

THE SPECTRUM

EDITED AND CONTROLLED BY THE STUDENTS OF THE NORTH DAKOTA AGRICULTURAL COLLEGE.

VOL. XXXII. No. 12 NORTH DAKOTA AGRICULTURAL COLLEGE, THURSDAY, MAY 28, 1919.

PRICE FIVE CENTS.

INTERESTING SPEAKER AT CONVOCATION

Mlle. Jaqueline Bertillion, niece of the famous criminologist, and a Justice in the Court of Appeals in Paris, France, Spoke to the students of the college at the Little Country Theatre, Friday, May 23. She has been speaking under the auspices of the State Federation of Women's club at various places in North Dakota. During the past year she has been attending the University of Minnesota.

Her lecture which was on the women of France and their work during the war, was illustrated with moving pictures, taken by the French government. These showed the women in the fields, factories, ammunition works, hospitals and various industries besides. Mlle Bertillion explained the attitude of France to Americans, the way she showed appreciation of America and the results of our entering the conflict upon her. She told of the heroic women of France, and some of the most notable were shown in the picture. The personal touch of how France received women in public work before and during the war was interesting and representative of all nations.

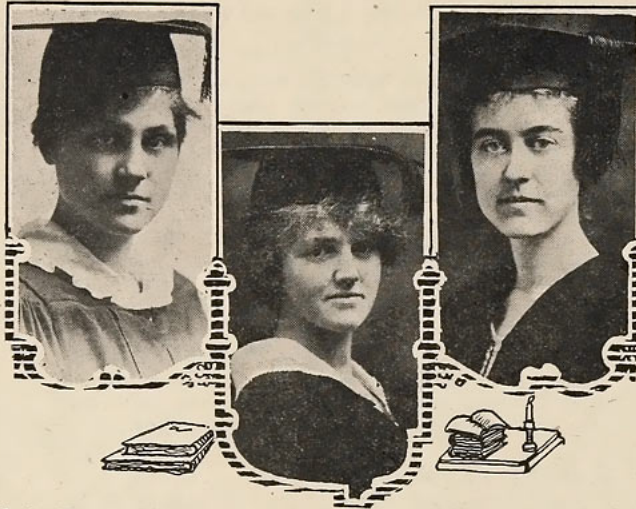

Mlle. Bertillion was herself of striking personality and seemed to be a typical Frenchwoman. She gave her talk in the dress of the Justice in the Court of Appeals.

The lecture was well worth while for those who attended and would have been for those who did not.— However the number who did turn out was encouraging for future features of this sort. The Saxophone Quartette gave a selection before the lecture which was well received.

SHRINERS TO HOLD PAGEANT ON CAMPUS

On the afternoon of June 6th the Shriners of the northwest are planning to hold the pageant "The Pastimes of the Ages" on the drill grounds of the college. This spectacle which promises to be one of the largest held in the vicinity of Fargo will be under the direction of Prof. Arvold of the College, and is already well under way. The large grandstands of the school have been moved to their temporary position on the drill field and other arrangements for seating have been made. The event is open to all and is something which the students should witness.

Officers Class of 1919

Marie Huey, Treasurer; Cecil Van Hook, Secretary; Beulah Watson, President.

SENIORS OF '19 HAVE INTERESTING, DIVERSIFIED AND ACCOMPLISHED MEMBERS

The record of the graduating class of 1919 leads us to believe little is wanting among their number in the way of ability and brains. Four long years have they laboriously followed the dictates of the Discipline Committee and wisely refrained from using all their "skips" at the first of the term. It is to be sincerely hoped that hereafter in the absence of any such ruling force they will not forget these lessons so painfully learned. Likewise let them not forget their Alma Mater nor that she is interested in them.

Following is the list of the class of '19 with something of their records at the college.

BRYHILDE C. BERGSTROM,
Home Economics Cooperstown, N. D.
Delta Phi Beta.

One of the steadiest of the Seniors and a conscientious worker. In her inassuming fashion she is certain to make a success of her Economics work.

FERN E. BRISCOE, Home Economics, Fargo, N. D.
Phi Upsilon Omricon, Secretary of Athenia '17,
College Quartet, Treble Clef Club, Y. W. C. A.
Cabinet, Spectrum Staff.

