

THE WEEKLY SPECTRUM

EDITED AND CONTROLLED BY THE STUDENTS OF THE NORTH DAKOTA AGRICULTURAL COLLEGE.

VOL. XXXIII, NO. 22.

NORTH DAKOTA AGRICULTURAL COLLEGE, TUESDAY, MARCH 29, 1920.

PRICE 5 CENTS

LLOYD HUNTER

Captain-Elect for 1921.

Lefty Hunter, our all-star Aggie forward, was elected captain for the coming year by this year's letter men at a meeting held for that purpose last Friday.

Hunter's phenomenal speed and unerring shooting ability make him an outstanding individual player, while his years of college basket ball make him a team leader and key man in team work, that cannot be beaten. This is the second team that Lefty received the captain's honors from, as he was captain of the St. Thomas basket ball team in 1916, wherein he did such excellent work as to give us every feeling of confidence in his team for the coming year.

Our next year's captain is not only an excellent basket ball man, but also has proven his worth as a football end and his past record and work thus far this year, show him to be a first baseman of unusual merit. Thus Hunter's athletic experience in every line and his length of service, are an asset to our school's athletics for the coming year, upon our possession of which we may well congratulate ourselves.

MISTAKE MADE IN LISTING ORGANIZATION AVERAGES

Due to a mistake in the registrar's office the reports of the organization averages for the fall term, as published in our issue of two weeks ago, were found to be incorrect in several instances. The most notable of these was the case of the Theta Chi average which was some five points short of their correct figure, thus bringing them up to 79.6.

PAUL FJELDE NOTED N. DAK. SCULPTOR SENDS EXHIBIT TO A. C.

Sunday, March 28th marked the opening of the exhibit of sculptures by Paul Fjelde. The exhibit will be open to students and others interested in the work every day during the week, from 3:30 to 5:30 p. m.

Paul Fjelde, who was brought up on a North Dakota farm, is a young sculptor of great promise. After studying at the Valley City Normal School for several years, Mr. Fjelde entered the Minneapolis Art Institute. From there he went to the Chicago Studio of Lorado Taft, where he studied for six years. During vacations he went to the Beaux Arts in New York and Columbia Universities. Mr. Fjelde has established a private studio in New York at the present time.

Among the pieces so generously loaned by Mr. Fjelde is his bronze medal, designed and executed by him for the village of Glencoe.

Two portraits in relief are especially interesting, one of the late Dr. H. O. Fjelde and the other of Miss Olive Vea of Stroughton, Wisconsin. The original portrait of Dr. Fjelde is in Sakewood Cemetery, Minneapolis. Mr. Hollis, a friend of the sculptor's, has loaned two pieces of his early work, a study for his Lincoln and a relief of the head of a young girl.

The statues in the round are splendid studies and include a portrait of an old man, a fighter, a nymph, a decorative head and a figure representing courage. The pedestals for these statues were made by a group of A. C. high school boys under the direction of Mr. Brown of the Manual Training Department. These will be kept permanently in the art room for use on such occasions. The green curtains loaned by Professor Arvold, made a very effective background for the exhibit.

An architectural exhibit, showing

the development of American architecture is also shown. Every type of architecture, with the various foreign influences illustrated, are shown.

This exhibit should be seen by every student, as it is a very unusual opportunity to become familiar with present day sculpturing and architecture.

ANNUAL EASTER CONCERT AT A. C.

The annual Easter concert, given each year, under the auspices of the Christian Association, is planned to be even a bigger affair than those which have marked the past years. It will be held in the Y auditorium, at three o'clock, on Easter Sunday afternoon. Every number on the program promises to be excellent. All members of the faculty and student body, as well as the people of Fargo, are most cordially invited to be present.

The program will comprise the following numbers:

The Young Men's Christian Association Quartette and Octette.

A Vocal Solo by Mrs. H. E. Moore of The State College.

A Piano Duet by Harold Logan and Miss Helen Loomis.

Reading of the last act of the play "Mary Magdalene," by Mrs. Jessie Jepson Remington.

Tenor Solo by Andrew Moore.

Instrumental Duet by Dr. and Ray Putnum.

MILITARY BALL OUT-STANDING EVENT OF YEAR

Unusual Decorating Scheme Causes Much Comment.

