

THE WEEKLY SPECTRUM

EDITED AND CONTROLLED BY THE STUDENTS OF THE NORTH DAKOTA AGRICULTURAL COLLEGE.

VOL. XXXIII. NO. 3. NORTH DAKOTA AGRICULTURAL COLLEGE, THURSDAY, OCTOBER 23, 1919. PRICE TEN CENTS.

TO THE UNIVERSITY! ARE WE GOING?

Well I guess! Now for N. D. U's little Nanny. Can the team do it? Just be on hand and watch! But the fellows can't do it unless every student gets behind for the big drive. We can win only with the support of every student. That means that every one must join the brigade going on the Special Train to the U. N. D.

The special train will leave Fargo on the morning of the first of November. It will reach the Forks about noon and will bring back "the gang" at midnight.

What a day it will be!

It will be Home-Coming day at Grand Forks, and, Say!! that means something. The game will be the biggest attraction ever staged in North Dakota athletics. You who hesitate over the cost of your fare should jump to aid your team.

Do your bit! BE one of the first students to help guarantee the train. You will receive more good time on your investment than ten-fold that amount any place. We must have 125 paid fares by Friday night, Nov. 24, and 125 is nothing compared to the crowd expected. Loosen the purse strings and help the boys bring home the bacon!

LET'S MAKE IT 500 STRONG!

"Mac," '20

PLANS FOR ANNUAL HOMECOMING DAY

A recent very good suggestion made by the Coach and acted upon by the Student Commission was that of holding an Annual Homecoming day, this day to be a day when all old students were to return to the College and make themselves acquainted with the present students, our teams and our activities. It is planned to make this a permanent event, and to be held on the first Saturday in November. This year, however, it will be held the 8th of that month, the date of the Fargo College—Aggie game. A good game will always be held on our field the first Saturday of Nov-

ember and will act as the main drawing card of the day.

The tho't in mind when this event was determined upon was the recruiting of the student body, the old students becoming acquainted with what we have and sending more material when they return to their respective homes. Then, too, these old students will get something for their return if nothing else than an opportunity to renew acquaintances and imbibe some of the old College pep.

This event should be a booster for us and a big booster for the College. It should be a means of advertising that will add greatly to the number and quality of collegiate students. What we ask of every student now is publicity—make the scheme known to every old student you know and add to the number of our visitors November 8th.

President and Mrs. E. F. Ladd will receive all students of the institution at the Annual president's reception on Friday evening, Oct. 24, at their home on Thirteenth street north. The hours are from 8 to 10, and in order to accommodate the large number of students President and Mrs. Ladd have asked the students to come according to the following schedule: 8-8:30, Sophomores and Orchestra; 8:30-9, Juniors, Seniors and Specials. 9-9:30, Freshmen; 9:30-10, High School; 10-10:30, Industrials. A social evening will be held at the armory following the reception.

AGGIES PROVE TOO MUCH FOR ST. THOMAS ELEVEN SATURDAY

"CADET BAND" CON- TINUES TO GROW

MEMBERSHIP NOW NUMBERS
THIRTY-FIVE WITH NEW MEN
BEING CONTINUALLY ADDED

That the Aggie "Cadet Band" will be one of the largest and best bands the institution has ever known is now a foregone conclusion. Thirty-five regular men are now practicing, and more are being added continually. "Doc" says they are all of "Big League" calibre, and while modest as to their future performance, gives us the "tip" that a real live bunch from the noise factory will take the train to the Forks Nov. 1st. He promises to demonstrate some real music to the natives there, too. You watch their name come out in the paper.

Following is the Roster of Cadet Band, N. D. A. C.:

Eb Clarinet—E. M. Netting.
Bb Clarinet—Ray N. Putnam, A.
(Continued on Page 3)

MINNESOTA AGGREGATION UN-
ABLE TO PREVENT OUR
SCORING. WERE OUT PLAYED
IN LAST HALF. SCORE 6 TO 0

Last Saturday was a day of joy for every Aggie. In the defeat of the hard hitting team of St. Thomas College by the score of 6 to 0 the A. C. could well afford to feel highly gratified. The team proved we had a fighting chance to capture honors in a certain event scheduled for Nov. 1st, a happening toward which every wearer of the Yellow and Green is looking with set teeth and determination.

