

## Booster Banquet Great Success

### Mary Gibbons Deserve Much Credit

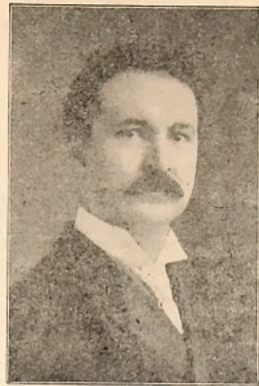

MORE THAN 300 STUDENTS AND FRIENDS CROWDED CERES HALL FOR BIG FEED.

Saturday night marked one of the landmarks in the history of our College, and reviewed and strengthened the spirit of loyalty which at times have been showing signs of ebb. The more than 300 students, faculty members, and friends showed not only by their attendance but by their hearty spirits of good cheer and fellowship that all that we need is a little closer cooperation among ourselves to make our College seem real and stand out in its full significance. The boys and girls who so ably planned and successfully carried thru the arrangements of the banquet may justly congratulate themselves upon work well done. Special thanks are due to the Social Commissioner for the "Mixer" in the Armory immediately after the banquet. The high school students from over the state participating in the Declamatory Contest and Track meet and the guests of the college that evening, were treated in such a way, we hope, that some may decide to return at some future date to pursue the study of some course or another at our institution.

The outstanding feature of the evening were of course the toasts, Mr. Mendenhall acting as toastmaster, Mr. Crawford and Mr. Powers, members of the Board of Regents responded to toasts, so did President

Ladd, Coach Davis, Mr. Porter and Mr. Baumgartel. A. C. Library of mutual understanding and a comprehensive college spirit was emphasized. President Crawford's toast emphasized the facts that we often judge other men from the outside while we judge ourselves from the inside. This leads to the many misunderstandings between men, and is the cause for so much unnecessary strife and trouble. President Crawford's address made one really believe that the Board in hearty sympathy with and is backing every good action and understanding of our students and faculty.

Mr. Baumgartel needs special mention and comment for his ably presented talk on the need for men of strong conviction, sound principles and able leadership. This is especially true in the state of N. Dak., where as Mr. Baumgartel showed the rural population is about 75 per cent of the whole. Logically and clearly Mr. Baumgartel propounded that in a state like N. D., having 75 per cent of its people located out in the rural communities, engaged in agricultural pursuits, the Agricultural College ought to be the big school, as it is the one to reach most of the people. The education we are receiving here ought to train us not only how to live well, but also how to serve well our state and its citizens as well as our own school, that we may turn out to be men, real men of honor, men of the stamina and character called for by J. G. Halland in his poem, "God Give Us Men!"

HON. J. H. RAYMOND  
Commencement Orator.

front end, the great engine wheezed a few short breaths, the great noise ceased and the van came to a stop. Words cannot express the awful pallor that fell over the brave Athenians. The roll of veterans was called, no answer when Walter Baumgartel's name was called, again it was called louder than ever, a faint voice was heard beneath the hood of the engine. Adolph's eyes blinked, he strained his ears, jumped from his seat, raised the engine board and putting in his mighty arm extracted from the carburetor Baumgartel who has not yet given satisfactory evidence of how he got there but it is commonly thought that he was merely attempting to establish a Little Country Theatre in Adolph's mighty van.

### THURSDAY NIGHT MEETINGS BECOMING POPULAR.

Those who have not been attending the meetings on Thursday evening at 6:30 in the Lecture Room at Ceres Hall have been missing one of the big features of the campus this spring. The aim has been in these meetings to make them a discussion of student problems by the students of the institution. It also seems advisable to vary the meetings in order that they may not lose the interest which they have created. The meeting of this week will be in the nature of a talk upon some phases of the student's attitude toward his church and its auxiliary organizations. Rev. E. C. Ford of the Plymouth Congregational church of Fargo will deliver the message. Having spent a great deal of time himself in school and also having the viewpoint of one outside of school and connected with the church his message should be well worth hearing. The meetings are open to every student of the institution.

### THE EDWIN BOOTH DRAMATIC CLUB

One of the questions which presents itself to every high school graduate contemplating college is, what organizations exist there?

No one will doubt the fact that the Edwin Booth Dramatic Club is one of the most popular organizations in this school. Membership comes by recognized merit. Each candidate must have been in a certain number of plays, and his ability tested. A committee then passes on his name, and his fate is sealed.

The club has for its honorary members Miss Abbie Simmons, Miss Katherine York, Miss Delia Linwell, Mr. Walker Whiteside, and Professor A. G. Arvold. The name was suggested by the Edwin Booth Club at Wisconsin University of which Professor Arvold is a member, and was established in June, 1907. It exists for the study of Dramatic Art.