The Fifth Annual Military Ball of the North Dakota Agricultural College Cadets is now a matter of history, but it will long be remembered by faculty and students of the college and many of the people of Fargo as the finest event in the realm of social affairs ever seen at the college. In the words of Doc. Putnam: "Never have I seen the armory more beautifully decorated," and Doc. has seldom missed the social events of the A. C. in the past seventeen years. The decorative scheme was indeed the feature of the evening, being a combination of elements of rare beauty and engineering skill as well. From the center of the spacious armory ceiling was suspended a giant dome of light latticework richly covered with multi-colored

(Continued on Page 3)

ROY REIS THIS YEAR'S CAPTAIN

Roy Reis, the man who has proven his worth as a captain and a never-beaten Aggie during the past season, by holding his place as one of the fastest, hardest fighting men on the team in spite of his being confined to a sick bed for several weeks in the middle of the season with an almost fatal attack of the influenza. That his ability as a team leader is of the highest merit, was shown by the excellent work he did under the handicaps placed upon him. Stricken with the flu just as the team was starting to play the hard games of the season, Reis was unable to return to the floor for some four weeks. Immediately upon his recovering sufficiently to get out of bed however, he resumed his basket ball work. He entered the South Dakota State game in a weakened condition that would have prevented a weaker willed man from even being on his feet. From this time on his basket ball work was without flaw and was invaluable to the morale of the team as an example of the true spirit of A. C. athletics. We wish to express the heartiest sentiments of appreciation for the work done by our captain this year, from the students of the State College.

DR. DYE AND PARTY TO ARRIVE

Friday, Saturday and Sunday, April ninth, tenth and eleventh, will mark the visit to the Agricultural College of a very important team of speakers. The principal one of these will be Dr. Rayol J. Dye of California. With him will very likely be Mrs. W. T. Elmore of Lincoln, Nebraska and one other prominent individual, as yet not named.

The calibre of these speakers is unquestionably of the highest order. They are the type of speakers who are being granted special convocations at many of our larger institutions in the middle Western states. At these meetings, not only the entire student bodies of the colleges attend, but also the faculty. Dr. Dye is, in private life, an eminent physician in his state. In his trips to the larger schools he has often spoken in a professional manner before the medical departments. The work of every speaker will be of special interest to college men and women.

The purpose of the team is to present to the students of the State College, a survey of the fields open to them in the various professions—medicine, agriculture, teaching, law, scientific fields, newspaper work, the ministry, etc., both in this country and abroad. Their theory is, that every student should know the whole range of positions and fields open to him, before he or she settles into any particular place.

Local business men and others will likely be on the platform during some parts of the three days.

Set aside these dates and attend as many of these open meetings as you can. There will also be private conferences for those desiring them.

Thirty representatives of the two associations met Saturday and the following committees were appointed as a result of the conference.

Program—Dr. Hunsaker, General Secretaries and the two Presidents.
Entertainment of Speakers—Mrs. C. Miller.

Publicity—Robinson, Boots and Marjorie Miller.

Fraternal Co-operation—Mortenson, Jensen, Chaney and Dr. Pearce.

Sorority Co-operation—Misses McLaughlin and Trowbridge.

Menu for Dinners—Mrs. Smith and Mrs. Christianson.

Sale of Dinner Tickets—Ed. Thorfinnson.

Walters—Hoffman and Jensen.

Kitchen Help—Moore and Reigh-tal.

Music—Mrs. Williams and Dick Falkenstein.

Sunday Morning Church Parties and Co-operation—D. Stewart and H. Larson.

Auditorium—Berg.

Reception at Trains and Conducting Speakers to Rooms—Barr.

Co-operation with College Authorities—Dr. Pearce.

Other Colleges of Fargo—Amy Euren and Wm. McKinstry.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry — General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery — Architecture — Architectural Engineering — Chemical Engineering.

These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training

The AGRICULTURAL and MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in Agriculture—Mechanic Arts—General Science—Rural Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery. THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics and engineering subjects

Graduates from Approved High Schools are admitted to Freshman Class. Board and Room

EXCHANGES

Queenie: "Have you ever kissed a girl?"

Gerald: "Is that an invitation or are you gathering statistics?"

"Waiter, what kind of pie is this?"

"Jam pie, sir."

"I see no jam."

"The top is jammed against the bottom, sir."—Ex.

"Did you ever hear the gambler's mother sing, 'I Didn't Raise My Boy To Be a Soldier?'"

