

Big Prospect For Winning Team Team Working Hard for Championship

With Coach Davis on the field, prospects for a winning foot ball team look surprisingly better. At the beginning of the season the ranks looked rather broken. Bolsinger had stated that he was thru with athletics for good. Kelly said he was going in for a scholarship. It was doubtful whether or not Catlin would return, and with "Cap" Bjornson in the hospital the season looked blue for the red and gray. When the first call was sounded, however, nearly all of the old men responded, including Catlin, Kelly, Bolsinger, Gazette, Movold and Me-

Quillan. With Dick Bjornson soon on the field and with the above frame to work on, the task of turning out a winner was rendered much easier for the coach. The absence of Porter, Dann and Perry will be felt, heavily nevertheless and with Hamilton at Jamestown and Pope at Northwestern the damper is closed still tighter. It is also doubtful whether or not Amold and Emerson will be able to play this year. There is some talk of "Fat" Barkus returning to school and with the new men in suits, the vacancies can probably be filled.

Freshman Hold Big Feed

FIRST AFFAIR AT CERES.

The men of this year's Freshman Class met at dinner on Friday night of last week in Ceres Hall Dining Room and enjoyed a very good time together. Almost all of the men who had registered up to that time were there and every man made a speech in which he introduced himself and spoke of his ideal for the freshman class and their year's work.

A number of the men spoke with large confidence on the outcome of the coming Rush, while others mentioned the fact that a class male quartette should be organized. Other members emphasized the need of the men to get out for football and other teams, literary and dramatic work.

A committee consisting of Krueger, Smith and Fenelon was elected to take charge of the rush. The men also made plans to put representatives in the field for the coming class and commission elections. The dinner was an enthusiastic occasion where class spirit ran high. Every man expressed his appreciation of the way in which he had been received at A. C. by the old men, some men who had attended other colleges for special saying that they had never before experienced such cordial welcome and democratic treatment.

Soph's Ask for Time

LACK OF MEN THE CAUSE.

On petition of the Sophomoe men the Rush Committee has changed the date on the Class Rush to Thursday, October 14th. This action was taken in consideration of the facts that, first, a victory on the part of fifty freshmen or more over a dozen sophomores would be nothing to be particularly proud of, and second, that in fairness to the sophomores the majority of whom are detained from College thru no fault of their own, it is but right to schedule the Rush when it will be a genuine contest fair to both classes.

NOTICE JUNIORS!

The first meeting of the Junior class will be held Thursday at one o'clock for the purpose of nominating the class officers.

W. W. MENDENHALL, Pres.

Green Caps Start Yesterday

FRESHMEN NOW WEARING OFFICIAL GREEN LID.

Starting with yesterday, the freshmen boys will be seen about the campus decked with official green caps which have been worn by all preceding Freshman classes. These caps will continue to adorn the head of all Freshmen until the first of November at which time the public burning takes place and Fresh and Soph sink the hatchet.

The caps present a much neater appearance than those that were in vogue last year and should be a credit to all those that wear them.

Jamestown Here Saturday

WILL PLAY FIRST GAME OF SEASON ON DACOTAH FIELD

Saturday afternoon the Jamestown warriors will do battle with coach Davis' pets. It is understood that Pidge Hamilton, last years end on the varsity will be in the line-up for Jamestown.

While Coach Davis has not said anything in regards to dope, a good game is looked for. It is up to every one to turn out and see the boys administer the first defeat on Jamestown's list for the season.

Spectrum Staff Tryouts During Next Two Weeks

WILL COMMENCE NEXT ISSUE

Commencing with next week the tryout for the Spectrum staff will commence. Freshmen, Sophomores, Juniors and Seniors are eligible any one desiring work on staff should enter by applying to editor.

CLASS OF 1914 PUBLISH PAPER GIVING OCCUPATIONS OF THEIR MEMBERS

The class of 1914 are up to the times and show signs of life. They have published a bulletin in which they give the occupation and location of each and every member. We have not the time or space to publish the bulletin this week but will give a detailed account of it in our next issue.

