AGGIES FOUGHT HARD FOR CHAMPIONSHIP

VALLEY CITY WINS HIGH SCHOOL DISTRICT CHAMPIONSHIP

FARGO HIGH TO BE CONGRATULATED ON THEIR HARD FIGHT FOR THE HONORS.

Last Friday and Saturday the A. C. was host to the high school teams of the southeastern district, the occasion being the settlement of the high school championship for this section of the state. The contest was a spirited one from the very beginning and great rivalry was to be found between the ten contesting teams. Valley City and Fargo played the final contest as a preliminary to the big A. C.-U. game Saturday evening, and the Valley City quint proved its right to represent this section of the state at the state tournament. The last game was indeed the best of the tournament altho both teams had played two games apiece previously. Bowen and Willson of Valley City showed up, their work bidding fair to be the best of the entire tournament. Rae's long shots were likewise features of the games. Final score was 13 to 11.

To give each game in detail is impossible here but outside the championship game the Jamestown-Cooperstown and Valley City-Casselton games of the first day, with the two semi-final games of Saturday morn-

(Continued on Page 2.)

CAPT. McKENDRICK OUR VISITOR LAST WEEK

Y. M. C. A. WORKER AND REPRESENTATIVE OF THE CANADIAN GOVERNMENT, MAKES HIMSELF AT HOME WITH US.

Capt. C. E. McKendrick, an officer of the Canadian army, and a worker in the interests of the Y. M. C. A., was a welcome visitor on our campus a week ago. Coming to us as the representative of the Canadian government he had some very interesting tales to tell, and the lectures which he gave to the men of the college and to women as well as to the entire school at one convocation were well received. Capt. McKendrick had been thru some of the worst fighting of the world war and told many things coming under his own personal observation.

While on the campus Capt. McKendrick was the special visitor at several of the fraternities, spending most of his evenings at the several fraternity houses. He was also guest at Ceres Hall on several occasions.

A man giving the heart message Capt. McKendrick left with us is welcome at Ag. College any time and we are glad that he made us this visit.

UNIVERSITY PROVES THE BIG STUMBLING BLOCK SATURDAY

COMMISSION ELECTIONS THIS FRIDAY

The regular yearly election for the student commission will be held this week, Friday. To the students this is one of the most important events of the year as the work of the Commission touches everyone on the campus. The nominations include the names of some of our best students and selections for the various offices requires your serious thought. All student members of the institution having had this and one more term's work are eligible to and should vote. This includes college; high school and industrial courses.

The nominations are as follows:
Comm. President, Geo. Hanson, Stuart Kelley.
Comm. of Public Speaking, Esther Wolby, Ethel Tousley.
Comm. of Publications, Alan Shively, Edw. Falkenstein.
Comm. of Judiciary, Lewis Croal.
Comm. of Athletics, Roy Relw.
Comm. of Campus, Harry Hoffman, Margaret Alfred.
Comm. of Elections, Wm. Mortenson, Robt. Gardner.
Comm. of Social Affairs, Elenore Pearson, Henry Holt.
Comm. of Finances, Walter McKim, Mable Stewart.

— THINK IN INTEREST—SAVE—

SATURDAY NO SMALL EVENING AT A. C.

Without doubt one of the largest crowds that ever turned out to an A. C. event was present at the Armory last Saturday evening. There were two reasons for the big turnout: the championship game of the high schools of the southeast district, and

(Continued on Page 2.)

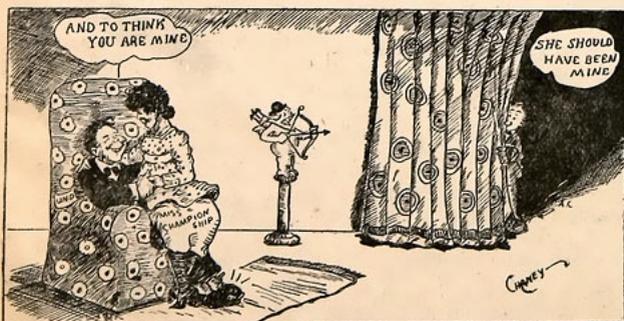

After defeating Fargo College "U" game broke wrong altho team fought gamely.

