

Grades For The Winter Term Are Out

General Institutional Averages .2 of a Point Higher Than Last Term's.

SOME ORGANIZATIONS HAVE IMPROVED.

Ten Highest College Grades Show Increase Over Last Term's.

General institutional averages .2 of a point higher than last term's. Some organizations have improved. Ten highest college grades show increase over last term's.

In a comparison of the grades of the winter term with those of the fall term, there is a decided improvement, which is a very satisfactory sign. This is something of which everyone ought to be proud. No one questions that if everybody was doing his best a higher standard could be reached, and a college average attained which would compare still more favorably with those of other institutions. As it is, we are on the way and if things keep on in the direction they are this year so far, there will be no reason for complaint.

NORTH DAKOTA AGRICULTURAL COLLEGE

Office of the Registrar

Student Grades for the Winter Term 1916.

Table with 2 columns: General Institutional Average (all students, all curricula) \$1.8, (All men, all curricula) \$0.6, (All women, all curricula) \$4.8

College Department.

Table with 2 columns: General Average (all under-graduates) \$3.2, (Men) \$1.2, (Women) \$6.5

Averages by Groups and Classes

Table with 5 columns: Course, Fr., Soph., Jr., Sr., Ave. Rows include Agriculture, Engineering, Home Economics, Literature and Science, Vet. Med. and Surgery.

Table with 2 columns: Alpha Kappa Phi \$6.1, Acoth \$5.5, Alpha Zeta \$4.9, Alpha Gamma Rho \$3.1, Basket Ball Team \$2.6, Delta Phi \$2.2, Alpha Mu \$0.4

Fraternity and Non-Fraternity Scholarship.

Table with 2 columns: Average of fraternity men \$3.1, Average of non-fraternity men \$7.2, Average of sorority women \$6.5, Average of non-sorority women \$6.9

Aggies Win Second Game From Normalites

TEACHERS RALLY IN THE NINTH INNING, BUT COULD NOT PENETRATE THE INVADERS' DEFENSE.

Saturday afternoon the "Aggie" squad crossed the Red and attacked the Normal stronghold. Carlander took the lead in the defense, getting 3 hits and striking out 12 men. His men failed to support him and after two hours of fighting the "Aggies" drew off victorious.

The normal girls turned out in full force expecting either Myron Bachman or Herbert MacQuillan to be in the box. Coach Davis, knowing the charm the southside lines would have upon these two twirlers, and also knowing Thorfinnson's powers to resist any female attacks, put the leader to work. Thorfinnson got seven strikeouts and a two-base hit.

Neither side scored the first inning altho each side got a hit. The second inning started things in earnest but did not last long for McConnell was pegged out at second. The teachers were a little luckier. One of the girls asked Sammy Crawford for his blossom and he became so "fussed" that he made a wild throw to first and Hertzgaard succeeded in reaching second. Monson drove a hit into left field which brot Hertzgaard across the plate. Sammy received the ball too late to catch Hertzgaard but pegged Monson out at second.

The third inning was featureless. In the fourth inning the collegians renewed their attack. MacQuillan reached first upon being hit by a pitched ball. Movold arrived at first by the same route and Mac moved to second. Mac then stole third and Curly followed Mac's example and stole second on the next ball pitched. Nemzek drove a high fly into right field which Skamper failed to catch, bringing MacQuillan home. Skamper pegged home to catch Movold but Anderson missed the ball and Curly crossed the fourth corner and Nemzek reached second. Smith connected for a single bringing Nemzek home. McConnell got an infield hit and Smith advanced to second. Homme struck out, Thorfinnson was out on a grounder, Paxton to R. Carlander, and Crawford struck out. The score then stood 3 to 1 in favor of the A. C.

In the eighth the Aggies added one more run to their list. MacQuillan and Movold both grounded out. Nemzek got a two-bagger. Smith followed with a single scoring Nemzek. McConnell's foul was caught by Anderson.

