

AGGIES HOLD MICHIGAN 30-0 Original Ideas Carried Out

CRIPPLED TEAM GIVES WOLVERINES ROYAL BATTLE

MOVOLD'S PUNTING A KELLY'S LINE BUCKING FEATURE

In a game full of fight from start to finish the N. D. A. C. was defeated by a score of 30 to 0. The Aggie line was out-weighted 20 lbs. to the man but only once were the N. A. Aggies thrown for a loss.

The North Dakota Aggies were not yet whipped however for they held the Michigan Aggies on Michigan's 30 yard line, forcing M. A. C. to punt.

Movold's punting was a big feature of the game, one punt going 65 yards. Kelly did great work at hitting the line for N. D. A. C.

The Dakota team started the game with a rush. They received the ball and pushed the Michigan Aggies back to their 30 yard line.

It was then M. A. C.'s ball on the 20 yard line. M. A. C. punted. The N. D. Aggies pushed down the field with renewed efforts.

The second half opened with endrums and passes by both sides. The ball see-sawed back and forth and was finally pushed across by Michigan.

ROUND TABLE CLUB HOLDS PROFITABLE MEETING.

Organization of Newspaper Discussed by Wilde And Worst.

The regular meeting of the Round Table Club was held at the Gardner hotel on Wednesday of last week. The guest at this meeting was Mr. Wilde, editor of the Fargo Forum.

ANNUAL A. Z. SMOKER THURSDAY.

The Alpha Zetas are making plans for their annual smoker, to be held on Thursday of this week. The place is the Armory and the invitation includes all the agricultural men of the collegiate body.

This is a big get-together meeting of all the "Ag" men and is an annual affair held under the auspices of their fraternity.

If you are an agricultural man, get interested. Come out and meet those who are interested in the same line of work as you are.

LARGE INCREASE SHOWN

Industrial Course Registration Heavy For First Week.

THE LARGE ENROLLMENT OF INDUSTRIAL COURSE STUDENTS which characterized the first day of registration held up throughout the week, and the total enrollment at the end of the first week was an even 150, as compared with 95 of last year.

Considering the poor crop conditions throughout the greater part of this territory the past season, this is a remarkable showing. It shows the increasingly large number of people being influenced by the college and shows that the institution is beginning to fill the place it should in an agricultural state.

Advertisement of the winter-short courses is now being carried on and judging from the industrial courses the enrollment in these will probably show an increase this year.

KELLY OBTAINS GOOD POSITION.

HAS ACCEPTED POSITION WITH NEW JERSEY ZINC Co.

Lloyd E. Kelly, '16, has just accepted a good position with the New Jersey Zinc Company of Palmerton, Pa. "Kelly" was graduated from the course in Industrial Chemistry last spring and has since been engaged in work with the station.

For the past four years Kelly has been prominent in all student activities, having served on the student council, and for four seasons being a member of the football team playing center.

HAS OREGON DROPPED DEBATE.

Rumored That Relations With A. C. Are Severed.

No Word Received Here.

According to the editorial columns of the O. A. C. BAROMETER, the official publication of the Oregon Agricultural College, debating relations have been severed with N. D. A. C. So far, the board of public speaking has had no communication to this effect.

The question decided upon for this year was "Resolved, that the United States should abandon the Monroe Doctrine." This question was selected from a group of three submitted last spring.

The reasons given for the severing of relations that the expense incurred is not warranted by the increased interest in forensics that was hoped for.

SOCIETIES TO PRESENT PLAYS.

Annual Literary Festival to Be Held Friday.

The annual literary society festival will take place on Friday evening of this week in the LITTLE COUNTRY THEATRE. This is a part of the series of competitive events between the three college literary societies.

Each of the societies has selected its play and has been engaged in rehearsing for some time. The plays are all of high order this year and will be put on with a great deal of finish.

