

THE WEEKLY SPECTRUM

EDITED AND CONTROLLED BY THE STUDENTS OF THE NORTH DAKOTA AGRICULTURAL COLLEGE.

VOL. XXXIII. NO. 13

NORTH DAKOTA AGRICULTURAL COLLEGE, TUESDAY JAN. 27, 1920

PRICE 5 CENTS

DEDICATION OF Y. M. C. A. BUILDING

"Dad" Elliott Unable to Be Present.

The formal opening of the beautiful Y. M. C. A. building across from the college was held Sunday afternoon, Jan. 25, at 3:00 P. M., in the Auditorium room of the building.

Mr. S. S. Lyon, president of the Board of Y. M. C. A. Trustees of the college presided. The program rendered was as follows:

Hymn—"Faith of our Fathers."

Y. M. C. A. Quartette—"The Shepard True."—Richard Falkenstein, Lawrence Olwin, Carl Bublitz, and Lewis Bratvold.

Remarks—Chairman S. S. Lyon.

Wm. P. Mortenson, President of the Cabinet, "Why the Students Believe in the Y. M. C. A."; H. J. Thompson, General Secretary, "The Underlying Motives of the Association."

Hymn—"O, Worship the King."

Scripture Reading and Dedicatory Prayer—Dr. D. T. Robertson.

Dedicatory Address—Dr. H. H. Frost.

Quartette—"Young Men, in Christ Arise."

Hymn—"In the Cross of Christ I Glory."

Benediction—Dr. D. T. Robertson.

Tho the building had not been formally dedicated before Sunday it has been in constant use by the students since last fall under the able direction of Secretary H. J. Thompson. It has been a great help in aiding the new students in obtaining rooms and work. The first money for the erection of this building was started about four years ago under the direction of Mr. Ray Sweetnam, who at present is a missionary in China. Some \$17,000 was raised in this campaign on the campus from the students and faculty, the remaining amount was raised thru-out the state and thru donations of friends in the eastern part of the country.

The original dedication of the building was set for Dec. 13, but due to the illness of the wife of Mr. A. J. (Dad) Elliott, it was postponed hoping to be able to have "Dad" Elliott present at the ceremony but his wife was again confined to bed. Dr. H. H. Frost of the First Methodist Church of Fargo was ably substituted in the place of Mr. Elliott and gave a very interesting address to a large crowd of students, faculty and friends. The Y. M. C. A. Quartette deserve special mention on the pleasing manner in which they rendered several selections.

NEW PROFESSOR IN CHEMISTRY DEPARTMENT

Mr. L. L. Carrick has been appointed as Assistant Professor in General Chemistry and Qualitative Analysis, to take the place made vacant by the transfer of Dr. W. T. Pearce to the Department of Industrial Chemistry.

Mr. Carrick comes highly endorsed by Dr. Noyes of the University of Illinois. He holds degrees B. A. and M. S., the first from the University of Indiana, where he graduated from the course in Chemistry, and the second from the University of Illinois, course in Chemistry. He has had experience in public school work; was an assistant in Analytical Chemistry in 1917-18, and during the present year has been an assistant in General Chemistry and Qualitative Analysis at the University of Illinois.

STATE CONVENTION AT VALLEY CITY

The annual state convention of the Y. M. C. A. was held Friday, Saturday, and Sunday, January 23, 24, and 25 at Valley City. The college Y. M. C. A. sent the following delegates: Merritt Hoffman, John Jensen, W. Barr, Percy Judd, Birklund, Allen Mortenson, Schwerdtfeger, Bruns and Amburn.

The principle speaker of the convention was Mr. G. Knebel, the newly appointed regional secretary for the Middle West; with headquarters in Chicago, and having charge of the Y. M. C. A. work in fifteen states.

The convention was divided into sections for city, county, and Students' Y. M. C. A. work. Good speakers addressed the different sections on timely subjects. A feature of the convention was the banquet on Friday evening. Among the banquet speakers were W. L. Stockwell, W. C. Lyon, recently returned from overseas; and A. G. Knebel.

The men returned at midnight Saturday to be present at the dedication of the college "Y" building Sunday.

A. C. STUDENTS SUC-CUME TO ATTACK OF FLU

Last Saturday, Jan. 24, two of our students succumbed to the flu which had developed into influenza pneumonia.

Mr. Kenneth Strickler, a freshman in the Agricultural course and Mr. (Continued on Page 2.)

DR. A. L. LEATHERS ADDRESSED POLYTECHNIC SOCIETY

Last Wednesday evening, January 21, Dr. A. L. Leathers of the Science Department rendered a very interesting address on, "The New Theory of the Origin of the World," before the members of the Polytechnic Society.

The Polytechnic Society is one of the liveliest societies on the campus. It is composed of members of the faculty, station, the senior class, and other persons interested in scientific problems of to-day. The next meeting of the Society will be held February fourth in the Physics Lecture room. Mr. C. E. Miller will speak at that time on "Farm Management."

EXTENSION COURSE TO BE OPENED

The Board of Administration at a recent meeting approved the plan of giving special training to young men who might desire to fit themselves for positions in connection with Extension work or Experiment Station investigations. To that end Dr. P. F. Trowbridge, Director of the Experiment Station, was appointed as Professor of Experiment Station Methods in Research, and G. W. Randlett, Director of Extension, was appointed as Professor of Extension Methods.

