SOUTH DAKOTA WINS HARD FOUGHT GAME BY SCORE 21 TO 14

Team Enjoys Visit to Benson, Minn. High School—Frojen and Nemzek Distinguish Themselves as Orators.

The Aggies were defeated in one of the hardest fought battles of the season last Friday by a score of 21 to 14. The game was featured by long end runs, line smashes, and sure tackling.

The game started with everything in the Aggies favor and continued so throughout the first half. South Dakota was unable to carry the ball past the 5c yard line at any time during the first half. In the first part of the second quarter the Aggies made their first touchdown with a pass from Anderson to Hanson.

In the second half South Dakota came back strong and their superior weight began to tell on our lines. Their heavy tackles and guards opened up large holes thru which they ran their plays. They made two touchdowns in this quarter and one in the last.

One of the finest pieces of work during the whole game was done by Kelley who ran 12 yards thru a semi broken field for a touchdown. The last whistle blew just as he slid across the goal line.

The trip to Brookings was anything but an unpleasant one. We left home Thursday morning on one of Jim Hill's prize locals, and arrived at Benson, Minn., about 12.30. After dinner about ten of the fellows went out to look around the town. Woggs and one or two others took advantage of the opportunity to write that long neglected letter, so they stayed at the hotel. Fate directed the footsteps of the wanderers to the high school, where the superintendent greeted them with great cordiality. As soon as he set his eyes upon the brilliant intellectual face of Frojen and the towering form of Captain Nemzek he saw the makings of two orators. Nor would he be quieted until our little Willie had promised to say a few words to the school after Enoch had given a short talk. He said he had been waiting all year for just such an opportunity as this one, and he couldn't think of letting such a handsome group of young men go by without first giving the school the chance to see what college men really are like and what college spirit really is. Our handsome group of serious minded young men did the light fantastic up the stairs and into the front of the assembly room. Frojen gave the school a very scholarly little talk, thanking them for their cordiality and congratulating them upon their fine equipment and good

looking girls.

But at last the great moment had arrived, little Willie was about to address the assembled multitude. He, the great orator, was really going to speak to them. The atmosphere was tense. Willie arose to his full height. He paused for a moment that he might lower the plane of his great intellect to that of the lowly high school student, who is still crawling in the mire of intellectual thought. His mighty south paw limbered up for action. The first two digits of this powerful lad added much emphasis to our Willie's words of wisdom. Captain Nemzek directed his remarks more particularly to the young men of the school, telling them some of the things required of an athlete. In speaking of the necessity of a good scholastic standing he made the following statement, "I will guarantee that if every man out keeps up his school work you will without question have a winning team. Now listen, in all the time that I have been taking part in athletics I have not been down in my subjects once." We commend our little friend most highly for his scholastic attainments. The Benson high school also seemed to appreciate a good stunt for our orator was compelled to stop until the applause subsided. Willie also modestly admitted that good looks was not the thing that got a fellow by in football. Just as Mr. Nemzek had created a

A. C. BAND PROGRAM AT CHAPEL MONDAY

An excellent program was given by the Agricultural College Band last Monday at Convocation. The opening was "The Star Spangled Banner," after which Judge Burnett gave a stirring five-minute talk on the value of the Young Men's Christian Association in war work. His energetic words conveyed a realizing sense of the responsibility that rests upon everyone to keep the Y. M. C. A. work going for the sake of our soldier boys.

When Judge Burnett had concluded, the following number were played:

1. Danse Orientale.....Lubomirsky (Encore: Gate City March)
2. Water Lillies.....St. Clair
3. Violin Solos.....
- Soloist: Nels Sasserson.
- Accompanist: Miss Hagen.
4. La Cinquaine..... Gabriel-Marie
5. Lassus Trombone Filmore
6. Mississippi Volunteers Cobb

The program was concluded with "The Yellow and the Green." The lively "Danse Orientale" deserves special mention, as does also the trombone work in the "Gate City March" and "Lassus Trombone." Mr. Sasserson's violin numbers were greatly appreciated.

