at this institution which furnished no mean amusement for his auditors. Harry is, at the present time, employed by the Minnesota Linseed Oil Company. He also paid the paint laboratory a visit in the afternoon and checked up on the work being done by our chemists here.

While in the city Mr. Slingsby, who is an old Alpha Mu, took the Theta Chi ritual.

Cast For "Clarence" To Be Announced Next Week

Edwin Booth Dramatic Club's Winter Term Play to Be a Sparkling Four-act Comedy

A delay in the completion of the cast for "Clarence," the Edwin Booth Dramatic Club's winter term play, was due to the absence of Miss Marjorie Lieberg, who accompanied the debate team to Bozeman, Montana, this week. Immediately on her return the cast will be completed and posted together with the time of first rehearsal.

The play chosen is an adaptation from Booth Tarkington's famous book of the same name. The plot centers around a young man who has been called to serve his country in the World War.

Clarence has no medals, no snoulder bars, no great accomplishment. One of the "five million," he served where he was sent—though it was no further than Texas. As an entomologist he found—on this side of the ocean—no field for his specialty in the great war. So they set him to driving mules.

Now, reduced to civil life and seeking a job, he finds a position in the home of one, Wheeler, a wealthy Englewood man with a family. And because he'd "been in the army" he becomes guide, philosopher and friend to the members of that same agitated and distracted family group. Clarence's position is an anomalous one. He mends the bathroom plumbing, he tunes the piano, he types, he plays the saxophone. And around him revolves such a group of characters as only Booth Tarkington could offer. It is a real American comedy.

CALENDAR OF NEAR EVENTS

TONIGHT—Jamestown College vs. N. D. A. C., Armory.

Saturday, January 28, 10 A. M.—2 P. M.—8 P. M., Second Annual County Fair, Little Country Theatre.

Sunday, January 29, 3 P. M.—First College Musical Program, Y. M. C. A.

Monday, January 30, 8 P. M.—K. of C. vs. N. D. A. C., Knights of Columbus Hall.

Wednesday, February 1, 8 P. M.—Y. M. C. A. vs. N. D. A. C., City Y.

Friday, February 3, 7 P. M.—Annual Declamatory Contest, Little Country Theatre.

CARD OF THANKS

To the kind friends and neighbors who so nobly assisted me in the recent illness and demise of my tonsils, I wish to extend my heartfelt gratitude.—Clarence Jensen.

DR. L. L. CARRICK ELECTED TO PHI BETA KAPPA

Dr. Leo L. Carrick, who received his Ph. D. degree from Indiana University last October, was recently informed by the chapter of Phi Beta Kappa Fraternity at that place of his election to membership in the fraternity together with eighteen other candidates.

Phi Beta Kappa is a national, honorary scholastic fraternity organized December 5, 1776. The fraternity has 96 chapters at the present time with a total membership of forty thousand. Dr. Carrick has been an instructor in the A. C. Chemistry Department for the last two years. He received his collegiate training at Indiana University where he received his M. S. and M. A.

Aggie Debaters Make Clean Sweep In Tri-State Meet

SOUTH DAKOTA AND MONTANA DEFEATED BY A. C. TEAMS ON MONDAY NIGHT.

Penn State Will Also Invade West Meeting Aggies on Home Floor

On Monday evening of this week our debaters, Clifford Pederson and Jonas Sturlaugson, upholding the affirmative side of the question, "Resolved: That the United States Should Grant the Philippine Islands Independence Within the Next Five Years," won a two to one decision over South Dakota State College. The judges of this debate were: President O. M. Dickerson of the State Teachers' College at Moorhead, Minn., Attorney J. F. Frame of Fargo, and Judge A. T. Cole, Judge of the First Judicial District of North Dakota.

On the same evening Ethel McGuigan and Snorri Thorfinnson defeated the Montana State College debating team at Bozeman, Montana by a two to one decision of the judges. Our visiting team took the negative side of the question named above, and this double victory gives A. C. unquestioned championship of the Northwestern Debating League. No further particulars have been received about the Montana debate.

