SOLDIERS TO BE TRAINED AT AGRICULTURAL COLLEGE

Last week Dean Potter of the Kansas A. C. and now a Federal Agent, was one the campus to see what facilities were available for the training of soldiers here. He was very much pleased with the equipment and arrangements found and altho the outcome of his report is not yet known it is reasonably certain that there will be men sent here. The men will be trained in Telegraphy, Forge Shop, Gas Engines and Automobiles, and in Carpentry. Mr. Potter is finding places for the training of 90,000 men and having inspected many schools says that ours compares very favorably with others of its type. If present plans are carried out there will be 200 men quartered on the campus. They will be under military rule and will be governed by officers. They will come about the middle of June and stay for sixty days, working eight hours per day. We will all be glad if these men can be trained here for it will add to the list of patriotic achievements of our school.

SHAKESPEARIAN PAGEANT

May 24 is the day set for our Shakespearian Pageant. As is suggested by the name, it will be an affair of mammoth size. For two weeks the students of the campus have been planning out some of the smaller details as well as practicing hard for the larger.

A big amphytheater will be erected just east of the library upon which to stage the pageant. The Edwin Booth Dramatic Club will put on "As you Like It" as one of the main features for the evening as well as presenting many dances and other Shakespearian festivities. It is rumored that the atmosphere will be of such a character that people will not know but that they are living during the Elizabethan Period.

WAR POSTERS

War posters to be used in North Dakota are now being made by art students at the Agricultural College under direction of Mrs. Mae Douglas Rindlaub. The plan is that the work of each student is to be shown in his home town in the furtherance of war works. The coming artists have recently finished a number of War Savings Stamp posters which have been entered in the National War Savings Staps Exhibition. The government is assisting in the promotion of poster drawing in the college.

TWENTY-FOURTH ANNUAL COMMENCEMENT, NORTH DAKOTA AGRICULTURAL COLLEGE, FARGO, NORTH DAKOTA

OFFICIAL PROGRAM

SATURDAY, JUNE EIGHTH

9:00 P. M.—Presentation Senior Class Play—"The House Next Door"
By J. Hartley Manners—The Little Country Theatre.

ANOTHER A. C. MAN HAS RECENTLY BEEN PROMOTED

Melvin McGuigan a member of the class of 1917 has recently received his second promotion since graduating from the first training camp. He has been made a captain having been raised from a second to a first lieutenant some time ago. He is located at Houston, Texas. Last year he was married to Miss Elanore Kindred also of the class of '17.

While at the A. C. Mac was one of the busy men of his class. He was student major of cadets for two years. He was drillmaster of the crack squad at the time that the squad went to the Panama Pacific Exposition. He served on the student commission and was a member of Theta Chi Fraternity.

Mac has been ordered to report at an eastern camp and Mrs. MacGuigan who spent the winter with her husband will return to her family home in Fargo for the summer.

BASEBALL AND TRACK

Beginning at once it is planned by the athletic authorities of the school to have a big interclass baseball series. About twenty games are to be played between the four class teams. The juniors and seniors will combine their efforts while the sophomores, freshmen, and preps will each have a team. The winning team will probably receive a banner. Then about June first there will be a track meet between the classes. The class winning the most points will also probably get a banner. The college is not meeting any other school in any athletics this spring and the interclass contests will prove popular. There is still a lot of good material in school and good records should result in both lines for activity.

The different classes ought to have meetings at once to organize their teams. Dakotah field the scene of many an exciting contest is now in condition for practice both on the diamond and track.

BALL FROM IOWA

Carleton R. Ball, who will become director of the North Dakota experiment station after July 1st was born in Lyon county, Iowa, June 12, 1872. He grew up on a combined grain and stock farm. He was graduated from Ames college in 1896 and later received the master of science degree from the same institution.

In 1899 he was appointed assistant agrostologist in the U. S. department of agriculture and he has been with the department continuously since.

SOCIETY

SOCIAL DIRECTORY

Theta Chi—Richard Lewis, president; Arnold Heidner, secretary.