The plan is to allow boys taking the course in Agriculture, to elect, during their senior year, if they so desire, a course in preparation for extension work and to continue this work one year after graduation as post-graduate work in part in the college and in part time in actual practical work.

Here is a most promising field for young men taking agriculture and an opportunity to get special training to fit them for the particular field of work that they desire to take up. An opportunity to acquaint themselves with Extension Methods and how best to go about the work as County Agent, as Boys' and Girls' Club Leader, as Home Demonstration Agent, or in the field of the Specialist. It is only a few years until practically every county in the United States will have its county agent, as well as a Boys' and Girls' Club Leader, with specialists to help develop this work. This means that in North Dakota alone more than one hundred will ultimately be employed in field work supported by the Federal Government, the State, and the County, and all under the direction of the Agricultural College.

TRI-STATE GRAIN GROWERS' CONVENTION

Dr. Worst Elected President for Ensuing Year.

The twenty-first annual Tri-State Grain Growers' Convention was held in Fargo the past week. A large number of our faculty and students were present at the different meetings.

Future plans of the North Dakota Immigration Commission were outlined by J. H. Worst, former president of the Agricultural College but at present the State Commissioner of Immigration. Probably the most interesting address of the session, to the people of the college, was a prophecy written by Dr. Worst on "Looking Backward of North Dakota in Retrospect." This prophecy was written and sealed by Dr. Worst eight years ago when he was president of the Agricultural College. During his address he opened the prophecy and read it to the audience. Many of the things predicted by Dr. Worst have come true since 1911. Also many of his predictions have not, as yet, come to pass during the eight years. One of these, dealing with the North Dakota Agricultural College, which he said would have an attendance of 5,000 students in 1920. He attributed the failure of this prediction to the war and conditions following the war, but said that before long his prophecy would come true, with which we all most heartily agree if the increase of the present year is an indication of the future.

At the Friday morning session Dr. P. F. Trowbridge, Director of the Experiment Station, gave a very interesting demonstration on "Pork Cutting and Curing." In the evening Dr. A. F. Schalk, head of the Veterinary Department, addressed the convention on the subject of "Hog Cholera and its Control." Dr. Schalk has spent a great deal of time and study in developing a serum for the prevention of hog cholera and consequently imparted a great deal of knowledge to the visiting farmers.

At the closing of the session, Dr. J. H. Worst was elected president to take the place of Dean C. B. Waldron, who has been the head of the association for the past year. Mr. G. W. Randlett, who had charge of the convention due to the absence of President Waldron, who is engaged in governmental work on a leave of absence from the college, was re-elected Vice President and Mr. W. C. Palmer, of the extension department, was re-elected secretary for the next year.

DRAMATIC

"BACK TO THE FARM"

HERE AGAIN

Those interested in dramatics will be interested to learn that the Country Life Association has definitely decided to stage that side-splitting comedy of three acts entitled "Back to the Farm." The Association, one of the liveliest clubs on the campus, is composed of both women and men of the short courses. Meetings are held every Thursday evening in the Little Country Theatre where singing, readings and talks are individually rendered. Last Thursday evening the topic of discussion was the presentation of the above play, selecting the characters and their problems of production.

It is hardly worth while to enumerate the merits of this comedy, which has been given in and about school so often in the past few years. The play was written by Merline H. Shumway of the University of Minnesota, and was first presented at the college theatre in January, 1916, where packed houses witnessed it three successive nights. The following summer the same cast took the play over the state where it met with instant success wherever it was presented. In January, 1917, during the Grain Growers' convention, the play was again given at the city Auditorium where it produced howls of delight. The last presentation of this remarkable comedy occurred in the Little Country Theatre during the winter term of 1918, being given by the short course students. It is a masterpiece of comedies and one that will never fail to please an audience no matter how often it comes before them. Those who fail to see this comedy on February 19th at the Little Country Theatre are missing something very worth while. If you want to laugh the "Flu" away, see "Back to the Farm."

The following members of the Country Life Association have been selected to interpret the various characters:

Charles Merrill Henry Burns
(A farmer of the old school)
Merton Merrill William Beyer
(His son)
Mrs. Merrill Igna Solwold
(The farmer's thrifty wife)
Rose Meade Elsie Johnson
(The schoolma'am)
Gus Anderson Oscar Petersen
(The hired man)
Reuben Allen Alfred Detmers
(A neighbor)
Mr. Ashley Arthur Wickman
(A lawyer and real estate agent)
Robert Powell E. J. Petersen
(A senior in law)
Margerie Langdon Rike Bender
(A promising society debutante)
Hulda Mabelle Thompson
(The maid)

Rose: "Why Gus, have you been burrowing in the straw pile? Your clothes are covered with chaff. You look like a typical hayseed."

Gus: "No, ay vos yust stooping over is das manger to get some bed-

ding and das here cow he get too fresh mit his horns and butt me right up in das har manger."

A. C. STUDENTS SUCCUMB TO ATTACK OF THE FLU

(Continued from Page 1)

Oscar Hafta, a member of the Short Course class died at the college barracks. The parents of the young men had been notified of the illness and arrived here before the death. Kenneth Strickler is the son of H. L. Strickler, a prominent farmer of Glyndon, Minn. Oscar Hafta of Churches Ferry, is the son of Mr. and Mrs. Bernt Hafta. The students of the college wish to express a heartfelt sympathy to the bereaved parents.

ATHLETES ON SICK LIST.

