

New Board of Regents Now In Session

Report Will Not Be Published Until
June of This Year.

The Board of Regents of the State of North Dakota are in session at the College this week. The meetings opened on Monday, and, according to plans, will extend over four days.

In addition to the Board, the Committee appointed to make the Survey of the Educational Institutions of the state, are here to make a preliminary report of their work. This Committee is composed of Mr. Craighhead, Prof. Coffman of the U. of Minnesota and Dr. W. T. Banden of Washington, D. C.

Monday was spent in conferring with President Worst, Director Cooper, President McVey, of the University, and President McFarland, President Hillier of Valley City and Mayville Normals respectively, and the President of Minot Normal. On Tuesday, the Presidents of Wahpeton Science School, the School of Forestry at Bottineau, and the Industrial School at Ellendale were met.

Wednesday members of both the Board and the committee on the educational survey will be the speakers at a special Convocation, at which all the faculty and students are expected to be present.

Large Orchestra Rehearsal Held on Thursday

The orchestra rehearsal of last week was very gratifying to those in charge. The largest number that have appeared at any practice so far this year were present. Still there is need of a few more strings in order to balance up the parts. There must be a few individuals around the campus who play the violin who have not yet made this fact known. There is good practice in it for you as well as the satisfaction of building up the College orchestra. If you have any aspirations along this line, let them be known, or come to the Music Hall at 4:30 tomorrow afternoon. Grain Growers.

Prospect For Band Boys Look Good

CIRCUIT BEING ARRANGED FOR
VACATION BETWEEN SPRING
AND WINTER TERMS.

Those in charge of the destinies of the Band are pretty busy at this time. The one big subject confronting them is that of a trip. As yet nothing definite has been done but the prospects are more than good for one of the best trips ever taken by the Cadet Band.

As said before, nothing definite has been arranged, but negotiations are under way with some of the leading colleges of the Northwest for dates. The time set for this trip will undoubtedly be the vacation between the Winter and Spring terms. It is planned to have the trip cover a week. As it is outlined now, the itinerary will include the Minnesota Farm School at the Twin Cities, Iowa Agricultural College at Ames, probably Morningside at Sioux City, Nebraska A. C. at Lincoln, an afternoon concert at Omaha, and South Dakota A. C. at Brookings.

Much interest is being shown in the proposed trip and it is the hope of everyone concerned that it will materialize. Both Manager Fred Gram and Director Orr are doing their best to bring these things to pass at A. C.

Friday, Feb. 18, has been set as the date for the Annual Junior Prom. Make your plans accordingly. Of course everyone will be there. It is the one big event of the year.

Don't forget the vaudeville, after the university basket ball game, in the Little Theatre.

Watch for the Delta Phi Beta cook book.

Many Exhibits Will Be Staged In Fargo this Month

MANY DIFFERENT SHOWS AND
CONVENTIONS WILL BE HELD
IN THE AUDITORIUM AND
OTHER PLACES IN THE CITY.

The month of January and the first part of February will see a number of good exhibitions and conventions held in Fargo.

Starting with the Grain Growers Convention and Improved Seed Growers Contest, which are held from the 18th to the 22nd, the month will be filled each week then often with some exhibit, ending the 4th of February with the close of the Annual Exhibit of the N. D. S. Poultry Exhibit which is also held in the Auditorium.

The Students of the College will take an active part in most of the exhibits and conventions. During the Grain Growers Convention a special night has been set aside for the college students and a good program has been arranged for presentation by them.

The Botanical department will be well represented at the Improved Seed Growers contest, while the Poultry Show will be superintended by a college student.

It is even probable that the auto and home products show will see college students engaged in making the show a success. These exhibits will be held the week after the Annual Exhibit of the North Dakota Kennel Associations will not be held this year. A number of college students exhibited dogs there last year.

Classes Showing Basket Ball Activity

Norsks Prove Rough But Boys Get
Away with long End of Score.

The team entered the enemies' territory and brought home the ludeisk. The game was played in the new gymnasium of the college across the Red.