"How does it go?"

"I Didn't Raise My Boy, He Had the Joker."—Ex.

"Have you ever done any public speaking?"

"Yeh, I once proposed to a girl over a telephone."—Ex.

"How many kings will be left in five years?" asked the socialist.

"Four," answered a man in the crowd, "The Kings of hearts, diamonds, spades and clubs."

"What is an optimist?"

"One who buys something from a Jew and expects to sell it to a Scotchman at a profit."—Ex.

Judge: "What's your name, my man?"

Prisoner: "Joshua, your honor."

Judge: "Are you the man that made the sun stand still?"

Prisoner: "No, I'm the man that made the moonshine still."—Ex.

Impatient man on telephone: "Say, who is the bally idiot at the end of this line?"

A sweet little girl came back: "I give up. Who are you?"—Ex.

SOCIETY

ALPHA GAMMA RHO ANNUAL PRETTY AFFAIR

Epsilon Chapter of Alpha Gamma Rho celebrated the seventh anniversary of their installation Tuesday night, March 23rd, with a dancing party at the K. C. Hall. The hall was prettily decorated with streamers and banners. The lighting effect presented some rather unique handiwork. The center chandelier was lowered and covered with a box which had the emblems, the sickle, sheaf, crescent cut in three sides and

the letters on the other. In the pot- tom a figure representing the pin was cut out. Soft drinks were served at tables set at one end of the hall. The gentlemen as well as a number of the young ladies indulged rather frequently in the "Epsilon Highballs," "Beta Specials," "Iota Fizzes," etc.

A light lunch was served at 11:30 in the dining room which was also prettily decorated. Another hour or so of dancing concluded the evening's frolic, after which all betook themselves to the weary road home- ward.

MILITARY BALL OUTSTANDING EVENT OF YEAR.

(Continued from Page 1)

ribbons of crepe paper and illumina- cadescent lamp. Running out from the periphery of the dome to the four ated at the peak by a powerful in- sides of the hall were colored stream- ers, thus giving to the hall a most beautiful false ceiling effect. The whole represented most naturally a Japanese pagoda. At either extrem- ity of the hall were two pretty little bowers of crepe paper streamers and curtains for the orchestra and "salle manger" respectively. Flanking either side of the orchestra platform were two "pup" tents with full pack equipment laid out in front, while around the edges of the balcony were draped numerous flags thus giving the military finish to the decorative scheme. The cozy lounging corners on both sides of the room richly fur- nished with settees, rocking-chairs, and floor lamps, were very popular thruout the evening. But the most popular place was the miniature cab- aret at the east end of the hall. Here little girls in the uniform of the Red Cross served a delicious three-course luncheon of sandwiches, ice cream, cake and coffee from ten-thirty till the strains of Home Sweet Home were sounded. The little room was most alluring with its subdued lights and prettily decorated tables being strongly patronized thruout the evening.

Informal dancing and arrangement of programs began at 8:30 p. m. At nine-fifteen the students of the col- lege and invited guests from the city had assembled. The bugle then sounded the signal for the Grand March led by Captain F. B. Car- rithers and Mrs. E. F. Ladd which opened the program of formal danc- ing for the evening. The riot of colors in the giant dome overhead was closely contested by the beau- tiful dresses and uniforms of the cir- cling dancers on the floor below. The "gobs" were there in style with their navy blue; the marines in that baffling green so seductive to the feminine eye; and the army in fine, form-fitting O. D. And the old ec- centricities of the service were pres- ent also. If you had been half-way

observant you would have noticed the "gobs" absent-mindedly sticking their handkerchiefs up their sleeve in truly masculine style or after scrutinizing the program to learn whom the next dance was with, de- positing it gently in the bosom of his midly; the marines were noticed to sit down most gingerly with their pedal extremities stuck stiffly out in front to avoid cracking that faultless seam running down the front of their full-length trousers; and the army worked itself into an awful frenzy at times when it discovered that in replacing a program in a breast pocket the buttons were neg- lected. Several field clerks were no- ticed to have difficulty with recalci- tant puttees that were forever try- ing to move around on shapely calves to a more restful location with the medial line running up and down the sides or back; while old resurrected Sam Browns, relics of the terrible battles of the Somme, Argonne, Paris or Bresf came back to help hold in abeyance protruding waistlines, or to give gentle fingers that almost for- gotten resting place so popular dur- ing the days of the Great War. If Mademoiselle Finette, Babette or Rosa could have seen the fair hands that had usurped their once favored place they would have cried in true Latin anger, "aller, toute de suit." But the crowning glory of the even- ing was the indescribable beauty of the gowns of the fairer sex. Only a poet could do them justice.

