

## Edwin Booth Well Represented in Pageant

MISS SIMMONS IS WORKING HARD IN AN EFFORT TO MAKE THE PAGEANT A GRAND SUCCESS. RESULTS ALREADY ACCOMPLISHED.

The details of the street pageant for whose accuracy Miss Simmons is responsible are unlimited. Over 1000 school children of Fargo and Moorhead will be in line, while a few of those who will present floats are the Knights of Columbus, Fargo college, Smedley Floral company, Town Criers' club, Moorhead Normal school, Dakota Conservatory of Music, A. L. Moody, Herbst department store, Edwin Booth Dramatic club of the Agricultural college, Fargo high school (two floats), Sacred Heart academy, Window Decorators' association of Fargo and Moorhead, Overland-Reynolds Automobile company, Levitz Furniture company, Fargo Clearing House, E. A. Ricker, Stone Piano company, North Dakota Decorating company, North Dakota Agricultural college, O. J. deLendrecie company, Boosters' club of Moorhead, Shotwell Floral company and Fine Arts club.

### Many Scenes Represented

While arrangements are not at all complete at this time, the floats will represent scenes and groups from the Shakespearean plays and groups of dancers from the Elizabethan period. Some of the scenes represented will be from the following:

"Much Ado About Nothing," "Merchant of Venice," Anthony and Cleopatra, "Midsummer Night's Dream," "Twelfth Night," Queen Elizabeth, "Henry VIII," May Queen, "Romeo and Juliet," "Hamlet," Sylvia, Morris Dancers, Sixteen Rosebuds, agricultural scenes.

### Floats to Be Beautiful

In a general way, the following few suggestions will convey a little idea of what is to be seen on the floats:

On the Fargo college float, which will represent "The Taming of the Shrew," there will be shown Petruchio in a defiant position and Grunio, the fool and servant of Petruchio, acting.

The Edwin Booth Dramatic club of the Agricultural college float will present a garden scene from "Much Ado About Nothing." This will be one of the beautiful exhibits of the pageant.

The Western School of Expression float will present scenes from "Twelfth Night," showing a setting in the palace of Orsino, Duke of Illyria, and a setting showing the home of Olivia.

Sacred Heart academy's float will show the grave diggers' scene from "Hamlet."

There will be a float showing scenes from "Midsummer Night's Dream." The first will show the fairies, the second will show an ar-

group and the third will show the Duke of Athens and his court or attendants. This showing will be made at the Hutchinson School of Expression.

The high school floats will show scenes from "As You Like It," in which the principal characters of the drama will be represented.

There will be a float showing Othello and Desdemona, from "Othello, the Moor of Venice."

The Moorhead Normal school float will show a scene from "The Merchant of Venice."

### Dances at Island Park

No less complicated is the second act of the pageant, which will take place in Island park, and of which Mrs. deLendrecie is in charge.

Without a doubt the dance features of the program are to be among the leading ones. When Queen Elizabeth was Princess Elizabeth, Sir Thomas Pope gave a great festival for her. At the time of this festival green sleeve and hobby horse dances were in vogue and these will be reproduced with exactness by the dancers at Island park on the afternoon of May 6.

In addition Mrs. deLendrecie is training groups of Moorish dances, Shepherdess dances (moment musicale), all of which are beautifully featured in colors worn by fleet dancers.

The program at the park will represent in part a series of events that will be interesting in the extreme.

In the first place there will be sixteen little girls, ranging in age from 4 to 5 years, dressed to represent rosebuds and carrying rose garlands, who will dance on the green.

There will be the green sleeve dance mentioned above, a song dance in which 200 school children will take part; Morris dances, for which eight pupils are being trained, and folk games by the public school children.

At this point there will be a grand entry of the May Queen, and this will be followed by a May pole dance in which 200 of the children of the public schools of the two cities will take part.

There will be court dances by 20 children of the schools between the ages of 5 and 8 years, hobby horse dances by the boys of the schools, early Scotch dances by four especially trained pupils of Mrs. deLendrecie, folk games by the school children, shepherd's dance by the school children, "Tempest" dance in which 200 children will participate the Morris dance and the court dances of which there are five in number and which will be presented by 50 young ladies in groups of ten.

The island park features will be closed by a great chorus of male voices in recessional, all singing "America."

## Professor Weeks Writes New Book

"The Avoidance of Fires," Title of New Book Which is Not Off of the Press—Treats Subject in Thorough Manner.

One of the most unique texts which have been published for some time is that by Professor Weeks of this college on "The Avoidance of Fires."

This textbook on fire prevention will be welcomed not only in the various states in which the teaching of fire prevention is required by law, but also in schools everywhere. For the first time the subject of fire prevention is here presented in a textbook suitable for general use.

The style is simple and direct, and the material is notably well organized and appeals to interest. The book is intended to be used in elementary and secondary schools and will be found suited to the needs of students in summer sessions and normal schools. The importance of the subject commends this work for reading circle use.