The ninth inning proved a thriller. Homme got a base on balls. Thorfinnson advanced Homme to third with a two-bagger. Crawford grounded and Homme crossed the plate. Catlin drove a wicked grounder at Russness bringing Thorfinnson home. MacQuillan tapped one to J. Carlander but was thrown out at first. The teachers with the head of the batting list up started things going. Russness singled. Engh bating for Paxton, struck out. Anderson drove a fast grounder to McConnell who failed to pick it off. J. Carlander followed with a two-bagger, scoring Russness and placing Anderson on third. Hertzgaard grounded out, McConnell to Smith, and Anderson

crossed the plate on the play. Monson singled, scoring Carlander. Skamper grounded out, leaving the score 6 to 4 in favor of the Aggies. Catlin made a spectacular catch in the fifth inning. J. Carlander drove out a high fly that looked good for a homer. Catlin turned and started for the north, catching the ball from over his head and stepping in a hole at the same time. As he went down one hand was sticking in the air and holding the ball securely. Carlander had nearly reached third when the ball was caught. In the ninth, J. Carlander drove a long fly into right field which landed in a good-sized duck pond. MacQuillan did not stop but waded in and stopped Carlander at second. Mac said that if he had known of the pond he would have worn his golashers.

THE BOX SCORE

Box score table for Aggies vs Normalites. Columns: AB, R, H, PO, A, E. Rows: Aggies, Crawford, Catlin, MacQuillan, Movold, Nemzek, Smith, McConnell, Homme, Thorfinnson, Totals.

Box score table for Normalites. Columns: AB, R, H, PO, A, E. Rows: Russness, Paxton, Anderson, J. Carlander, Hertzgaard, Monson, Skamper, R. Carlander, Reed, Engh, Totals.

Score by innings: Aggies 0 0 3 0 0 1 2-6, Normal 0 1 0 0 0 0 3-4. Summary: First base on balls—Off Carlander, Homme; off Thorfinnson, none. Left on bases—'Aggies' 6; Normal 3. Wild pitches—Carlander, 1; Nemzek, 1; Thorfinnson, 1. Struck out—By J. Carlander, 12; by Thorfinnson, 7. Double plays—Movold to McConnell, McConnell to Smith; and Smith unassisted to Homme. Hit by pitcher—MacQuillan and Movold. Sacrifice hits—Thorfinnson. Stolen bases—Catlin, 1; MacQuillan, 1; Movold, 1. Time—Two hours. Umpire—Bob Unglaub. Attendance—300.

D. W. Mendenhall, '14, who for the past two years has been teaching at Barnesville, Minn., had recently planned on leaving for China this summer, where he would have had complete charge of an estate of 10,000 acres. Owing to the fact that the recent revolution in China has affected the plans of the owner of this land, he has concluded to postpone its development until some future date, and therefore will not need anyone for at least two years. It is indeed an honor for Mr. Mendenhall to be chosen for such a position, but nevertheless we are glad to know that he plans on staying in America.

Alumni Plan Big Reunion

At a meeting of the executive committee held at the college last week definite plans were laid for the inauguration of many new features in the annual alumni reunion which is held during commencement.

In the past the reunions have been seriously lacking in one thing, viz., a good time. The regular business meeting, followed by banquet and ball in the evening, have undoubtedly lacked in variation. It is not the intention of the committee to discontinue any of these features, but to intermingling enough entertainment that will add greatly to the whole affair.

They hope to be able to entertain the seniors this year without charge. If this is done they will certainly manifest a keener interest in the organization after graduating.

About two weeks before commencement each alumnus will receive a program which will present in rather a novel method, something of the good time they expect to have.

PHI KAPPA PHI ELECT MEMBERS

The following 1916 Seniors have been elected to membership in the Phi Kappa Phi honorary fraternity: Clara Dolve, Raymond Drewry, Maud Engle, Barbara Heidner, Margaret Hutchinson, Marvin Kirk, Lynn Leslie, Katherine Ladd, Albert Shunk, Murray Stebbens, Erma Thomas.