To add to the harmony of it all we must not forget to mention the ex- cellent music furnished by Mal- chow's eight-piece orchestra. It was of rare quality and well rendered.

No little credit must be given to the N. D. A. C. Cadets for the fine ball which was so well managed and carried out in every detail. The ex- ecutive committee consisted of: M. E. Tindall, chairman; E. O. Fjelstad, decorations; Niel Tierney, refresh- ments; Stuart Kelly, programs and invitations; C. H. Pearson, music; and Hugh Trowbridge, floor.

The patrons and patronesses were: Captain and Mrs. F. B. Carrithers, Dr. and Mrs. E. F. Ladd, Prof. and Mrs. I. W. Smith, Dr. and Mrs. A. F. Schaulk, Dr. and Mrs. T. I. Pierce, Dean and Mrs. E. S. Keene, Prof. and

THEY WANT YOUR SERVICES
 During 1918-19 we received official requests from employers in forty-three states and four foreign countries for six thousand five hundred and thirty-four teachers. These were for all sorts of positions from Kindergarten to State University. If you want a position with the most progressive and best paying em- ployers you must use the same service they use when in need of teach- ers. Experienced and inexperienced teachers needed in all lines of school work. Better write for interesting booklet, "FORWARD OR BACK- WARD," today. No enrollment fee necessary when registering with this Association. We recommend only when asked to do so. This is why the best employers ask for our Pro- fessional services.

INSPIRATION

How often have you and I sat waiting, humbly and patiently, for that fickle goddess Inspiration to bestow some of her bounty upon us? Did it ever strike you, upon looking back over such an occurrence, that this damsel had refused to be wooed and had only succumbed when you became disgusted with her and had proceeded to set forth on your work without her auspices? Miss Inspiration is very similar to her sister Opportunity in this respect, being quite susceptible to brass knuckles or a black jack but as shy and retiring as a barefoot spinster, in the presence of a laggard or waiting warshipper.

If you have some duty to do, go ahead and do it. The method of doing it will come to you as you do the work once you get started. How many auto drivers would get thru the mud puddles if they stopped and waited for them to clear up so they could see how deep they were before venturing into them. Anyhow the best way to measure a mud puddle is when you are in the middle of it and by the same token the best way to estimate the depth of a problem is to get in the middle of it and then see how far you are from both ends. The view is much more satisfactory than when it all stretched in one direction. Besides it is much harder to quit towards the end than at the start and every added incentive to reach the desired goal, no matter how trivial that goal may be, is too important to be lightly passed by.

The tendency to wait till some miracle occurs, which will make one's work easy, is one which grows upon a person and which must be shaken off at all times, if one is to accomplish his undertakings with any constant success. Step in and do the thing up with the intention of finishing the work at the first sitting and doing it right; if you have to starve to death from missing meals before you are thru, you are at least a martyr to your ambition. Far better be it to be a martyr to one's ambition than a sacrifice to one's procrastination.

Don't wait to get ideas on a subject start with words, the ideas follow as a matter of course. Not even the seed of a plant has any plan as to how the final organism will look when mature. Why mark time with your pencil till your fancy has erected the whole structure of the creation and then go forth and decorate it with words which are apt to fall as a house of cards. Build your structure with care on a firm foundation and the resulting production will have a firmness of outline and a lack of flaws in the construction that the other system cannot equal. That does not mean that an outline is not the proper thing to use in the preparation of an article, but is to bring forth the idea that there is no greater weakness than to allow oneself to become a slave to inspiration and the will-o'-the-wisp, vagary fancies of the imagination, being forced to hold back one's work until these tricky aides are ready to guide the pen.

SPECIAL ISSUES OF THE SPECTRUM

During this coming term it has been the custom to publish several special class and organization issues of The Spectrum. We

are ready at any time to receive applications for dates and will assign such dates as are practicable.

