Every college student needs one. You need it first for your own work. And if you wish, you can make a nice income from it by doing work for others. Every student knows this. "I wish I had a typewriter," is what students say every day.

That's easy; easier than you think. We have made it easy by our

Juniors	3	3	500
Short Course	2	3	400
Power Machinery	1	4	200
Seniors	0	6	000

There are seven games in all to be played. The entire schedule is expected to be played by March 8th. The two teams in the lead at that time, will play three games for the championship of the classes.

The "Pups" have been going exceedingly well this year owing to their superior teamwork.

The Freshmen are giving all opponents a hard game, and expect to be in the finals.

The Sophomores have a very fast team and no doubt would be at the head if they had not lost three of their players who are now with the first squad. The Sophs have lost only one game on the floor, the other game being a forfeit as they failed to appear.

The Farm Husbandry team started out as whirlwinds but the vaccination of most of their players is proving rather hard on them, and it is doubtful if they will get into the finals.

The juniors have one of the best teams on the schedule, but very seldom the entire team is present and therefore the team work is not the best.

The Short Course has some very good material but lack experience, and have never played together, which made a poor beginning for them. They now have one of the fastest teams but are a little late in starting.

The team of the Power Machinery are having a lot of hard luck but fighting all the time.

The team of the Seniors is composed of one man and all have been forfeited.

The remaining games are few and the finals will most likely be played by the High School, Freshmen, and Sophomores. The Freshmen and Sophomores will most likely be tried for second place.

Be it further resolved, that we desire that the college be re-organized according to the plan submitted by President Worst and seemingly approved by the board.

Further, we believe that in fairness to President Worst he should be allowed to remain as president of the entire institution, invested with the powers granted him by virtue of his position and upheld by the law, so that when he does resign he can

ALUMNI
Students of the Agricultural College as well as graduates will be pleased to hear that Agnes Halland '11, has received a position as assistant professor of Home Economics, at the South Dakota College of Agriculture, located at Brookings. SOCIETY
During the first of this term, the Young Women's Christian Association fortunately secured the services of Miss H. Sullivan to organize a club amongst the short course girls. The club is well organized with the following officers:

Pres. Miss Waterbury,
Vice-Pres. Miss Peterson,
Sec. and treas. Miss Hansen.

The organization drew up their constitution and chose as the name of their organization the "Jessie Field Society". This is to be a permanent organization at the A. C. for the short course girls. The nature of the work of this society is literary, social and social service. The time of meeting is 4:30 p. m. on Monday of every week.

The girls have had some very interesting programs. At their last meeting, Prof. E. F. Ladd gave a very instructive and practical talk.

HIGH SCHOOL PARTY.
The second annual High School party will be given at the Armory, Friday evening March 3, 1916. Committees have been appointed from all of the classes to arrange for the entertainment decorations and refreshments. All committees are working hard to put on the best entertainment possible. It has been decided in meetings held by the different classes that each high school student may invite one friend.

This is the only gathering of all the high school students during the year, therefore we urge every one to come and help make the party a success.

A full house greeted the Band boys at the Ware Auditorium last night after they returned from a successful tour thru Iowa, South Dakota, and Minnesota. The tour this year was one of the most extensive tours in the history of the organization, covering a period of fifteen days including twenty-three concerts. In every respect the Band made a hit. The press comments are all unanimous in according the Band the highest praise.
