Agricultural College Takes 1916 State Championship By Winning First Game From University AGGIES WIN 18 STRAIGHT VICTORIES

2000 people filled the Armory at the Agricultural College and saw the University of North Dakota go down to defeat before the greatest basketball quint ever produced in the Northwest.

Three of the greatest athletes ever developed in the Northwest played their last game of basketball for the Yellow and Green; they are McKee, Bolsinger, and McQuillan.

The game was the cleanest and hardest fought of any basketball game played between the rival institutions. The crowds on the side lines did not interfere with any of the players as happened in the previous game.

McKee scored the first count for the Aggies in less than one minute of playing. Hauser soon followed with another. A foul was then called on Stevenson and Movold scored the free throw making the score 5 to 0 in favor of the Aggies.

The second half opened with the same lineup. Movold made the first basket of this half. Hauser and McKee kept the score keepers busy, making the score 20 to 12.

Stevenson and Johnson started for the visitors while McKee was the point gainer for the A. C. Lineup and Summary: A. C. U. N. D. McKee f. Skretting

Free throws—Movold 2 out of 3 chances. U. N. D. field baskets—Skretting, 2; Stevenson, 5; Lowe, 2.

Free throws—Stevenson, four out of six chances. Fouls—McKee, personal; Movold, technical; Hauser, 3 personals; Bolsinger, 1 personal; and Stevenson, 2 personals and 1 technical.

Revised Constitution To Be Considered Fri.

For a long time there has been a feeling that the Constitution of the Student Commission as adopted a year ago was inadequate to serve the needs of the student body.

The revised constitution provides, among other things, that all bona fide students who have been in attendance at A. C. for at least four and one half months are given the right to vote.

One important change will be put into effect if the revised constitution, which has been unanimously adopted by the commission, is accepted by the student body.

The revised constitution will be presented to the student body for its approval next Friday, March 10. However, ONLY STUDENTS OF COLLEGIATE RANK ARE ELIGIBLE TO VOTE at this time.

HERE IS TO THE TEAM

The members of the basket ball team have just completed a season for which they may well be proud. They have played eighteen games and have won these eighteen games—every last one of them.

Through the entire season the games have been of the highest calibre and it would have been impossible for any team to put up the exhibition of basket ball that was seen in nearly every game here this year.

During the entire season there was not one symptom of bigheadedness or "I'm the Guy" spirit manifested. This is remarkable considering the list of wins and the teams played during the season even if it is a college team.

It does not seem unreasonable, doubly so when three of the five members of the team graduate this year, that the students should manifest some degree of appreciation of the splendid work that the team has done this year.

There seems to be some talk of a game with Carleton to settle beyond dispute the conference title. Altho this may be played on a neutral floor the bunch will be back of the team and will be there whether the team wins or loses.

Altho three men graduate this year and some of the regular substitutes, there will be a nucleus left around which can be built a strong team for the next years champions—for which we are thankful.

The efficient schedule is also to be commended, and there certainly can be no criticisms brought forth.

Here is to the best basket ball team and the best basket ball season that the A. C. ever saw.

HERE'S TO THE SHORT ONES

We cannot see why certain local papers apparently disinterested in the recent trouble should so far lower their reputation as to make uncalled for remarks thru the editorial columns of their paper.

This does not apply to the one local paper alone, there are some of them scattered thru the state which from influences not directly under their own roof have printed uncalled for and apparently unfounded preparations. This does not tend to better their own paper nor to enlarge upon their subscription list.

It is to be deplored more so, especially when it comes from a paper which is doing business in Fargo and which claims to represent the best interests of Fargo people and which should take an interest in one of the biggest institutions in or about the city and one that benefits Fargo people more than any other thing which is located in its near proximity.

When they made personal jabs at certain leaders of the movement—one who new his own views and was able to come to some conclusions, in his own mind at least—it seems impossible that they should have the best interests of the people of the city at heart, to say nothing of the state.

The little things are the ones that count, however, and the recent case was no exception. It seems that they have come to a conclusion, in a satirical way, after the trouble is over—like a race horse without a driver.

Of the their purposes is the extermination of certain interests which have been extinct in the locality in which it operates for a goodly length of time. In order to carry out their afore sworn purpose it would be necessary to move to other states. We refer you to the race horse.

As far as can be found out the authorities of the college have extended every privilege possible to them—their reporters have been given all respect that is possible and speakers from their staff have given addresses before the student and faculty body.

Let's bury the axe and get acquainted. This kind of stone rolling is the kind that comes back to hit the writer on his own shins and is not pro-

ductive when it comes to chasing the fifty-cent piece. They certainly cannot be representing the best interests of the City of Fargo. Nuff sed!

THE FIRE OF YOUTH

Certain interests should be careful how they arouse "the fire of youth." It may be that this fire may be aroused in their direction to their own detriment. This would not be nice.

