

THE WEEKLY SPECTRUM

EDITED AND CONTROLLED BY THE STUDENTS OF THE NORTH DAKOTA AGRICULTURAL COLLEGE.

VOL. XXXIV. NO. 10.

NORTH DAKOTA AGRICULTURAL COLLEGE, FRIDAY, DECEMBER 17, 1920.

PRICE 5 CENTS

SOPHOMORES WIN CLASS SERIES

Juniors Take Second Place and Seniors Third

Games Hotly Contested

The final game of the Inter-class tournament was won by the Sophomore team when they defeated the Junior quintet by a 36 to 13 score. Nearly perfect guarding on the part of the Sophomores, combined with better team work was the cause of the upper classmen's defeat.

The Sophomores started the scoring when Flamer dropped in a field basket. The Juniors followed with a free throw and Flem got a pretty field goal from the center of the floor. Trowbridge added another to the score and Mares duplicated it. This basket of Mares' was the only one made by the Juniors until the last few minutes of play, when Sivertson dropped in three straight. The half ended 17 to 6 in the Sophomores' favor.

The Sophomores started with the whistle in the second half and Flamer slipped down the floor for a goal. Bohnsack made it two immediately and then Trowbridge added another. Owing to a bad cut over his eye, Bohnsack was replaced by Foss, who started things again with another field goal. Trowbridge again scored and Flem added another from the center of the floor.

Trowbridge and Flamer were the point getters for the Sophomores. Trowbridge was watched in particular on account of his large scores in previous games, but he managed to get four field goals in each half. For the Juniors, the score was entirely Sivertson's, except for one field goal by Mares in the first half.

Winning this game makes the Sophomores the class champions.

Lineup and summary:
Sophomores Pos. Juniors
Trowbridge F. Ladd
Bohnsack F. Sivertson (c)
Flamer C. Darling
Duerner G. Mares
Flem (capt.) G. Horne
Field goals: Trowbridge 8; Bohnsack 1; Flamer 3; Flem 1; Foss 1; Sivertson 3; Mares 1.
Free throws: Flem, 6 out of 9; Sivertson, 5 out of 8.
Substitutes: Foss of Bohnsack; P. Hildre for Duerner; Duerner for Flamer.
Referee—S. E. Borleske.

Preliminaries

The first game of the tournament was taken by the Freshmen by the easy score of 62 to 2. The first half ended 32 to 2 in the first year men's favor, and with this lead they put in all their substitutes. The Power Machinery five was unable to score again during the game while the Freshmen ran up 29 more points before the final whistle. Greives' scoring was the main feature of the game, 24 of the total 62 being made by him on field goals.

The lineup:
Freshmen Pos. Power Mach.
Greives F. Bower
Rae F. McElwain
Bridgeford C. Thum
Madsven G. Hays
Butte G. Halleck

The second game was nearly as bad as the first in scoring, the Sophomores winning from the Farm Husbandry five by a score of 82 to 5. In the first half Trowbridge and Bohnsack scored at will, Trowbridge alone making 22 points in the half. The Sophomore second team was sent in the second half and added 16 more points before the regulars were returned to the game.

The lineup:
Sophomores Pos. Farm Husb.
Trowbridge F. Johnson
Bohnsack F. Mason
H. Hildre C. Heine
Flem G. Pingree
P. Hildre G. Olson

The third game of the series was better, the Juniors taking it from the Cadets by a 27 to 5 score. Poor

Rosatti Elected Captain

ONE OF STRONGEST LINEMEN IN YEARS.

In an election held in the coach's office, Wednesday afternoon, Dec. 8, Rudolph Rosatti, the big smiling tackle in this year's State College team, was chosen to lead our 1921 eleven. Rosatti has deservedly won this honor, as he was one of the best players in the state this year, making all-state the past two years, this year picked by all coaches. He has won the confidence of the school and his teammates by his excellent work. This is his second year of football at the A. C. He is in his second year at the State College, taking the Architecture course.

Rosatti is one of the strongest linemen that has ever enrolled in the State College. He is a terror on defense where he breaks up many plays before they get started. He is equally strong on the offense, where with his 195 pounds of muscle and bone he can open holes at will for the backs. His many friends are congratulating "Rosy" in his new position.

Study Canada's Market Methods

Pres. Ladd Left for Chicago Saturday to Report Results of Investigation in Canada.

Pres. E. F. Ladd, member of the Committee of Seventeen, left last Saturday for Chicago where he attended a meeting of that committee. At that time Pres. Ladd and President J. M. Anderson of the Equity Co-operative Exchange of St. Paul will present their reports of their investigation of the Canadian co-operative grain marketing system.

Ladd Spent Several Days in Canada. Pres. Ladd spent several days in the dominion visiting several provinces. At the meeting of the committee this week, Pres. Ladd will suggest a financing plan for the proposed co-operative marketing system which is being evolved by the Committee of Seventeen. This committee was appointed early last summer by President Howard of the American Farm Bureau federation.

