

THE WEEKLY SPECTRUM

EDITED AND CONTROLLED BY THE STUDENTS OF NORTH DAKOTA AGRICULTURAL COLLEGE

Vol. XXXVI No. 4

NORTH DAKOTA AGRICULTURAL COLLEGE, WEDNESDAY, NOV. 7, 1917

Five Cents a Copy

ZOELLNERS GIVE PLEASING CONCERT.

Many students, faculty members and people of the city availed themselves of the opportunity to hear the renowned Zoellner String Quartet, which appeared last Monday evening as the first number of the Citizens Lecture Course.

It is useless to try to adequately convey by print the beauty and charm of the music played at this program.

The Zoellner Quartet is an exceedingly interesting organization in which Antonette Zoellner plays the first violin, being about the only string quartet in existence in which this honor is accorded to a woman. The playing of the entire quartet was characterized by fine musicianship and excellent ensemble. They understood the feeling of the music and knew precisely what each individual had to do, with the result of a remarkable certainty of the ensemble.

The program rendered is as follows:
Antonette Zoellner, Violin.
Amandus Zoellner, Violin.
Joseph Zoellner, Sr., Viola.
Joseph Zoellner, Jr., Violoncello.

PROGRAM

1. Quartet. Op. 96 (American Quartet)Dvorak
Allegro ma non troppo.
Lento.
Molto vivace.
Vivace ma non troppo.
2. (a) Deep River ..Burleigh-Kramer
(b) Russian Folk
SongKaessmayer
3. Suite for Two Violins and Piano,
Op. 144Emmanuel Moor
Andante
Vivace
Adagio
Allegro giocoso
Antonette, Amandus, and Joseph
Zoellner, Jr. (Piano)
4. (a) Genius Loci, "In Highest
Thought" (By request)....Thern
(b) Indian War Dance (By
request)Ch. Skilton

A. C. PEOPLE BANQUET AT N. D. EDUCATIONAL ASSOCIATION

The A. C. people who attended the State Education Association at Bismarck enjoyed a banquet Thursday evening at the McKenzie Hotel. The affair was planned and carried out by Miss Aldyth Ward '02, who lives in Bismarck, and to her the A. C. people feel greatly indebted, for it furnished one of the most enjoyable occasions and pleasant memories of the week. Those able to be present were: President Ladd, Dean Keene, Dean Waldron, Dean Jensen, Mr. and Mrs. A. P. Hollis, Miss Ward, Mr. T. T. Quigley, Mr. D. W. Galehouse, and Glenn McLellan.

Y. M. C. A. Secretary Tyrrell of the University was the guest of Willard Purdy last Saturday here, he taking in the game and also looking to business matters with Mr. Purdy.

A. C. Wins State Championship Defeat University 20-7

Andy Gill's men proved to be no match for the Aggies last Saturday. The home boys showed far superior team work than the University men. The skill that the Aggies displayed in the use of the forward pass and the speed they showed on long end runs was quite phenomenal.

Much credit is due to Coach Paul Jones Davis for turning out a team that can work together with such perfect uniformity as the A. C. team did last Saturday.

For days Coach has been drilling his men on long end runs and forward passes; just what was needed to beat the U. Each of the three touchdowns was made on a forward pass. Elliott received the first pass that scored a touchdown in the first quarter. Anderson intercepted a forward pass made by University and scored the second touchdown, making a run of 53 yards.

The interference that Coach Davis had built up was excellent. This was shown when the Aggies carried the ball 80 yards to their first touchdown, 88 yards for the second touchdown, and 20 yards for the third.

A large crowd of town people came out to see the game. Doc Putnam was there in all his glory assisted by the members of the band. The band played several excellent numbers which all helped to put pep and fight into the team. The N. D. U. sat close to the A. C. band and a friendly rivalry existed between the two throughout the game.

Stewart Kelly and William Mortenson were artistically arrayed in A. C. pennants and yellow and green bows. They were immediately recognized as the official cheer leaders and rendered good service in that capacity.—The game as it was played taken from the Courier News.

Helmkay kicked off for the University, the ball going over the goal line and being returned to the 20-yard line. The Aggies rushed the ball up the field to the University 2-yard line, Heidner, Anderson, Hanson and Nemzek carrying it. University got the ball on downs.

Richards made three yards around right end, and half a yard thru the line. De Lancy was thrown without a gain on a fake pass. Helmka punted 30 yards. Kelly running it back three yards.

Anderson made 15 yards around right end, returning the ball to the center of the field. Then he made four more around the same end. Van Es made 22 around right end, being downed outside the sidelines.

Nemzek carried the ball around left end to the University's 18-yard line, the Aggies being penalized 15 yards for holding. Van Es made 14 more around left end. Kelly made four around left end and one thru the line. Elliott caught Nemzek's forward pass and ran it over for the first touchdown. Heidner failed to kick goal.

