NORTH DAKOTA AGRICULTURAL COLLEGE, WEDNESDAY, MARCH 7 1917

Five Cents a Copy

ANNUAL STOCK JUDGING CONTEST ON SATURDAY

CONTEST OPEN TO ALL STUDENTS—MUST PLACE RINGS OF HORSES, SHEEP, CATTLE AND SWINE.

SHORTHORN HEIFER OFFERED

Rings May be Placed from Market, Feeding, or Breeding Standpoint.

The annual livestock judging contest will be held next Saturday beginning at eight o'clock. The contestants will be required to place and give their reasons for their placing of two rings on horses, two rings of dairy cattle, two rings of beef cattle, and two rings of sheep, and two rings of swine. Those who are planning on entering should make their entries before noon on Friday, March 9.

The annual contest has in the past attracted wide attention. Last year the contest was won by Phil Schuyler, '16. The other winners ranked high in their judging.

In the past the North Dakota Livestock Association has offered several liberal prizes. Although no official announcement has been made as yet, letters from members indicate that the prizes will be forthcoming as usual. In addition, J. A. Power, of Leonard, has offered a grade Shorthorn heifer to the winner of the rings of beef cattle.

Since this an agricultural college and as livestock is fast becoming more important in the system of farming in this state, it is well that those who intend to follow this industry should be acquainted with the desirable types of farm animals.

SWEETMAN HAS LEFT FOR NEW FIELD

DEPARTED ON FRIDAY FOR KANAAKEE WHERE HE WILL BEGIN TRIPS THROUGH STATES.

Has Spent Three Successful Years Here.

Ray Sweetman, who for the past three years has been the secretary of the college Y. M. C. A. left last Friday evening to take up his new duties as traveling secretary for the college associations of North and South Dakota, and Wisconsin. He takes the place made vacant by the call of Howard Beaver to the European prisoner of war camps.

Ray's duties will take him to all the colleges in the three states named, and in this way he will be in contact with a large number of the students of these states. His headquarters will be in Chicago, but his trips will bring him to the A. C. occasionally.

During the time in which Ray has been secretary here the Y. M. C. A. has broadened its field considerably. The office has been located in the Administration Building and has been fitted up with the necessary games, books, typewriters, and tables to make it attractive. Ray came
(Continued on page 3)

REMEMBER THE ELECTION NEXT TUESDAY

Next Tuesday is the day for the annual election for the Student Commission. The announcements of the candidates for the different offices appear on another page of this issue. Next Tuesday, remember Mrs. McVeety—Library

The Student Commission handles the student affairs and should be a prominent influence in student life. Remember the date, March 13.

A. C. REPRESENTATIVE JOINED THE NAVAL RESERVES

HAS ENLISTED FOR A TERM OF FOUR YEARS AS A RADIO ELECTRICIAN.

HAS HELPED WORK HERE

Adelbert Rusfeldt, of Hawley Answers Call for Men.

In case the United States is drawn into war the Agricultural College will be represented in different lines of the service. This past week one of the high school students, Adelbert Rusfeldt of Hawley, has enlisted in the Naval Reserve Corps as a Radio Electrician. The enlistment came in response for men who are familiar with the radio profession and who
(Continued on page 3)

VESTAL VIRGINS GREETED BY A GOOD AUDIENCE

GREEK PLAY BY ABBIE LOUISE SIMMONS IS WELL RECEIVED BY STUDENTS, FACULTY AND TOWNSPEOPLE.

MUSIC A FEATURE

Stage Settings, Costumes, and Dances In Keeping With Ancient Customs.

Two good sized audiences witnessed the presentation of the Greek play "The Vestal Virgins" in The Little Country Theatre on Thursday. The play was written by Miss Abbie Louise Simmons of the A. C. English department. Two performances of the play were given, one for the students and the other for the faculty and townspeople. At both times the seating capacity of The Little Country Theatre was nearly exhausted.

The play is based on the history of the old Roman religion, the scene being laid in the Temple of Vesta at Rome. Vesta was the Roman goddess of fire and to the Vestal Virgins was given the task of keeping the fires in the Temple of Vesta burning except on one day in the year on which they were rekindled.

The setting of the story was out-
(Continued on page 2)

NORTH DAKOTA AGGIES STAGE A REAL COMEBACK AND TRIM U. N. D. QUINT

UP-STATE TEAM GETS SHORT END OF 29-24 SCORE IN FAST GAME

FIVE INDIVIDUAL STARS FOR AGGIES

MOVOLD'S FAST FLOOR WORK AND BRILLIANT SHOOTING OF REST OF TEAM BREAKS UP U'S "FIVE MEN BACK" DEFENSE.