The championship race in North Dakota as far as the Aggies are concerned is over. Last Saturday evening's contest before the monster crowd in the armory settled the matter for us. In losing, however, N. D. A. C. can say that it believes the team was deserving of and should have won first honors. In every game played on the home floor this year with the possible exceptions of the Fargo-Moorhead and St. John's games the Aggies have excelled in teamwork and all around basketball, and this is likewise true of the game at the University two weeks ago. As we said, however, N. D. A. C. is out of the race and the matter of state championship will be settled between Jamestown College and the University.

Ag. College 20; University 27.
In the last and what proved to be one of the most closely contested games of the year, the University beat N. D. A. C. Saturday by the score of 20 to 27. From every angle of the game, however, with the possible exception of individual starrng, the Aggies deserved the victory. Their teamwork was well nigh perfect, their defence until the last minute of play unbeatable and their floor work all that could be expected. They romped all over the University territory, in fact, three fourths of the game was played under the "U" basket, and it was due only to the fact that the game continued to break against them that the A. C. quint was prevented from running up double the score they made. Reis, Heidner and Beals shot continually from every imaginable angle, but for some reason seemed unable to make

The annual "Freshman Number" of the Spectrum is scheduled to appear soon. Judging from the pep exhibited by most of its members the issue will be a "live" one, in fact, the "livest" one out this year. So watch out for it.

THINK IN INTEREST—SAVE

The basketball season just closed has demonstrated several things besides the fact that our team is headed toward being the best A. C. has ever had. It demonstrated primarily that the characteristic "scrap" and spirit which our college possessed some two and three years ago is not entirely a thing of the past; it demonstrated that our college still has that life and verve necessary to make it known in our state. A student body that is A. C. thru and thru, both here and thruout the state, should be our ultimate aim, and we will get just that thing. A passive indifference to college affairs is not what we want, but an active, live student body, awake to all that transpires on our campus and willing to work for the good of all.

THINK IN INTEREST—SAVE

OUR CADET HOPS.

Shall we discontinue them? We know the students of A. C. have had some excellent times at these weekly events this year, and tho the objective toward which they may have been leading, the military ball, was held last week, yet we do not believe we should necessarily drop the hops. Our winter is not entirely over and during the weeks we are held indoor we should continue with these weekly good times. Their continuance in the spring term would also be advisable since at that time they would be all-college, and would be a telling means of holding the collegiate students together. Let's continue with our hops, at least the first half of the spring term.

THINK IN INTEREST—SAVE

"HELPING ALMA MATER."

To those who move on and about our campus it is becoming more and more apparent that the Courier-News and Fargo Forum have come, by some unknown cause of political or other reason, to the conclusion that the A. C. has ceased to exist in the proximity of Fargo and no longer deserves to be mentioned in the news columns, but should (or should not—who knows?) be placed among the "North Dakota Kernels"—or why not "Philo's Phancies."

Saturday last according to some of the best of our campus authorities,

and as depicted by our local papers, ten men placed themselves on what is known as a gym floor at this institution. Five of these men were from this school and five from the N. D. U. It was a good game—but was lost.

Sunday morning's paper was printed, delivered and read. If a reader's guide had been printed and delivered with this edition, much time might have been saved for any readers who might by any chance have been interested in the activities of their state college. If such had been the case some might have found news concerning this aforementioned game at this institution.

All the above for this: we believe our school worthy of backing from the state, not only financially but also in spirit. And that "backing in spirit" should begin right here in Fargo with our newspapers. If we don't get it the institution may as well say "Goodby, God bless you."