Aggies Gain 25 Yards

Helmkay kicked to Hanson, who caught it on his 12-yard line and ran it back 23 yards thru the University team. Van Es got two yards on a short end run. Aggies fumbled on the next play, University recovering.

Helmkay attempted a forward pass, but was thrown for a loss of 12 yards before he got it away. On a fake pass, he gained three yards around end. Franklin went thru right side of the line for three yards. A forward pass was not completed, and Aggies got the ball on their 34-yard line.

The University team held the Aggies for no gains on the next three plays, Kelly around left end, and Nemzek and Van Es around right end. University penalized 15 yards. Kelly bucked the line without making anything. Hanson and Kelly making gains around right end. Nemzek gained thru the line. Anderson was thrown for a loss of three, and Van Es for a loss of eight. Anderson carried the ball to the University's 44-yard line. Nemzek made a forward pass which was not completed. He threw another, Heidner making a pretty catch and going 27 yards. The first quarter ended with the ball on University's 17-yard line. Score, Aggies 6; University 0.

SECOND QUARTER —Anderson made three yards around left end, and Kelly hit the center of the line for four. Ellingson got the ball on a fumble in the next play and ran it back 20 yards, to University's 30-yard line. Helmka got a yard thru the line, and Richards four around right end. DeLancy was thrown for a loss of a yard on a line plunge. Hennemuth and Helmka made gains thru the line, and Hennemuth made five around left end. Helmka punted 25 yards, Nemzek running it back 10. Van Es made two and Anderson one yard around right end, and Hanson one thru the line. A forward pass was not completed, University get-

(Continued on page 2)

PHILOMATHIANS WIN FIRST PLACE IN ANNUAL CONTEST

Fred Ball and Archie Waldie Leading Actors

The Seventh Annual Literary Society Festival, held in The Little Country Theatre, Friday evening, November 2nd, was a great success. A large number were in attendance and each play was greeted with enthusiasm.

The Philomathian Literary Society represented by Fred Ball and Archie Waldie won first place. A scene from "The Rivals" by Sheridan was admirably acted, and the enthusiastic clapping which followed it showed the appreciation of the audience.

The Pythian Society presented "The Futurists" winning second place. The play was very clever and the characters each took their places in fine manner. The costumes, of eighteenth century style, were very beautiful. The characters were Marjorie Leiberg, Esther Kelly, Inez Field, Dorothy Ayr, Gwendolyn Brown, Mary Healy and Esther Pinney.

The Athenian Society took third place, presenting "Mrs. Pat and the Law." The acting was good; Jimmy's voice in particular, produced much amusement. Those taking part were: Esther Wolody, Margaret Chandler, Willis Boots, Edward Falkenstein and William Bina.

Florence Bullard sang two solos between the plays which were enjoyed by everyone.

Miss Dinan, Professor Minard and Professor Weeks acted as judges.

Women's Mass Meeting

The two mass meetings, one on last Thursday and one Tuesday noon have created much enthusiasm among the women. Mrs. Diof and Miss McDonald gave very interesting talks on "Why are we organizing?" and "What am I going to get out of it?" while Miss Dienen gave many good suggestions and an inspiring talk on the Womens League of Wisconsin.

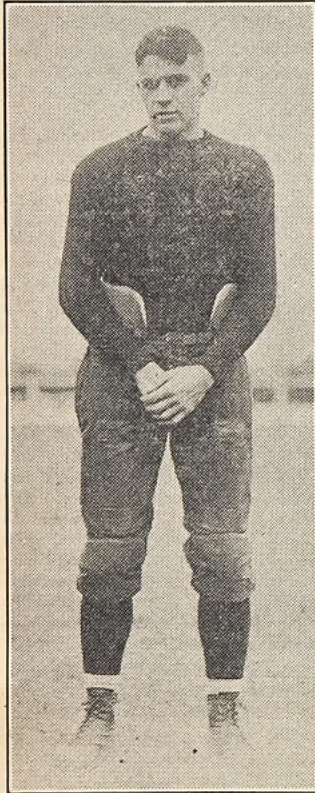

Mrs. Shermans, chairman of the meeting appointed a nominating committee whose report was accepted and the candidates elected by ballot. The results of the election follow:

President Mrs. Sherman
Vice President Marjorie Lieberg
Secretary Esther Keely
Treasurer Louise Rusch

The work is to be planned so that every woman who belongs will have an active part. Perhaps the first work to be taken up will be the remembrance at Christmas of every man, who has been connected with the A. C. in the war today.

Myrtle Wolsted left for Minneapolis last Wednesday night, where she attended the meetings of the Minnesota Education Association. She returned Sunday night, reporting a very enjoyable time.