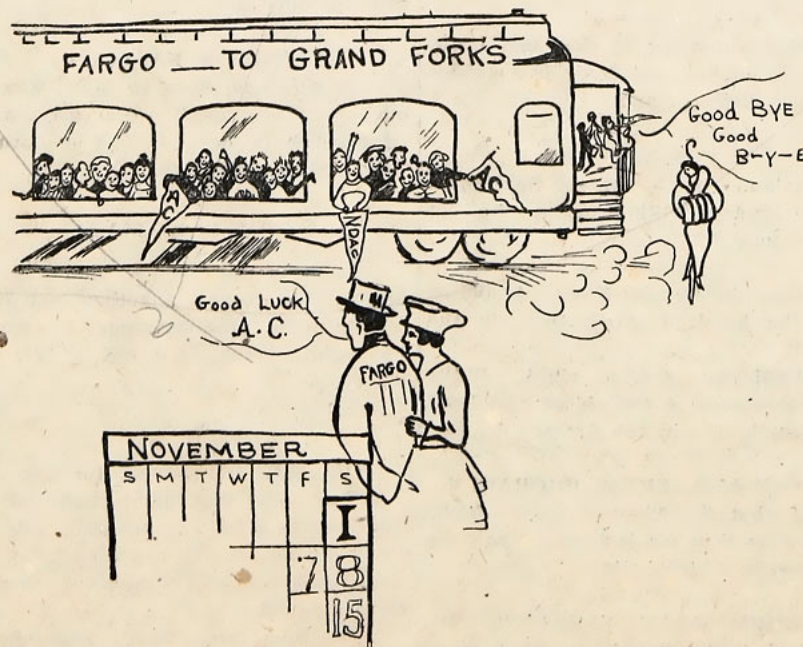

Saturday's victory was won by clean team-work and hard fighting. The game was featured by the lack of line plunging and the continued resort of both teams to open formation plays. Although the Aggies made their goal by two short line plunges, throughout the entire game but little headway was made by this method. The teams were quite evenly matched in passing, although the combination of Movold to Duerner or Hunter was almost unbeatable. The work of Capt. Peterson and Huey in tackle positions was excellent. These two men excelled in tackling, blocking and in breaking up St. Thomas formations. Murphy, who played his first game for the A. C., was on his toes all the time and was a terror on the defense. "Jarvie" Hayes, holding down end position, likewise for the first time this season, played a clean consistent game, Kramer, of Sioux Falls (S. D.) College, played his first game with us at full back position.

The first quarter of the game was marked by several fumbles neither side making much headway.

In the second quarter the Saints did their best playing, carrying the ball down to the Aggies' 25-yard line, when the whistle ended the half. During the second half the Aggies were entirely "on their game," and held the ball continually in St. Thomas territory. Several goal kicks were tried but proved

WE'RE ALL GOING STRONG

Harvest Festival, Saturday, October 25th

GET BEHIND THIS YEAR'S AGASSIZ

—00—

The Agassiz this year seems an assured fact after the election of an Editor and Business manager of this publication last week. The Juniors are to be congratulated in their start this early in the year. Ralph Baker will guide the editorial end of the work, and Roy Reis will manage the finances. The enterprise this year should receive the hearty support of every student. A good Annual is something every student wants and will advertise a school wonderfully.

The Seniors will probably assist in the work this year, as they were unable to get their edition out a year ago. The staff and plans have not matured as yet, but will be lined up soon.

Better "broke" than Beaten—
Nov. 1st.

SATURDAY AN EYE-OPENER HERE

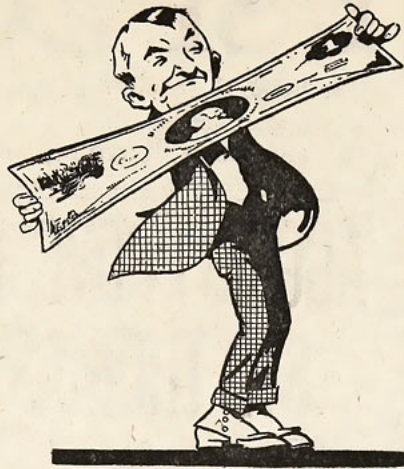

—0—

YELLING MUCH IMPROVED: EVERYONE JOINING IN — STAY WITH IT, THO', FOR PERFECTION.

To those who attended the rouser held last Friday noon and listened to the rather half-hearted response of the students in their yells, the events Saturday afternoon were gratifying in more ways than one. Prepared as we probably were, for a close game and hard fighting, everyone seemed on his toes with every cubic inch of lung power working to capacity. In other words, we demonstrated we could yell if we would, we could back up the team of we saw the necessity for doing so. It was the first real start of the year for us.

We cannot, however, rest on our laurels for yelling. We are far from being the organization that could get out on the field and "dig into" the game, backing up the team as we should when they are in a crucial place. Every ounce of reserve yelling, every particle of "pep", the last ounce of our reserve patriotism will have to come out on Nov. 1st and 8th. That means we must "DIG" now, we must LEARN those yells and GET TOGETHER on them. Do your duty as a member of this student body by BEING PREPARED.

The Cadet band was, likewise a big factor in the fray Saturday. After "making" the circuit on board open streetcars, they made a name for themselves in the centre of town. And by excellent rendition of several marches. Their playing at the game should serve as a model to the students in their yelling—they have the

time and they keep it, they're all together.

Now "get set" for the game Saturday! Let's hear you yell!!

U. N. D.—No. 23.

OH FUDGE

The Typographer Again

In last week's issue, the typesetter made a slight mistake in setting the item regarding Mabel Burt's success in putting pep into life at Ceres Hall. We desire to state here that Miss Burt's hair was bound with a cord, not a card. We also want to say that Miss Burt faints in the most approved fashion, but she does not paint in any fashion whatever. From all observations we have been able to make, her complexion is strictly her own—we mean nature's own. Upper classmen, please notice.

With reference to the class fight, could you say that Jerry is a sadder but a Weiser man?

YES, WHERE?

Leland Smith went Garricking last Friday. Where does he get that noise?

Philo in Courier-News: A switch in the hand is worth two in the bush.

We'll say you're right, Philo. Furthermore, a switch on the head is worth two in the dresser drawer.

A TOM-AND-JERRY, PROBABLY

If that St. Thomas player kicks the pigs skin too low, could you say he needs a high-ball?

FARMERICALLY SPEAKIN', NO.

And that reminds us that some people want to change the name of this institution. If we were anything but agriculturalists, do you suppose we could plow thru our opponents' line and harrow their

HIS DENOMINATION

—0—

"Next," called the man at the information desk, at the Red Cross Hospital at Beau Desert as he surveyed the long line of khaki clad inquirers.

A tall unshaven negro stepped forward, tsanding first on one foot and then on the other.

"What's the name of that there chaplin who done give away safety razors the other day?" he asked.

The Red Cross man looked perplexed.

"Let me see. Was he a Catholic or a Protestant Chaplin?"

The negro shifted his balance once more and then replied, "Oh, he was a lieutenant."