The students have been worrying about the absence of several of the varsity men in the lineup of the last few games. Among the members of the first team squad who have been attacked by the small but mighty germ, the "flu" are: "Jarvie" Hayes, "Lefty" Hunter, "Crab" Murphy, and "Happy" Peterson, our stalwart guard, together with Captain Reis. Without these men our team is fighting at a great disadvantage and we all hope that they will soon be back to school and in basket ball togs soon, for their help is needed to help make the climb to the top of the ladder leading to the State Championship, which the Aggies mean to have.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry — General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery — Architecture — Architectural Engineering — Chemical Engineering.

These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training

The AGRICULTURAL and MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in Agriculture—Mechanic Arts—General Science—Rural Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery. THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics and engineering subjects

Graduates from Approved High Schools are admitted to Freshman Class. Board and Room

NOTICE! ORGANIZATIONS, SOCIETIES AND CLUBS!

We are doing our best to ascertain and print your programs, your activities, happenings concerning your organization, etc., but we cannot do the thing up right without a little co-operation from you. Now, if you want your news in the Spectrum printed without errors, etc., see to it that you appoint some competent member to look out after this little phase of the situation. Do it at your next meeting and we'll be very much obliged.

SOCIETY

College Women's Club

Sometime ago the wives of the members of the faculty, together with the lady teachers and the women of the clerical force, formed a COLLEGE WOMEN'S CLUB to promote social gatherings and to bring all more closely together so as to create a wholesome atmosphere for all those associated with the college. On Tuesday, January 20th, some thirty to forty members of the Club met at the home of Mrs. Ladd and appointed the following committees:

Executive Committee—Mesdames McArdle, Barton, Trowbridge, Hulbert and C. P. Miller.

Calling Committee—Mesdames Parrott, Schalk, Sudro, Fuller, and Miss Rose Green.

Mrs. Putnam was elected as Treasurer.

The membership dues were fixed at fifty cents per year and the Club will hold a Social Gathering once a month.

THETA CHI'S ENTERTAIN DR. AND MRS. WORST

Last Monday evening the Theta Chi fraternity enjoyed the presence of Dr. and Mrs. J. H. Worst at dinner. After the dinner, the evening was spent in visiting and reminiscing of old times by the guests and older members. The little personal incidents and touches brought out in this conversation gave the listeners a greater insight into the fundamentals and basic principles underlying many of our college traditions than they had ever had opportunity to gain before. These talks with the pioneer builders of our institution are of great value to the students and should be taken advantage of whenever it is possible, as the thoughts brot out by these men give a far clearer idea of the deeper significance of college life and college spirit than can be gained from any other source.

ACHOTH SORORITY ENTERTAINS

The Achoth Sorority held an informal party Thursday evening, January 22, at the home of Miss Marion Addison, ninth street north. The evening was enjoyably spent at cards and music. A delicious luncheon was served later on in the evening. Among the guests present was Miss Alice Libert, an alumna, who has lately been appointed the new deputy.

BETA'S HOLD THEATER PARTY

The Delta Phi Beta Sorority entertained several of the new girls of the college at an informal theater party at the Garrick on the evening of January 16. After the show the party adjourned to Madsen's Cafe, where luncheon was served.

FRESHMEN TO STAGE PARTY.

The Freshmen class held a rousing meeting Friday, January 23, at which several important matters of importance were discussed. The main issue was that of holding a party for college students on the evening of Friday, January 30. It was decided to hold a party after the Jamestown game in the Armory. The party is for people connected with the college and station. Outside people will not be expected to remain.

SORORITY PLEDGES.

The Delta Phi Beta sorority wishes to announce that they have recently pledged three members of the class to their organization. The new pledges are Miss Gladys Larson, Moorhead, Minn., Miss Alice Hoover of Fargo, and Miss Mary McLachlin of Hunter, N. Dak.

Last Sunday afternoon at the chapter house the Phi Upsilon Omicron sorority pledged the following three upper classmen to their organization: Miss Harriet Ashland of Fargo, Miss Alice Wolody of Edmore, N. Dak., and Miss Mary Healy of Fargo, N. Dak.

DELTA PHI BETA'S ENTERTAIN.

Last Friday evening the Delta Phi Beta sorority entertained the other sororities of the campus at a formal dancing party held in the college armory. Prospective pledge material of the freshman class was present and three new pledges of the upper classes made their appearance, being conspicuously labeled by way of a head dress with the sorority colors, black and white.

The decoration of the armory deserves considerable mention. The west end was partitioned off by unique white fencing in front of which stood an array of attractive flowers. The windows and orchestra platform were uniquely decorated with the colors of the sorority and large banners of the organization greeted the guests at either end of the hall. In the partitioned space at the west end, small tables for four were arranged a la cafe' on which delicious refreshments were served throughout the entire program.

Due to illness patrons and patronesses, Mr. and Mrs. A. H. Parrott and Prof. and Mrs. Arvold were unable to be present. The chaperones of the evening were Mr. and Mrs. Arno Lorshbough, Mrs. Lorshbough being an alumni member of the sorority. Other alumni members present were Miss Kathleen Kelly, Miss Marjorie Lieberg, and Miss Ruth Schuyler. Music was admirably rendered by Watchie and Smith.

Just before the last dance the girls sang a couple of delightful songs, rendered with real sorority pep. Those fortunate enough to be present say the Beta girls are real entertainers from start to finish.