The North Dakota Aggies, playing a brilliant brand of basketball, last Saturday night took the measure the U. N. D. quint on the N. D. A. C. Armory floor. A crowd of close to 2,000 people packed the Armory to its utmost capacity, even standing room in the big hall being at a premium. A large delegation of University students accompanied their team, and a short informal dance was given in their honor after the game.

For the Aggies there were five individual stars. Capt. Movold and Heidner at forwards, Hauser at center, and Peterson and Hayes at guards. The teamwork exhibited by the Aggies was of the sensational variety and brilliant individual work was also in evidence when needed. The long range shooting of the A. C. men was the best ever seen on a local court, and yet many of their tries rolled around the charmed ring only to fall outside. No one who saw the game can say that luck broke in the A. C. favor. The boys had their shooting togs on and the majority of the misses were of the hairbreadth kind.

Stevenson and Ellingson did the stellar work for the visitors, but the close guarding of the Aggies prevented them from showing their

best. Murphy played well, but except on the tip-off, his work was not comparable to Hauser's. Murray played a strong defensive game. The U team put up an excellent exhibition of basketball and deserved all they got. The game thruout was remarkably clean and free from any attempts at roughness of the intentional variety.

The visitors opened the half with a burst of speed which soon netted them a score. The Aggies soon found themselves and with perfect teamwork, soon forged ahead. During the first ten minutes of the half the score see-sawed, but during the last part of the period the U men were unable to stem the Aggies onslaught and the half ended with a 11 to 18 score in the local's favor. During this half Hayes and Peterson connected for some sensational baskets.

At the beginning of the second half the U staged a comeback stunt which for a few minutes took on alarming proportions. They looped five baskets in about as many minutes, gaining a three point lead. Brilliant floor work by Movold and Hauser and strong defensive play by Peterson and Hayes stopped the rally and enabled Heidner to score. A
(Continued on page 6)

RALLY ON FRIDAY FOR FARGO COLLEGE GAME

The yell leaders wish it announced that there will be a rally on Friday to prepare for the last basketball game of the season—the A. C.-F. C. game. This game comes on Saturday and will be attended by the largest audience that has ever crowded into the Armory. Let's show them how we can support our team.

Remember and come out to the rally on Friday at 12:45, and then come to the game on Saturday ready to "do or die."

Y. M. C. A. BUILDING NOW ASSURED FOR THE A. C.

SUCCESSFUL CONCLUSION OF THE \$40,000 CAMPAIGN REMOVES ALL DOUBT OF SUCCESS OF BUILDING PLANS.

TWO \$1,000.00 GIFTS

Those in Charge Speak Highly of the Work of the A. C. Teams.

The Y. M. C. A. building for the Agricultural College is now an assured fact. The successful completion of the financial campaign carried on last week by the Fargo and the A. C. associations and the \$25,000 gift from the Rockefeller Foundation makes the financial campaign complete. The campaign was carried on by means of ten teams, two of which were in charge of faculty members, and three of which were composed of students of the A. C. These teams all did well, Director Cooper's team carrying off the banner on the last day for the largest amount raised.

The campaign was to get pledges to total \$40,000, \$15,000 of which was to go toward the A. C. Building Fund. The amount of the pledges
(Continued on page 3)

DRAMATIC CLUB PLAY THIS WEEK

THE REHEARSALS FOR "THE REJUVENATION OF AUNT MARY" PROGRESSING RAPIDLY.

Three Performances to Be Given on Friday and Saturday Next.

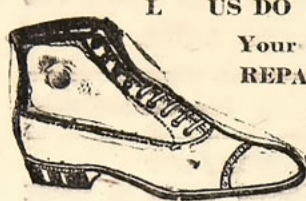

Rehearsals for the play "The Rejuvenation of Aunt Mary" are progressing rapidly. The play is to be given in The Little Country Theatre on Friday evening at 8:15, on Saturday at 3:00, and in the evening immediately after the Fargo College basketball game. The general admission will be thirty-five cents.

The cast is working hard to make the play a success and from all reports is going to put on a play which will compare very favorably with any amateur performance and with a number of the professional plays.

The play has been put on in several of the larger cities of the country and has always been greeted with full houses. May Robson took the leading part in this play for two years on the road and for a year in New York.

Remember the dates for the play, Friday and Saturday of this week!

ANNUAL STOCK JUDGING CONTEST ON SATURDAY

(Continued from page 1)

either for the market, for breeding, or for feeding. This contest, therefore, should bring out a large number of the agricultural students and the competition should be fast. Already a number of students have signified their intentions of entering and are putting in a little time in reviewing their judging work. Professor Thompson has announced that those who desire may arrange for some review work by seeing him.