SEVERAL NEW BULLETINS ARE PUBLISHED

The Experiment Station and Extension Division have recently published a number of bulletins which should be of interest to students. They contain the results of a large number of scientific investigations carried on in our state. Any of the bulletins may be had by application to the Extension office in Science Hall. Following is the list of publications:

- No. 17. Management of Incubators, Chicks and Fowls.
- No. 18. Sow Thistle and other Weeds of Similar Habits.
- No. 19. Alfalfa for North Dakota.
- No. 20. Sweet Clover for North Dakota.
- No. 21. Potato Seed Plot and Certification of Potato Seed Stocks.
- No. 22. Potato Culture in North Dakota.
- No. 23. Farmers' Clubs.
- No. 24. Brome and Other Grasses for North Dakota.
- No. 25. Selection and Care of Textiles.
- No. 26. Helps for the Home Dress maker.
- No. 27. The Rural Hot Lunch.
- No. 28. Canning Card for the One Period Cold Pack Method.
- No. 29. Child feeding.
- No. 30. Home Nursing.
- No. 31. Food for the family.

Bulletins, Agricultural Experiment Station

- No. 128. New Labor Saving Machinery for Harvesting Grain.
- No. 129. Potato Experiments 1917 and 1918.
- No. 130. Report of Hettinger Substation 1913-1918.
- No. 131. Report of Dickinson Substation, 1915-1918.

"CADET BAND" CONTINUES TO GROW (Continued from Page 1)

- H. Winter, H. H. Zimmerman, F. A. Heulett, L. R. Twete, W. D. Brandenberg, H. E. Kjolrie, Wallace O. Berg, Otto Heidleberger.
- Saxophones—Geo. C. Kadlic, R. B. Falkenstein, Clarence Draggert.
- Cornets—G. E. Andrews, Wm. Zimmerman, J. C. Stewart, Oscar Jordheim, Melford Dahl, C. C. Resch, Magnus Myrdal.
- Horns—P. W. Jones, H. H. Nelson, B. P. Newton.
- Baritones—Geo. S. Hanson, Wm. E. Bina.
- Trombones—Merle Benschoff, Arvid Larson, A. M. Waldie.
- Basses—E. J. Heising, A. T. Froemke, M. W. A. Berg.
- Drums—Earl Rand, Elsworth Rathjle, W. O. McCracken.

After reading the above you will agree the size and quality of the Band is remarkable for this time of year.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the Northwest.

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry — General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery—Architecture — Architectural Engineering — Chemical Engineering.

These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training

The AGRICULTURAL and MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in Agriculture—Mechanic Arts—General Science—Rural Teachers.

SPECIAL COURSES

Business Training, Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery. THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, literature, mathematics and engineering subjects

Graduates from Approved High Schools are admitted to Freshman Class. Board and Room \$4.75 to \$5.00 per week.

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS.

SPECIAL COURSES OPEN OCTOBER 20.

Aggies Prove Too Much for Ts. Thomas Eleven Saturday (Continued from Page 1)

unsuccessful, the game ending right under the visitors posts.

Without doubt this will be one of the best games seen in Fargo this year. Full of strong come-backs and surprisingly stellar plays as it was. St. Thomas made a number of vicious runs down the field and at no time did they leave the game. Sportsmanlike in their defeat they deserve due praise.

The line-up follows:

North Dakota Aggies	St. Thomas
LatimerC.....	Lobissionere
MunkebyRG.....	Herdeich
RosatteLG.....	Guy
HueyRT.....	Lieb
PetersonLT.....	McGowan
ColemanRE.....	McGira
UnderwoodLE.....	Ryan

KrammerFR.....	Redman
MurphyRH.....	Goette
RoachLH.....	Ettinger

Substitutions: Aggies—Hayes for Underwood; Hunter for Coleman; Duerner for Roach. St. Thomas—Gibbs for Goette. Referee, Voyt of Brookings, S. D.; umpire, Garnder of Carlyle.

U. N. D.—No. 23.

TAKE IN THE WEEKLY MOVIES

The U. S. Department of Agriculture is sending a set of films to the college this fall and winter which should be of considerable value to the students. These films are on timely and live topics, and are depictions of the experiments and methods of work of many public service departments.

Mr. A. P. Hollis is in charge of the production of these films and promises to give entire satisfaction with them. Every Tuesday at 3:30 P. M. is believed the time at which most of the students will be free, the film being given in Physics Lecture Room. Everyone is invited to these productions.

The following reels will be shown this fall:

- Milk and Honey—2 reels.
- Coopeprative Berry Growing in the Pacific Northwest—2 reels.
- Poultry Pests and their Control—2 reels.
- To Feed a Hungry World—1 reel.
- The Barbarous Barberrry.
- Hog Cholera Control.
- Selecting Laying Hens.
- Prairie Dog Control.
- Red Cross Pig Clubs.
- Trap Nests.
- Working Boys Reserve.
- Making Gravel Roads.
- Making Concrete Silos.
- Wheat Grading.
- Cottage Cheese.
- Corn from field to can.

RYMER AT CONVOCATION

T. A. Rymer of the International Committee of the Y. M. C. A. of New York visited and spoke at the A. C. last Friday and Monday. Mr. Rymer's topic at convocation was Mr. Rymer is a graduate of Miami University and was a member of the varsity football squad. After leaving college he entered Y. M. C. A. work. For a time he was state Y. M. C. A. secretary for Indiana. During the year previous to the war he was General Secretary at Indiana State University, succeeding Alvah L. Miller who was formerly the state secretary for North Dakota.

At the beginning of the war Mr. Rymer was sent to Fort Sill, Okla. later he was transferred to the Southern Military Department where he was at the head of the

The Spectrum is very desirous of receiving student contributions. It is this "comeback" from the students that makes certain the position of themselves on campus questions. Likewise, it is the thoughts of the students that make a college paper worth while. The Weekly Spectrum must be edited as long as the school exists and the best way of obtaining editors and managers is to train and help them. Don't be backward if you have a line of poetry, or an editorial. Make it timely, snappy—and don't criticise too strongly—and send it in. If you have ability we can use you. Let us know you.

