

THE WEEKLY SPECTRUM

EDITED AND CONTROLLED BY THE STUDENTS OF THE NORTH DAKOTA AGRICULTURAL COLLEGE.

VOL. XXXIV. NO. 1

NORTH DAKOTA AGRICULTURAL COLLEGE, WEDNESDAY, OCT. 13, 1920.

PRICE 5 CENTS

FRESHMAN BOYS DON GREEN CAPS PEACEABLY

GIRLS REFUSE TO LOWER HAIR AND SHOW PROPER SPIRIT.

The class of '24 has one redeeming feature; that is the women members. On October 4th, a large group of spectators witnessed a pitched battle between the girls of '24 and the girls of '23. This battle proved costly to both sides. At one time the spectators caught a glimpse of two individuals in mortal combat; suddenly they fell headlong on the hard surfaced road. In breathless suspense the crowd watched one girl slowly rise while the other lay prostrate. The crowd seemed to be rendered breathless with fear, but suddenly a hero dashed to the side of the beautiful victim, took her in his arms, placed her in a nearby gymnasium and whirled her to Ceres Hall, that blessed haven of refuge for women. The battle hesitated a few seconds after the mishap, but was renewed with greater intensity. All bystanders remarked on the wonderful display of Parisian hosiery and what women can do when they are riled up. The outcome of the bloody battle of Hairpullen and Scratchin was that the freshmen girls, by right of physical superiority, would not wear their hair in braids.

For days upper classmen have tried in vain to stir up the fighting which might exist in the dark place of some freshman's heart, but to date no such spirit has been found.

The only real excitement of the year was furnished when one little dapper gentleman taking the name of Tommy Rae, who had failed to purchase and wear in a proper place a headpiece of green, was calmly engaged in conversation with a party of fair co-eds when a gang of uncultured upper classmen hove into view, seized the said gentleman, threw him bodily into a highpower-

(Continued on Page 3)

CADET HOPS ARE STARTED

"Oh, boy! I've got the moon by the ear."
"How come?"
"You know that swell little blonde with the angel hair and smiley eyes 'n everything?"
"Who? Jenny Jiggs?"
"The very one. You know, Jake, I've been wanting to meet that came for two long weeks. But luck sure played me tough; couldn't seem to made the grade no how. Seemed as though she was always with that hatchet-faced Junior who nails from her town and seems to think he's got an option on her time since she

(Continued on Page 3)

SQUAD IS BADLY CRIPPLED

Misfortune seems to have arrived at the A. C. and left her marks on the football squad.

The climax came on Wednesday evening when on the first play of the scrimmage, Trumbull was tackled, and in falling he twisted his knee so badly that he will be out of the game for several weeks and possibly for the remainder of the year. Before the evening's work was over another casualty was suffered when Trowbridge, who had just got back in the game from previous injuries, suffered a bad "Charlie horse." These two casualties made a total of eight injured men from the Aggie squad. The other men who are out are Duerner with a broken thumb, Butte and Flem with injured shoulders, Sage with a badly injured arm, and Huey and Rosatti with other minor injuries.

Most of these men are improving rapidly and will be back in the game soon but their loss is being felt keenly at the present time.

The Aggies have the heaviest part of their schedule ahead of them and every man will be needed.

A. J. Elliott Coming to A. C. College

Long-promised College Leader to be here Oct. 20, 21 and 22.

During almost the entire school year of 1919-1920 a persistent effort was made to bring A. J. (Da3) Elliott, the noted college leader and former football star, to the campus of Agricultural College for a series of meetings. He was promised for the Dedication Exercises of the new Young Men's Christian Association building last December, but due to the severe illness of Mrs. Elliott at that time he was unable to come.

Mr. Elliott's schedule of meetings for the three days will be as follows:

(Continued on Page 2)

FIRST RALLY WAS SUCCESS

Two Hundred Students Attend the First Rally

"We've got a team and it's a real team; we've got a coach and he's a real coach," declared Doc Putnam in his send-off speech to our first mass meeting, the day before the Jamestown game. The bunch took it to heart too for they made it one of the "peppiest" first mass meetings in history. Doc said so and he ought to know.

