

All Students Holding Books Will Be Admitted To The Fargo College Game

ABSOLUTELY NO EXCUSE FOR NON-ATTENDANCE—CLASSES THAT NORMALLY HOLD DURING GAME WILL BE EXCUSED

THE COACH NEEDS YOUR HELP

Due to the courtesy of the Athletic Board of Control it has been arranged with the management of the down town college to let every one holding a student admission book for A. C. games in at the Fargo College game next Saturday. This means that the book you now hold—the one that let you in at the Jamestown game, will let you in at the Fargo College game also. It you have not secured one you may do so by seeing Professor Remington on the first floor of the chemistry building and secure it for the asking, provided you have paid your registration fees.

Heavy Expenditure to Board

The action of the Athletic Board entails an expenditure of about two hundred and fifty dollars for the privilege of letting every student into the game on the present tickets. Do not fail to take your ticket book with you, and above all do not fail to go. BEAT FARGO COLLEGE.

Tickets Not Transferable

Do not give your book to someone else if you cannot go yourself due to some accident which has been unforeseen, for that is the only thing that can keep you from the game. The athletic board has to pay a flat rate of fifty cents for every ticket that is turned in at the Fargo College game and as they are doing you a favor by sparing you all expense for the game, do them a favor by attending the game yourself or keeping the book in your pocket or handbag.

Coach Needs Every Rooter

The coach needs every rooter that the A. C. possess as he realizes the need of a solid backing behind the team. It is therefore necessary that every one that isn't in the hospital should be there—if you die before the game, put off the burial until after the game and come to life for about two hours on Friday afternoon in order to help out your school. BEAT FARGO COLLEGE.

Prof. Weeks Writes Articles On "The Mind of the Citizen"

FIRST INSTALLMENT IN CURRENT NUMBER OF "AMERICAN JOURNAL OF SOCIOLOGY"

The first forty pages of the current number of the American Journal of Sociology contains the first installment of an article by Professor Weeks entitled "The Mind of the Citizen." The work is of nature of a practical social psychology. It is constructive, and points out ways in which popular intelligence may be utilized to better advantage in social welfare. Among topics discussed are the limits of attention, conventionality, forms of distraction and the mental requirements for efficient citizenship.

The printing of this article by the American Journal of Sociology is a distinct honor for Prof. Weeks, and indirectly for the school.

A. C. GRADUATE ON MINNESOTA FACULTY

Low Schuman, a graduate of the North Dakota Agricultural college in North Dakota Agricultural College in the faculty of the University of Minnesota. Mr. Schuman after receiving his B. S. degree in chemistry at the A. C. went to Michigan university where he obtained both his master's and doctor's degree.

Mr. Schuman won the Acme scholarship at Michigan for the year of 1915-16. This scholarship paid him \$600 a year and gave him an opportunity to pursue research and other investigational work which he chose to carry on. As a student Mr. Schuman won recognition and was elected to Sigma Xi which is one of the largest of all honorary fraternities.

At the University of Minnesota, Mr. Schuman will act in the capacity of instructor in chemistry.

A. C. Graduate Home on Visit

MISS SADIE E. BARRETT RETURNS HOME ON FIVE MONTHS VISIT AFTER TWO YEARS OF MISSIONARY WORK IN HONOLULU.

Miss Sadie Barrett, who entered the preparatory course of this institution back in 1902 and who will be well remembered by a large body of students since that time, has returned from Honolulu for a vacation of two or three months. Two years ago Miss Barrett went to Honolulu as Superintendent of the Susannah Wesley Home, an institution that is under the management of the Woman's Home Missionary Society. In this work, Miss Barrett has under her charge and care fifty Japanese and Korean girls, ranging in age from babies to young women of 18 years. Recently she was recalled to America to attend a meeting of the Missionary Board at Seattle and was there given a vacation, to visit friends and relatives in this country until February 11th, when she is to return for five more years of service under the Board.

Even as she seems to be today, Miss Barrett in her student days was one of the real live wires and now laments the passing of the old flag pole fights of those days, and the apparently calm and peaceful ways of the student life of today. It was Miss Barrett's class, the members of which by the way, were mostly girls, that established a record in flying to the defiance of all the other classes for nearly a week, its class flag on the old iron mast that used to stand just north of the Armory. As a result of the memorable conflict that ensued at the time, the faculty ordered the destruction of the mast and the days of the flag rush were over.

A. C. SENIOR ORDAINED

JOHN SELANDER NOW PASTOR OF SWEDISH BAPTIST CHURCH OF THIS CITY.