"Canada is much farther advanced in the co-operative marketing movement than the United States," said Pres. Ladd. "The government has helped the farmers to finance a grain marketing system which comprises not only the local elevators but large terminals as well. This farmers' agency even handles the export business for the farmers who are members of it. This enables the farmers of Canada to get the best going market price for grain at all times."

We are all proud of the fact that such a man as Dr. Ladd, who was once president of the college in fact, but now in name, can link his name with that of the North Dakota Agricultural College and attain the great glories of being one of the Committee of Seventeen.

Xmas Sale Held

A Y. W. C. A. Christmas sale was held in the east corridor of Ceres Hall, Wednesday, December 15th, starting at 12 o'clock. Japanese novelties and articles, boxes of home made candies, and articles made and donated by the college girls, were offered for sale at this time and gave the students an opportunity to obtain pretty and useful Christmas gifts for their friends.

Miss Simmons Seriously Hurt

Last Tuesday at 12:30 when Miss Abbie Louise Simmons was leaving Main Building she had the misfortune to fall and break her right arm. Fortunately there were students present who saw the accident and asisted her to Ceres Hall where she received medical attention at once. An X-ray of the arm showed a bad fracture in the elbow, which, however, will heal and leave the joint as flexible as before unless some unforeseen hindrance arises.

Miss Simmons is one of the most popular instructors on the campus, having been a member of the English Department for twelve years and during that time has had in her classes most of the collegiate students enrolled in the institution. Her work has always been for good of the students and college, and she is always one of the first to give support to any move for improvement or advancement on the campus or in the city of Fargo.

Varsity Practice Starts

Schedule Plans for A Weeks Trip---5 Letter Men to Build Team around

With the class games out of the way, Coach Borleske has started rounding his men into shape for the coming basket ball season. The first call for "Varsity" practice was issued by the coach last Tuesday and a fair sized squad responded. During the class games the coach got a fair idea as to the men that are going to be a help to him in winning the championship.

Wayne Underwood, student manager of basket ball, has been writing to the numerous schools in the northwest and is rounding a schedule into shape. The plan now is to get a week's trip, taking in South Dakota State, Hamline, St. Olaf, St. Johns, St. Thomas; possibly Carleton, Macalester, or South Dakota University. There has already been games scheduled with Fargo College, University, Jamestown, and two games with Manitoba. The latter will be a nice trip into Canada and although it does not come at the end of the season we are sure that some of the boys might have a good time, we know that many of the boys will meet the men on their return from the trip due to numerous reasons. The hardest game on the schedule will no doubt be the one with the University, because they have the same team as they had last year with the exception of the center, but this position will be ably filled with five star high school men trying out for it. The University has Hauser, Sinclair, Richards and Stencheil back from last year's team.

There are five basket ball letter men out for the team and with the prospects that have loomed up in the class games the season will no doubt be a successful one. Reis, last year's captain, will no doubt be the strongest man on the team. This will be the fourth year of basket ball for Reis at the State College, being a star from his first year at the school. Reis did not play the spectacular game last year that he did in the spring of 1918 when he proved himself worthy of being one of the best men seen in action on a gym floor in the state. Reis' showing last year was probably due to his illness in the early part of the season, but it is hoped this year that he will reach the pace that he set in 1919, because we know that he has the stuff to do it with. Kraemer is possibly the next best and most experienced man that will wear the green and yellow jersey. Jack has played with the big round ball ever since he was knee high to a grasshopper, playing four years in high school and a couple at a denominational school. He played his first year with us last year and proved himself to be a fast floor man and extra strong on the defense, not being so spectacular on making baskets, but once in a while fooling us

JUNIORS WIN FIRST PLAY CONTEST

Christmas Is Coming

SEVENTY-TWO YOUNGSTERS TO BE GUESTS OF A. C. STUDENTS

The committees appointed to arrange a Christmas entertainment for the children of poor families in Fargo have been busy the past week, with the result that seventy-two boys and girls will be given a real Christmas.

The students who are to be hosts have been busy writing letters to the little ones, asking them what they most desired for Christmas. Each letter contains a self-addressed envelope bearing the address:

SANTA CLAUS,
Box 38, A. C.

Here is a sample of one of these letters:

"Master Johnnie Jones,
Somewhere in Fargo.
Dear Johnnie:

At this glad Christmas season I am very busy looking after several million children on this little wad of mud which some people are pleased to call the Earth. You know, Johnnie, that I have friends in Europe and Asia and Australia and Africa and even in the Islands of the Sea. Looking over my list of names I find yours, and I am writing you to find out what you want old Santa to bring you for Christmas.