The probable judges of the contest as they have been selected are Wm. Hammer, of Cooperstown, J. P. Finch, of Fargo, W. H. Peters, of the Experiment Station; J. L. Tompkins, also of the Stallion Registration Board; and J. A. Power, of Leonard.

The rules for the contest are:

Students will be asked to place two rings of horses, beef cattle, dairy cattle, sheep, and swine. The rings may be placed from a market, feeding, or breeding standpoint, to be announced at the time the ring is judged.

The placing of the rings will count fifty per cent and the reasons given, fifty per cent.

An entrance fee of twenty-five cents will be charged to cover the expenses of helpers and printing. Entries must be made by noon of March 9.

The winners of last year's contest were Phil Schuyler, first, T. Sundstrom, second, S. F. Nichols, third, S. M. Troyer, fourth, and H. Hanson, fifth. The winners of the short-course contest were K. Gransdahl, first, F. Larson, second, and F. Northrup, third.

VESTAL VIRGINS GREETED BY GOOD AUDIENCES

(Continued from page 1)

lined in the prolog which was given by Lynn Huey. The Vestal Virgins was chosen at the age of six years and took an oath to serve in the Temple of Vesta for thirty years. The oath bound them to lives of purity and chastity, violation of the oath meaning a penalty of being buried alive.

The play was based on the accusation of one of the Vestal Virgins, Tuccia, who in order to prove her innocence was required to carry water in a sieve. Failure to perform this task proved her guilty. The other scenes in the play showed the virgins in their daily tasks in the temple and during their hour of instruction. The scenery and costumes were simple and entirely in keeping with those of the ancient Romans.

The musical numbers under the direction of Dr. Putnam and Miss Grasse were Greek, one of the numbers being the Pythian Ode by Pindar, a composer of the sixth century, B. C. The numbers by the Treble Clef Club, Ode to Our Beloved Moth-

er, Joyful Song of Praise To Our Dear Country, and the Ode to Heaven, were well rendered. The Pythian Ode was given in imitation of the ancients. A Grecian dance several centuries old was played during the latter part of the play.

The Dance of the Flames under the direction of Miss Kammeyer, was an impressive spectacle, and in strict keeping with the atmosphere of the play.

Previous to the presentation of the play Dr. Putnam spent a short time in tracing the history of the development of music from the ancients from Persia through Chaldea, Babylonia, Persia, Egypt, and into Greece and Rome. Another interesting part of this portion of the program was a description of the ancient double flutes and the lutes.

All the members of the cast took their part well, the part of the virgin instructress, Virgo Vestalis Maxima, being taken by Edna Sherman, and that of Tuccia, the accused virgin, by Marjorie Lieberg. The parts of the water bearers, the laurel bearers, and the other Vestal Virgins were taken by the Misses Rosilla Ladd, Minnie Sorenson, Esther Wodly, Louise Rusch, Irene Haugberg, Mazie Gilmore, Gwendolyn Brow, Gladys Engle, Kathryn Ferguson, Dorothy Keene, Dorothy Price, and Beulah Watson.

The play will be repeated tomorrow afternoon as a part of the program for the benefit of the war relief fund.

Don't forget to cast your ballot on the 13th.

Ceres Hall

Miss Ruby Gibbens, an alumna of the A. C., spent a short time with her sister Mary. Miss Gibbens is now at Superior, Wis.

Miss Grasse and the double quartet have arranged a little musical to be given in the parlors of Ceres Hall tonight. All the girls are invited.

The Misses Engle and Sorenson were hostesses Thursday evening when they entertained a number of the girls at a shrimp wiggle. A reading entitled "A Funny Bird" by Miss Mickelson was thoroughly enjoyed but the extinguishing of the lights prevented an encore.

The Misses Mickelson, Haugberg, and Tjenstrom pleasantly surprised Miss Minnie Sorenson Thursday evening with a sumptuous spread in honor of her birthday. The center piece was a large birthday cake lighted with the proper number of candles and each guest had the opportunity of making an "air castle" wish.

ENTRANCE ON EIGHTH ST. SECOND FLOOR.

MUSIC DEPARTMENT

The band will play for the Scottish Rite Reunion next Thursday afternoon at the Masonic Temple.

On the 15th of March the band will furnish the music for the annual Military competition between the five companies of the Cadet Battalion. Several numbers are being arranged for this time.

The Cadet Hop on Friday and the informal dance after the game on Saturday were occasions on which the band furnished music for the dancing. A rather varied collection of dance music is being collected for the band under the direction of Dr. Putnam.

The A. C. Concert Orchestra is the busy organization for the next few weeks. They will play for the production of the Edwin Booth Dramatic Club play, "The Rejuvenation of Aunt Mary" on Friday and Saturday. The "Greek" musicians will play for the play. "The Vestal

Virgins" when it is given tomorrow afternoon in the Orpheum Theatre. Other dates are pending.