On Saturday, October 16th, John Selander, who is a Senior this year, was ordained pastor of the Swedish Baptist church of this city. Rev. D. Arvid Hagstrom, president of Bethel Academy and Theological Seminary at St. Paul delivered the ordination sermon. The charge to the church was given by Rev. J. C. Johnson of Fergus Falls, and Rev. Ole Larson, state missionary, extended the right hand of fellowship. Rev. Mehus, of the Norwegian Baptist church, gave the charge to the pastor.

Rev. Selander has had charge of the church since last June, when he was graduated from the Baptist Theological Seminary, and has already put the work well under way.

NOTICE!

To A. C. Students: The A. C. Athletic Board will have to pay cash for every one of your tickets taken at the Fargo College game. We are willing to do that to make up for the Aberdeen game, and to make sure that our team has proper support.

If you cannot go, or belong to the band or the squad, please do not permit someone who is not a student to use your ticket. It is not fair that outsiders should see this game at the expense of our student body. Every dollar saved now will be used for more and better games later in the year.

(Signed) ROE E. REMINGTON, Treasurer Athletic Board.

Commission Meets And Organize

VARIOUS OFFICES ALLOTTED TO COMMISSIONERS

The first meeting of the newly elected Student Commission was held Tuesday noon, October 19. It was called for the purpose of formally organizing.

The commissioners present were: Alexander, Porter, Abbott, Mendenhall, Slingsby, McConnell, Ball and Frojen.

The first matter of business was the allotting of the various offices to the individual commissioners. The following is the list as it now stands:

Mr. Porter ----- Com. of Judiciary
Mr. Abbott ----- Com. of Athletics
Mr. Mendenhall ----- Com. of Public Speaking
Miss Ball ----- Com. of Social Affairs
Mr. McConnell ----- Com. of Finance
Mr. Frojen ----- Com. of Freshmen Class
Mr. Crouch and Mr. Slingsby had already been elected to their respective offices.

Mr. Mendenhall moved that the meetings of the Commission be conducted according to Roberts "Rules of Order," except where they conflict with the constitution and by-laws of the Commission.

Mr. McConnell moved that a committee be appointed to frame the by-laws for the Commission. Mr. Porter, Mr. Mendenhall, and Mr. McConnell were appointed.

The meeting was then adjourned to meet on Tuesday, October 26.

AGRICULTURAL CLUB REPORT OCT. 22, 1915.

The Agricultural Club met Friday evening for the first time since the return of the Farm Husbandry boys. The Club was presided over by Mr. Baker, its able president. Mr. Arvold appeared and offered up many useful suggestions regarding the outlining of the years work, many of which will be followed.

The program for the evening was as follows:

President's Address ----- Mr. Baker
Reading ----- Mr. Poole
Talk ----- Mr. Leathers
Swede Imitation ----- Mr. Solberg
Criticisms ----- Mr. Poe
Business ----- Everybody
The Yellow and the Green ----- Everybody

The outlook of the Agricultural Club for the coming year is very promising, and if every member does his share, it will easily maintain its reputation of being one of the liveliest organizations on the campus. Farm Husbandry boys! Boost for the Club!

with the commerce of the world, its needs jealously guarded and its halls filled to overflowing with a splendid body of students."

Dr. Frank S. Kedzie has been chosen to act as the head of the M. A. C. until a suitable man can be found to succeed President Snyder.

PRES. FARLAND AT CHAPEL

President George McFarland of the Valley City Normal spoke in chapel Monday morning on "Education—Old and New." He said in part:

"That the people of North Dakota, are mostly Scandinavians, Germans, or Scotch-Irish, have a wonderfully good inheritance, will power and environment.

"In time past the East held the power in politics, literature, science and art, but this is no longer true for this power has now passed into the hands of the West. Even eastern college men have found that when they run up against a western college man in a foot ball game that it is like hitting a stone wall.

"More and more the United States is coming into dominance in world affairs; she leads in morals, whereas, the other countries are being reduced.

"Everything centers in the child, and the chief duty of the teacher and parents is to lift the child up.

The old education has been a failure because it did not train the child for the future. The child was forced to study dead languages, and subjects which had no vital relation to his present or future life, it was all passive. The old culture war barbarous.

"The new education imparts the culture and useful, it prepares the child for the future. It departs from the traditional academic style. It takes the child into the fields, the gardens, and brings him close to nature, the things he loves and must always work with.

"Education means 'drawing out.' The teacher must treat each student as an individual, not as a class or group. Education must develop the individuality and personality of each individual, it must make the student, the future citizen, he himself. Many teachers still have this lesson to learn.

"The normal child is always asking questions, and it is the duty of the teacher and parents to satisfy this curiosity. A spirit of barbarism enters the home if the parents fail to satisfy the child's questions.