The band started things with its spirited beginning and Tony, Ham and Vernon kept things going with "The Yellow and the Green," the good old "Team Song," "Mississippi," "Da-ko-ta," and "Zilica." Tony Flamer has been appointed Official, Grand High Noise Investigator X. Y. Z. by the Student Commission and has thus far shown lots of pep and good leadership. Tony has been at the college and the A. & M. T. H. S. for several years and is well acquainted with the college traditions. He is ably supported by Vernon Ladd and together they led us that first time in giving "Da-ko-ta" the best it has ever been given for the first time in the year, Doc says. Ham didn't claim to be a yell leader but as Master of Ceremonies he kept things going.

No one could say this time that the Freshmen outnumbered the upper classmen which is often the case. This speaks well for the upper classmen but is a very bad showing for Freshmen. Good Freshmen don't wait for school spirit to be paddled in. Every one out next time for the mass meetings and games and keep your eyes on Tony.

McLain Johnson, star center, and manager of the University Beef Trust, was also injured in scrimmage to such an extent that it is doubtful as to whether or not he will be able to stand the gaff this year. Johnson was on the sidelines all last year due to injuries and is another man that we hope is in condition as "the bigger they are the harder they fall," Shakespeare.

(Continued on Page 2)

AGGIES TIE JAMESTOWN

DUE TO LACK OF CONDITION JAMESTOWN HOLDS AGGIES

The Jamestown College football team fought a 7 to 7 tie game with the Aggies Saturday afternoon on the Dacotah Field in one of the most exciting football finishes ever seen in Fargo for years.

With neither side having been able to score for three quarters, each team spurted forth into a sensational rally and scored a touchdown and goal kick apiece, the final touchdown coming within the last 10 seconds of play.

The Aggies scored first in the thrilling finish when its tackle and end, Huey and Underwood, blocked a punt on their opponents' thirteen yard line, the ball rolling back to the one yard line where on the next play Alex Nemzek carried it over for a touchdown thru right center.

With defeat staring them in the face at the eleventh hour, the greater surprise came to the Jamestown team and supporters. With the ball in the Aggies possession and with only 10 seconds left to play, H. Currie, Jamestown tackle, broke thru the Aggie line, knocking the ball from a runner's arms, and scooping it on the run sprinted 60 yards for the second touchdown. McLeod kicked goal and tied the score.

Bruegger kicked off for the A. C. and after two tries through the line Jamestown punted. Duerner ran it back to the center of the field and then made eight yards around end. Nemzek hit the line for eight more. A. C. penalized for off-side. Jamestown punted and the ball saw-sawed back and forth the length of the field, Jamestown having the better of the argument.

The second and third period of the game were merely a repetition of the first. The Aggies would run the ball down the field and then lose it on a fumble or downs.

In the fourth quarter the Aggies began to show signs of teamwork and several times they were within striking distance of the visitors' goal line. Jamestown tried for a field goal but failed. Then starting on their twenty yard line the Aggies ran the ball up the field but were forced to punt. Jamestown immediately tried to return the punt but the line failed to withstand the A. C. rush and the punt was blocked. The ball was recovered by the Aggies on the visitors' four yard line and a goal was the result. Bruegger kicked the goal. Two minutes of time was left when the Jamestown team kicked off and the Aggies were working desperately for a second score, when Nemzek fumbled on a line plunge and lost the ball.

The line-ups:—

A.	Jamestown
Bruegger	l.e. B. McLeod

AGGIE SCHEDULE

October 16—St. Thomas. St. Paul.
October 23—South Dakota State Brookings.
OCTOBER 30 — UNIVERSITY. HERE.
November 6—Fargo College. Stadium.
November 11—Open.
November 20—Hamline. Minneapolis.

This is one of the hardest schedules that the Aggies have had to buck up against for some time. If we come up on the large end of the score we can safely claim the football championship of the Dakotas and Minnesota. So let's get behind the team and show them we appreciate their efforts.

Mares	l.t.	Currie
Monkeby	l.g.	Moore
Latimer	c.	Hafey
Rosatti	r.g.	Bryant
Huey	r.t.	H. Thomas
Underwood	r.e.	Badger
Duerner	q.b.	F. Rathman
Dunham	l.h.b.	R. McLeod
Borderud	r.h.b.	O. Rathman
Nemzek	f.b.	J. Thomas

Officials: Tierney, referee; Ira Slingsby, umpire.