The Philos have chosen "The Swan Song" by Anton Tchekov; the Athenians, "Obstinacy" by R. Benedix; and the Pythians will present "Piper's Pay" by Margaret Cameron.

This event is open to all students and it is hoped that many will turn out to greet the amateurs.

BOHUMIR KRYL CONCERT COMPANY HERE MONDAY.

Will Open Lecture For Present Season.

Bohumir Kryl, the World's greatest cornetist and his two talented daughters, Josephine, violinist and Marie, pianist, will open the course with a two hour concert on Monday evening, November 6, 1916.

WHAT? WHO? WHERE? WHEN? WHY? The Student Special Everybody WHERE? WHEN? WHY? To Beat U. N. D.

NEW FEATURE INTRODUCED.

Monthly Program to Be Published By College.

Beginning with November a monthly program of events will be published by the college. This is a new departure which will undoubtedly prove popular.

Each organization has been asked to turn in for publication each month the events for that month. These will be compiled and published in pamphlet form for distribution among the students and in the downtown districts.

The first issue will be off the press today or tomorrow. It will not be as complete as it is hoped that future numbers will be because of the failure of some of the organizations to supply the necessary information.

MUSICAL PROGRAM IN CONVOCATION.

A. C. Concert Orchestra Furnishes Program of The Morning.

The convocation hour on Monday was placed in the hands of the A. C. concert orchestra under the direction of Dr. Putnam.

The program rendered was one that was very much enjoyed and the armory was well filled. There were sixteen members of the orchestra present excluding the director and there were several who could not get away at that hour of the day because of other duties downtown.

The program was necessarily short because of the time devoted to the presentation of the plans for the trip to the Forks on Sunday.

The program consisted of five numbers, four by the orchestra and one by Mr. Henriekson, violin instructor of the department of music. Each was very well rendered and received well-merited applause.

The complete program was as follows:

- 1. MARCH-Through Battle to Victory, by von Bion. 2. SELECTION from Bohemian Girl, by Balfe. 3. VIOLIN-Mazurka de Concert, by Musin, Prof. O. H. J. Henriekson. 4. BERCEUSE from Jocelyn, by Godard. 5. SIMPLICITY, by Dorothy Lee.

FIRST KADONA TO BE HELD NEXT MONTH.

The first of the Kadona series will be held in K. C. Hall on the fifteenth of November. Those who have charge of the dances this year are planning on giving an exceptionally good series for the benefit of their patrons.

New features in the way of music and programs will be introduced and it is hoped that the dances will give even more enjoyment to the members than they did during the past season.

The patrons and patronesses for this year are: Dean and Mrs. Keene, Lieut. and Mrs. F. B. Carrithers, and Coach and Mrs. P. J. Davis.

EDUCATIONAL ORGANIZATION TO MEET.

Program Arranged for November 15, 16 and 17.

On the 15th, 16th and 17th, of this month will occur the annual meeting of the North Dakota Educational Association in this city. The programs have been published and are full of good things.

On Wednesday evening, November 15, at the college armory will occur the Seagle song recital. This will be given as a part of the program for the benefit of the visitors.

More will be publishing regarding the program at a later date.

AAMODT CHOSEN HERDSMAN.

Bernard Aamodt, who completed the farm husbandry course last winter, has been selected as the herdsman of the college herd of dairy cows.

Original Ideas Carried Out

First Annual Harvest Festival Proves Interesting Event

The First Annual Harvest Festival came off with a blaze of glory on Saturday evening, and it was presented before a packed house. Every feature of the festival was well presented before the large audience which availed itself of the opportunity to see the marvelous effects produced in the dramatization of agriculture.

The quarrel scene between Wheat and Black Rust was one of the most beautiful of the dances. Black Rust was represented as pursuing Wheat and threatened to destroy Wheat and had almost accomplished her end when Science enters and overcomes Rust.

The Barn Dance was given with all the wild abandon which is so characteristic of many of the rural affairs of several years ago. Those taking part deserved much credit for the manner in which they executed their steps and the way in which they prevented accidents due to the slippery floor.