"When the child is made to understand that the future belongs to himself; and the teachers develop the individual into his own self, they will send out into the world a citizen who will lead a full life, and be a better citizen because he is himself.

"The key note of the entire message to the student was 'The future belongs to you.'"

SENIORS CHALLENGE JUNIORS TO PLAY FOOTBALL

Date To Be Set By the Coach

The Seniors have challenged the Juniors to a game of foot ball to be played some time in the near future, probably on November 6th as a preliminary to the "U" game. The challenge is as follows:

Juniors Notice—We the Seniors - Having inaugurated and instituted every other "worth while" college activity during the past four years, desire to introduce "Inter-class Foot Ball" to the students of the North Dakota Agricultural College.

Therefore we do hereby and Hereon

Challenge You the Class of 1917 to sacrifice yourselves for this worthy cause and play us a game of foot ball on a date to be set by Coach Davis and committee from the two classes according to the following rules.

1. Except in the following cases the rules which govern our inter-collegiate games will be followed.

2. All foot ball letter men and all men on this year's squads, first and second teams included will be barred.

WILL FARGO COLLEGE "COME BACK" NEXT FRI.?

Hill Team Has Been Steadily Improving Since The First of the Season.

May Be Possible That Coach Doseff Has Something Which He Will Try To Spring Friday

GENERAL OPINION SEEMS TO POINT TO A STIFF GAME

With both teams digging in at practice and in games as if their whole life depended on it with the comparative scores slightly in favor of the down town aggregation the game with Fargo College Friday will virtually decide the championship of the state.

Fargo College Improving

Since the beginning of the season F. C. has been steadily improving. Their first game with Jamestown resulted in a tie. They held the University bunch to a 6-0 game on the University's grounds and walloped the Science School last Saturday.

So far the Aggies have only lost one game this season—that against St. Thomas and since then they have

been greatly improved. The full working capacity of the team will not be realized until the University game on November 6th.

Last year with practically the same line-up the score stood 7-7 when the game was called. Whoever wins, that team will know that they have engaged in one real football battle and that they will not be able to say that they have indulged in a practice game.

With the A. C. students able to get into the game on their college tickets and with the usual down town crowd there should be a record breaking attendance. EVERY BODY OUT TO THE FARGO COLLEGE GAME.

JUNIORS TO ATTEMPT TO IMPROVE ROOTING

To Organize Junior Rooting Club

What will the Junior Class do next? They have taken the initiative in so many things that it is not much of a surprise to those familiar with college affairs to hear that that class has something new to spring. At a class meeting on Friday, it was decided to have a "Junior rooting club" to aid in winning football games which remain on the Aggie's schedule. For this purpose a meeting was

called for Tuesday noon to practice rooting together. Of course they know the yells as do the rest of the student body, but as is the case with the whole student body, they need a little rehearsal in order to work as one and thus get the most out of those who take part.

So listen to the Juniors and find out what good yelling sounds like.

First Kadona An Enjoyable Affair

The first Kadona was held on Saturday evening at the K. C. Hall. About forty couples enjoyed the dance. Baernstein's orchestra supplied the music.

Mr. Bolsinger deserves much credit for getting this series of dances under way in the excellent manner that he has. It has taken much work on his part.

"Mary Ann, what are you doing now?"

3. The quarters will be 10 minutes each with 4 minutes rest between the first and second quarters, and 15 minutes between the second and third and 4 minutes between the third and fourth.

Reply to and make all arrangements with Ray Gibbons, Athletic Manager for class of 1916.

Signed,
HAROLD B. BACHMAN, President.

A Number of Rallies To Be Held This Week

JUNIORS START ROOTERS CLUB

Starting with this noon there will be a rooting rally held in the armory for the benefit of the new students and Freshmen. At this time the yells and songs will be rehearsed and some new ones will be learned. It is possible that Coach Davis will deliver a short talk and that others prominent in athletics will also speak.

Tomorrow a general rally will be held and at this time all students of the institution will be present and a roof raising yell fest will be engaged in by all. The new members will compete against the old members for chief honors.

Yesterday the Juniors definitely organized a Rooters Club whose efforts will be felt tomorrow. BEAT FARGO COLLEGE.

BETTER FARMING AGENTS HERE THIS WEEK

An important meeting of the County Agents of the Better Farming Association will be held here on Tuesday, Wednesday and Thursday. All the extension workers will be here to take part in the conference.

The various lines of work and the methods which are used will be discussed, and suggestions for new work made. Director Cooper expects some very interesting meetings.

Table listing staff members and their roles: Associate Editor, Commissioner of Publications, Associate Editor, Campus Gleanings, Athletics, Locals, Alumni, Society, Military and Music, Exchanges, Ceres Hall, Not Selected, Not Selected, Not Selected, Proof Reader.