CONVOCATION NEXT MONDAY, 9 A. M.

An all college convocation is called for next Monday at the usual hour in the armory. Dr. Lynn H. Hough of Northwestern University, Chicago, will be the speaker. His subject will be "The Making of a Captain." Arrangements are being made for special music also. Everyone is expected to attend.

PREXY'S CONDITION IS IMPROVING

The latest reports from the home of President Ladd indicate that his condition is somewhat better. He is resting easily and seems to be better in all ways. It is not known, at this time, when he will be able to be on the campus again, but it is hoped that he will return in the course of the next few days.

COATES WILL TALK TO ROTARY CLUB

This evening, J. P. Coates, editor of the Nonpartisan Leader, will address the members of the Rotary Club at the weekly meeting, which is held at the Gardner Hotel.

At the last meeting Chief Troyer of the Fargo police department addressed the members of the club on the system of police service. His talk was thoroughly enjoyed by all and was one of the best talks that have been given to the members of the club.

SPECTRUM LUNCHEON THURSDAY NOON

The weekly luncheon of the Spectrum staff will be held Thursday noon in the office of the paper. Every member should be present.

Hagen is requested to bring that cake, and Pat Keeley is asked to eat before coming as there will not be enough to feed him and the rest of the staff.

Lieut. Carrithers asks that all cadets who borrowed chevrons, uniforms, parts of uniforms or drill manuals, return them at once so that everything may be checked, as the work for the year is completed.

COMING SPECTRUMS.

- May 10.—Senior Class Issue.
May 17.—Booster Issue.
May 24.—Programs and Organization.
May 31.—Athletic Issue.
June 13.—Commencement Issue.
Watch for them.
Turn in some dope for them.
Boost for them.
Help make them "Hum-dingers."

THE SHAKESPEARE PARADE

Can You Tell Who They Are?

We are going to have a real queen in our part of the parade, incidentally, a real king. Three guesses for the correct solution of this problem. Have you any desire of becoming a person of nobility? There are still a few vacancies left for persons to be oak-leaf dancers or old people. Furthermore, you may get a ride in the float!

It is surely going to be SOME parade. You will want to get a comfortable position on the top of a telegraph pole, or elsewhere; for space will be at a premium. Also "Much Ado About Nothing," will be presented at the Orpheum theater on Monday and Tuesday. Seats are only ten, twenty and thirty cents. So take your best friend and be sure to come.

SENIOR LUNCHEONS WELL LIKED.

On Wednesday, the Senior class met at Ceres Hall for lunch. It was the second of a series that the class will have. The idea of these luncheons is to have a general get-together meeting once a week, at which time the business will be transacted. The plan is a very good one, and is meeting with much success. It is hoped that the coming graduating classes will help to make Senior luncheons an annual affair.

POSITIONS HOTLY CONTESTED FOR.

One of the most important events of the college year is always the Senior Play. This year the class has decided to present, "Her Husband's Wife." The plot of the play is unusual as well as clever. The characters are well defined, so that the persons in the cast will have ample opportunity to display their talents.

It has been decided to have a member of the class coach the play, under the direction of the department of public speaking. For this work, Miss Louise Fitzgerald was elected. She is very capable, having had much experience in the dramatic line.

The judges for the try-outs were: Miss Simmons, Father Ramsbottom, and Prof. Arvold. The following people have been chosen for the parts: Katherine Ladd, Barbara Heidner, Ward Porter, Winney Crouch and Bruce McKee.

Wm. Stewart has been chosen as delegate to the International Convention of the Y. M. C. A., which is to be held May 12 to 16, at Cleveland, O. This convention is held every three years and representatives from all the leading colleges and universities in North America will be present. This convention also includes delegates from the army, navy, railroad, rural and city departments of the association.

Watch the bulletin boards for dates of target practice. All cadets will be required to do some shooting before the term is over.

The Senior pins have arrived. They are in the form of the college seal, with a large "16" in the center.

Rings, hat-pins, bar-pins, and stickpins with the class emblem, are also available.