(Continued from page 1)
 ting the ball on their 42-yard line.
 Two forward passes by Helmokay penalized five yards. A forward pass, Helmokay to Peterson, gained 27 yards thru the line. University was unsuccessful. Helmokay got two Van Es caught the ball on an attempted forward pass, being downed on his 36-yard line.
 Anderson was thrown for a loss of four yards. Van Es made 15 a-round right end. Hanson made 6 thru the line. University got the ball on a fumble. After Helmokay

Louis Anderson

had made two line plunges for four yards, Johnson intercepted a forward pass, being downed on his 30-yard line. Nemzek and Van Es failed to gain, and Heidner punted, University getting the ball on their 40-yard line. On the first play Anderson intercepted a forward pass, running 53 yards to a touchdown. Heidner kicked goal.

Helmokay kicked off to Kelly, who ran the ball back 16 yards to the 35 yard line. Van Es lost 25 on two bad passes. Nemzek gained 5, the quarter ending with the ball on the Aggies' 15 yard line. Score, Aggies, 13; University, 0.

Third Quarter—On the kickoff, the University got the ball on their 20 yard line, Richard made 7 yards thru the line, the last two of it on his knees. He made 2 around right end, and Helmokay 4 thru the line. DeLancy gained two around right end. Richards made 7 around right

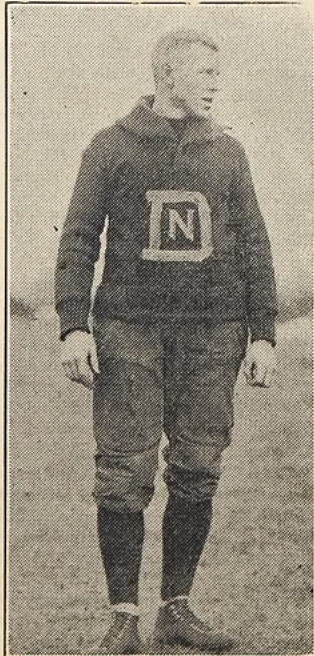

end, and Peterson and Helmokay as much thru the line. On the next down, DeLancy punted, A. C. getting the ball on their 22 yard line. Aggies made 4 yards, and punted, University getting the ball on their own 33 yard line. End run by Richards and DeLancy netted 5 yards, when the Aggies were penalized 5 yards. Richards made 32 yards in two runs. Hayes, who had replaced Sinclair, three DeLancy for a loss of 10 yards. DeLancy punted, A. C. getting the ball on the university's 31 yard line. Hayes caught Nemzek's forward pass and ran for the third touchdown. Heidner kicked goal.

On the kickoff, Kelly returned the ball 11 yards to his 31 yard line. Van Es gained a yard and Nemzek punted, university getting the ball on their 32 yard line. DeLancy was thrown for a loss, and the Aggies penalized 10 yards. A forward pass was unsuccessful. When the university backs failed to gain, DeLancy punted, Aggies getting the ball on their 30 yard line. Van Es missed a pass, losing 15 yards. Nemzek was thrown for a loss of 7 yards, the quarter ending with the Aggies on their own 3 yard line.

FOURTH QUARTER

The Aggies started the last quarter by punting, university getting the ball back to the Aggies' 17 yard line. A forward pass by Helmokay was not completed, but Ellingsen caught the second attempt and ran to the goal for the visitors' only touchdown. Helmokay kicked goal.

On the kickoff, university returned the ball to their 17 yard line. Helmokay lost 7. Two passes were

Norman Hanson

not completed. DeLancy punted, Kelly running back to his 39 yard line. Nemzek carried the ball to the University 46 yard line in two attempts. A forward pass was unsuccessful. Hanson gained 5. Nemzek punted, DeLancy running the ball to his 20 yard line. Helmokay tried three passes, none of which were completed, and Helmokay punted, Kelly getting the ball to the center of the field. Nemzek punted on the third down, University getting the ball on their 20 yard line. Helmokay attempted three forward passes, none being successful; an Aggie player caught the fourth and was downed when the game ended. Score, Aggies, 20; University, 7.

The lineup:

Aggies		University
Sinclair	le	Ellingsen
Nemzek	lt	Ffanklin
Johnson	lg	Scheiss
Frojen	c	Hanson
Ross	rg	Bruegger
Elliott	rt	Petterson
Heidner	re	Seed
Kelly	qb	DeLancy
L. Anderson	lhb	Richards
Van Es	rhb	Helmokay
Hanson	fb	Hennemuth

Score by periods:

University N. D. 0 0 0 7—7
 North Dakota Aggies. . 6 7 7 0—20

Touchdowns — Elliott, Anderson Hayes (substitute for Sinclair) Ellingsen.

