NORTH DAKOTA AGRICULTURAL COLLEGE, WEDNESDAY, NOV. 17, 1920.

PRICE 5 CENTS

MONSTER DEMONSTRATION HELD BY STUDENTS FOR PRES. LADD

STUDENTS MADE HISTORY ON NOVEMBER 8.

Dr. John H. Worst Outlines Accomplishments of Pres. Ladd

In the words of President Emeritus John H. Worst, students and faculty of the North Dakota Agricultural College "made history" on Monday, Nov. 8 at the convocation hour when they staged a big demonstration in honor of President E. F. Ladd's election to the United States senate. Practically the entire student body and faculty was present and took part in the big parade which preceded the enthusiastic demonstration in the armory. No football rally has exceeded in enthusiasm the spirit displayed in the singing of the songs for President Ladd. All the team's songs were sung in honor of President Ladd and former president, John H. Worst. Dr. Worst gave a splendid address. He praised the great work of the college president during his time in North Dakota and called attention to the splendidly clean campaign he made before his election. Dr. Ladd addressed no political meeting or gathering of any kind except when invited to do so by the voters of the community where he appeared. Dr. Ladd spoke of his victory as "a victory of the common people."

Dr. Worst pointed to the election of Dr. Ladd as the first great result in the campaign of the masses against wealth and special privilege. He also reviewed some of the great frauds which Dr. Ladd has exposed and told why he is feared and hated by the big corporations. Dr. Worst's address was more than a personal address touching Dr. Ladd; he instilled in the students a new and stronger sense of state loyalty. He pointed to North Dakota as the land of opportunity, the state which has transformed itself from one of the most poorly governed commonwealths in the nation to one of the foremost in the country. He pointed to the protection workers, both men and women, received thru the state government, the home building law, the splendid pure food laws of our state, which he said are the direct outcome of President Ladd's splendid work, and the square deal which is being granted the common people of the state.

While it was a victory celebration and all the assembly was proud and happy over the selection of the college president to represent the state in the United States assembly, the entire audience was charged with a

High School Party Big Success

The A. M. A. High School of the Agricultural College showed its splendid spirit Saturday night, the 13th of Nov., when an "all high school" party, including the alumni and a number of invited friends, was held at the Armory. The decorations were carried out in red and white in a most original manner. A short program preceded the dance, all those who took part doing admirably well. The chaperones, Prof. and Mrs. George E. Miller, Miss Edelbruck, and Prof. Maunders, deserve special thanks for their excellent supervision throughout the entire evening. At eleven o'clock the party reached a climax in the "confetti dance" which, to the joy of all, was stretched to several enclosures thru the generosity of a downtown five-piece orchestra which rendered a splendid dance program. The happy gathering dispersed at 11:30, each one voting the high school party one of the biggest successes of the season.

Girls Athletic Association Formed

Plans for Inter-class Tournament Are Under Way.

One of the things that have been neglected on this campus in the past is girls' athletics. There is no logical reason why there should not be a girls' athletic association and 'letter girls' as well as 'letter men' on the campus. A step in this direction was taken Friday afternoon when about fifteen girls met to organize basket ball teams and elect a general manager. These girls will form the nucleus of the basket ball teams who they do not represent the classes by any means, and to them belongs the credit for starting the ball rolling. Anna Jorgenson, who played the girls' varsity team last year, was elected manager. Practice hours will be from 4:30 to 5:30 Mondays and Fridays.

The plan for the year is to hold an inter-class tournament, after which the "Yale-Harvard" game will be played. This will be played by teams picked from the Juniors and Freshmen and from the Sophomores and Seniors. The Varsity team will then consist of girls chosen from among those taking part in the tournament. This is all that has been planned so far, but watch the Spectrum for further notices.

The idea is not only to give credits in basket ball, but to instill some pep into girls' athletics in general. It is to be hoped that all girls who are interested will come out and do their share to help their classes hold their own. The Seniors seem afraid that they will lose some of their dignity, but maybe a challenge from the other classes will get their goat, and four good teams can be organized. We know the Seniors have the goods if they will just come and try out.

"Shore Acres" To Be Presented Nov. 24

The Edwin Booth Dramatic Club with a tentative cast has been rehearsing for their first play, "Shore Acres," to be presented Nov. 24th. The cast has not been settled upon as yet, entirely, but Harry Hoffman and Ella Callwell are playing the leading parts. This play will give Mr. Arvid and the student body an idea of the new dramatic material which has entered the school with the Freshman class, because a goodly number of Freshmen are in the cast. This play promises to be one of the best seen at this college for some time as it will bring forth true acting. With such members in the cast as Kitty Blake, Herbert Zimmerman, Hubert Wolfe, Phil Moe, Edith Challey, we are sure of a fine performance.