The decorations are deserving of special mention. The bandstand was made of a bower of corn stalks. Shocks of corn had been placed under each of the lights under the balconies and each was lighted with a red light.

The wedding ceremony was preceded by the singing of "Thou Art My Love" by the Barnyard Quartet. The speech of the Indian Priest preceding the pronouncing of the wedding vows was very impressive.

The fourth part of the program consisted of harvest festival dances by the Ears of Corn, the Carrots, Tomatoes, and Pumpkins, and the

Reap the Flax and Witches dance. These last two were put on by younger performers. The dance of the Ears of Corn was given by fourteen girls dressed in green and yellow gowns to represent the ears of corn.

The Barn Dance was given with all the wild abandon which is so characteristic of many of the rural affairs of several years ago.

The decorations are deserving of special mention. The bandstand was made of a bower of corn stalks. Shocks of corn had been placed under each of the lights under the balconies and each was lighted with a red light.

The executive committee, composed of Marjory Lieberg, Rosella Ladd, Anna Johnson, Dr. Putnam, Miss Grasse and Miss Kammeyer are due great credit for their work in training the various groups for their parts.

The first number will be next Monday when the Bohumir Concert Company will appear. On November 17, Walter Rauschenbusch will be here; Opie Read will appear on the evening of December 8; on January 10, Marcus Kavanagh will be the attraction; the Fuller sisters give a program on February 1; and the course will be closed with the presentation these will be open to the students upon presentation of their student tickets.

The first number will be next Monday when the Bohumir Concert Company will appear. On November 17, Walter Rauschenbusch will be here; Opie Read will appear on the evening of December 8; on January 10, Marcus Kavanagh will be the attraction; the Fuller sisters give a program on February 1; and the course will be closed with the presentation these will be open to the students upon presentation of their student tickets.

STATION RECEIVES MESSAGE

President Wilson's Message Picked Up by Local Operator.

The wireless station of the college received on Saturday morning a message sent out by President Wilson in an effort to gain an idea of the usefulness of the amateur stations throughout the U. S. in case of the declaration of a war.

"Neither seek to favor or fear the displeasure of that small alien element among us that puts loyalty to foreign powers before loyalty to the United States."

DATES FOR LECTURE COURSE ANNOUNCED

At convocation on Monday announcement of the dates for the various numbers of the lecture course was made. The course this year includes, as usual, six numbers and they are all of high order as a glance at the list will show.

The first number will be next Monday when the Bohumir Concert Company will appear. On November 17, Walter Rauschenbusch will be here; Opie Read will appear on the evening of December 8; on January 10, Marcus Kavanagh will be the attraction; the Fuller sisters give a program on February 1; and the course will be closed with the presentation these will be open to the students upon presentation of their student tickets.

TALK IT UP.

This coming Saturday will tell the tale. At the close of that day our team will either have won the foot ball championship of North Dakota for the year 1916 or have lost it to our rival the University.

Mr. Rootter, the outcome of this battle depends to no small extent upon you. Miss Rootter, you also will be largely responsible for the result of this coming struggle. What will be your action on this matter? Are you going to give your team the support it most assuredly deserves or are you going to stay quietly at home undisturbed by the knowledge that the team that is fighting for the glory of YOUR school needs the help that you could give by being present among the backers of the team on the bleachers Saturday?

You know that the game with the University will be hard fought. You also know that systematic support from the sidelines has a psychological effect that often turns a losing team into a winning one and that the lack of such support may turn a winning team into a losing one.

We know what the quality of our team is and are justly proud of our boys. Nevertheless brain, brawn, and bone alone may easily fail to accomplish what spirit and determination may bring to pass. You may not be able to furnish the brawn and bone but you can supply some of the brain and imbue the team with a great deal of spirit and determination thru the knowledge of your presence and by the encouraging effect which your yelling should have. Our dear old yells ringing across the field will quicken the heart and speed up the brains of our gladiators and may be the one all determining factor which will enable our team to turn defeat into victory.