The Freshmen have already been assigned the date of April 29 for their issue. We have not received any communication from the co-eds on this subject, but anticipate that they will take action on the matter shortly. A Y. M. C. A. number should be one of the features of this term, as there should be a wealth of material from the work of this organization. An innovation in the way of special issues would be a high school number. This has never been undertaken at the A. C. before, but should be of value to the prep department and would tend, no doubt, to promote a closer relationship and better understanding between the lowerclass men and the more advanced students.

The dates from the second week in May on, are the ones which we prefer to grant.

AGASSIZ WRITE-UPS

Get in your Agassiz personal descriptions and write-ups. These must be in shape and rewritten ready to go to press very shortly now. The Agassiz editor reports that the Senior H. S. class has been the most active in completing its work. The class of 1921—the Juniors have slipped up and a good many of their write-ups are not yet in. Several of the organizations have yet to send in their pictures and accompanying remarks.

Put these things off no longer, it is easier for you to do them now than later and your doing it saves an already over-worked Agassiz Editor a great deal of time and trouble.

ALUMNI

ANDREW ERICKSON VISITS THETA CHI.

Andrew Erickson of the Pharmacy class of '19 spent a few days at the Theta Chi house during the past week, on his way from Minot to Valley City to continue his pharmaceutical activities in that city. Erick has "come to Mecca" quite regularly since his graduation last spring and we only hope he keeps up the old spirit.

HOMER DIXON VISITS THETA CHI HOUSE

Homer Dixon, Ag. '15, visited his fraternity brothers at the Theta Chi House last Friday and Saturday and was present at the Military Ball held last Friday evening. Homer is associated with his brother George in the automobile business, under the firm name of the Dixon Motor Co., located at Grand Forks, N. Dak. They have the Tri-State agency for the Maxwell, Paige, and Reo cars. Homer reports that the automobile business is great.

GIL STAFNE VISITS CAMPUS

Gil Stafne, ex. '15, was a visitor at the Theta Chi House the first part of last week. Gil is now located in a bank at Kensal, N. D., and also tells us that he is one of the distinguished members of the village board of education.

AL SORENSON GUEST AT THE RHO HOUSE

Alfred Sorenson, Ag. '17, visited with his fraternal brothers at the Alpha Gamma Rho house on Thursday and Friday of last week, and was present at the Military Ball last Friday evening. Al is associated with his brother and "Ching" Challey in

the Rhozeta Stock Farm Enterprise at Webster, N. Dak.

MAJOR RALPH CAULKINS RE-CRUISTS A WIFE

A card was recently received by the Theta Chi fraternity from Major Ralph Caulkins of the U. S. Air Service, announcing his marriage to Miss Mary Stowell, in Hawaii, where he is now stationed.

Major Caulkins (Shorty) spent his last year here in '15, playing his fourth year as all-state quarterback on one of the fastest football teams the A. C. has ever boasted of. During the war Major Caulkins was stationed at Kelly Field, Texas. After the armistice was signed he decided to stay with the air service and was stationed in Hawaii.

FLOYD SLINGSBY MARRIES

An announcement was made of the marriage of one of our prominent alumni to Miss Ida Anderson of Gardner, N. Dak., during the past month. Alumnus Slingsby is a resident of Fargo and has been one of the most active of the A. C. graduates during the years following his graduation.

RAYMOND WEIPER LEAVES FOR MINOT

The latter part of last week, Raymond Weiper, a commerce student, left for his home in Minot, N. D. He intends to help his father in his business during the months of the spring and summer, returning next fall in time for the football season and thereafter to take up his duties of manager of the basket ball team for next winter. "Slick" Weiper was one of the Theta Chi pledges and has been very active in school affairs during his few months at school here.

PASSION WEEK SERVICES HELD ON CAMPUS

Each morning during this week, beginning on Monday at 7:50 a. m., and closing at 8:00 o'clock and continuing thru the other days of the week at the same hour, a ten minute service will be held in the Little Country Theatre. Each service will consist of a six-minute talk, after the opening hymn and followed by a closing hymn.

These services will be in commemoration of the last week of Christ before his resurrection. Each day will have its own special significance. The names of the speakers will not be announced in advance.

A. C. Barber Shop, Rear College Grocery.

WHEN THE JOKE'S ON US. (By Strickland W. Gillilan)

We can get a lot of giggles from the cares of other folks,
We can pluck a lot of pleasure from our own delightful jokes;
We can laugh to beat the mischief when the other fellow slips
On a fresh banana peeling, as adown the street he trips;
We can smile a smile of rapture at a fellow-creature's muss,
But it's quite another story when the Joke's on us.