Next Monday Maria Sanford, the noted lecturer, will speak. Be sure to hear her.

FIRST EXTEMPORE SPEECH CONTEST FRIDAY AFTERNOON

The first extempore speech contest ever held in the college will take place in the Little Country Theatre, Friday afternoon. The contest is open to all students of the college, and it is hoped that considerable interest and competition will be evident. Prof. Arvold, who is directing the work, has seen the importance of extempore speaking to the college graduate and it is thru his efforts that this contest was made possible. It is thru these contests, too, that the students learn the art of speaking which will prove so valuable in later life.

Prof. Arvold has prepared a list of subjects a knowledge of which will enable the speakers to enter the contest. One will be chosen at random from the group Friday afternoon and given to each of the students to discuss. Seven minutes will be allowed each speaker. A gold watch fob will be presented to the winner.

Citizens Lecture Course

The second number of the Citizens Lecture Course will be given December 5, 1917 in the Agricultural College Armory.

Irving Bachellor, the world-famous author-lecturer will be the speaker. He is the author of "Eben Holden" and "Keeping Up With Lizzie," novels known, not only throughout the United States, but around the world.

Mr. Bachellor's lecture feature for this season is "Keeping Up With Lizzie," a rare statistical lecture, full of humor and fun.

Community Program Dec. 6

One of the main features of the Fifth Annual Community Program, to be given in The Little Country Theatre on December 6, will be a model knitting exhibit. A very complete assortment of knitted articles will be in the display, and a short discussion on the arrangement of exhibits, in order to bring out harmony and attractiveness will be given.

Christmas Festival

The characters are being chosen for the "Evergreen Tree," the Christmas Masque, which will be presented in the Armory, December 15; the practice on the choruses to be used is also commencing, and all preparations are being made to make it a wonderful success.

The first cadet hop of the season, held last Friday was a great success. These hops are very popular with the students and many such good times are promised this year.

EDWIN BOOTH DRAMATIC CLUB TO PRESENT "THE LITTLE MINISTER", NOV. 28 AND 29

The Edwin Booth Dramatic Club will present "The Little Minister," a comedy in four acts, by J. M. Barrie, in the Little Country Theatre, Wednesday evening, November 28, at 8 o'clock for all Agricultural College students. Registration cards will be required for admission.

Thursday afternoon, November 29, at 4 o'clock it will be presented for the general public, faculty, and others who are interested.

"The Little Minister" is one of the best comedies of the day. It was in this play that Maude Adams made the great impression of her career.

Thirty people will be used in the presentation in the Little Country Theatre. The main cast of characters are:

STOCK JUDGING TEAM SELECTED--MISS STEER IS CHOSEN

Will Leave for International on Nov. 23, Visiting Stock Farms Enroute

After a long period of hard work upon the part of the advanced stock judging class, Professor Thompson has been able to select a team of five members who will do credit to the A. C. at the International in the students' stock judging contest.

The team is composed of Albert Severson, John DeYong, Vesta Steer, Clifford Wilson and Charles Strubble who will go as an alternate.

They will leave Fargo, November 23, and will make stops for practice judging at a number of the leading stock farms between here and Chicago.

This will be the first time that North Dakota has sent a team to the International, and the team is putting forth every effort so as to be able to finish in the first division.

Ickey Johnson is congratulating himself that he has at last busted the Jinx by failing to make a "schlecht Anfang" when giving the principal parts of a German verb.

and about twenty freshmen girls together with their gentlemen friends were the guests of the Delta Phi Beta Sorority Saturday evening in the dining room at Ceres Hall.

The room was beautifully, but simply decorated with black and white streamers between the chandeliers, all forming a huge bow in the center, flags decorated the walls, and many palms and cozy corners made the whole very cheerful and hospitable.

Informal dancing was the entertainment, music being furnished by piano and traps. Light refreshments, consisting of frappe and brownies were served during the evening. Mrs. Ladd and Mrs. Davis were chaperones for the occasion.