200 Students Hear First Convocation Address on Monday

Nearly 200 students attended the first convocation held in the Armory Monday forenoon and took part in the enthusiastic rally conducted by Dr. Putnam preceding the regular session. Prof. Minard of the English department presided at the exercises and led in the prayer which opened the first convocation of the school year. Dr. Putnam plays a coronet solo.

In the absence of President E. F. Ladd, who is a member of the Committee of 17, appointed by the federal authorities to discuss a remedy for the inefficient food distribution, Dean E. S. Keene of the Engineering department, delivered the address of welcome and advice to Freshmen.

One of Dean Keene's first statements was to advise the incoming "Frosh" not to protest against the wearing of the traditional green caps. According to his declaration he knew where numerous well-made paddles are anxiously waiting to connect with some touchy part of the green students' anatomy.

In his talk he compared the rousing convocation service held at the College now with the solemn religious ritual which the convocation was at the time he attended college. The contrast was not unfavorable to the present day spirit of the session, he said.

For the benefit of the new boys coming to school Dean Keene warned them of his especial dislike of the order of "Bull Durham." He characterized smoking as the worst and most lasting of the three evils—cigarettes, cooties and the flu—which resulted from and during the war.

"Every male student of the college wishes to be known as a gentleman and every girl wishes to be known as a lady," was another statement by the popular Dean of the Engineers, in emphasizing the importance of cultivating a keen sense of college courtesy. Indulging in familiar terms of address by the new students when speaking to their instructors is not courtesy he said.

He spoke of the armory as the big utility building of the campus. Memories of this building will, perhaps, be more lasting than those of any other campus structure, he said. It is here that the basket ball games are played, the football signals practiced during bad weather, baseball candidates given their first spring workouts, and all social times, including convocation and athletic rallies held.

Dean Keene emphasized the necessity of every student becoming thoroughly familiar with the campus. He advised every new student, and all older students who do not know the college, to become acquainted with every building and the work done in each.

SQUAD LOOKS BEST IN YEARS

TEN LETTER MEN AND HIGH SCHOOL STARS MAKE PROSPECTS ROSY.

The football prospects of the North Dakota State College are better this year than they have been for many years.

Last year we took the state championship by defeating the U. N. D. by a 7-6 score. This was Coach Borlesk's first year here and showed the kind of a Coach we had secured. Nearly every man returned this year and with the wealth of new material that was attracted to the college we should clean up again this year. Of course we lost two of our best men when "Happy" Peterson and "Curly" Movold graduated last spring and it will be a difficult job to fill their places.

The following men are out for football. Although all of them cannot play on the Varsity, they are doing their best and many of them will be given a chance to show what they can do before the season is over.

Captain Huey is playing his third year of football for the old State college. He played one year before the war and after serving overseas, he returned. After playing last year he was elected to lead the defenders of the "Yellow and the Green" this year's campaign.

Latimer comes from a Denver, Colo. high school. He made his first appearance last year at center and made good to such an extent that he was picked as the All-State center.

Rosatti, sophomore, is another of the big men. Playing his second year of college football, Rosie's equal cannot be found in the State. He rips 'em up and eats 'em alive. Monkeby, silent but effective, is another link in the chain. He is worth a million dollars in his one little position.

"Baldy" Mares is helping the team by holding down the position so long held by "Happy" Peterson. Although he has tried before, he has never had a "regular job until this year.

At the wings we find "Gundy" and Bruegger. "Gundy" is playing his fourth year and his graduation will be a big loss to the old A. C. Bruegger is the all-state high school man from Williston that Davis was so sure he had. However Bruegger picks his own school.

As for quarter, you all know Duerner. He made the run that beat the "U" last year and he is going even better this year.

At halves we have one old man and one new man. Borderud at right half is working hard as usual and

THE WEEKLY SPECTRUM

A WEEKLY COLLEGE NEWSPAPER. PUBLISHED BY THE STUDENTS OF THE NORTH DAKOTA AGRICULTURAL COLLEGE, FARGO, N. D.