We can scheme and plot to humble some poor chap we think is proud,
We are glad when he's the victim of the cackle of the crowd;
We will play the blooming joker when the other fellow's at
And will gurgle o'er his trouble till we nearly have a fit;
But we're southbound in a minute and prepared to start a fuss

SPORTING NEWS of NORTH DAKOTA

RED WING H. S. WINNER OF MINNESOTA H. S. BASKETBALL CHAMPIONSHIP

The Caletonia: Red Wing High School, coached by Art Rolfe, former Carleton athlete, won the Minnesota state basket ball title by defeating Mankato in the final game of the tournament Friday night, 21 to 10. This is the second time that Red Wing has won the title, winning it the first time in 1915.

The team work of the Red Wing boys showed itself to be superior, and accurate shooting was a big factor in the win. The guarding of both teams was good, the five man defense being used to good advantage. Rolfe's men were better able to advance the ball and break thru the defense of the opponents.

Lidberg, forward, and R. Brown, guard, were the stars of the game. Lidberg's ability to advance the ball and to cover the floor was one of the features of the game. Brown played a great game on the defense. He broke up play after play of the opposing forwards, and showed ability to take the offense. Sieg, at center, played a strong game. K. Brown, who replaced Sieg, furnished a thrill to the crowd, when in the last quarter, he caged three difficult shots. Lloyd and Peterson were the best men for Mankato. Lloyd is very fast, and played a good game.

Summary:—

Red Wing—		Mankato—
Hartupee	F	Lloyd
Lidberg	F	Dartt
Sieg	C	Peterson
R. Brown	G	Zimmerman
Maetzold	G	Jovaag

Subs: Olson for Hartupee; Nordley for Lidberg; K. Brown for Sieg; Jones for Peterson.

Field goals: Lidberg, 2; Sieg, 2; K. Brown, 3; Lloyd, 2; Peterson, 2. Free throws: Lidberg, 7 out of 11; Jovaag, 2 out of 10.

Referee: Lynch, St. Cloud Normal. Umpire: Anderson, St. Olaf.

SOUTH DAKOTA STATE BASKETBALL CHAMPIONSHIP DECIDED

The March 23rd issue of The Industrial Collegian of the South Dakota State College of Agriculture contained a report of a game with the Yankton team which seems to give South Dakota State the right to claim the championship of the state. Their claim as represented by them is very much superior to that of the South Dakota University.

The following paragraphs are

some excerpts from the article as it appeared in the above-mentioned article:

State College closed the basketball season last Friday afternoon by clinching the state championship with a 51 to 10 victory over Yankton College at Huron. This decisive defeat put an end at least to the controversy over the state title.

Two weeks ago State eliminated Dakota Wesleyan from any further claims, giving them a 37 to 11 defeat on their own floor. Yankton and S. D. U. were the remaining contenders for the title and Coach West challenged them to a game on a neutral floor. The University refused to play, but the Greyhounds were ready for battle even tho Stephens, their best forward, was out of the game.

Yankton was completely outclassed. None of the men showed up in stellar quality. Their defense was weak and the offense practically a minus quantity, as they only made three field goals against the State defense.

The line-up:—

State		Yankton
Carey	F	Borough
Funk	F	Bonero
Thune	C	Coffee
Willadson	G	Sullivan
Culhane	G	Youngworth

Subs: Adams for Bonero.

Field goals: Carey 12, Funk 3, Thune 6, Willadson 1, Bonero 1, Coffee 2.

Free throws: Carey 5; Sullivan 4.

Referee: Tapp.

Umpire: Brennan.

NEW MINNESOTA INTER-COLLEGIATE CONFERENCE FORMED

The March 23rd issue of The Manitou Messenger of St. Olaf College contained a report of a meeting of a number of Minnesota institution delegates for the purpose of formulating rules for a new conference.

The following were the results of the caucus as printed in the Messenger:

As the result of a formal organization meeting of the athletic representatives of seven state colleges, St. Olaf is a member in the Minnesota Intercollegiate Athletic Conference. The other members of the conference are Carleton, St. Thomas, Hamline, Macalester, St. John's and Gustavus Adolphus. Coach Endre Anderson of St. Olaf has been elected secretary-treasurer of the new organization.