Y. W. C. A. Notes.

At the regular meeting last Tuesday, Rev. Frost of the First Methodist church spoke to the girls on "The First Psalm" showing its application to modern times. It was a splendid meeting and we are very grateful to Rev. Frost for his interest and kindness. Hilda Dahl gave a piano solo which all enjoyed very much.

Miss Neth was away from the Campus last week assisting in the Students' Friendship War Fund Campaign at the University. The U reports their quota of \$4,000 subscribed.

The Social Service Committee have completed ten pairs of bed socks for the Red Cross, last week. The sewing is done in the Y. W. C. A. room and the girls are requested to come in and sew whenever they have leisure moments. The committee is trying to complete a certain amount each week.

 - Aeroplanes.
- Each contestant will be allowed seven minutes.

Notes are forbidden.

Contestants must hand their name to Mr. A. G. Arvold, Room O, Main Building by Wednesday, November 21.

KNITTING

And the maiden, ever knitting,
Still is sitting, knitting, knitting,
Sitting, knitting, never quitting,
Just within the classroom door;
And the moments, swiftly fitting,
Stop to watch her sitting knitting
For the boys who've gone to war.
I suppose that she'll be sitting—
Sitting knitting,
Evermore.

MUSIC

The Treble Cleff club of the college is working on a musical number to be given at the college convocation some Monday morning in early December. The number is to be "Bethlehem" by Paul Bliss, and promises to be one of the musical treats of the college year. The industrious young ladies under the capable leadership of Miss Grasse will render a part of the Thanksgiving services next Sunday afternoon. The club has been having excellent rehearsals lately and its work has been helped recently by the addition of two new voices. "The Wreck of the Hesperus" is another of the numbers which will be given in the future and shows the excellent character of the work being done. New members are wanted at all times.

JUNIORS DISPENSE WITH CUSTOMARY EXPENSIVE PROM

At a meeting of the Junior Class it was unanimously voted to dispense with the customary expensive junior prom in favor of a simple party.

ATHENIANS ARE PATRIOTIC

That patriotism and loyalty is not lacking in our college is evident in every line of college work. The Athenian Literary Society has voted to donate the sum of money ordinarily used for an annual banquet to the Student Friendship Fund.

WHEN THE WAR'S GOING TO END

Absolute knowledge have I none,
But my aunt's washerwoman's son
Heard a policeman on his beat
Say to a laborer on the street
That he had a letter just last week
Written in the finest Greek
From a Chinese coolie in Timbucktoo
Who said the niggers in Cuba knew of
A colored man in a Texas town
Who got it straight from a circus clown
That a man in Klondyke heard the news
From a gang of South American Jews
About somebody in Borneo
Who heard of a man who claimed to know
Of a swell society dame
Whose mother-in-law will undertake
To prove that her seventh husband's
sister's niece
Had stated in a printed piece
That she has a son who has a friend
Who knows when the war is going to end.—Ex.

fine atmosphere, after a few clever little jokes of his making, Kelly was suddenly taken with a terrible irritation in his throat. It was necessary for him to turn his back to the audience for a moment, but after some considerable shaking of the shoulders he finally got things under control and was able to face the audience with a serious expression.

At the close of this masterful address we sang the Yellow and The Green accompanied by Ernie Johnson. We then gave them one or two yells and started back to the sheltering wing of Coach Davis.

We left Benson shortly after this for Watertown on one of the delightful little locals so full of dirt that the breathing was difficult. Coach relieved our discomfort somewhat by placing a large bag of apples at our disposal. We had a pleasing little supper at Watertown. After which we found we had about thirty minutes before the train left for Brookings. This was just about long enough for Jake and Frank to find two old friends with an automobile to show them about the town. Some of the boys wondered why the back seat was so popular with Jake and Frank, they

were the ones however who did not get a close up to the two Fairies.

The train we left Watertown on was the border, even for locals. At every hay stack we passed the train crew would get out and play baseball or take a nap. It was a lovely trip and so short too. We left Watertown at 8:20 and blew into Brookings at 11:15, a distance of forty miles.

The game in detail taken from the Industrial Collegian, the South Dakota State College paper.