The big event in musical circles at the Agricultural College this week was the Olde Tyme Singing School Concert given last evening in the Little Country Theatre. The concert was attended by a large number of the students and was much appreciated.

The first portion of the program consisted of some of the old familiar songs which were given by the chorus, by the girls' quartet, and by soloists. Such songs as used to be sung by our great grandmothers in their younger days delighted the audience.

The second part of the program was the cantata "The Rose," by Gilchrist. This was given by the chorus, the solo parts being taken by Miss Margaret Newton.

A tableau and the singing of the Star Spangled Banner closed the program.

High School

Freda Hultberg is attending classes again. She has been confined to her room because of a severe cold.

FISHY

Hugo Pearson, our notable yell leader, is fast becoming a chemistry shark. Professor Washburn said on Friday: "Well there would have been no use in holding this class this morning if you had not been here." And did he mean it?

MUMPS

The mumps seem to be taking particular delight in keeping the high

school students from attending classes. More than two or three of the beauties of the school are confined to their rooms because of the disastrous effects of the malady.

FARGO HIGH BEATS A. C. PREPS

In a speedy game at the Agassiz gym. Monday evening of last week, the A. C. Preps faced one of the best teams in this district. The score at the end of the first half was 10 to 10. However, Fargo, left us behind in the second period making 17 to our 7. Thus the final score was 27 to 17. The few who attend the game are all of the opinion that our team put up a game fight against their more experienced rivals.

ing the coming summer. His friends here unite in wishing him success in his new undertaking.

A. C. REPRESENTATIVE JOINS NAVAL RESERVES

(Continued from page 1)
are needed for service, especially in times of war.

The terms of enlistment is for four years, and in case no war is declared only one month during each year is to be spent in service. In case of war, the reserve can be called into service at once. The headquarters of the corps in which Rusfeldt has enlisted is the Great Lakes Station near Chicago, and this is where he would be called in case of trouble. Those who enlist may apply for service during times of peace if they desire, or they may be released from their enlistment. But at this time when the diplomatic relations are as they are, there is little danger of one being freed from his enlistment.

In case of war Rusfeldt, with the other men who have enlisted, will be called for active service in the Radio Corps. This will include service in the land stations and service with the United States fleet.

Rusfeldt is now spending his third year at the A. C. and is taking some special high school work this term. If not called into service he intends to complete the year's work. During the coming summer he will spend his time at the Great Lakes Station familiarizing himself with the duties of a radio electrician in the Naval Reserve Corps.

Rusfeldt has had considerable experience with the radio industry and has spent a large amount of his spare time with the local station, which is being equipped with the latest instruments. In case of outbreak of hostilities there are probably more who have had experience with the local station who would enlist for service in this branch of the national defense.

Y M C A BUILDING NOW ASSURED FOR THE A. C.

Continued from page 1
at the final rally was \$40,112 and further pledges were received later by mail.

The successful close of this campaign marks the close of the efforts of the A. C. association to get the \$70,000 needed for the building and its equipment. The campaigns carried on among the students last winter and among the citizens of the state last summer, together with the amount raised last week, secured for the local association the largest gift ever given by the Rockefeller Foundation to a western college which had an enrollment of less than 3,000. The campaign last week was materially aided by the two \$1,000 gifts, one from E. D. Angell, a member of the board of trustees of the college association, and the other from the Union Light, Heat and Power Company.

The general chairman and the two captains of the divisions all spoke very highly of the work of the college teams. These were led by Director Cooper, R. C. Hoisington, E. A. Frojen, M. A. Thorfinnson, and G. W. Gustafson.

The association officers, A. B. Dale, J. W. Adams, and Ray Sweetman are also deserving of credit for their untiring efforts to make the campaign a success.

The new building will be started just as soon as the frost is out of the ground.

SWEETMAN LEFT FOR NEW FIELD

(Continued from page 1)
here from the University of Wisconsin, having been graduated from that institution just prior to his coming here. Under his leadership the local association has planned and conducted a financial campaign for the building of a modern Y. M. C. A. building which is to be erected dur-

REMEMBER THE ELECTION ON TUESDAY

Next Tuesday, March 13, will occur the third election under the present commission system of student government. At that time those who will have charge of the student activities for the coming year will be chosen. A good list of candidates has been selected, these being announced on another page of this issue. From these it will be necessary to choose the nine students who will have the responsibility for the coming year.

This commission will then enter upon its third year of existence. During the past two years they have been busy getting things started. Now that they have had two years' experience they should be in condition to make the commission count for all that it should in student life.