Professor Arvold has spent a great deal of time and effort in assisting the club to present good plays. Each year three important plays are "put on"; in addition to these, there are a number of smaller plays and stunts given. Each year the club is entertained at an elaborate banquet, following which the initiates are "allowed" to entertain the older members of the club.

The officers for the year are: Louise Fitzgerald, President; Barbara Heidner, Vice-President; Katherine Keye, Secretary; Katherine Ladd, Treasurer; Walter Baumgartel, Business Manager.

The members of the club—Rizpah Ladd, Helen Lewis, Mary Gibbons, Dorothy Price, Clara Dolve, Aline Knatvold, Madeline Blake, Elvira Rasmussen, William Mendenhall, Percy Beals, Ward Porter, Earl Yerrington, M. Thorffinson, Arthur Schollander, Arnold Christensen, Carl Lolland, Harold Bachman.

## Board of Regents Announces Plans For Reorganization Of Our College

THE PUBLIC PRESS REPORTS IMPORTANT CHANGES.

General Program of Board of Regents as it Affects Agricultural College and University.

Featuring of vocational and industrial education at the agricultural college.

Featuring of professional education at the university. Retention of school of pharmacy at the agricultural college.

Abandonment of the civil engineering course at the agricultural college.

Establishment of agricultural and industrial engineering course at the agricultural college on a much broader and more thorough basis.

Centralization of departmental authority in one head, so far as possible, in both institutions.

According to this plan, as outlined above, greater efficiency in the work done at the U. N. D. and at our college is to be expected. The duplication is largely done away with, all along the line; and, consequently, a number of important changes are necessary.

One can only hope the changes may prove to be for the betterment of both institutions.

## Lyceum of Engineers

On February 28, 1906 a meeting of the engineering students of the North Dakota Agricultural College was called for the purpose of organizing an engineering society. At this meeting a committee was appointed to draw up a constitution. After due deliberation the committee submitted a constitution and by-laws which was finally adopted and on March 6, 1906 The North Dakota Agricultural College Lyceum of Engineers took its place among the student organizations at the A. C.

The object of the Lyceum is three fold: first, the discussion of technical questions and the literary advancement of its members; second, to promote a bond of fellowship among the engineering students of the institution; and third, to officially represent the engineering of the institution.

The society maintains a well furnished room on the third floor of the engineering building. This room serves as a place of meeting for the society and also as a study room for its members. A small library is also maintained for the benefit of the members.

The Lyceum aims to hold regular meeting every two weeks. The first part of the meeting is usually a report on current engineering events and a paper or talk on some engineering subject by two or three members followed by an open discussion. The last part of each session is given over to a business meeting.

An annual banquet is given each year. The banquet for this year was held last Friday evening at the Hotel Annex.

The organization of the Lyceum is as follows:

COACH PAUL O. DAVIS.  
His Efforts Have Made a Better, Bigger Athletic Department.

### PHARMACY CLUB.

The State School of Pharmacy, located at the Agricultural College, has the distinction of being the most complete course in the institution. It is recognized by national authorities as being one of the best schools of Pharmacy in the United States and claimed by others to be second to none. The two-year course leads to the degree Ph. G., and upon completion of the four-year course the student is granted the degree B. S. in Pharmacy. The two-year course is, as yet, classed as an Industrial Course, but in the future, it is hoped, the requirements will be raised and the course classed as a college course.

Representatives of the Pharmacy Department are to be found in almost every branch of student activities; they are especially evident in athletics comprising generally the bulk of our varsity teams, and during the past year the band was composed of majority of pharmacy students.

The Dean of this department is the most noted man in the institution and conceded to be North Dakota's foremost citizen. He is ably assisted by a very competent staff of instructors, among whom are to be found some of the best scientists and chemists in this part of the country. The upbuilding and enlarging of the department is the constant aim of all those in authority, and much commendation is due them for their splendid efforts.

Graduates from this course are always in demand, they are noted for their high standard of scholarship while at school, and they acquire and maintain enviable reputations after entering lucrative positions in the field of professional practice. The School of Pharmacy is one of the A. C.'s best assets, and the calibre of students who follow this course would be a credit to the student body of any institution.

The Pharmacy Club admits to its membership all those who take the regular course and it is the aim of the club to further advance the work.

Broad Jump—First, Flynn, Grand Forks; second, Jacob, Grand Forks; third, Martin, Grand Forks. Distance 20 feet 2 1-2 inches.

20-Yard Dash: First, Flynn, Grand Forks; second, Patton, Casselton; third, Kirkpatrick, Grand Forks. Time 24 seconds.