Attention Engineers!

Engineering students are urged to attend the regular meeting of the Lyceum of Engineers which is to be held Thursday evening of this week. A short program will be given which is to include talks by James McLaughlin and Robert Mares. Announcement has also been made of an illustrated lecture on "The Processes Involved in the Manufacturing of Pipe," by Dean Keene on December 2. Officers of the Lyceum ask every engineering student to become a member of the organization.

NOTICE!

THIS WEEK THERE WILL BE PLACED IN THE LOBBY OF THE MAIN BUILDING A SMALL DROP BOX TITLED "THE SPECTRUM" FOR WHICH ALL ORGANIZATION REPORTERS WILL KINDLY DROP THEIR COPY, BEFORE SATURDAY NOON. THIS BOX WILL ALSO BE USED FOR ANY OTHER NEWS THAT IS OF INTEREST TO THE CAMPUS, JOKES, AND QUESTIONS FOR THE GREAT MADAME TROLUZYUPHYWKE, WHO IS THE SEVENTH DAUGHTER OF A SEVENTH DAUGHTER BORN UNDER A FULL MOON IN A GRAVEYARD, TO ANSWER. IT IS HER MASTER MIND THAT HAS ANSWERED THE QUESTIONS IN THIS ISSUE. SHE IS OPEN TO ANSWER ALL QUESTIONS THAT MIGHT BE ASKED OF HER, SUCH AS MATRIMONIAL DIFFICULTIES, RIGHT KIND OF DRESS TO WEAR, AND ANY OTHER QUESTIONS THAT MIGHT ARISE. THE ANSWERS TO THESE QUESTIONS WILL BE ANSWERED IN THE MATRIMONIAL COLUMN UNTIL SUCH A TIME THAT IT HAS OUTGROWN THIS COLUMN AND THEN A SEPARATE ONE WILL BE STARTED.

Commission Appoints Manager

PLANS DRAWN UP TO PETITION FOR ASSISTANT COACH

At the regular weekly meeting of the Student Commission on Nov. 9, plans were drawn up for the circulating of a petition to the State Board of Regents for an assistant coach and the appointments were made for the coming year for athletic managers.

Lists of possible candidates for the managerships were handed to Coach Borleske, who drew up a list of the men that he thought were most eligible to hold the position and then handed it to the Student Commission who in turn took a separate ballot on each managership. The managers' work in the four sports, football, basketball, baseball, and track, is to schedule games and do most of the office work with reference to that brand of sport. The intra-mural manager is to take care of all inter-class athletics such as schedule games between the classes and decide who is eligible in each class. The appointments that were made are:

Percy Flem, Football.
Wayne Underwood, Basketball.
Floyd Borderud, Baseball.
Jonson oach, Track.
William Gass, Intra-mural.

Plans were drawn up for the petitioning for an assistant coach, due to numerous inquiries why there has been no action taken on this matter, by the students. The plans are in a crude outline as yet, but the main substance is that numerous reasons will be drawn up and posted in the most conspicuous places on the campus, why we should have an assistant coach, and then each member of the commission will circulate a petition thru the student body. From the numerous arguments as to why we need an assistant coach it seems that the most conspicuous of these is: due to inability of making attractive offers to high school athletes there are few that make the A. C. their seat of learning and due to this reason, the athletic department is required to develop its material instead of having it all made when it gets here.

The way that we are training our athletes means that a man that never seen a football, basketball, or baseball can come here to school and compete with those that have in other schools, because the coach will give him his undivided attention. With one coach it is impossible for him to give the first team as much attention as is needed to make a CHAMPIONSHIP team, due to his inability of being in more than one place at a time. These petitions will be circulated within the next two weeks and when a member of the commission comes around for your "John Henry" be prepared to sign or not sign as your mind dictates. We want to get every name on the campus on one of these petitions as it means a greater athletic Agricultural College.

See Oscar, the barber, rear College Grocery.

Preps Are To Have Strongest Team in Years

MANY HIGH SCHOOL ATHLETES TRYING OUT

RATHJE CHOSEN PILOT

The best team in the history of the Agricultural and Manual Training High School, is the pre-season prediction of "Prep" basketball. With two letter men and a host of high school letter men the prospects for the year are the brightest in many seasons.

Philip Fitzgerald and E. Rathje are the two letter men that returned, and all those that have seen these lads in action will know that as these men as a foundation, a strong team can be built up around them. This is the fourth year for Fitzgerald and the third for Rathje, the former being a forward and the latter a center.

At a recent meeting of all high school basketball men, Rathje was elected captain, and Ed. Youcum, business manager. With his experience it is expected that Rathje will make a good captain, and Youcum, who is full of school spirit, will see to it that his team has a full schedule of games.