THINK IN INTEREST—SAVE

AGGIES FOUGHT HARD FOR CHAMPIONSHIP.

(Continued from Page 1.)

the necessary ringer altho the ball hovered about the basket in a manner which was indeed disheartening to the team. The game was ours until within a minute or two of the final time shot, when the University broke thru our defense and with three short range attempts was able to make the deciding points.

The game started with the usual rush and after a few minutes of play the University passed, the Aggies overtaking and passing them soon, however, and continuing ahead of them until near the end of the game. The Aggies featured on long shots the first half, Reis making six of these, Heidner 2 and Anderson dropping in one. University broke away with the ball at times and would attempt to rush it to A. C. territory, only to have Chaney or Heidner break up their combinations and rush it back. Ellingson of the "U" broke thru several times, however, and made some close range baskets. The visitors were stronger the second half and gradually overtook the home team finally passing them at the close of the game. The University aggregation deserves credit for their staying qualities and for their strong comeback in the second half. The work of Ellingson and Stenshoul cannot be overlooked either, these two men starring for them.

Following was the lineup of the game.

A. C.	University.
Reis ----- F	Thorwaldson
Beals ----- F	Ellingson
Anderson ----- C	Sproul
Heidner ----- G	Stenshoul
Chaney ----- G	Richards

Field shots: A. C., Reis, 6; Anderson, 1; Heidner, 3; University: Ellingson, 8; Sproul, 1; Thorwaldson, 3. Free throws: Ellingson, 3.

This lineup continued thruout the game, again speaking well for the cleanness of the match. Very few fouls were called during the evening.

After the game the crowd—or as much of it as could—enjoyed dancing, the music being furnished by

the Cadet Band and the dance being given in honor of the visitors from the University and from the surrounding high schools. It was about all those present could do to accommodate themselves during the dancing so large was the crowd but everyone seemed to enjoy himself. After the dance a number of the students adjourned to the station to see the University Special off, while some of the more gay visited Howards or the "Dudle Bug" for refreshments. Altogether the evening was a rather strenuous one, and one few of us will forget very soon.

THINK IN INTEREST—SAVE

F. C. 13: Ag. COLLEGE 16.

There is no doubt that on a week ago Saturday Fargo College gave A. C. one of the closest races, as far as the score was concerned, that we have seen this year. The visitors were ahead of us from the start, and it was only in the last minute of the game that our fellows scored the points winning the game which belonged to them from every standpoint of teamwork and good playing. Fully three fourths of the game was played under F. C.'s basket and it was only thru rather poor shooting that our quint did not run up a heavy score. They kept right on shooting, however, and at the crisis of the game the two shots by Beals and Reis won and cinched what had begun to look like a defeat for the Aggies. The "pilots" deserve credit for the plucky manner in which they "stayed" and if credit for putting it is due them, but for all around teamwork and good basket ball the Aggies entirely kept up their past record. Our men all played brilliant games and we cannot mention the particular starring of any of them. Hodge probably outshone his teammates from F. C., making one or two spectacular shots and six free throws.

We would say about the game that we know the Aggies would have appreciated it had F. C. come here with the intention of playing a good, clean game and had not resorted to rather questionable methods of playing. The Aggies demonstrated at the University that they could play a game very well without resorting to rough methods, and we know they would have done so again had they not been forced to do otherwise.

Following is lineup of the game:

A. C.	vs.	F. C.
Reis ----- F		Burson
Beals ----- F		Murie
Anderson ----- C		Hodge
Heidner ----- G		Barosky
Chaney ----- G		Flatt
Fofthus		Sub

THINK IN INTEREST—SAVE

VALLEY CITY WINS CHAMPIONSHIP.

(Continued from Page 1.)

ing, Fargo-Wahpeton and Valley City-Jamestown games, should be mentioned. All four were keenly fought. It required 10 extra minutes of play to settle the Jamestown-Cooperstown tie; Casselton gave Valley City one of the hardest fights of the tournament; the two semi-finals were very closely fought.