Shbstitutes — Aggies, O. Anderson for Johnson; Hayes for Sinclair University, Hjalmurson for Bruegger; Griffith for Hennemuth.

Referee, Harmon, Minnesota; umpire, Geise, Pennsylvania; Head linesman, Adams, Ohio university. Time of quarters, 15 minutes.

HOOPER PASSES EXAM FOR BALLOON SERVICE

Edwin M. Hooper, formerly an A. C. student returned yesterday from Omaha, where he reports he was among the three men who were successful in passing the examinations for appointment to the aviation corps among a group of 24 that were examined while he was there.

Mr. Hooper said that a very thro physical examination was given, lasting two days and about six physicians participating. The mental examinations were given by Charles Glidden, founder of the annual Glidden tour, who examined candidates as to their knowledge of astronomy (physics, telegraphy, mathematics and engineering.

The most strenuous examinations were those given to determine the candidate's sense of equilibrium. Mr. Hooper reports, the men being placed in a chair for 30 seconds and whirled around, immediately afterwards being required to perform various stunts, such as walking a chalk line, estimating distances, etc.

Olive Berg spent the week end at her home in Gardner.

Last week I met a man,—a college graduate, but his once wonderful powers had been wasted, his brain had been burned out by strong drink; his nerves had been weakened by dissipation and vice; his muscles had relaxed and their tension had been destroyed through the desecration of his physical nature. And this once remarkable man was a wreck, to whom the door of opportunity is now and probably forever closed.

His condition should serve as a lesson for some other college students.

If one would be successful he must pay the price for success.

Pay the price in ideals, setting aside all selfishness, smallness of heart, and baseness of soul. Be moved by that larger spirit which prompts you to return to your generation tenfold for all that it gives you in opportunity.

Be willing to pay the price in clean living and high thinking, knowing that he who sows his wild oats in youth will later reap a harvest of regrets and failure as his just reward.

Be sure that strained nerves, poisoned tissues and fagged brains are a handicap that no favoring star of destiny can overcome.

Be free from the crippling influence of bad moods; jealousy, bitterness, pessimism and evil temper. Allow your tongue none but the best words; kind words, that leave no sting and bring no regrets; pure words that could not soil the fairest lips.

"To thine own self be true

And it must follow, as night the day,

Thou canst not then be false to any man.

—Shakespeare.

PUSH! DON'T HANG ON.

Many a student in a good position to push, forgets to do so and simply hangs on. He adds his weight to the burden and "kicks" because things do not move faster. It takes less muscular energy to hang on than it does to push, but you can't get anything out of it unless you cheat somebody.

Don't attach yourself to any position or organization as a hang-on. You are never welcome and you never grow. It takes effort to induce growth to qualify for big things. If you fail to exercise and use your energy, you stagnate and become not only useless, but diseased.

Push! Push!! Push!!! Don't be satisfied unless you are pushing every pound possible.

FOOD DEPARTMENT ISSUES PATRIOTIC BULLETIN

Pres. Ladd Writes on "The College In War."

The October issue of the special Bulletin of the Food Department is a patriotic number and should be read by everyone. It deals with food conservation and the educational, the moral and physical phases of the present critical situation.

Pres. Ladd's articles on "The College In War," is a masterpiece and is quoted.

"The future prosperity of our nation depends upon our educational progress during war. Shall our future be one of leadership?"

When this titanic struggle, the world's greatest and most brutal of all wars, unsurpassed by fiendish methods, unsurpassed by the brutality of the Indian warfare in

pioneer days, ends, when peace comes, the people of America will face the greatest problem that has ever confronted our nation. Shall we be prepared for it? If so, we must now make preparation to meet the new condition then before us. We are prepared if need be to make great sacrifices that our ideas of world democracy shall for all times be assured future generations, that man shall dwell in unity with all his brothers the world over, and that our energies may then be turned to the noble purposes that have animated the republics of our day. May the war now upon us never cease until all the world can have peace and good fellowship on a lasting basis and may existing inequalities for all classes of our people within our land be smoothed out to the credit of all our people and may all unnecessary suffering and misery be abolished within our own land.

This means then that we must, after the war, be prepared to do well our share in the world of statesmanship, in science, in agriculture, in religion, in manufacture and in world commerce. Shall we be prepared to take our place and to maintain for our country and its industries leading positions such as befits a great nation of free people, leader of a world's democracy? To do so we must make sacrifices other than of men and money for war purposes. Leadership means men and women trained and educated to meet the grave responsibilities sure to confront us. It means that our boys and girls not actually conscripted for war purposes must, if we are to succeed, be conscripted to the halls of education that they may be prepared to meet the responsibilities that will rest upon them. It means we must sacrifice that the next generation shall be prepared to assume the leadership in every profession and industry of our fair land.