Mrs. M. C. Reis of Brainard, Minnesota arrived in Fargo last Friday night to be with her son Roy, who has been confined to his bed the last two weeks with the flu. Friends of Roy will be glad to know that at the time of this writing he was getting along nicely and hoped soon to be back on the basket ball floor with his team mates.

LOOK OUT

What happened last night on the campus? How many of you students would be able to answer such a question, if it were put up to you? If you could answer it, then why don't you attend happenings. Here's basket ball games, programs, etc., happening every day and how large a percentage of the total enrollment are present? Last Friday and Saturday the team played two games and how many boosters were present? Wake up, you're living now, you're not dead; make some noise; let us hear from you.

Next Friday night, Jan. 30, the team plays the Jamestown team which defeated us two weeks ago. To win now means we must have the support of the entire student body. Are you with the team? Sure you are one and all, so let's show our spirit. Also next Saturday when the team plays the Wahpeton Science quintet. WATCH FOR A RALLY AND BE THERE.

Eye-Strain

is often the cause of headache, lassitude and nervous disorders. If you suffer from any of these it is probable that properly-fitted glasses will afford you relief. Fitting glasses properly is our business.

SHEEPSKINS VS. UNION CARDS

"Pie cart drivers receive as much as \$9.00 per week in New York City by a recent ruling of the Baker's Union."

"Truck drivers get \$15 to \$25 per day eight to ten hours."

"Railroad brakemen get \$225 per month and time and a half over time for eight hour day—" Conductor's worse yet.

If one calls a plumber for a repair job on a clogged water pipe, shortly, a tall cold-eyed individual with a black heavy mustache and a big black cigar in his mouth—sure we always thought he was an undertaker—you know, lives down in the ultra-fashionable district, in the big white house on the corner opposite the Mayor's residence—well anyhow, shortly, this tall gentleman jaunts up with the mailman and tarries about half as long, stopping only to tap the constipated flow pipe with the butt end of his ivory nail file and then pads back to his web to await another fly—at the end of the month you have a sheriff's sale on your hands. But say what's the idea? Wherein does all this effect us? Not at all, not at all young man we are not affected by these conditions, nor will we be, cause we'll be educated and consequently will have something to offer to the business world, besides mere mechanical skill.

Here's what interests us—"John Perkins after having completed his four year's course in engineering at the University of Muchope, and receiving his B. of S. degree, has taken advantage of a splendid offer tendered to him by the Hooken Contracting Company, of this city, and is to receive the princely initial salary of \$125 per month. Now where do we come in at? We don't COME in we just OOZE in and it's pretty feeble oozeing at that. Our chance stacks up about as high as the deuce of diamonds against the Ace of Spades in a Spade trump game, when we compare it to that of the chance of a member of the A. F. L., as far as receiving a fair and just remuneration, for services rendered, from the average employer, is concerned. When the college man goes out to get his "position", his prospective employer gives him the once over and says to himself, "I'll just chase this lad over a rocky path for awhile and mar up that pretty new set of pneumatic tires of optimism with which his life thus far has equipped him." So he ossifies his heart and paralyzes his fingers when he comes to the payroll and inscribes a set of figures thereon, that looks like a temperature chart of our hottest July day. And the luckless, friendless, "man with an education", can only roll up his sleeves and hoist his heart out of his boots and start to work cause who is going to stand behind him, with a club handled by an arm pulsing with the unassailable strength of numbers, held over the head of this employer and say, "Here you! This man worked for four years to gain the education qualifying him for this position, now it's up to you to pay him a premium for that, besides he now merits the pay of a master workman, plus a bonus for his four year's service as an apprentice and an additional bonus for his exceptional natural ability which has so materially helped him in mastering the hardships of this apprenticeship and which is going to be a source of profit and income to you." Having no organization behind him to give him this lift your average college man, thus, starts in his business life, with the foot of the industrial world on his neck. And then the protected and sheltered workman who played while this man slaved can't understand why he is hardened by the time he has accrued sufficient capital to be a power for himself and why he cares so little for their

hardships—why should he care? Didn't he undergo mental worries of a financial and many other natures a hundred times more poignant than the mere physical worries and wants (and these are for the most part lusts) of these his hirelings and merely the agents to do for his finances, now, what formerly his own abused body had done?

When a slip-shod, dull-brained workman, with no overhead expense for appearances and so forth, which are additional burdens which the college man must shoulder on his meager pittance, not nearly as much for his own good, as for that of the firm, enters the office and asks for a "job", he shows his union card and obtains a relatively enormous wage, depending somewhat upon his own ability as a workman, but more, upon the power of his union and how many unfair wage increases it has forced upon its branch of labor.

How long is this economic condition going to last? Who wants to go to college when he can make more money with less labor and no worry at manual labor? The high wages of the laboring class in comparison to the low wages of college graduates are lowering the standards and killing the ambition of college men and women and also the unfair demands of the organized laborers naturally lowers the chance of the unorganized graduates to receive fair treatment and wages, because the employers must take it out on some one, and who is more defenceless and easily exploited, than an individual in the ranks of the competition flooded college graduate class? This condition of affairs must cease before our only collegiate institutions are of a reformatory nature.

The gods help those who help themselves.