Following is the list of games with their scores:

Buffalo—16.
Enderlin—37.
Jamestown—18.
Cooperstown—14.
Valley City—29.
Casselton—13.
La Moure—17.
Wahpeton—20.
Fargo—38.
Courtenay—7.
Enderlin—20.
Jamestown—26.
Semi-finals:
Fargo—19.
Wahpeton—12.
Valley City—31.
Jamestown—11.
Final:
Fargo—11.
Valley City—13.

On Saturday noon the college entertained the visiting teams with their coaches and an introduction to our college was given the boys, Dean Keene, Cuba Chaney of the N. D. A. C. basket ball team, and several others spoke, bespeaking the interest of the college in the tournament and in the visiting teams. After the dinner the visitors took in a few of the buildings and sights on our campus. These teams will be welcome visitors at A. C. any time they choose to call on us.

THINK IN INTEREST—SAVE

SATURDAY BIG NIGHT AT A. C.

(Continued from Page 1.)

the big game between the Aggies and the University. Large delegations from Valley City and Fargo Highs were present, their chief intent being to see their teams win, while the University crowd with its band occupied no small section of the floor. Besides these the Aggie rooters with the N. D. A. C. Cadet Band occupied over half the floor. The visiting high school teams added greatly to the congregation, as well. And neither can overlook the large number of Fargo people present. It is variously estimated that between 1800 and 2000 people witnessed the events of the evening. Some difficulty was encountered in handling the crowd and there was considerable cause for a great number of us to "get hot under the collar." Nevertheless the situation was handled with great dexterity by floor leader Bolsinger and everyone present enjoyed the games with as little discomfort as was possible.

THINK IN INTEREST—SAVE

On Sunday evening the same girls were invited to the Alpha Kappa Phi house. As the girls arrived they were invited to go and see the study. Upon their arrival there each girl was presented with a carnation.

The evening was spent in an informal manner by toasting marshmallows, popping corn, and visiting.

Some very enjoyable music was furnished by Mr. Johnson, Mr. Ball, and Mr. Frigstad.

After some delicious refreshments the girls departed, their only regret being that the evening was far too short.

AGGIES SEEN WHEN BUSY

"Tommy" Buxton was a welcome visitor on our campus Saturday, he having come down with the Special from the "U" to see the game. He was at the Theta Chi house while here.

Mr. and Mrs. John deJong, from Bismarck, fellow students of ours of last year, were visitors at the game Saturday evening. Their old friends were certainly pleased to see them.

Following is a bit of scandal concerning which we believe it would pay Ceres Hall inhabitants to investigate. 'Twas rumored lately that one of the fair, young Fargo College lasses—Jones' Hall inhabitant—had received no less a rebuke than to be sentenced to confinement for one week in this same hall for so great a misdemeanor as to return after hours with one of the gallant young Sophomores of N. D. A. C. Now we don't believe in telling tales out of school but we do believe our friend Oscar should be more prudent and not keep the ladies on the south hill away from their night's rest. Now, Oscar, promise to get in early and we won't say anything more.

Friday evening the members of the Alpha Kappa Phi fraternity were hosts to the Delta Phi Beta, Phi Upsilon Omicron, and Achoth sororities, at the fraternity home on Fourteenth street north. An enjoyable evening was spent in games and dancing. Light refreshments were served.

A pledging service was held at the Phi U. house Sunday afternoon at which Martha Landers was pledged to the Phi Upsilon Omicron sorority.

Miss Marian Grover and Miss Dorothy Hutchinson, who came down for the University-A. C. game were the guests of Miss Leila Maxwell, at the Phi U house.

Miss Irene Johnson of the N. D. University spent the week end at the Phi U house as the guest of Miss Mae Stewart.