Fathers and mothers, you must still sacrifice that your sons and daughters may go forward with their education. See that the colleges of our state have their full quota of new recruits to replenish the ranks, thinned from the upper classes by war's demands. The future of our civilization, of our material progress, and of our position in the industries, and commerce of the world, will depend upon whether our colleges continue to turn out their full quota of engineers, chemists, agriculturists, and skilled artisans, and to do this means that your sons and daughters must be in college while others are fighting at the front. I appeal to you that it is just as patriotic a duty to the future generations to see that the higher institutions are not permitted to suffer

and fail to measure up to the demands to be made upon them as it is to serve in the ranks for those who are needed at the front or in the production of war materials.

After the war the boy in every walk of life will have to meet competition such as we have never known in the past and a trained leadership will be the essential foundation upon which we must build.

I know America will not fail and I want North Dakota to have her place in the front ranks for constructive leadership in the things where she has a right to be prominent. No one has better expressed the duty of the College in war than Dr. Hyde, late president of Bowdoin College when he said:

"To be at home in all lands and ages; to count Nature a familiar acquaintance and art a familiar friend; to gain a standard for the appreciation of other men's work and the criticism of your own; to carry the keys of the world's library in your pocket and feel its resources behind you in whatever task you undertake; to make hosts of friends among men of your own age and who are to be leaders in all walks of life; to lose yourself in generous enthusiasms and cooperate with others for common ends; to learn manners from students who are gentlemen and form character under professors who are Christians—this is the offer of the college for the best four years of your life."

LOCALS

Dorothy Price is recovering from her illness of the past week.

Elvinda Kraabel spent the week end at her home in Clifford, N. D. The "good things" which she brought back with her provided a delicious spread for about fifteen girls, Sunday night.

SOFT FOOD

WANTED—A farmer! Only men who have mastered the candy store business need apply, as this young lady is especially fond of chocolates and Spearmint. She can cook three square meals a day on the basis of 3c a meal and rise to meet any occasion by merely swallowing a cup of yeast. If you are looking for a bargain in a wife, please send photo by return mail, but it is imperative that you omit the mustache. Will marry as soon as the log farm house is built.

An attractive brunette, short, but plump, desires to meet a young gentleman, preferably a blonde and an adept in running. Am a mild tempered young lady, scarcely out of my teens; like to handle kettles and frying pans. Will do some patching and darning on demand. Am quiet, obedient and have been a president; also am a champion fusser, having withstood the "Dutch" over a year ago. Will marry instantaneously.

WANTED—An athlete, by a young lady, college education, good at managing big stunt shows and basketball men. She is tiny, possesses a wealth of fluffy tresses and can turn into a spotted clown on the slightest provocation. Please apply in person.

Affectionate, rosy-cheeked Miss who has had superior intellectual training at a neighboring college before attending an agricultural college is in quest of a husband. Not particular as to size, complexion or occupation, as long as he is loving. One who is not bashful or timid about fussing in semi-public places on Sunday afternoons preferred.

Young lady with determined jaw; has developed executive ability and tact in running a large institution for women inmates, wishes to meet a rough and ready forester who is willing to stand "pat" for life.

A young lady, blond, big blue eyes, with a slender name, wishes to meet a gentleman whose "main" name is short. Has a firm but yielding temper if the right man comes along. Expect to marry on sight. Prefers a Military man who sings and plays a —ele and will remain at home by the fireside instead of going to a dance. Will marry when the war is over.

Mattie Van Es took a friend motoring thru the suburbs of Moorhead last Sunday and reports a "perfect love of a time."

After being disappointed in his efforts at Ceres last Sunday, William Bina sought solace by driving thru Moorhead in his Chevrolet—alone(?)

Pete McKenzie and Emil Sandquist flivvered over to Moorhead last Sunday, but after driving thru all the walks around the Normal, they were unable to stop their machine. Tuff luck.

FREE MOTION PICTURES AND LECTURES

A series of motion pictures has been arranged in which each Wednesday an entertainment will be given in the Physics Lecture room at 4:30 o'clock.

The films will be of an educational character and of finish and completeness of professional type.

The first of the series will be given Wednesday, Nov. 14, at 4:30 o'clock by Dr. L. Van Es, in the production of small pox vaccines. The production of the vaccines of diphtheria tetanus and other form of disease.

The film will show the actual production and the use of the various vaccines and Dr. Van Es will at the same time explain the process of the production and administration.

The illustrated lecture is free of charge.

ACHIEVEMENT

Twenty-five years ago the General Electric Company was founded.

Since then, electricity has sent its thrill through the whole structure of life.

Eager to turn wheels, to lift and carry, to banish dark, to gather heat, to hurl voices and thoughts across space; to give the world new tools for its work—electricity has bent to man's will.

Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership.

It has set free the spirit of research.

It has given tangible form to invention, in apparatus of infinite precision and gigantic power.

And it has gone forth, co-operating with every industry, to command this unseen force and fetch it far to serve all people.

By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.

IT IS ONE THING

to wish to make good trunks and quite another to be able to make them. Our product is an evidence of Equipment, Facilities and Knowing How. You may have an idea that there is no difference in the construction of trunks. If you will call at our factory we will have no trouble in disabusing your mind of that idea.

We sell trunks that are made in Fargo, and made to last. They will cost you less than trunks that are made to sell.

SOCIETY

Mrs. Ladd Is Hostess.

Mrs. Ladd entertained all the unmarried faculty women at her home last Wednesday evening. Bridge was the amusement of the evening and a very delicious luncheon was served by the hostess.

Phi Omicron's Give Party

The Phi Upsilon Omicron Sorority entertained all Freshmen girls in the gymnasium at a supper, Saturday night. Later they, with their guests attended the dancing party in the armory.

In Honor of the University

An informal dancing party was given for the opposing team and their rooters from Grand Forks by the students of the college Saturday night. Frappe was served throughout the evening.

Y. M. C. A. NOTES.

At the annual recognition service fifty-two girls were formally taken into the association. This is the largest number ever taken in.

The ceremony, by candlelight was a very impressive one.

On Wednesday night the A. C. Auxiliary of the Red Cross was organized under the leadership of the Social Service Committee, with Esther Keely as chairman. Mrs. Bricker spoke to the girls on the work and showed the garments which are being made. The girls plan to sew every Friday afternoon and will begin on the leggings used in operations.

Delta Phi Beta's Enjoy Luncheon

The Delta Phi Beta Sorority were delightfully surprised by four of their members, Louise Rusch, Hilda Bergstrom, Irene Haugeberg and Emma Henderson at a luncheon Wednesday noon in Miss Haugeberg's room. The guest list also included Genevieve Grover, Alumnus, Esther Keely, Dorothy Ayres and Florence Jeffries, upper class women. Tiny Hallowe'en favors reminded the guests of the season.

Junior Cooking Class Participate In Corn Festival

Being very patriotic, the Junior Cooking class, under the supervision of Miss Fromme, this year substituted a corn festival in place of their usual Hallowe'en party. The table was set in the dietetics laboratory. The center table was occupied by a pumpkin filled with fruits with corn cob candlesticks and oak leaves arranged around. Pieces of corn husks served as place cards. The girls prepared the entire meal.

The Menu Was:

Corn Mock Bisque Soup; Popcorn Croutons; Hominy Croquettes; Cheese Sauce; Boston Brown Bread; Corn and Pement Salad; Corn Wafers; Cornstarch Pudding; Corn Syrup Sauce; Corn Meal Doughnuts; Corn Coffee.

Esther Keely attended the pledge party of the Eta Chi Omega sorority, held at the Pearson home, 501, 14th Street South, Monday evening.

MUSIC

Work on the college second band started off last with the same old push that Doc Putnam puts into all his musical organizations, and, unless there are a number of promotions to the first band soon, the second string men will outnumber the soloists by a large majority. To say that Doc is enthusiastic about the showing, is putting it mildly.

The clarinet section is especially strong, and looks especially good to our leader because of the lack of reed men in the first band. A total of 9 men have taken up this work so far, and with the addition of a new man on the alto saxophone makes ten men in the reed department. The brass is also well filled, there being 6 cornets, 1 horn, 1 bass, 2 baritones and 3 slides. Two snare and a bass drum complete the band. The total is 28, and is better by 4 than the first band.

Doc has his organization better in hand this year than last and says he is going to use the first two officers of the first band to help him. For this purpose he is using Ray Putnam and Andrews to drill the second men, Putnam with the clarinets and Andrews with the cornets. Doc will coach the rest of the men. This method is considerably more expedient and will organize the new fellows quicker for ensemble playing than will the drilling all together.

There are plenty of vacancies open, however, according to Dr. Putnam and all men who can play or want to learn to do so are invited to come out to the practices at 5:00 Monday, Wednesday and Friday afternoons.

New men in the first band this week are Christian Weise, cornet, from Fessenden, and who has played here before, and Park Tarbell again on the tenor Saxophone. Park was unfortunate in being unable to pass his third physical examination and has come back to the college to be with us indefinitely. He will materially add to the reed section of the band.

The first and only Indian member of our college band, Isaac Grey-carth, received a new Holton Revelation slide trombone the last week. He is justly proud of the beautiful new instrument.