Nesbit made it first down for the Concordia quint. Thru out the game the Concordia put up a good fight at all times, especially during the last half. In this half the time keeper became so interested in the game that he allowed the game to go about 10 minutes overtime. The reserves on the varsity enjoyed this overtime period and made extremely good use of their time. Pete Tierny officiated.

Report of Student Commission

Special meeting of Student Commission held Jan. 17, 1916. Commissioners present Alexander, Porfiroj, Mendenhall, Slingsby, Ball, Frojen.

Report on the finances of the Spectrum for the fall term by commissioner Mendenhall.

McConnell, Alexander, and Mendenhall appointed as a committee to look into this report.

Motion to adjourn.

RHOS ENTERTAIN AGG. FRESHMEN.

Last Friday evening the Alpha Gamma Rho fraternity were at home to the members of the freshmen agg. class, about fifty freshmen were in attendance. The evening was in nature of a smoker and a good time in general. Light refreshments were served later in the evening.

Professor Weeks Writes Second Article

The December issue of the 'American Journal of Sociology' contains the second installment of Professor Weeks' article on "The Mind of The Citizen." The article deals with the control of suggestion. In the course of the article the writer proves conclusively that progress is determined by two fundamentals; innate tendencies and nurture.

The article is to be continued.

The "Survey" of January 8, also contains an article by Professor Weeks on "Challenge to Industry." Mr. Paul Kellogg editor of the "Survey" makes the following comments on the article:

This article by the head of the department of Education at the North Dakota Agricultural College points out that just as the schools are turning out the largest number of political leaders in the history of the country, industry is demanding not leaders but "mechanized intelligence". The writer thinks that men of education would be satisfied with inferior positions if the pay were better. Since their entrance into the subordinate positions of industry is inevitable he believes that unrest will grow until something of an equalization of pay is forced.

THE JUBILEE.—WHAT IS IT?—
THE 50th ANNIVERSARY OF
THE NATIONAL Y. W. C. A.

March 3rd, 1916 is the 50th anniversary of the National Young Women's Christian Association. Leading up to this great event, all the Young Women's Christian Associations thruout the land, are to observe the month of February and up to March the 3rd, with a Jubilee. This is, as the word signifies, a Jubilee for the Associations. It consists in:

Members Rally Feb. 1st.
Pioneer Days, Feb. 6-7.
Separate Activities Feb. 8-21.
"Girls of Yesterday and to-day," Feb. 22.
Days of Giving, Feb. 23-26.
Days of Consecration Feb. 27.

This program will be observed by our local Y. W. C. A. by regular meetings and occasionally special activities. Sometime thruout the Jubilee, the association will secure a speaker from the National Board, this will probably be on March 3rd. Every College girl should know what this Jubilee is and do all she can to make it a real Jubilee for our local Y. W. C. A.

Watch the Bulletin Boards for Jubilee Notices!

Girls Want Co-ed Issue

Do You? If So, Get Busy. Get
Started at Once. Last Years
Issue A decided Success.

Girls, do you want a Co-ed edition of the Spectrum this year? If so, it is up to you to get busy, and that in a hurry. A meeting called Monday met with little response, therefore a "last chance" meeting will be called Wednesday—today—noon at 12:45 in the large lecture-room on first floor of Ceres Hall. If you have any spirit left—be there. This means EVERY GIRL. Show by your presence that you are still alive.

The issue published last year was a decided success and those on the campus are looking for the edition. Girls, get busy.

BAND WELL RECEIVED AT GRAINGROWERS'.

Boys Make Good Music for The
State And Are Highly Complimented.

The Band gave a short program at the beginning of the evening session of the Annual Tri-State Grain Growers Convention last evening. From the applause, we consider that their efforts were very much appreciated. The second number on the program, High Jinks, and the short number, EasterChime s, seemed to take the audience. The following numbers were given:

March 18th Regiment, High Jinks, Easter Chimes, Arabian Nights, and London Hippodrome.

College Postoffice May Disappear

There is a probability of a change in the present system of handling the mail of the College. At a meeting with Postmaster Wilkinson of the Fargo Post Office, it was learned that the proposition of having a sub station of the Fargo Post Office here instead of the present system, was under consideration. This question has been brought up a couple of times before, when the matter of letting the contract for carrying the mail from downtown to the college has come up, but has been turned down on both occasions. Now the proposition seems to be considered favorably.