The teacher will find the book especially adapted to classroom instruction. Questions and exercises follow each chapter. Simple experiments and points to look up are suggested. The teacher to whom the subject is new will have no difficulty in conducting a class successfully, as the author has had the needs of the teacher in mind. Sub-heads, illustrations, and a good bibliography enhance the value of the book.

The book reflects the author's experience in teaching. Scientific facts and bits of human experience are interwoven in a delightful way. The lessons embody authoritative data from reports of state fire marshals and the leading organs of fire prevention. A personal letter from Thomas A. Edison upon the efficiency of lightning rods is a point of interest. With the teaching of the knowledge represented in these pages the fourth of a billion dollars of annual fire loss in the United States will be greatly lessened.

Y. W. C. A.

The installation of the new officers for the Y. W. C. A. for the year 1916-17, took place Thursday noon in the Y. W. rooms at Ceres Hall.

The retiring officers are:  
President.....Bolitha Frojen  
Vice President.....Mary Gibbons  
Treasurer.....Rosella Ladd  
Secretary.....Olive Guy  
Associate news.....Maud Engle  
Religious meetings.....Myrtle Waechter  
Social.....Dorothy Price  
Missionary.....Olive Guy  
Social service.....Marion Johnson  
Music.....Clara Dolve  
The officers installed for 1916-17 were:  
President.....Marion Johnson  
Vice President.....Mary Gibbons  
Secretary.....Helen Horne  
Treasurer.....Dorothy Price  
Religious meetings.....Rosella Ladd  
Associate news.....Madeline Blake  
Social.....Marjorie Leiberg  
Bible study.....Marie Kirk  
Missionary.....Lucile Stewart  
Music.....Fern Briscoe  
Social service.....Mrs. Sherman

Miss Leiburg asked the plural of the word grouse, whereupon Ward Porter in his wisdom replied: "Why the plural of grouse is grease, the same as goose and geese."

Duncan McLeod, who has been out of school for two years, has resumed his studies at the college.

Why don't more students show their interest in the commission by attending the meetings, especially when they are invited?

The pledges of the Delta Phi Beta sorority were hostesses to the sorority Saturday afternoon at Ceres Hall.

SPECTRUM STAFF NOTICE.  
There will be a meeting of ALL members of the Spectrum staff at 12 o'clock, Thursday, (tomorrow). IT IS NECESSARY THAT EVERYONE ON THE STAFF SHOULD BE THERE. See Elvira Rasmussen

## MR. HOISINGTON TALKS TO CLASS IN EDUCATION 5

On Friday morning the class in Education 5 met in the woodshop and Mr. Hoisington discussed the work in manual training given at the Agricultural college. He described the work taken up with the different groups of students, as the students in the high school and in the farm husbandry course, the short course students and those registered in the draftsman and builder's course. The class learned of the equipment and projects of the department and gained an insight into the principles controlling manual training instruction in the public schools. They were especially interested in the cost of equipping manual training departments, the training required for teaching manual training, the care of tools and the practical projects on exhibition, such as models of building and joinery. To a number of the class who have taken manual training the lecture was less novel than to others, who will have a clearer insight into manual training for having visited the department.

## Financial Committee Meet Yesterday

COMMITTEE APPOINTED TO HANDLE FINANCIAL PART OF PAGEANT WILL HAVE MADE VERY THOSE PLANS.

Those who have been working in the financial interests of the Shakespearean celebration will meet this noon at the Annex hotel to discuss the progress that has been made in regard to raising funds for the event and to talk over matters that need discussion. The financial committee, headed by A. F. Colwell of this city, will be present and the sub-committees appointed for the purpose of making a canvass will receive final instructions. The members of this committee are Leslie Welter of Moorhead, B. I. Keating and A. F. Colwell.

Checks Coming In  
The committee has received several checks toward the fund for the celebration, but a canvass will be more thorough. The people of the two cities have taken hold of the matter, wonderfully so that the success of the Shakespearean celebration is assured, and will be the greatest event of its kind ever held in this section.

Railroads Will Help  
The committee that has attended to the railroad side of the celebration has made fine progress. Not only have the railroads promised that they will advertise the celebration throughout their territories but that they will make special arrangements for handling the people who will come to this city from other towns. As a result the whole Northwest will look forward to the affair with a great deal of interest.

A number of sub-committees have been appointed to thoroughly canvass the city and locate all of the loose coin. Professor Bolley and Professor Weeks were appointed to look after the financial end at this institution. All donations should be turned into them at the earliest possible moment.

The fly that lives  
To fly away,  
Will live to breed  
A million a day.  
Kill flies now.—N. Y. B. H.

## A. C. Will Have Summer Course In Engineering

Opportunity for Farmers and Young Men to Equip Themselves Properly.

The college will continue its summer school of engineering. This year the school will open on June 13 and will close Saturday, July 8.