On Saturday evening the high school girls who reside in Ceres Hall enjoyed a spread in Mildred and Mary Burk's room. After the spread the girls went to Mary Watt's room where some flash light pictures were taken and the affair ended in a slumber party in the same room. Margaret Bowers was an outside guest.

We are pleased to report that Harry Scott, who was so dangerously ill with pneumonia two weeks ago, is now on the mend and will be out in a few weeks. He is certainly to be congratulated on the fight he put up.

Peter de Boer acted chief pharmacist of Wahpeton the last of last week, while the proprietor of the store of which he had charge coached

the Wahpeton Indians at the tournament held at A. C.

Those of us who knew William Barr of Valley City last year will be pleased to learn of his recent discharge from the army. He was connected with the cavalry section of Uncle Sam's service. "Bill" was a short time visitor on our campus last week.

Between girls: I hear they're going to give astronomy this term; won't that be a splendid opportunity to study the stars thru the telescope! Ditto: I think it's lots better to invite them over and study them on the parlor sofa.

"The Triumph of Pauline" was the name of the play given under the direction of Magdalene Sigurdson last Tuesday evening in the Little Country Theatre. Critics agree that Pauline really did triumph, which was very much to Pauline's credit as well as for the good of the play.

"The Million Dollar Band" under the direction of Harold Bachman is expected in this country from France in the near future, and without doubt it will favor A. C. with a visit when it gets here since some of its members as well as its leader are old students of our college.

During the tournament week the various high school teams participating were entertained at the Theta Chi house.

A. C. PREPS WIN AGAIN.

As a forerunner to the big game of the afternoon the preps of the University and of A. C. staged a game at the armory in the afternoon of last Saturday, and in return for the defeat they received at the hands of the visitors two weeks go the local high school took the honors of the game. Flamer and Lattimer did the star work for the A. & M. T. boys, Lattimer breaking up most of the visitors' plays and Flamer doing most of the local's shooting. The high school team deserves considerable credit for their work in the game and for the strong comeback they staged against the Model High team. Final score was 17 to 19.

COACH DAVIS BACK SOON.

Ag. College will be pleased to learn of the expected return of Coach Davis next week. Coach Davis has been on war duty since last summer and has been in several large eastern camps where he has put out winning teams. We are therefore fortunate in having him back with us and can be certain he will come prepared with the pep and punch which will give A. C. some of the best teams she ever had. Acting Coach Movold, who has carried us thru the basketball season with wonderful success,

is to be congratulated upon the team he has given us, and we hate to lose him. Coach Davis will resume his duties immediately upon his arrival, and with the good baseball and track team prospects to be found on our campus we may expect something from him as soon as he can get started. With everyone behind the Coach we know he will be able to live up to his promise of a short while ago: we'll have BIG THINGS now and in the future at A. C.

HEIDNER WILL LEAVE US.

Not a one of us who is looking toward the welfare of our teams for next year but will be sorry to hear of the intended departure of Arnold Heidner, Captain of this year's basketball team. "Heid" has been with us three years and his name has come to be linked with anything that pertains to basketball, and with the announcement this week of his intended withdrawal from school to go into business most of us cannot help but feel that our prospects for next year will be hit rather hard. "Heid" has always played a strong, clean game and in so doing has won the admiration of the entire school. He will go into the hardware business with his brother at Salmon, Idaho, and intends leaving at the end of the term. The well wishes of the entire school go with him in his venture.

Word from Mrs. Fred N. Taylor (nee Miss Edyth Grasse) places her at home at Virginia, Minn. Mrs. Taylor has been our college instructor in music for the past several years, and this year we miss her. We received word last week that she sang some special numbers at a recent reception for returned soldiers held at Virginia.

COMPETITIVE DRILL ON THE 13TH.

The annual competitive drill between the companies of the N. D. A. C. unit of the R. O. T. C. will be held this Thursday evening, in the college armory. The competitive drill is an event toward which all cadets look from the beginning of the year and considerable interest is manifested in determining just which of the companies is the best drilled. The sword will be presented by the most competent of judges this year.