EDITORIAL STAFF

M. R. LATIMER ----- EDITOR-IN-CHIEF
A. E. FLAMER ----- BUSINESS MANAGER
ARTHUR OSTMAN ----- ASSOCIATE EDITOR
MAGDALEN SIGURDSON ----- ASSOCIATE EDITOR
WINFIELD TARBELL ----- ATHLETICS
ELEANOR TROWBRIDGE ----- SOCIETY
MATTHEW TINDALL ----- MILITARY
HUBERT WOLFE ----- DRAMATICS

Due to lack of information and the unsettled state of affairs the remainder of the staff has been left out of this issue, but will be placed in their respective places in the issue of October 19.

SUBSCRIPTION RATES—One Year, \$1.50; Single Copies, 5 cents.

ADVERTISING RATES on application.

Address all communications to Business Manager, THE SPECTRUM, Agricultural College, North Dakota.

Entered as second class matter at the postoffice, Agricultural College, North Dakota.

HOPES!

The Freshman boys of the last few years have not donned the green without a struggle. Previously upper classmen have had a man's sized job in compelling Freshmen to wear the green. The class of 1924 put on the green without a whimper. They literally put their tail between their legs and obeyed like well trained dogs. Some authorities believe that this class is perhaps a group of degenerates and are far below the high type of manhood which heretofore has battered at the doors of the A. C. for recognition. If this theory is true we sincerely hope that before the end of the school year the invigorating mental and physical environment of our good old school will have made them into a sturdy type of manhood.

GREETINGS FROM THE EDITORIAL STAFF.

This being the first issue of the year it is customary I suppose to put forth before the school your platform, so to speak. It is my aim and the aim of everybody on the staff to make the paper as full of news that can be gained from each organization. Each Fraternity and Sorority has been notified to furnish a reporter from their house, their duties being to get all the news from their place and see that it gets to the proper source. There is also a Y. M. C. A. and Y. W. C. A. reporter who will get all the religious work of the school into print and before the students. There will be a reporter for military, dramatics, band, literary societies, and all other departments of student activities. Each organization will have their reporter and consequently if there is any news from any organization that does not get into the SPECTRUM it will be due to the negligence of the reporter from that organization and cannot be blamed on the Editorial Staff. The Staff consists of a society editor, whose duty it is to see that all social events are properly brought before the attention of the students and to report all forms of entertainments that are not put on by any one organization. The athletic editor must get all the news relating to athletics such as getting a detailed account of each game, give the students an idea of the way the men are going in practice and give each man that is deserving of praise his due share. There will also be a joke editor who keeps the mighty wheels of his brain working in order to put down in black and white something that will make people laugh. This is the most disgusting and hardest position to fill on the paper, due to the fact that so many people will say, "That guy thinks he is funny, but I can't see it myself." It only takes one year of joke editing to wear the hair off the head due to scratching it in thinking. So people, if the jokes, etc., are not all funny, please remember that a mighty brain has tried to do his best. Ceres Hall reporter is one place very easy to fill because it is always a woman that holds down this very responsible position. This column is supposed to contain all interesting bits of news at Ceres Hall, such as, comings and goings, how many callers in the parlor on Sunday afternoon and evenings, any scandal that might leak out and all such things that a woman delights in letting other people know about. I say that this is an easy position to fill because a woman is naturally curious and will get all the news that is about her as soon as it gets out. All she has to do is to just jot it down and the next Tuesday it is all over the campus.

Now let's all get together and make the Spectrum a paper we will all be proud of and support all school activities.

ONE YEAR AGO

Stanley Borleske arrived on the campus and the prospects for a boomer year in athletics was anticipated.

Mr. T. J. Thompson came to us from Terre Haute, Indiana, to take the Secretaryship of the Y. M. C. A. Mr. Thompson is a wide-awake leader and came to us with a good record, which he has faithfully upheld.

"Happy" Peterson was elected to guide the Aggie football team thru the season.

The Aggies began their climb towards the state conference honors by defeating the Moorhead Normal eleven by the score of 26 to 6. This game was the first to be played between the two teams in the past two years and the Normalites fell an easy prey for us.

The men of the college held their annual "Y" stag at the Y. M. C. A. building and enjoyed the evening with games, eats, and talks by various members of the faculty.