The campaign to change the name of the institution has been definitely determined upon by the Student Commission. It has been decided to petition for the change of the postoffice name to that of "State College, N. Dak.," and using this as the opening lever to prevail upon people and legislature to alter the name given us by constitution to that of "The State College of Agriculture and Mechanic Arts." It is, of course, expected the name "The State College" will be reverted to popularly, when designating our institution.

At first thought the task may seem next to impossible, but changing of the postoffice name should be easily done, and when once accomplished will demand the attention of every correspondent of the College. Advertising of this nature will make itself known and talked of very quickly, and proper application addressed to the Legislature should make that body feel the students are in earnest.

This action on the part of the student governing body is merely the expression of a change long desired by the thinking students of the College. Its purpose is apparent to even the casual observer:—a neater, shorter and more concise name, yet carrying as great dignity as does the present one. "State College," while denoting no special courses, has an invitation to investigation of our curriculum attached to it. The change has not the least slight of the team "Agricultural" in mind, but argues that since agricultural courses are by no means the only courses given in our schools, this one science should not be named at the expense of the others. The number of students who should

be added to our roll because of this one change should be large.

Our present action will demand the help of every student on the campus—every student who has ever been on this campus. It will mean united pulling now, and a continuance of same for perhaps, several years. The one thing important for us now is to set the impetus and make a united effort. Do your part, therefore, when asked to attach your name to the petitions. Yours for "The State College."

The student body of the College was more than pleased at the announcement last week of the organization of the Inter-fraternity council. Every man who has been here for any length of time and has had the good of the College at heart has wished for a controlling body in fraternity affairs, and now that the Council is realized they see in it a panacea for all the ills which have beset us since the beginning of fraternity life in this campus. The ever present "rushing" troubles, the continued lack of faith in the other fellow's organization, the numerous political troubles which were continually arising, and the many petty jealousies which were drawing student spirit away from the bigger College Spirit, should now be overcome. An organization with power to enforce its edicts can prevent the return to the suspicious times we hope have been forever left behind. To the fraternities the College should be thankful for this step in the right direction—their activities can now be directed with combined strength for the betterment of our school. Let the fraternities be ever watchful of their rights and privileges, likewise ever mindful of their duties to their constitution and to their council. May the organization thus started prosper and lead the way to a bigger better College.

Wanted: Stock Judging Team

Considerable interest has always been taken in good live stock at this college because North Dakota is primarily a live stock state and, too, because we have good live stock here.

This year we want a good team to represent us at the International Live Stock Show at Chicago. Prospects are the finest they ever have been. Competent students have already turned out for this work. Keen interest has been taken with the view that we are going to put North Dakota and especially the A. C. on the map as a great factor in the raising and observing of good pure bred live stock.

Let us boost for a team and in so doing boost for a greater A. C. Let the people of the east and elsewhere know we are wide awake and interested in the present-day problems.

We have good instructors, good live stock and good material for a team. Now we ask the students and faculty to back our movement and see the idea realized.

To you men who are taking up

work in the line of live stock, we advise you to put forth every effort for a winning team. Take an interest and put in extra time, in order that you may derive the most in the short period of time that is left.

Let's start the ball rolling and come back from Chicago with the honors.

—Old "Ag" Student.

Put Liniment on that Voice—
Nov. 1st.

The college was an interested spectator of the numerous flights of an aeroplane which circled over the campus many times during the first part of the week.

The impromptu dance in the Armory, Saturday—the first of the year—was greatly enjoyed by a large number of the students. The happy events of the afternoon enhanced the affair. It is hoped the College may gather in like manner under as auspicious conditions more times this fall.

Happenings Around Us

Miss Anna Olson has resigned her position as stenographer of the library and Miss Ida Halvorson of Lake Park, Minn., has taken her place. Miss Halvorson will also have charge of bulletins.

—oo—

As a further assurance to the girls of the institution that their room in the new "Y" building will be safe, the executive committee expects to Barr all the doors leading thereto.

—oo—

A number of the fellows of the college—proud possessors of that strange entomological specimen known as the Radio "Bugg"—have been trying to get together to form a wireless club. There is plenty of apparatus on hand, and when permission to raise the aerial has been secured, the boys should be able to chat with Honolulu, Paris or Grand Forks, at their choice. Just think of all the opportunities of world communication right on our own campus.

—oo—

The Y. M. C. A. is finding it extremely difficult to obtain or locate rooms for the students who are coming this week. Almost every available room is taken with more students arriving hourly. The situation seems to be an acute one demanding action and the cooperation of the residents on the north side. Accomodations for quite a number of "shorthorns" have been made in the Barracks building, but this will not accomodate all the students expected for the mid-term work.

—oo—

Prof. A. G. Arvold was a business visitor at Dickinson the last of last week.

—oo—

Leigh Thornton, of Sherwood, returned to college last week after an absence of nearly two years. He says he's been with the marines—and proud of it!

—oo—

The mound of earth covering a big section—too big, we are sorry to say—of our campus north of Science Hall, is slowly disappearing. It is to be regretted that this section of the campus had to be marred by the killing of the grass.

—oo—

George Knutson '15, was a recent visitor on the campus. Since graduation he has been in the service of the Western Sugar Refining Co., and is now acting in the capacity of manager of one of the sugar beet farms. All his old friends were pleased to meet him.

Got the rheumatics?—Yell and cure it.

—oo—

Hugh Robinson has found a new and novel method of "digesting" his farm management—we mean, his book. Ask him for particulars.

