CO-ED PROM HIGHLY ENTERTAINING

Costumes Both Amusing and Artistic

The annual co-ed prom, which was staged in the armory last Friday night under the auspices of the Y. W. C. A., was one of the most successful affairs of the kind in the history of the institution. About 176 people danced the program of eighteen dances to the lively music furnished by Hakins' orchestra.

The costumes were numerous and varied and much merriment was created by some of the impersonations. Prizes were offered for the three best costumes, and the judges, Mrs. E. F. Ladd and Miss Pauline Blake, were sorely tried while deciding on the winners. Finally the honors went to Margaret Ronan and Madeline Gleason as the ballet dancer and her escort; Ruth Dawson, and Pearl Sours as Hans and Gretchen; and to Harriet Lewis and Charlotte Wyard as a Hawaiian couple. Violet Shockley and Estella Strand as the white clowns were especially stunning, while Amy Euren and Eleanor Trowbridge as Silas and "my Julia" created great merriment. The English baronet and his vamp spouse (Margaret Boerth and Hilma Hoffman) danced with evident pleasure with Huck Finn and his Sally (Mary Klotz and Therese Kalberer). Ella Radcliffe as Ole Swensen, who "just come over," and Anna Jorgenson as "Toughy" did not seem the least abashed in the presence of such notables as Charlie Chaplin, nor did the stately colonial dames, Miss Lewis and Mrs. Ladd, decline to dance or converse with mere country lassies such as Mrs. I. W. Smith. Honorable mention is also due Mrs. E. E. Kelsey and Vida Cowell, the worthy "cullud ladies."

On the whole the affair was very successful and considerable credit is due Miss Forsberg and the Y. W. C. A. cabinet, who directed it.

KAPPA PHI'S DANCE

Waldorf Scene of Festivities

The Alpha Kappa Phi Fraternity held its fifth annual dance, at the Waldorf Hotel, on the evening of February 15, the fraternity birthday, it being on this date five years ago that the eight charter members met and organized. Forty-five couples were present at the dance, about twenty-five of them of the active chapter.

The first part of the evening was taken up by a five-course dinner in the Waldorf dining room. During the meal music was rendered by the Glacier Park Orchestra, and between courses several interpretative

DEAN KEENE HEAD OF A. C.

Board Appoints Man of Long Service

At a meeting on Saturday last, the State Board of Administration appointed Dean E. S. Keene as Acting President of the Agricultural College to fill the vacancy caused by the resignation of President E. F. Ladd, who goes to Washington to take up his senatorial duties in behalf of this state.

Dean Keene came to A. C. in 1892 as Assistant Professor of Mechanical Engineering, after two years of experience as instructor in the University of Illinois. He was given the rank of Professor the next year, and in 1906 was made Dean of the Department of Mechanical Engineering. The deanship he still holds, but his department has now developed into the School of Mechanic Arts, a school which in an abnormal year like this one is above normal in registration, and which has perhaps a greater number of students enrolled in strictly "service" courses than any other school of the college.

Dean Keene states that it shall be his purpose to encourage in the institution those things which are for the best interests and up-building of the college, and to eliminate detrimental influences. He strongly emphasizes the spirit of helpfulness and "get together" which is a requisite for making the Agricultural College the leading institution of this part of the country.

H. S. TEAM DEFEATS TOWER CITY

The Preps added another victory to their list, by defeating the Tower City High School team on the Armory floor Saturday afternoon, with a score of 22 to 14. The Preps showed their supremacy thruout the entire contest, the score at the end of the first half being 10 to 5 in their favor. Philip Fitzgerald was the high point getter for the Preps, making five field baskets and two free throws. Wells for Tower City caged four baskets.

SENATOR LADD GOES TO WASHINGTON

Called Away Suddenly

Upon Dr. Ladd's return from a conference with the Committee of Seventeen, he found awaiting him urgent telegrams which necessitated his departing immediately for Washington. He will remain there until the inauguration is over, after which he will return to Fargo for a few days, arriving here about the eighth or tenth of March. The college unites in wishing Dr. Ladd the greatest of success in his new field.