Boost for a Championship. Let's Go!

ATHENIANS BUSY AGAIN

The Athenian Literary Society is keeping up to its established reputation for getting busy early and getting the year's work started with a punch. The old members met in their room in the basement of the library building last Friday evening and outlined the fall terms policies.

Last year the Athenians made a notable contribution to the literary standard at the A. C. by not soliciting new members but throwing all meetings open to the inspection by new students and there requiring those interested in literary work desirous of joining them to make formal and written application. The Athenians have been delighted with the success of the plan and have gained undisputed right to be called the most active literary society on the campus. Their first regular meeting will be on Friday evening, October 8th.

Some of the leaders in literary activities say that the signs of the times point to keen interest in the work ahead.

Big Sale of Athletic Tickets

SEASON TICKETS NOW BEING SOLD—MAKING BIG HIT WITH DOWN TOWN FANS.

FACULTY TO BE GIVEN CHANCE TO PURCHASE.

Yesterday the first annual campaign by the Athletic Board of Control was started with the purpose of selling 150 season tickets. These tickets will be good for all games played at the Agricultural College this school year.

The boys were working in the downtown districts yesterday and from all reports the tickets went like hot cakes. The faculty are to be tackled in the near future and it is expected that they will all fall in line with the campaign and take a ticket.

This year the athletic schedules which will be played at our school will perhaps be the best ever staged by the Board of Control. Because of A. C.'s standing in the conference we are in a position to get the best teams in the northwest to appear on our field and floor and they are all glad to have a chance to have an A. C. team appear under their management because it has been demonstrated in the past that our teams are big drawing cards on any-ones schedules.

The season ticket idea is one newly adopted and will contain admission tickets to all football, basketball and baseball games and also admission to the dual track meet with the University. The price of the ticket will be five (\$5.00) dollars and will be well worth the price. If you know of a prospective buyer let the management know and they will fix him up with a ticket.

HAND BOOK OUT

ONE NEAT Y. M. C. A. AND Y. W. C. A. HAND BOOK FOR EVERY ONE ON CAMPUS—ITS FREE.

The new 1915-16 Hand book published by the Y. M. and Y. W. C. A. is a little gold mine of information. It contains everything that is of value to a student and those who arranged it deserves a lot of credit.

The cover is of green leather with the letters N. D. A. C., and the numerals 1915-16 imbedded there in. Everyone should obtain one of these books. Get yours early.

When buying goods of Spectrum Advertisers mention the Spectrum.

See! Don't Dick look good with a cane!

CITIZENS LECTURE COURSE

Great Array of Talent—List Includes Weatherwax Brothers Quartet, Lady Gregory of Ireland, Wallace Bruce Amsbary, Dr. Charles E. Barker, William Sterling Battis, The Ada Roach Company.

Season Course Ticket Campaign in Progress—Results Encouraging—Buy Now Is the Slogan.

The Citizens Lecture Course for the past several years has been a medium through which many of America's foremost men and women—scholars, social workers, scientists, statesmen, musical artists, humorists, cartoonists, authors, readers and world travelers have been brought to this community. To secure the best available talent and give it to the people at cost price has always been the policy of those in charge. Each year sees an increased attendance. The attractions last year were superb. This year the list—The Weatherwax Brothers Quartet, Lady Gregory, Wallace Bruce Amsbary, Dr. Charles E. Barker, William Sterling Battis and The Ada Roach Company—is a guarantee that the same high standard will be maintained. Every number is a great number.

October 6, 1915 (Wednesday). The Weatherwax Brothers, an instrumental and singing quartet will open the course with a two hour concert. The quartet is composed of four brothers—Asa A., First Tenor; Lester F., Baritone, Reader; Wm. W., Second Tenor, Reader and L. Tom, Bass. Their first public work was in the notable McKinley presidential campaign in 1896. Their voices have a decided family blend according to the many musical critics who have heard them in New York, Washington, Boston, Philadelphia, Chicago, Seattle, San Francisco and Denver. In addition to the vocal music on their program they appear in a Trumpet Quartet. They give a great concert one that will satisfy even the most critical.