Fern is a strictly A. C. product having been with our school thru both high school and college and our institution can well be proud to own her and her work. Fern has proven herself of great capability and is bound to make a success of her teaching no matter how large or small the class!

PETER DE BOER,
Pharmaceutical Chemistry Pollock, S. D.
Alpha Kappa Phi, elected to Phi Kappa Phi, '19,
Band, President North Dakota Pharmaceutical Society.

"Pete" is one of the oldest students in the college, and in his several years of work has built up a reputation for steadiness and scholarship equaled by few. When we lose him we lose the source of a quiet, steady strength.

(Continued on Page 2.)

SUMMER SESSION COURSES ARE ANNOUNCED

This week the Bulletin listing the courses to be given at the Summer School was given to the public. Dates of the session are June 30 to Aug. 8, 1919. The courses offered include nearly all branches of work given at the college and should prove of interest to all students wishing of interest to all students wishing summer work. Special courses for completed, these including almost everything of interest to students in this work. If you are planning on Summer School look over the following courses of instruction, and see the Registrar for any work in which you are interested:

- Agriculture
- Agricultural Education.
- Animal Husbandry.
- Bacteriology.
- Botany.
- Chemistry.
- Dairy.
- Dress Making.
- Economic Science.
- English
- Farm Crops.
- Farm Management.
- Grain Grading.
- History.
- Home Economics.
- Horticulture.
- Library Methods.
- Literature.
- Manual Training.
- Mathematics.
- Mechanical Engineering.
- Millinery.
- Millinery.
- Modern Language.
- Physical Culture.
- Physical Training.
- Physics.
- Psychology.
- Public Speaking.
- Soils.
- Veterinary.

COLLEGE COMMENCEMENT JUNE 14-17

SENIOR CLASS PLAY

Saturday, June Fourteenth, Nineteen
Nineteen — The Little Country Theatre.

THE ARRIVAL OF KITTY,
A Farce In Three Acts By Norman Lee Swartout

Cast of Characters:

William Winkler.....Clifford Willson
Bobbie Baxter.....Rudolph Frigstad
Benjamin More.....Carl E. Winberg
Ting Marie Huey
Aunt Jane..... Beulah Watson
Jane Marjory Lieberg

Now that summer months are approaching and all of us are planning vacations and work for the three months to come, the mapping of some endeavor upon the part of all the students for our college is not amiss. The statement that a strong alumni association is a big asset to an institution is undoubtedly correct, but a strong association of students themselves when acting as a unit for the interests of the college among outsiders will prove equally effective. The endorsement of an institution by its students is its one best recommendation to outsiders and is certainly most likely to bring new students to its doors. The Agricultural College provides opportunities unlimited for higher education, while situated as it is in the largest city of the state it is at a strategic point where the largest ideas of the Northwest are merged. Outside of its educational possibilities our college provides a social atmosphere of high quality, gives opportunities in activities which the most discerning student cannot but appreciate. The whole prospect for the summer's vacation of our students as an opportune time for telling others of our college has never been equaled.

The Spectrum is this week attempting to give a few writeups of the Class of 1919, the idea being to replace the Agassiz to a limited extent and to show the Seniors that we appreciate them and their work. They have been in our school four years, some of them more than four, and have come to evaluate the college in a way unknown to lower classmen. Our attempt to show them our evaluation of them in this issue is done more in the spirit of the Agassiz and we hope no feelings will be injured.

ATHENIANS ENJOY ANNUAL OUTING.

Last Thursday the Athenian Literary Society enjoyed its annual picnic and outing on the Red River when a party of some twenty-three or twenty-four of its members took the launch up that river to spend the afternoon and evening. To say that everyone present enjoyed himself is putting it mildly for the Athenians usually make it a habit of so doing. Games and "eats" and plenty of bouquets made up the program of the afternoon and evening. The early return of the picnickers proved a surprise to one or two who got "lost", the latter returning on time, however, and all turned out OK. The Athenians are anxiously awaiting the return of the Annual next year for a repetition of this year's event.

SENIORS OF 1919

RUDOLPH S. FRIGSTAD,
Industrial Chemistry Moorhead, Minn.
Alpha Kappa Phi, Athenian, N. D. A. C. Unit
S. A. T. C. '18.