The negative argument of the question was quite ably carried through by Mr. Joe Smith and Clifton Newkirk of South Dakota State College. Their chief arguments were based on the ground that history has so far shown that no Malay race has made success of self government; that the Filipinos have not the political background to justify the conclusion that they are now fit to take their place as an independent nation among the other nations of the world, and, that admitting the fact that their system of education is effective, it is only within the last few years that they have been able to send forth prospective and efficient citizens who still need considerable training before they are fit to take up the reins of self-government.

The affirmative argument of the question was based on the ground that the United States has gone on record before the whole world with the definite pledge to give complete autonomy to the Philippines as soon as there is sufficient evidence to prove that the Filipinos as a people are able to govern themselves and fulfill their international obligations; that we are now in possession of incontrovertible evidence showing that the Filipinos as a people are socially and economically fit to assume the responsibility of a

CONTINUOUS PROGRAM OF SPECIAL FEATURES, SPEAKERS, EXHIBITS AND FIREWORKS FROM 10 A. M. TO MIDNIGHT.

NO GENERAL ADMISSION CHARGES; COME EARLY AND AVOID THE RUSH.

This year ladies and gents to the biggest little county fair ever staged under one roof. Absolutely the most novel, awe-inspiring spectacle ever offered to the A. C. public for the price of one smile. Let Palmolive read your past, present and future. She reads your mind like a book. Get a hot one, so fresh they haven't stopped barking. Everything the law allows in drinks. See the unusual array of agricultural and industrial exhibits. All for the price of a smile, gentlemen. Who's next?

Tomorrow, all day, from ten o'clock in the morning till midnight the Second Annual Model County Fair will be in session on the second floor of the Administration building under the sole direction and management of the industrial course students. Besides the exhibits of grains, vegetables, pastry and needle work there will be electrical demonstrations and building models—all by the various industrial courses. Besides these attractions there will be several noted speakers, authorities on county fair management such as publicity, organization, buildings, grounds, finances and programs. There will be something for everybody.

The program of the day is as follows:

- 10:00 A. M.—Address by Dean Sheppard; Address by Dean Keene; Address by Miss Bales.
- 11:00 A. M.—Canadian County Fair Demonstration—Mr. Black.
- 2:00 P. M.—Address by Fair President, Victor Sturlaugson.
- 2:15 P. M.—Address by Pres. J. L. Coulter.
- 2:40 P. M.—Band Concert.
- 2:55 P. M.—County Fair Organization—Mr. Frank McRoberts.
- 3:30 P. M.—Fireworks Demonstration by representative of Frank P. Duffield Company.
- 7:00 P. M.—County Fair Demonstration by Frank Fryberger.
- 7:30 P. M.—Movie, "The County Fair."
- 9:30 P. M.—Wrestling Match.
- 10:00 P. M.—Auction.
- 10:30 P. M.—Social Session.

self-governing nation and to take their place among nations of the earth. In support of these arguments the affirmative used the reports of insular executives for the islands and other government reports besides other information secured through independent sources of apparent unbiased attitude towards the question.

The visiting team was entertained at a dinner at the Gardner Monday noon, by Prof. Arnold and our debaters, and in the evening they were the guests of the Alpha Kappa Phi fraternity.

After the debate a dainty lunch was served in the "Hay Loft" for the debaters, judges and officers of the day. At this time it might be interesting to note that this is the second time that both the affirmative and the negative teams representing A. C. have been victorious. In 1916 A. C. defeated Oregon Agricultural College in a dual debate. A. C. has also twice defeated teams representing the University of Southern California. This shows very clearly that our school has a most excellent record in this field of student activity.

SPORTSMANSHIP

What few students ever had the honor to represent their school or college on an athletic team? All of us, unfortunately, cannot have that privilege for various reasons, but we can help honor the men who make up the team, whether it be in Forensics, Football, Basketball, or any other college activity.

At the various athletic games so far attended, the spirit of the rooters for the team has been anything but enthusiastic. The South Dakota football game was an exception. As the saying goes, "It is easy enough to cheer for a winning team, but it takes a real sportsman to cheer for a losing one."

The game with the Y. M. C. A. basketball team, although no sensational playing was made to arouse enthusiasm, brought out two plain facts; the lack of rooting and the lack of respect for the team. Where was the band? Why wasn't there a cheer when the team came on to the floor, or at least a good rousing hand clap? Where was the respect and enthusiasm that should be shown the boys who battle from two to three hours a day under the most severe strain that any branch of athletics requires?