The University is feeling mighty confident in respect to the game with us but we think that this confidence is unjustified and hope to demonstrate this fact before the week is over. However our ability to do this depends to a great extent upon you Miss Rootter and Mr. Rootter. Are you going to disappoint our expectations?

Arrangements have been made to have a special train leave here Saturday morning and return Saturday evening. There may be a few instances in which a person may be held here because of pressure of work or lack of funds but aside from such reasons, we brand any student of this school who is not present at this game as one who is woefully lacking in one of the most valuable of things which college life tends to provide: an enthusiasm and spirit of co-operation and helpfulness in respect to the things which are most closely related to one's daily life.

Now students of the A. C. you have an opportunity to demonstrate the material of which you are made. We are certain that there would be a large bunch go to Grand Forks even if special provisions were not made for their convenience for we have a school spirit here not exceeded by any other school in the country and incidentally much superior to that of our rivals of Saturday. However, it does not do any harm and usually does a great amount of good to talk things up. **SO TALK IT UP.**

Some time ago the Grand Forks Herald stated that the slogan of the University was "Beat Minnesota". Judging from the write-ups on the last Minnesota-U. N. D. game the Minneapolis papers appreciated the joke about as well as any one. Now our slogan is not beat Michigan or any other out-of-state team, though, while the matter is on our minds, it occurs to us that the Michigan Ags. had to go some in order to pile up much of a score on us even at that. No, our slogan is "Beat the U." and, if anybody should happen to ask you, we think that we have a mighty good chance of accomplishing our desire this year. At least the shock would not have serious consequences upon us if we should happen to bring home the bacon with us Saturday evening. **TALK IT UP.**

VALUABLE ADDITION TO FACULTY.

F. W. Christianson, M. S.,
Has Accepted Position of
Professor of Animal Nutrition.

Mr. F. W. Christianson, Nutrition Chemist of the Experiment Station of New Mexico, has accepted the position of Professor of Animal Nutrition, at the North Dakota Agricultural College, and will enter upon his duties December 1st.

Mr. Christianson graduated at the Kansas Agricultural College in 1900. The following three years he had charge of his father's stock farm in Kansas. At the end of that time he returned to the Agricultural College and spent something like more than a year in advanced work in organic, quantitative and agricultural chemistry, and in soil physics. He then received the appointment of Assistant Expert in Animal Nutrition with the Bureau of Animal Industry, U. S. Department of Agriculture, where he remained six years. His work was done under the direction of Dr. Armsby of the State College of Pennsylvania, who is recognized as the leading authority and experimental worker in animal nutrition in this country.

Mr. Christianson remained in that position until the end of the year 1910, except during the academic year of 1908-09, when he attended the graduate school of Yale University, taking physiological chem-

istry, physiology of nutrition, experimental physiology, embryology, toxicology, and comparative anatomy of vertebrates.

He received the degree of Master of Science from the Pennsylvania State College in 1908. Since 1911 he has been at the Experiment Station in New Mexico, where he has been conducting nutrition experiments with range steers of different ages. The second publication on his work is now on the press.

Mr. Christianson comes with the highest recommendations from Dr. Armsby and others with whom he has been associated. His presence here insures that the teaching done in animal nutrition will be of as high an order as that of any institution in the country.

He is engaged with the understanding that part of his time will be devoted to research work.

WHY NOT HAVE HOME-COMING DAY?

Just now many of the universities and colleges of this section of the country are advertising and planning for their annual home-coming days. These are days, usually set for the day of some one of the major football games of the season, on which the alumni and old students aim to return to their old school and to enjoy with the under-graduates the pleasures of the college days. The enjoyment is not at all one-sided, however, as the under-graduates are usually given an opportunity to hear

from some of the distinguished—either for their prominence during the college career or for achievements of after life—alumni and are in this way enabled to catch some of the spirit of the older students and to gain inspiration from those who have passed through the trials and tribulations of a college course and who are now in a position to give some advice to those just passing through.

