FOOTBALL SEASON CLOSED

A RESUME OF GAMES WON AND OF GAMES LOST

The football season has passed and in its place we have memories. Memories of victories and of defeats! Memories of anticipations and hopes realized! Memories of what has been and of what might have been, if—! But we are content. We believe that our men did their duty as they saw it and what more can one ask.

A total of six games played: three won—two lost—and one tied.

One of the longest trips, if not the longest, ever made by a North Dakota athletic team was taken and, as Pat says, "the trip was certainly successful in all ways except in bringing home the bacon." The Michigan Aggies were played and held to a 30-0 score.

The game with the University was lost but Fargo College was defeated. We'll beat both next time!

And this with so much gree material to be acclimated!

But to return:

The first team to clash with the Aggies was Wahpeton Science. The A. C. team was in good condition but they had not become accustomed to playing together with the result that only 54 points were registered against Wahpeton.

St. Thomas came next and with her a bunch of fighting Irishmen. These Irishmen were SOME fighters but that did not quite counterbalance the machine of A. C. Although St. Thomas scored first, the result of a fumble, the Aggies did not quit but came back with such a series of line smashes that Happy Peterson was soon sent across for a touch-down. But St. Thomas still led by one point. With renewed vigor they pushed the ball within striking distance, only to fumble. But next time a pretty place kick gave A. C. a lead of two points and the Saint's jinx was broken.

With a victory scored over St. Thomas, Hamline was surely beaten! That was the attitude that the Coach had to fight against during the next week. He did his best but the idea was fixed and would not be moved.

When the game was called it was found that the field at Hamline was nothing but a big mudhole. But four inches of slush did not matter to the Aggie squad and they waded right in. Practical experience on the ground soon showed that no line could charge under the existing conditions. Hamline had a fast backfield which got started with the ball and the A. C. soon thought that 14 point was some score. But when the game was declared over and the chunks of mud removed, it was found that the game was a tie both teams having registered 14 points.

The following Thursday the first big trip of the season was taken. The boys had a pleasant little jaunt over to East Lansing, Michigan, where on Saturday they encountered the famous Michigan Aggies. Now we will have to present this much of an abill: We surely had a crippled team. Both Hayes and Baker were kept at home to nurse their injuries in hopes that they would not prove permanent, Dutch had a stiff knee, and Huey was limping around on a sprained ankle. This meant that the game had to be started with an entirely new backfield and no ends to grasp passes. Michigan started out to realize its hopes of humiliating the Dakotans to the tune of about 70-0. But by the end of the first quarter their tune was changed and they were wondering how bad A. C. would beat THEM. The second quarter resulted more favorably for them, how-

ever, and although N. D. A. C. fought and fought hard, Michigan ran up 30 points and succeeded in preventing North Dakota from scoring. But the trip was successful in every respect except that the bacon was not brought home. The best care and service was given the team and they returned to prepare for the next act of their little play.

The next scene is laid at Grand Forks. Here on the fourth of November was staged the REAL GAME OF THE SEASON. How we would like to tell you that we carried out our fondest desires and once more

"SLIV"
Elected Captain but Uncle Sam said he couldn't play.

defeated U. N. D! But our veracity will not permit.

A. C. students, 300 strong, appropriated for their own use one of Louis Hill's big engines and four coaches and made the trip to the Forks. And to say that they took that little city by storm is putting it lightly! Doc Putnam was on hand and with him a 44 piece band to encourage and lead in the noise making. The game started with nearly equal teams. A. C. received the ball but fumbled on their 20 yard line. The University were un-

EXPRESSIONS OF SYMPATHY.

A. C. Students Contribute to Aid of European Prisoners.

Joining in with the other Colleges of the United States and especially those of the Northwest the students of the Agricultural College are sending a gift of sympathy and human interest to the students now imprisoned in the war camps of Europe which it is hoped will reach the splendid mark of one thousand dollars.

To date one hundred and forty students have made pledges payable this week which average better than four dollars each. As an expression of generous giving this result speaks a great deal. It is to be regretted, however, that the number of gifts so far have been so few. Out of the five hundred students now enrolled and our large faculty it is expected there are many more people who will be heard from.