 Acoth—Mazie Gilmore, president; Marion Johnson, secretary.
 Philomathian—Fred Ball, president; Ralph Matters, secretary.
 Pythian—Beulah Watson, president; Marie Kirk, secretary.
 Y. M. C. A.—Enoch Frojen, president; Edward Falkenstein, secretary.
 Y. W. C. A.—Marion Johnson, president; Inga Mikkelsen, secretary.

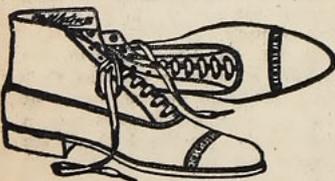

SECOND ANNUAL

VARSITY DANCE

The Second Annual Varsity Dance, given in honor of all men who have earned their letter in some branch of athletics, was to all who attended an evening of pleasure not soon to be forgotten. A true college spirit prevailed and as someone remarked the old armory seemed quite homelike.

The decorations were rather unique. The stage was changed to a beautiful rest room by placing small pillars around the edge upon which plants were placed with small American flags stuck in the center of each to contrast with the green. Behind the pillars were placed large cushioned chairs for the patrons and patronesses.

The orchestra, contrary to tradition, held the center of the floor and was enclosed with a lattice work decorated with green paper and small flags. At both ends of the armory large flags were hung and over the center a group of Allied flags were draped from the

It is Your Privilege to Choose

Commodities differ. Some shoe manufacturers, for instance, put more value and better workmanship into their goods than others. It is your prerogative to inspect their efforts and buy as your judgment dictates. For you men who want the best, we suggest the

balconies.

The evening's entertainment started with everyone meeting the patrons and patronesses who were, Coach and Mrs. P. J. Davis, President and Mrs. Ladd, Major and Mrs. Steele, Prof. and Mrs. I. W. Smith, and Dean and Mrs. Keene. To further acquaintances a good old circle two-sep started the evening's dance program and a spirit of good fellowship was present throughout the evening. At ten-thirty a light lunch was served after which the dancing was resumed.

As guests the girls basketball team, the Fargo and Moorhead high school letter men of the senior class, the crack squad, and several of the faculty were invited.

A. C. ALUMNI MARRIED

Friends of Alfred Matters will be pleasantly surprised to learn of his marriage to Miss Sadie Benson of the city on Tuesday afternoon of last week. The marriage was very quiet, taking place at the parsonage of the Broadway Methodist Church with only the immediate relatives present. The young couple spent a few days in Minneapolis and have now returned to Fargo, making their home with the bride's parents for the present. In the fall Mr. Matters has a Government position at Washington. A host of friends wish them prosperity and happiness.

ENTERTAIN AT LUNCHEON

Miss Lois Failyer, matron of Ceres Hall, and Miss Marie Kammeyer entertained at luncheon on Tuesday of last week complementary to Dean A. A. Potter of the Kansas Agricultural College, who was here to investigate the facilities for training troops here during the summer months. Miss Failyer and Miss Kammeyer are former members of the K. A. C. faculty. Besides Dean Potter, covers were laid for Dean and Mrs. C. B. Waldron.

PHI U'S OPEN HOUSE

On the evening of March 29th the Phi Upsilon Omicron Sorority opened their house to the fraternities and sororities of the campus. When the guests arrived they were shown thru the house after which they were served with frappe and wafers. The house was tastefully decorated with yellow and white flowers these colors being the sorority colors. On the following evening the house was opened to members of the faculty.

Al Sieverson left for Camp Dodge Wednesday of last week and is now a member of the 108th Division of Field Artillery Corps. Al was taking the Ag. course and was a member of the senior class. He belongs to the Alpha Kappi Phi Fraternity. It is greatly hoped that Al will be able to be back at the graduation.

John Rosenwald a famous University of Minnesota football captain has been killed by shell fire in France. He had been serving as a lieutenant in the medical corps and had distinguished himself two or three times on the battlefield.

Rosenwald was one of Minnesota's greatest football captains.