Does the band play only for games they think are big ones? Do the cheer leaders of other schools sit on the side line and ask for nine rahs only when a substitution is made? Is it customary to stick to the chairs like fleas on a dog's back when the team comes onto the floor? Would you call it respect when the game is over (or three minutes before) to start dashing madly for the door?

There is also a group of individuals very much in evidence this winter whom we wish to term "hoot owls" because no more appropriate title can be found. They are not peculiar to this institution alone but are altogether too numerous here. They are the spectators who are so almighty wise that exception must be taken to almost every decision made by the referee and expressed in loud hoots and jeers whenever a penalty is made against the home team.

It is sometimes to be wondered at that a coach can develop a winning team or that the players can be imbued with the fighting spirit that wins when such a lack of moral support from the student body exists as it does here at the A. C. And while we are making accusations, let's include all the offenders? What's the matter with the faculty? Representation may be alright in government but it is manifestly overdone in the matter of support of our school activities. A few faithful faculty fans can't convince the students that our instructors have the right spirit. There are some professors whose very appearance at an athletic contest now after so long an absence would create the biggest sensation of the season. Nevertheless, the student body could stand a good shock. It might be as beneficial to these phlegmatic somnolents as it would be to the instructor.

N. D. A. C. basketball prospects are the brightest in years for a championship team. We say "team" with emphasis, for the players and the coaches are about the only ones at present who are really in earnest on that point. The rest of the college languidly desires the same thing but when it comes to showing the emphasis in the way of true sportsmanship, loyal support and co-operation, well, you know "we're awful busy".—Busy the greatest part of the time making excuses why they are not busy. Why not a conference basketball championship this year, won by the N. D. A. C. instead of the team alone? It's a great deal more certain on the cooperative basis. Think it over.

WHAT TIME IS IT?

In ancient times when institutions of learning were an unknown evil and the only needs of man were a shelter for his head and food for his stomach the division of time into night and day was sufficient for him. But the increase in population and the desire for association with his fellows brought about the community and the specialization of labor. A further refinement in the measurement of time was necessary whereupon we have the invention of the sundial and the sand glass. Today we have time-recording devices that mark one one-hundredth of a second, common everyday devices that tell a man when to get up and when to cease labor and elaborate, electrically-controlled systems that regulate a series of widely separated time recorders and alarms.

When the North Dakota Agricultural College stepped out of its swaddling clothes and found that one abode of four brick walls would no longer contain it, the old bell in the tower was found inadequate as a class regulator. An electrically-operated alarm system was installed and since the Chemistry Department had run the school so long without opposition from the other departments what was more natural than that the regulator should be installed there.

But, alas, strange things have come to pass for now the instructor has come to doubt the veracity of the pupil and the pupil has lost faith in the instructor all because the departmental clocks have risen in rebellion against the regulatory department and

established a time of their own. The Ag. Dept. openly declares on its honest dial that the Chemistry Dept. is ten minutes slow; Science Hall is on a sulk and spasmodically refuses to be dictated to when it is time to rouse the sleeping scholar from his class; and old Main believing that we are living in too fast an age lags three minutes behind. A sad state of affairs surely.

A doctor is needed at once. If our high-priced alarm system is to continue operating on the present hit and miss basis we had better junk it at once and buy a whistle for the power house before we are all calling each other liars on the matter of who knows the right time.

THREE MORE SCALPS TIED TO AGGIE BELT

(Continued from page one)

the Yellow and Green quint has already defeated Concordia college and Fargo college lost to the Normal team.

The game against the Y. M. C. A. at the armory last Saturday proved a revelation to local fans. It was true that the downtown team was not in the best of condition, due to injuries and illness, but the way the Aggie pass-game worked, it is doubtful if they would have made a much bigger score had every Y man come fresh from a month's perfect training. Two field goals and a free throw was the total annexed by the Y team.