TALK ENGLISH

Say you, Mr. State College Student, whether you be long course, short course or special, you've got to get out of this idea of reverting to the tongues of your ancestor's, as soon as you get out of the classroom. There aren't many that are addicted to this habit, at present, but there are a few individuals at this institution, who seem to forget that they are Americans, attending an American institution of learning—and if they are not we don't want them. This "mother-tongue" proposition is alright for the old folks, whose intellects are so weathered and stiffened by age that they cannot grasp the speech of their adopted country; but for you, the rising generation, the big men of the future in your state, let us hope, to be unable to speak your country's language freely and easily without even a trace of a foreign accent, is a sign of truly criminal ignorance. Let your own pride govern your action in this respect and you will immediately devote the necessary time to the subject of correct pronunciation and enunciation to remove this handicap which will certainly be a tremendous factor toward preventing you from advancing politically, socially, or in any other way, in a community composed of the kind of real Americans among whom it is an honor to be chosen for advancement. If you do not accustom your tongue to the linguals of our speech, now, while it has the ability to pick up the proper pronunciation of our words with ease, you are likely to put the matter off until it is too late. Now is your opportunity to learn to talk pure American, while you have the examples brot before you every minute of the day, by men who converse in speech as free from foreign accent as is possible in such a polyglot nation, as this is.

ALUMNI

ALUMNUS BEFORE THE PUBLIC.

Miss Vesta Steer '19, whom we remember as having won honors in the state livestock judging contest several years ago, and later at the International Live Stock show in Chicago last year, has made her debut as a movie star. Miss Steer was introduced to the farmers and members of the Tri-State Grain Growers' Association in a movie of life at the Agricultural College. Miss Steer was shown judging two sheep. Vesta is at present home demonstration agent in Sargent County.

To gaze but for an instant upon the grief-stricken countenance of Duke Clarke, during the past week, would be enough to melt the heart of a glacier, for Clarke has lost his constant friend and companion, one of Doc Putnam's largest saxophones. To a common musician this might not be so terrible a blow but to a man devoted to his art the way Duke Clarke is, this calamity may well result in his death. He has already become morbid and morose, talking to no one, but continually muttering to himself. He wanders from place to place about the campus occasionally cocking an ear, twitching his nose or standing in an attitude of intent listening. This attitude is characterized by his lower jaw assuming a position of complete rest upon his collar bone, resulting in a display of pyorrhoeatic collection of human pyralin unequalled in the best poker cheps ever made. We assume that he is a trifle deranged mentally by his bereavement and fancies he hears his instrument calling to him.

NOTICE FARM HUSBANDRY STUDENTS.

A cordial invitation is extended to all men registered in the farm husbandry course to be present at the next regular meeting of the Agricultural Club. All farm husbandry men should make it their duty to attend these meetings of the club, which are held in the Little Country Theatre every Friday evening at seven o'clock.

Interesting, up-to-date topics are discussed and prominent men address the members of the club on world wide questions. At our last meeting Dr. Warren of Cornell University addressed the club on the subject, "Present and Future Prices."

In addition to these features we have debates, extemporaneous speaking, dramatic plays, and music. All

MISS FAILYER WRITES.

Miss Harriet Pearson is in receipt of a letter from Miss Lois Failyer, formerly matron of Ceres Hall. Miss Failyer is first assistant in a large cafeteria in the War Risk Insurance building in Washington, D. C., whose location is on Vermont Ave. between H and I streets Northwest. There are 86 people employed in this cafeteria and they often feed as many as 5,000 at the noon hour. Although Miss Failyer is very enthusiastic about her work, she has not forgotten her friends at the A. C., and extends a cordial invitation to all to call upon her, in case they should be in Washington. Miss Failyer is very capable along the line of her chosen profession and we predict an interesting future for her.

ALUMNUS PROMINENT ENGINEER

Mr. D. H. Moore of the class of '09 in Mechanical Engineering is now of the engineering force of Day & Zimmerman, Inc., one of the foremost engineering corporations of Philadelphia. Of their monthly bulletin, "Progress," Mr. Moore is one of the editorial committee as well as an important member of their engineering staff. He is reported in "Progress" as supervisor of the great turbo-generator electric plant at Providence, R. I., of the U. S. Furnishing Company. Mr. Moore is the son of E. D. Moore of Fargo. Dave Moore was a member of the old Alpha Mu fraternity while at school. Last spring he took the Theta Chi ritual at Kappa Chapter of that fraternity at the University of Pennsylvania.

members are given an opportunity to take an active part in the programs.

It's your club. Be a booster—don't drag. Sell your hammer and buy a horn. Let's make this term's club the most successful one in the history of the Farm Husbandry course.

SPORTING NEWS of the NORTHWEST

PREPS DEFEATS

LISBON HIGH

The North Dakota Agricultural College High School Basket Ball team played Lisbon High at Lisbon last Friday night, defeating the fast Lisbon team 29 to 17.

Lisbon started the game with a rush and after several minutes of snappy team work scored the first basket which was followed by another, making the score 4 to 0 in favor of the local team. The Preps broke into the scoring column with a long shot and after some very clever team work tied the score with another basket shortly afterwards, placing the Preps in the lead which they held thru out the entire game. Several baskets within the last few minutes of the 1st half gave the A. C. Preps 14 counters to the home club's 8.

The second half started with a rush but the A. C. team began to show their true form and after some very snappy team work they started running up baskets and at the same time holding down their opponents to a very few shots. The game was characterized with very clever and well developed team work on the part of the Preps, which was the large factor in Lisbon's defeat. Every man on the Prep team worked hard on defense when the Lisbon men had the ball and shifted to offense and started a brand of team work that very few high schools develop.