As was stated, these days are made the biggest days of the year and are usually looked forward to by students and alumni alike.

The closest approximation which we have to such a day is the annual reunion of alumni, held during the commencement season, but at that time of the year it often happens that some are too busy with their labors to get away for such an event. The fall of the year seems to offer the best time for such a gathering, since at that time the farm work, the experimental work, and the most of the other lines of activity are where they can be left for a day or two. Then, too, the alumni have an opportunity to see the football team in action and that is no small item. As it is now, our alumni come in for a game now and then, but usually in such small numbers for any one game that the new students fail to distinguish them from the downtown rooters. We could have such a day as well as not. Why not try it?

Y. M. C. A. Meeting In Little Country Theatre

A large turn-out of men greeted the speaker at the last regular meeting of the Y. M. C. A. Miss Lillian Topping of Fargo, on that occasion, laid before the men present a chal-

lenge to manly living. This week—Wednesday evening, Little Country Theatre, at 6:45 p. m., the Association will present Mr. A. B. Dale, recently of Chicago and now State Secretary of the North Dakota Young Men's Christian Associations. Mr. Dale is a man of long experience in Association work and will undoubtedly meet a goodly number of both new and old students. The newly organized male quartet will sing.

CASTALIAN.

The Castilians had a special number on their program at the last meeting. Eloise Waldron gave the society a remarkable talk about Florida. She has recently been east and south. She told of the trip down the Mississippi to the "Florida Jungles." She described St. Augustine with its Spanish architecture and other things of interest, including the cradle of the first president of the United States. She gave her impressions of Washington together with a detailed description of the White House. Her trip, she said, made her appreciate the standard of the A. C. more than ever. It was all thoroughly interesting, and the members changed in many respects their conception of the points narrated.

Several new members joined at this meeting. The society now considers itself to be getting along well.

Following is next week's program:
Recitation ----- Miss Watt
Reading ----- Frieda Hultberg
Fattler ----- Esther Heidner
----- Dora Dighton
Vocal Solo ----- Grace Kotechlan
Quartette ----- Florence Bingham
----- Dora Dighton
----- Esther Heidner

A Progressive Judicial Platform

The following principles have in the past governed my actions as District Judge. They will continue to be my guide, should the people honor me with a re-election:

The office shall be used as an opportunity for doing good in both State and Nation.

Strict enforcement of the laws. A full hearing and a fair trial under the law. The law is no respecter of persons; all are equal before the court.—Therefore there must be absolute impartiality as between litigants. Defeated and dissatisfied litigants to be furnished the most ample opportunity to appeal.

Courtesy to litigants, lawyers and jurors alike. Making the labor of the juror as free from burdens as possible. Decisions to be based upon testimony offered in court and not upon street corner talk. Decisions to be given promptly. The business of Traill and Steele Counties should have as close and prompt attention as that of Cass.

A wise administration of the Criminal Law. Reformation of the erring one and not cruel punishment should be the end sought. Only such penalties given as will insure obedience to the law.

Youthful delinquents and neglected children furnish a problem peculiarly their own. A wise development of the Juvenile Court in harmony with all modern methods. Constant working with the parents and teachers to bring the best out of the child. Save and not destroy the child should be the motto.

The greatest efficiency with the least expense in running the court. Ample notice to be given of the trial of cases—so-called "snap judgments" not allowed. Court sessions are the people's school for children as well as adults. In one city of this district I have uniformly set apart one day for the pupils of the High School. Sometimes as high as 100 at a time have taken advantage of the privilege.