The Theta Chi and Alpha Kappa Phi fraternities held their annual smokers to get acquainted with the incoming freshmen.

Mabel Stewart has accepted a position in the Domestic Science Department of St. Thomas, North Dakota. She says that she is going to practice on younger stomachs before she tackles feeding a full grown male.

A. J. ("DAD") ELLIOTT COMING TO AGRICULTURAL COLLEGE

(Continued from Page 1)

Special Convocations (All classes dismissed)—

Wednesday, 9:00 a. m.

Thursday 10:00 a. m.

Friday, 11:00 a. m.

Evening Meetings—

Wednesday evening, 7:00 p. m.

Thursday evening, 7:00 p. m.

Friday evening, 7:00 p. m.

One of these meetings will be a special meeting for men.

Meeting for Women on the afternoon of one of the three days.

Dinner Meetings—A special dinner each day. Sixty guests will be present at each dinner.

Places of all meetings will be announced by poster.

During his college days "Dad" Elliott made a most remarkable record. He was chosen All-western tackle; was a member of the varsity debating team and varsity rowing team; was elected to Dera, an honorary fraternity for all-round students.

Immediately after graduation he was married, and both he and Mrs. Elliott took up social service work in New York City. Then he entered the College field, and so great is the demand for his time that he can by no means fill all requests. His engagements include Kansas University, Ames College, Illinois University, Texas University, and many other large colleges. It is only through a special effort that he has been induced to come to the A. C.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry — General Science — Biology — Home Economics — Education—Veterinary Medicine and Surgery—Architecture — Architectural Engineering — Chemical Engineering.

These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training

The AGRICULTURAL and MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in Agriculture—Mechanic Arts—General Science—Rural Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery. THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics and engineering subjects.

Graduates from Approved High Schools are admitted to Freshman Class, Board and Room

\$6.25 to \$7.50 PER WEEK

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS.

Winter Term Opens January 5th

SQUAD LOOKS BEST IN YEARS

(Continued from Page 1)

is producing the goods. Dunnam at left half is new at the college style of the game but he is learning fast. He came to us from Fargo High and was the best they had last year.

Alec Nemzek, "Sliv" for short, is back at fullback. He played for the A. C. several years ago. He hits the line like a steam roller and the result is practically the same.

Sage needs no introduction to the older students as he played base ball last spring. He is going to work to keep his place on the varsity.

Butte and Trowbridge are the first to go on the casualty list. They will be back in uniform later in the season.

Roche is another of the men who came back to the A. C. this year. He played last year and is going as good this year.

"Ham" Larsen, a Senior, is trying out for football for the first time. He is learning fast and indications point to a regular place on the Varsity before the season is over.

Flem is another casualty. He was making good when injuries to his shoulder forced him out for the time being.

Berrigan is another Moorhead product. He is another of the numerous line men who are making the regulars step to hold their places.

The Hildre brothers are out and should stand good chances of making the first string.

Bridgeford, a Larimore man, is making "Gorilla" Latimer go at center.

With these old men and with the new men to fill in with Coach Borleske is promising a real team to put against the "U."

NOTICE

Every organization on the campus has promised us that they will appoint a reporter to take care of all news that has been made in that organization. It is then up to that organization to see that all news is turned into the box in the Main Building or to the Editors. In the past, one or two people have been trying to gather all the news from the whole campus and consequently a great deal has been left out, slighting some organizations who feel that they have not been treated squarely. In the above manner the Editors think that by putting the responsibility of the news getting into The Spectrum onto each organization that all the news will be obtained from the school and no kicks can be registered.

ORCHESTRA IS STARTED

Dr. Putnam reported a shortage of string instruments at the first meeting and practice of the N. D. A. C. orchestra on Wednesday. The organization has plenty of "wind", the leader says, but string instruments, including violins, cello, viola, bass viol, are conspicuous by their absence.

FRESHMEN AND SOPHOMORES HOLD JOINT MEETING

The Freshmen and Sophomores held a joint meeting last Friday, and decided that the Freshmen should wear their green caps not because the upper classmen so decreed, but rather that it was the usual custom of the incoming class to do so. It was also decided to re-establish the old custom of the Freshman and Sophomore sack rush. It has been the previous custom here that these two classes, equal numbers on each side, have this scrap to instill class spirit in the class. The result of the sack rush will not have any bearing as to the wearing of the green "lids."