## Three Inter-Scholastic Track Records On Local Field Broke

Grand Forks high school won the inter-high school track meet held under the auspices of the North Dakota Agricultural college at Dacotah field by an overwhelming number of points, scoring 67½. Casselton was second with 13½ points; Langdon and St. Thomas tied for third with 13 points; Moorhead, fourth with 11 points; Lisbon fifth with 5, and Fargo last with 3 points.

About 60 Participated.

The meet, in which nearly 60 schoolboy athletes participated, was run off in good shape. Three North Dakota Agricultural College field records were smashed by good margins. Grandson of St. Thomas broke the old discus record of 97 feet 2 inches held by Davidson of Valley City, when he made a heave of 101 feet. Jacobi of Grand Forks ran the 120-yard hurdles in 17 and two-fifths seconds, which broke the record of 18 and four-fifths made in 1909 by Hemp of Valley City. Martin of Grand Forks in the pole vault made 9 feet 11 inches, which beat by an inch the old record.

The Morning Events.  
Mile Run—First, Row, Langdon; second, Graves, Grand Forks; third, Robertson, Langdon. Time, 5 minutes, 17 4-5 seconds.

Hammer Throw—First, Grandson, St. Thomas; second, Flynn, Grand Forks; third, Johnston, Langdon. Distance, 130 feet.

Discus Throw—First, Grandson, St. Thomas; second, Murray, Moorhead; third, Flynn, Grand Forks. Distance, 101 feet. RECORD.

High Jump—First, Jacobi, Grand Forks; second, Duggan, Grand Forks; third tie between Taubert of Casselton, and Murray of Moorhead. Height, 5 feet 5 inches.

The Afternoon Events.  
120-Yard Hurdles—First, Jacobi, Grand Forks; second, Taubert, Casselton; third, Murray, Moorhead. Time 17 2-5 seconds. RECORD.

Shut-put—First, Wright, Moorhead; second, Duggan, Grand Forks; third, Murray, Moorhead. Distance, 42 feet 10 inches.

100-Yard Dash: First, Flynn, Grand Forks; second, Patton, Casselton; third, Duggan, Grand Forks. Time, 10 2-3 seconds.

Pole Vault—First, Martin, Grand Forks; second, Grandson, St. Thomas; third, tie between Murray of Moorhead, Brewer of Casselton, and Birdston, Grand Forks. Height, 9 feet 11 inches. RECORD.

880-Yard Run—First, Robertson, Langdon; second, Graves, Grand Forks; third, Raines, Grand Forks. Time, 2 minutes 21 2-5 seconds.

220-Yard Hurdles—First, Duggan, Grand Forks; second, Jacobi, Grand Forks; third, Taubert, Casselton. Time, 28 2-5 seconds.

440-Yard Dash—First, Blake, Lisbon; second, Durner, Fargo; third, Barnes, Grand Forks. Time, 57 1-5 seconds.

Broad Jump—First, Flynn, Grand Forks; second, Jacob, Grand Forks; third, Martin, Grand Forks. Distance 20 feet 2 1-2 inches.

20-Yard Dash: First, Flynn, Grand Forks; second, Patton, Casselton; third, Kirkpatrick, Grand Forks. Time 24 seconds.

President—Robert T. Jacobson. Vice President—Harold H. Behlmer. Secretary—Elmer J. Dynes. Treasurer—Harold D. Rasmussen. Sergeant-at-Arms—Wayne Underwood.

Members: Bachman, Myron; Bender, Walter; Behlmer, Harold; Bohnhoff, Lawrence; Boyd, Ray; Dial, Morse; Dunbar, Roy; Dynes, Elmer; Fisher, Ralph; Hooper, Ed-

Half-mile Relay Race (Four-man teams)—First, Grand Forks; second, Casselton; third, Langdon. Time, one minute, 42 3-5 seconds.

Final Score—Grand Forks, 67½; Casselton, 13½; Langdon, 13; St. Thomas, 13; Moorhead, 11; Lisbon, 5; Fargo, 3.

### THE NINTH ANNUAL INTER-HIGH SCHOOL FIELD MEET, FARGO, NORTH DAKOTA, MAY 27, 1916, DACOTAH FIELD.

#### Officials.

EDITORIAL

After the letter which President Ladd sent to members of the faculty and students requesting the discontinuance of smoking on the campus, it would seem that those who still insisted on smoking were either disrespectful, or display to the institution. The request has been well observed by the student body. True, there have been violations of the rule, but these are not openly countenanced. The good influence of the Board of Regents could be materially strengthened if some who hold responsible positions with the institution would consent to follow them. When officials and members of the college faculty are seen crossing the campus with a cigar or pipe in their mouths, the members of the student body may properly criticize the act. A little more care in observing the rules of the institution may materially aid the move for greater co-operation for a greater A. C.