ANNUAL CERES HALL PARTY NEXT WEEK.

The girls at Ceres Hall met last week and chose the evening of the 20th for their annual party. This is the second of the two large parties given yearly by the girls of the college, and promises to be as big a success as was the Co-ed Prom. The men of the college will be invited to this affair, however, and the girls will be given an opportunity to prove to the boys just what entertainers they can be.

Several of the 'Y' men of the college attended the sessions of the state Y. M. C. A. convention that

was held in the city last week. An opportunity was given them to hear many interesting addresses on the reconstruction plans of this organization.

EXAMS COMING NEXT WEEK.

An event of probable interest to most of us will be held the 18th to 20th of this month, the aforesaid event being the term exams. It is rather doubtful that these dates are the best as we rather fear that our friend Looie will have overcelebrated on St. Patrick's Day. The faculty, however, showed their wisdom in letting us free from the 21st to the 25th, and it is believed by all that "us Irish" will have ample time to recuperate.

Considerable credit is due the patriotic committee which took hold of the matter of the Special to the University, financed it and made it a success. This affair was closed last week to the entire satisfaction of the railroad officials and the committee. The student body is indebted to the latter for its efficient work.

A checker tournament held in the 'Y' recently, proved Snorri Thorfinnson champion checker player of the tournament. He was presented with a loving cup (we almost said Cup, but it was Belt this time) by his fellow players as honor due the champion.

Miss Inez Field was a visitor at Ceres Hall and on our campus last week. Her friends would have been very much pleased to have had her with us this year, and were sorry she could not stay longer.

A COURSE IN ASTRONOMY THIS SPRING.

A course in Descriptive Astronomy will be offered as an elective in the spring term to any of the College students desiring to take it, and can arrange as to time. A few of the benefits derived from the study of Astronomy are: A widening of the range of thought and vision and the pleasure of discovering simple laws which work out with far reaching results and the acquiring of a knowledge of its commercial uses. Those desiring to take the course please confer with the instructor. No college mathematics is required for the course.

F. C. HOUSEHOLDER.

Jane D.—Oh Challey, don't do that!!

—Challey—Well! What could be more Holy?

Kelly—Our curtains!

Ask Joe Paulson how she works it to sit with the boys in Physirs class.

AGGIES MAKE GOOD SEASON'S RECORD

Now that the basketball season is over a glance at the record of the A. C. basketball team is very much in order. We find that the Aggies have played fourteen games, winning nine and losing five, which record upholds our contention that A. C. deserves far better than third place. We likewise find the team ran up a total of 314 points in the fourteen games as against 257 scored by opponents. This makes an average of nearly five points to each game on which to win—and five points is certainly enough to win on. A. C. played eleven games in this state, losing five of these of which three counted against her in the state championship contest.

Following is the list of games and their scores:

Opponent vs. A. C.	Points	Points
Jamestown College	19	31
Concordia College	10	31
Wahpeton Science	11	25
St. John's College	23	26
St. Cloud Normal	16	23
Wahpeton Science	20	13
Concordia College	14	26
Fargo-Moorhead	27	25
St. John's College	16	11
Jamestown College	25	17
Fargo College	14	27
University	22	23
Fargo College	13	16
University	27	20
	257	314

Altogether we believe our team has had a very successful year and considering the fact that some of the men have been here but a part of the season and that two of the men were new they have made an excellent record. A great deal of praise and the hearty support of the entire school is due the men.

The annual athletic dance and dinner will be left in the hands of Coach Davis when he arrives, this event probably coming off early in the spring. The matter of awarding the college letters, sweaters and service stripes will likewise be left to the coach and when the awards are made let it be known that it is a matter for personal attention that we attend this college session in a body as direct evidence of our support of our team.