—oo—

By-the-way, just a tip—last Saturday of the St. Thomas men was seen to turn up his nose and make the remark that ten of the "Saints" could yell down the entire Aggie congregation—"down 'em out!" All of which makes us very prone to believe he was "awful" close to the truth. What's the matter here this year, anyway? Get out and yell once—see how it feels! What if you do have to resort to the language of the deaf and dumb afterwards. YELL!! YELL!! That's what you're out for!

SOCIETY

The first all-college party of the year, was given Saturday evening in the Armory, and was attended by a large percentage of the student body. The St. Thomas men were guests at the party. A general good time was in evidence and every one voted the party a great success.

Patrons were President and Mrs. E. F. Ladd, Prof. and Mrs. A. H. Parrott, Prof. and Mrs. Sudre.

THIS—N—THAT

—oo—

Wise Soph after Science class: "Huh! All the fossils are not in museums."

Engineer repeating abesnt-mindedly after a night out: "If you step on a lady's dress do not appear embarrassed. Admit you are on the wrong train and whistle for brakes."

Frosh: "If a man struck a clock would he be convicted of assault and battery?"

Teacher: "Not if the clock struck first."

Ralph Baker: "'Tis better to have loved a short girl than not a tall!"

"PAINFUL LEARNING"

—oo—

Hard, hard are the seats at the old A. C.

Or so the Freshies say;
So tho the Sophies say 'tis false,
The truth it then must be.

Slowly, softly, with a groan in his mouth

Mr. Freshman takes his seat,
While the berth is soft as Ider down

To Mr. "Hard boiled" Soph.

What then is the point I make today?

Not that the seats have pads,
But that if Sophies says do this,
Do it with out delay.

—P. E.

Y. W. C. A. NOTES

Don't forget the weekly meeting of the Y. W. C. A. in the gym next Wednesday evening. Come, and bring your little sister. We need the co-operation of every member to keep up the interest shown so far, and there is always room for improvement.

According to reports the Geneva meeting last Wednesday was both interesting and peppy. Brief reviews of the conference were given by the Geneva delegates, who didn't forget to tell the jokes on each other. It is to be hoped that next year we will have a larger representation than ever and a better Geneva meeting than ever.

Last Monday afternoon the members of the cabinet with their respective committees met, together with the advisory board, to discuss plans for the coming year. Com-

plete reports of the work of each committee were also given.

Girls, don't forget your Y. W. C. A. membership cards. See your little sisters at once and invite them to join the association.

"Dear Mamie"

—oo—
(With appologies to Lieut. Streeter and his "Dere Mabel.")

Dear Mamie,
Say, Mamie, you remember that I promised you I'd write often. You remember, don't you Mamie? Well, say, Mamie, I got more things to tell you. Say, Mamie, you remember that day I left Pumpkin Hollow. Well, who do you suppose I met on the same train as I was on? Say, Mamie, you can't guess. Well, it was Hiran Dolittle from down Broken Kettle way. You know Hi, Mamie. Well, I says to Hi, "Where You Goin'?", and he said he was on his way to the "A. C. College." Now, aint I the lucky guy? Here I find an old friend right the first thing. Oh, I'm lucky at finding friends. That's me all over, Mamie. Well, Hi and I talked about old times, and the first thing I knew we were in Fargo. Well, say, Mamie Fargo's some town. It's larger than Pumpkin Hollow but it reminds me quite a lot of the home town. One thing that's the same is the wind. Right after Hi and I got off, a big hunk of cinder blew into my eye. Now, you know me, Mamie. I aint no baby, but that sure did hurt some. Well, Hi had to open his suit case and hunt for a handkerchief so he could get that cinder out before we could go any further. I had to walk around with that eye shut up for about half an hour. Well, we took a street car out to the college and there we asked a big swell looking fellow where we was supposed to register. (You'll like that fellow, Mamie. The girls here all rave about his wonderful looks and his heavenly voice.) Well, he said we was supposed to go to the Francis Hall. He showed us where it was and we walked about half a mile out there. We hunted all over but we couldn't find the place, so finally some one sent us back to Main Hall. We got registered O. K. but it's too much to write about. You'll have to wait till I get home. Besides, I got to use gestures to explain it all real good. Well, Mamie, we room in a real nice place down town but we eat out to Ceres Hall. More about this too, when I get home. It needs gestures, too. And, say, Mamie, they make us freshman fellows wear green caps. Gee, it makes a guy fell cheap. I'm glad to do it if it makes them Upper Classmen feel good. Anything to see them happy and smiling. You konw that's me all over, Mamie. And say, Mamie, all the Freshman girls have got to wear their hair in braids down their backs tied with green ribbon. Believe me, some of them sure do look funny. You said it.

Well, Mamie, I got to ring off. Write soon.

Yours till the bench breaks.
Bugg.

Put Liniment on that Voice—
Nov. 1st.

THE ODD 25

If, out of every one hundred people in civilized lands, seventy-five were minus one hand, one foot, one eye or one ear, every one would marvel.

Yet it is a fact that today seventy-five people in every hundred are defective in what is undoubtedly our most precious gift—the faculty of sight.

There are only twenty-five people in every hundred who have perfect sight. The remainder are—or should be—wearing glasses in order to correct the deficiencies of their vision.

If you are not absolutely positive that you have perfect vision, call and let us make a careful, scientific examination of your eyes.

WHY GO ELSEWHERE?

When you break your glasses or need a new pair, let us take care of your needs. First-class service and satisfaction assured.

CASTALIAN NEWS

The Castalian Literary Society is up and doing, as may be seen by the following notes. It would be well if all the college organizations were as peppy and ambitious as this high school literary is.