Sit right down and write me a nice letter telling me all about it. Put your answer in the enclosed envelope and seal it up and put a stamp on it. My assistant, the Postmaster, will see that I get it. You will hear from me in reply very soon.

Yours for Christmas Cheer and Good Will.

SANTA CLAUS.
Traction Company Will Furnish Special Cars

The Fargo & Moorhead Street Railway Company have agreed to furnish special cars for the crowd of seventy-two expectant youngsters who will arrive at the A. C. corner promptly at five o'clock next Saturday, December 18th. They will be met at the car by an equal number of merry A. C. students, each playing the part of Santa Claus for a youngster. Each student will take his kiddie up to the "Y" Auditorium, where there will be a sure 'nuf Christmas tree and a real Santa Claus with his reindeer. There will be plenty of pop-corn balls and lots of lively games. Christmas Carols will be sung, and the spirit of good cheer will reign supreme.

able for One Hundred and Forty-four at Ceres

After the games and the singing, and after each youngster has received a present (for not one will be forgotten) the children with their urgent benefactors will go to Ceres Hall, where a Christmas supper will be in readiness, prepared by Mr. and Mrs. Bird especially for the occasion. Can you imagine a table set for one hundred and forty-four merry people, little and big together? or it will be hard to tell who will be the merrier, the tots or the students who will bring the real Christmas message of Good Will to Men & these who are a little less fortunate than ourselves.

144 Delegates Attend First Convention

LANY FLOOR DEBATES MAKE SESSION LIVELY

Ine hundred and forty-four delegates from Minnesota, Montana, North Dakota and South Dakota, attended the first annual convention of community center workers of the northwestern states, held yesterday afternoon in the Little Country theater, North Dakota Agricultural College. The delegates represented 144 communities in the four states.

Goodwin Westlund called the convention to order at 4 p. m. Rep-

(Continued on Page 4)

LARGE CROWD ATTENDED

In the First Annual Play Contest, the Junior class carried off the honors by a large margin. The Seniors followed as second choice; the Sophomores and "Frosh" coming next respectively. The judges chosen by the dramatic club to judge the best play were: Mr. and Mrs. J. D. Menchaser of Concordia College and Mrs. P. Thomas of the drama section of the Fine Arts Club. Without a doubt their decisions were correct in every case, but we feel sure that these decisions caused a great deal of consideration, for every play demanded the highest of praise.

The Little Country Theatre was packed, which all goes to show that the annual class play contests caused a lot of interest on the campus and down town. Each year the competition in these contests will grow keener. It's one of the student activities which will make class spirit stronger; also it gives the Edwin Booth Dramatic Club a good chance to watch the new talent in each class.

Clarence Jensen, with his beautiful tenor voice, accompanied by Miss Nettie Thompson, gave some very pleasing numbers between the plays.

JUNIORS

"The Clod" by Lewis Beach

In this play the work of each member and their coaches deserve more praise than any "Ink slinging" ability will allow to be written. Bernice Noyes and Leonard Sivertson, taking the parts of uneducated poor farmers on the border of the northern and southern states, were in every respect perfect. Their work was exceptionally good and our praise cannot be too great. It was the superb acting of these people that won them the prize. The other members of the cast did exceptionally well. The settings and light effects of the play were very good, and was another strong point in their favor.

Cast of Characters

Mary Trask -----Bernice Noyes
Thaddeus Trask -----Leonard Sivertson
Southern Sergeant -----
-----William Zimmerman
Southern Private -----Paul Horne
Northern Soldier -----Elmer Darling
Scene—Kitchen of a farm house on border of northern and southern states, ten o'clock in the evening, 1863.

SENIORS

"Circumstances" by Archie Waldie
This play taking second place was written by Archie Walde, one of the Seniors, who is a member of the Dramatic Club. Archie has never before shown his ability as a playwright, but we hope he tries it again as this one was a real success. Archie took the leading role and did very fine work. Myrtle Thompson gave an excellent interpretation of a competent secretary. Herbert Zimmerman took his part well.

Cast of Characters

Stephen Johns -----Archie Walde
Phyllis Travers -----
-----Myrtle Thompson
Ellsworth Cole -----
-----Herbert Zimmerman
Scene—Receiving office of Bergen & Cole, Paint Manufacturers.

SOPHOMORES

"Kara" by Geo. A. Cran
In this play the "Sophos" did splendid work and was thought by some to have the best play. The acting was faultless from a non-critics standpoint and at no time during the play was the audience uneasy or wishing the play was over. This play had a well defined plot and was of the after-war type of play. Mary Klotz, the little Armenian girl, played her part with the skill of a professional to such an extent that she had everybody in the audience sympathizing with the Armenians. "Hank" Trepanier, taking the part opposite of Kara as her lover, proved himself to possess a truly dramatic temperament and carried his part off with ease. Benchoof proved the real sensation of