The development of the small gas tractor has brought about a very large increase in the uses of the tractor on the farm, and the number of these machines now being sold requires the training of a great number of young men in the mechanism and in the management of such machines. Very largely the failure of the large tractor when employed in the operations of the average farm is due to ignorance on the part of the owner. While the manufacturers through their salesmen, have done what they could in training the purchasers of machines, it is expecting too much of the intelligence of the average man to think that two or three days in the warehouse, or even upon the road, or in the field spent in the manipulation of the engine will adequately prepare a man. Only the larger and more, apparent difficulties can be demonstrated in this way. A really efficient training can be obtained only in such a course as is offered in the summer school of the North Dakota Agricultural college. A month spent in this summer school, in going through all the details of adjustment, lubrication, carburetion, ignition, in comparing the different systems of carburetion, ignition and lubrication, in studying these different systems from specially prepared "cutaway" and sectional samples and parts, will save for the farmer in the economy of operation and in the wear of the machine many times what it costs, to say nothing of his being able to make his own necessary adjustments, rather than wait perhaps hours in the busiest times of the year while a so-called "expert" who is too often a tinkerer loiters out from town.

Lacking such a training as this summer school affords every owner and operator of a gas engine should, if possible, avail himself of this summer school. The shortage of men for farm work—a shortage that is now apparent especially in the Canadian provinces, where so many young men have gone to war, has made it necessary for hundreds of farmers to buy tractors. This means that, more than ever before, there will be during harvest and plowing greater demand for competent tractor engineers. The North Dakota Agricultural college summer school will afford a splendid opportunity for young men to prepare themselves to meet this demand, especially so since in the summer school instruction will be given upon the construction and operation of the grain separator. Instruction and practice will be given in the lacing of belts, babbitting boxes, lining up the separator, etc.

Circulars outlining the summer school are being mailed from the office of the registrar of the agricultural college, and all young men who are interested in this summer school are urged to write to that office for a copy of this circular.

## COMMISSION MEETING NEXT MONDAY

There will be a meeting of the student commissioners next Monday evening at seven o'clock, May 1. A number of very important affairs concerning the interests of every student on the campus will be discussed. The commission invites and urges every student to be present, and take part in the discussion of these vital matters pertaining to our college life.

## Date for Annual Senior Ball Rapidly Approaching

COMMITTEE IN CHARGE OF PREPARATIONS REPORT THAT DETAILS FOR BIG AFFAIR ARE NEARLY COMPLETE.

Friday evening, May 5th, will see the Senior class again in its glory. At this time, in the college armory the annual Senior ball will occur. The armory will be gorgeously decorated in the class colors.

Already the floor is being prepared to make it the "best possible" when the night of May 5th occurs. Inasmuch as this is the first dance after Lent, a large crowd is expected

and the committees in charge are laying their plans accordingly.

With the changes in the armory, the accommodations should be ample.

The latest pieces will be played by a large orchestra and dancing will start shortly after eight o'clock.

If you really are out for a good time don't miss this opportunity.

## Library Has A Large Amount Of Reference on Shakespeare

HISTORIES, PLAYS, BIOGRAPHIES AND WORKS BY BACON, ALSO ON SHELF AT ENTRANCE TO REFERENCE HALL.

A large number of works, histories, plays and biographies, on and by William Shakespeare, whose Three Hundredth Anniversary will be celebrated at the college and in Fargo next month can be found at the library at this time without much trouble.

The college library is noted for its completeness as a reference library and it is not lacking when it comes to works and other reference matter relating to Shakespeare.

Some of Bacon's works are also on hand and also a book giving so-called evidence which would prove that Bacon is Shakespeare.

Any one who desires to spend a few moments to good advantage should not overlook the opportunity.

## GENERAL DISCUSSION AND LEADERSHIP MEETINGS

Beginning last Thursday there will be weekly meetings open to all men students of the institution. The purpose of these meetings will be to discuss student problems and vital problems in our institution. The nature of the meetings will be for the greater part discussion groups, and occasionally an outside leader. The meetings will be made as interesting and beneficial as possible to make them. The leaders will, as far as possible, be chosen from among the students and faculty. The discussion this week will deal with the problem of the abolition of smoking from our campus this spring. Come out and be prepared to enter into the discussions!

Thursday evening at 6:30 in the Ceres Hall lecture room.

## THE ROUND TABLE

One of the most interesting meetings of the round table club was held at the Gardner Hotel last Wednesday evening. City Engineer Anders was the speaker of the evening, and explained in a very intelligent way the sewer system of the city of Fargo. Commissioner Blakemore was also present and added much to the general discussion by answering questions pertaining to the general policies of the cities in general, not only as pertains to sewerage, but other fundamental problems, as well.