FINAL EXAMINATIONS.

The 8th, 9th and 12th of June are the days set aside for Final Examinations this spring, and so they are not very far off. Of course we who have kept up our work during the term do not fear the coming quizzes, for we are always prepared—but the rest of you—you better dig out your notebooks, and take off an evening or so for serious study, that is, if you have nothing else to do. One can hardly realize how much an hour before the final may change the general attitude of the prof. when he comes to correct the quiz papers. Of course some of "us" regular bluffers can always get thru on a 70 or so, but somehow averages below 85 do not make much impression on anybody, and especially on those who know. So let's get busy and do something worth while.

Fraternities and Sororities

ALPHA KAPPA PHI FRATERNITY

The Alpha Kappa Phi Fraternity is an organization among the "General Science and Education" men of the college. For many years such an organization has been planned for and talked of among the students of the said two courses, but not before this year could the plans be realized.

Altho choice is made primarily from general science and education, the fraternity may, upon the discretion of the members, take in members from other courses. High ideals of scholarship, social features and furthering of college activities are maintained. Membership is by invitation only.

The Fraternity is scholastic and social, and aims pre-eminently to develop high scholarship among its members and create standards of high attainment.

The fraternity has a membership of fifteen and will lose by graduation three members, namely: Ward Porter, Raymond Drewry and Bradley Tillotson.

The faculty members are Professors Bell and Minard.

FRATERNITY OF ALPHA ZETA.

The fraternity of Alpha Zeta is the only honorary agricultural fraternity in the institution. It was organized in Columbus, Ohio in 1897, the local chapter here being organized in 1908. Several of our prominent agricultural alumni constituting the charter members.

Alpha Zeta has for one of its aims the promotion of the science of agriculture both in investigational research and from the standpoint of the producers, most particularly the farmer. The fraternity serves to bring together into its midst those men who are studying and working along the lines of agriculture.

Those students who are eligible to this fraternity must have a certain scholastic standing and this forms perhaps the most important consideration. Students cannot be pledged their first year in college and cannot be admitted to this organization during the first semester of their second year. Such features as these it will be seen inaugurates much conservatism in the choosing of candidates, and in a college the size of the North Dakota Agricultural College the membership in such an or-

ganization will be less than in the average social college fraternity.

Alpha Zeta does not maintain a house here nor do they have a room on the campus of their own, but meetings are held regularly twice a month and are frequently given over to talks upon agriculture and allied subjects by the members and others who may be members of the faculty or station staff or by men who may be visiting Fargo and the college.

Following are the members of Decatur Chapter of Alpha Zeta.

Active Members:

J. H. Alexander, Chancellor. Arnold Christensen, Censor. W. K. Marshall, Scribe. Raymond Reiersen, Treas. Harry G. Loftus, Chronicler, Bruce McKee, Wallace Patterson, Worth Couey, O. A. Schollander, Warren Dodds, Andrew Challey, Stanley Abbott, W. W. Mendenhall, Murray Stobbins, William Guy, Sidney Hooper.

Honorary:

Prof. Churchill, Prof. Doneghue, Prof. Doryland, Prof. Peters, Prof. Waldron, Prof. Shepperd, Prof. Bolley, Prof. Bell.

DELTA PI.

The Delta Pi fraternity is an organization composed of men in the Engineering Department of the A. C. It has scholastic requirements and the candidates must meet all other college requirements in addition to being active engineering students.

The Delta Pi was organized in the year 1913 and has 10 or 12 alumni members and about the same number of active members in the college. The purpose and aim of the fraternity is the bringing together of the Engineering students for the individual and professional betterment.

Alpha Gamma Rho Fraternity, Epsilon Chapter.

Epsilon Chapter of Alpha Gamma Rho was installed at the North Dakota Agricultural College on the

twenty-fourth of March, 1913, and has since its installation enjoyed the distinction of being the only national social fraternity on the campus. The active chapter numbers twenty-two, while the total membership, active and alumni, is fifty-one.

Those eligible to membership are the male students in the four-year Agricultural courses in dairying, biology, agronomy, engineering, animal husbandry and economics. Membership is by invitation only and no honorary members are admitted.

Numbered among the members are student leaders in all lines of college activities. In scholarship the fraternity is among the leaders, tho hot at the top, and has always ranked well above the institutional average.