EDITORIAL

In accordance with the long established custom, one of the first jobs of a new editor is to set forth the policy of the paper during his occupancy of the high chair. Right here, permit me to say that there will be no radical change.

JUST FOR GRATITUDE

Thru the courtesy of the Athletic Board, as we say in other parts of this issue, you will be admitted to the Fargo College game. They are doing this in order to make up, to a certain extent, for the Aberdeen game.

It was not the fault of the management that the Aberdeen game was called off. The S. D. bunch couldn't get a team, or something, and so didn't and couldn't materialize.

They will pay a flat rate of fifty (50) cents for each ticket torn from your book at Fargo College gate. Now out of loyalty to yourself and to the institution, do not give or sell your ticket to someone else if you happen to belong to the Band, or for any reason you cannot go.

BE TRUE TO YOURSELF AND THE INSTITUTION FOR ONCE.

From East to West, from North to South, North Dakota is famous because of her progressiveness. While other states have seen the old home deserted, the country church abandoned and the rural communities depopulated, the North Dakota farmer has improved his home and community, his stock, his farm and equipment, and, in competition with the world, brought home the cups, the medals, and the trophies of which every loyal citizen is justly proud.

The most potent force in the development of our great state has been and still is our Agricultural College. The success of our college in furthering the interests of the state and community depends upon the loyalty of the student body. One of the puzzling phases of the situation is the lack of outward college spirit among the students themselves.

Come to the rally meetings, catch the spirit, don't merely expose yourself. Catch the spirit and then infect your neighbors. The person who goes thru college without catching the true college spirit and giving vent to such feelings is doing an injustice to himself, his college and community.

We do not believe that there are any students on the campus who are such weaklings that they will hesitate coming to the rally meetings for fear of succumbing from the effects of such excellent mental, spiritual, and physical training.

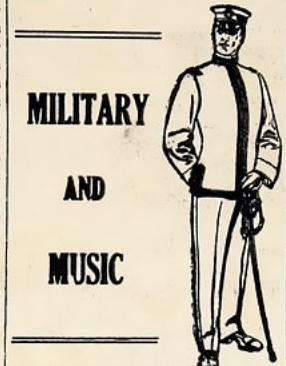

Show your loyalty to A. C. by coming to the rally meetings. Insist upon your friends going. Catch the spirit! Remember that nothing great was ever achieved without enthusiasm.

LIBRARY NOTES

The following books have been received: Bennett, Sanford—Old Age, 1914. Bourdon, George—The German Enigma. Champlin & Bostwick—Young Folks Cyclopedia of Games, 1890. Crafts, W. F.—Bible in School Plans of Many Lands, 1914. Curtis, H. S.—Play and Recrea-

posal of Municipal Waste, 1908. Patterson, H.—Patterson's American Educational Directory, 1914. Pearson, K.—Tables For Statisticians and Biometricians, 1914. Russell, E. J.—Soil Conditions and Plant Growth, 1915. Russel, L.—America To Japan, 1915. Shadwell, A.—Drink Temperance and Legislation, 1915. Statesman's Yearbook, 1915. Two interesting series have been added to the Public Speaking Department. One is on description and travel, entitled "Life in Town and Country." There is a book for each

of the following peoples; French, Russian, Austrian, Hungarian, Dutch, Danish, Turkish, Swedish, Spanish, Swiss, Italian, German, and Belgian. The second is on Christmas in other lands. The following countries are represented: America, Germany, Holland, Denmark, Canada, Japan, Switzerland, Sweden Austria, Spain, England, France, and Italy. Prof. Minard has been wearing a happy face since Saturday and his classes have noticed a wonderful lightness in the classroom since that date. The editor does not know whether it is a boy or girl.

CADETS AND BAND MAKE FIRST APPEARANCE

The companies and band made their first public appearance last Friday when they marched to the rally held at the foot ball field. The Cadets showed that they were well drilled in the simple formations, yet some of the new men forgot which was right and which was left. The Band played during the rest after the first half, and it reminded several of the older students of the grand big snake dances we had in former years.

SECOND BAND

The second band is running in fine shape. Its numbers they almost equal the first band in noise—well, they make just about twice as much. A number of boys seem to think that music is too hard, and so do not come out, but the music is very simple and no one cares how many mistakes are made as long as you are doing your best.

EDUCATIONAL MEET AT FORKS

B. A. Orr, president of the Music Section of the North Dakota Educational Association, will deliver an address before the musicians of the state at Grand Forks on November 3. The address will touch upon the musical work in the state and the standardization of the music teacher.