Four A. C. Players On State "All-Star" Team of Basketball

Dr. Van Ward of Wahpeton, one of the best versed basketball men in the state, has picked one man from the University of North Dakota and four men from the North Dakota Agricultural college for the state "all star" basketball team.

Movold, McKee, MacQuillan, and Bolsinger are the men from the A. C. who were recognized as four of the five best men. Stevenson of the University is the fifth man.

INSPECTING OFFICERS WELL PLEASED WITH SHOWING MADE BY CADETS

Last Saturday morning Major McFarland of the U. S. A., inspected the cadets and seemed to be very well pleased with the showing made. Despite the cold weather, and with snow falling, the battalion marched out on the campus before a crowd of three or four hundred people. The field maneuvers were limited to a review, regimental drill, Butts manual and skirmishing. The band was out in full uniform and the music was snappy and appropriate for the occasion.

The real inspection of individual men took place in the armory, where every man was looked over and questioned. On the whole the inspection was a successful one, and much credit is due Lieut. Carrithers for the showing made. This year the inspection was held a month earlier than usual. The inspection completed the work for the year except for target practice, which will be held this month.

PROF. PIERCE JOINS COLLEGE FACULTY.

Prof. W. T. Pierce, formerly of Fargo college, has joined the ranks of the faculty of the A. C. He will take Prof. Darner's place in recitation work in the chemistry department. He comes highly recommended from the college on the hill, and good work is expected of him in his new position.

RHOS UNDERGO ANNUAL INSPECTION.

The annual inspection of the Alpha Gamma Rho fraternity was held Monday evening at the fraternity house. Grand President, T. J. Harmon, of Pittsburg, officiated.

BILL GUY TALKS AT ALPHA ZETA MEETING

Bill Guy talked upon the subject of deep plowing at the Alpha Zeta meeting Tuesday night. The subject was interesting and the differences in moisture content and chemical composition of the soil of the various depths of plowing; e. g., 3 to 4 inches, 6 inches and 12 inches, was indicative of the working of certain principles in regard to crop growth hand soil fertility.

Y. M. C. A. TO HOLD CAMPAIGN.

A campaign is to be launched this week by the Y. M. C. A. of the college for delegates to attend the Lake Geneva conference at Lake Geneva, Wis., June 16-25. A meeting will be held Thursday evening in the Ceres Hall lecture room at 6:30 o'clock. Prominent speakers among the students will address the meeting and an open discussion will be held. This will be mainly a booster meeting to lay plans for a campaign for delegates from the college to attend the conference. Quite a few men have already signed up. Better attend the meeting and find out about the plans for the trip.

ANNUAL SENIOR BALL FRIDAY EVENING, MAY 5th, 1916

8:15 P. M. A. C. ARMORY. Tickets \$2.00. A. C. Students and Faculty are Invited.

THE WEEKLY SPECTRUM

The Official Publication of the Student Commission.

Published every Wednesday of the school year by the students of the North Dakota Agricultural College, at the Usaker Printing Co., 311-315 Broadway, Fargo, N. D.

In cases of non-delivery, change of address, or change of ads, please notify W. E. Crouch. Office on the second floor of Mechanics Art Building. Building. Subscription rate \$1.00 per year. Single copies 5 cents.

Entered at the Post Office of the Agricultural College, North Dakota, as second class mail matter.

EDITORIAL

WHY NOT HAVE MORE TENNIS COURTS?

There is no little agitation among the students for establishing more tennis courts somewhere on the campus.

At present there are only two courts that are usable. These courts are controlled by the Tennis Club of the college and are only available at certain times. It would seem possible that some scheme could be originated whereby more courts could be added to those already on the campus.

While the fees that are charged for the use of these two courts now on the campus are by no means exorbitant, the number of those that are members makes it impossible for those that would like to play to do so.

There has been a stimulus to the tennis playing habit during the past year or so and with this new interest there should be some means of getting the interest properly placed.