The fraternity was founded at Ohio State in 1903 and now there are chapters at all the leading Agricultural schools in the country. All the chapters are active and maintain houses. The growth of the fraternity has been rapid and yet stable and clearly demonstrates that the successful fraternity of the future—the fraternity that is going to help its members after college days are left behind as well as while they are in college—is the professional social fraternity. The aim of Alpha Gamma Rho is to bring together the leaders of the future and instill in them the sense of true fraternalism, not the selfish kind, but rather the broader kind that recognizes and helps the right man to fulfill his mission in life.

The fraternity has a strong national organization and an inspecting officer visits each chapter at least once a year.

The chapter here maintains a large, new, well furnished twelve-room house which is located just south of, and facing the college campus. This is the college home of the members of the fraternity where friends and relatives are always welcome. Their meals are justly famous and their hospitality is extended to all.

Phi Upsilon Omicron.

The Phi Upsilon Omicron Fraternity had its beginning in a local fraternity, which bore the name of Chi Gamma Psi. In November, 1914, it was granted a charter in the national fraternity. Phi Upsilon Omicron is an honorary professional fraternity and was founded at the University of Minnesota. It is an organization which combines the solidarity of a scholastic membership basis and the unified interest and purpose of a professional fraternity with the power and dynamics of a sisterhood. Altho the field of Home Economics is practically a new one, expansion is being made rapidly and Phi U carrying on the work of Home Economics is progressing materially. The present chapters: Alpha at Minnesota, Beta at North Dakota Agricultural College, Gamma at Ohio State University, and Delta at Wyoming, are intensifying the spirit and are looking forward with keen interest and enthusiasm to the coming years and their unfolding possibilities.

Delta Phi Beta.

The Delta Phi Beta Sorority was organized in 1908, being the first Sorority organized at the North Dakota Agricultural College.

The aim of the Sorority has always been to further true scholarship, to further social life and to do everything to aid in the growth of the college.

The members of the Sorority are expected to maintain a good scholarship average, to take part in all college activities to which they are given opportunity to enter, and to take part in the social affairs of the college. All these things are to be entered into, only with the understanding that they do not interfere with the regular class work.

There are now fifteen active members, and thirty-seven alumni. The honorary members are Mrs. Rindlaub and Miss Taylor.

Achoth.

Waw Chapter of Achoth was established April 2, 1915, as the eighth chapter of the national organization of Achoth. At present it has an active membership of nine O. E. S. girls: Bessie Lanxon, Mabel Ewen, Clara Dolve, Maud Engle, Edith Gross, Lylith Rusk, Marion Johnson, Ethel Poole, and Margaret Hutchinson. Marion Johnson is president of the Y. W. C. A. and three of Waw's members, the Misses Dolve, Engle, and Hutchinson have been honored by election to Phi Kappa Phi. Miss Stoner and the Mrs. Rusk and Hye are honorary members, with Messrs. Plumley and Rusk as patrons. The Mrs. Bell, Doneghue, and Gross have recently been elected patronesses. All of the above hon-

ored members are prominent in Masonic and O. E. S. work.

The national home of Achoth is at Lincoln, Nebraska, where Aleph Chapter was organized in 1898 and became national on March 5, 1910. To this date there are ten chapters in the United States located in the middle west and western states. Conclave met March 2-5 of this year, with Aleph Chapter. Mabel Ewen attended as a representative from Waw and brought home interesting reports of the work done during the past two years. Waw has a chapter room in Ceres Hall which has been furnished largely by the chapter.

It is the purpose of Waw of Achoth to increase the friendship among all the girls of the Agricultural College and to maintain the lofty ideals of O. E. S. Achoth stands for high scholarship. Waw is new, but she cannot but prosper and grow strong among the organizations of the Agricultural College.

Y. W. C. A.

The Young Women's Christian Association is the organization on the College campus which aims to influence students to devote themselves to the application of the principles of Christ to the problems of human society and to the extension of the Kingdom of God throughout the world; to train women to become practical Christian leaders; and to promote the moral, religious, social, intellectual and physical interests of the women to the highest possible extent.

Every girl on the campus who is interested in and approves of the aims of the Y. W. C. A. is eligible to membership.

Meetings of the Association, to which all women are invited, are held every Tuesday evening in the girls' gymnasium at Ceres Hall. The Religious Meeting committee has charge of these meetings and is putting forth considerable effort to make these meetings inspirational and helpful. Special music is provided for each meeting by the Music Committee.

Plans are being made by the Bible Study committee for Bible classes on the campus or in the different churches.