Gifts of one dollar are most certainly acceptable at a time like this for such a cause, and the committees who have been giving their time to this enterprise wish to make an appeal for at least two hundred gifts of this amount from members of the faculty and students who have as yet not contributed.

The giving of those students whose amounts are reported above will be a source of great credit to the spirit of the College, and the value of this cannot be over-estimated; but to those persons who for many reasons find it impossible to give such a sum as five dollars or more, the appeal is made to give ONE dollar.

A. N. Sorenson the treasurer of the Student Commission will endorse all checks and will report thru the columns of the Spectrum the entire amount given. Every dollar contributed for this splendid work which is being done among the students of the prison camps will reach its destination, and all expense involved by this movement among the American colleges will be met out of the regular running expenses of the various local Young Men's Christian Associations. It is doubtless true that the students of A. C. will never have an opportunity to contribute to a piece of constructive work which is more scientifically managed or which ministers to a greater human need. Be one of the remaining two hundred and mail Mr. Baumgartel: Mr. Stall kindly your check to day. Address it to put a little more of the old zip into Box 34, Agricultural College, Post your voice. Wake up; as it were, Office.

FOREWORD

The cuts of the new men will appear next week. Limited space and the fact that some of the cuts could not be procured this week necessitates this arrangement.

able to gain so A. C. started again, but fumbled. Again the line held! From then on the ball seceded back and forth until it was finally found in A. C.'s possession on the University's 6-inch line. But why go on? You know the rest! A little more cool-headedness and determination would have spelled victory. But although disappointed, we saw a good game. The U. says that their team was the best they have had in years and they admit that we never had such a team as we have had this year. They say they were lucky, and we admit it. They have not decided yet as to whether the best team won or not. But as soon as they reach a decision on the subject we will let you know. We have our own opinions.

The last team to be met was Fargo College. This is Fargo College's big game and they surely play it as such. But how they ever hoped to beat our team is beyond our comprehension as they were successful in making first down but once. Yet they had the fight and the pep of a real football team. If A. C. went into the game with half as much enthusiasm, or even with the same spirit with which they meet U. N. D., there would need be no doubt of the result after the first three plays. Some time, the most optimistic of us believe, we will work up a little pep and enthusiasm and then we will show what can be done with the right kind of spirit and determination.

COACH PAUL J. DAVIS
The Brains of North Dakota Football

THANKSGIVING CONCERT

Sunday afternoon at 4:00 o'clock in the College Armory the two Christian Associations will stage the Annual Thanksgiving Concert. This event is always attended by a capacity audience of students and townspeople; it is open to all free of charge.

The program Sunday will consist of music very largely, quartets, solos, both instrumental and vocal and possibly a reading. In previous years practically the whole student body has turned out on the occasion of this concert and the one at Easter time. Many of the best local talent artists will be heard Sunday and an enjoyable hour is anticipated.

If all spoke as they felt, Mr. Baumgartel: Mr. Stall kindly put a little more of the old zip into Box 34, Agricultural College, Post your voice. Wake up; as it were, and get peppery.

NEW PLAN SUGGESTED

Several Athletic Banquets May Be Combined.

One Big Gathering to Take Place Of Present Four Feeds

There is a plan on foot which if approved of will combine the four separate banquets now given for the football, basketball, baseball, and track teams into one big affair to be given at some season of the year, probably during the Commencement season. This may be in the form of a large banquet or it may partake of the nature of a mammoth picnic.

No matter how it is held, it will be a great improvement over the present system, in the opinion of the backers of the movement. You can get a cigar and hear a few dry speeches at almost any time, but if this new plan is carried out the bigness of the affair will tend to increase its importance and significance. Greater interest and more pep would be induced and the benefits would be greatly increased. It would be the one big event of the athletic calendar each year.

The proposition will be presented to the Athletic Board of Control for their consideration in the near future.