The State came onto the field at 2:28 the band playing Yellow and Blue while Wilson and Calhane led cheers. After signal practice Hoover and Gilbert punt to Kennard and Hipple, N. D. A. C. follow with fast backers at 2:31.

First Quarter

N. D. wins toss. State lines up defending east goal. Nemzek kicks off at 2:40. Game delayed on account of line being one foot short.

Nemzek kicks to Walseth and crisscrosses to Metzger. First down, no gain for State. Hoover punts to 40 yd line. First down no gain N. D. Hanson no gain over tackle. Nemzek passes to Heidner who fails to catch. Hanson punts over goal line. State's ball on 20 yard line. Hipple fumbles, losing three yards. Hoover punts to 40 yd line. Hanson makes 8 yards. Hanson loses 7 yards.

Hanson passes to Hayes who fails to catch. Hanson punts out of bounds to 15 yd line. Hoover punts to 40 yd line and gains 3 yards Hanson makes 5 yards around right end. Kennard catches Hanson's pass on 20 yard line and makes 15. Metzger makes no gain. Kennard adds 7 yards, thrown out of bounds. Third down Kennard makes 2. Metzger makes first down on 45 yard line. State penalized 5 yards, off side.

Kennard makes 5. Kennard adds 3 more. Metzger makes 5 with 8 to go. Hoover punts to Kelly and he stops on 15 yd line. Van Es goes out of bounds makes 8 yards. Van Es throws for loss. Harvey off side. Hanson makes 5 around right end. Hanson adds 3 more. Kennard receives Hanson's punt but loses 15 yards, to the 40 yard line. State's right field in motion before ball is passed. Penalized 15 yards, to their own 20 yard line. Hoover punts but is blocked.

Time out for Heidner. N. D. fails on ball on 25 yd line. Hanson around right end for 2 yards. Hanson makes 13. Anderson makes 4. Van Es makes 3. Ball on 4 yard line. COLLEGE GOSSIPERS

There are some small people in our college who take great delight in gossiping, and who prefer to talk about the bad points of a person rather than the good ones. They are a menace to college life. They seize upon some insignificant rumor that has absolutely no grounds for belief, then they tell their neighbor all about it, and how it's the "honest to goodness truth." Then the story continues from mouth to mouth and grows each time in horror and scandal until some person's reputation is thought to be otherwise than it really is.

Look out for these gossipers, these slanderers—for they are small persons, without a vision, selfish in their purposes vicious in their desires, and dangerous in their leaderships. We mean exactly what we say, without respect to their names or stations. We care not how interesting an animal is the beast that crawls, how bewitching his shining skin, nor how posing his face. We always did and forever will fear and hate "a snake in the grass," because of his torturous ways, his hidden paths and his spit of venom unawares.

PROGRESS

Some folks think that progress is accomplished like a snowball rolls down hill. They stand around looking sideways out of the corners of their eyes to see what the other person is going to do.

You know there are a lot of people like that, who are so fossilized or else so dignified and painfully self important that if they ever had a feeling of honest enthusiasm or a thrill of cooperation or a modern trend of thought they would think they had been stricken with some rare and horrible disease.

Progress calls for new blood, new life, and new ideas. Pro-

gress is busily engaged in throwing off the old has-beens, both in ideas and individuals.

The A. C. is always concerned with progress. So those who have the earmarks of a has-been had better start and change, and change quickly, or progress will leave them down at the bottom of the hill with the rest of the worn out junk.

Washington, Nov. 19.—A report issued by the Federal Farm Loan Board indicates that up to November 1st Farm Loan Bonds to the amount of \$21,500,000 had been disposed of to investors of the United States. Of this amount \$18,850,000 of bonds were distributed thru Bond Houses and \$2,650,000 were sold direct by the 12 Federal Land Banks to investors.

These bonds bear 4½% interest and are entirely tax free. They are sold at 101½ and are secured by the

first mortgages taken in exchange for loans made to the farmers by the 12 Federal Land Banks and they are further secured by all of the assets of the 12 Federal Land Banks. These bonds are being offered to the public at the rate of approximately \$3,000,000 per week. The money derived from their sale is loaned to farmers at 5%, the margin of one-half per cent being employed to pay the expenses of the Federal Land Banks.