November 30, 1915 (Tuesday). Lady Gregory of Ireland, one of the great living playwrights of the day will give one of her popular lectures, Lady Gregory is one of the founders of the Irish National Theatre Movement. As a writer of plays she has an international reputation. She is a fluent speaker and one of Europe's great women.

January 6, 1916 (Thursday). Wallace Bruce Amsbary, the author of the famous French-Canadian verses: "The Ballades of Bourbonnais," will render a program of his original poems. Mr. Amsbary is a rare poet and a truly great lecturer. His verse appears in all the leading magazines of the country. His wide knowledge of audiences and his twelve years experience on the stage

make him a splendid attraction for the course. February 1, 1916 (Tuesday). Dr. Charles E. Barker, formerly physical adviser of Ex-President Taft, Chief Justice White Henry Vanderlip and many other noted Americans, will give his masterful address on "How to Live a Hundred Years." Dr. Barker is an authority on physical culture exercises and a rapid-fire talker. During the past year he has addressed over three hundred thousand people.

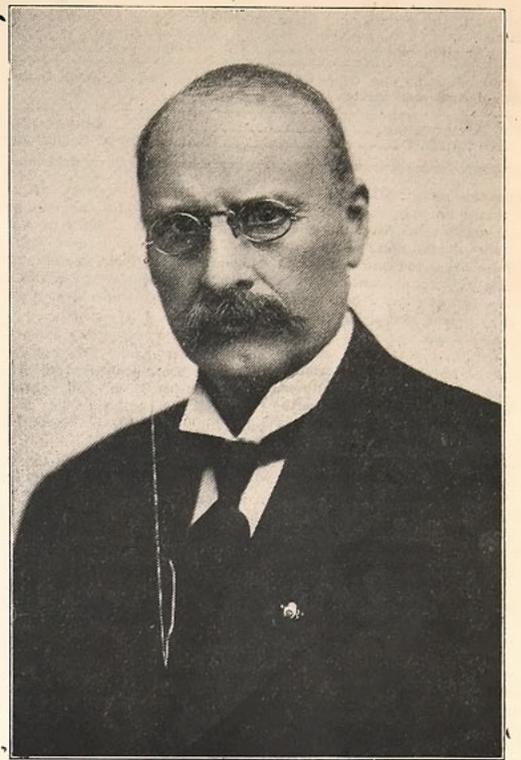

February 8, 1916 (Tuesday). William Sterling Battis, interpreter of Dickens in costume, will be the attraction in "Life Portrayals." Mr. Battis presents a dozen or more characters from the novels of Charles Dickens, complete in costume and "make up." Each character is developed in full view of the audience.

The change from one character to another is made complete, yet with great rapidity, and the living prototype of Dickens' creation, with all the characteristic mannerism, is presented.

March 17, 1916 (Friday). Ada Roach and Company in "The Heart of the Immigrant" will close the course. They will present a varied musical program, consisting of the heart and home songs of the countries whence come our immigrants. "The Heart of the Immigrant" is a stirring play depicting the actual scenes occurring at Ellis Island.

The cost of a season course ticket—good for the six numbers, seat reserved for the entire season, is one dollar and fifty cents. All the numbers will be given in the North Dakota Agricultural College Armory. Seats will be on sale and reserved at Fout & Porterfield's Drug Store on and after Saturday, October 2, 1915. Special street car service will be provided for each attraction. Courteous student ushers in military uniform will be at the door to greet you and see that you get your right seat. In short, no pains will be spared to make the Citizens Lecture Course, season 1915-1916, a great one in every respect.

ON HOSPITAL LIST
Arnauld Christensen is recuperating from the effects of an operation which he underwent some weeks ago. Gilbert Stafne is also recovering from sickness at St. Lukes.