We always had considerable faith in "Frig" until a few months ago when Ceres Hall Cafeteria proved his undoing, since when he has appeared "out among 'em" with increasing frequency. Slight indications have it that his attentions are divided between two fraternities at present with tendencies toward membership in both, but we believe he will come out of the enigma all right and lead an illustrious career in his chosen profession

ENOCH A. FROJEN, Agriculture Oakes, N. D.
Alpha Gamma Rho, Football '16-17, Athenian,
President Y. M. C. A. '17, Commissioner of Elections
'17, Agassiz Staff '18, Second Lieutenant Field Artillery—service in France '18-'19.

"Froj" was one of the first to hear the call to camp extended toward the college men of the country and won a commission at Camp Custer near the first of the year 1918: His service in France since that time has been exciting and full of experiences. He always entered wholeheartedly into his activities at the college and was a good student.

OTTO HAINERT, Agriculture Fergus Falls, Minn

Hainert is a student of the college from four years ago and has seen military service in Mexico and France since that time. He is coming back to his old school to graduate.

M. IRENE HAUGEBERG,
Home Economics Washburn, N. D.
Delta Phi Beta, Pythian, Basketball '16-'17, Y. W.
C. A. Cabinet.

Irene came to us from Washburn and her friends say she is going back, and they add they don't know what the attraction is but that she isn't going to teach. Her four year's work as guard on the girl's basketball team has given her distinguished service honors not reached by many.

EMMA G. HENDERSON,
Home Economics Bottineau, N. D.
Delta Phi Beta President '18-'19, Women's League.

"Em" came to the college in her Sophomore year from the School of Forestry and quickly took her position as one of the women's leaders of the campus. She has fitted herself for valuable Extension work when she leaves our College.

MABEL M. HOLLIS,
Home Economics Fargo, N. D.
Elected to Phi Kappa Phi '19.

Mrs. Hollis, while not so well known to the students, has proven herself a thorough and well versed student in modern affairs.

HAROLD S. HOLT,
Industrial Chemistry Fargo, N. D.
Alpha Kappa Phi, First Lieutenant N. D. A. C.
Cadet Battalion, N. D. A. C. Unit S. A. T. C. '18.

Junior member in the firm of Frigstad and Holt, and tending somewhat toward the same virtues of his senior partner. He has managed, however, to keep a steady helm the last few trying months of school, and we believe will weather the storms of life with the same equanimity.

MARIE HUEY, Home Economics Fargo, N. D.
Delta Phi Beta, Vice President Edwin Booth Dramatic Club, Treasurer Senior Class, Spectrum Staff.

Marie has earned the the reputation of hard and conscientious work in all her activities, and being connected with so many of them as she is, her place cannot be filled immediately. We rather fear Marie is sometimes undecided as to what she will do with her training in Home Economics but we imagine it may have considerable to do with "one", anyway.

Tuesday, June Seventeenth, Nineteen
Nineteen, College Armory
Ten O'Clock.

Music Selected
Prayer
Music Selected
Address Walter Williams, University of Missouri, Columbia, Missouri.

Music Selected
Commencement Luncheon — Ceres Hall—Twelve o'clock.

The Engineering building looks much improved with its new trimmings. New spring "trimmings" could be made much more the fashion on the campus.

Local Events

TENNIS AND PICNICS.

With the advent of the beautiful summer weather of the past few days came the sudden disposition of the students and faculty alike to go picnicing and to play tennis. In fact you'd think these sports were the national sports by the way they are being rushed the past two weeks. A picnic a day with a match or two of tennis spliced in between times has been the rule. Th picnics include class, inter-class, Literary Society, fraternity and "the bunch" picnics, while tennis is being enjoyed by everyone who can wield a racket. There isn't a student who wouldn't take the tennis courts home with them this summer if the faculty didn't object.

SADDIE AND SIRLOIN CLUB STARTED.

Last Wednesday a short meeting of the upper classmen Ags was held and it was decided to start a local branch of the Saddle and Sirloin Club. Dean Shepherd addressed the meeting telling of some of the opportunities to be obtained by such an organization. The club will be in the nature of an organization for the furtherance of Animal Husbandry, and it will also attempt to foster the yearly Stock Judging Teams going to the Chicago Stock Show. The Ags intend meeting this Wednesday and perfecting their organization.