We refer it to the committee.

NO MORE SMOKING

For some time after the edict issued by Prexy, there were few signs of smoking on the campus. Lately, we are sorry to say, there has been a revival of the habit. This does not seem to be in with the spirit of the undertaking. We do not know whether or not this is due to the fact that Prexy is not in his office or not. It shouldn't be. In fact, it should be just the opposite. Now that Prexy is compelled to be absent we should try to show him that we respect his request for the mere reason that he himself asked it.

There are very few of us in this college community, none we hope, that are so immature as to bear watching or that need watching. Then let us stop smoking on the campus.

This rule does not bar you from smoking off of the campus. It applies only to the time that you are on the campus. Let us hope that no further action will have to be taken on the matter, even by the Student Commission.

It probably would be a very good idea if the old Black Listing system, which was inaugurated during the last campaign, was rejuvenated stating the offenders name and the time and place where the offense was committed.

Let's all do our parts.

THE WINTER TERM GRADES AND AVERAGES.

In another part of the paper will be found an account of the grades, averages and statistics on the grades of the winter term.

All in all, a very good showing was made. The grades were higher than those of the fall term. The institutional average, society averages, and, in fact, all averages were higher. This is well, considering the fact that there are more activities during the winter term than during any other term of the year. We hope that they will continue to improve and that the averages for this term will be even better than those of last.

ANOTHER IMPROVEMENT.

Byron Box, a person of great satirical ability, will hereafter contribute periodically to the SPECTRUM. His official title has as yet not been designated, but with the next issue we shall have worked over all of those names that have been proposed and we hope that we shall be able to apply an official cognomen.

ONE MAN'S CAPACITY.

Last week President Ladd suffered a complete breakdown. It was brought on by two very acute attacks of heart failure. He was removed to his home where he has been confined ever since.

Since his appointment to the office of President, he has had the work of about four men thrust upon him. He has served and divided his time between two offices, and among the other things that require his time in these offices. He has been compelled to be on the campus at six or seven o'clock in the morning and has even been compelled to come back after dinner in the evening.

This is too much to demand of any man, especially a man of Dr. Ladd's ability. We know of no one who could have lasted as long as has he.

His condition is regarded as serious. At first it was that that some temporary derangement was the cause of his illness—high blood pressure or something else, but as he has not been out of bed since the day he was taken sick it is conceded that it is serious, altho he is improving steadily.

It is very evident that some measure must be taken to relieve him of his responsibility after he recovers. What this should be is best left with those that deal with such matters.

A team of Y. M. C. A. men of the college will spend the week-end in Marlon, N. D., where they will consult with the boys and young men of the town on clubs and organizations. They will try to work out a more effective organization between the boys and men. The object of the visit is to put before the boys, suggestions as to means of working out a fuller and more beneficial religious, social and athletic life. The sessions will consist of short meetings and conferences and will culminate with a large massmeeting Sunday night. The members of the team are: Matt Thorfinsson, and Lee McConnell of the A. C., and Donald

DELTA PI

The Delta Pi held their annual initiation Friday evening. The candidates, who withstood the awful rites, were Schultz, Koeneman and Behlmer. Following the ceremonies the company adjourned down town where a banquet of six courses was served. In addition to the regular members, the alumni members, Oscar Westlund, Frank Peters, Wm. Rommel and Fred Hackett, were present.

A. C. Grocery Moved To New Quarters

New Location as Convenient as Old One—Will Observe Sunday Closing Law.

The A. C. Grocery is now in its new location in the building on the Y. M. C. A. site. Mr. Eichorn and Mr. Kohne, the popular proprietors and managers, are now better prepared than ever to satisfy the wants of everyone. During the time of their connection with the A. C. Grocery their trade has increased greatly under the stimulus of right methods such as handling only an excellent line of pure foods, high-class business methods, prompt and courteous treatment of patrons. Finally their business has reached the point where larger quarters and better facilities are needed. Their new store is one of the most perfectly arranged ones in Fargo. They have spared no expense to make their building up-to-date in every detail, and the result is a store of which they have every reason to be proud.