Al Sorenson is now hard at work putting into practice the vast amount of knowledge acquired at this college. It is greatly hoped that he will soon get his fill and sojourn back to the campus to resume his knowledge seeking.

FOOLED THE JUDGE

A clever young lawyer was defending a man accused of house-breaking.

"Your honor, I submit that my client did not break into the house at all. He found the parlor window open, inserted his right arm and removed a few trifling articles. Now, my client's arm is not himself, and I fail to see how you can punish him for an offense committed only by one of his limbs."

"That argument," said the judge, "is very well put. Following it logically, I sentence the defendant's arm to one year's imprisonment. He can accompany it or not, just as he chooses."

The crisoner calmly unscrewed his cork arm and, leaving it in the dock, walked out.

Advertisements

Wanted—A meal book by young man that is full.

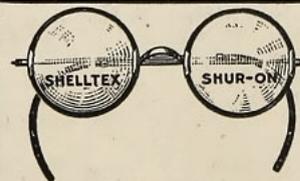

Wanted—A new joke by the editor that is clever.

Prof. Smith—Please learn these rules thoroly so that if you wake up in the middle of the night you can say them in your sleep.

FACTS AND FANCIES
 Boasting is poor business for anyone.
 Doing a mean deed shrinks up the soul so much, while doing a generous one expands it.
 Discontent shows that a man has not got himself in hand. The self-reliant do not give way to complaining.
 It is easy to blame others. But the one each man has a right to blame, and can actually reform, is himself.
 People love to find fault with each other. It is better to use the wasted energy in perfecting yourself.

NAVY LAUNCHES NEW DRIVE
 After a temporary, enforced lull in navy recruiting, due to the filling of the complements of the training stations, the navy has once again unleashed her recruiting forces and is making a mighty appeal throughout the entire United States for volunteers. No limit has been placed on the number of men to be taken, according to a telegram just received by Lieutenant George A. Treadwell, officer in charge of recruiting for Minnesota and North Dakota, from Commander James D. Willson, inspector of recruiting, central division.
 For the past several months the number of recruits taken from this section has been limited to 40 weekly. With all restrictions cast aside another rush similar to that of last December is predicted. All men accepted in the new drive will be enrolled in the Naval Reserve Force.
 There are openings at present for apprentice seamen, firemen, hospital corpsmen, cooks, bakers, machinists, carpenters and painters. Painters and carpenters are particularly in demand for duty at the Great Lakes training station. Men in the draft may still enlist in the navy by securing certificates from their local draft boards to the effect that they are not required to fill any current quotas of the national army.
 Recruiting officers and men are planning a great campaign and intend to make the new drive one of the biggest in the history of the navy.

Prof. (in English)—Mr. Roth, what is the meaning of two, a pair and a couple?
 Abe.—Two means one plus one, a pair means two together, and a couple means two counted as one.
 Were you, ever in love with an actor?
 Did you think him "gone on you" too?
 Did you think every glance o'er the footlights
 Was sent a love message to you?
 Did you envy his leading lady?
 Nay heartily wish she were dead.
 Then find he had a dear little baby
 And by wife was devotedly lead?

KEEP OFF THE GRASS

Perhaps you have noticed a few little signs around the campus or on the bulletin board. They request you to stay off the grass and they mean business. Buck Thompson, who has been appointed Commissioner of Campus in the absence of Stanley McGogy, is going to see that the appearance of the campus is improved. The only way in which he can do this is with our cooperation. Many people have already ceased to use the short cuts altho they may have to go a little farther. If you have not already joined the Sidewalk Club by all means do so at once. It is a move you will never regret. It is better for your health and your conscience. It will also make you popular as all the best people belong. We have a campus here that is more beautiful than many other schools have and we should certainly take enough pride in it to keep it in good shape.

THE LIBRARY

Although the public library has the greater opportunity to aid in the work occasioned by the war, the college library is called upon to do its bit. This spring about five hundred volumes have been received and more are coming in each week. Most of these volumes have been given by the faculty and members of the ex-

periment station, as the students have few books with them and many have not been home since the drive was started.