SENIORS COMMENCE PRACTICE.

The Seniors are beginning practice on their play. "The Arrival of Kitty", this week under the direction of Prof. Arvold. The play is one of more than general interest this year as it is one of the latest and most successful of its kind and will be ably rendered by the Class of '19.

REGISTRAR TAKES NEW OFFICES.

The removal of the Extension offices to the new Science addition left the southwest corner of the second floor, Main Building, vacant and last week Registrar Parrott and his office force moved into the room in this corner. The new location gives the Registrar an ideal outlook on the campus and is one of the best locations for college office work on the campus.

THE YELLOW AND THE GREEN.

Whether our campus was designed that way in the first place or not seems to be immaterial, but recently we certainly have been having an exemplification of the Yellow and the Green if ever. Dandelions are all right if made to keep their places as a decorative plant but we hope they will not be allowed to drown out of the beauty of the campus by being allowed to scatter as they will.

Harry Hofmann and Clarence Draggert were initiated into membership with the Kappa Phis last week.

SENIORS OF 1919

ERNEST E. JOHNSON,
Civil Engineering Fargo, N. D.
Alpha Kappa Phi, Athletic Board of Control, Football '16-'17, Lyceum of Engineers, N. D. A. C. Unit S. A. T. C. '18.

When we lose "Erny" we are almost afraid our Cadet Hops will go to nil, due to lack of good music, altho we know the construction world will gain a valuable member. So unlike most Seniors "Erny" has recently developed a strong liking for "company" between and after classes; he is likewise becoming noted as a valuable member at picnics.

LOUIS JORGENSEN, Agriculture Towner, N. D.
Alpha Gamma Rho, Alpha Zeta, Elected to Phi Kappa Phi, '19, First Sergeant N. D. A. C. Training Detachment, '18.

As an example for all Freshmen "Louie" cannot be equalled, and he earned every credit he made at the College. As well as being a good student he is a good agriculturalist and demonstrates this on the farm as well as in classes. Whether "Louie" is interested in "something" back on the farm or not we have never been able to discover but if he is we wager it'll be all right.

MARIE H. KIRK,
Home Economics Devils Lake, N. D.
Y. W. C. A. Cabinet, Pythian.

Marie is another of our dignified and inassuming Seniors—until you know her, after which—her friends will supply particulars. She has remained firm in her affiliation with the Y. W. C. A. thruout her college course, and has been one of the best students in her classes.

ADELAIDE V. LAURIE,
Home Economics Crary, N. D.
Phi Upsilon Omricon President '19, Y. W. C. A. Cabinet, Pythian.

It will be but a day or two after the reopening of school next fall that we will miss "Addie's" smiling countenance and wonder where she is. Always an enthusiastic worker and with a pleasant word for all, her place will be one most difficult to fill—even granting that it can.

MARJORY C. LIEBERG,
General Science Minot, N. D.
President Edwin Booth Dramatic Club '19, Vice President of Senior Class, Y. W. C. A. Cabinet.

"Marjie" is one of our busiest girls, and has been one of the chief reasons for the success of a large number of our plays and festivals of the last few years. Her name will always be connected with the Little Country Theatre in which she has focused her work so efficiently. When she leaves us our College will be losing one of its most capable members.

GRACE I. MARES,
Home Economics Wheatland, N. D.
Athenian.

Grace, while joining the Seniors just this year, is one of the "old timers" at the institution. She decided she wanted to graduate with a "good class", however, and will have a '19 following her name hereafter. She does not yet seem fully determined as to the number of "student(s)" she will have in her Home Economics classes.

INGA J. MIKKELSON,
Home Economics Webster, N. D.
Phi Upsilon Omricon, Y. W. C. A. Cabinet, Basketball '16-'17.

Inga has attained a reputation for sobriety to which not all of us arrive, but we are sometimes inclined to think she is not as sober as she would have us believe. Her work on the basketball floor will be greatly missed by the girls as she has attained the reputation of being "some centre."