"London's a dreary sort of place, and the smoke's something awful!" the returned countryman was telling his awed village friends. "It's so thick, the air is, that I wonder anything grows there. I planted some corn in a box on my window sill, to remind me of home, and what do you think came up?" One suggested wheat, while another thought oats more likely. But most of them remained silent, looking at their venturesome friend with respect. "All wrong!" said the returned traveller presently. "A policeman came up and told me to take a box down at once!"

ATHLETICS

ARE WE GOING TO BEAT FARGO COLLEGE?

Next Friday afternoon, the student body of the A. C. and the foot ball lovers of Fargo will have an opportunity to see the Aggie athletes and the Hilltoppers measure their skill.

Followers of the game who have been watching the progress of the two teams under the new coaches, are of the opinion that this year's struggle will equal, if not surpass those of the last five years.

So far, the Fargo College team has been successful in tapping Jintown on the cheek to the tune of 6-6; and winning from Wahpeton 3-0.

Among those of our team who will oppose the Preachers are the veterans Catlin, Bolsinger, McQuillan, Movold, Kelly, (Capt.) Bjornson, Nemzek, Gazette, Aamodt, Lolland; while the new men are, Crawford, Frojen, Risjord, Carlson, Shinn and McCune.

Nemzek was a good ground-gainer last year, and is developing into a wonderful full-back. His speed and sure footedness make him especially valuable in line-plunging.

Movold held down the position of sub-quarter last year. When he had a chance to play, he showed up very well. This year Curly is showing himself to be a good general, and when he decides to take the ball himself, he fairly eats up the chalk-lines.

Movold is fast on his feet and is a sure tackler. Woe be unto the man who gets through the first and second lines of defense. Curly will surely drop him.

Catlin, formerly of the Preachers, is one of our old stand-bys at half. Short! Well he just melts away from his opponents, and they grasp an armful of ozone. Cat does the goal kicking and seldom fails to place the oval where it belongs.

Bolsinger is an old-timer on the Aggie team. As usual, he is proving to be one of the consistent ground-gainers this year. Bolly just goes right thru 'em and can be relied to do more than his share.

Gazette! Does any more need to be said. Those who saw the Macal-ester game last year, need no introduction to lanky John, and he is fighting better this year. He is speedy and strong and has frequently eluded the interference of his opponents. We feel sure that left end will be ably taken care of by our only Jack.

McQuillan—our general utility half-end-quarter—can ably fill any hole that may be made in line of backfield. For two years he has been one of the important cogs in the foot ball machine. Mac has one failing, he likes to make long passes over the heads of the opposing team to Bolly or to Jack. Watch out for Mac and his passes.

Capt. "Dick" Bjornson has been out for practice regularly for the last two weeks and should add much strength to the line. Dick is a great fighter and the opponents seldom make a gain thru his side of the line. We can count on Dick to deliver the goods.

Kelly is still at center and is a tower of strength on both the defensive and offensive. At line plunging

he is the best center in the state. At the "U" last year, Kelly spilled more plays of his opponents than any other man on the team. The students are watching for stellar work from Kelly in both the Fargo College and "U" games.

Lolland, the husky Freshman, is holding down the other tackle job. He is getting enough experience now to tangle up his opponent so that said opponent will be helpless to mingle in the play.

Aamodt is back at guard. Much is expected of him this year as he has weight and experience, although he got a late start.

Sam Crawford is at right end. Although this is his first year in the game, he has surpassed expectations. He is fast on his feet and receives passes well, and is a sure tackler. We are expecting Sam to take good care of his position.

Shinn is a new man but won a name for himself at the St. Thomas game. At guard he charges his man hard, is a good line plunger on the offense, and has a pretty steady head. He can be depended upon to put up a good game in the coming contests.

McCune, another Freshman is part linesman and part time backfield. He is often galloping around end for long gains. He is a big fellow, but runs low and usually gets there.

Frojen, another new man, is proving a valuable sub for Kelly. He is also sub at guard, is steady and plays an aggressive game. With a little more experience he should make a valuable man.

Risjord played some last year and is showing up well at right guard. He is steady, nerry, and holds the line well.

Buck Carlson used to be on the famous Minot High eleven. The way he showed up at St. Thomas is wonderful. He is out of the game temporarily with a fractured rib.

With such a line up of players, every A. C. student should give loyal support. Could you work for a school if you knew that half the students were not supporting it? The psychology of the human mind is such that every incentive of bodily presence and vocal expression is necessary. Let him think of himself and down he goes. Keep him encouraged and he will play like a fiend.

You like encouragement, yet you will stay away once a month to "study" you say. Now we are not advising you to let anything come between you and your studies, but you can surely find time to come to the game. Have a hilarious time for once. Every body go to the game. Forget the cares of the day. BEAT FARGO COLLEGE.