Among the men that have won laurels in other high schools who are out seeking a name for themselves are: McCall, a two year letter man from Buffalo high school; L. Oliver and B. Oliver, brothers, who have made their letters at Ellendale Normal; and Boerth, a former basketball star from Fargo high. Other men that are seeking berths on the first team are Youcum, Rae, and Eugene Fitzgerald.

The team this year is expected to exceed that of last year by far and the team then was of exceptional merit. They went thru the season with one defeat, by Fargo High, which was one of the first games of the year when the team had not started its later pace. The next sixteen games were all victories, among them some of the strongest high schools in Minnesota and North Dakota, such as Barnesville, University Preps, Fargo, Hi Y's, Fargo Independents, and many others.

Rho's Keep Up Social Reputation

The Alpha Gamma Rho fraternity was the host on Friday of last week at their annual all-college dance, given in the Armory. A program of eighteen dances was played by Kopleman's five-piece orchestra and first class music was furnished from the beginning of the first piece until the strains of Home Sweet Home. The party was well attended and greatly enjoyed by all. The patrons and patronesses of the evening were Mr. and Mrs. Sheppard and Mr. and Mrs. Churchill.

Sidney Sorkness Elected to Lead Class of '21

ELECTIONS BRING SATISFACTORY RESULTS

At the elections held last Tuesday, Sidney Sorkness was elected to lead the Class of '21 through their last year at the A. C., and the Sophomores elected Henry Trepanier as their president. Elmer Darling was elected Commissioner of Elections to fill the place left vacant by Stanley McGogey. Darling is a member of the Alpha Gamma Rho fraternity and a drum major in Doc's band.

Sorkness is a man of action and few words and is well fitted for a position demanding executive ability. He is a member of the Alpha Kappa Phi fraternity and a leading member of the Lyceum of Engineers. Floyd Borderud was elected vice president, Amy Euren secretary, and Ted Thorfinnson, treasurer of the Senior Class. "Bordy" is well known on the football field, and is a member of the Theta Chi fraternity. Amy Euren is a member of the Phi Upsilon Omicron sorority, and is president of the Y. W. C. A. Ted Thorfinnson is a baseball letter man and member of both the Alpha Gamma Rho and Alpha Zeta fraternities.

"Hank" Tripanier is a man with a "gift of speech," and is a leader among the pharmacists and a member of the N. D. P. C. The other officers of the Sophomore class are Percy Eddy, vice president; and Andrew Moore, secretary and treasurer. Eddy is a chemist, and member of the Alpha Kappa Phi fraternity and a track man. Andy Moore is a pharmacist shark, a member of the N. D. P. C. and a member of the Alpha Kappa Phi fraternity.

The Juniors and Freshmen had already held their elections but their ballot was O. K'd by the Student Commission. The Juniors elected L. Severson, a chemist, for their chief. He is a member of the Theta Chi fraternity and a commissioned officer in the military department. The Junior vice president is Phil. Moe, an architect, and a member of the Alpha Kappa Phi fraternity. Their secretary and treasurer is

(Continued on Page 3)

Tentative Aggassiz Staff Completed

The tentative staff of the Agassiz of 1921 has just been completed. The first meeting will be held on Monday, Nov. 22, in the Agassiz Room in the tower of the chemistry building. All designated members of the staff will please be in attendance, as this meeting will be for the purpose of outlining the work of the various departments, confirming appointments, and other necessary business. If you cannot be present or do not wish to act on the staff please inform the editor prior to Monday. The staff:

Editor-in-Chief—Matthew E. Tindall.

Business Manager—E. Vernon Ladd.

Associate Editors—Gerald Andrews, Bernice Noyes.

Assistant Business Manager—Leonard Sivertson.

Photographs and Engravings—Frank Roth.

Art—Edith Challey.

General Staff

Organizations—Edith Hook and Philip Moe.

Faculty—James Ballard, Elmer Darling.

High School and Industrial Courses—Wm. McKinstry, Paul Horn.

Dramatics—Kitty Blake, Harry Hoffman.

Athletics—Lynn Huey.

Military and Music—Clarence Draggart.

Literary Societies—Richard Falkenstein.

Humor—Adele Franz, Ann Jorgenson, Ethel McGuigan.

Amateur Photography—Harriet Ashland, Fred Mares, Wm. Zimmerman.

AGGIES EXPECT BATTLE AT HAMLINE

A CRIPPLED LINE-UP MAKES PROSPECTS FOR THIS GAME GLOOMY

HAMLIN TEAM IS STRONG

Hamline and the North Dakota Agricultural College will clash Saturday morning on the Hamline field at St. Paul in the last gridiron contest of the year for our team, which, although it will not decide the Minnesota-Dakota conference title, will prove to be one of the greatest battles of the year.