All thru the discussion Mr. Anders used maps of the present sewer and street system of the city as well as map showing plans for the "Fargo of Tomorrow." These plans certainly show that people of vision have been at work, and that the Fargo of 50 or 75,000 people is to be taken care of as well as the city of today. The city of Fargo, according to the plans referred to above, may extend across the big slough—in case of which the slough is to be transformed into a boulevard of 30 feet wide or more, adding a great deal of beauty to the now somewhat barren aspect of the outskirts of the city. The boys of the Round Table club are more than fortunate in securing such able men as Mr. Anders and Mr. Blakemore to give their views on city plans.

The next meeting of the club will be held on Wednesday evening at the Gardner Hotel, at that time Chief Troyer will give a talk on "The Police System of the City."

## CAST OF CHARACTERS FOR THE PRODUCTION OF "MUCH ADO ABOUT NOTHING"

The cast for the production of "Much Ado About Nothing," which will be presented by the Edwin Booth Dramatic club of the North Dakota Agricultural college, is as follows:

- Don Pedro.....Harry Britton
- Don John.....Alfred Sorenson
- Claudio.....Bruce McKee
- Benedict.....Myron Fox
- Leonato.....Hamlet Larson
- Antonio.....Carl Lolland
- Balthazar.....Earl Yerrington
- Borachio.....Raymond Drurrie
- Conrade.....Percy Beals
- Friar Francis.....Walter Bender
- Dogberry.....Mortimer Keeley
- Seacoal.....Hugh Robinson
- Sexton.....Mr. Jahoda
- A Messenger.....Hugo Pearson
- Hiero.....Helen Lewis
- Beatrice.....Louise Fitzgerald
- Margaret.....Madeline Blake
- Ursula.....Louise Rush
- Oatcake.....Arnold Heidner

## L. OF E. HOLD MEETING.

The Lyceum of Engineers held a regular program meeting on Friday, April 21. After a short interesting program, the meeting was turned over to the initiation committee. Mr. Ernest Johnson was received into the society.

## ALUMNI

Homer Dixon spent his Easter vacation in town.

Miss Katherine Jensen is visiting her parents over Easter. Her sisters, Misses Minnie and Ada Jensen, will also be here until next Tuesday.

Margaret Keene has returned to Pembina.

Mabel Holmes has returned to Warroad.

## NEW BOOKS FOR GENERAL READING.

- "Discourse on Sarcasm".....Prof. Dolt
- "Skidoo Directory".....Registrar Parrott
- "How to Be a Goat".....Jack Gazette
- "Heart to Heart Talk with the Girls".....Mrs. Stuber
- "Love's Rosary".....Walter Marshall
- "Glimpses of the Heavenly Life"....."Buck" Carlson

# ANNUAL SENIOR BALL

## FRIDAY EVENING, MAY 5th, 1916

8:15 P. M.

A. C. ARMORY.

Tickets \$2.00.

A. C. Students and Faculty are Invited.

# THE WEEKLY SPECTRUM

The Official Publication of the Student Commission.

Published every Wednesday of the school year by the students of the North Dakota Agricultural College, at the Ulsaker Printing Co., 311-315 Broadway, Fargo, N. D.

In cases of non-delivery, change of address, or change of ads. please notify W. E. Crouch, Office on the second floor of Mechanics Art Building. Building.  
Subscription rate \$1.00 per year. Single copies 5 cents.

Entered at the Post Office of the Agricultural College, North Dakota, as second class mail matter.

### EDITORIAL

#### KEEP THE CAMPUS BEAUTIFUL.

Show your loyalty and respect for the College by keeping on the walks.

Being in a community interested in our own welfare it should not be necessary to point out the fact that keeping the campus free from crosswalks and paths is a common duty of all of us. Some of us, however, seem to forget so easily, and again some of us don't seem to care. Anything and any old way, just so we suit our own conveniences, and show our independence, regardless of how someone else might feel about it, and what is for the common good of all. In a slapshod fashion we follow the path of least resistance, knowing perfectly well that observing a few rules, showing some small sign of discipline and common sense courtesy would not only improve our surroundings, but ourselves as well.

In past years it has been the policy of those in charge of the campus grounds to see that everybody kept on the walks, and that by-paths were not allowed to prosper. Signs and other devices have been resorted to in order to call the attention of the students and others to the fact that sidewalks have been put down in order to facilitate pedestrians, and not only to look at. But, of course, we know the result. Some people have such a surplus of defiance, that such a "sign" becomes a thorn in the flesh and is made to read "Kick me over, I am an obstructor of freedom," and so we have had a panorama of "Kreuz and Quer" rolled up before us by the end of the spring term,—not only worthy of no praise but outright objectionable.

Now, fellow students, let us see what we can do this year. Let us prove to the faculty and to ourselves that we are men and women, not children who must be shown. Let us all join hands in adding our individual and collective share to the betterment and beautifying of our college.