MILLITARY BALL A SOCIAL TRIUMPH

The fourth annual military ball held in the Armory Thursday, March 6, was one of the largest social affairs of the school year. About 90 couples were in attendance. The Armory was decorated with American and Allied flags with the addition of things having a military significance. The corner reserved for the patrons and patronesses was closed off by a white lattice fence adorned with ferns. Above the orchestra platform was draped a large Ameri-

can flag surrounded on either side by the flags of the Allies. At each end of the floor, stacked rifles were placed.

From 8:30 to 9, a program of informal dances was played. At 9 o'clock the grand march, led by Major and Mrs. M. F. Steele, was begun, after which a program of splendid dances were enjoyed until 12 o'clock. Kopelman's orchestra furnished the music. Frappe was served during the dancing.

The patrons and patronesses of the affair were Major and Mrs. Steele, Lieut. and Mrs. Hulbert, Prof. and Mrs. Sudro, Dean and Mrs. Keene, Dr. and Mrs. Putnam, Dr. and Mrs. Ladd, Prof. and Mrs. Parrott, Dr. and Mrs. Pearce.

The party was in charge of Harold Schlichting, Anton Flamer, Howard Johnson and Cadet Major Hugo Pearson. This committee has also managed the successful series of cadet hops this year, and credit is due them for the enjoyment found in this series of events.

TWO FRATERNITIES ENTERTAIN

On Saturday evening, March 1st, the Theta Chis were hosts to the Freshman girls and the non-sorority girls of Ceres Hall. The girls were invited to the fraternity house after the Fargo College game, and a very pleasant evening was spent with cards and dancing.

Between times the "rookies" entertained by a series of very clever stunts. The Theta Chis are to be congratulated upon the resourcefulness of their rookies and we are sure that their reputation of being royal entertainers will not be spoiled by their future members.

Later in the evening delicious refreshments were served and the evening ended with a song by the fraternity men.

Everyone who attended reports the best time ever.

DOES IT PAY TO ADVERTISE?

The Edwin Booth Dramatic Club will demonstrate to the college that "It Pays To Advertise" on the evening of the 15th of the month. This is one of the best modern comedies and has seen many phenomenal runs in big eastern cities. It goes without saying, therefore, that the play as given here will be a great success, as the Edwin Booths make it a point to make nothing else of their attempts at play production.

Following is the cast of stars:

Impossible is Un-American.

THINK IN INTEREST--SAVE

MATHEMATICIANS MATHEMATIZE.

A meeting of mathematicians, and others, was held in the basement of the Library, Thursday afternoon, February 27th, for the purpose of bringing together those of the college who are interested in this form of mental gymnastics. There was quite a number of students present, and the majority of these were from the College Algebra classes. More of the farther advanced students should attend the next meeting.

Prof. I. W. Smith addressed the gathering, giving them an idea of what a mathematics club would be like, and getting them interested in forming such an organization. This was followed by a brief but interesting program, as follows:

"Short sketches of the lives of famous mathematicians;" 1. Sophus Lie, by Sigmund Liefson; 2. Vernor Abel, by Miss Cora Lund; 3. Felix Klein, by Clarence Dragert; and 4. Henri Poincare, by Harry Hoffman.

"Important Mathematical Problems of Today," by Richard Falkenstein. These aroused much interest, especially the perplexing problem of dividing seventeen horses among three persons in the proportion of one-half, one-third, and one-ninth, respectively.

"The Influence of European Mathematicians on America" was ably and interestingly presented by Professor Smith, after which the mathematicians adjourned indefinitely. Before adjourning, a committee was nominated to prepare a program and set the date for the next meeting, which will be held in the near future.

KAPPA PHUS NEW MEMBERS.

"Tommy" Aiken, Phil Moe and Vernon Godfrey were the men "put thru the traces" and initiated into full membership at the Alpha Kappa Phi house a week ago, Saturday night. This occasion was one of great relief to the initiates since the prospects of remaining rookies while such events as the Military ball transpired were not very pleasing.