For the Preps Fitzgerald and Rathje were the big men on offense and with Brauer working down it was very seldom that they did not sandwich the guards and drop in a counter. On defense Bonesack played a very steady game, breaking up Lisbon's team work and at the same scoring two baskets.

The work of Harris for Lisbon was of very high order. Hamilton the tall Lisbon center played a very good defensive game, and with his ability to follow in on rebounds aided his team mates.

Summary:—

A. C.		Lisbon
Fitzgerald	F	Harris
McCracken	F	Rish
Rathje	C	Hamilton
Bonesack	G	Busil
Brauer	G	Ahen

Subs: Horseman for McCracken; Baile for Busil.

Field goals: Fitzgerald 5, McCracken 1, Rathje 4, Brauer 2, Bonesack 2, Harris 3, Risk 2, Hamilton 2, Ahen 1.

Free throws: Horseman 1, Harris 1.

Referee: Howel, Lisbon.

FARGO COLLEGE WINS.

Fargo College defeated the Moorhead Normal School in a fast game

of basket ball on the Normal floor last Saturday evening in one of the hardest fought games of the season. The final score was 14 to 12. Burns dropping in a pretty one in the last few seconds of play, cinching the game for the Hill Toppers.

Murray was Fargo College's big man, while Carlander did the stellar work for the Normal team. The game was featured by close guarding and clean team work on both sides. Following is the line-up:

Fargo College		Moorhead
Murrie	F	Don Gates
Aamodt	F	Bjorkquist
Murray	C	Carlander
Keye	G	Preston
Burns	G	Stafne

Substitutes: Carlson for Murrie, Ward for Aamodt, Chaney for Keye, Dewey Gates for Stafne.

Field goals: Murrie 1, Aamodt 1, Murray 1, Burns 1, Carlson 1, Bjorkquist 1, Carlander 2, Preston 1.

Free throws: Murray 4, Carlander 5.

Referee: Dick Holzer, Moorhead. Place: Moorhead Normal gym.

Y. M. C. A. DEFEATS A. C.

Last Friday evening the A. C. went down to defeat at the hands of the Fargo Y. M. C. A. Basket Ball team, 22-15. The game was one of the fastest that has been played on the Y floor this season and due to the small size of the floor it developed into a very close guarding game and each man covering up his own man the greater part of the game. The playing of both teams was very fast but it lacked the fine team work that is possible to develop on a large floor.

The Aggies started the game with a rush and secured two goals before their opponents had counted. During the first half the Aggies outplayed the Y team and the half ended 7 to 4 in favor of the Aggies. The second half started with a mad rush by both teams and several minutes passed before either team counted, when Hunter made a pretty pass to Movold, netting the A. C. another.

Dawson, the big Y center, dropped in 3 in quick succession for his team and a couple more by Van Arnam placed the Y in the lead. Hunter dropped in 2 long shots from the center of the floor, placing his team in the lead, which was lost a few minutes later when Van Arnam rolled in a couple.

The game was characterized by long shooting by both teams and excessive dribbling by the A. C. team, which caused the latter's team work to be broken up, making it impossible to work the ball within the short shot zone.

Van Arnam and Dawson did the stellar work for the Y team while

Hunter, Movold and Kraemer did the playing for the college team. The fast work of Kraemer, a guard, in his ability to recover after long snots by the Y team was one of the big features of the evening.

Summary:

A. C.		Y. M. C. A.
Movold	F	Van Arnam
Hunter	F	Knutson
Hildre	C	Dawson
Flem	G	South
Kraemer	G	Hagen

Subs: Hildre, Bolsinger and Nesbit.

Goals: Movold 4, Hunter 2, Kraemer 1, Van Arnam 3, Knutson 1, Dawson 4, Bolsinger 1.

Fouls: Movold, 1 out of 5. Flem 0 out of 2; Van Arnam 2 out of 4.

Referee: Ira Slingsby.

CONCORDIA LOSES TO UNIVERSITY.

The University of North Dakota basket ball team easily defeated the Concordia College five on the University floor 77-8. The Moorhead team was outweighed and outclassed in every point of the game by the fast University aggregation. At the close of the first half the University led by the score of 36-0.

Edgar (Dutch) Hauser, a former Aggie star, was the star of the game, counting seventeen baskets for his team. Following is the line-up:

University		Concordia
Richards	F	Raftshol
Hauser	F	Estby
Sproal	C	Martinson
Stenshol	G	Reitan
Sinclair	G	Scheie

Substitutes: McCutcheon for Sproal, Robbins for Stenshol, Sad Sinclair, Lawrence for Martinson, Zuam for Estby, Danner for Raftshol.

Field goals: Hauser 17, Richards 10, Sproal 6, McCutcheon 2, Sad 2, Reitan 3, Scheie 1. Free throws: 3

Referee: Pete Tierney, Fargo

NORMAL LOSES TO AGGIES.

Last Tuesday evening the North Dakota Agricultural College basket ball quint journeyed over to the Moorhead Normal, defeating the Normalites in a hard fought game of basket ball by a score of 10 to 6.

Neither team was able to count until the last few minutes of the first half, due largely to the wonderful guarding of Peterson of the Aggies and Stafne of the Normal, who were features of the game. Due to the small floor the game was very rough and many fouls were called on both sides.