STOCK JUDGING CLASS VISITS W. W. BROWN'S FARM AT AMENIA

The stock judging class motored last Friday, in three cars, to the W. W. Brown farm at Amenia. They arrived there about 10:30 and spent a most pleasant and profitable day.

The herd was in good condition, and composed of a number of show animals as Mr. Brown has been showing at the different fairs for several years. Mr. McDonald former herdsman at the College is now with Mr. Brown, and brought out the rings for the team to look over and place. The rings shown were one of aged cows, one of two year old heifers, two of yearling heifers, one of two year old steers, and one of yearling steers.

Those having been to visit the Brown farm before say they had a fine time as they always have at Brown's.

The first cadet hop of the year was held in the armory Friday afternoon, and was the usual success in every way. The college can furnish the music as heretofore and the student body seemed very appreciative of its efforts. The admission has been raised to 15 cents this year.

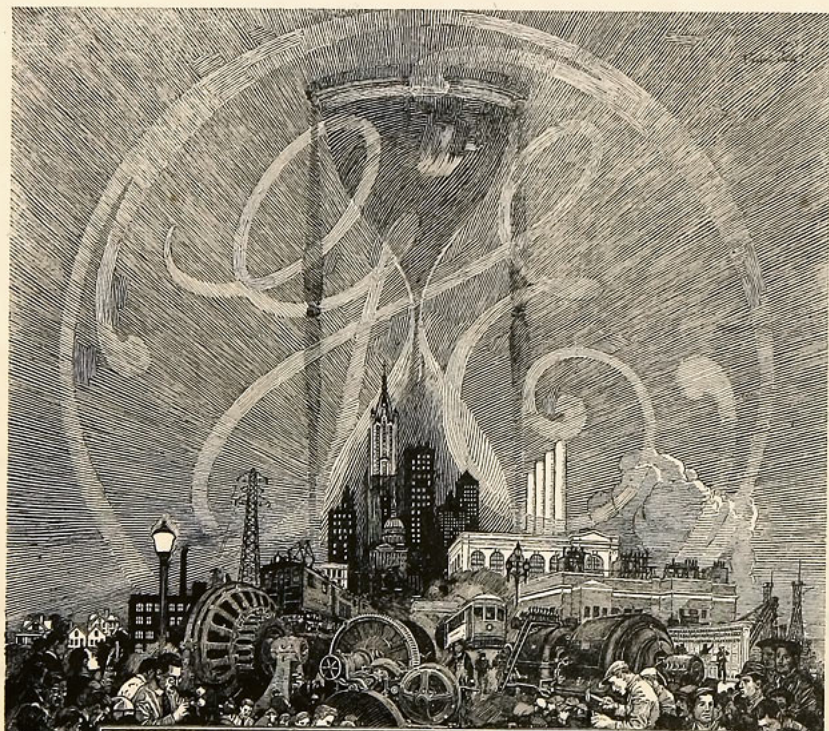

On Thursday last, the faculty team crossed bats with the station men in a most exciting game of indoor baseball. Despite Registrar Parrott's valiant efforts as twirler for the faculty, the station men carried off the laurels, for when the last score was tallied it was found that the faculty team had one score less than their redoubtable opponents.

Miss Maria Sanford will speak at chapel next Monday. Her subject will be: "What Am I Going to Do With My Life?" Miss Sanford is a professor emeritus of the University of Minnesota, and a noted lecturer. She has delivered addresses throughout the west, and is now returning from a trip in Montana. Not long ago she gave several lectures at Moorhead Normal. Her discourse promises to be a treat to our students.

Secretary Adams of the city Y. M. C. A. was the speaker at the regular Sunday afternoon meeting of the Association at the Little Country Theatre. It is to be regretted that more of the men of the college do not attend these meetings as messages of vital importance to all men are being discussed. This was especially so of Mr. Adams' address, which took hold of the men as not many topics would.