The experience gained on the commission is valuable to every future citizen of this country. The system of elections as they are carried on here is practically the same as is used in the national elections. Remember and turn out and vote at the next election. Every regular student in the college, every high school student, every Farm Husbandry student, every Power Machinery student, and every Homemaker has a vote. Last year at one of the elections the issue went by default because there was not enough interest shown. Don't let that be said this year.

Remember Tuesday, March 13.

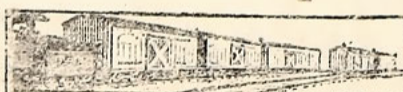

On Saturday evening in the A. C. Armory will occur the last basketball game of the season. At that time the quint from the other side of town will be our opponents. In the game played over there a week ago, Fargo College was successful in grabbing the long end of the score. But will they do it again? Well, come out and see.

The team will be out in regular form. In the last game they were handicapped by the absence of the captain, but unless something unforeseen happens the regular team will be out next Saturday. And you have not forgotten how they got the University's goat last Saturday, have you? Well, we are going to do the same thing to Fargo College, if the students do their part.

The yell leaders have called a rally for Friday noon. This is absolutely essential. Fargo College has some of the best rooting of any college around here. We cannot afford to let them "show us up" in any way if we can help it. We will have the larger number of students out. Why not be able to say that we had the best yelling. It is possible if the students will respond to the call of the leaders, and then follow them during the game.

Well, as we said, we are going to get that game on Saturday.

Remember to vote on next Tuesday.

IT TAKES 400,000 cars to carry American Fertilizers to Farmers and Planters every season. Forty per cent. of this is useless Filler requiring 160,000 cars! Insist on having less Filler and all high grades with Available Nitrogen, namely:

Nitrate of Soda

and thus cut freight bills.

Crop production from such Fertilizers means greater outboard tonnage for roads and bigger purchasing power for Farmers, Railroads and everybody would benefit.

Larger food crops thus grown would give increased prosperity to all. Write to you, Mr. Farmer.

Send for "Cost of Available Nitrogen"

DR. WM. S. MYERS
 Director, Chilean Nitrate Propaganda
 25 Madison Avenue New York
 No BRANCH OFFICES

Fargo College lost Monday to the University, and we beat them on Saturday. Therefore, we have it doped out that the game is ours. But remember the provision we have made—"If the Students Do Their Part".

Come on now! Let's go! And make up for the game at F. C. on Feb. 26.

The Only Tractors With Renewable Inner Cylinder Walls

With an Avery Tractor if your cylinders become worn or scored all you have to do is to put in new cylinder walls. But with all other tractors you must have your old cylinders rebored and fitted with oversize pistons and rings or buy complete new cylinders, either of which is very expensive and causes serious loss of time.

OTHER THINGS YOU GET ONLY IN AN AVERY

Only Averages have sliding frame, two speed, all spur gear, four wheel, double drive transmission. Only Averages have no fan, no water pump, no fuel pump, no outside lubricator, no belts, no sprocket chains. Only Averages have a standardized design—five sizes—all alike.

The Avery line includes five regular size tractors—8-15, 12-25, 13-38, 25-50 and 40-80 h. p. and special 5-10 h. p. Plows and Threshers in all sizes—and Two-Row Motor Cultivator. Write for a free copy of the new 1917 Avery Catalog and name of nearest Avery dealer.

SOCIAL DOINGS

The members of the Delta Phi Beta sorority enjoyed a delightful luncheon in Mary Gibbens' room on Wednesday. This affair was such a success that it was decided to have more of them, and a committee of three was appointed to arrange for luncheon to be held each Wednesday noon.

The Delta Phi Beta sorority entertained the lady members of the faculty at the home of Rosilla Ladd last week. Rosilla Ladd and Mary Gibbens were the hostesses of the afternoon. The afternoon was spent in sewing and during the latter portion of the day the hostesses served a dainty luncheon.

The members of the T-Square Club held a banquet at the Annex Hotel on Saturday evening. In addition to the members, the Messrs. Hoisington, Ward, and Slocum were present. The president, George Glynquist, presided as toastmaster, and Mr. Ward and others responded.

The number of toasts was limited in as much as the members desired

to adjourn in time to take in the A. C. U. N. D. basketball game.

Mr. and Mrs. Ward were hosts to the fifteen members of the T-Square club at their home last Friday evening. The evening was spent in games and music. The decorations were carried out in the club colors, maroon and gold. The refreshments served by Mrs. Ward appropriately included cookies baked in the form of the T-Square. The members all enjoyed a pleasant evening.