Dinner To Be Held As Planned
The institutional dinner in Dr. Ladd's honor will be held on Saturday evening, February 26, as planned. It will be given in Ceres Hall dining room, starting at 6:15, and is open to faculty, students, and alumni of the college. A reception in the Armory will follow the dinner. It is much to be regretted that Dr. Ladd cannot be here in person to witness this expression of appreciation for his many years of service to the institution.

COMING EVENTS

Shadows Thrown Before

There'll be lots of things doing this week end—not that such a thing is unusual, but anyhow we'll just call your attention to it. On Thursday, February 24, that favorite mirth-producer, "Back to the Farm," will be put on in the Little Country Theatre—a matinee at four-thirty and an evening performance at seven. The price of admission is fifteen cents or twenty-five cents, depending on where you desire to sit—and you have your choice, so see this play, by all means.

Then on Thursday evening, at eight o'clock, we take on Fargo College for another lively H'l scrap on our Armory floor. We're expecting some real thrills from this. No, Marie, I did not say reel thrills.

On Friday, February 25, the Lyceum of Engineers will startle the community with something new, original, wild and woolly—namely, their First Annual Wild West Carnival—and if you want to spell it Karnival, we don't think they'll care. Faculty, as well as students, are invited, so there'll probably be more than thrills to this—a few honest-to-goodness shocks, eh what? According to the brave engineers—pardon us, it should be Engineers—but anyhow, they do say as now flannel shirts, hip-boots—or eight-heeled ones, 'sno matter which, sombreros, "shaps," and six-shooters will be quite chic for this occasion—mebbe. But come to the runno—mebbe. But come to the Armory and find out.

GROWTH OF MILITARY DEPARTMENT DEMANDS LARGER QUARTERS

War Department Approves Incorporation of Industrial Course Men in Senior Unit of the R. O. T. C.

As a result of the favorable showing made by the battalion before the inspecting officer last fall and thru the earnest efforts of Major F. B. Carrithers, commandant, B and C companies are to be made a part of the Senior R. O. T. C. at the college. These two companies are composed of Industrial Course men who according to an institutional ruling are required to drill five terms to satisfy graduation requirements for this course. However, they are not required to be in uniform. The new ruling, which has been approved by the War Department and the college authorities, means that the men of the Industrial Course taking drill will complete their two hundred required hours by drilling four hours each week; that they will be uniformed on the same basis as the present college company; that on completion of their required hours and on entering the regular college courses, they will be admitted to the Advanced R. O. T. C.

The change is a welcome one in both the college and the military department. It means a battalion all in uniform which will add much to its appearance and stimulate a keener interest in the work. The uniform ruling goes into effect at the beginning of the coming school year, commutation on uniforms being paid on the term basis as with the present college company.

The increased enrollment in the companies taking drill and the addition of numerous new features in the advanced class has made it necessary for the military department to seek additional room. This demand was met by a more economic arrangement of the floor space allotted to the department in the armory. With the addition of modern tactical maps, miniature terrain tables, blackboards and drafting apparatus, it was found necessary to increase the classroom space. Accordingly the rifle room and officers' quarters were moved to the indoor range on the north side of the armory where Dick Kraft and his corps of carpenters installed lockers, office equipment and rifle racks. The new arrangement is more satisfactory in every way than the old. A door at the west end of the gallery permits passage of the cadets in taking arms thru to the east door in an uninterrupted succession, thus avoiding the confusion which was bound to occur under the old arrangement. The office of the adjutant and officers' quarters occupy the east end of the

All work in the battalion for the past month has been concentrated on the close order movements and manual of arms, looking toward the competitive drill contest which will be staged the second week in March.

Company A under the command of First Lieutenant Geo. Bohlig and Lieutenants Leifson and Eastgate, with a complement of the best men from B and C companies, will put on a demonstration at the Fargo auditorium on the night of Washington's birthday, for the benefit of the American Legion.

It is planned to give every man in the battalion some work on the indoor range this year. B and C companies will take up the work first, followed by A company in the spring term.

PREPS LOSE ONE

After a two weeks' period of inactivity, the Preps journeyed to the Concordia Gymnasium and met defeat at the hands of the Concordia College Preps, by a close score of 14 to 16. Philip Fitzgerald was the individual star of the game, making all of the points for the A. C. Preps. Lawrence for Concordia succeeded in making four field baskets. The A. C. Preps have an exceptionally strong team this year and this is only the second defeat of the season.