All too much has our college suffered in the past from, variously selfish ambitions of individuals, and a heart-sickening lack of co-operation. It is a sorry story, but better times are at hand. The purpose of the student commission is to promote student enterprises and to represent the student body. Its duties are varied and important. It is an investigator of better systems and methods for our college activities. The opportunities of the commission are as boundless as the sweep of our majestic prairies. In this growing college of ours there is no limit to what it may accomplish in developing and promoting a superior form of college life.

But the bigger, better A. C. can never become a reality until it has become an ideal in the minds and in the hearts of every live A. C. student. The A. C. of our dreams is to be an A. C. in which everyone shall have the largest opportunity to realize his utmost possibilities, to "make the most of himself."

It is the personal business of every loyal student to help in some definite way to bring in the bigger, better A. C. that is to be. If you have at least an ounce of college spirit within your carcass you should show your attitude by being present at the commission meeting on May 1.

### Locals

Prof. Minard was invited to talk at Minot this week in connection with the Shakespearean celebration. However, he will not be able to accept on account of illness.

The Twenty-Second Annual Banquet and Reunion of the New England Society of Fargo, will be held on next Friday evening, April 28, at the Moorhead Normal. A few members of the faculty of the A. C. are members of the society.

Curran Rourke, who is visiting in Florida, will be back in Fargo about the middle of May. Mr. Rourke seems to like Florida.

At the meeting of the Polytechnic society tonight, Dr. H. L. White of the college faculty will speak. His subject will be on research work of the Mellan Institute. Prof. B. L. Smith of the Fargo high school, will lead the discussion.

Mr. Fred Birch, a former A. C. graduate visited the college last week. He is the proud father of a baby girl. Mr. Birch is a member of the Birch & Son's Construction Co. He graduated in 1906.

The Rotary Club, a new organization of the college, will hold a meeting tonight at the Gardner hotel. A prominent business man will address the organization.

Sid Henderson and Bill Withrow, members of the Carleton College Glee Club, were visitors on the cam-

pus Saturday. Both played on the Carleton College football team last fall.

#### AN EXPERIENCE IN CANADA.

The following story was handed in by Ralph Erick, a freshman in the Agricultural and Manual Training high school:

One nice autumn morning after I had finished my work, I was trying to decide how I should pass away the long-lived day. Finally I made up my mind to go to town to get some provisions and also to get my mail. It was about twenty miles to town; so I hurried to get ready as it would take me all day to make the trip. Having no buggy and having broken my wagon, I had to hitch my horse to an old stone boat. It was not very pleasant riding on a stone boat; but I had made the first ten miles all right, when, suddenly, I heard a sharp yelp behind me. Looking back, I saw a large, grey wolf about a mile behind. I whipped up my horse and made him go as fast as he could. I knew the wolf was following me because his yelp kept getting closer and closer. All this time I was whipping my horse, hoping, if possible, to get to town before the wolf caught up. This was useless, however, because the wolf kept gaining so rapidly that in a little while he was so close behind me that I could feel his breath on my neck. Instinctively I knew he was about to make the fatal leap at me, and I dodged just as he jumped and lit on the horse's back. I kept whipping the horse and he kept going until finally the wolf had eaten him all up. Nothing was left except the harness,

which the wolf jumped into; and I drove him into town.

The Delta Phi Beta sorority have just received from the press the series of cook books written and compiled by themselves. The set is complete in six volumes and contains only the choicest selections of tried and approved recipes selected and compiled by the Delta Phi Beta sorority. The contents by volumes are meats and meat substitutes, cakes, cookies and quick breads, college girl specials, salads, vegetables and vegetable soups, and desserts.

Each volume is complete in itself, while all of them together are so varied in subject and broad in scope that they form the basis of a liberal education in the science of cooking. This is a noticeable edition of such a work because of its completeness, appearance and excellence of manufacture. Other cook books have come and gone but the Delta Phi Beta cook books are here to stay.

#### Statement of Receipts and Expenditures of the Y. W. C. A. for 1915-16.

| Receipts   |                 |

ROSILLA LADD,  
Treasurer.

#### MEETING OF STUDENT COMMISSION APRIL 17TH.

Meeting called to order at 7:05 p. m.  
Absent member, M. Bachman.  
Commissioner of Finance submitted tentative suggestions regarding the auditing of student finances. General discussion followed regarding above suggestions.  
Suggestions were made as to what means the commission could inaugurate to establish more of a social spirit in the college classes.  
Discussion regarding the establishment of a point system, limiting the amount of work outside of the regular college curriculum that a student can enter.  
The matter of compiling a calendar of social events for the college student activities and subject to the approval of the student commission was taken up, as presented by the Com. of Social Affairs.  
Moved and seconded that the bill of \$4.20 for Agassiz cut be allowed. Carried.  
Adjourned until Monday, April 24th.

Three hundred and seventy dollars in prizes are being offered in the fifth acre yield corn contest to be conducted by the extension department of the North Dakota Agricultural college.