St. Thomas Beats "U" 7-0

In the game between Andy Gill's team and the St. Thomas team, last Saturday, the University lost 7-0. The score came in the last two minutes of the first quarter after an excellently executed forward pass which netted St. Thomas 30 yards. During the second and third quarters the playing was listless, the "U" fumbling often at critical moments. The University had poor luck with their passing. St. Thomas was especially proficient in this point of the game.

F. C. Wins From Science, 8-0

SAFETY AND TOUCHDOWN TURN THE TRICK

A safety in the first few minutes of play, and a touchdown in the last part of the last quarter spelled doom to the Wahpeton Science bunch on Saturday. The Fargo College team was outwitted by quite a little, but the speedy work of such men as Holmes, Boise and Sim overcame that difficulty.

The first score came toward the end of the first quarter, when, after a punt, a thirty yard run by Overby, Ulsaker of Wahpeton intercepted a forward pass. He circled behind the F. C. goal and was downed by Sims.

The other score came in the last

Athletic Board Of Control Holds First Meeting

SOME CHANGES MADE IN THE PRESENT SYSTEM—MORE TO COME LATER.

The new athletic board of control held its first meeting last Friday noon, all members of the board were present and some important business for the coming winter campaign was talked over.

Dixon Resigns
The resignation of George Dixon, student manager was read and accepted. Dixon is leaving school to accept an elegant offer from one of the large manufacturing firms with which his father is connected. So far the board has not definitely decided on a successor although it is understood that there are several applications for the position.

New Letter Ruling
About the only important piece of business that was transacted during this meeting outside of the action in regards to the Fargo College game was a new ruling in regards to the letters that should be handed to the football men at the end of the season. It was decided that only the men who played in the U. N. D. game would receive letters and sweaters. Special rulings of the board may change this however in some cases. It is apparent that there are too many letters handed out to the athletics among the various sports and in order to give a letter man due respect the closer ruling has been adopted.

EXCHANGES

By driving the heavy O. A. C. team steadily down the field for gain after gain, by bracing and holding against the terrific attacks of the Oregon backs, by breaking up the interference for runners and using excellent judgment in executing plays, the Washington State College football team won its second great victory in eight days Saturday when they piled up a score of 29 to 0 on the Corvallis field. The score indicates a walk-away for the Crimson and Gray warriors, but the detailed report shows far different conditions to have existed. At least four times during the game O. A. C. threatened to score and it was only by summoning their last reserves of nerve and strength that the W. S. C. men held the Corvallis team scoreless. The game was undoubtedly the hardest fought contest that a W. S. C. team has ever played for a number of years. The O. A. C. team fought every minute of the game and were solidly supported by 3000 students and fans. In the last quarter of the game Stewart's men carried the ball straight down the field to the 25-yard line, and all was in readiness for an attempt at a field goal when the final pistol shot was heard. There was not a quitter on either team, though injuries were frequent, and northwest fans are seldom allowed to witness such a contest.

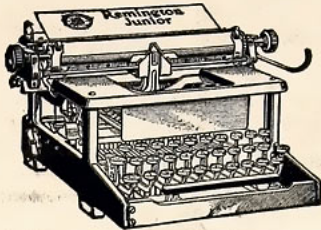

Dakota Wesleyan is to have two triangular intercollegiate debates this year. In the debates with her old rivals, Yankton and Huron, a new question, "Resolved, That socialistic control of the means of production and exchange would be preferable to the present capitalistic system," will be discussed. In the other triangular with Morningside and St. Olaf's the question of a city manager for the government of municipalities has been selected.

Outplaying their opponents at every stage of the game, the Grinnell eleven easily defeated Simpson on the Indianola field last Saturday by a score of 19 to 0. The locals outweighed the Simpsonsites by at

least ten pounds to the man, and their defense was like a stone wall, no substantial gains being made through the Scarlet and Black line throughout the game.

University of Idaho lost their first start last Saturday when Montana University walloped the Moscowites 13-6. Sam Cook, old Oregon star scintillated for Montana.

It saves your time in preparing papers. It enables you to meet faculty requirements for neat, legible papers. It enables you, if you wish, to earn money by type-copying papers for other students. These are reasons enough why the student should own a typewriter.

The new

Remington JUNIOR Typewriter

is just the machine the student needs.

Small and light, simple and easy to operate, swift and durable, it is a real Remington, with all the Remington qualities boiled down in smaller space.

It carries the ironclad Remington guarantee.

And the price is fifty dollars.

Call at our office and let us show you a Remington Junior. A demonstration will convince you that it is the machine you need.

m-m-m-m-m-m-m-m-m-m! isn't that lovely!!