The Social Service department is one which offers a great opportunity for practical Christian service. At present, the committee is working out plans for an Eight Weeks Club which will meet for the first time on Thursday. All girls of the institution are invited to attend. Miss Dinan has kindly consented to take charge of these meetings.

During the past year, the Social committee held several group parties which proved very successful. This same plan will probably be carried out this coming year. The co-operation of all women of the institution is needed to carry on the great work of the Y. W. C. A. effectively.

The officers for the coming year are as follows:

- President.....Marion Johnson Vice President.....Mary Gibbens Secretary.....Helen Horn Treasurer.....Dorothy Price Committee Chairman. Religious Meeting.....Rosella Ladd Music.....Fern Briscoe Missionary.....Lucille Stuart Bible Study.....Marie Kirk Social.....Marjory Lieberg Social Service.....Mrs. Sherman Association News.....Madeline Blake

"Education of Tomorrow" Meets With Favor.

The publishers of The Education of Tomorrow, of which Professor Weeks is the author, announce a second edition of this book on the theory of modern education. The book was first published in 1913 and has met with favor. The Sturgis-Walton Company, New York, are the publishers.

What's on the Fertilizer Bag?

Does the manufacturer print on the bag of fertilizer you use, how much immediately available nitrogen it contains?

Many do not.

This is another reason why home mixing is the safe, economical method. Mix your own fertilizers and know what you get.

My book "Home Mixing" free. Send post card for it, today.

WILLIAM S. MYERS 25 Madison Avenue, New York

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the North-West.

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery — Architecture — Architectural Engineering — Chemical Engineering. These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training

THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in — Agriculture — Mechanic Arts — General Science — Rural Teachers.

SPECIAL COURSES

Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery

THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, zoology, literature, mathematics, and engineering subjects.

Graduates from approved High Schools are admitted to Freshman Class. Board and Room \$4.75 to \$5.00 per week.

# ATHLETICS

## Fargo College Defeated 3 to 1

Game Played In 1 Hour and 15 Minutes.

Nemzek's drive into centerfield in the first of the eighth with one down, scoring Catlin from second, and Rockwell's error in dropping the ball at home plate when Nemzek attempted to steal from third, gave the North Dakota "Aggies" two runs and the game over Fargo college in the first clash of the season between the two teams at Dakota field yesterday afternoon by a score of 3 to 1. Errors were directly responsible for the loss of the game for the hill men despite the remarkable showing made by Overby who struck out nine and twice pulled his team out of ruts when errors were costly.

Thorfinnson pitched good ball for the Aggies.

### "AGGIES" AND "U" BREAK EVEN.—STATE CHAMPIONSHIP A TIE.

The game was called at 5:30 to enable the "U" men to catch the train for the Forks.

Wolstad, the Aggie second baseman, was struck in the eye with the ball and had to be removed from the game.

Both pitchers seemed too weak in the sixth, the "U" getting 3 hits and the Aggies 4.

The game was called in the first of the seventh. The score stood 3 to 3 in favor of the University.

The Box Score:

University	AB	R	H	PO	A	E
Ryan, ss	3	0	0	2	0	0
Nelson, 3b	3	0	1	1	0	0
Burton, 1b	3	1	1	1	1	1
Holt, lf	3	1	0	1	0	0
McKay, cf	2	1	2	1	0	0
Green, 2b	2	0	0	1	0	1
Fingerson, c	3	0	1	4	1	1
Moor, rf	3	1	1	0	0	0
Talcott, p	1	0	1	1	6	0
Totals	23	4	7	18	10	2

"Aggies"—

AB	R	H	PO	A	E
Movold, 3b	3	0	0	1	1
Kinneberg, cf	2	0	1	0	0
Nemzek, lf	3	1	1	3	0
MacQuillan, rf	2	1	1	0	1
Crawford, c	1	0	0	6	1
Smith, 1b	2	0	0	3	0
Wolstad, 2b	2	0	0	3	1
Homme, ss	3	1	1	1	0

McConnell, 2b	1	0	1	0	0	0
Benson x	0	0	0	0	0	0
Totals	22	3	4	18	7	1

### INTER-CLASS FRESHMAN VICTORIOUS.

Sophs. Defeated by Freshmen 5 to 1.

In one of the best games of the season the Freshman defeated the Sophomores by a score of 5 to 1. The Sophs got their one run in the first of the ninth.

Kelly is proving a great find and will no doubt pitch better ball in the following games.

Dial started for the Sophomores but could not hold out and cockeran took his place. Both were out of condition but pitched fair ball.

Score by Innings.

Fresh	0	1	0	2	1	0	X	5	7	2
Sophs	0	0	0	0	0	0	0	0	1	2

Batteries—Freshmen, Kelly and Thorfinnson; Sophomores, Dial, Cockeran and Benson.