### Library Notes

The following books have been cataloged at the library:  
Bartholmew, J. G.—A literary and historical atlas of Africa and Australasia.  
Bartholmew, J. G.—A literary and historical atlas of Asia.  
Bennett, Arnold—Mental efficiency.  
Blachley, W. S.—The coleoptera or beetles known to occur in Indiana.  
Carver, T. N.—Selected readings in rural economics. 1916.  
Clifford, W. G.—Building your business by mail. 1914.  
Collier, Price—England and the English. 1914.  
Cunliffe, J. W. and Lomer, Gerhard R.—Writing to day. 1915.  
Haldane, J. S.—Mechanism, life and personality. 1916.  
Haynes, E. S.—The belief in personal immortality. 1913.  
Hazelton, G. C. & Berimo—The yellow jacket. 1913.  
Holland, W. J.—The butterfly book. 1914.  
Leake, Albert H.—The means and methods of agricultural education. 1915.  
Lindsay, A. A.—Daily life psychology.

Lucretius—Lucretius on the nature of things. 1913.  
Marshall, F. R.—Breeding farm animals. 1911.  
Mendel, L. B.—Changes in the food supply and their relation to nutrition. 1916.  
Mill, John Stuart—On liberty.  
Morgan, T. H.—The mechanism of Mendelian heredity. 1915.  
O'Kane, W. C.—Injurious insects. 1915.  
Patrick, G. T. W.—The psychology of relaxation. 1916.  
Pearson, Karl—The grammar of science. 1911.  
Richards, W. A. & North, H. B.—Cement testing. 1912.

# North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the North-West.

### THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry  
General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery —  
Architecture — Architectural Engineering — Chemical Engineering.  
These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training

### THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in — Agriculture — Mechanic Arts — General Science — Rural Teachers.

### SPECIAL COURSES

Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery

THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, zoology, literature, mathematics, and engineering subjects.

Graduates from approved High Schools are admitted to Freshman Class. Board and Room \$4.75 to \$5.00 per week.

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS.—FALL TERM BEGAN SEPTEMBER 21 — INDUSTRIAL COURSES BEGIN OCTOBER 11

## Aggies Win First Game Of Schedule 10-3

### CONCORDIA PROVES AN EASY VICTIM TO THORFINSON'S TWISTERS—ONLY SEVEN INNINGS PLAYED.

A small sized crowd watched the opening game of the A. C. schedule which ended victoriously for the wearers of N. D. The Agricultural College band played a few pieces to show the team that they had a little backing.

This is the first appearance of the A. C. team under Coach Davis' coaching and if the team improves on half as much more as they have so far, there will be some mighty fine games this season.

The day was anything but an ideal baseball day. Thorfinson being an icelander, did not mind the cold, and as a result he got 13 strike-outs and didn't even open up.

The game was called at 4:40 p. m. by Umpire Coach Doseff of Fargo College. Seven innings was decided upon as the length of the game.

The Game by innings:

|  |                     |
|--|---------------------|
| R. H. E.   |                     |
| Con. C.  | 0 0 3 0 0 0—10 10 7 |
| A. C.  | 0 2 3 0 2 3 x—3 3 2 |
| Batteries—Thorfinson and Crawford; Peterson and Jenner.  |                     |
| Strike-outs—Thorfinson, 13; Peterson, 1. Base on balls—Off Thorfinson, 2; off Peterson, 2. Hit by pitched balls—By Peterson, 2. Sacrifice hits—Concordia, 1; A. C., 5. Umpire—Coach Doseff of Fargo College. |                     |

|                      |            |
|----------------------|------------|
| Box Score            |            |
| Agricultural College |            |

### Baseball and Track Managers

## NOTICE!

There will be a meeting of the class managers in Coach Davis' office on Thursday afternoon at 4:30. If you want to be entered see that your manager is present.

The plans for an interclass baseball series and track meet is gradually taking form. So far there are five class teams entered: Seniors, Juniors, Sophomores, Freshmen, and High School.

The Seniors are the favorites and a very strong team is anticipated. The Freshmen are considered the next best in the race owing to their numbers. The high school are practicing daily and expect to turn out a strong team. The enthusiasm shown by the Juniors and Sophomores assures us that they will be strong contenders for the championship.

So far the arrangements are for eight games of ball for each team. This means that each team will meet every other team twice. The first game will be played on May 6 and the last on May 20. This will then give plenty time for track and final examinations.

All the members of the different classes who wish to try out for baseball or who intend to enter for the track meet should hand their name in to their class manager before Thursday noon. This information is necessary for the meeting of the managers.

## Intercollegiate

The outline for the Oregon pageant to be given as a part of commencement is now complete, according to Dr. E. S. Bates, the producer. Most of the characters to take part have been chosen and rehearsals will begin after spring vacation. Some of the lyrics will have to be recomposed because it was impossible to get music for them. Music composed by Cadman has been selected for a lyric written by Grace Edgington. It is the "Lament of Freedom," and will be sung by the girls' glee club and Freedom.