As the proposition now stands, it is probable that there will be a couple of clerks and one or more carriers. The mail will be delivered to the rooming places of the students and to the desks of the professors rather than having each and every one of the 1000 or more members of the College family call for their mail as is the case now. One of the main objects of the proposed change is the going away with the present jam that takes place in Main building each morning at 9:00.

While the change is under consideration at the present time, it will probably be some time before the change actually takes place. If it should be made, there will be two deliveries daily instead of one, and stamps, registered letters can be obtained of the substation as is now the case.

Dope Box

To the Editor:

Has it ever occurred to you that it would be a great convenience to the students if the Bookstore were to open at the same time that the regular college classes start? It has been brought very forcibly to the attention of the writer of late. In several cases that he knows of, students have had need of some text or miscellaneous supply for an eight o'clock class, but due to the fact that the store was not open, was unable to satisfactorily take care of the work of that class for that day. Surely this is not asking too much that the suggested improvement be made. The same is true in the afternoon.

The writer thinks that it would be a good idea if a column of the paper could be devoted to communications from the faculty and students body relating to conditions and matters of interest on the Campus.

Hoping that this idea is not too far-fetched, I remain
Yours truly,
A Student.

Attention! This communication is worthy of consideration, and the Spectrum suggests that the proper authorities look into the matter.

The dope box is the proper receptacle for any such matter as is suggested by the above writer.—Editor

An article from the home economics department of the A. C. entitled,—"Roasts from Tough Beef Cuts" is finding circulation thru many farm papers.

DELTA PHI BETA'S AT HOME.

Saturday afternoon the Delta Phi Beta's were at home to about fifteen guests at Dean Ladd's residence.

The afternoon entertainments consisted of progressive needlework, piano solos and conversation. Large bouquets of purple violets lent charm and sweetness to the occasion as well as soft intermittent strains of music furnished by the victrola.

About five-thirty a dainty two course lunch was served after which a short session of dance music was enjoyed.

The members and alumni of the sorority then proceeded to the armory in a body and joyfully cheered the players thruout the basket ball game.

Mrs. Bell will talk to the Y. W. C. A. girls Tuesday evening in Ceres Hall gym. at 6:45. All girls and ladies of the college are cordially invited.

CLASS MANAGERS NOTICE!

Coach Davis wishes to see
all class managers on Thursday
Afternoon at 2:30. This is of
Vital Importance and each
class must see that their manager is present.

SUBJECT UNDER CONSIDERATION MANY IN FAVOR OF PROPOSITION.

There is a probability of a change in the present system of handling the mail of the College. At a meeting with Postmaster Wilkinson of the Fargo Post Office, it was learned that the proposition of having a sub station of the Fargo Post Office here instead of the present system, was under consideration. This question has been brought up a couple of times before, when the matter of letting the contract for carrying the mail from downtown to the college has come up, but has been turned down on both occasions. Now the proposition seems to be considered favorably.

Deaconess Knox Talks at Chapel

Gives Talk on Alaska. Was Interesting and Informal. A Rare
Treat to Those Who were
Present.

At the regular chapel period Deaconess Knox lectured to the students on "Life in Alaska." The talk described in simple words the life in Alaska as it is lived by those in that country. It was decidedly interesting from the start and it was with regret that the period came to an end.

AGRICULTURAL CLUB DEFEATS THE POWER MACHINERY.

About 125 people were present at the debate last Friday night when the Agricultural Clubs represented by Laurence Erb and Ingvil Bjerkan defeated the P. M. Club represented by Joe Guss and James McLaughlin.

The question for debate was, Resolved: That Co-operative Rural Credit Banks furnish the best means yet devised for financing the farmers. The P. M. Club upheld the affirmative while the negative was defeated by the Agricultural Club.

Both sides handled the subject very well. McLaughlin starring for the affirmative while Mr. Bjerkan talk would have done credit to a more experienced debater.

Music by Industrial Course Orchestra.