The squad will leave sometime Friday with a crippled team, and some of the regulars will be left behind due to injuries. "Sliv" Nemzek, the invincible fullback, who had the ligaments in his shoulder torn in the University game, will be the greatest loss to the team, due to his ability to make yards at will, and his exceptional ability to pass. Kraemer, who took Sliv's place at full-back, is on the injured list with a bad "charley horse" and it is doubtful whether he will be able to enter the game unless under the most adverse conditions. Kraemer is another man that is adept at making yards and is the passer for the team. "Baldie" Mares, left guard, who has been on the sick list with internal injuries received in the University game, will be another regular who will not be able to make the trip. This is the first year of football for Baldie on the first team and, although not a spectacular player, he filled his position to such an extent that his loss will be felt. Bruegger, star end, received injuries in the Fargo College game which will keep him from starting the game, but if Flem or Hilder, who will start the game, are injured, "Ike" will have to go in under a handicap. Captain Huey is still able to practice, but internal injuries will keep him from doing his best in this game.

Altho the Aggies have the edge on Hamline in the standings and in comparative scores, a victory for the Yellow and the Green is not all assured. Hamline has developed a powerful team and is especially strong in the line. Fighting on their own field, Hamline will without doubt present a formidable line-up against the A. C. With two weeks rest since the Fargo College game, Coach Borleske's men are in fair shape and it is expected that they will show the best offensive of the year, due to numerous scrimmages the past week and a constant grind of signal practice. The weather has not handicapped practice due to Borleske's having an Army Engineers' sheep-lined overcoat, which keeps him warm, and a general rush of members of the team to the downtown stores for canvas gloves. In the Fargo College game, the A. C. showed a strong attacking power and ability to advance the ball thru the line and by the air route, and also demonstrate their powers of defense, holding Fargo to only three first downs.

By comparative scores the Aggies have the edge, but this was when the A. C. had its best men in the lineup. The University defeated Hamline by the score of 28 to 6 and we were defeated by the University 14 to 7. Hamline defeated St. Thomas 10 to 6 and we defeated them 20 to 6. This shows that the Aggies are stronger on defense in being able to hold the University to two touchdowns against four for Hamline. The St. Thomas games indicated that the Aggies had a stronger offense than Hamline. Last year Hamline, South Dakota State, and the A. C. were tied for the Minnesota-Dakota conference, but this year as the Minnesota colleges have organized a conference of their own no conference honors outside of the state conference can be claimed by any North Dakota college. The only claim that can be made is that of having defeated the colleges in other states and consequently hold the privilege of claiming the tri-state

A WORD ABOUT DR. LADD'S ELECTION

With the election of President E. F. Ladd to the United States senate we have for the second time lost our president thru politics. President Ladd is being removed from the college by friends to go to a higher post. Our former president, Dr. John H. Worst, was removed by political enemies, however, who did not have in view a higher post for him. These two happenings should wake the students of the college to the fact that we cannot go about the campus and our homes, saying, "Shucks! What's the use of paying any attention to all the political stuff you hear about? It doesn't concern us any way."

It most certainly does concern us. There is no man in the student body, nor woman either, since the ratification of woman's suffrage, who can afford to "keep out of politics." By this statement we do not mean that every person must ally themselves, body and soul, with some political party but rather that each one of us must keep in view each political controversy, decide which side of that particular question is right and back his views with a vote at the polls.

We have started out on a discussion which could be continued from now to the end of the year. It is enough to say that we must take part in politics if we are to be true American citizens and true citizens of our own state or city.

Another result of the election of President Ladd is even more vital to us. By his election the North Dakota Agricultural College has become one of the most widely known schools of today. The eyes of the nation were on North Dakota and the result of the election in this state. Dr. Ladd was being closely watched. His election and his known connection with our college will put the school and its students into the limelight. There is but little doubt that if we were to go into the East now and say that we had come from the North Dakota Agricultural College, people would immediately place that school as the one which Senator Ladd was president of. Just one more point. So many students speak of the "bol-shevist government" of our state and seem to delight in saying that they are ashamed to admit that they are from the state of North Dakota. Are we, who are only students, not only in book learning, but in the school of life, going to say that we are ashamed to admit we are from North Dakota, when our beloved president told us proudly at the meeting in the armory last week that he was proud to represent the common people of North Dakota in the nation's governing body? Think it over, students. Maybe our state isn't such a God-forsaken seat of injustice as you imagine it to be.