SAD CALAMITY.
Professor Miller's swan tried to commit suicide recently by hanging himself with a string attached to his leg. Fortunately, he was rescued but is still rather lame. The wound where his broken wing was amputated is healing nicely.

ACCEPTS UNIVERSITY POSITION.
Miss Delia Johnson, who graduated in 1916 and has since been employed at the bacteriology laboratory, left the first part of the week for Grand Forks, where she has accepted a position in bacteriological work at the University. Miss Johnson's high record at this institution insures her success.

ACHIEVEMENT

Twenty-five years ago the General Electric Company was founded. Since then, electricity has sent its thrill through the whole structure of life. Eager to turn wheels, to lift and carry, to banish dark, to gather heat, to hurl voices and thoughts across space, to give the world new tools for its work — electricity has bent to man's will. Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership.

It has set free the spirit of research. It has given tangible form to invention, in apparatus of infinite precision and gigantic power. And it has gone forth, co-operating with every industry, to command this unseen force and fetch it far to serve all people. By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.

to wish to make good trunks and quite another to be able to make them. Our product is an evidence of Equipment, Facilities and Knowing How. You may have an idea that there is no difference in the construction of trunks. If you will call at our factory we will have no trouble in disabusing your mind of that idea.

We sell trunks that are made in Fargo, and made to last. They will cost you less than trunks that are made to sell.

The boys all wish to extend a word of thanks and appreciation to the people and students of Brookings for the cordiality with which they greeted us and the royal manner in which they entertained us.

Some of the boys left Brookings on Friday night for Minneapolis to see the Minnesota-Chicago game. From all the reports we can gather they did not spend their time sleeping in their rooms. They say the game was all right but that there were other things of interest also.

Student Opinion

Note: The editor solicits contributions from the students for this column. No article will be printed unless accompanied by the writer's name, however, the name will not be disclosed or printed unless so desired.

We are often caused to wonder at the way in which some of our classmates spend their spare time. So often it is the idle hour between classes which leads to habits useless and wasteful. Yet we see so much of this in some of our men's clubs, where the men congregate and pass the time with playing cards and smoking, to say nothing of the habit of throwing away golden minutes.

At this time when all should be bending their energy toward the close and successful finish of the war, and toward a greater and better United States and world to live in, why not put our time in at worth while things? An hour which would otherwise be thrown away, if used carefully on any of our national or international topics, and when we become conversant with these subjects we become leaders. Who would not give up a few moments daily upon a worth while subject to become a leader in the next few years—a period of time which bodes well to be one of the greatest that man ever saw?

Arnold Reiten was taken suddenly sick with an attack of appendicitis last Wednesday evening and was hurried to St. Luke's Hospital where he was operated upon by Dr. Oftedahl the following evening. His father from Petersburg was in attendance at the operation. At present he is reported as progressing excellently, especially after the severe operation which was required.

Walter Elliot, '18, received word just lately of his appointment to a Second Lieutenancy in the regular army of the United States. He has not been called to camp yet, and does not know when his summons will arrive.

Did it ever occur to the Co-ed knitters that there are many woolen mills, with efficient machinery for turning out first class knit goods in a hurry, that have had to close up because they are unable to secure wool? You may be a nice knitter, but we will venture to say that a knitting machine is a better knitter. We know you can't see through this. It took us a day or two.

A. C. BOYS GET U. S. A. COMMISSIONS

Having successfully passed the examinations which they took last summer at Fort Snelling, Walter A. Elliott a senior in the general science course and Adrian Foley a graduate of last year's veterinary class, have been granted commissions in the regular army as second lieutenants. They are to report at the Officers College at Fort Leavenworth, Kansas on November 26th where they will assume their new duties.

Mr. Elliott entered the A. C. as a junior from the University of Wisconsin. Since then he has been a member of all our athletic teams and has been prominent in the social and fraternal life at school.

Mr. Foley entered the Veterinary Department in the fall of 1916 and finished last spring. Last fall he enrolled at Ohio State College and while there received his orders to report at Fort Leavenworth. While at the A. C. he was Cadet captain of C. A. and for two successive years won the gold saber for having the best drilled company. He was also a member of the crack squad of 1916.