Friday, October tenth, the Castalian Literary Society elected the following officers: President, Margaret Crosby, Vice President, Alma Anderson, Secretary and Treasurer, Pearl Swanson. The following Friday, October seventeenth, the Castalians held their first meeting and the following program was given: The Star-Spangled Banner...Society President's Address,

..... Margaret Crosby
Vocal Duet, Mildred Burke and Frances Reveland

Reading Mary Burke
Piano Solo Ruth Hendrikson
Tattler, Alma Anderson-Margaret Koppenhaven.

The Yellow and the Green.....

..... Society
A short program is being planned for November first, before the president's reception, and initiation will take place the following week. The Castalians are going to make this one of their best years, and the way they are starting out proves it. Energetic work on the part of all members means success.

YMCA CABINET MEN ON THEIR TOES TO TAKE CARE OF NEW MEN

Estimates received by the YMCA from President Ladd made it necessary to find rooms for 200 registrants for the Industrial Course. The Campus Service Committee immediately got busy in an attempt to find rooms for this number. The list of housekeepers already in the office was covered by telephone, and by letter to determine how many rooms were available north of the Great Northern. It was soon seen that the number was insufficient. A new canvass was begun.

The entire North Village was canvassed, including the vicinity around the Sacred Heart Academy, and all the territory as far south

as the Northern Pacific east to Broadway. Finally a group of eight men were compelled to go out Sunday afternoon and canvass south of the Northern Pacific to complete the number. The territory between First and Fifth Avenues, South, was covered in order to bring the total up to accommodations for 195 men. A few housekeepers phoned in late Monday, having heard of the emergency and being anxious to help out.

William Barr and Meritt Hoffman in charge of this work, had to secure help from others of the Cabinet to take care of the men as they came in. Most of the time Monday not less than five men were standing in line waiting to be directed to a room.

If the enrollment at NDAC increases, and we hope it will, a new dormitory will have to be built for men. And if the necessity arises, the dormitory will come.

"Y" REPRESENTED AT DETROIT

The Fortieth International Convention of the YMCA will be held at Detroit, beginning Wednes. at ten o'clock and ending Sunday evening, Nov. 19-23. The local YMCA will send delegates. The names of the delegates to be sent from this school will be announced later. At least one faculty man and one student will represent NDAC at this convention.

On the program at the convention will be some of the greatest figures in the world. The names of these men are not for publication. The list of the speakers will undoubtedly embrace some of the most prominent men of America, Europe, Asia, South America and many other countries. There will be delegates from practically every country on the globe.

The Detroit YMCA is making preparations to receive the delegates. Arrangements have been made to furnish student delegates lodging and breakfast in the homes of Detroit free of charge. Faculty delegates and those from city associations will be lodged in hotels.

The railroad companies have granted reduced rates of one and one third times the one way fare for the round trip. Tickets to Detroit for the convention can be purchased between the 15 and 21 of November.

The real value of the trip will be obtained from the wonderful messages, and the inspiration received by mingling with people from all over the world.

STOCK JUDGING TEAM TO THE INTERNATIONAL

In 1917 this College sent its first Stock Judging team to the International Live Stock Association at Chicago. The team did very well there, securing 11th place among the contestants. Last year, because of war conditions, no attempt was made to organize and train such a team. This fall Prof. Thompson expects to have such a team again, and extra time put in training those men who will try for the team will be begun this week. Every "Ag" student should be out to try his level best to make that team. The fortunate four or five who make that team will have some experience the equal of which they will never be able to get elsewhere. These who are unfortunate enough to be lost in the fray will, at least get something along a line that is of inestimable value to one who intends to become a stockman. The Exposition is held the first week in December, and the team will leave about ten days in advance, so that they may have a chance to visit ten or more herds and flocks before arriving at Chicago.

Constitution and By-Laws

The Inter-Fraternity Council
of the

North Dakota Agricultural College
Preamble

We the undersigned Academic Fraternities of the North Dakota Agricultural College, do hereby agree to organize on the basis of the Constitution and By-Laws here- to attached, and guarantee to live up to the same, provided the honor- able college council will insure the permanency and stability of the Inter-fraternity Council by giving us recognition. Said Constitution and By-laws to govern alike all academic Male Fraternities at the North Dakota Agricultural College. Alpha Gamma Rho.....A. N. Sorensen Alpha Kappa Phi.....Carl Winberg Theta Chi.....Dick Lewis

Constitution

ARTICLE I

Name

The name of this organizatin shall be The Inter-fraternity Council of the North Dakota Agricultural Col- lege.

ARTICLE III

Powers

Section 1. Legislative-Advisory. The council shall have power to concerning scholarship, rushing, pledging and time of initiation. It shall also have power to consider all other inter-fraternity matters, but its action in such matters shall be advisory and not mandatory.

Section 2. Disciplinary. The Council shall have power to enforce its own rules. The Council shall also have powers to exercise such authority as may be granted it by the College Council. (See also Pre- amble.)

ARTICLE IV

Composition and Membership

Section. 1 The council shall be composed of two active members from each of the Academic Fratern- ities at the North Dakota Agricul- tural College and also the member of the faculty who is elected President of the Council.

Section 2. An active member shall be defined one who is in Col- lege, is paying active chapter dues, and who has completed at least two years of college work if such mem- ber is available.

Section 3. Advisory Board. There shall be an advisory board composed of one alumnus from each fraternity.

Section 4. An Alumnus shall be defined as a graduate from the col- lege or a former student with at least two years college credit, who has been out of college two or more years.

Section 5. It shall be the duty of the advisory board to attend the meetings and to advise and assist the Council.

Section 6. Elections. (Each chapter shall elect its own repres- entative to the council and to the advisory board. The regular elec- tions shall take place before each annual meeting, and the terms of

service of the regularly elected ac- tive members of the council and of the members of the advisory board shall commence and end at the an- nual meetings.