JUDGES: Mr. Colley, Miss Fitzgerald and Mr. Hanaholder.

This is the second annual debate which the Agricultural Club has won from the P. M. and they will debate the winners of the High School debate, next Friday evening, sometime before spring for the supremacy of these societies.

OREGON DEBATERS ENTERTAINED BY RHOS.

During their visit at the institution the members of the Oregon debating team were entertained at the Rho house. The fraternity members were sorry that the visit could not have been longer as it was enjoyed by all of the members of the fraternity.

OFFICIAL CORRECTED PROGRAM OF TRI-STATE STOCK AND GRAIN GROWERS ASSOCIATION

J. H. WORST, President.
W. C. PALMER, Secretary.
SEVENTEENTH ANNUAL CONVENTION
Auditorium, Fargo, N. D., January 18, 19, 20, 21, 1916.

Friday Morning Session, Jan. 21, 8:30 a. m.—The Equipment of a Livestock Farm, H. R. Smith, Livestock Expert, St. Paul, Minn.

The New Agriculture—Frank Sanford (farmer), Superintendent of Farmers' Institute.

Co-operative Marketing and its Advantages, M. D. Munn, St. Paul, Minn.

Friday Afternoon Session, Jan. 21, 1:30 p. m.—Election of Officers, Dr. eReport of Committee on Nominations.

Report of Committee on Resolutions.

The Farmer and the War—Ray McKaig, (farmer), Ft. Rice, N. D.

The College and the State—President Ellwood C. Perlisho, South Dakota State College.

Arrangements For Agassiz
Pictures Should be made Now

Turn in Your Snap Shots to The Staff Photographers.—E. B. McCracken Takes Individuals.—Get Busy.

Yes there is going to be an Agassiz published this year. Dick and Sid say so and surely they ought to know. But what is there in a book of this kind that attracts your attention most? Pictures, of course. After all, as one of our Professors often tells us, we are only grown up children and the things we can see impress us more than those we read about. So the Agassiz would be of little value were it not for the pictures it contains. But we need your cooperation in this. We want a large number of individual pictures and some group pictures. Arrangements have been made with McCracken for taking these pictures so there is no need of putting it off any longer. Have your individuals taken immediately and watch the Bulletin Board for the announcement of the time for the groups. These group pictures will start this week.

Furthermore if you have, or can get a hold of, some good snapshots do so and then look up Beals or Matters. They are in the market for such merchandise.

PYTHIANS ELECT OFFICERS.
The following officers were elected at the Pythian meeting, Friday January 13th.

President, Rosalia Ladd.
Vice Pres., Elvira Rasmussen.
Secretary, Irene Haugeberg.
Treasurer, Florence Lane.

What have you on for Friday evening, Feb. 18? Nothing? Well see your young lady friend today, and have her reserve that evening for you; and then plan to take in the Annual Junior Prom. at K. C. Hall. Its the biggest social doin' of the year.

THE WEEKLY SPECTRUM

The Official Publication of the Student Commission.

PUSH! DON'T HANG ON.

Many a student in a good position to push, forgets to do so and simply hangs on. He adds his weight to the burden and "kicks" because things do not move faster. It takes less muscular energy to hang on than it does to push, but you can't get anything out of it unless you cheat somebody.

Don't attach yourself to any position or organization as a hang-on. You are never welcome and you never grow. It takes effort to induce growth to qualify for big things. If you fail to exercise and use your energy, you stagnate and become not only useless, but diseased.

Push! Push!! Push!!! Don't be satisfied unless you are pushing every pound possible.

"BACK TO THE FARM" PRESENTED AT THE LITTLE COUNTRY THEATRE.

In the first appearance of the cast for a three days engagement at the Little Country Theatre the members of the play, "Back to the Farm" scored a deciding hit. The play was given in before a large audience and was one of the most appropriate plays that has been produced for some time.

Below is the cast and program. "BACK TO THE FARM" A Play in Three Acts by Merline H. Shumway. (Courtesy University Minnesota Agricultural Extension Division).