WELCOME PRESIDENT LADD

The Spectrum staff believes it is expressing the sentiments of the entire student body when we welcome President Ladd. He is not a stranger to us, having been here before any of us ever thought of coming.

HOW ABOUT IT ?

The basket ball team of A. C. have established a new record in the Conference. Eighteen consecutive games won! Of course every student appreciates the work and record of those men who have performed this feat, but why not show it?

PRES. E. F. LADD MAKES FIRST APPEARANCE IN CHAPEL— COMMISSION PRESENTS NEW CONSTITUTION TO STUDENT BODY

President E. F. Ladd made his first appearance as "Prexy" at convocation Monday. His remarks were in the nature of an outline of the policy of the school. His first remarks were based on the necessity of the raising of the general average of the student body in their class work.

Along this same line there were some pertinent bits of advice given. The students were shown the necessity of forming right habits during the period of their student days as the habits formed here will make or break the future.

President Ladd also read the communication from the Board of Regents which informed him of his election as President. It stated that the election had been unanimous and expressed the hope that it would dispel the idea that "Big Business" was aiming to control the affairs of the School.

President Ladd stated emphatically that so long as he had anything to do with the affairs of A. C., "Big Business" or little business would have no say as to how the School was run.

At the conclusion of this address, President Alexander of the Commission and William Mendenhall spoke of the "Revised Constitution." The main point emphasized was that of the student activity fee, which will go into effect next Fall.

Agricultural High School Swamps Fargo High By Score of 32 to 14

The "Preps" played their speediest game against the Fargo High quint and ran entirely away from them. The game was played at the Agassiz gymnasium before a good crowd of Fargo High rooters.

The first half ended disastrously for the Midgets. They received only one point and that being made on a free throw, while Mac's warriors registered 25 points. In the second half Coach McQuillan sent in most of his substitutes and won the game by a score of 32 to 14.

F. Mares and Loftus featured in the basket shooting for the 'Preps.'

Aggies Props Run Away From Model High 28 to 5

In a preliminary game to the A. C.—U. N. D. contest, the High school had everything their own way and defeated the Model High from the 'U' by a score of 28 to 5. Two weeks ago the 'Preps' defeated the Model High at Grand Forks in a close game of 17 to 16.

Fargo College Given Second Trimming

AGGIES TAKE GAME 25 TO 17.

The North Dakota Agricultural College defeated its old rival, for the second time this season, at the Fargo College gymnasium in a hard fought game by a score of 25—17. At every pause during the game the

Colleges cheered the teams on. The Aggie squad was the first to appear on the floor and were greeted by the A. C. rooters. When Fargo College appeared on the floor, they were given a hearty yell by the A. C. rooters and then by the supporters of F. C. McKee, McQuillan and Bolsinger were all given yells by the Fargo College rooters as this was the last appearance of these men on the F. C. floor in basketball.

The game was called at 8:20 with the gym filled to its greatest capacity. Bolsinger started the firework by shooting a basket from the first tip off and from behind the center ring. A technical was called on McKee by it was missed by Keye. Hauser was given a personal and Keye made his free throw good making the score 2 to 1. Movold put in two counters and Overby followed with the first field basket for F. C. making the score 6 to 3. The Aggies then took the lead. The half ended 13 to 9.

The same lineup was used in the second half as in the first. McQuillan started the half with a pretty basket. Stine and Overby followed with one each making the score 15 to 13 with the Aggies two points in the lead. Fargo College rooters went wild but soon returned when "Dutch" Hauser slipped on through the net, only to be followed by another from McKee which put the game out of reach of Fargo College.

Washington.
In the tryouts held Tuesday afternoon the wrestlers were chosen who will represent O. A. C. in the meet to be held with U. of O. grapplers on Saturday night, at Eugene.
The coming meet will consist of six matches in the following weight divisions: 115, 125, 135, 145, 158 and 175 pounds.

An International Debate.
International relations in debate have been established by the University of Washington. A challenge was hung down the Sound recently by the newly established university of British Columbia, and Washington accepted. The contest will be dual, one team representing each university abroad and one at home.

The Washington State College rifle team, national college champions in 1915 and at present tied for the honor this year, set a new record for the series this week by shooting ten perfect scores. Not only will the five-man team be credited with a possible 1000 points but, if the ten scores are counted, as has been urged recently by other teams, the W. S. C. men will still have a perfect total, the first time in the present championship series that such has been the case with any of the 40 teams.

One of the most artistic as well as one of the most interesting plays seen at the Auditorium, was "The Yellow Jacket". It is simply impossible to describe the play, for the costuming, the music, the properties, the general ensemble were wonderful. It was as truly Chinese as one could imagine, and that created its charm. The players interpreted their parts well, their enunciation volume of voice exceptional. Mr. Coburn addressed the students in the Little Country Theatre on Friday afternoon.