A great deal of time has been given students who are turning their attention to posters and scrap books. Every day there are several members of the various classes in art, using the magazines to get ideas for Liberty Bond and War Saving Stamp posters.

LOCAL CHAPTER WINS EFFICIENCY CUP
Epsilon of Alpha Gamma Rho won the Sickle and Sheaf Efficiency Cup for the year of '17-'18. The Sickle and Sheaf is the official publication of the national fraternity and the Efficiency Cup is awarded by this organization each year to the chapter that has proven itself to be the most efficient during the year. The efficiency is based on scholastic standings, number of men on athletic teams, or in the band, orchestra, and all other branches of college activities, as well as the general conditions and moral standing as seen by the Grand President on his annual tour of inspection. The cup was awarded at a recent meeting of the executive council. The cup has been held by Cornell for one year, Illinois for one year, and Ohio State for two years in the past four years. Word has been received by the local chapter that the cup has been shipped and is due to arrive at most any time.

MEETING HELD APRIL 30, 1918
Meeting called to order by Pres. Keeley, at 7:45 P. M.
Members present: Keeley, Mayer, Holt, McKim, Ball, Woldy, Chandler, and Hansen.
Discussion of the matter of paths across the campus.
Motion made by McKim, seconded by Holt, that the Student Commission appoint a man to take the place of the Commissioner of Campus during his absence. Carried.
Motion made by Holt, seconded by Ball, that Clarence Thompson be appointed acting Commissioner of Campus. Carried.
Adjourned.
George Hansen,
Commissioner of Elections.

"Farmers are sometimes the last to heat up; but they stay hot; and in a long fight they are always found sturdily carrying the battle across No-Man's Land to the foe, in the last grim struggle."—Herbert Quick.

WINNING THE WAR IN AMERICA
Charles Bennett Foster
From the Patriotic News Service, National Committee of Patriotic Societies, Washington, D. C.

Washington today is the center of all our war work. It is here that all the plans are made. It is here that all the orders are issued and all reports are sent. In all the work made necessary by this greatest task our country has ever undertaken, there is much confusion and inefficiency caused by so many people trying to fill positions for which they have had no training. Here we find men who have given up positions paying salaries at the way up to \$50,000.00 a year and accepting positions to work for the Government in this war for anywhere from \$1.00 a year to \$200.00 or \$300.00 a month. These men are working from twelve to twenty hours a day—living on such food as they can get—which is sometimes poor—sleeping in crowded quarters, sacrificing all home ties and family life, to help win the war.

We find girls working diligently at all kinds of office work—eating in restaurants—sleeping eight and ten in a room—sacrificing social life, deprived of home comforts—all doing their best to win the war.

Every office building is over-crowded; the Government having taken most of the desirable buildings for its own use. It is almost impossible to secure a room in a hotel. Boarding houses are all crowded and nowhere except in the very high priced places is a room rented to less than two people. Traffic conditions are seriously overtaxed. It is a rare thing to see a gentleman seated in a trolley car. To leave the city by train, in either sleeper or chair car, reservation must be secured long in advance.

One cannot but be impressed by the seriousness shown by the faces on the street. The determination, the earnestness, the enthusiasm is infectious; everyone catches the spirit that dominates the thought of every mind to win the war. It is not possible to be in the midst of all this rush and hustle without the wish to be part of it. It forces itself into the mind and into the heart of every man.

This is the spirit that has come to those who have learned the secret those who are willing to do of their own free will, the thing that Germany has been compelled and forced to do by an Autocratic Government. They have learned that the success of this war depends upon the elimination of personal ambition, the sacrificing of selfish interests, the obliteration of party-lines in politics. The public notices to the effect that "Food will win the war—do not waste it", begins to have a new meaning. We are beginning to realize that we must really save food. We must be willing to work for just wages to live on; to have clothes only to cover our nakedness, to forego excess profit on not only war supplies, but all kinds of merchandise. We must be willing and ready, not only to send our boys, give our money, but if necessary, to make the supreme sacrifice of life itself, if we are to be successful in winning this struggle, "To the end

that the whole world may be free." There is no other way. We cannot furnish the food, the clothing, the munitions, the ships and all the enormous quantities of all sorts of supplies needed, until every man, woman and child gets down to hard pan and makes a personal sacrifice. This thought is growing every day in the minds of the thoughtful men in Washington, and must spread out all over the land and become part of the life of every individual.