LIEUT. CARRITHERS AT POLYTECH Addresses Society On "Military Implements"

Lieutenant Carrithers was the speaker at the meeting of the Polytechnic society on Tuesday evening of last week. The subject of his address was "Military Implements."

This is a subject that is of interest to practically everyone at the present time because of the war raging in Europe, as well because of as he attention that is being paid to these implements of warfare by our own nation for the purpose of being fully prepared for any unexpected contingencies which might arise.

Lieutenant Carrithers brought out quite strikingly the similarity between the ancient implements of warfare and those in use at the present time. Of course the ancients did not have the aeroplane, wireless, and submarine, but substitutes were used for these.

The big gun ships began with the Monitor which was the first vessel to carry heavy armament. The trench system of fighting was developed in the Civil war. Barbed wire entanglements were first used at Vicksburg. The Chinese used what is called the Stink Pot from which has originated the deadly gas of to-day. The balloon was used only for observation purposes while the aeroplane is used for fighting as well as for observing and directing the fire.

Of the ancient armor the helmet and steel vest are still employed while the principle of the arrow is made use of in dropping explosives from airships. The catapult is used to hurl bombs in trench fighting. The tank car and armored autos are a modern rejuvenation of the chariot.

"HAPPY" PETERSON CHOSEN CAPTAIN

Will Direct Aggie Team During 1917 Season

At a meeting of the letter men in the Coach's office on Thursday Paul "Happy" Peterson, star tackle on the 1916 team, was chosen to lead the A. C. team during the season of 1917. The election came as the unanimous choice of the entire team and shows the confidence his teammates have in "Happy."

Happy is respected by all his team mates as well as by the entire student body. The choice of the team has met with the approval of the student body and a successful season is looked for next year.

Peterson has shown himself to be a man who could be relied upon in any game and his consistent work on offense and defense has been a feature of each game of the past season. His attacks have been a terror to his opponent always; and with him to set the pace, the next year's team will be of the terror of every 1917 football team.

AGGIES HAVE MEN ON ALL-STATE TEAM

Authority Divides Honors Between A. C. and U.—F. C. Gets One Representative.

A North Dakota All-State football team has been picked by one of the close observers of the game and the results show that the A. C. and the University each have fine men chosen to fill positions on the imaginary team. Simm of Fargo College is the only man picked from that team. The ideal line-up is as follows:

Position	Name	School
L. E.	Johnson	U.
L. T.	Peterson	A. C.
L. G.	Bjornson	A. C.
C.	Mann	U.
R. G.	Simm	F. C.
R. T.	Fingerson	U.
R. E.	Hauser	A. C.
Q.	McCarthy	U.
L. H.	Kelly	A. C.
F.	McKay	U.
R. H.	Movoid	A. C.

A mock trial is the program for the next meeting of the Hesperians. It is not certain why justice must be administered, but somebody's done something and there going to get it right in the neck according to the prosecuting attorney.

A. C. HAS BRIGHT HOPES

ONLY TWO MEN TO BE LOST THROUGH GRADUATION

The men who have been out in A. C. uniforms this year from the greatest aggregation of football material ever collected under the Yellow and the Green. The number of men who made their letters this year indicates the difficulty encountered in choosing the eleven men which are supposed to constitute the team. It was impossible! That is the sum and substance of it all! A goodly number of old men returned to fight for their old positions and with them came a large number of very promising new material. The results obtained this year are satisfactory and the outlook for the coming year was never so bright. Only two of the nineteen letter men will be lost to the 1917 team via the graduation route. Captain Bjornson and Jack Gazette will both leave holes which will have to be filled, but outside of these there is a probability that the rest of the men will be with us again another year and that they will be able to work together in such a way as to result in the winning of every game.

Captain "Dick" Bjornson has played on the A. C. football team for four years, playing the last two years as captain. His position until this year was usually tackle but this season he has held the position of guard. Dick has always proved a tower of strength in the line and knew how to make a hole for the backs to gain. His leadership has always inspired the other members of the team to fight harder for the glory of A. C. and in losing him the Aggies lose one of the most consistent workers they have ever had.