DANCING AND DANCES --

From the earliest times that history records, dancing has been a means of expressing emotion. The emotions expressed in dancing are always pleasurable or passionate. Children and young girls dance in glee when they are pleased; and have you ever seen a grown man stamp about in rage? He expresses his angry passion and by physical exertion becomes calm sooner.

It is natural to dance. Also, it is human nature to seek to improve on the spontaneous dancing of children and madmen. Rhythmic music is called into service and the steps and postures of the dancer are done to the beat of the music. One aspect of this dancing is magnificent art; the opposite is unspeakable. Motions and gestures are to some individuals a means of expression as painting, music and sculpture are to others. The dances in which two people participate are necessarily simpler than those done by one person; the steps and music are not so varied.

The dances of today are simply a monotonous repetition of a few simple steps. Why are they so popular? Well, let's go and ask old Mother Nature? She has provided that young animals, and especially girls and boys, should be pleased with each others company, and dancing, as has been pointed out, is a way of expressing pleasure. But Nature is not content with mild enjoyment; one soon becomes surfeited and a stronger stimulus is required to bring pleasant emotions.

So we find congenial company and good music failing to satisfy some individuals. They seek pleasure by dancing in a close embrace, with cheeks together, or with motions not included in proper dancing.

Perhaps there are people who can afford to give themselves up to the emotions aroused by too intimate contact while dancing. Students cannot. Further, students in an institution such as ours, are looked to to sustain and carry forward the culture of civilization; it is traditional. Should we fall then, by exhibiting a lack of self control appropriate to a savage who expresses every degree of primitive passion in his dancing? The lower the state of culture, the more crude and vulgar the dancing, duty it is to stop at once, any improper dancing.

The dances in A. C. Armory are fine. One seldom sees much that is objectionable. Whatever there may be of improper dancing has been due to thoughtlessness on the part of the participants. Any continuance however we may regard as plain ignorance or carelessness on the part of the dancers, coupled with negligence on the part of the chaperones whose duty it is to stop at once any improper dancing.

Our dances are for A. C. students. It is unfair, and should be considered improper, for the boys to bring outside girls to college dances.

Authorities on dancing say that the proper position this season is for the dancers to stand erect, facing each other, right toes pointing between the partner's feet, the gentleman's right hand placed high in the center of the lady's back, the lady's left hand on her partner's shoulder, her right resting in the gentleman's left palm, (Girls, please don't grab a fellow by his thumb.) Faces are never held cheek to cheek, or cheek to fowl as the case may be. Keep the head erect and the eyes looking over the partner's left shoulder. Correct dancing does not include violent serpentine motions and undulations.

Many people are given to blind dancing, which means that they pay no attention whatever to where they go; they continually run into others and always scowl at the ones that they annoy; really, such people should dance outside.

Let us have many dances with plenty of fun, but let us not give the public cause or foundation for unfavorable comment. Reputation is composed of what other people say about us.

MATRIMONIALS

It is a mystery what kind of quarters Geo. Moyou '17 is making out of his newly furnished house waiting for the fair one to occupy it. He is mum as far as this is concerned and will give out no information. It will probably be occupied right soon after Xmas, as before that time he would have to buy Xmas presents for her to send away.

Rathje has gained the reputation of being the most talented dancer on the campus, due to his ability to dance without moving his feet.

It is rumored that the Sophomores put on a battle royal at their last class meeting over what a cotillion was.

Elections are hard things to pull off in this school.

Al and Nettie are still good friends.

Captain Huey has joined the Beta's.

Newton's law of gravitation holds true in the case of Hugh and Delia, both of '20, when it says masses have attractions for one another, because Delia is a visitor at the Phi U. house every other week end and Hugh is a visitor in Hillsboro on the other one.

Ralph and Edith are still inseparable and it is expected that he will soon join the Beta's. He has been a rookie long enough.

Bill and Eleanor are still going together, but it is expected that nothing serious will happen there.

Question No. 1.

Did Sage ever step out with a woman? I am interested.—H. G.

Yes, but being a minister's son, he is bashful.

No. 2.

Do all red headed women have the fiery temper that the color of their hair indicates?—B. J. K.

Having had considerable experience with red-headed women, I would say that it is best to stay away from them unless you are sure of your physical power.

No. 3.

Is Professor Kimball married?—D. G.

No, he is not, but with the salary he is drawing down, it is a shame that some feminine pharmacist does not "vamp" him and save herself the drudgery of working in a drug store.

No. 4.

Where may I write to Esther Woldie, who graduated from here last year?—Mary J.

Wayne Underwood is the most logical source for this information, and he might condescend to let you put in a note with one of his daily letters.

No. 5.

What is a "frat"?—L. T.
 To the best of my knowledge there is no such word, and any one using it is guilty of using poor English.