One of the big social events of the term will come when the Cadet Battalion holds their annual Military Ball. The date for this affair has been set for March 17, and promises to outdo any previous Military Ball. The committee in charge are working hard to make this a success. The number of outside guests is to be limited to two for each member of the battalion. This will be a strictly military affair, all the cadets coming in full uniform. Baernstein's orchestra will furnish the music.

PRESIDENT LADD ADDRESSES CONVO- CATION MONDAY

OTHER FEATURES WERE SOLOS
BY ATTILIO BAGGIORE AND
NUMBERS ON THE VICTROLA.

Convocation on Monday morning was addressed by President Ladd who took the opportunity of speaking especially to the members of the short courses who are spending their last week here for this year. This is the first chance the president has had to speak to these students this year in convocation and he spent a few minutes in summing up some of the things which they should have learned if they have applied themselves as they should.

One of the lessons they should have learned is the various sources from which they may obtain information on the subjects in which they are interested. They should know where to obtain the latest bulletins and how to make use of them after they receive them. Another lesson is that of cooperation with their neighbors. The president said that the time had come when it was necessary for the farmers to organize for their mutual benefit and that in the future they should be able to have more to say as to who should sell their products. The illustration from Denmark where the farmers are so organized that even products which are sold in London are sold by their own representatives was used in explanation of this fact.

The president urged upon those

present the necessity of supporting the college in order that it might grow in the future as it has never grown before. The appropriations for the new building will enable those departments to better look after the details of their subjects, and in all, the outlook is bright.

The latter portion of the hour was devoted to a solo and encore by Attilio Baggioire and some of John McCormack's records on the Victrola all of which were much enjoyed, especially as John McCormack is to be here during the present week. The last portion of the program was made possible through the courtesy of the Luger Furniture Company.

NOTICE TO ORGANIZATIONS!

Dean Bolley, Chairman of the Faculty Social Committee, would like to have those organizations who desire to have a place in the calendar of social events for next year communicate with him at once.

The calendar is now being prepared and those who desire the use of the Armory for social purposes should make their desires known in writing as soon as possible in order that the date may be reserved for them. It will be best to name two or three dates, placing them in order of your preference. These requests should be in his hands not later than April 15. This will give the committee time to arrange the program of social events so that the dates will not conflict, and so that they may be arranged, in so far as is possible, so that the same group of students will not participate too often.

This does not mean that the dates set will be unalterable, but it will provide for a proper distribution in time and make the planning for the events as satisfactory as is possible.

Remember and get your requests for dates in before April 15.

A. C. PREPS WIN FROM MODEL HIGH

Take University Preps into Camp to the Tune of 20-11.

As a preliminary to the A. C. U. N. D. game on Saturday, the A. C. Preps played the Model High basketball team of the University and were successful in finishing with the long end of the 20-11 score. The game thru-out was fast, although the A. C. Preps led during the most of the contest. The teamwork of the preps was good and was largely responsible for the outcome of the game. Sanford and Ladd refused to take anything from their larger opponents, while Ladd, Loftus, Dean, and Sandquist were the large point getters for the locals.

S. Thorwaldson was the big man for the Model High scoring 10 of their 11 points.

Summary:

A. C. Preps	Model High
Dean	f A. Thorwaldson
Ladd	f Leifer
Loftus	c S. Thorwaldson
Van Es	g Florence
Sanford	g Buckingham

Substitutions: Sandquist for Dean.

Field goals: Dean 2, Ladd 3, Loftus 2, Sandquist 2, Sanford 1, S. Thorwaldson 5.

Free throws: Loftus, 2, Liefer 1.

Things That Worry Others

The cold weather.
Alex Nemzek's size.
Curley's dribbling.
Happy's roughness.
Hayes' guarding.
Dutch's jump.
Heidner's shooting.
November third.

Light Occupations

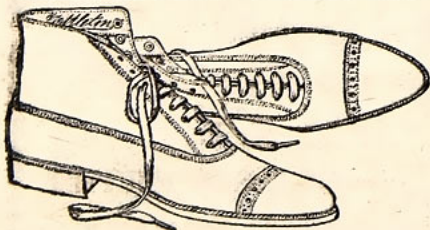

Taking tickets.
Playing with Rowdy.
Volley ball (?)
Reading Life.
"Cage" baseball.

"Dutch" Hauser outplayed his man at every stage of the game, and although he was marked by the U defense they were unable to stop him. He started the finale with a clever basket from a difficult angle.

LYCEUM TEAM LOSES

TO HENDRUM

The Lyceum of Engineers' basketball team made a trip to Hendrum, Minn. last Thursday and played a game with the Hendrum Athletics. The Hendrum team proved to be a fast scrappy bunch and took the bacon to the tune of 40 to 22. Nine men made the trip from the Lyceum. Wold, Zimmerman, and Jacobson were the bright lights for the Engineers. The other men to make the trip were Johnson, Belhmer, Hartstein, Underwood, Tarbell, and Dunbar.