Cast of Characters. Charles Merrill, a farmer of the old school. Arthur Schollander Merton Merrill, his son. Arthur Ellertson Mrs. Merrill, the farmer's thrifty wife. Cecil Manikowske Rose Meade, the school ma'am. Mary Gibbens Gus Anderson, the hired man. Harold Rasmussen Reuben Allen, a neighbor. Cecil Baker Mr. Ashley, lawyer and real estate agent. John Jamieson Robert Powell, a senior in law. Carl Holland Margerite Langdon, a promising society debutante. Bertha Schneider Hulda, the maid. Clara Dolve Scenes. Act I—The Merrill farm. Mid-autumn, 1906. Morning. Act II—The University of Minnesota. Five years later. At the fraternity ball. Act III—Morton's study at the Merrill farm. Two years later. Morning.

"Y" MEN MEAT AT CERES.

At a banquet and meeting of the Y. M. C. A. last Thursday evening the members of the Association held one of the largest meetings ever held in the history of the organization. About 100 men were in attendance and a discussion was held in regards to the coming laymens meeting.

IS THE TEAM OVER CONFIDENT?

Lets hope not. However, at the start of the Wahpeton game they seemed to show unmistakable signs in that direction. The lead that the Scientists piled up in the first few minutes of play certainly did not look encouraging. The team will have a little tough meat to chew on the trip and—a word to the wise is sufficient.

THE HESPERIAN LITERARY SOCIETY.

held their regular meeting on Friday evening. A brief program was given and four new members were initiated. The Society then adjourned to the Little Country Theatre and attended the debate between the Power Machinery and Farm Husbandry teams.

SPORT SQUIBS.

Harold Thomas has been elected captain of the Fargo College quint for the season. Thomas holds down the position of center and will be seen in action on Feb. 15.

Kenneyburg had an attack of the la grippe and was unable to appear in uniform Saturday night.

Hereafter McQuillion will be known as "Feby Mac" having proven his ability to use his left in the Concordia game.

Coach Davis says that Happy Peterson would make an ideal basket ball player if he was not so timid.

Last week Houser's name was spelled HOWITZER, but you can't blame us for the mistake as the accuracy and effect of his shooting resembled a "42 centimeter" and we took for granted it was a German Howitzer.

Ladd took some flashlight pictures of some of the members of the squad. Dutch Hauser and Movold were to have one taken together. When the flash came Movold thought it was a "42 centimeter" and retreated to the closet in Coach Davis' office. Coach Davis had to explain Houser was Houser and not Howitzer before Curly could be gotten out.

The next game to be played will be with the Wahpeton Indians at the A. C. Armory on Thursday, Jan. 20. Reports reach us that the Indians have a fast and strong team, and a good game is assured.

Happy Peterson failed to appear in uniform Saturday night. He calms he had a cold but some say that he did not want his thumb bitten by "Buck" as happened once before.

Many people have asked where the A. C. Band is, as it has not made an appearance at any of the Basket Ball games.

PENNSYLVANIA

Fraternities at the University of Pennsylvania and a large number of boarding houses have joined the Consumers' league. The plan is to purchase all goods ordered by the members direct from the farmer, who delivers them direct to the purchaser. By this methods the profits to the commission merchant, the middleman and the retailer are eliminated. The association will establish headquarters in west Philadelphia.

BUILD A SILO and when you do make it THE PLAYFORD "King Among Silos" Sold by FARGO SILO CO. FARGO, NORTH DAKOTA

MANY a mountain o' trouble turns out to be a mole hill after all, when viewed ca'mly through the haze o' pipe smoke.

Velvet Joe

CERES HALL

Wednesday evening the president of the house committee called a meeting of all the girls in the parlors. The rules of the house were read to the new girls and next Wednesday night there will be an election of officers.

Miss Brownly entered the dormitory Monday and is rooming with Gladys Plath.

Mrs. Sherman gave a "tea" Wednesday night to a few of her girl friends.

Miss Desdemons Archibald went to her home at the Country Club over Saturday.

Miss Oline Bailey, a former student of the college, expects to return to visit old friends for a week or so. Marion and Ivy are planning on some exciting times.