Don't forget that we have one of the greatest mediums in the state at our beck and call and she will answer any and all questions that may be asked.

The Y. M. C. A. Cabinet has recently received the announcement of the marriage of William Mendenhall to Miss Verna Sweetman, on Oct. 20th. Bill, as he was commonly called, will be remembered by students and faculty as one of the most capable and popular men who ever graduated from this institution. He was active in Y. M. C. A. work, athletics, dramatics, and various other student activities, having played a large part in formulating our present system of student government. The bride is a sister of Ray Sweetman, formerly Y. M. C. A. Secretary at A. C. Mr. and Mrs. Mendenhall will make their home at 274 Burgess Avenue, Indianapolis.

PHI U'S TO GIVE DANCE

Phi Upsilon Omicron will entertain the other sororities of the campus at an informal dance Friday evening, November 19th, in the College Armory. The hours will be from nine to twelve.

MRS. LADD ENTERTAINS

Mrs. E. F. Ladd entertained for the girls on the campus at a tea, given at her home on Thirteenth street, last Wednesday afternoon. Mrs. Ladd is a royal entertainer and it is a great privilege to be her guest.

Get that shave and haircut at Oscar's.

Over The Back Fence

In heading this column we wish to explain it to some of these yellow freshmen whom we think might be unable to "Savy" such a deep thought as the above. As we all know, where the population is of a considerable density, such as is in other states other than North Dakota, they usually put up fences to keep other people's kids away from your yard, also chickens (feathery type), cats, dogs, etc. Now it is conceded by all members of the masculine gender (see I have studied grammar) that women like to talk, especially about people. The fence is a very nice piece of architecture to lean on and consequently two women, sometimes a flock, will congregate on said leaning epistles and will carry on a similar conversation as to these few notes below. It will be entirely permissible for anyone to contribute to this column by placing any good news in the little box at Main and give us all a chance to get the dope. Even men are curious and would like to hear all the dope.

This column will be also used as a question box, if any questions of a nature other than those that are liable to be asked by a Prof. are bothering a student be sure to let us know as we have a few master minds of the institution on this staff who will probably be able to solve it for you. Be sure and do not ask us to solve any Math. problems as we study every night and all day Sundays (sometimes) on such things. We will be glad to answer any questions, rules on cards, comparative strengths of different receipts of home brew, how to tell loaded dice and many others.

Sign in Local Street Car

"This car was disinfected Sept. 31, 1920."

"Thirty days hath Sept., etc." At last we have sufficient evidence that they were not intended for this world.

"And if you believe in the 'League of Nations' vote for Cox," shouted the political orator to his audience of Baltimore colored voters, as reported by a subscriber.

"Say dat ag'in, real slow, please," requested a newly enfranchised amazon.

The speaker complied in the most distinct tones.

"Shucks!" came the disgusted tones of this heckler. "Dat's enuff. I war gwine ter vote fo' Mr. Cox, but I ain't now. I thought what you said wuz, did I believe in 'Nigger Nations.'"—The Outlook.

Full—"What's the matter with that big fish playing guard?"

Back—"Why e-er—just got mixed up with the tackle."—Stanford Chaparral.

Prof. Maunders—"Now we will have a demonstration of the hydraulic press, if we can find some wooden object to put in it."

Ted T. (Sotto voce)—"Use Jud's head."

Myrtle Thompson says that if a girl tells a boy not to do a thing he's sure to go ahead and do it. We're taking her word for it.

She Couldn't Be

"Mamma, is that woman married?" asked little Alice, as she pointed to the statue in the park. "No, my child," said the mother with a smile, "that is the Goddess of Liberty."—Ohio Sun Dial.

The Phi U's house has become popular since they moved into civilization.

MONSTER DEMONSTRATION BY STUDENTS FOR PRES. LADD

(Continued from Page 1)

feeling of grief that the school was to lose its beloved head. The feeling of sorrow at the thought of parting was also displayed by President Ladd who found some difficulty in opening his address of appreciation. Characteristic of his unselfish and unassuming spirit Dr. Ladd disclaimed any credit for himself. He said he looked upon himself as the servant of the common people and owed his election to the awakening of the masses. He gave great credit to Dr. Worst in the fight against graft in this state. He declared the former president of the Agricultural College as the force behind him when the fight was hottest. He further declared that Dr. Worst was removed from his position as head of the college because he was then actively pushing just such a fight as Dr. Ladd has now been victorious in. In concluding his address Dr. Ladd declared he was going into the United States senate without having made a promise to a single person or party and that he went into the governing body of our nation as the servant of the common people.

E. S. Keene, the popular dean of the engineers, gave a short talk at the meeting on behalf of the faculty. He also pointed out the issues of the past 30 years in the state and declared the choice of the voters in electing Dr. Ladd to the senate a great boost for the state of North Dakota.