Section 7. Term. The active members of the council shall be elected for one year. The mem- bers of the advisory board shall be elected for three years in such man- ner that one-third shall be elected each year, the apportionment to be determined by lot at the first meet- ing of the council.

Section 8. Vacancies. Any va- cancy in the council or the advisory board shall be filled by the active chapter concerned. Any member elected to fill a vacancy shall serve from the time of his election un- til the end of the regular term of his predecessor.

ARTICLE V

Officers

Duties, Election, Vacancies

Section 1. Officers. The officers of the council shall be a president, who shall be a member of the fac- ulty, and a secretary.

Section 2. Duties. The president shall at all times be custodian of all records, minutes, and moneys of the council.

Section 3. Election. The annual election of the president of this organization shall take place in the spring of the year; the exact time to be left to the discretion of the council. (See also section 8.)

Section 4. The president shall be chosen by the college council from three members of the faculty nominated by the inter-fraternity council at the meeting called for this purpose.

Section 5. The council may in- dicate its first or first and second choice of the nominees, and in case the college council fails at their next meeting to elect a president of the council, the one who received first choice shall be president.

Section 6. If the council has not indicated its first choice of the nominees and the college council has failed to elect a president of the council as above provided, the council may elect one of the nom- inees to be president.

Section 7. Terms. The presi- dent shall serve from the time of his election until his successor is elected and has qualified.

Section 8. The secretary shall be elected at the first meeting, to serve until the next first fall meet- ing. (Compare with Art. V. Sec. 3.)

Section 9. Absences. In case any officer is absent from a meeting of the council the council may elect one of its own members to act in his place for that meeting.

Section 10. Vacancies. The coun- cil may fill vacancies in office at any meeting. Any officer elected to fill a vacancy shall serve from the time of his election until the end of the regular term of his prede- cessor.

ARTICLE VI

Quorum

Meetings, Annual and Special

Section 1. An annual meeting of the council shall be held on the

2nd Monday following the opening of classes in each college year.

Section 2. Other meetings may be called by the president or any 3 members of the council.

Note: For definition of Quor- um, see Article VIII. Sec. 2.

ARTICLE VII

Rules, By-Laws, Amendments

Section 1. No standing rule for the regulation of inter-fraternity matters shall be passed by the council unless said rule shall have been submitted to every chapter re- presented in the council at least one week in advance.

Section 2. A three-fourths ma- jority of the membership of the Council, exclusive of the president, shall be required to pass by-laws and all other measures except amendments to the constitution.

Section 3. This constitution may be amended at any meeting by a un- anious vote of the membership of the council, exclusive of the presi- dent, provided that every proposition for an amendment shall be sub- mitted to each fraternity represen- ted in the Council at least one week in advance.

BY-LAWS

ARTICLE I

When Effective

All rules and by-laws contained herein shall take effect and be in force from and after the opening of the college for registration for the fall term, 1919; Provided; upon enactment o rules and by-laws gov- erning the council and fraternities, they shall take effect and be enfor- ced from and after their passage.

ARTICLE II

Pledging, Eligibility Statements

Section 1. Date of Pledging. No student of this college shall be pledged by any fraternity until the tenth day of the first month in any term, said student having previous- ly completed a term's work in a college curriculum in the North Dakota Agricultural College.

Section 2. Eligibility. No stud- ent shall be eligible to be pledged to a fraternity until he has com- pleted at least one term's work in a college curriculum and obtained a passing grade in twelve (12) hours of work, in the North Dakota Agricultural College.

Section 3. The president of the council shall secure and place be- fore the council the names of all men eligible for pledging, five days previous to the date set for pledg- ing.

Section 4. Pledges to be reported within three days. Each fraternity shall within three days after the pledging of any man place in the hands of the president of the council upon a card supplied by the council for the purpose, the name of such man and date of his pledging. The president of the council shall keep an indexed list of all pledged and shall ascertain and pass upon the eligibility of every man. In case any pledged man upon investigation is found to be ineligible the presi- dent shall inform the offending fraternity of its delinquency and the case shall thereupon be sub- mitted to the council.

ARTICLE III

Initiations

Section 1. No student shall be initiated by any fraternity until he has been reported to the president of the council as being pledged and he has been passed upon by the president of the council as being eligible.

ARTICLE IV

Penalties

Section 1. In case of a delin- quency being reported a special meeting of the Council shall be called and the case brought up be- fore the council. The fraternity in- volved shall at this time have op- portunity to show cause for their delinquency. The penalty to be in- flicted upon the offending fratern- ity shall be decided upon by the unanimous vote of the council, the offending fraternity having no vote.

In case of the interpretation of any by-laws its interpretation shall be decided upon by a three-fourths majority of the entire council.

Section 2. The penalties which may be inflicted for violation of these rules shall be:

1. Publication of offense.
2. Any chapter pledging a stud- ent who is ineligible to pledging shall at the discretion of the council be barred from pledging such man un- til after he has registered for his fourth term in the college curricu- lum.
3. Any chapter pledging a stud- ent who is ineligible to pledging shall at the discretion of the council be barred from pledging such man un- til after he has registered for his fifth term in the college curricu- lum.
4. Any chapter pledging a stud- ent who is ineligible to pledging shall at the discretion of the council be barred from pledging such man un- til after he has registered for the 6th term in the college curriculum.
5. Barring Inter-fraternity ac- tivities.
6. The fraternity shall forfeit the right to vote in the council for a period of time designated by the council not to exceed 3 months.

LOOK OUT U

—oo—

There's a long, long trail a-winding
Across the plain of broad N. D.
And along that trail is grinding
The "Special" from old A. C.

There's a great big crowd a-riding
To back the old A. C. team
For we're out to get the N. D. U.
And spoil their little dream.