New Quarters Are Perfect.

In their perfect quarters, and with their increased facilities and larger line of pure foods they are prepared to satisfy every detail of their patrons' desires and to give all orders prompt, careful attention and immediate delivery.

It could well be called "the store that serves you best." It fairly radiates an atmosphere of quality, and this real quality index is shown by the increased confidence that customers have continued to show in them. This confidence is born of the efforts of the owners themselves to sell goods that will give entire satisfaction to every customer every time. Their former store was scored 98 points by the Pure Food Inspector and the new one will doubtless be scored perfect for the condition of the store proclaims a devotion to cleanliness rivaled only by the surgical ward of a hospital.

Stock Very Complete.

They have a full stock of inspected and approved canned goods neatly arranged and classified on the sanitary shelves thus lending to the convenience of the customer in making their selection. Other staple articles and sundries are neatly arranged about the building or kept in glass cases. An impressive and tasty sight is their fresh fruits, only the large, firm, fresh, luscious sorts being kept. The epicurean would be pleased with their fancy on plain line of baked goods and pastry. They always have on hand a fresh supply of breads, rolls, buns, cakes, pies doughnuts, cookies, etc., of the same fine quality that characterizes all of their foods.

Candies A Specialty.

Students will be especially interested in the excellent brand of candies. The Bonbons and chocolates are the finest and choicest you can buy, the daintiest you can give to your friends, the most delicious you can eat yourself. Their purity and flavor make them second to none.

One of the most outstanding features in their new equipment is an automatic air-cooled soda fountain constructed of white Italian marble having exclusive designed pilasters and frieze. Its mode of operation is very unique, being similar to the Cooper Brine system of refrigeration. It is the only one of its kind in Fargo and probably in the state. The owners now know that they have an apparatus which embodies all the known principles of efficiency in soda fountain construction and a unit which eliminates all loss of space and loss of refrigeration. They are now able to satisfy the most fastidious with soft drinks, ices, sherbets and ice cream.

Sunday Closing Law to Be Observed.

Hereafter, in accordance to the wishes of the patrons, the store will be closed on Sunday.

Go to the A. C. Grocery, in the evening or go in the morning. Go when you're looked for, or go without warning; A thousand welcomes will be there before you.

And the oftener you go there the more they'll adore you. Oscar Olsen Also There.

Oscar, the barber, will, as before, be located in convenient quarters in the rear of the new store. His equipment and facilities have also been enlarged and he will continue giving velvety shaves, up-to-date hair cuts, cleansing shampoos and gratifying massages.

Oscar invites you to drop in and inspect his new place of business. Here you will find real rest and seclusion—a change of scene and habit—a new refreshing environment that permits tired nerves to relax. The healthy social life dispels all monotony. There is a refined, congenial air about the place that makes you feel entirely comfortable and at home.

LIBRARY NOTES.

The following books have been cataloged at the library:

- Ersine, John—The moral obligation to be intelligent. 1915.
- Haas, Paul & Hill, T. G.—Chemistry to plant products. 1913.
- Hedrick, E. R. & Kellogg, O. D.—Applications of the calculus to mechanics. 1909.
- Lester, Oliver Clarence—The integrals of mechanics. 1909.
- Macgregor, T. D.—The book of thrift. 1916.
- Miller, G. A.—Historical introduction to mathematical literature. 1916.
- National Educational Association—Journal of proceedings and addresses. 1915.
- Safety First Federation—Safety first for children. 1915.
- In addition, the library has recently received the following books in the Drama league series: Buchanan, Thompson—A woman's way. 1915.
- Bernstein, Henry—The thief. 1915.
- Echegaray, John—The great Galecto. 1914.
- Francis, J. O.—Change. 1914.
- Guimera, Angel—Marta of the lowlands. 1915.
- Hauptmann, Gerhart—The sunken bell. 1915.

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the North-West.