Kraemer was the star man for the A. C. on offense; he scored two counters of the team's ten points. Hunter was a force of strength, with Peterson, on defense breaking up many Normal shots that would have counted. Peterson showed his guarding ability under the basket and in

recovering the ball. Stafne of the Normal played a wonderful defensive game, breaking up many of the Aggies' plays. Following is the summary:

Aggies		Moorhead
Movold	F	Don Gates
Hunter	F	Bjorkquist
Kraemer	C	R. Carlander
Peterson	G	Stafne
Flem	G	Preston

Substitutes: Dewey Gates for Preston.

Field goals: Movold 1, Kraemer 2, Flem 1, Don Gates 1, Bjorkquist 1, Stafne 1.

Free throws: Movold 2 out of 7; Carlander 0 out of 5.

Referee: Dick Holzer, Moorhead. Place: Moorhead Normal gym.

day evening by a score of 28 to 11. Murrie, who replaced Aamodt did notable work on the floor. After the first few minutes of play the superiority of the College men was evident and they were at no time in danger.

The Science men were all light and seemed hampered by the small floor.

State Science		Fargo College
Weiss	r. f.	Ward
Schueller	l. f.	Aamodt
Johnson	c	Murray
Sutton	r. g.	Keye
Skovalt	l. g.	Burns

Field goals: Aamodt 3, Keye 2, Murrie 2, Ward, Burns, Weiss and Schueller 1 each.

Free throws: Schueller 7 out of 11; Murray 5 out of 8.

Referee: Dick Holzer.

A. C. Wins 20-13

In a slow and uninteresting game last Saturday evening the Aggies defeated the Concordia College team. The team played the same style of game it put up the night before against the Y. M. C. A. team when they went down to defeat. It was only that they played a green team that they were lucky enough to win Saturday night.

The team lacks unity of action, a better development of team play and not so much individual or grand stand play as exhibited so far this season. The A. C. team this year would be a 100 per cent better if the dribbling rule were erased from the rule book. According to the ethics of basket ball the dribble is for two occasions and two occasions only. One time when the man with the ball is free and no one between him and the basket, he can dribble in and get a closer shot. The other time for the dribble is when the man with the ball is in a mixup and he wants to dribble clear of it, then pass the ball and get the team play going. This year we are fortunate in having men who seem to think they can take the ball and dribble it thru a five man defense without being stopped. This might work on green teams as the two Moorhead aggregations but when we run up against such teams as our old rivals, Fargo College and the U. N. D., our would-be dribblers would get the surprise of their lives. If the coach can't stop it, it's up to the men to cut it out and get down to business; perfect their passing, cut out petty jealousy in feeding the ball to a man who is under the basket and in a better position to make the shot and likewise do a little better training or the A. C. will be the laughing stock of the basket ball season when we do mix with some real basket ball teams.

Basket ball is our greatest sport and the A. C. has held her own and generally taken the laurels until the past two years and it is time we were covering up the bad dream. We have real material this year and should take things hands down with the proper methods. It is true such men as Capt. Reis, Murphy, Peterson, and

Hayes have been on the sick list, and Hunter and Kramer not in the best of condition, but that fact alone does not excuse the methods now employed on the floor.

Another phase that should be developed and more care paid to is foul shooting. Our free throw artists scouped one out of nine trys in Saturday's game. A good accurate foul shooter wins games against big teams when only a point or two means victory.

In the Concordia game there were flashes here and there of real basket ball, but they were few. Kramer played a hard driving game from start to finish. Hunter, altho not having gotten his eye on the basket to date, played a good passing and floor game as did Movold. Jacobson for Concordia played a good game, as did Reitan.

A. C.		Concordia
Movold	F	Jacobson
Hunter	F	F. Martinson
Kraemer	C S.	Littlehaugen
Flem	G	W. Reiten
P. Hildre	G	Schier

Substitutes: Trowbridge, Lawrence, C. Reiten.

Goals: Hunter 2, Kraemer 1, Movold 7, Flem 2, Trowbridge 2, Jacobson 4, Martinson 1, W. Reiten 1.

Fouls: Movold 1 out of 8, Flem 0 out of 1, Jacobson 1 out of 4.

Referee: Tierney.

Attendance: 500.

FARGO HIGH LOSES TO MANDAN

Mandan, N. D., Jan. 24.—In a game from which all spectators had been barred due to the influenza epidemic, the Mandan High School tossers defeated the Fargo High quint by the score of 13 to 11. The game was fast and anybody's until the final whistle. The Fargo's quint has had hard luck on their trips, losing to Bismarck the night before 12 to 8.

Line-up:—

Fargo High		Mandan
Sanden	F	Greengard
Burnette	F	Gray
Brockmueller	C	Hanson
Chapman	G	McDonald
Berdahl	G	Countryman

Field goals. Sanden, Burnette, Brockmueller, Chapman and Berdahl 1, Hanson 3, Gray 1, Greengard 1.

EDWIN BOOTH WILL PRESENT "TOO MUCH JOHNSON"

This is the title of the winter term comedy to be staged by the Edwin Booth Dramatic Club on or about the 20th of next month. According to the latest reports from the Club, some little difficulty has been experienced in procuring male material to fill the respective parts. It so happens that the female section of the play, consisting of only three parts, is overcrowded with applicants, but there are one or two vacancies left among the male characters. Practice will begin just as soon as these vacancies are filled. Watch next week's Spectrum for the entire cast and comment on the play.

SOME RIPPING COMEDIES COMING

We've got so many actors and actresses here in this little old school of ours outside the numerous clubs, associations, etc., that Professor Arvold is going to make use of them and in so doing present some mighty fine plays to the public. There are some dandy comedies among the plays he has selected, three of which are "Engaged", "The Traveling Salesman" and "The Farmerette." These plays are all well worth while and if you are not participating in other productions, make it a point to see Professor Arvold about them; he has a part for you to play. More dope concerning these productions will be forthcoming next week.