Hamlet Larsen, president of the student commission, spoke a few words of congratulation and well wishes on behalf of the student body. Dr. Putnam had charge of the meeting and with the Cadet band led in songs between each address. The gathering closed with the singing of the Star Spangled Banner by the assembly.

AGGIES EXPECT BATTLE AT HAMLINE

(Continued from Page 1)

championship. This game will have no bearing on any of the three state championships, but will decide who is to hold the third place, as Hamline and the A. C. have both been eliminated from the first and second places.

The first string men that are in excellent shape and from whom the most is expected are: Rosatti, Munk-eby, Underwood, Latimer, Madsven, for the line; and Sage, Duerner, Borderud, Butte, Dunham, and Roach for the backfield.

SIDNEY SORKNESS ELECTED TO LEAD CLASS OF '21

(Continued from Page 1)

Ethel McGuigan, a Home Ec. and a member of the Y. W. C. A. cabinet.

The Freshmen elected Ralph Irick, an agriculturalist, for their president. He is a graduate of the M. T. and A. H. S. They also elected Margaret Crosby, vice president; Henry O'Grady, secretary; and Glade Latimer, treasurer. Margaret Crosby is a graduate of the M. T. and A. H. S., as is Glade Latimer, who needs no introduction. Henry O'Grady, although starting his first year here, has already proven himself capable of the position as a class officer.

OVER THE BACK FENCE

What Can You Do?

When he's your ideal,
And you're his idol,
And your love is an idyl,
Yet papa says he's idle?

Matthias Thorfinnson, 1917 graduate of the North Dakota Agricultural College, has been visiting here during the past week. Mr. Thorfinnson is in county agent work in Montana.

Benchoo—"Do you know why your neck is like Wayne?"
Gass—"No, why?"
Bill—"Because it is under wood. Wayne also has a neck like himself, so they say."

Vida Colwell spent Armistice Day at her home in Gardner.

Letitia Jones was a guest at the Colwell home near Gardner Saturday.

Ella Radcliffe was a guest at her home in Leonard, N. Dak., for the week end.

Ellen Aageson visited with Viola Larson at her home in Hendrum,

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry — General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery — Architecture — Architectural Engineering — Chemical Engineering.

These courses are available to those who have completed the equivalent of a High School training. Those who have not had such training

The AGRICULTURAL and MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in Agriculture—Mechanic Arts—General Science—Rural Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery. THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics and engineering subjects.

Graduates from Approved High Schools are admitted to Freshman Class, Board and Room \$6.25 to \$7.50 PER WEEK

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS. Winter Term Opens January 5th

Minn., last week end. This visit has somewhat lessened Aagle's interests in Moorhead.

Miss Margaret Foster left the dormitory to room at the Phi U. house.

The common chatter on the campus nowadays is, "Say, how did you come out in that exam?" "O gosh, I didn't know nothing. Did you?" "Nope." "Put her there, old top, we will die together." "How did you work that problem? We never had that in class, did we?" "I wonder how she gets that way, giving us such a quizz when we don't know anything about it." "I think I knocked it cold." "Do they send these mid-term marks home?" "I wish that old prof. was where snow-balls melt rapidly." "How do you make NM&??* in the lab.?" "How do you conjugate a verb?" "We never had that in high school." "Well, it's nine years since I had that stuff." "I'm going to quit school." "I'll bet he couldn't answer those questions himself."

Davis says that the U didn't get started playing in the Aggie game.

"Perhaps Lynn and the Boys can tell him why they didn't."

"Hauser has got the 'drag 'em out and make him shimmy' tactics down to perfection."—Grand Forks Herald.

Herr Hauser failed to demonstrate that he could effect any jazziness on Oct. 30th.

Ernest E. Johnson of the class of '18, at the present time county engineer of Trail county, spent Saturday and Sunday at the Kappi Phi house.

Oscar, the barber, to Freshman—"Do you want a hair cut?"
Freshman—"Naw; cut 'em all while you're at it."

At the Book Store

"Give me ten cents worth of paper, please."

Clerk—"Here it is."

"How much is it?"

Clerk—"Twenty cents, please."

Bill—"How fast does your Ford pick up?"

Jerry—"Oh, on some nights I get a couple in twenty minutes."

ADVERTISERS

IN THE SPECTRUM REPRESENT THE BEST MERCHANTS IN FARGO. THEY WILL HELP YOU IN MAKING YOUR SELECTIONS IN KEEPING WITH GOOD TASTE WITHOUT EXCESSIVE EXPENDITURE.