Umpires—Jensen and Gram.

### AGGIES LOOSE 11 TO 6.

Aggies' Game Until the Ninth.—Errors in the Ninth, the Cause.

St. Thomas played a loosing game for eight innings but made up for it in the ninth. With the Aggies 3 runs ahead, Duffy knocked a fast grounder to Homme who had his legs too far apart. Duffy stopped at the second sack. Barrett popped a fly to left field but the sun was stronger than Nemzek's eyes; and Duffy took third while Barrett stayed at first.

Loney gave Nemzek another by to worry about but he could not gobble it up because of the sun. Duffy came home and Barrett made third. Conway drove a fast one to Wolstad who failed to hang on to it. Barrett crossed the plate. Gullugly then got a base hit scoring Loney, tying the score with no one down. Farnell went one better and got a two bagger bringing in Conway and Gullugly. Jacobs grounded out. Morrarity had no pity for "Nemy" and gave him another eyeteater which he missed. Farnell came home on the play. McConnell relieved Nemzek in left field and Donahue knocked out a 2 bagger to loosen "Mac" up. Mowarity came home on the play. Duffy got up for the second time that inning and grounded out Movold to Smith. Barrett got a hit scoring Donahue. Loney grounded out Homme to Smith.

Score by Innings.

R. H. E.	Aggies	0	0	0	2	3	10	6	8	6
	St. Thomas	1	1	0	0	0	1	0	8	11

Summary—Two base Hits: Movold, 1; Crawford, 1; Bachman, 1; Loney, 1; Farnell, 1; Monarity, 1; Donahue, 1; Duffy, 1. Base on balls, oy Bachmann, 4; off Duffy, 2. Hit by pitcher, Homme. Struck out, by Bachman, 7; by Duffy, 9. Left on bases, Aggies, 5. St. Thomas, 9. Time of game, 2 hours. Umpire: Prof. Darnier.

Batteries: For Aggies: Bachman and Crawford, For St. Thomas—Duffy and Donahue.

The Hobo Club, at the University of Montana, offer free board and lodging to all students of rival schools who "beat" their way to Missoula to see the teams compete with Montana.

The baseball captain of the University of Texas baseball team is a one-armed man, who last season fielded 105 chances without an error.

A club for defeated candidates is in operation at the University of Washington.

Letter men at the University of Utah will hereafter receive a buttonhole pin in place of a sweater, if they so desire.

It is reported that 450 college football teams competed last fall. So 9,000 men played. There were 900,000 men at college. One man out of every hundred goes to college, and one man out of every hundred college men plays football on the 'varsity. Why not provide exercise for the other 99?—Quoted from "Mac" Weekly, Macalester College, Minn.

## The S. & C. Clothing Company

have consolidated their two stores into one and are now located at 520 Front street; next door to Moody's. We have a large stock of Hirsch-Wickwire; Sophomore and Style-Plus clothes; Stetson Hats; O'Donnell Shoes; etc.

We give 10 per cent discount to all students.

**LITERARY SOCIETIES**

The Philomathian Literary Society.

Twenty years ago a group of the most illustrious of the students at the North Dakota Agricultural College realized that if their literary abilities were to be given a chance for development they must not join the only society then in existence on the campus but must organize one of their own. With them, to think things was to do them, and behold, a society called Philomathian came into existence. Profiting by the mistakes of those who went before them, they opened their doors only to those who showed ability and a desire to develop it still farther.

For fourteen years they lived in the midst of victory and as the years passed, their walls became decked with the spoils of contests.

Six years ago, a few of the most brainy boys concluded that if they were to be given a chance to discuss the vital questions of the day, those on which the fate of the country hung, they must dispense with the sex that talked most of fashions. Accordingly, a reorganization was effected with the girls eliminated and with the boys in full control. With nothing left to divert their minds, they settled down to real constructive work and "by their fruits ye shall know them." Having covered all available space with trophies of victory, a committee was appointed to wait on their rivals across the hall in an effort to rent wall space, because medals in the Athenian room were conspicuous by their absence.

Thinking segregation the keystone to success, the girls have also organized a segregated society with the result that the students who love literary work for its own sake can join either of the segregated societies and those that love campus work during inclement weather can join the Athenians.

For years a characteristic of the Philos has been to take all the ties, and those that love campus action, but then they are not to be blamed since the employers one and all demand Philomathian on account of their development.

In conclusion, the Philomathian Society invites the student body to visit them in their weekly meetings and if anyone is willing to put in hard earnest work, as well as take away the benefits, the Philomathians will welcome you as members, for theirs is the task of developing men, men who show that they have lived in a thoughtful atmosphere, an atmosphere pregnant with the ideas that move the world.