Captain-elect Peterson has just finished his second season as a member of the A. C. football team. Tackle has been his place this year and no one knew how to get his man or got him any better than "Happy". His practise of getting through the opposing line and thus opening a hole for the ball featured every game. His remaining two years as a member of the team should be filled with big things in the line of football.

Jack Gazette, who has held down an end position for 3 years as well as playing in the backfield when needed played his last game of football for the Aggies. He was a fast and cool headed player. His smiling face will be greatly missed on the football field.

Curly Mocold, star quarter and half back, has one year more to play. He has been a consistent ground gainer. He did great work at kicking and forward passing. Next year he will be a whirlwind.

Gus Shinn has played a great game at guard and tackle, altho handicapped with two weak ankles. He was one of the stars of the Michigan game, breaking thru and throwing the men for losses. Shinn has one more year to play and should be one of the mainstays of the line.

FOOTBALL BANQUET SOON

Plans Being Completed And Will Be Announced Soon

The plans for the annual A. C. football banquet are being made and the definite arrangements will be completed in the next few days. In all probability the feed will be given at one of the hotels down town.

SPECIAL CONVOCATION FRIDAY

E. A. Kirkpatrick Spoke On Vocational Education

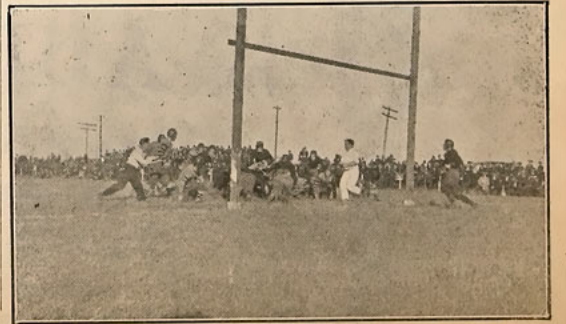

The fact that the pedagogs of the state held their annual meeting of this year in Fargo gave the students and faculty of the Agriculture College an opportunity to listen to a splendid address during the convocation hour which was given by one of the speakers brought to this city for the special purpose of addressing the teachers at their meetings. The speaker was Mr. E. A. Kirkpatrick of the Normal School at Fitchburg, Mass., who is this year doing work at the Bellingham, (Wash.) State Normal School.

Mr. Kirkpatrick is a strong believer in vocational education and expressed the opinion that such education is going to play an increasingly important part in the educational system of the United States. Agricultural schools are becoming steadily increasing importance in such a system as they offer splendid opportunities for vocational training. It is the opinion of Mr. Kirkpatrick that if the students of this school devote their attention to their vocational training they cannot help at the same time acquiring cultural training which some people devote their whole time in obtaining.

The first cadet hop of the season was held on Friday and it was largely attended. A number of the alumni and old students were present and enjoyed getting together with the regular college students. The band furnished the music. "Nuff sed.

Movoid makes Pretty Place Kick.

TEAM AND SEASON

The football season has passed into history. The team has been disbanded for this year. Two of its members have played their last games with A. C. There has been for the most part an abundance of first class material and the defeats which have been registered against the Aggies have not been due to the lack of good players or playing but due to that big consideration in every contest, luck.

The team has had the whole-hearted support of a few of the students, the halfhearted support of some more and, we believe that some have not supported it at all. This feature of the attitude of the student body may well be blamed for some of the disappointing features of the 1916 season.

The next branch of athletics to be taken up will be basketball. Last year's team established a new record not only for A. C. but for the entire conference. This was probably due to some extent to the hearty support from the student body. Let's wake up and show a little more interest in the athletic end of school life and show a little more spirit in the coming days.