While precedents involving rights of the individual and his property should not be torn down to his hurt, yet they ought not to be blindly followed. The judicial mind should always be an open one. Decisions not to be given in advance of a full presentation of the case.
All statutes passed by the legislature are presumed to be constitutional and should not be set aside, unless the evidence of their being unconstitutional is clear and convincing, leaving the court with no hesitation or substantial doubt as to such unconstitutionality. A progressive interpretation of the law.

—HAS. A. POLLOCK.

ATHLETICS
UNIVERSITY DEFEATS SOUTH DAKOTA.
Fumbles Cost Coyotes Game At Grand Forks Saturday.
In a loosely played game of football the university defeated the South Dakota Saturday, 20-0. Numerous fumbles by the South Dakota boys cost them the game. Touchdowns were made by McKay, McCarthy and Pingerson. A fumble, an intercepted pass, and fake plays were responsible for the touchdowns. McKay kicked two of the three goals, bringing the score to 20.

FOOT BALL NOVEMBER 10
Junior-Senior Game to Be Played Then.
The committee in charge of the arrangements for the junior-senior football game have decided on November 10th as the date for the game. Both classes are talking the game hard, and a hot contest is assured. Practice has been started and by the end of the week signals will be well learned. Each team will have experienced men and the game will be a hard fought one to the end.

SENIOR CLASS HOLDS MEETING.
At the meeting of the senior class on Monday the matter of the choice of a class pin or ring came up for discussion. A representative of a manufacturing jewelry concern was present and showed some designs and plans. However the matter was left in the hands of a committee, composed of W. W. Mendenhall, Mable Wold and Madeline Blake, and they were to make some selections and present them to the class for approval.
The question of a captain for the senior football team also called for some discussion on the coming junior-senior game. The final arrangements have not been made as yet but will be made in the near future and the game is to be played on November 10. Ray Reiersen was chosen captain.
Discussion on other items occupied the remainder of the time.

A. C. Men Benefit From City Y. M. C. A.
The Gymnasium at the city Y. M. C. A. is a busy place on Wednesday nights and Saturday afternoons. When the A. C. fellows take possession of the gym floor, apparatus and swimming pool there is an atmosphere of activity very much in evidence.
November 1st the Y. M. C. A. is opening up the gymnasium and the swimming pool to the students of the college, especially the Industrial Course men. Each man who reports with a pair of rubber soled shoes will be admitted to the gym. There will also be bowling and table games thrown open to the A. C. men on that night.
On account of the special low rates made to out of town students the city Association privileges are used by many of the students, but whether a man is a member there or not he will always find, if he does get in, that he is welcomed there and invited to make that place his headquarters whenever he is down town.

NUMEROUS VISITORS ON CAMPUS THIS WEEK.
During the past week the campus has been visited by several well known members of the alumni and other former members of the college family.
Former President J. H. Worst and wife were in town for several days last week. They were guests of the Round Table Club on Wednesday and were present at the Harvest Festival on Saturday. Dr. and Mrs. Worst stopped off while enroute from Prospect, Mont., where Lloyd Worst is located, to their home at New Rockford. Dr. Worst is now engaged in the daily newspaper business, having charge of the editorial columns of the New Rockford daily. His short stay was much enjoyed.
Clarence "Bill" Williams, '15, dropped in on the Alpha Mu fraternity and other friends on Saturday, and remained in town over Monday. Bill is always a welcome visitor. He is now engaged in traveling for a cash register company.
"Dutch" Schroeder and some of his football players from Lidgerwood were in attendance at the game between Fargo and Valley City High Schools on Saturday. Dutch and his boys have had remarkable success during the present season. Thus far they have not known defeat and are in line to play Grafton for the state championship. If Valley City had defeated Fargo, Lidgerwood would have arranged a game with Valley City for the championship of the southern half of the state. But as the result was 27-21 in favor of Fargo, Lidgerwood may be considered the champions of this part of the state.
"Ching" Challey and Lew Bird returned from their summer's work near Philadelphia the latter part of last week. Challey remained for only a few days but will return to take up school work during the winter term. Bird commenced work at once. Both were engaged on a dairy farm and gained considerable experience although they both would have liked to have had the 8-hour law applied to the dairy business.
Katherine Key, '16, was seen at the Festival on Saturday. She is teaching at Glyndon this year and is able to drop in every little while.
Marion Brainerd, who was graduated from the A. and M. T. High School last spring, was the guest of friends in Fargo over the week-end.