Olive Guy was ill Thursday and was unable to attend her classes.

Last Sunday afternoon a pleasant little party took place in Ceres Hall parlors. Gladys Plath entertained Addie Wilson, Harriet Rupert, Harry Plath, Fred Corbett and Harry Loftus. The time was spent in visiting, playing the piano and making fudge.

Alice Hamer was ill Wednesday and Thursday and was forced to miss her classes. She is again able to be around.

Thursday afternoon the hall screen afforded a musical dialogue which took place near the piano. The observers and actors were both very interested and enjoyed the dialogue to the utmost. By practice it would be good enuf to stage at the Country theatre at a later date.

Florence Plath spent Friday night with her cousin Gladys.

Mrs. Stuart and daughter visited with Lucile Stuart Saturday. Lucile is very fortunate to have both her mother and sister come to visit her.

A large cake, a most delicious cake was enjoyed by some of the girls Saturday morning. Gladys' mother is to be congratulated on being a fine cakemaker.

Hail the Six Weeks Change of Fashions! One of the honorable "short courses" has solved the hitherto unsolvable problem of getting to 8:00 classes on time by sleeping with both his collar and necktie on!

"Bolly" was intensely restless. He fussed and twisted around in his seat; looking at his watch at intervals of about one minute each. It was the sixty ninth time the time piece had been consulted.

Prof. Weeks: "What time is it Mr. Bolsinger?" Bolly: "Three minutes to twelve." Prof. Weeks: "Well, I'm sure that time will pass quickly enough." Oh You Pill!

Ever hear of a sour disposition as a sign of love sickness? Dean Ladd received some pills the other day that were guaranteed to cure any one disappointed in love. Upon analysis they proved themselves to be 100 per cent sugar.

Madeline heard of them and loudly voiced her desire for some. Was it the sugar or the cure she wanted.

"Engle's Law in Economics." "Come on Walter and go to a show."

Miss Marjory Leiberg went up to the Forks Friday to attend the Prom at the "U" that night.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the North-West.

THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry - Civil Engineering - Mechanical Engineering - Agriculture - Chemistry - General Science - Biology - Home Economics - Education - Veterinary Medicine and Surgery - Architecture - Architectural Engineering - Chemical Engineering.

These courses are available to those who have completed the equivalent of a High School training. For those who have not had such training

THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in - Agriculture - Mechanic Arts - General Science - Rural Teachers.

SPECIAL COURSES

Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery

THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, zoology, literature, mathematics, and engineering subjects.

Graduates from approved High Schools are admitted to Freshman Class. Board and Room \$4.75 to \$5.00 per week.

ATHLETICS

Aggies Defeat Fast Wahpeton Science Quint

Fast, Clean, and interesting game. —Score 57-16.

Saturday evening the fast Wahpeton Science quint arrived to "beared the lion in its den."
The Science school opened the game with a rush, getting the first basket. The A. C. recovered quickly and tied the score. A foul was then called on the Aggies and the Scientists made it good. This was soon followed by a basket, making

the score 5-2 in favor of the visitors. This was indeed a surprise, for no such opposition was looked for. The A. C. soon sprang into the lead which was held for the remainder of the game.

Movold had the largest man guarding him and when Curly could not get over or around his man he went between his legs.

The Aggie team work of the first half was not as good as usual while the Scientists had their best.

In this half McKee got 3 baskets, Movold 5, Hansen 2, Bolsinger 2, and McQuillan 2. Movold also shot one foul. This made the score 23-13 in favor of the Agricultural College.

The A. C. started the second half with plenty of pep and teamwork. Bolsinger felt so good that he turned somersault backwards. McQuillan had such great influence over the Scientists that they minded him perfectly; all he had to say was, "Here with the ball George," and the ball was quietly handed over.

Tierney was suspicious of Mac's left arm and therefore made Mac keep it behind him at all times or be fouled.

Wahpeton failed to have any teamwork in the second half. As soon as one of them got the ball the crowd would shout "shoot" and he was sure to shoot but never to hit anything.