Take the trail of any real wise smoker with a pipe between his teeth and snatch a mellow whiff of fragrant "Tux." Then you'll right away hunt up the nearest tobacco shop and gladly intern a dime in exchange for a green tin of pure smoke-delight.

"Tux" is going ahead of them all with a speed that makes it look like a race bet in a 60-horse-power motor-car and a steam roller. It's the fastest-growing brand of smoking tobacco in the world.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Tuxedo is the original Burley smoking tobacco, that made pipe-smoking possible to many men, and the original "Tuxedo Process" has never been duplicated. It stands today as the most effective treatment for making the natural leaf deliciously mild and delightfully fragrant and for removing every trace of "bite."

Spend a week with Tuxedo. Then it will be just one week after another.

ALUMNI

L. R. Waldron, a brother of Professor Waldron, attended the Dry Farming Congress recently held in Denver. He had charge of the Agricultural exhibits. Later Supt. Waldron went down to California where he saw the Exposition at San Francisco, and also the one at San Diego.

Mable Holmes, of last year's graduating class reports that since her arrival in Warroad there has been a great improvement in the Domestic Science Department. We believe it. The only objection she makes, is that restaurants are not as good as they might be, and—it's a long time to wait till Christmas.

Gunhild Gilbertson '15, was a week-end guest at the home of Kathrine and Genevieve Kelly. "G" teaches Domestic Science at Mayville this year. Although very busy with school work, and other things, she sometimes wishes to be back at the old A. C. again.

Announcement has been made of the marriage of Roy G. Cook and Miss Esther Towles which occurred recently in Minneapolis. Mr. Cook was formerly a student here. He is now secretary-treasurer of the Fout & Porterfield Drug Co. The young people will live at the Kessler apartments on Second avenue north.

Winnifred Pope, a graduate of the A. C. H. S. of last year is teaching school. She enjoys teaching very

much. Riding horseback seems to be the main diversion in her part of the country and Winnifred is by no means deficient. Miss McLeod is also near, and often she and Winnifred get together and discuss old times.

W. H. Foley '11, has been progressing steadily in his work. It is reported that he has obtained the honor of adding a Ph. D. to his name as well as D. O. The former he obtained from Dixon College, the latter from the Metropolitan College of Osteopathy at Chicago. He is now practising in that city.

Friends of Lloyd W. Worst, a former student and prominent Alpha Mu, will be interested to hear that he is now located in Clark's Fork Valley, in western Montana where he is engaged in clearing up a 320 acre farm in the burnt-over district. Lloyd reports life in the wilderness as most enjoyable; he says game is plenty and trout fishing all to the good.

Mr. and Mrs. Oscar Wilcox have returned from their honeymoon spent in the south. They have been gone for six weeks and report a "howling good time." They are very anxious however to get "home," and not be on the jump trying to catch trains at all unearthly hours. We wish them all sorts of good luck, and much prosperity and success in coming years.

SOCIETY

Thursday evening, the members of the Y. M. and Y. W. C. A. cabinets joined forces and betook themselves to the home of Mr. and Mrs. Sweetman as a surprise. They arrived with much jingling of cups and thumping of ice cream freezers. The evening was spent in stunts and games. Later in the evening refreshments were enjoyed, and after a few songs, the jolly crowd departed feeling that they had one of the most enjoyable evenings of the year.

Friday evening, Miss Dorothy Keene was initiated into a local Fargo sorority, the Delta Mu Alpha. Poor Dot! She had to adorn her hair with many ribbons on the day before and she was really scared. The suspense was awful.

Tuesday at the regular meeting of the Y. W. C. A., Miss Linwell entertained the girls very charmingly with several readings. Every one was thoroughly enjoyed.

Saturday afternoon the members of the Phi Upsilon Omicron Fraternity were delightfully entertained by the Misses Eleanor Kindred and Lillian Hanson at the former's home on Seventh avenue south. A delicious luncheon was served by the hostesses at small tables. Halloween favors being used. The guests included Miss Stoner, Miss Hadley and Miss North of the Home Economics faculty and Miss Kellogg, a Sophomore in Home Economics.

A business meeting of the Delta Phi Beta sorority was held on Wednesday evening at the home of Miss Mae Howe. A social hour and refreshments followed.

The first meeting of the Pythian Literary Society was held on Friday. Many new girls were present. An interesting program was presented.

Saturday night marked the beginning of the "home parties" which are being given this year under the auspices of the Student Young Womens and Young Mens Christian Associations. Professor and Mrs. I. W. Smith, Professor and Mrs. Nelson opened their homes to the high school boys, and entertained them in a most generous manner.

The evening was spent in playing novel games, telling stories and getting acquainted. The boys who were

in attendance at each party report a splendid evening, some saying that never before did they feel that they had come to know the professors so well personally.