It is Your Privilege to Choose

Commodities differ. Some shoe manufacturers, for instance, put more value and better workmanship into their goods than others. It is your prerogative to inspect their efforts and buy as your judgment dictates. For you men who want the best, we suggest the

NETTLETON

GIRLS LOSE TO CASSELTON

Play Game at Western County Seat on Friday.

The girls' basketball team were an excited bunch when they learned last Friday afternoon that a game had been arranged for them at Casselton for Friday evening. There was a hurry-up practice and then a quick trip to Casselton.

The game resulted in a defeat for the local tossers, although they played a fast, clean game. One of the features was the small number of fouls called.

As yet no definite arrangements for a return game have been completed but the girls are hoping that one may be arranged. Then they hope to turn the tables on the Casselton girls as they did on the Fargo High girls last week, when they defeated them 19 to 15.

After the game the visitors were treated to a luncheon by the Casselton girls, and this was very acceptable as some of the girls had had to leave Fargo without having had their evening meal.

Those playing for the A. C. were Louise Rusch, Minnie Sorenson, Inga Mikkelson, Irene Haugberg, Madeline Blake and Vesta Steer.

A few of the girls accompanied the team.

"Happy" Peterson and "Jarvis" Hayes were not satisfied with doing all that we expected of them. Both of them "busted" into the scoring. "Happy" tore loose a couple of heart breakers and "Jarvy" connected for three.

"String" Heidner added his wee bit to the good cause in the shape of four ringers. We can't think of any more appropriate contributions. His floor work was excellent.

"Curly" Movold, despite the fact that he had been sick in bed for over a week, staged some of the prettiest floor work that we ever hope to see. Some of the U men looked rather foolish at times when they tried to stop him. He and Hauser caused much idle work on the "U's" part during the last few minutes.

N. D. AGGIES STAGE REAL COMEBACK AND TRIM U. N. D. QUINT

(Continued from page 1)
moment later Hauser added a basket and Hayes soon followed his example. The U took another brace and scored a basket and a free throw, but Movold offset their efforts by adding a field basket and a free throw to the A. C. score in the last couple of minutes. Movold's floor work during the last few minutes of play was the best exhibition seen on a local court this year. During the latter part of the game the Aggies kept the ball all to themselves. The "five men back" defense used by the U was unable to spoil the up field passing of the A. C. men, who, secure with a five point lead, resorted to a snappy passing game that the U men could not break up.

The lineup and summary:

A. C.	U. N. D.
Movold, Capt.	f Stevenson, Capt.
Heidner	f Ellingson
Hauser	c Murphy
Peterson	g Murray
Hayes	g Laughlin

Substitutions: U. N. D. Shoft for Ellingson, Skretting for Laughlin.

Field goals: A. C.—Heidner 4, Hauser 3, Hayes 3, Peterson 2, Movold 1.

U. N. D.—Ellingson 4, Stevenson 3, Murphy 3.

Free throws: Movold 3, Stevenson 4.

CONTEMPLATED COURSES FOR TRAINING CORPS

PLANS ALREADY BEING MADE FOR NEW PART OF COURSE FOR MILITARY CORPS

The War Department order which authorizes the formation of units of the Reserve Officers' Training Corps at the North Dakota Agricultural College sets forth the course of instruction in much detail. The entire course will, as far as possible, be followed. While it is not the intention of either the War Department or the college authorities to make the N. D. A. C. a military school, it is felt that this is a fine opportunity to open to the students of the college another line of study which it has not been possible for them to obtain before. The course, as laid out, will do much to increase the interest of the students in drill and will go far toward showing them that there is more to drill and the duties of an officer than merely being able to execute "Right Shoulder Arms" and saying "Squads Right" so that the men in the company can understand the command.

The course contemplated for the first two years of drill is but very little different from the work as now given. There have been added instruction in first-aid, map reading, and signaling. This last will not be new here as Lieut. Carrithers is instructing some of the cadets in signaling so that they will be proficient at the time of the inspection in May. It might be added that bayonet exercises will, also, be shown at the next inspection. Lieut. Carrithers has added these two things this year in the intention of making the instruction greater than in former years.

When the student, after completing the first two years instruction, volunteers for the further instruction, he will be required to devote five hours a week to the work. These extra hours will make it possible to give instruction which it has been impossible to give before on account of lack of time. Lieut. Carrithers desires, again to call attention to the fact that the student must volunteer for this additional instruction; but, once the student starts in upon the work, the two years must be completed before graduation just as much as the student must complete his work in chemistry or any other study for which he registers.