Beloit, Wis., April 15.—The Grinnell negative debating team was awarded a unanimous decision in the debate with Beloit College of Wisconsin, held at Beloit last night.

The question for the debate was, "Resolved, That a Minimum Wage Law Should Be Applied to Factories, Workshops (including sweatshops), and Department Stores in the Various States." This is the question on which Grinnell debated Coe and Cornell in the triangular, held March 11.

The sailor who "sat on his chest" has nothing on a girl in one of the education classes who, 'tis said, can comb her hair with her spinal column.

No matter how proud the soldiers in Mexico are of having the U. S. government behind them they cannot help wishing perhaps, that it wasn't so far behind as it is.

O. A. C.: Inspecting bridges, highways, substations, power plants and dredges will be the program of the senior engineers for the latter part of next week.

Oberlin may now claim to be the richest college in the world, owing to an endowment of the modest sum of \$300,000,000. The alumnus who made the gift became rich through extracting aluminum from its ores.

Pennsylvania State college offers six \$600 fellowships to men and women college graduates. Holders will be required to spend a limited number of hours in classrooms or laboratory.

The Harvard University baseball team took a fall out of the world championship Red Sox in their game last week. The college men scored one tally and held the big leaguers to a zero score. Gregg and Marty Mohale, big league hurlers of several years experience, were on the firing line for the professionals, which makes the victory all the more pleasing to the collegians.

A letter by a South Dakota university student advocates what is called surprise holidays; these holidays to be taken once or twice a month on fine days, when the student feels a need of it; each holiday to come as an entire surprise both to the student and the faculty. Thus, instead of an Easter vacation of perhaps eight days, each student be permitted to take surprise vacations of a day at a time until the time that would be given for spring vacation is used. It occurs to us that this system might be well come at several places especially at this time of the year.

The Grinnell Girls' Glee club has just completed a tour of two weeks, visiting eleven towns in Iowa.

The Columbia University faculty has issued an edict that no co-ed may dance in a skirt that does not reach within ten inches from the ground; also that "something more than the grace of God and a rose" must secure her shoulder straps.

The S. D. State College Y. M. C. A. has gotten out a sixteen-page edition which shows lots of work and thought and is a credit to the journalistic abilities of any organization.

Three years of college training, according to Dr. Karl T. Waugh, head of the department of psychology of Beloit College, will do this for a young person:

- Increase his amount of information 44.7 per cent.
- Increase his general mental standing in class work 19 per cent.
- Increase his speed in learning 11 per cent.

Harvard has ordered an Aero Corps under the military department of that institution. Its purpose is to train men for the service with the United States army or navy.

"One hair on the head is worth ten in the butter," remarked the pure food inspector as she jotted "65 per cent" for the cafe.

Barber: "May I brush you off?"  
U. Prep: "Nope, never mind; I'll walk out in the usual manner."

"I read in the paper the other day, that a mosquito was seen weeping."  
"Pooh, that's nothing; who hasn't seen a moth ball?"

"When did the prodigal son return?"  
"In th' winter."  
"What makes you think that?"  
"Because there must have been ice on the ground; the Bible says that when his father came to meet him he fell on his neck."

The Meanest Man in the World  
The prof who needs his notes when delivering a lecture to his class and then has the nerve to expect a student to give all that is in those notes when he asks for the main points, on an examination.

Of course you mustn't think that there are any of this type in our institution, but there are one or two who take special delight in flunking a vast majority.

### HINTS TO CANOEISTS

Now that the cold weather has come canoeists will please be more tender of other's feelings by swimming out after the boat and bringing it to shore instead of leaving it in the middle of the pond, whenever it happens to capsize. Hereafter, when the canoe is seen floating upside down, it will be taken for granted that you have been unable to reach shore and you will be promptly dragged.

Ladies, too, are requested not to bat the gentlemen over the head with the paddle. Two paddles of some value and one head have been broken already. It is suggested to some of the fair navigators that henceforth

on disembarking, they get out and wade to shore to avoid breaking thru the dock which is a gem of great structural beauty.

Freshmen caught in the act of gnawing holes in the boat will not only be drowned, but will be forced to sit on the leak whenever the boat is in use. Hereafter users of the scow, on finding themselves suddenly detained in mid-stream, will please refrain from kicking holes in the boat as punishment for its being obstinate. Look over the side and see if you are not stuck in the mud. If you lean far enough you undoubtedly will be.

Lastly, lone occupants are cautioned against acquiring the vicious habit of cruising up and down in front of the auditorium. Even tho

you be a pretty paddler it isn't fair to the girls to paddle up and down with an empty boat.