The Freshmen voted to assess each member of the class fifty cents to help defray the hospital expense of Miss Edith Jonson, a freshman girl, who is now in the hospital, suffering from a badly broken ankle, the result of the class fight Monday morning. It is expected that the Sophomores will take similar action when William Gass, last year's Freshman class president, returns.

ed car and drove northward at a terrific speed.

The car containing our lowly frosh held a due course north until a certain little red schoolhouse was reached. Our little man was then separated from his shoes and appear before a school "marm" and a room full of delighted children in his stocking feet. At the suggestion of one of the upper classmen the youngster proceeded to give the education seekers various bits of useful advice about college life. After the address our hero was paddled so as not to allow him to forget the dignity of the occasion. Proceeding westward into the wilds of North Dakota our freshman was again paddled, and was given the time honored privilege of walking home if he cared to.

A corp of Burns' detectives have been employed by the authorities to ferret out the cause of numerous mysterious kidnappings that have occurred about the campus and down town. Freshman students of the A. C., while quietly walking about the school have been picked up by passing automobiles and whisked out into sparsely populated rural districts.

On another occasion the newly elected secretary of the freshman class, O'Grady by name, was given a bath in the duck pond. It was thought by certain upper classmen that the cleansing properties of water would wash out the yellow. Needless to say the experiment failed.

Thomas Rae, our meek and inoffending friend, seemed to have been born under an unlucky star, for the second time, the cruel upper classmen took vengeance on this classic youth. Stripped of all his clothing except for an old pair of overalls he was given a thoro ducking in the old pond. In order to keep him

**THETA CHI'S START SOCIAL
FESTIVITIES**

Monday evening, October 5, witnessed the evening that marked the opening of the year's social season for Theta Chi. A large representation of the freshman class was present at the smoker, which was given at the chapter house of the fraternity. The major part of the evening was spent playing cards and singing; the vocal efforts being ably aided and abetted by the Ballard-Andrews, saxophone shark. Several pianists occupied the bench during the earlier part of the evening until the music master of the class of '24 came forth from the rank of the guests and put the music of his predecessors in a class with the Fargo street car brand of symphony. In the middle of the evening the fire-place caught the spirit of the evening and started a rival smoke, but was shortly conquered with the aid of a gas mask and one skilled in the wiles and ways of drafts.

In the latter part of the evening a lunch was served to change the run of cards and cheer those whose scores were weak.

A few talks on the fraternity outlook of a new man in college, given by some of the members, active and alumni, were given at the close of the evening, followed by the traditional closing songs of the organization.

PHI U'S BUSY GETTING SETTLED

The first week finds the Phi U's laboring to get settled in their new home across from the campus. All of their surplus pep and energy acquired during the vacation is being used to shift furniture from first floor to third floor, kalsomine, and renovate wood-work. Some of the minor tasks such as building coal bins and all heavy work have been left to those of a nearby fraternity house who have been so foolish as to give their pins away and now have to get the premature training of getting a house into shape.

The same old bunch is back again except those who graduated last year. These include: Esther Woldy, who is teaching at Lind, Wash.; Delia Askegaard, who teaches at Hillsboro; Margaret Chandler, at Glyndon, Minn.; Mae Stewart at Cas-selton, N. D.; Ruth Fisher at Petersburg, N. D.; and Mayre Healy at Lidgerwood, N. D.

Those who are back at the house are: Nettie Thompson, Mildred Jenkins, Leila Maxwell, Lillian Miesen, Charlotte Mikkelson, Lucile Moritz, Margaret Larson, Agnes Sorenson and Alice Woldy.

From catching cold he was ordered to run ahead of an automobile thru the campus as an example to the frosh that as long as they had decided to uphold the college tradition without a fight they would have to live up to it in every phase.

It is rumored that the freshmen have enticed the vocational men to wear the green caps and support them. Again we are reminded of the lines: "Fools rush in where angels fear to tread."

ALPHA KAPPA PHI SMOKES

That spell of homesickness which surrounds the average Freshman during his first few weeks of college was dissolved for those who attended the Fourth Annual Smoker for the men of the Freshmen class given by the members of the Alpha Kappa Phi fraternity at their home, 1131 Fourteenth street north, on Thursday evening.