During the junior year, instruction will consist of practical work and exercises in the duties of cadet officers and non-commissioned officers and in military sketching. The theoretical work will include instruction in minor tactics, field orders, map maneuvers, company administration, including making out of the various papers and returns, military history, and elements of international law.

During the senior year, instruction will consist of continuation of the practical work given in the junior year. The theoretical work will include a continuation of that given in the junior year, with instructive lectures on military history and a study of the international rela-

tions of the United States, the gradual growth of international law as embodied in diplomacy, legislation, and treaties.

The course will be arranged so that the final standard required will be that for a platoon leader in an infantry company. The student who completes the full course should know, upon graduation, what is required of a platoon leader from the point of view of the company commander, and understand clearly the interior economy of a company. He will know what is demanded of the soldier as an individual and also in combination as a part of a larger organization. He will be able to command a company in time of national defense as he will have the knowledge necessary and confidence in himself as well as being able to command the confidence of the members of his company. The course will, of necessity, take time but it is felt that there will be enough men who have become interested in the work during their first two years and who will volunteer for the last two year's work, to more than fill all the positions of cadet officers.

NEW COMEDY AT THE ISIS

Starting with Friday and Saturday of this week the Isis will show every week on the above days the famous Fox Comedians. These will undoubtedly prove a big drawing card and will increase the already large patronage of this popular play house.

Local News

LOCAL NOTES

President Ladd was named a member of the state board of education by Governor Frazier last week.

The art exhibit continues to attract the attention of the students. It will be open for the remainder of this week in Mrs. Rindlaub's studio in the Engineering building.

The state oratorical contest held at Wahpeton last week was won by the university orator, second place going to Hewison Pollock of Fargo College. The A. C. was represented by M. A. Thorfinnson, who delivered his oration on the "World Citizen."

Several alumni were in for the game Saturday. Among those present was Bruce McKee, captain and one of the forwards of last year's champions. Another visitor was "Dutch" Schroeder. Dutch says that his team got their entry for the district basketball tournament at Valley City in too late.

Chas H. Whitaker of Washington, D. C., who was to have addressed convocation next Monday has sent word that he will be unable to fill his engagement due to illness. Plans for next week's convocation are being made and it is possible that there will be a special meeting addressed by some of those who have recently returned from the Border.

The last basketball game of the season will be played on Saturday evening when the Aggies meet Fargo College for the second time. A week ago we were treated to a live game but one which resulted in a victory for the collegians. With the team going as it did last Saturday and with the proper support from the students the result should be different this time. Will you be there?

NOMINATION OF OFFICERS

For the Young Men's Christian Association for 1917-1918.

- President:
Enoch Frojen
Hamlet Larson.
- 1st Vice President:
Theo. Thorfinnson,

GOOD SPECIMEN OF HORSE FLESH AT THE A. C. BARN

HAMMER BROS. OF COOPERTOWN ARE EXHIBITING HIGH CLASS ANIMALS.

Good Oppoutunity to View Animals.

Those interested in the horse world have a remarkable opportunity just now of seeing some of the best in the country. Hammer Brothers, of Cooperstown, N. D., have at the horse barn nine head, which include some of the best specimens of Percherons, Belgians, and Clydesdales to be found in America.

Heading the list of the great Percheron stallion Vomnore 63993. The show record of this horse is remarkable. He was the International champion in 1910, and has been the champion of the North Dakota fairs for the years of 1912, 1914, 1915 and 1916; of the South Dakota State fair in 1912. He is unquestionably one of the greatest Percheron horses in America.

Among the others are Miro, holder of more first prizes as a two-year

old than any other horse in America; Geyenne—the champion mare at Fargo in 1915; and a mare sired by the great Carnot.

If you are interested in seeing some really good specimens of horses you should not fail to visit the horse barns and ask to see the horses. The attendants will be glad to show them.

Hammer Brothers are the largest breeders of Percheron and Belgian draft horses in the state, and it is surely a treat to be able to see their animals. Don't fail to make a trip to the barns.

The senior Homemakers served their class dinner on Saturday evening at the home of Professor and Mrs. Reynolds. Pretty decorations of lavender and gold, the class colors, were used throughout the rooms and upon the tables. The other guests were Miss Jensen and Prof. and Mrs. Reynolds.

Cheating Your EYES?

From a sense of false economy or as a result of pure, inexcusable thoughtlessness, you may be deferring the wearing of eye-glasses—the one thing needful to your now defective sight.

CAN YOU IMAGINE PEOPLE ROBBING THEMSELVES?

Think this over, think of your eyes, think of your folly and then—think of us who will gladly furnish you—at small profit—the very kind of glasses a correct and thorough examination proves that you may badly need.