The summary of play in both these contests follows:

N. D. Aggies				
	B	F	T	P
Flem, g.	2	0	0	0

Preps Show Marked Improvement

Defeat of Fargo and Moorhead Teams in Past Week Puts Them in Front Rank

Aggie Prep school basketballers have broken their early season string of defeats with two wins over Fargo-Moorhead teams in the past six days. Last Saturday the Preps displayed real championship high school ball and defeated the K. C. Second Team, 24 to 8, at the Catholics' gymnasium. Tuesday night the Preps entertained the Moorhead high school team at the armory and bested them, 15 to 11. Saturday night the Preps will meet the Casselton high school squad and a real battle is expected. Casselton lays claim to being one of the strongest high school teams in the district and a good showing against this quint will be a big boost for the college high schoolers.

"Wolf" Larson at center and 'Gooks' Gullickson, a forward, are added strengths to the Prep team this year. Larson has been the big scorer since he joined the team. Ellefson is playing a good game at forward and Rathje is a tower of strength on the defense. Art Narum has been playing one guard post part of the time. Fitzgerald, guard of last year, was not in the last two contests but will play Saturday night. Koester and Oliver have also played in games so far this season.

Summary of play in the two games:
 Aggie Preps Pos. K. C. Second
 Gullickson f. McNeese
 Ellefson f. Murek
 Larson c. Gorman
 Rathje g. Breyer

Substitutes: Mason for McNeese; Oliver for Gullickson; Koester for Narum; Erdahl for Rathje.

Field goals: Larson, 5; Ellefson, 3; Murek, 2; Gullickson, 1; Narum, 1.

Free throws: Murek, 4; Ellefson, 4.
 Moorhead high Pos. Aggie Preps
 Magnusson f. Ellefson
 Briggs f. Gullickson
 Myers c. Larson
 Kobs g. Rathje
 Rathje g. Breyer

Substitutes: Hallenberg for Magnusson Erickson for Myers, Magnusson for Hallenberg, Koester for Gullickson, Gullickson for Koester, Koester for Narum, Oliver for Gullickson.

Field goals: Larson, 4; Ellefson, 2; Kobs, 1; Magnusson, 1.

Free throws: Briggs, 7; Ellefson, 1; Larson, 2.
 Referee: M. Hodge.

Yep, I've quit the holdup game
 I'll hang round joints no more,
 So, with a sigh, and a faint little cry
 The garter stretched out on the floor.

The cheerful grin and the lifted chin
 May help as you suggest.
 But a couple o' sips from your ruby lips
 Adds zest, ol' girl, adds zes.

Put your best foot forward. When
 in doubt as to which is your best
 foot, get there with both feet.

Railroad Construction

The railroads have begun talking of new construction, of betterment, and of other improvements, and what is more to the point some lines actually have begun awarding contracts. There is a long list of items, individually these items do not mean much, but collectively they make a respectable showing—a showing in railroad construction that has not been equaled in seven years.

American Shipping to Russia

A short time ago Congress voted 20 million dollars for starving Russia, the food to be sent in American bottoms. The rates of the shipping companies immediately increased from \$6.80 to \$8.75 per ton, the operators saying that they needed the increase because there was no return cargo.

Secretary of Commerce Hoover saw no need for the raise so asked the Shipping Board to allocate 30 ships to the American Relief Administration, the request being granted.

H. C. L. in France

From France and Germany come the following statements: French taxes for the past year were \$45.22 per person, while for Germany, \$13.88. A kilogram (about 2 lbs.) of bread in France sells for \$2.2c while in Germany it is 3 1-2c, and while the German pays \$2.05 for a ton of coal the Frenchman must dig down for \$9.56.

The Cannes Conference

The Washington Conference has two main purposes closely related—the limitation of armaments and the settlement of certain far Eastern problems. The principle proposed by America for the settlement of the problems is that of justice, the open door, equal opportunity and fair competition.

Suddenly the center of interest was shifted to Europe and particular to Cannes, with the laudable object of solving the economic problems that face Europe. America is asked to join the conference. Her delegates would be up against the same game as Wilson was at Paris. America would be hopelessly entangled in the game and would be forced to join the entangled foreign alliances. We say let the statesman of Europe work out a sound and just plan of reconstruction and come over here and we will be ready to help.