LECTURE COURSE OPENS

Walter Rauschenbusch of Rochester, Speaks On Social Transition

The first number of the lecture course which occurred on Friday evening was one immensely interest-

ing and instructive. The committee in charge were fortunate in securing the services of Walter Rauschenbusch, a professor of Church History in the Rochester Seminary of New York and a man noted for his fearlessness in analyzing the social problems of the day and for attacking and holding up to public view the conditions and people responsible for such problems. Mr. Rauschenbusch is a champion of the common

"Nap" Thru Line at Forks.

people and deploras the existence of classes in the United States and their apparent inequality which is the result of financial advantages monopolized by the few and withheld from the many; with the consequent impoverishment of the many which results in the loss to them of the advantages and freedom which God intended they should enjoy as human beings. Mr. Rauschenbusch feels that the only solution of this problem is the combining of the principles of Socialism and property ownership so that the great mass of the people of this country will be given equal opportunity and yet will not be in danger of losing their self respect and interest in their work because of the lack of property which they can rightfully call their own.

Mr. Rauschenbusch was in great demand while in the city but the students here were fortunate enough to have three chances of hearing him express his views. On Saturday evening he gave a talk at a banquet given in his honor during the supper hour at Ceres Hall. On Monday morning he again addressed the regular convocation assembly, and devoted three-quarters of an hour before the beginning of classes in the afternoon to answering questions which were asked him by those who had gathered together for

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry
— General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery —
Architecture — Architectural Engineering — Chemical Engineering.

These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training.

THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL OFFERS
Complete Secondary Courses in — Agriculture — Mechanic Arts — General Science — Rural Teachers.

SPECIAL COURSES

Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery
THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, zoology, literature, mathematics, and engineering subjects.

Graduates from approved High Schools are admitted to Freshman Class. Board and Room \$4.75 to \$5.00 per week.

ATHLETICS

(Continued from page 1)

Eugene Ross, otherwise known as Crabby, will be with us for another year. Crabby was one of the scrappiest guards on the team altho he had a finger injured nearly every game. Charley played his best in the St. Thomas game where he opened holes big enough to drive a wagon thru and also tackled the Irishmen behind their own line. If Crabby keeps his fingers from being injured he will be a man to be feared by his opponents next year.

Walter Elliott played his first year for the A. C. altho a junior. He came to us from Iowa and showed great speed and fight. He played his best games at Michigan and with Fargo College. In the Fargo College game he received a fractured rib but finished the game as soon as he got his wind. He showed his ability as an end by picking the ball out of the air on all passes. He will be at his best next fall.

Enoch Frojen played a great game at guard in the Fargo College game. He was fighting all of the time. He can be depended upon to fill any vacancy that may occur in the line. He has one year left to play.

Carl Lolland, a regular war horse, has played a good game at guard and tackle. He still has two years to play. He will probably be one of the mainstays in the line for next season.

Wayne Underwood, who held down an end position, has two years left to play. He worked the best on the defense. He developed most of his speed between the field and the locker room. If he keeps this up he will be one of the speediest ends in the conference.

Martin Ostrem, or "Mike," is one of the smallest men on the team. He plays end with ability that would do credit to a man twice his weight. Mike has two years left to play.

Pat Keeley played at quarter and half. He may develop. He has 2 years left to play.

"Dutch" Hauser, all state end, has never been known to drop a pass. He was unable to play his best game at the U. due to injuries. This is Dutch's first year on the team. He has 3 years left to play, and barring injuries he will show some form next season.

Lynn Huey, star guard and tackle for the Aggies, had the misfortune of spraining his ankle early in the season. He made a brilliant showing in the St. Thomas game hitting the line time and time again for big gains. Lynn again starred in the F. C. game, breaking thru their line and getting the man with the ball. This is Huey's first year in the college.

Wm. Nemzek or Big Bill played a great game at center. Bill starred in the Michigan and St. Thomas games. His opponents could not keep him back. Bill gives all of his opponents a hard fight. He is a very accurate passer and generally kicks the ball over the goal posts from the kick off. Bill has 3 years left to develop in.

Leon Hayes played his first year with the Aggies. He starred at full back both on the defense and offense. He was injured early in the season but stuck to it and played a good game against the U.

Norman Hanson, known as "Gallop-Red", can stand more twists

and bumps than any man on the squad. He has played full and half back and is always found in the biggest pile hanging onto the man carrying the ball. Hanson promises to be one of the fastest men on the squad next fall. This is Red's first year here.