The President's Welcome

Students returning to the A. C. for another year's work always receive a cordial welcome. The College year 1915-1916 is no exception. Rather the students' welcome is emphasized this year for the reason that the magnificent crop of grain and the extra labor required to save it, make it more difficult to break away from home duties and get back to College. Many students will be detained at home for several weeks yet, even if weather conditions should prove favorable for threshing but the fact that they are detained because they are engaged in useful service is to their credit even if the instructors and classes are greatly inconvenienced on account of their late entrance upon their college work.

By the middle of October, however, the registration of the fall term should be fairly complete and college life in full swing.

Naturally we expect much of our students. The courses of study any one of which completed, represents preparation for useful social service, usually appeal to a vigorous and progressive class of young people—the very class that would naturally be detained where the most useful service is demanded.

Nevertheless, the start should be a little late, lost time can always be made up by extra effort and this we feel certain our boys and girls will give.

Intellectual attainments, however,

should not exclusively fill the ambition of either student or instructor. There are other considerations. The CITIZEN must not be overlooked. Brains alone do not make a citizen, tho they go a long way toward measuring his usefulness. To learn how to live a life in the largest sense; to measure up to a high standard of usefulness, sympathy and public spirit with as few breaches as possible in the structure we call manhood or womanhood, should be the ambition and purpose of every student of this or any other college.

For the foregoing reasons you are here and enjoy a hearty welcome. Not all, perhaps, will avail themselves of the opportunities of the College, the equal opportunities are open to all. Ten or twenty years from now the fellow who neglects his work, cheats himself, thinking its cute, and wears a grouch where a smile would look better—yes, ten or twenty years from now that fellow will not find his arm long enough to write after his name the words "Youthful Folly" in letters big enough to do his conscience justice, provided he has not allowed that also to go into the wreck.

Now is the time and here is the place, boys and girls, to take your measure. Do it at once. Let us all start right and build up the finest sort of an educational institution by insuring the best possible finished product that shall ultimately be entitled to the honors of your Alma Mater.

Calkins Now Foot Ball Coach

LAST YEAR'S PHENOMENAL QUARTER BACK NOW COACHING INDEPENDENT ORGANIZATION AT DULUTH.

Shorty (Ralph) Calkins, last years crack quarter back is playing and coaching an independent organization at Duluth. According to reports Shorty is making good and has one of the fastest organizations in the Northwest.

MRS. McVEETY LEAVES FOR FUNERAL

Owing to the death of her aunt, Mrs. McVeety has left for Oakes where she will attend the funeral which will be held Saturday.

THE SPECTRUM STARTS SOMETHING—WANT AND POLITICAL AD DEPARTMENT TO START.

Beginning with the next issue, The Weekly Spectrum will run a "want" department for the benefit of the students and family. Any one wanting to advertise second hand books, etc., for sale, or practically any advertisement possible may do so in this department at the rate of 20 cents per inch, or part thereof per issue.

We also will run political cards for nominees for the student election in the next issue. Get your ads in for next week. It pays to advertise.

Said the Tramp—"Der's notin' like droppin' aroun' at de crucial moment," as the pie dropped off the window sill.

THE WEEKLY SPECTRUM

The Official Publication of the Student Council.

Published every Wednesday of the school year by the students of the North Dakota Agricultural College, at the Ulsaker Printing Co., 311-315 Broadway, Fargo, N. D.

In cases of non-delivery, change of address, or change of ads. please notify the Business Manager. Office on the second floor of Mechanics Art Building.

Subscription rate \$1.00 per year. Single copies 5 cents.

Entered at the Post Office of the Agricultural College, North Dakota, as second class mail matter.

PERCY BEALS Editor-in-Chief
WINNEY CROUCH Commissioner of Publications.