VESTA M. STEER, Agriculture Mott, N. D.
President of Athenia, Y. W. C. A. Cabinet, Stock Judging Team '17, Basketball '16-'17, Treble Clef Club.

Vesta is one of the first girls of our college to attain notoriety
(Continued on Page 4.)

CERES HALL EVENTS

Mr. and Mrs. John McGuigan of Chaffee, N. D., visited their daughter Ethel over Sunday.

Mary and Mildred Burke have recovered from their attack of measles and are once more seen wandering around the campus.

Miss Ruth Woldy of Edmore, N. D. visited the "Woldy kids" last week with a big suitcase full of homemade goodies. Consequently said Woldy kids entertained to dinner the Misses Paulson, Lee, Thompson, McCarthy, Rasmusson, and Evingson.

Helen Falkenstein of Bottineau, N. D. was a Ceres Hall visitor last weekend.

Miss Mabel Knutson of the State University visited Nina Colman last weekend.

Miss Grace Mares spent the weekend at her home in Wheatland, N. D.

The Misses Margaret Bishop and Marian Pannebaker made their weekly visit at their homes in Mapleton.

Alice Tjenstrom returned from an extended visit at her home to resume her studies. We're glad to see you back, Alice.

Al Forberg is enjoying a visit with the measles in the hospital corridor.

Picnicing and mouse chasing are the favorite diversions of the Ceres Hall girls lately.

The Y. W. C. A. program Wednesday evening, May 21 was:
Piano Duet by Misses Holl
Continuation of talk in Eight Week Clubs by Marian Pannebaker
Ukelele Duet by
..... Misses Challey and Kelley.

ALPHA KAPPA PHI HOLDS ANNUAL MEETING.

The members of the Alpha Kappa Phi fraternity held their annual meeting at the fraternity house, Saturday, May 17, at three o'clock. All the important business of the body was taken up and the officers elected for the coming year. Lewis R. Croal was elected president, Leland Smith, Grand Judge, Immanuel Johnson, secretary, and Herbert Zimmerman, treasurer.

Following the meeting, the annual banquet was held at the Gardner Hotel, and was attended by the 32 active members of the fraternity and a number of honorary and alumni members. A feature of the evening was the presentation of the 1919 annual of the fraternity, of which Fred Ball was the editor. Mr. Croal acted as toastmaster at the dinner and the event was closed with a program of after-dinner speeches, and a farewell to the senior members who graduate this year.

Francis Robinson, Jack Gazette, Martin Hagen and Chas Rose are recent campus visitors, they being here in attendance at the annual meeting of the Alpha Kappa Phi Fraternity. Frank Robinson has but lately returned from the service.

THIRTY THREE PREP. SCHOOL SENIORS

CLASS DAY EXERCISES

Thursday Evening, June Twelfth,
Nineteen Nineteen, The Little
Country Theatre.

PROGRAM:

Music—Piano Solo.....Laura Kelly
Presidents Address..... Ralph Irick
Class History

Thorson, Thea.....Lake Park, Minn.
Tjenstrom, Alice..... Washburn, N. D.
Walter, Anna L..... Berlin, N. D.
Watt, Margaret B.Leonard, N. D.
Watt, MaryLeonard, N. D.

BASKETBALL FRIDAY P. M.

Special game of Baseball will be played on the College diamond Friday afternoon on 3 o'clock between Concordia College and the informal team of Agricultural College. This is not a regular collegiate game but will be played by A. C. men. Be out to see what material is to be found at A. C. Your registration card will admit you free.

FINAL EXAMS VERY CLOSE.

With but a week and a half of the school year left the final exams for the year loom very close. The dates set of these important events are the 11th, 12th and 13th of June after which you will be free to go home and rest up. A strictly honest examination is a thing a great many of the students would welcome this year.

SENIORS OF 1919

In the calling of Agriculture, her name and face appearing prominently before the country at large after she had attained a college honor one year ago. We do not believe, however, that she had to have an extension taken in her hat band nor do we believe she ever will. Vesta is destined to make 'em all "sit up and take notice." She shares half honors among the Seniors for tresses known as "red."

WALTER L. STOCKWELL,

Agriculture Fargo, N. D.
Manager '18 Agassiz, Seaman U. S. Navy—Service
in France '18-'19, Second Lieutenant N. D. A. C.
Cadet Battalion.