The reserves were soon given a chance. Crawford relieved McKee at forward. Shaw took Houser's place at center. M. Houser filled McQuillan's place at guard. Howe played Movold's forward. Catlin went in for Bolsinger at guard.

The baskets of the second half were McKee, 2; Movold, 3; Hauser, 5; Shaw, 1; Bolsinger, 2 and 2 fouls.

Wahpeton Science School got 1 basket and 1 foul. Score of Second half—28 to 3. The final score was 57-16.

The Lineup.
A. C. Wahpeton Science.
McKee f. Sewry
Movold f. Ripperton
Hauser c. Ortman
Bolsinger g. Anderson
McQuillan g. Treshell
Leum substitute for Ortman.

Movold shot 1 foul out of 2 trials. Bolsinger shot 2 fouls out of 3 trials. Treshell shot 4 fouls out of 7 trials.

For the size of the school, the Wahpeton Science team is as good as any and they are to be congratulated on the good showing they made, for not an A. C. player came out of the game without a sweat up.

The Aggies have played three games so far this season and in each case the score has been over 50 points for the A. C. and under 25 points for the opponents.

Aggies Win From Concordia

Schedule Now being Arranged for Various Classes.

The Inter Class games may be played while the first signal is enroute. The schedule will probably be printed in the next issue. At any rate the games will be soon so it is up to the classes to be ready. The high school has over fifteen men out and are being coached by McQuillan. It is understood that they will not be in the interclass series.

The freshmen have about 10 men out, all of whom are working hard for a position.

The sophomores have nearly 10 men who are training strenuously.

The juniors are playing numerous practice games with the rest of the classes and expect to come out near the top.

The Seniors are not crowing as loud as the rest but they have many old players and will be sure of a good showing.

The rest of the teams are practicing hard. The games this year will prove to be the closest and fastest ever played in the history of the school.

Moorhead High Defeats A. C. Preps 15-7

In A Fast and Hard Game Moorhead Got The Big Share.

The game was fast and hard from beginning until the close, showed a lack of teamwork on both sides.

The first half was decidedly close. The preps had the best teamwork which gave them the lead for the first half by a score of 6-5.

The second half was opened in a fast rush by Moorhead which kept the A. C. H. S. from scoring any baskets altho McKenzie shot 1 foul.

Substitutes for the high school were: R. Mores for C. Ladd and Lothius for F. Mores.

Substitutes for Moorhead were: Horn for Johnson and A. Nemzek for Curran.

The Lineup:
Preps.
Heidner f. Ward
C. Ladd c. Johnson
F. Mores f. Nemzek
McKenzie g. Curran
Stair s. Murray
Heidner shot 3 baskets and had 3 trials for fouls.
McKenzie shot 1 foul out of trial. Ladd had 2 trials for baskets. Nemzek shot 3 baskets. Horn 1.
Murray shot 1 foul out of 4 trials. Heidner and Stair played good games for the preps and Nemzek, Ward and Murray for Moorhead.

BASKETBALL SCHEDULE

"THE BEST AMERICAN MAKE"

Personal Column

(Edited by Madame Isch-ge-Frette)

To you whose name appears in this column of true lore. If I've hit you where it stings. Please, oh please don't get sore. Owing to the number of letters which have accumulated during vacation, we find it impossible to answer every one; so we ask that you all have a little patience, and the madame will double the office force in order to get all letters filed by next month.

Eleanor:—I am a very studious young lady, extremely fond of cooking and military uniforms. Am considered rather good-looking. Could you please suggest a new way to "coif" my hair?

You have the true Grecian nose and other fixtures, my dear. As you know the classic way of "coiffing" the hair was to have 16 braids; if you care to be even more up to date I advise tying each braid with a green or yellow ribbon, at the end of which might hang a small gun. Safety first.

Edna:—I am very much in love with a young man who seems to think a great deal of me. I have always read your articles with a big interest and I feel you can help me. There is the loveliest electric chafing dish for \$2.96 at a down-town store; now at another store, a perfectly wonderful hat of green velvet with cascade of gorgeous pink plumes and one little dream of a purple rose on the brim. O, for goodness sake madame, what shall I get?