"Doc" Springs A New Song

What augers to be one of the best songs sung by A. C. this year is the latest from Doc Putnam—a new football song. The trials last Saturday at the game proved its worth and brought forth praise from our competitors. It's full of life and reflects the spirit which we like to see in our college. The words which are set to the music of "Mississippi Volunteers" follow:

See that line! See that line!
Lawdy goodness but you all look fine.

N. D. A. C. come on and hit that line; smash that line, bust that line

Forward Pass! Forward Pass!
Throw up your hats and give one scream!

Are you all ready—(yell) Dakota Dakota.

N. D. A. C. Football team!

A FOOL THERE WAS.

A fool there was and he went to school,

Even as you and I.
And he ragged and he boned and he roached his hair.
He learned to smoke and dance and swear;
His favorite expression was I should care."
Even as you and I.

Oh, the evenings he spent and the jewels he lent
As he fussed both heart and hand;
Fussed the girl engaged to a man
But he didn't understand,
Even as you and I.

A fool there was and he flunked his work;
Even as you and I.
Fact is he cut classes every day
And strolled with his Mary or Ella or May,
Spreading soft stuff in a brotherly way;
Even as you and I.

CRACK SQUAD TO BE REVIVED

The North Dakota Crack Squad is going to be revived. After a living death of a year and a half the old Crack Squad is going to be given a new lease on life. The try-outs will be held next Tuesday evening, Nov. 13, at 7:00 sharp in the Armory and every male student is welcome to take a chance at it. No experience in Military Drill is necessary and don't think because another fellow is drilling that he will have a better chance because the drill and manual of arms is of such a nature that it will be just as hard for him as for anyone else. A man's selection will depend largely on his ability to learn and his personality. Three different try-outs will be held and the squad cut down by a process of elimination each time and the squad will be composed of the thirteen men in the third try-out. One Captain and Drillmaster, twelve members and one substitute. If you want to tryout be in the Armory on time, 7:00 next Tuesday evening.

A. C. STUDENT IS HONORED

At the State Education Association at Bismarck last week, Glenn McLellan, a Senior student, was elected president of the North Dakota Parent-Teacher Association. During the past year he served as secretary of the association.

In co-operation with the State Department of Education a hand book for Parent-Teacher Associations is now being prepared by Mr. McLellan.

The Y. M. C. A. Industrial Course stag party held at the college armory last Wednesday evening was a decided success. The men attended the affair in enthusiastic numbers, and reported an excellent time. An informal "feed" of pie and coffee was also enjoyed at the close of the social part of the program.

RULES OF THE ROAD

Adopted by the Farmers Anti-Automobile Society.

1. Upon discovering an approaching team, the automobilist must stop off side and cover his machine with a blanket painted to match the scenery.
2. The speed limit on country roads this year will be a secret, and the penalty for violation will be \$10 for every mile an offender is caught going in excess of it.
3. In case an automobile makes a team run away, the penalty will be \$50 for the first mile, \$100 for the second, \$200 for the third, etc. that the team runs, in addition to the usual damages.
4. On approaching a corner where he cannot command a view of the road ahead, the motorist must stop not less than 100 yards from the turn toot his horn, ring a bell, fire a revolver, halloo, and send up three bombs at intervals of five minutes.
5. Automobiles must be seasonably painted so they will merge with the pastoral ensemble and not be startling. They must be green in spring, golden in summer, and red in autumn, and white in winter.
6. Automobiles running on the country roads at night must send up a red rocket every mile, and wait ten minutes for the road to clear. They may then proceed carefully, blowing their horns and shooting Roman Candles.
7. In case a horse will not pass an automobile, the automobilist will take the machine apart as rapidly as possible and conceal the parts in the grass.
8. In case the automobile approaching a farmer's house when the roads are dusty, it will slow to one mile an hour and the chauffeur will lay the dust in front of the house with a hand sprinkler worked over the dashboard.

SCHOOL OF PHARMACY

The college year began with five students in Senior class and thirteen students in Freshman class. The Senior class is as large as may be expected with the unusual demands for drug clerks.

The scholarship prizes offered by the National Association of Drug Clerks resulted in favor of Miss Kathryn Ferguson obtaining the highest average grade for the year. James Nelson second, and Pat Costello third.

Cyril Mergens who will be remembered as a member of the crack squad received a commission as lieutenant and may be addressed as follows:
5th Illinois Infantry Regiment,

Houston, Texas.

Ted Benson also a former member of the crack squad is with the Hospital Corp at Great Lakes Naval Training Station, Great Lakes, Ill.

Selmar Haakenson, Roy Slagerman, and Noah Aolmer of last years class are also with the Hospital corps at Great Lakes.