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry
General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery —
Architecture — Architectural Engineering — Chemical Engineering.
These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training

THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in — Agriculture — Mechanic Arts — General Science — Rural Teachers.

SPECIAL COURSES

Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery

THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, zoology, literature, mathematics, and engineering subjects.

Graduates from approved High Schools are admitted to Freshman Class. Board and Room \$4.75 to \$5.00 per week.

Fertilizer Quality

When you buy fertilizer remember you are buying what is in the goods and not merely a weight of two thousand pounds.

When a smelter buys gold ore he buys not merely two thousand pounds but he insists on knowing how much gold is in the ore, and you should know the amount of active nitrogen, which is the gold of the fertilizer.

ATHLETICS

F-Ms. First To Start Defeat

F-MS RECEIVE THEIR FIRST DEFEAT THIS SEASON BY THE EAST AGGIE SQUAD ON DACOTA FIELD, 6-3.

In one of the hardest games of the season the F-Ms, were defeated by a score of 6 to 3. Ryan of the F-Ms, pitched good ball for five innings. Hubbard replaced Ryan and was touched for six hits and five runs. Myron Bachman pitched great ball for the "Aggies."

Ryan Opens for F-Ms
Ryan opened the game for the F-Ms and for five innings twirled good ball, striking out four collegians and allowing three hits, one being a two-bagger by Curly Movold, the "Aggie" third baseman. He weakened in the last of the fifth when Movold got his two-bagger and Bachman took a pretty single. Hubbard went in the last of the sixth inning. Catlin played him for a base on balls. M. Smith struck out, and MacQuillan grounded out, Nifnecker to Bell, sending Catlin to second. Nemzek also worked Hubbard for a base on balls. Catlin went third on a wild pitch and Nemzek stole second. Movold scored his second two-bagger and sent Catlin and Nemzek over the pan. Homme singled and scored Movold. McConnell singled and scored Homme. Four runs and three hits in Hubbard's initial appearance in one inning.

The leaguers started the scoring in the first of the third inning when Ellis, Bell and Schultz went over the home plate on complicated plays and an error by Homme. One man was down when the scores were made. Two men were left on bases when the side retired. The collegians scored one in the fifth inning, when Movold touched Ryan for a two-bagger. McConnell, the "Aggie" second baseman, grounded out. Schultz to Bell, and Bachman singled, bringing Movold across with an earned run. The "Aggies" scored another point in the eighth frame. MacQuillan grounded to Schaefer, who made a wild throw to first. Nemzek sent a skyrocket into the air which was taken by Schultz. Movold sacrificed and sent MacQuillan second. Homme singled into right field. Bagley muffed it and MacQuillan crossed the plate.

Huron:

The State College Military Band gave a popular novelty concert last week for the purpose of raising money to send the band to the Tri-State Conference Meet at Huron.

The track team at Huron College recently adopted resolutions to the effect that every member of the team is barred from shaving for one week. The boys have gone a step farther and are now parading the campus without neckties. Co-operation is what counts.

Yankton:

A new method of admission has been adopted by Smith, Holyoke, Vassar, and Wellesley Colleges, to go into effect September, 1919, it was announced last week. Under the plan an applicant must have a school report covering her entire record of subjects and grades for four years, with a certificate of character from the principal of her school, and must take four examinations in selected subjects. The examinations will be taken at one time, and excellence in one requirement may offset unsatisfactory work in some other subjects.—Brown and White.

O. A. C. Barometer:

Featuring classic and folk dances, beautiful costumes, and classical music, the pageant in which over four hundred college girls are to take

"THE SOWERS"

part, will be staged on the campus on Friday, June 2. The event is to be one of the chief attractions of commencement week, and a pageant far ahead of any like event ever seen in the Northwest is promised by those in charge.

The pageant will be presented in two parts. The first part will consist of classic and interpretive dancing, and the second part will be symbolic of a Russian fete day in which the festivities of a peasant village will be represented in pantomime and dancing. Several of the Russian national dances which are to be presented have been brought to this country by Louis Chalfif, the great Russian teacher of New York, who is a graduate of the Imperial Ballet School of Russia, from which the Russian dances have come.