It was decided to hold a state track meet on Saturday, June 5.

The constitution adopted at the

meeting provides that a team, in order to be eligible for a state championship, must have played at least four schools in football, eight games in basketball with five schools, four of which must be played off the home floor, and six games with four colleges in baseball. Provision is also made whereby any student under contract to play baseball on a team under the "National agreement" will be disqualified from intercollegiate contests in all branches of athletics.

BASEBALL CANDIDATES STAGE FIRST WORKOUT

The first call for baseball was issued last Monday by Coach Borleske, with the result that 30 men reported for the first workout.

This year will see the first Varsity baseball team we have had for a number of years, and from the wealth of the material reported at the initial practice all indications point towards a championship team.

The squad has been working out every day this week, on the parade ground east of the Library. Light practice has been the order, constituting of bunting, batting, sliding, and a study of the fundamentals in general. Last Saturday afternoon the squad was divided into two teams and a snappy four innings were played, with the result that the weaknesses and the strong points were plainly brought out.

Many of the candidates are experienced ball players, some having played on fast North Dakota, and Minnesota teams, others on Navy and Regimental teams. The rest constitute green material, and under Coach Borleske's direction another championship should be added to the laurels of the A. C. There is only one letter man on the squad, he being Curly Movold and consequently, the only one eligible for captaincy.

Among the ones trying out for the pitching staff, we have Clarence Jensen, who was with us last year and who will more than likely prove the mainstay on the mound for the A. C. this year, and his brother Edward, a former A. C. man, who should prove of value to the staff. Lefty Hunter and Sage are the only southpaws on the squad and both bid fair to develop into dependable hurlers.

Ted Thorfinson, Floyd Borderud and Vernon Trowbridge are fighting it out for the catcher position. Hunter and Sage are staging a duel for first base, as well as trying for pitching honors. Benchoff and Gass are out for second base, "Iki" Johnson and Meldahl at short, Happy Peter-

son and Curly Movold at third base. Among the outfield candidates are Kraemer, Jordheim, Heising, Hanson, Latimer, Darling, Weird, and Bullard.

The schedule is rapidly being completed. However, there are a few dates still open, which will undoubtedly be filled in the near future. Games have been arranged with our rivals, the State University and Fargo College, and other state colleges, and a trip thru Minnesota is planned, playing St. Thomas, St. Johns, St. Olaf, Gustavus Adolphus and other Minnesota teams.

STUDENTS!

Say, what do you think of hazing? How far shall it go? What's the matter with the old sack rush? The Flag day? I believe that a Freshie should be treated as such and should abide by certain traditions but how shall that be forced? Shall we lay him up for a month or shall we permit a life long hatred to be started? Let's hear from you.

—E. H. Larsen,
Pres. Student Commission.

RESULTS OF ANNUAL STOCK JUDGING CONTEST

Due to an unfortunate omission these results were held over till this issue, although the events occurred two weeks ago.

Monroe Kirk, with a perfect score of 150, won first place in the beef cattle judging contest held in the annual stock judging contest at the North Dakota Agricultural College. Sixty-seven students of the college took part in the judging which opened at 8 a. m. and closed at 6 p. m. Two rings of sheep, two of beef cattle, two dairy cattle, two horses, and two hogs, were judged in the contest.

The winners in the contests with scores are: Horses, George Kadlec, score 140; beef cattle, Monroe Kirk, score 150; dairy cattle, Walter Berg and Leo Miller tied with a score of 135 each; hogs, Fred Wilson, score 147; sheep, Mathew E. Tindall, score 145.

The rating was based on 50 points for each ring and 50 points for the two minute talk allowed each contestant to state the reasons for his judgment. Judges in the various classes were: horses, Warren Dodds; beef cattle, Dr. C. Grinnells; dairy cattle, Prof. J. R. Rice; sheep, D. J.

Geiken; and hogs, George Hanson and Charles Strubble.

Arrangements for the contest were made by E. J. Thompson, of the livestock department of the college and the work of the day was under the supervision of Dean J. H. Shephard of the Department of Animal Husbandry.

Every animal judged was the property of the college and the majority of the stock had records in state fairs and other cattle contests. The best steer in the Aberdeen Angus caiss was the prizewinner who won \$200 at the recent Aberdeen Angus show held in Fargo. The Holstein cattle judged were descendants of Sir Pete of the famous E. C. Schroeder herd of Moorhead.