The big attraction, not only to the guests but also to the neighbors, was the nine-piece Alpha Kappa Phi band, which rendered selections throughout the evening. An informal program was put on by the members of the fraternity for the amusement of the 75 Freshmen who were in attendance. Johnston Roach, C. L. Draggert and Herbert Zimmerman became the cynosure for all eyes when they staged a pie eating contest. Envious glances from the assemblage were directed at them until the contestants unanimously made a rush for the water pitcher, discovering that a quantity of pepper had been added to the pies as a conservation measure.

With a line of oriental chatter that would make a camel driver turn sick with envy, Percy Eddy mystified the audience with a variation of the old shell and pea game. All money was refunded, however. C. L. Draggert rendered several selections on his violin, which were enthusiastically received, and M. R. Latimer rendered a vocal solo in Spanish which brought down the house, attracting several heavy pieces of furniture in his direction. Kid Roach and Spike Zimmerman put on a 15-minute encounter, showing how foolish two men can appear when they are blindfolded. Talks were given by two alumni members of the fraternity, Warren Dodds and Arthur Schollander. Light refreshments were served late in the evening, and after singing a number of songs, the Freshmen departed, under each little green cap the idea taking shape that the A. C. isn't such a bad place after all.

CADET HOPS ARE STARTED
(Continued from Page 1)

floated in here, or else she was always in a flock so I couldn't horn in. But yesterday my ship came in. They had a dance over at the armory, cadet hop they called it, and I drifted over to gratify my curiosity. Well, Jake, along with a lot of other green ones I was standing on the edge looking in when a guy makes the announcements that all introductions are off and we could consider ourselves acquainted. Then you should have seen me get busy. I made a bee-line for Jenny and asked her for the next dance and she says right in front of old hate-net-face as pretty as you please: 'With pleasure.' Well, I had five dances with Sweetie and made a date with her for the Orpheum tomorrow night on top of it. Believe me, Jake, if you want to get acquainted just drop around to the next hop, its formality stuff just simply doesn't exist there, that's all, everybody treats you as if they had known you for years.

"Just like old times," was the general remark on Thursday afternoon when those popular informal gatherings, the Cadet Hops, made their season's debut once more. A three-piece orchestra led by Allen Bagrud dispensed music that has not been equalled at any of the hops in past seasons; and the announcement that all should feel themselves acquainted, speedily made the gathering what it was intended to be—a real get-together affair. The cadet hops will continue to be given each week in the armory on Friday afternoon at 4:30, except when conflicting with other events on the college calendar, in which case they will be given earlier in the week. Watch the bulletin board for the date, and don't forget to come to the best and

Prof. Nelson offers a cure to homesick "sodbusters" in the form of bacteria that he has penned up in test tubes in his Lab. These bacteria are little bitty bugs that give the smell to the newly plowed land. He offers free of charge any amount of smells to any person, male or female.

SOCIETY

BETA'S ENTERTAIN

The Delta Phi Beta sorority entertained the new girls of the college at an informal tea, Thursday afternoon, October 7th, at the home of Mrs. O. Pearson, 1125 College St. Mrs. Arvold and Miss Dinan presided at the tea table. Autumn flowers were used for table decorations and throughout the rooms.

Y. W. C. A. TO HOLD MEETING

The Y. W. C. A. meeting will be held at Ceres Hall Gymnasium next Wednesday at 7 o'clock. All girls of the institution are urged to be present and are most heartily welcome. A good program will be rendered.

On Friday afternoon the members of Phi Upsilon Omicron were hostesses at a tea given in honor of Miss Bales, who is Dean of the Home Economics Department and an honorary member in Phi U.

Autumn flowers were used in decorating the rooms. Tea, sandwiches and wafers were served during the hours from four to six to about sixty guests. Mrs. Stanley E. Borleske and Miss Dorothea Nevrason poured.

In the receiving line were Miss Lucille Moritz, President of Phi U.; Miss Pauline Blake, Miss Adah Lewis, honorary members in Phi U.; and Miss Amy Euren. Victrola music added to the charm of the afternoon program.