At Macalaster:

BRING ON THE GREEN CAPS!
We have been requested to publish a portion of the resolutions passed by the Student Council last fall regarding the wearing of green caps. Freshmen take notice! The time has again arrived when you must don your classy verdant lids. The section follows:
"Be it further resolved: That these aforesaid green coverings shall be worn every day, excepting only the Sabbath, upon all occasions

which are in any way related to the school life of Macalaster College, for the time between Monday, October eleventh (11th), and Wednesday, November twenty-fourth (24th), and between Wednesday, April fifth (5th) and Wednesday, June seventh (7th)."

"A Diamond Store For a Generation"

WE WILL FIT YOU WITH CORRECT GLASSES

Most people do not know that correctly fitted glasses not only give you "Better Sight," but they also "preserve" your sight.

If you have trouble with your eyes, or objects don't look clear to you, better come in and have your eyes tested. You may be wearing away your sight and not know it—later it may be too late.

We are experts in this work and will serve you honestly in goods and prices.

CERES HALL
We'll never tell who were in the parlors Sunday afternoon!
Misses Myrtle, and Ivy Waechter took six o'clock dinner at the home of Mrs. La Mont Battle Sunday.
Mrs. Rupert and Harriet, took dinner at the home of Mrs. Hubert Harrington Sunday.
Miss Olga Schmidt spent Friday and Saturday evenings at the dormitory with Irene Haugeberg and Glade Kaufman.
Cecil Manikowski had supper Thursday evening at President Ladd's residence.
Any person wishing to become "fat" should apply at Room 35.
Miss Katherine Ferguson gave a spread to a number of her friends Monday evening. The spread was in celebration of her sixteenth (?) birthday.
Myrtle Waechter took dinner with Miss Myrtle Platen Sunday.
Miss Genevieve Stark was the guest of Alice Planner Sunday at dinner.
Friday evening 17 young ladies of Ceres Hall gave a dancing party to their friends in the gymnasium. The gym. was prettily decorated in pink and white with many cosy corners. Programs were used and Mr. Jensen furnished the music. Frappe was served throughout the evening. Mr. and Mrs. E. J. Thompson acted as chaperones.
The Spectrum staff, in characteristic manner, regaled themselves at a luncheon Thursday noon. The en-

HOME ECONOMICS.
The seniors and juniors of the class in table setting and serving have been giving a series of luncheons and dinners in the department dining room. The girls are divided into groups of four, and each girl has an opportunity to be cook, waitress, laundress, and dish-washer. The Misses Lillian Hanson, Eleanor Kindred, Joyce Dickinson, and Leah Dickinson served to their friends and to the women of the department during the past week.
The class in Institutional Cooking is carrying out very interesting laboratory work in the form of lunches served in cafeteria style and planned for certain types of persons. So far a rural, an elementary, and a high school lunch has been served on successive Monday noons at twelve o'clock. This week a lunch was served for persons in commercial work. All girls are invited to indicate the articles they wish, from the menu on the bulletin board, during the week previous to the date of the luncheon. The class has served an average of 50 persons at each lunch given.
The senior girls who have practice teaching at the Crittenton Home assisted and directed the girls of their classes in serving a banquet to the Home directors on Thursday, April 27, at six o'clock.

tire staff gathered in the Spectrum rooms immediately following the dismissal of classes, and there were served with a most refreshing luncheon of numerous and sundry courses. Upon the completion of the repast, matters of Spectrum interest, including plans for the remainder of the Spectrum year were discussed. These Thursday luncheons of the staff will be of great value. There is nothing like "getting together" over any activity.

The modern curved lens gives the wearer an increased field of excellent vision. If you are still wearing the old-fashioned glasses with a limited range come in and see what I can do with curved lenses. Exact, high grade optical work in all its branches at remarkable cost.
I do my own lens grinding.