Both are member of the Theta Chi Fraternity of which organization they are the twenty-sixth and seventh in military service and the sixteenth and seventeenth to receive commissions.

MILK SILK

It has remained for two French Chemists, Francois Lebreil and Raoul Desgeorge, to conceive an idea whereby milk may be made to yield a fabric which may be converted into clothing and ornaments. The curds of the milk are subjected to a chemical treatment by means of which the mass is converted into a plastic substance which may be rolled into sheets resembling celluloid, from which buttons and other articles such as combs, umbrella handles, bric-a-brac and even imitation leather may be made, all of which are of attractive appearance and of excellent wearing qualities.

The milk is first robbed of its fat, after which it is warmed with rennet so as to form curds. It is then par-boiled, exposed to the air and treated with acetone to give it the required hardness, plasticity and transparency. The product may be made so soft that it can be used as a substitute for silk in the manufacture

of fine underwear, or it may be made solid enough to serve as a good imitation of ivory.—Popular British Monthly.

Whiskey is a good thing in its place. There is nothing like it for preserving a man when he is dead. If you want to keep a dead man, put him in whiskey; if you want to kill a live man, put whiskey in him.—Mississippi Supreme Court Decision.

A Question.

"How do you like cod-fish balls?
Said I to sister Jenny.
"Why really, May, I cannot say,
I've never been to any."

COACH DAVIS' SQUAD OF ORATORS ENTERTAIN BENSON HIGH SCHOOL

The following narrative is given to show our mammas what their little boys do when they are away to school as well as to let the rest of the students know what happened when the flower of youth and manhood visited Benson, Minn., on their way to enjoy that grand old game of shindig at Brookings, South Dakota.

The flowers left at 7:55 A. M. sprung up around and for the benefit of the old N. D. A. C. at 7:55 A. M. on the railroad belonging to the deceased Jim Hill and from all appearances suffering the same fate on an earlier date. It was terribly dusty—one of our infant prodigies even went to the extent of saying that he could not see the end of the car but it was a gross exaggeration as that end of the car fell out long before Breckenridge came into view. They could not, however, lower themselves into comparing our local car service with it even tho the train did stop every time the engineer wanted a "chaw" from some farmer working alongside the track.

The Stop of Stops was at Benson,

Halls of Learning or the Benson High School.

Once the massive doors had closed upon the monuments of our valor they refused to open again until the President of our Y. M. C. A. and the Captain of our football team had orated, and the rest of the bunch performed to the satisfaction of the Superintendent of Public Instruction. Our heroes resigned themselves to their fate to the high school assembly high school students were assembled. Enoch disclosed upon the greatness of the old A. C. and enlarged upon its greatness, altho such a thing is nigh impossible. Next "Little Willie" Nemzek spits out his end of the spearpoint and passes his fierce eyes over the assembled throng. They look into his face, they giggle, they laugh they roar, but bill, picking his hole assaults them with words. Himself a lover of study he will keep them only a brief moment from their books but nevertheless he must take time to compliment them on the good looks of both teachers and students. (Uproarious applause). He hopes that their teachers are their best friends and that therefore they must keep to their studies. The athletics must all train and obey the coach, as a poor man in good condition is better than a good man in poor condition, and a lot more credit to the school. The teachers do not flunk a person for fun and if they relied on looks the A. C. team excepting "Little Willie" would have gotten no where. (At this point the uproar and applause took such a threatening aspect that out of respect for the school the speaker spoke no more, tho he feign would desist as he was loath to leave them in such a dismal state of ignorance.

Ernie Johnson contributed to the entertainment by walking up and down a keyboard and the musical one's offered the "Yellow and the Green" and various yells. To which the high school replied with all of their's.

The superintendent complimented the A. C. on the appearance and talent of her boys and then presented the Benson teams, debating clubs, and other organizations. All would make good A. C. students and we hope to see some of them here in our teams and clubs.

The afternoon meeting ended with a rising vote wishing the N. D. A. C. the victor's end of the game.

Wilhelm Nemhallern.