CAPTAIN REIS ILL

The absence of Captain Reis from the games played during the past few weeks has seriously handicapped our team as the speed and ability of this 1919 all-state forward is one of the main elements upon which this year's system of play has been based. Roy has been ill since Jan. 12 with a severe attack of the gripe which has

WHO'S Ted ?

kept him in the sick-bed up till the past two or three days. This week will no doubt witness his return to the grind of the basket ball training where he will soon regain his old form and condition.

AGGIE PREPS DEFEAT STARS.

The North Dakota Agricultural College Preps defeated a picked combination of college men last Tuesday in a very hard fought game of basket ball. The high school displayed a brand of basket ball that was very surprising to the large number of students who witnessed the game. Coach Hunter has developed a short pass mixed with plenty of fast team work that any college team in the conference would be glad to substitute for the medium long pass system. For the high school Peterson and Fitzgerald were the point getters, eyeing the basket with great accuracy.

MUSIC

BAND MAKES BIG HIT

The North Dakota Agricultural College Cadet Band of forty pieces made a decided hit last Wednesday evening, January 21, when they made their annual appearance before the annual convention of the Tri-State Grain Growers' Association. Every number on the program made a big hit, from the opening number, our national emblem to the final strains of the last encore. The band was compelled to play encores after each number on the program and after the final curtain had fallen the applause was so thunderous that the band had to again take their chairs and play another encore number. Following is the program:

1. The National Anthem.—"The Star Spangled Banner"—Smith.
2. March—"Democracy Triumphant, (Mss.)"—Dr. Putnam. Dedicated to Harold Bachman, 116th Engineers, A. E. F., and played by the Million Dollar Band on their recent tour of the country.
3. Overture—"Zampa"—Herold.
4. Selection from the Comic Rhapsody, "Tumble In,"—Friml.
5. A Plantation Patrol—"Ole South"—Kamecnik.
6. Humorous Fantasy, on the old melody, "Three Blind Mice,"—Douglas.
7. Descriptive Overture—"The Battle for Democracy,"—Fuhrer. Synopsis:—(a) Peaceful Serbia. (b) An Intruder—Austria. (c) A Disturbance—The historic incident of the death of the Austrian Arch Duke. (d) The Backer-Up—Germany. (e) Hands off—Russia. (f) Not vouching for consequences—France. (g) Not over my grounds—Belgium. (h) Ready to protect neutrals—England. (i) Also having a grievance—Italy. (j) Warning—By right of force. (k) The Battle is on. (l) Forced to take sides for Humanity's sake—America. (m) The Retreat. (n) Hail to the chief. (o) The Victors. (1) Hail Columbia—America. (2) Royal March—Italy. (3) The British Grenadier—England. (4) The Marseillaise—France. (5) Our Own Favorites. (6) "America," alies "God Save the King"—alies "The Hymn of Democracy. Finale.
8. The A. C. Toast Song—"The Yellow and the Green."—Dr. Putnam.

The encore numbers played were "Tell Me Why," by the Saxophone; and Peter Gink—novelty numbers and three marches; Loyal Comrades, "Fame and Fortune," and "On the Square"

The work of the saxophone quartette, composed of Messrs. R. Put-

nam, first alto saxophone; Geo. Kadlic, second alto saxophone; A. Dahlbom, tenor saxophone; and Clarence Dragert, baritone saxophone deserves much praise. Their rendition of the popular fox trot, "Tell Me Why," especially arranged by Dr. Putnam, was wonderful and the boys responded to many encores.

The overture "Zampa" and the musical description of the world war, "The Battle For Democracy," together with Dr. Putnam's new march, "Democracy Triumphant," were especially well received. Many compliments have been received in regards to the concert and it is the general opinion of the public that the concert this year has never been surpassed. It seems that this year, with the large instrumentation and capabilities of the band, that the time is ripe for a little concert tour throughout the state. The boys are working hard and have now arisen to a degree of perfection that is remarkable for a college organization and it seems only fair that their work should be rewarded in some manner. How about it? Of the concert the Fargo Forum says:

"COLLEGE CADET BAND GETS BIG RECEPTION"

"Three thousand persons, who filled the Fargo Auditorium last evening were thrilled by the realistic production of "The Battle for Democracy" by the North Dakota Agricultural College Cadet Band. Applauded for three minutes without a break the curtain was lifted and another march number brought the band program to a close.

"Dr. C. S. Putnam, director of band and orchestra at the college, opened his musical program at 7:30 o'clock, and for an hour, with but brief intermission, offered a program which musicians of the city characterized as very difficult. For the encores—and they came at the end of every number—popular numbers were played."

Roster of Cadet Band.

The following is the official roster of the North Dakota Agricultural College Cadet Band, giving rank and instrumentation:

Musical Director: Dr. C. S. Putnam.

Cadet Band Leader: Ray N. Putnam, Solo Clarinet.

Asst. Cadet Band Leader: G. E. Andrews, Solo Cornet, 1st.

Sergt. Bugler: William Zimmermann, Solo Cornet, 2nd.

Drum Major: Elmer Darling.

Sergeants: Geo. S. Hanson, baritone; Wm. E. Bina, euphonium; Clarence Dragert, baritone saxo-