It is planned that every student, through the kind hospitality of the faculty and friends of the students, may have this splendid opportunity at some time during the year to enjoy an evening in a "home party."

Ceres Hall

Ceres Hall notes
 Gladys Plath went home Saturday morning for several days.

Mr. Edward Holmes spent Sunday with his sister Zella Holmes.

Five Ceres Hall girls spent Friday evening at the home of Marion Johnston. They sang and played the piano until a late hour and returned to the dorm just in time.

All the girls will be glad to learn that Miss Kellogg's injured finger is getting along nicely.

Tuesday evening at six o'clock eight girls met in room 36 and enjoyed a chicken dinner. Everyone reports that the chicken was the "best ever."

Mrs. Brainard of Prosper, spent a few hours in Fargo Saturday visiting her daughter Marion.

Mr. A. C. Anderson and Miss Muriel Skratass of Valley City, visited with Miss Anderson Sunday.

Guy and Cecil took a spin Friday evening in Ruth Olsen's Ford.

Miss Westley went to her home at Hannaford to spend Sunday.

ORGANIZATIONS

HESPERIA
 A record-breaking meeting both in attendance and enthusiasm was held last Friday. A short program was rendered:
 Talk on Alfalfa ----- A. Larson
 Reading ----- O. Berg
 Talk on Literary Spirit ----- W. Freeman
 "Whistle" ----- Erickson and Smith
 After the program, eight candidates for membership were examined, the tests disclosing the fact

that there was some good material in the bunch.

During the serving of refreshments Professor Arvold dropped in and gave a short talk on the benefits of Hesperia to a High School student both while in school and in later years. He also explained the "Pack-age Library System" and left an invitation for each one present to come into the office at any time and look things over.

The meeting closed with nine hearty hurrahs for Arvold and the singing of a couple of songs.

The members of the Aurora Club held a meeting Thursday, October 21, in room A, Ceres hall. New officers were elected as follows:
 President ----- Charolette Horne
 Vice President ----- Julia Tutte
 Secretary-Treasurer ----- Ellen Gustafson
 Chairman of Publicity Committee ----- Bertha Else
 The first meeting will be held Monday, at 3:30. A program will be rendered.

LOCALS

Through the courtesy of Coach Davis, the part of the athletic field which makes up the base ball diamond is nightly in use by those of the student body who are not out for foot ball, but who desire a little exercise before supper. As a rule, three or four foot balls are in use by anywhere from twenty-five to fifty fellows. Most of them find that they have too little exercise, and this affords them a chance to maintain good health.

The colts on the part of the campus near the barns attract a good deal of attention from the students. We suppose the colts remind them of their homes.

At Rally:
 Chris—"Nine rabs for Prexy."
 Short Course Student—"Who's she?"

Prof. Thompson in Stock Judging—"Get down on the level with the hogs."

Rookie—"Give me some smoking. My can is just about empty."
 McKee—"That's the same story I heard you spring two years ago."

Prof. Churchill was trying to explain to his Agriculture 3 class the relationship existing between this term's work and that of next term. It was difficult for most of them to realize that any relationship existed. Finally he thought of a good illustration. "This term gives only the handle; next term you will get the shovel."

Hooper spoke up immediately: "Yes, but its a long way from the handle to the shovel."

Prof. Minard—"The verb love, is it transitive or intransitive?"
 Blaisdale—"Intransitive."
 Prof. Minard—"Why?"
 B.—"Can't find the object, always get stung."

Movold, in Vet.—"It is true that the appendix is worthless?"
 Dr. Van Es—"Worthless! Its a veritable gold-mine for surgeons."

President Worst was a speaker at the Steele County Fair held at Finley, October 22 and 23.

New arrivals in the Live Stock Department during the past week were a Guernsey bull, a Shorthorn bull, and some Hampshire sheep.

A PLEA

On Friday, only two days off. Comes the Fargo College game; They'd love to beat us, I know, Of course we feel the same.

Of all the schools we meet to play, Two stand supreme. These two Each student waits for long; Fargo College and the "U".

The first of these is almost here; We're waiting for the score. We'll take six tons of spirit there And run it up twelve more.

So let's each and every one

THIS WEEK AT The Strand Theatre

Monday and Tuesday—25th chapter "The Diamond from the Sky." Two reels. Three reels Mutual.
 Wednesday and Thursday—William Fox presents Theda Bara in "Sin," a five act drama. "Sin" is an unusually powerful and convincing work abounding in strong dramatic climaxes.
 Friday and Saturday—"Monsieur Lecog," a Mutual Masterpiece in four acts, featuring Florence La Badie and William Morris. Also two reels Essanay Chaplin "His Night Out."