Sidney Baker played his first season of football for the Aggies and played it well. He is very good especially on the defense. He never lets a man get by.

Last but not least is Kelly. Kelly played half and made a good job of it. He was responsible for big gains in every game and seemed to get better as he went along. Witness the F. C. game. Kelly's end runs and line smashes were the terror of every man of the opposing team. This is his first year at A. C. and great things may well be expected in the next three years.

But of heaven's best upbuilding is
this house
Fashioned for man. The city of
nine gates—
Wonderful, subtle, sacred—to be
kept
Fair and well garnished;
Graced with ornament
Outside and in, and wardened worth-
ily,
That, in its ordered precincts, an-
gel's wings
May float and fold, and body help
the soul,
As soul helps body.
—EDWIN ARNOLD.

SOPHOMORES GIVE PARTY

The sophomores under the leadership of Marie Huey, Fern Briscoe, Marc Troyer, and James Ellertson gave a very enjoyable party to the rest of the college students at the Armory on Saturday evening. Dancing to music furnished by Malchow's Orchestra was participated in by a large number. Light refreshments were served.

"Mike" Ostrem, Could Fill a Hole.
"Dick", Captain and Dependable Lineman.
"Shinn", Everready and Always There.

CLASS GAMES

CLOSE SEASON

Annual Freshman-Sophomore and Junior-Senior Games Result in Victories For Seniors.

The much famed Freshman-Sophomore football game was played Tuesday afternoon and the result was a tie. The preparations for this game have been going on for some time and the interest manifest was good, a large crowd showing up in spite of the cold weather. Both teams worked hard for touchdowns but neither could make the necessary gains. Punts and passes were indulged in freely.

The stars for the sophs were Foley, Stewart, and McCune; while Heidner, Sherman, and Powers were the freshie's strong men.

The officials were Bolsinger, Coach Davis, and Bjornson.

The Senior-Junior game on Thursday resulted in a victory for '17. Both teams made touch downs in the first half but the seniors failed to kick goal, leaving the juniors one point in the lead. The ball saw-sawed across the field during the most of the second half but just before the end of the game the seniors pushed across for another counter and won the game 12-7.

The touchdowns were made by Homme and Reinson for the seniors and Lewis for the juniors. These men with Critchfield for the juniors were responsible for the most of the gains.

We Will Fit You With Correct Glasses

Most people do not know that correctly fitted glasses not only give you "Better Sight," but they also "preserve" your sight.

If you have trouble with your eyes, or objects don't look clear to you, better come in and have your eyes tested. You may be wearing away your sight and not know it—later it may be too late.

We are experts in this work and will serve you honestly in goods and prices.

 The active chapter and some invited guests spent the evening and later enjoyed a slumber party at the home of Helen Lewis in Moorhead on Friday. A very enjoyable time was spent in roasting marshmallows during the evening. The pledges served breakfast Saturday morning.

Cheating Your EYES?
 From a sense of false economy or as a result of pure, inexcusable thoughtlessness, you may be deferring the wearing of eye-glasses — the one thing needful to your now defective sight.
CAN YOU IMAGINE PEOPLE ROBBERING THEMSELVES?
 Think this over, think of your eyes, think of your folly and then—think of us who will gladly furnish you—at small profit—the very kind of glasses a correct and thorough examination proves that you may badly need.

Music Department

OCTETTE APPEARS.
 The College Octette made their initial appearance in convocation on Monday of last week. Being as it is a new organization much interest is being taken in their work. They also furnished a portion of the musical program given by the A. C. department of music before the N. D. E. A. on Wednesday afternoon.
 The members of the Octette are: Ann Johnson, Marion Johnson, Fern Briscoe, Alma Rytter, Arnold Heidner, H. Ebling, Dick Lewis, and Roy Dunbar.
A. C. CONCERT ORCHESTRA FURNISHES MUSIC.
 The A. C. Concert Orchestra furnished the music during the reception tendered the visitors of the N. D. E. A. by the A. C. faculty on Wednesday evening after the concert by Oscar Seagle. Among the numbers rendered were: Coronation March from "The Prophet", by Meyerbeer; Intermezzo Russe, by Franks; Selection from the "Bohemian Girl", by Balfe; "Only a Year Ago", by Alberts; "The Chase", by Wilson G. Smith; Selection from "Il Trovatore", by Verdi; Simplicity, by Dorothy Lee; Scarf Dance, by Chamlinade; and March—The Father of Victory, by Ganne.
 The orchestra is composed of twenty four pieces and is under the direction of Dr. C. S. Putnam.