Miss Jensen Attends Convention

Miss Katherine Jensen, head of the Home Economics department was away the latter part of last week attending the North Dakota Educational Convention at Bismarck. Miss Jensen is President of the H. E. Section of the association and presided over the meetings giving very helpful and suggestive talks on food conservation. The Misses Ella Groenwold and Happe with Dr. Fiefer, all of the University stopped off at Fargo enroute home and visited the department at the college.

MUSIC

"Doc" Putnam was honored by the Scottish Rite bodies of the city the last week by his election to the position of Wise Master of Peki-can Chapter No. 1, of the order of the Knights of Rose Croix. He takes the position left vacant by the resignation of Ex-Pres. Worst of our college.

NON-COMM BAND OFFICERS APPOINTED

This week Doc Putnam was able to get his men lined up and make the following choices for officers of the band this year. He chose the men in order of service and playing ability, and believes he has the best men in the band lined up for the more important places. Following is the list he has recommended, and who Major Steel has appointed:

Chief Musician...Raymond C. Putnam
Principle Musician...Gerald Andrews
Drum Major.....Alfred N. Sorenson
1st (Top) Seargent.....Park Tarbell

Seargents:

John V. Lange
Peter DeBoer
Edw. Falkenstein
Geo. S. Hanson.

Corporals:

Wm. E. Bina.
C. E. Draggert
Ruben G. Berg
Harris Peterson
Christian Wiese.

Ray Sweetman, interstate secretary, addressed the men at the Y. M. C. A. meeting Thursday evening, November 1. Mr. Sweetman told of the work the Y. is doing among the men of the training camps and in the trenches.

"We do not realize what conditions our men meet in the foreign countries. We have nothing in this country which compares with the temptations they meet in the European countries.

"The Y. M. C. A. is doing this for the fellows: Providing resting places, helping them through large cities, supplying them with writing paper and furnishing them means for recreation.

"The Y. M. C. A. volunteered; it did not wait to be drafted. Business men all over the country are closing their desks and entering into the work. What are we doing to justify our staying at home with all the comforts we have? We are living in a time when words do not count; we must act and show our men on the firing line that we are backing them up."—The Exponent, Aberdeen, S. D.

A. C. MAN IN FRANCE

Miss Grasse is in receipt of a letter from Private Lawrence Olwin, Somewhere in France, this week. He was the first N. D. A. C. man to reach France, having enlisted in the U. S. Marines in April and leaving for France in July. He was anxious that the college should know his whereabouts so that he might receive some of the college news, and he wanted all his friends to write him. His address is: Private Lawrence Olwin, 7th Co., 5th Regiment, U. S. Marine Corps, American Expeditionary Force, New York City.

Hilda Brandt of Fosston, Minn., was the week end guest of Lillian Rierson. Delia Aaskagaard spent the week end at her home, Comstock, Minn.

A. C. TO SEND TEAM TO INTERNATIONAL; BOARD OF REGENTS ALLOW \$500 TO LEFRAY EXPENSES.

The A. C. will be represented at the International Live Stock Show at Chicago the week of December first by a stock judging team to compete with the other leading colleges of the country.

Great joy was expressed by all concerned when the news was given out that the board of regents had allowed \$500 to be put at the disposal of the Animal Husbandry Department in preparing the team and sending them to Chicago.

This will be the first time that the A. C. has been represented at the International by a judging team and it means a great step forward for the college, students and state.

The advanced stock judging class is working hard and putting in extra hours and trips are being made to neighboring herds for the purpose of securing further training and every effort is being put forth to prepare the team and the A. C. hopes to finish in the first division.

"FAT" BARCHUS FINDS "HIGH" LIFE AT FORT SILL TO HIS LIKING

Howard "Fat" Barchus, former Agricultural college football player, now with the 138th aviation corps at Fort Sill, Okla., is finding the "high" life to his liking. He has, according to word received in Fargo, been elected president of the Fort Sill Football association, and is playing on one of the teams.

LOCALS

Dorothy Ayrs and Florence Jeffries entertained at a delicious luncheon, Sunday evening.

Gertrude Dona was the guest of Hilma Holmberg for the foot ball game, Saturday.

Hilda Bergstrom was the guest of Irene Haugeberg and Inga Mikleson, last Friday evening.

Dr. Trimble will entertain his History 6 class at a dancing party, Friday evening.

Alice Brownlee and Nellie Woodward of Tower City were the guests of Mae Dennis, Saturday night.

The men's quartette has been organized under the direction of Miss Grasse and the prospects are for the best organization of this kind since the famous Dakota Quartette. The members are Stanley McGogy, Leslie Bullard, Dick Lewis, and Herbert Sherwin.

Marjorie Lieberg gave a spread last Thursday evening in honor of Estler Keely's birthday. About twenty five girls were present and everyone had a fine time. Great merriment was produced by the clever little gifts which were a feature of the affair. Some flash light pictures were taken just before the "surprisers" went home.