In Trigonometry

Freshie—"I don't quite understand where you get the 90 degree angle."

(After long attempt to drive it in) Wick—"Ah, Let me show 'em."

One of the Voting Booth Laws is—"18 inches of the voter's leg shall be visible below the screen."

Needless to say it did not inconvenience the newly enfranchised sex.

Freshie (before dinner)—"Where is Ceres Hall?"

Soph—"Yonder, where you see the bread line."

Landlady—"Did you ring?"

Boarder—"I'm sorry to trouble you but may I have a little more hot water? I unfortunately dropped my sponge in the bath and soaked it all up."—London Tit-Bits.

COLLAR**

MARCY
Cluett, Peabody & Co. Inc. Troy N.Y.

**Major Muller In-
spects R. O. T. C.**

R. O. T. C. EXPLAINED

On Friday, Nov. 12th, Major C. H. Muller, officer in charge of R. O. T. C. affairs in the 7th Corps Area, with headquarters at Fort Crook, Neb., made the fall inspection of the college unit here. After spending the day with Major Carrithers going over the work of the cadet corps, he departed for Brookings, S. D., where he will inspect the unit at South Dakota State. Before leaving, Major Muller stated that he was well satisfied with the work being done.

It may be of interest to students of the college to know something of the R. O. T. C.—the work being done and the plans for the future. Under the provisions of a land grant college (such as the N. D. A. C.) a course in military science and tactics must be provided. By a faculty ruling all male students of the college, industrial and short courses must take a certain number of hours of military drill before graduation—six terms for college men and five for the industrial and short course men. The R. O. T. C. in its strictest sense means only those men taking military instruction who are registered in the collegiate courses. By a provision of the War Department it will receive certain financial assistance if the enrollment is one

hundred or more. Since the war the enrollment here at the college has been less than that, due to the fact that many of the men in the Freshman classes were ex-service men and therefore not compelled to take drill. Fortunately, the work of the R. O. T. C. unit this year was satisfactory enough to warrant a recommendation on the part of the inspecting officer that it be continued on its present strength. Heretofore, only the men of the R. O. T. C. were required to wear uniforms. Acting upon the recommendation of Major Carrithers the inspecting officer has approved the demand that all men of the cadet corps be uniformed. This would add much to the appearance of the battalion, and promote a better spirit and interest throughout. If the recommendation is approved by the president it will mean this: All men of the industrial and short courses taking military drill will be required to purchase a uniform upon entering the course; they will receive in turn a commutation from the department of four dollars a month, not to exceed nine months, being allowed to keep their uniform at the end of the time. This, then, would be essentially the same as now applies in the college course, where a man pays thirty-six dollars for his uniform on entering, receiving this amount back at the end of the school year and retaining his uniform besides.

A further recommendation was that a junior R. O. T. C. unit be established here at the A. C. embracing the men of the high school, industrial and short courses. The instruction in this unit would follow closely the basic instruction of the senior unit, and prepare the men for advanced work in the R. O. T. C. when they entered college. Few men here at college realize the financial assistance gained in taking the advanced work, aside from the college credit given. The course calls for five hours a week in return for which the student is given three hours credit and a commutation of fifty-three cents a day. This commutation continues thru the entire year, except for the month spent at summer encampment when the student is given a commutation of one dollar a day along with bed and rations. If you stop to figure it up you will see that this amounts to

better than \$185, quite an item to a man earning his way thru school. The only requirements to gain entrance to the advanced course are two years credit in the R. O. T. C.

SAY, FRESHIES

Say Freshies, the Sophs say we're lazy,
Few, lacking in spirit and pep;
And just between you and me, class-mates,
That same is a mighty poor rep.

We have four years before us, four years full of strife,
Four years full of good times, of gladness and fun.
We can make them the four finest years of our life,
If we stick to each task till it's perfectly done.

Shall we fail—and be licked without trying?
Just because our number is small?
Or shall we by spirit and energy prove
That the size of a class is not all?

The choice is with us; shall we win or be whipped?
Let's be Aggies, and show we've the stuff;
Let's get in "with the gang" and show 'em such pep,
That each Sophomore hollers, "enough!"

THE ROSE PETAL

"Poor little petal," I heard her say;
I looked and there on the floor it lay,
One soft pink leaf, so delicate,
By the dancers' feet untrodden yet.
She stopped and picked it up and said,
"It's the coverlet from some fairy's bed.
I cannot bear to have it hurt,
Trodden and trampled and soiled with dirt."
So between my program leaves she laid it,
And I have it yet lest I forget
The memory of a simple deed,
An act of heart which few would heed,
And a memory too of a lady gay,
As pure as the petal, and then I pray
That life has kept her unblemished and fair
As she kept that soft little petal there.