A few more appearances of the A. C. Concert Orchestra, composed of twenty-four pieces and under the direction of Dr. Putnam, such as was made last week before the visiting

 Miss Grace Mares entertained the Misses McLaughlin and Norris during the week end.
 The Misses McPherson and Crabtree of Ellendale were the charming

HIGH SCHOOL
 Even though the high school game was not advertised, it is probable that some of the instructors of high school classes knew of the game.

Formation for Pass.

PHI Upsilon OMNICRON
 The Phi U's held a mock initiation Friday at the home of Eleanor Kindred. An enjoyable time is reported. The initiation proper of the Misses Jensen and Fromme as honorary members and of Adelaide Laurie and Inga Mikkelsen as members of the active chapter came on Saturday. The ceremonies were held at the home of Miss Lilyth Rusk and were followed by dinner at the Annex. The color scheme of yellow and white was carried out both in the decorations and the menu.
 Several of the alumni and old students of A. C. were in attendance at the N. D. E. A. last week and the most of them took enough time off to come out and renew old acquaintances. Among those present were: Myrtle Waechter from Tower City, Bruce McKee, from Tower City, Constance Leebly from Edgeley, Raymond Drewry, Glenn McLellan, and Glenn Cole.

THE JUNIOR-SENIOR GAME.
 The juniors beat the seniors of the high school 12—2 in the foot ball game last Saturday. The first touchdown came just before the end of the first half. The seniors in possession of the ball fumbled and Peterson, breaking thru the senior line, scooped it up and ran twenty yards for a touchdown. In the middle of the fourth quarter the juniors by steady work sent Dean over for six more points. Just before the end of the game the seniors worked the ball down within inches of going over but could not go further, and the juniors got the ball on downs. They attempted to kick out of danger but the ball struck Munkey and bounced back behind the line. A junior covered the ball but was downed by Munkey before he could move. This gave the seniors their only two points of the game.
 Ladd did some valuable passing for the juniors while the whole junior backfield could carry the ball in good style.
 Jake Van Es worked hard for the seniors breaking thru and nailing the man with the ball in great shape. The rest of the backfield though strangers to football backed him up to their limit. Ray Bolsinger referred the game while Pat Keely was umpire and George Beals of Fargo High was head linesman.
 The High School boys club a new organization at the school, met last Tuesday evening. Mr. Beaver who is here in the interests of the Prison War Camp movement spoke to them for a short time on the work of the Y. with high school boys. Discussion followed as to the local club's plans for this year. Delegates will probably be sent to the boys' high school Y. M. C. A. conference at Jamestown.

CHRISTMAS CANTATA ON DECEMBER FOURTH.
 A Christmas cantata of unusual merit will be presented by the chorus under the direction of Miss Grasse at Convocation on Monday, December 4. Miss Ault, of New York, at present with the Western School of Expression, will assist with the program with some readings of Christmas character.
 The department of music of A. C. furnished the musical part of the program for the first gathering of the N. D. E. A. at the Fargo Auditorium on last Wednesday. The numbers furnished were given by the College Octette, Mr. Baarsen, of the A. C. Concert Orchestra, and Dr. Putnam. Each was well received but owing to the limited time devoted to this part of the program no encores were given.

EYE STRAIN
 Do not put off wearing glasses fearing that they might make you look older, etc., its not wise and will cause more trouble later. Remember, also, that tired, faded eyes and a frowning, strained expression gives the appearance of age.
 It will pay you to consult us about your eyes if you think they're defective.
I DO MY OWN LENSE GRINDING.