All other branches of stock judged were of the same high order and form the basis of a small stock of thorobred cattle owned by the college. The Percheron mare that was given first place in the judging is one that has taken first place in several state fairs and has never been beaten by an American mare.

Obert Skrei was high score man in all events getting a score of 610 out of a possible 750. Followings are nine other contests in their order of total scores: Harold Brush, 600; E. Darling, 595; M. E. Tindall, 580; Leo Miller, 555; Allen Leeman, 550; Monroe Kirk, 545; Lester Bullard, 545; William Mortanson, 543; Mike Ostrem, 530; Bob Heine, 530.

GEOGRAPHICAL DISTRIBUTION OF STUDENTS

You will be interested to know how the 1,202 students in attendance this past term at the Agricultural College are distributed over the state.

Only nineteen per cent of the student body come from Cass County. Two-thirds as many come from outside of the state or thirteen per cent of the total enrollment. Only two counties in the state, Bowman and Logan, are unrepresented at the Agricultural College.

The following distribution shows the number of students from each county and the number of post offices represented in each county, from which the students are drawn: North Dakota Agricultural College

LAUGH

Build for yourself a strong box,
Fashion each part with care;
Fit it with hasp and padlock,
Put all your troubles there.
Hide therein all your failures,
And each bitter cup you quaff,
Lock all your heartaches within it,
Then—sit on the lid and laugh.

Tell no one of its contents;
Never its secrets share;
Drop in your cares and worries,
Keep them forever there.
Hide them from sight so completely,
The world will never dream half.
Fasten the top down securely,
Then—sit on the lid and laugh.
(Anon)—Ex.

CARLETON TO RECEIVE ONE MILLION DOLLARS

The Carletonia: Carleton College will receive one million dollars as its share of the \$100,000,000 fund to be raised by the Northern Baptist conference for the support of its foreign missions and educational institutions in the inter-church world movement. Pillsbury Academy of Owatonna will receive \$400,000 from the same fund.

Distinctive Eyeglasses

Altho Carleton is nominally considered a Congregational institution it will benefit from the fund thru its affiliation with Pillsbury. No definite use has been assigned for the disposition of the money but it is expected that it will be used for endowment and the erection of new buildings.

Carleton plans soon to start her campaign for a \$4,000,000 endowment fund and part of the funds from the Baptist Conference may be used as the foundation for this new endowment fund. No definite plans have been made for launching the campaign but it may be started this spring.

APRIL FOOLS PARTY NEXT SAT.

All-College Affair—Everybody Invited to Attend.

On Saturday, April third, the annual first of April party will occur. Due to the fact that the first day of April comes on Thursday, this year, the party will be held over till a week end night in order that it will not conflict with the school work.

The April Fool's party has always

in the past been marked by the attendance of a large number of students and it is understood that this year will prove no exception to the rule.

As this is to be the last of the all-college parties to occur for some time now, it is up to the entire student body to turn out in force and make this a real old-time get-together Aggie family affair. What say, gang?

MUSIC

BAND FURNISHES MUSIC FOR Y. M. C. A. CIRCUS

The Cadet band furnished the music for the big Y. M. C. A. circus held in the Y building last Saturday evening, March 27th. The band formed at the Great Northern station and paraded down Broadway to the Y. M. C. A. building where they rendered a short "ballyhoo" concert. After the short street concert the band adjourned to the "big top"

where they played for the various acts of the big show.

BAND LOSES FEW MEN IN THE SPRING TERM

The Cadet band was unusually lucky this spring in that only two men were lost by the completion of the Industrial course term for this year. These men are Frank Bailey, who held down the cymbal job, and Onello Davis, second clarinet. The loss is only temporary, however, as both of these men expect to be in the ranks again when school starts next fall.

Our Hat is off to the followers of the Yellow and Green. We bid you be jolly, industrious, and "dressy" these most important, yet happiest days of your life—'Varsity Days.

FELLOWS---

It's Easter Next Sunday

It's the first day of the Spring parade when new clothes are as essential as the green caps for the "Freshies" during the Fall term.

On the Campus or on Broadway you'll be proud of a "Globe" Suit for they are not just Suits but garments of first quality, individual style, and outstanding workmanship.