Walter was one of last year's seniors fortunate enough to get into the U. S. service in France and to be discharged in time to complete his work this year. He has always proved himself a quiet and capable student, and one all of us will be sorry to see leave.

CECIL A. VAN HOOK,

Home Economics Ryder, N. D.
Y. W. C. A. Cabinet, Pythian, Secretary of Senior
Class.

The fates decreed the Class of '19 should be twice adorned with auburn and "Cec" was one of the two chosen to wear it. And to say that she does it with honor is putting it lightly. One of the Seniors' "quietest" and a model student, she has always been a joy to her instructors. Those of the school who know her best hate to see her leave.

BEULAH L. WATSON,

Home Economics Fargo, N. D.
Phi Upsilon Omricon, Vice President of Senior Class,
Pythian, Y. W. C. A. Cabinet.

None will wear the Cap and Gown this spring better deserving the honors given her thereby than Beulah. Of quiet, thoughtful disposition, yet ready to take her part in school and class activities; she is ever mindful of others tho a leader of her class. Beulah's will be a difficult place to fill. We hate to see her go.

CLIFFORD H. WILLSON, Agriculture Leal, N. D.

Alpha Gamma Rho, Commissioner of Athletics '19,
Stock Judging Team '17, Basketball '17-'18, Agas-
siz Staff '18, U. S. Radio Service '18, Field Artillery
Officers' Training Camp, Camp Taylor, '18.

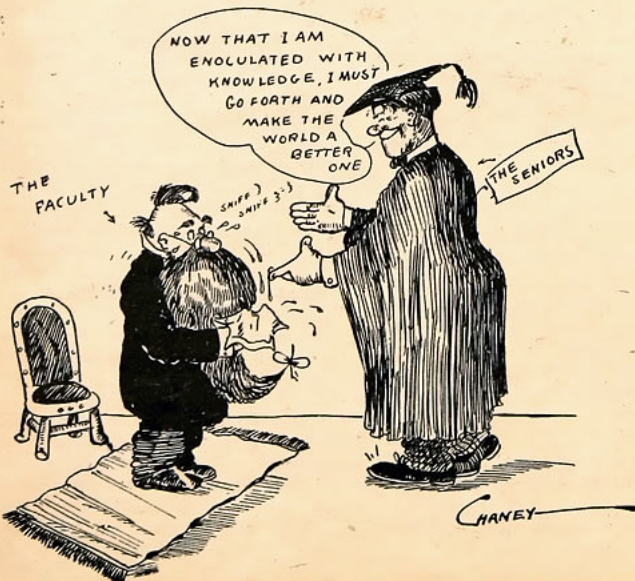

"Billy" came back to us this winter fresh from the army camps and helped instil considerable of the life of these places into the athletics of the school. In his several years of work here he has proved to be one of the most public-spirited students we have and his efficient work in athletics will be especially missed.

CARL E. WINBERG,

Civil Engineering Lake Park, Minn.
Alpha Kappa Phi, elected to Phi Kappa Phi '19,
Lyceum of Engineers, N. D. A. C. Unit S. A. T. C.
'18.

While to most of us "Doc" is somewhat reserved and he's never seen on the campus with a girl yet we feel that behind all his reserve there's "something" that keeps his mind employed, tho he's not disclosed it yet. "Doc" has an enviable record as a student and we believe is destined to make the Class of '19 famous.

There's Something More Than Sobs In The Below:

ANOTHER STUDENT RETURNED.

Raymond Reed of McLaughlin, South Dakota was a visitor on the campus last week. He has been in the service since the middle of last year, and says he is glad his military service is done with. He will probably be back with us next year.

TREASURERS' REPORTS ARE DUE.

Commissioner of Finance McKim wishes it known to the treasurers of the various organizations of the col-

lege that their yearly reports are due in the immediate future, and wishes to ask that they be handed to himself of Prof. I. W. Smith as soon as possible.

BOTANISTS EXAMINE N. D. FLORA.

Another thing which the recent weather has afforded is the trips of the various biological classes into the surrounding country. All of the classes which could get away have taken advantage of the opportunity afforded and some interesting expeditions have occurred.