"ISIS"
William Farnum, the big man of the films, will be the star in William Fox's new picture, "Fires of Conscience", which begins its two days' run at the "Isis" theatre on Friday and Saturday.
This film, directed by Oscar C. Apfel, tells how a man of the South murders another who has violated the "unwritten law". Seeking peace of mind the criminal goes West. But he finds that peace will not come, so he returns and faces justice.
He is acquitted, and returns to the West, where he has found fortune. His happiness is complete after he finds the girl he loves, and marries her.

We Will Fit You With Correct Glasses
Most people do not know that correctly fitted glasses not only give you "Better Sight," but they also "preserve" your sight.
If you have trouble with your eyes, or objects don't look clear to you, better come in and have your eyes tested. You may be wearing away your sight and not know it—later it may be too late.
We are experts in this work and will serve you honestly in goods and prices.

Cheating Your EYES?
From a sense of false econ-
omy or as a result of pure,
inexcusable thoughtlessness,
you may be deferring the wear-
ing of eye-glasses — the one
thing needful to your now de-
fective sight.
CAN YOU IMAGINE PEOPLE ROBBING THEMSELVES?
Think this over, think of
your eyes, think of your folly
and then—think of us who
will gladly furnish you—at
small profit—the very kind of
glasses a correct and thorough
examination proves that you
may badly need.

HIGH SCHOOL.
It is expected that the mid term
marks will be ready Thursday of
this week. It will save a great deal
of bother if the students will call
at Prof. Smith's office as soon as
the marks are ready.
Twelve high school boys gave a
vegetable dance as a part of the pro-
gram at the Hallowe'en party. Miss
Kammeyer trained the boys in the
steps. She said they were faithful
at rehearsal and that she liked their
spirit. Miss Lieberg had charge of
preparing the costumes, which were
novel affairs.

EYE STRAIN

Do not put off wearing
glasses fearing that they might
make you look older, etc., its
not wise and will cause more
trouble later. Remember, also,
that tired, faded eyes and a
frowning, strained expression
gives the appearance of age.
It will pay you to consult
us about your eyes if you
think they're defective.
I DO MY OWN LENSE GRINDING.

- Music Department -
The second band has started work
for the year and the enrollment for
the first week does not show a very
marked interest. The band is or-
ganized for the purpose of giving
instruction to any who are desirous
of learning to play some wind in-
strument. It is a band for begin-
ners. Work starts with the rudimen-
ts of music and will advance as
the class is ready. The band is open
to those who own their own instru-
ments, as the college instruments
are all in use. Rehearsals come
from 5:00 to 6:00 o'clock on Mon-
day, Wednesday, and Friday.
taken to correct the omission.
The incoming industrial course
students have augmented the num-
bers of the band considerably. The
total number enrolled is now 38.
About six more men are needed to
complete the full band.
OFFICERS ELECTED BY BAND.
At the regular rehearsal on Mon-
day the band took time to elect the
officers which are to direct the des-
tinies for the present year. The
following men were chosen to fill
the various offices:
Manager—W. P. Tarbell.
Treasurer—Wm. Stewart.
The need for a president, vice
president and secretary was not felt
to warrant their election.