America First

Many of our successful men have been born in Europe and came over here at an early age because their own country did not offer the opportunities they wanted. These men often go back to cherish their boyhood memories and their remarks are interesting. Charles Chaplin of moving picture fame took a vacation trip thru Europe and says the following: "I'm afraid of it—it's all so set and solid and arranged. Groups and classes. If I stay here, I know I should go back to what I was. They told me that the war had changed England—had washed out boundaries and dividing lines. It hasn't. It's left you even more class-conscious. You've still the country people, the 'varsity sets, the military caste, the governing class and the working class. In America life is freer and you can make your own life."

THE CANADIAN PIONEER SURVEYOR

(From the Annual Report of the Association of Dominion Land Surveyors.)

With your note book and your transit and your slender tape of steel, Striding clear across a continent with sure, firm tread,

You have blazed the path of progress for the advancing commonwealth, For there progress marches after you have led.

Intrepid brother to the wilderness, you have tracked our ancient fastness You have measured out its greatness in your stride, You have searched for all its features, revealing all its vastness, With your faith in old Polaris for a guide.

You have sweltered on the prairie 'neath the summer sun a-simmering,

With the heat waves leaping round you all in silent glee.

Those phantom dancing demons that would send your pickets glimmering

Far away across a molten prairie sea.

You have waded through the marshes to the waist in turbid water With boots like lead a-lagging with each step you'd plough

And your pack a-sagging sickly as the tump-line, growing tauter,

Drew the flaming welts of red across your brow.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.

THE COLLEGE DEPARTMENT OFFERS

Agriculture—Architectural Engineering—Architecture—Biology—Chemistry—Chemistry and Engineering—Civil Engineering—Education—Home Economics—Mechanical Engineering—Pharmacy—Science and Literature—Veterinary Medicine and Surgery. These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training.

THE AGRICULTURAL AND MANUAL ARTS HIGH SCHOOL OFFERS:

Complete Secondary Courses in Agriculture—Domestic Science—General Science—Mechanic Arts—Rural Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery. THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women to think and investigate for themselves; to deal intelligently with the social, agricultural and industrial problems of the day. THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their line. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics, engineering, and the social, economic and political sciences.

Graduates from Approved High Schools are admitted to the Freshman Class. Board and Room \$6.25 to \$7.50 PER WEEK.

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS Collegiate, High School and Business courses started September 28. The Special and Industrial courses will open October 17th.

BUSINESS TRAINING

Thorough courses, trained experienced teachers, modern equipment, service that satisfies. Over eighty per cent of our graduates have been placed in Fargo offices. This shows how we stand at home.

During the past few days we have placed students from our school and other schools with banks, law firms, insurance companies, land and loan offices, oil companies, schools. The A. C., the State University, etc. Call or write for particulars.

In a recent meeting of the Board of Advisors of the College Young Men's Christian Association, it was voted to throw the Association Dining Room open to the use of College organizations. The plan passed upon by the Board is as follows:
"Campus organizations may secure the use of the Dining Room for dinners by submitting either a menu or a price per plate. The Association will serve the meal, charging the organization only for materials, laundry, labor, gas and breakage."

BECOMING GLASSES
are essential to the fastidious woman—glasses that not only fit the eyes and nose but the features and facial appearance of the wearer. We fit men, women and children with the proper glasses for each individual case. Women especially find ours a shop of real eye aid and service.

Campus Comments

Theta Chi fraternity announces the pledging of Harold Barron.

Frank Kellog, a former student here dropped in on the Rho boys Thursday evening.

Prof. Williamson is training a big bunch of "Pugs" now to help him in his grading papers this spring.

Alpha Zeta fraternity announces the pledging of Fred Wilson and George Mikkleson.

Following the business meeting of the Y. W. C. A. Wednesday evening, the short course girls were entertained informally.

Wallace O. Berg '21 came strolling into town Sunday evening and at present is taking in the numerous changes to be seen in our student body and affairs. "Bergie" is looking the same as ever, and states that his time is quite taken up with the daily routine of his little farm upstate.

Miss Marjorie Lieberg accompanied the debate team to Bozeman, Mont., leaving after the contest on Monday night for Helena where she will remain a few days. On her return she will stop en route at Hot Springs, Montana and New Salem, North Dakota, arriving in Fargo the last of the week.