Abee See: "Hey, you, how much is nine times thirteen?"  
Exwy Zee: "A undred an' seven-teen—can't you do that?"  
Abee See: "Eventually, of course, but fools multiply rapidly."

Bunn: "Talkin' of jokes—Si got off one the other day."  
Bis Kitt: "Wot was it?"  
Bunn: "He sat on a tack."

Dunquo: "If you was in my shoes, what would you do, write or wait?"  
Denlo: "Neither—I'd go get a shine at onct!"

Miss Lylith Rusk spent Thursday night in the dormitory. So did Maizie Gillmore and of course the proctors and matron were kept busy.

Miss Myrtle Waechter attended an Eta Chi Omega sorority meeting Friday night at Miss Bea Guinness' and a U et A fraternity party at the Pollock home Saturday evening.

Mr. Stanley Abbott took dinner at the dormitory Tuesday noon with a few of his girl friends.

Miss Mary Radcliffe came in from Leonard Friday evening to spend several days with Marion Brainerd and Ivy Waechter.

Glady's Plath went to Casselton Saturday morning to visit with her aunt until Sunday evening.

Miss Pearl Forslof took Sunday dinner with Miss May O'Keefe of this city.

Master Douglas Gilger had Sunday dinner with Mrs. Sherman.

Thursday evening a pleasant little party took supper in the home economics department. The Misses Kellogg, Engle and Ferguson entertained the Messrs. Frojen, Marshall and Roberts to a real box from home.

Dorothy Price was a pretty sick patient in the dormitory Friday afternoon.

Mrs. P. D. Gilger and two little daughters, Elizabeth and Margaret, spent the afternoon and took supper with Mrs. Sherman and Agnes Hutchinson Saturday.

Mr. R. R. Brownlee spent Wednesday evening with his daughter, Lucy.

The large davenport that used to be in the parlor is now being overhauled and having new springs added. It was sadly in need of repairing.

This being the last term of the year, the girls are planning on giving another dance. The two preceding parties were such a success that one more will be quite a treat.

Mrs. Rupert spent Thursday afternoon and evening at Mrs. Houghton's home on the south side.

Miss Eliza Clough spent a night last week in the dormitory with Miss Lucile Stuart.

I know Lucy doesn't know what she does know!

It is very sad to relate but Victor Erickson could not visit Agnes Sunday because he had arranged otherwise (?).

Ask Glady why she ran home so quickly Friday night when she had planned to take Oline Berg home from the car line.

Lucy Brownlee went home Friday to spend Saturday and Sunday.

Liela and Ruth Nelson were two of the many guests at the home of Mr. and Mrs. Tibert Saturday evening. The occasion was in honor of Miss Alice Tibert, who is home on her Easter vacation.

Miss Marion Risk of LaMoure, visited with Miss Agnes Hutchinson Saturday afternoon.

Miss Olsa Schmidt, a former graduate of the A. M. F. H. S., is visiting at the dormitory several days. She expects to attend the Dakota Business college for the rest of the year.

Mrs. Brainard visited with her daughter, Marion, Saturday.

Miss Gladys Plath went to her home Friday to spend the week end.

Cecil Manikowski entertained Mr. Thordasson at dinner Sunday. (This is no joke.)

Katherine Ladd, Dorothy Smith and Virginia Ladd called on Cecil Saturday morning.

Wednesday evening Myrtle and Ivy Waechter gave a spread to 15 girls of the dormitory. The occasion was in honor of Miss Loah Frost of Ohio.

Ruth Brown, who is teaching at Fessenden, is home for a week.

Mable Holmes, who is spending a week at his home, is located at Warroad, Minn.

Dean Mendenhall spent a few days around school.

Amy Whitman returned to Pembina after spending her spring vacation in Fargo.

Show your school spirit by keeping off the grass.

Help do away with the cowpath.

Can we not have a better looking campus than the U? The have cowpaths—we should know better.

Set an example by using the sidewalks yourself.

As you all know the A. C. is to take part in the Shakespearean Festival "Much Ado About Nothing," and is also planning to be represented in the monster parade on Saturday afternoon.

A committee, working under the direction of Miss Simmons has charge of the work, and with the aid of the students it hoped to make the affair a grand success.

A number of students are needed, and any desiring to be in the parade, are requested to hand their names to Elvira Rasmussen.

**SPECTRUM STAFF.**

Now, don't you wish you were on the Spectrum staff? WHY? Well just this, the staff are going to have a series of spreads. What for? Oh, we wouldn't think of telling, but it's all for the cause, anyway. We shall talk business, of course, but then who can't eat and talk at the same time?

**WE WILL FIT YOU WITH CORRECT GLASSES**

Most people do not know that correctly fitted glasses not only give you "Better Sight," but they also "preserve" your sight.

If you have trouble with your eyes, or objects don't look clear to you, better come in and have your eyes tested. You may be wearing away your sight and not know it—later it may be too late.

We are experts in this work and will serve you honestly in goods and prices.