**THE ATHENIANS.**

What shall we say of the Athenians. Some people like to say a good deal about them; others very little.

Praise and knocks alike are aimed at the Athenians. Praise is justly due them but against knocks the society is a fortress. It has built about itself such a wall of strength that knocks can do it no harm. Even with the aid of a bold front the truthful Philos and fair maidens of Pythia, reluctantly admit the leadership of the Athenians. As the Athenians of old the literary society throws itself into whatever it does without reserve.

It is the purpose of the society to develop and promote literary ability; to arouse latent ability and strengthen the potent.

The Athenians have a membership of over thirty. They are the only non-segregated literary at N. D. A. C. They believe in the natural life and their sympathy is with the lonesome Philos and Pythians. It is their hope to see these two societies united, thus giving the Athenians a real rival. Literary zeal would be increased and literary standards would ultimately reach a higher level.

The Athenians have among their number most of the notables of this college. The results of being members of an active literary society are manifest in the fame of these men and women.

This year the Athenians were the winners of the wall shield as a result of making a total of 26 points. They won the inter-society debate,

they received the highest place in the declamatory contest; second in state oratorical contest; first in the stuntfest—but less fortunate in receiving third place in the literary festival.

Do the above facts prove that non-segregation is a hindrance to the growth of the literary society? Surely it is an incentive. Besides the girls and boys get along splendidly. Don't you think it is great to be an Athenian?

**THE PYTHIAN SOCIETY.**

The third year of the Pythians and a gala year indeed!

This society held its first meeting on September 28, 1913, in the music hall and was formed for the purpose of furthering the interest in public speaking and literary work among girls. Just how far this aim has been carried out is clearly manifested in the brilliant career the society has had during the past school year.

Miss Rosilla Ladd as president has with untiring efforts steered the society thru rough and clear weather and to her the society owes sincerest appreciation.

As for merit, the Pythians, as all know, won first place in the play contest. This honor was due to the able coaching of Miss Della Linwell to whom the society wishes to offer heartiest acknowledgment. Second place in the Declamation Contest! Then, too, we must mention our rigid enforcement of regularity of meetings. The Pythians have met every two weeks of the school year as was decided upon when the constitution was drawn up. We are indeed proud of the fact.

Next year we hope to take first in everything (if this is not showing too much self-esteem.) We bid all our fellows students the pleasantest of vacations and hope to bid them and their friends welcome to the N. D. A. C. at the beginning of our 1916 school year next September.

**WEEKLY SPECTRUM.**

In every college, that instrument which best expresses the thoughts and ideas, the activities of the students, faculty, and alumni, is the college paper. Our paper, "The Spectrum" has come to mean much to this institution, and especially to those students who have had the opportunity of working on the staff.

This year the Commissioner of Publication, together with the Editor-in-Chief, chose the staff and with them worked out the policy of the paper.

There have been a number of special issues; the girls put out a very popular Spectrum, as did also the Freshman class. The alumni issue was a great credit to its staff.

It is planned that a class in Journalism be organized next year, and that persons taking the work have practical help in contributing articles for the Spectrum. Credit will be given, and so will insure a greater stimulus to students and more efficient publications.

A number of other improvements will be made, which should help to make our paper what it should be. The paper will be under the guidance of Percy Beals and Alfred Maters for next year.

**HESPERIAN SOCIETY HELD MEETING.**

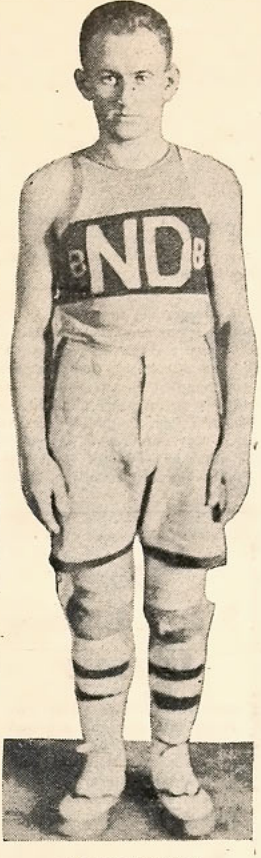

At the regular meeting of the Hesperian Literary Society held on Friday, May 26th, the following officers

The modern curved lens gives the wearer an increased field of excellent vision. If you are still wearing the old-fashioned glasses with a limited range come in and see what I can do with curved lenses. Exact, high grade optical work in all its branches at remarkable cost.

I do my own lens grinding.