Pledges of the Delta Phi Beta sorority entertained active and alumni members and gentlemen friends at an informal dancing party at the Waldorf Hotel on Tuesday evening. Features of the evening were favor dances and interpretative dances by Misses Mary O'Connor and Dorothy Volkamer. Chaperons of the evening were Mr. and Mrs. C. S. Ladd and Mrs. Emma Latimer.

The pledges of the Acoth sorority of the North Dakota Agricultural college entertained at a theatre party at the Garrick last evening.

CHEMISTRY CLUB ORGANIZED

On Friday noon, January 20, twenty-nine students of the chemistry department together with the members of the instructional staff and four alumni members met at a dinner in the "Y" for the purpose of organizing a Chemistry Club. A feature of the dinner was an interesting talk by Harry Slingsby, '07, now of the Minnesota Linseed Oil Company, on paint mills and their work. The purpose of the organization is to further the interests of the members along lines peculiar to their work.

The club will meet once a month and at that time, besides being a social meeting, papers and talks of interest and value to chemistry students will be given. Special effort will be made to have as many alumni present as possible, that their practical experiences in the chemical world may be utilized by those preparing for similar lines of work.

The chemistry school at this institution is being recognized everywhere as one of the best in the states. Up-to-date, thirty-nine men have been sent into the manufacturing world, nineteen of them having gone the last four years. It is interesting to note that almost without exception, our chemistry students are chief chemists in the largest paint and varnish manufacturing companies in the country.

Inter-Class and Society Tournament Waxing Hot

Alpha Gamma Rho, Theta Chi, Architects, and Farm Husbandry winners in Week's Games

The second week of the campus tournament is bringing about some improvement in the games being played among the organizations, both in lineups and teamwork over the brand of ball displayed last week.

Saturday witnessed the defeat of the strong Independent quint at the hands of the Rho team by a 27-16 score; and the losing of the Farm Husbandry to the Theta Chi's 14-9. Monday brought about the scalping of the Engineers by the husky Independents with a modest 33-17 tally, and losing of the Farm Husbandry to the Architects to a 22-12 tune. Tuesday witnessed a real exhibition of football when the Theta Chi rooks took the Power Machinery gang into camp for a 19-15 go.

The "Y" Series is bringing out some good entertainment for visitors and student basketball hounds. If you haven't drifted over to see the fun yet do so at your earliest opportunity, and see the various organizations and classes spill one another's blood in the wiping out of ancient grudges.

FOOTBALL SCHEDULE FOR NEXT YEAR PRACTICALLY COMPLETED

Coach Borleske has partially finished his football schedule for next fall. He has one open date on Oct. 21 which he is trying to fill with a strong team to be played away from Fargo. The last home game will be on Nov. 4 with the University of North Dakota on Dacotah field. If possible another out-of-town game will be scheduled for Nov. 18.

Five games are all that have been arranged, four of these scheduled to be played in Fargo. The final game will be played with the strong South Dakota state eleven at Brookings on Nov. 11.

The schedule:
Oct. 7—Moorhead Normal, Dacotah field.
Oct. 14—Jamestown college, Dacotah field.
Oct. 21—Open.
Oct. 28—Fargo college, stadium.
Nov. 4—U. N. D., Dacotah field.
Nov. 11—South Dakota state, Brookings, South Dakota.

FAIR ASSOCIATION ANNOUNCESE OFFICERS AND DIRECTORS

The organization of the Model County Fair which is to be staged tomorrow by the students of the Industrial Courses is modeled after the regular county fair in every respect. There are the fair officers, the board of directors and the various committees—a model county fair association. The purpose of the association is to stimulate an interest in county fairs among young people who live in the country. Its principle function is to develop rural leadership and teach these young people how to organize and carry to a successful termination a real county fair.
The 1922 fair association is as follows:

Officers
President—Victor Sturlaugson
Vice President—Earnest Bolton
Secretary—Roy D. Slyder
Treasurer—Walter Booth
Directors County Fair Board
Laura Sturlaugson—Svold, N. D.
Ruth Lebus—Casselton, N. D.
Agnes Rud—Portland, N. D.
Ernest Bolton—Grafton, N. D.
Hans Tweet—Rugby, N. D.
Victor Sturlaugson—Svold, N. D.
Theo. Gullickson—Gilby, N. D.
Walter Booth—McClusky, N. D.
Roy Slyder—Mercer, N. D.