With this issue THE SPECTRUM inaugurates its first issue of the present school year. After the splendid work of last years staff the editor feels that the staff has a high standard to set and maintain. It is our aim to bring out a better, bigger paper. One that deals entirely with the student phase of college life. One that deals with his ups and downs, his trials and tribulations, and his successes and failures. The greater number of subscribers are either students or persons who have student sympathies. All take the paper because they are interested in college life, its people, its big events, its humor—all from the standpoint of the student. Of course there is the faculty—but we do not need heavy treatises, discussions, and lectures for them—they take the Quarterly Journal, the Political Science Monthly—and we could not hope to compete with such publications. Then there are those who look primarily after jokes, cartoons and the like, but they are subscribers to Life or Judge—nor do we intend to compete with them. We do not, however, intend to make this paper a funeral dirge. We are going to crowd into this paper all of the pure, unadulterated humor that the editors can obtain and we issue an invitation to all of you to help us out in any way you see fit.

We are simply a college newspaper. Our policy will be to present all the college news in an interesting way, and to keep as closely in touch with the happenings as possible. We will endeavor to make known student opinion, to mould this opinion and influence all towards a better and bigger A. C., one that will be recognized and honored in every corner of this big land.

We will attempt to portray the college life at the A. C. in such a way that it will appeal to every student, yet with the realization that what ever pertains to the faculty is usually of the deepest interest to the student. We will attempt to bring to your attention whatever happens in other colleges throughout our country that may broaden our view of college life, all with the idea that there must always run through our columns a current of serious purpose and a constant striving for improved conditions.

We cannot, tho, by any manner of means even begin to bring about the changes which you and which we think are necessary to this institution and to your life as a student. Initially, it is "up to you" to do your share in bringing about any and all changes that you think are necessary. We ask your help. GO TO IT!

WELCOME FROSH!

Welcome freshmen! Glad to see you! You are many but not to many. There is a place for all of you in old A. C. It is your duty to locate in that place and when you are located stay there and broaden it out so that there is room for another—yes—many others in that same place.

There are some things here that perhaps can be remedied, there have been mistakes—you will make mistakes, the man who does not make a mistake is not of much value to the world in after life. But after you have made a mistake be big enough to confess it and then be careful that the same mistake does not happen again.

In spite of all the faults that we may possess we have the spirit and it is the spirit that finally gets there. It was spirit that put us on the football map and won a championship for us last fall. It was spirit that won a base ball championship for us again this spring and it was spirit that placed us high up in all other lines of activities—debate, oratory, basket ball, track—and it is on you that the responsibility of more championships and more honors rest. It is the spirit that stands for the square and the true, whether we are in class room, study, on the athletic field or the public platform. Freshmen, we welcome you to that spirit. We welcome you to the spirit that means hard work, the spirit that will blister your hands, and dander your voice feeble time after time. We depend on you from now on for a large measure of our success. Get into things! Be up and doing! Be

a leader, help out anyway! Do not delay, or put it off, thinking you can catch up later. Do your work now. Get at your studies with a vengeance, watch your opportunities to get into student activities and do your part well, however large it may be.

Upon you will rest the responsibility of carrying on the traditions that have been established in previous years and to make more traditions that will tend to give more spice to college life. Remember this:

When you don the green for the first time, don't think that it is imposed upon you as an excuse for the upper classmen to bully you. There are few bullies in this school. It is put there so that you may become better acquainted with your own class and with each other. Take it as a part of your natural life and you will be much happier.

Freshmen! We welcome you to four short years of work and the same four years—longer years of play. We hope that these years will turn you out into a world that will be looking for just the kind of man or woman that you will be.

PARDON

Owing to the slow arrival of the student body and the suddenness of which the editorship was thrust upon him, the editor has not yet picked the members of the staff. He promises to have some of them ready for presentation next week. If any one has aspirations of becoming an editor be can call at the office and a job will be given him.

HERE WE GO!