Dr. and Mrs. E. F. Ladd, 1104 Thirteenth street north, entertained last evening from 8 to 11 o'clock at the annual reception given by the president of the Agricultural College for members of the faculty. Following the reception at the Ladd home, informal dancing was enjoyed in the college armory. Miss Simmons poured for the first hour and Mrs. I. W. Smith and Mrs. Talmer for the second. A group of college girls who assisted Mrs. Ladd during the evening included Misses Nettie Thompson, Eleanor Trowbridge, Ellen Caldwell, Lillian Leeb, Clara Pearson, Irene Jennings and Evelyn McDermott. Decorations were carried out in yellow and the college flower, the yellow Arysanthemum, being prominently used.

Miss Mae Belle Stewart, one of the Alumnae members of Phi Upsilon Omicron, was a week-end guest at the chapter house on Twelfth avenue. Miss Stewart is instructor of Domestic Science in the Casselton schools.

Dr. and Mrs. E. F. Ladd, 1104 Thirteenth street north, will entertain next Friday evening, October 15 at the annual reception given by the president for students of the college. Following the reception at the Ladd home, informal dancing will be enjoyed in the college armory from 9 until 12. It has been arranged that the classes will be received at the Ladd home in the following order:
8 to 8:30—Freshmen and the Orchestra.
8:30 to 9:00—Sophomores and the Pharmacy students.
9 to 9:30—Juniors and the Special students.
9:30 to 10—Seniors and the Post-graduate students.

Miss Delia Askegaard who is teaching at Hillsboro was a guest at the Phi U. house last week-end.

The Freshmen girls of the College were guests at the Phi Upsilon Omicron house on Friday evening, October 8th. Receiving hours were from seven to nine p. m., and punch and wafers were served.

Y. W. PUTS ON SPLENDID PROGRAM

The Y. W. C. A. girls entertained all the new girls and the faculty women the evening of Oct. 2 at an informal party in the gymnasium. They were especially glad to see all the Freshmen girls come for they brought all the "pep" and enthusiasm they were capable of handling which added greatly to making it an extremely successful party. A short program of a pantomime, a shadow play, etc., was attractively presented which added much to the merriment of the evening. Light refreshments were served.

Y. W. HAS SECRETARY THIS YEAR

The Aggie Y. W. C. A. girls are the most fortunate of all girls in being able to secure a young lady like Miss Anna Forsberg as general secretary for their organization. She is a girl with a charming personality and admirable character as well as possessing all the qualities which are necessary in holding a position of this kind. She always has a smile and a word of welcome to each and every girl whenever and wherever she may come in contact with them.

We know that this organization will be greatly strengthened through her splendid, untiring attitude towards the work. Miss Forsberg has traveled thru the south quite extensively in carrying on Y. W. work, making her headquarters at Bloomington, Alabama. She spent the past year in New York at the National headquarters. The Y. W. has secured a secretary with whom every girl on the campus may cooperate in order to complete the work set before them.

Let us all join Miss Forsberg in making this a most successful year and the one in which all college girls can do something really big and worth while.

REGISTRATION HAS PASSED PREVIOUS RECORDS

FRESHMAN CLASS REPORTS 195
At the end of the second week registration at the State College had risen to 488 which at present is a better showing than that of a year ago. Registration has been unusually late this year, due no doubt to the late season, which kept many in the harvest field a week later than usual. Last year the highest registration was reached in the sixth week, rising gradually from 462 the first week to 744. Altho registration the first week this year was lower than the first week last year it is increasing more rapidly. The number registered in the different departments have not yet been calculated but Miss Carey reports that the new courses, that of Extension Methods under Professor Reynolds, and Meat Cutting and Research Methods under Doctor Trowbridge have not as yet been registered in by anyone. Registration for the Industrial courses, namely, drafting and building, farm husbandry, home making, and power machinery, will take place on Oct. 18. The fall term will end with the final examinations on Dec. 20, 21, and 22. After the holidays, which will last until Jan. 2, the winter term registration will take place.

Miss Edith Jonason, one of the cabinet members has been ill at St. Luke's hospital for the past week. All girls extend their heartfelt sympathy to her during her days of untold suffering. Here's hoping for a speedy recovery.

Edith was all smiles when Mike finally registered.