CERES HALL
Miss Anna Marie Kellogg enter-
tained Miss Barbara Barnes at din-
ner last Sunday.
Miss Grace Kotchian enjoyed a
visit from her sister, Miss Mae Kot-
chian of Wimbledon, for several
days the latter part of the week.
Mr. J. P. Hall of Willow City spent
Tuesday as the guest of his daugh-
ter, Miss Pauline.
Miss Olive Berg was delightfully
entertained by Miss Harriet Watchie
Saturday and Sunday.
Mr. William Guy was host at din-
ner to his sister, Miss Olive, and to
Miss Gladys Engle, Friday evening
at the Rho House.
A remarkable case of dual per-
sonality was evidenced the afore-
mentioned evening.
Miss Gladys Engle and Miss Min-
nie Sorenson were hostesses Thurs-
day evening at a sumptuous duck
spread. The girls who were present
enjoyed the treat immensely; but
difficulty was experienced in decid-
ing who should have the wishbone.
During the past week many new
girls, enrolled in the Industrial
Course have registered at Ceres Hall.
It is always the wish of the old girls
to become acquainted with the new
ones and to assist in making them
feel at home in their new surround-
ings. Wednesday evening all of the
girls in the hall spent an enjoyable
hour in the gym, dancing, singing
and getting acquainted. The hour
was so thoroughly enjoyed that it
is hoped there will be many repeti-
tions of the little affair.

COMMISSION MEETING OF OCTOBER 23.
Meeting called to order by
President of the Commission
at 7:15 p. m. Final arrange-
ments made for the football
special to the university on
November 4. Meeting ad-
journed to meet November
6th.
Commissioner of Elections.

NOTICES
This column is hereby opened for
the use of any one who has some-
thing to put before any group of
students or before the faculty.
There have been several calls for
such a column, and beginning with
this issue it will be a permanent
feature. Any one having announce-
ments of any description is invited
to place the same in the Dope Box
or hand them to any member of the
staff.

NOTICE HIGH SCHOOL.
Mid term grades will be ready this
week. Call at Prof. Smith's office
and find out where you stand.
EVERYBODY
get your fall term ticket to the num-
bers of the Lecture Course from O.
A. Schollander at the LITTLE
COUNTRY THEATRE, Wednesday
of Thursday afternoons. No one will
be admitted to the numbers who does
not obtain his ticket before the first
number, November 6th.

DO IT NOW!
Let every one who has not al-
ready done so see some member of
the committee in charge of procur-
ing the necessary guarantee fund
for the SPECIAL TRAIN and "cash
in". The fund must be obtained by
TONIGHT. Is yours in?

FACULTY NOTICE.
Owing to the fact that the
circulation manager has been
unable to call on all members of the
faculty the paper will be sent to the
faculty members and a bill will be
rendered on the first of the month.
If any of the members care to sub-
scribe we would appreciate a pay-
ment of the bill. This is optional
with the faculty members.

WHO'S WHO?
The following is taken from
"Who's Who, or the Faculty", in
"The Crucible", the high school pub-
lication in Rochester, Minn.:
Here's to our teachers; may they
live up to their names!
Now, first of all, there's our do-
mestic science teacher, Miss Ladd.
"Small, but oh my!" She's "our
lassie" even if she is a Ladd. She

comes to us from Fargo, North Da-
kota, and by her four years' work
at the North Dakota Agricultural
College earned the degree of B. S.
Social Doin's
The Alpha Mu fraternity were
hosts at dinner in honor of Judge
Spalding on Sunday. The entire ac-
tive chapter and most of the alumni
members who reside in town were
present as well as some who were
in for the day. After enjoying a well
prepared meal the members adjourn-
ed to the Rooms on the campus and
held an informal meeting.

FINE ARTS CLUB AT A. C.
The Home Economics section of
the Fine Arts Club held a meeting
in the lecture room of Ceres Hall on
Monday evening. Mrs. Mae Doug-
las Rindlaub gave a demonstration
lecture on Costume Designing and
Miss Northwick addressed the club
on Tests for Adulterations in Text-
iles. The meeting proved interest-
ing both to the club and to several
of the members of the Home Eco-
nomic class and some of the Home
Makers.