Your question has troubled me for a long time.—I have actually lain awake nights thinking of that hat; and yet creamed tuna at 10:30 P. M. is—well I give up. You get your money back.

Harriet:—I have been troubled a great deal lately by various persons who have tried to force their attentions on me. Why, actually, a boy tried to give me a box of candy the other day and I, of course indignantly refused. And another boy was going to pay my street-car fare yesterday. I gave him the icy stare. Still another case was when a boy gave me a box of flowers. They came while I was at class. This was about two weeks ago. Should I return them? O, what shall I do?

Des pair inly Harriet. I advise you to take a course in social observance. Use your own judgment as to the flowers. You need hard work to keep your mind from such matters.

For the benefit of all who wish to become beautiful, these hints are published.

To reduce a long nose to shorter dimensions: Pugelism—see Kelly. Emery wheel.

To reduce weight: Patrol the "Main Drag" 3 hours per night.

Be sure and attend one of Mr. Orr's 50 yard dash tournaments, called cadet Hops.

To get thin: Study 2 hours daily—See Altine.

To remove superfluous hair: Attend Suffragette meeting—see "Oscar".

To obtain a distinguished air we would advise Hqs Limburger cheese, or asfidity this is essential for all society leaders—see "Dick".

Dear Ma'am: Having read several of your helpful hints, I take the liberty now of asking your assistance.

A day or so ago while disporting myself in the gym at basket ball I

pumped my head, since then a swelling has appeared. Can you tell me what to do to remedy this.

—Underwood. "My dear Bony", this swelling is one peculiar to athletes and is not taken seriously by anyone but the person himself. You may observe that Roberts of football fame has it on his head too, while Bolsinger is in the form of a "tank". Do not worry, tho it is a common occurrence in the "Dramer" of life.

Dear Madame: I have but recently learned to dance. The frequency with which the new dances come out bother me and make it hard for me to dance at all. If I had some one to show me how I believe I could do it better.

My last effort has been with the "Charlie Chaplin". Can you suggest an easy means of learning this dance.

Devotedly yours, Sid Hooper.

Dear Sid: You will do well if you would wake up. You are ahead of your time and don't realize the fact. As far as I can see you have been going the "Charlie Chaplin" ever since you learned to twinkle you feet with such a degree of perfection that it defies imitation.

THE FATE OF A COLLEGE LOAFER.

He loafed all day And he loafed all night, He tried to fool the profs. And cussed college life, He shattered his nerves And ruined his sight, He lost all his friends And bartered his life for a bad reputation And became a poorinsurance And he now makes his home in a hole—two by six.

—E. W. Ross. Crabby isn't much on rhyme or meter, but Shakespeare never said anything truer.—Ed.

SOCIETY

Discussions reigned high in Education. Opinions were requested. "Miss Howe: What do you think?" "Miss Howe: 'Oh! Nothing in particular.'"

Of Course It's The Personal Element That Counts.

We "dish-covered" that Winny always carries a pamphlet of the Ceres Hall student Government Association in his upper left hand vest pocket.

Friday evening the members of the Athenian Literary Society gathered in Ceres Hall Parlors at 6:30 for their Annual Banquet.

Covers were laid in the dining room for thirty six and a delightful supper was served.

Miss Clara Dolve as toast mistress succeeded in bringing forth most enjoyable sentiments from those who responded to her appeal. Two musical numbers were rendered. A group of songs by Mr. Yerrington and a selection by the quartette. In the midst of the toast making an alumnus member Dean Mendenhall appeared to join the festivities.

By the courtesy of Mrs. Gilbert the Parlors were thrown open and for the remainder of the evening all participated in a bunch of clever stunts.

The Lyceum of Engineers held their Second initiation for this year Friday and initiated five new candidates into their organization.

On the evening that it was a bit over thirty below Zero there were between fifteen and twenty fellows in the "Corner store"—some had frozen noses, some frozen ears and all were engaged in trying to force vigorously the blood into their walking apparatus before continuing

their journeys for the evening. They say it takes a counter irritant to cure, at any rate in the midst of the frozen ears, eyes, noses etc. there were two short horns eating ice cream cones.