There's a hard, hard fight before us
Both for Rooters and the Line
But their scalp shall deck that
"Special"
For we sure are feeling fine.

Earnest Amburn and Wilber
Linn, old timers here, were visi-
tors on the campus for the game
Saturday.

Put Liniment on that Voice—
Nov. 1st.

S. D. STATE WILL MAKE STRONG GAME

According to all "dope" available the game with South Dakota State this Saturday, is to be a real game. The college from our sister state always has put up a stiff scrap, their team almost always being of the big, rangy type. Every indication points to a team of like make-up this year. Coach Borleske believes we will have no small game on our hands, and that we can expect as good a game as was last Saturday's. That the visitors are not new at the game is evidenced by the score they ran up against Aberdeen Normal last week—49 to 0. The "dope" says a big game. Therefore everybody out and let's open up on some of that "Big League" yelling we're going to give the U.

Two new men are working on the squad: Kamer from Sioux Falls College, and Weinberger from Kenmare. The entire team seems in good condition and the Coach hopes to keep it so for the games in November.

Y. M. C. A. JOTTINGS

Progress on the new YMCA building is becoming more evident as the building nears completion. The painter finished their work Monday and removed all their paraphernalia.

I. W. Smith, President of the Advisory Board and acting for the Board of Directors, ordered the entire building to be thoroughly cleaned. Mr. Bird, formerly of the Copper Kettle has been employed to look after the work.

The furniture for the student room arrived Monday. Mrs. I. W. Smith and Mrs. H. P. Beckwith of the Furnishings Committee selected the furnishings. This room will be occupied by Clarence Jensen and William Barr, who have been selected by the Board as regular assistants to the General Secretary in the care of the work to be carried on in the building.

Jensen will be in entire charge of the building at times when the General Secretary is away for meals or other appointments. The oversight of the building at such times will rest with him. It is believed that every A. C. man will cooperate fully in order to keep the proper atmosphere in the building at all times.

Barr will be charged by the Board with the responsibility of opening the building in the morning and closing it at night. Since the plumbing, furniture and equipment will represent several thousand dollars in value, this will be a place of great responsibility. A window left open at night might mean two hundred dollar plumbing bill.

COAL - LUMBER - WOOD

First for Service

INTERIOR LUMBER COMPANY

A movement is on foot to institute moving pictures. This work will be in charge of Sigmund Liefson.

The Cabinet met Tuesday night to complete the outline of the year's regular YMCA activity. This will include social, religious athletic and community work. Each department will be in the hands of an experienced student.

SEVERAL NEW ADDITIONS TO FACULTY

In the Department of Social and Economic Science Dr. A. F. Hunsaker has just been elected as the head. He is a graduate of the State Normal University of Illinois; a graduate of the University of Illinois; has studied at the University of Wisconsin and at Columbia University; has his Ph. D. degree from the University of Illinois; has taught in high school; been principal of schools in Illinois; and during the past year was Assistant in Economics at the University of Illinois. He comes very highly recommended for his special field of work.

Frank S. Kimball has been elected for the School of Pharmacy. He received his degree in Pharmacy from the Northwestern University in 1915 and graduated from the University of Illinois in 1918. He has specialized in Physiological and Pharmaceutical Chemistry and has since graduation been employed with Parke, Davis and company, Detroit, Michigan. He was offered a position as instructor in the University of Illinois for the present year but has accepted a position with this institution.

Mrs. Martha Lee Randall comes as Matron of Ceres Hall and Superintendent of the Dining Hall. She has for the past seven years held a similar position at the Monticello Seminary in Illinois, a large, girls' school with about two hundred in the dormitory. She is highly recommended and will take up her work here at once.

The regular fall meeting of Phi Kappa Phi was held in the Home Economics lecture room in Ceres Hall, Tuesday evening, Oct. 14th, 1919. The following officers were elected for the present school year: President, Prof. E. S. Keene; Vice President, Prof. O. O. Churchill; Secretary and treasurer, Miss Harriet Pearson. After the business meeting, Miss Blanche True of

DR. PHILO HAMMOND NEW HEAD OF PHYSICS

Man of Wide Training and Large Experience Will Strengthen Engineering Courses.

Dr. Philo F. Hammond of the University of Alberta, was named this year to take over the physics work of the College. This department, heretofore, has been divided between Dean E. S. Keene and an Assistant, but has become so large of late years that it required the whole attention of one man to keep it running smoothly. Dr. Hammond has been at work since the beginning of the year and promises to make the Physics work one of the largest in the Institution.

Dr. Hammond began his education at Iowa State Teachers' College in 1902, after which he attended the Universities of Michigan, Washington, Chicago and Leland Stanford Junior University. His graduation work was taken at the Universities of Washington, California, and Leland Stanford Junior University. His teaching experience has been as extended as his students work. He has held principalships in several western high schools and Professorships in the University of Washington and Leland Stanford Junior University. Between the years of 1916 and 1919 he held the position of head of the Physics Department at the University of Alberta.

In his years of study and work Dr. Hammond has produced several papers for nationally prominent scientific magazines. While at Leland Stanford U he was elected to the Sigma Xi natural science society, and later to the American Physical Society, in honor of some of his work for the Physical Sciences.

Mr. Hammond says he finds the laboratory here unique in the work that has been done in household Physics. He says, there are few

institutions on this continent that have tried out such a course and perhaps none that have developed it as has been developed here. He desires, however, to increase the efficiency of the lab and course, making it one of the best in the Northwest. He likewise, plans to add courses in electricity for engineers, providing there is sufficient demand for same.

We are pleased to welcome a gentleman of Mr. Hammond's calibre to our campus. We feel his work here will be of very material benefit to the college. May he be one of us.

The Band 'n' Everything's Goin'.