College students should realize more than others, that our country has done much for us in the past. We have learned to lean on our Government. Now our country is calling for help and if our republican form of free government "for and by the people" is to endure, we must give all, if need be to save our flag from dishonor. We who stay at home must back the boys going to the front with all we have and all we are, waiting for our reward until the time comes when we shall have a right to enjoy a lasting peace and plenty, because we have earned it by our sacrifice.

This idea of self-sacrifice, elimination of selfish ambition and the sinking of self-interest, is no new principle, no untried thing but a truism. It was used as the subject of the greatest sermon ever preached—advocated by the Greatest Teacher the world has ever known—has been read more and practiced less than anything ever written.

This principle is not applicable to the winning of this war alone but to the success of any adventure, any occupation or any business.

The question on every tongue is: When will this war end? The answer is: When our own people, in sufficient numbers, submerge their own personal ends in the broader vision of national service.

Bread is the staff of life, but very few Americans need a staff.

IT IS ONE THING

to wish to make good trunks and quite another to be able to make them. Our product is an evidence of Equipment, Facilities and Knowing How. You may have an idea that there is no difference in the construction of trunks. If you will call at our factory we will have no trouble in disabusing your mind of that idea.

We sell trunks that are made in Fargo, and made to last. They will cost you less than trunks that are made to sell.

What Does Silage Cost?

Acres used and cultivated time and again, and gone over to get the fodder are the big items in cost.

Nitrate, as Top Dressing worked in when cultivating, will cheapen production.

Bigger, better stalks and bigger ears will result.

JOE ALEXANDER HERE

Joe Alexander, a graduate of the class of 1916, was visiting on the campus Monday. He had just come from New York and because of his previous military training at this school was making arrangements to enter the Fourth Officers Training Camp to be held May 15. While in college Mr. Alexander was very active in the school affairs. He was the first president of the student commission, Lieutenant in one of the companies, and a member of the Alpha Zetas.

"LET'S PLAY TENNIS"

The tennis courts have been fixed up during the past week by a few students and by the time this has gone to press the courts will have been taken over by the college which will see to it that the courts are kept in good condition the rest of the year.

The courts are open to the students, no charge will be made for the use of them, so let's turn out and make use of them. Take down the dust covered racket from the wall and use it for the tennis season is here and let's make it a big season. Why not hold a student tournament the last of May. There are at least forty students who have played tennis before and at least that many more ought to learn to play the game for it's the cleanest sport that there is.

"LET'S BOOST FOR TENNIS AND A STUDENT TOURNAMENT."

"REAL THING" SCORES SUCCESS

"The Real Thing" which was presented by the senior class of the high school on April 24 and 25 to a large audience was declared a big success. In the opinion of those present the play was one of the best that has yet been presented in the Little Country Theatre.

Catherine Blake as Mrs. deReister portrayed a very hard part in a very pleasing manner as also Clarence Dragert portrayed Mr. de Reister. Pearl Hanson as Dorothy de Reiser kept the audience delighted with her ease of life. Sylphia Tweto and Ethel McGuigan did their parts delightfully while Anton Flamer acted his part, a typical dude, in a fine manner. The Irish characters "Jim Duffy" and "Dick Murphy" were played by Ralph Irick and Raymond Putnam. The minor parts were well taken care of by Anna Olson and Florence Anderson.

Special mention must be made of the music as several friends from downtown volunteered their services. They rendered several selections during the evening in a very delightful manner which were well received by the audience.

OFFICERS CANNOT GO TO TRAINING CAMP

It has been found that several officers of the local R. O. T. C. who had expected to go to the Officers' Training Camp starting the fifteenth of this month were not eligible. However, most of the boys will go to an R. O. T. C. training camp sometime this summer.