CHECKER FIENDS, ATTENTION!

B. Julian Gunderson issues a challenge to any person at A. C. to a match at checkers, to be played at

any place and any time out of school hours. Send all acceptances to him at the A. C. post office. Mr. Gunderson is a Freshman in college, and stands ready to take on all comers, regardless of age, rank, or present condition of servitude.

At the regular meeting of the Architectural Society and the Draftsmen and Builders' Club, we were fortunate to have for a speaker Mr. H. H. Woolledge, of the Savings and Loan, who spoke on Building Finance. He spoke of the various methods of securing money for building operations. After the lecture, Mr. Woolledge answered many questions pertaining to financing building operations.

BETA NOTES

The Delta Phi Beta Sorority was entertained at the home of Mr. and Mrs. A. H. Parrott, 431 Eighth Avenue South, on last Monday evening. A dainty lunch was served by Mrs. Parrott, after the regular business meeting.

Marcia Berg spent the week end with her mother in Minneapolis, while Mary Dennis visited her home at Page, N. D.

ACHOTH

The Achoth Sorority will hold formal initiation next Sunday morning at nine o'clock, in the chapel of the Masonic Temple, for Vivian Hurley, Nyva Johnson, Viola Erickson and Ruth Dawson. After the ceremony a breakfast will be served at the home of Mrs. Fred Olson, a patroness of the Sorority.

Miss Margaret Chandler, an Achoth alumna, was a week-end visitor here, having come to attend the party given the chapter by its pledges.

Founders' Day will be observed by a banquet at the Commercial Club on March 5. Dinner will be served at 5:30 to the active members, alumnae, and patronesses. Several girls from the chapters at the Universities of Minnesota and Wisconsin are expected to be here. Following the dinner, a formal dance will be held in the auditorium of the Masonic Temple. The hours will be from eight to twelve, and the music will be furnished by the Glacier Park Orchestra.

THETA CHI NEWS

George B. Tindall, a resident of St. Cloud, Minn., called on his brother Matthew over the week end and attended the basketball game Friday evening. He resembles Matt in some characteristics, but it is hardly proper that they should be enumerated.

Alex "Sliv" Nemzek has been confined to a Minneapolis hospital due to a recent illness. The cause is unknown at this time.

ODDS AND ENDS

"Chrygssaerueuenaifinajuarisiguetjack" is Eskimo for "I love you," and at the same time is a reasonable explanation of why the Arctic nights have to be so long.—Exchange.

And now we read that the North Dakota A. C. has an ex-service men's organization called the Cootie Club. Wonder if their emblem is a toothpick?—St. Olaf "Messenger."

Not Such a Large Place

It seemed that when Rastus and Sam died they took different routes, so when the latter got to heaven he called Rastus on the 'phone.

"Rastus," he said, "How yo' like it down thar?"

"Oh, boy! Dis here am some place," replied Rastus. "All we has ter do is to wear a red suit wid horns, an' ebery now an' den shovel some coal on de fire. We don't work no more dan two hours out ob de twenty-four down here. But tell me, Sam, how is it with you up yonder?"

"Mah goodness! We has to gt up at fo' o'clock in de mawnin' an' gathah in de stahs; den we has to haul in de moon and hang out de sun. Den we has ter roll de clouds aroun' all day long."

"But Sam, how comes it yo has ter work so hard?"

"Well, to tell de truf, Rastus, we's kin' o' short of help up here.—Exchange.

The study of English by Chinese students is bearing fruit. Thomas W. Lamont at a dinner in Pek, recently questioned the Chinese Min-

ister of the Interior continually as an interpreter. Imagine his surprise when later the official asked him in perfect English: "Mr. Lamont, who is pitching for Pittsburgh now?"

PHARMACY NOTES

On Tuesday morning Mary Klotz spoke to the members of the Pharmacy Club on "Fundamentals of Salesmanship." This is the second of a series of lectures to be given by the Senior members of the Club.

"Hennery" Mason Trepanier and brother Bill went to Bismarck Wednesday evening, just to tell the legislature how to run things.

Miss Dorothy Lee of Wathalla spent the week-end with friends in Fargo.