Boost for a championship team! Talk championship! Breathe championship! If you can play at all get out. Don't think because you are not a star the old gridiron is no place for you. Get out! The coaches need every man. No matter whether you ever saw a football before or not, get out if it is possible. Get the spirit, get out! We have the makings of a wonderful team this year and with coach Davis on the field and giving the men all he has, we are out to rip 'em up! But the first team can't win the championship of themselves alone. They need substitutes, plenty of them, a second team, a third team, and even a fourth team. Even though you've never been a showy player, if you have had any experience, your place is on the field, helping to make a championship team. The coaches can't do it alone—they must have your help. But even if you can't get out, you can help. Talk football, compliment the team, get out to practice, and give them a cheer once in a while. "Practice with the team." Whole hearted support has always been given the teams, now it is you that must see to it personally that it goes on. But the team needs more. "The real 'grind' of the foot ball season is in the daily practice and scrimmage. Ordinarily the squad goes through these workouts with very little encouragement from the side lines. Right here is where the team needs support. Get out on the field every evening when it is possible and watch them. Cheer them on. If a man makes a mistake don't scold or hoot at him, give him a little encouragement, let the coach do the reprimanding. Let the men know that you are behind them all the time, in the daily workouts as well as the exciting moments of the big games. Get out and practice with the team. But whatever you do, don't stand on the side lines and "kid" a player because he happens to be less graceful than the rest. He has the spirit anyway and is out there trying, while you are on the sidelines—remember that. Don't knock him, because most probably you yourself ought to be on the field getting your hard knocks but didn't have quite enough spirit. Every man on the field is deserving of encouragement, not knocks. Don't be a knocker. Boost!

And another thing. If the team is playing a winning game, don't get up and leave. Nothing takes the life out of a team as much when they see the spectators—those for whom they are playing—walking off the field. What ever you do, DON'T BE A QUITTER.

Spring Term Grades Out

According to the statistics by Registrar Parrott the grades of the spring term show some exceptionally strong marks. It is up to each and every student to see to it that the average submitted by the registrar is not lowered during the coming term. If everyone does his share the average will go up instead of down. The following is the report of the registrar:

NORTH DAKOTA AGRICULTURAL COLLEGE.
Office of the Registrar.
STUDENT GRADES FOR SPRING TERM, 1915.

SPECTRUM OFFICE MOVED.
The Spectrum office has been moved from Francis Hall to the rooms occupied by Dr. Batt last year in the Mechanic Arts building. We are well pleased with the change because of the better location and rooms.

Friday, December 17—Fall Term closes.
Monday, January 3—Winter Term Begins.
Friday, January 7—Annual Short Course Stag.
Saturday, January 8—Industrial Course Party.
Friday, January 14—Industrial Course Debate.
Thursday, January 27—College Prayer Day.
Friday, January 28—Junior Prom—Industrial Course Declamatory.
Friday, February 4—College Declamatory Contest.
Saturday, February 12—Holiday, Lincoln's Birthday.
Monday, February 21—All College Colonial Party.
Tuesday, February 22—Washington's Birthday—Holiday.
Friday, March 3—A. & M. T. High School Party.
Sunday and Monday, March 19-20—Industrial Course Commencement.
Thursday, March 23—Winter Term closes.
Monday, March 27—Spring Term opens.
Saturday, April 1—All-College April Fool Party.
Friday, April 14—Joint Debate and Literary Stuntfest.
Friday, May 5—Senior May Party.
Saturday, May 13—Flag Day.
Thursday and Friday, June 8-9—High School Commencement.
Saturday and Sunday, May 10-11—Commencement.
Monday, May 12—Class Day.
Tuesday, May 13—Graduation Exercise, Alumni Banquet, School Year closes.

COMING EVENTS

Thursday, October 30—Annual Class Rush.
Saturday, October 2—Jamestown vs. A. C. Annual joint social at Armory.
Friday, October 8—Election Day.
Saturday, October 9—Foot ball at Wahpeton.
Monday, October 11—Industrial courses commence.
Friday, October 15—Foot ball at St. Thomas.
Saturday, October 16—All Faculty and Student Women at Ceres.
Friday, October 22—Aberdeen Normal at Dakotah Field.
Saturday, October 30—All College Halloween Party.
Friday, November 5—M. T. High School Declamatory Contest at Armory.
Saturday, November 6—U. N. D. at Dakotah Field. Freshman Party.
Friday, November 12—College Literary Festival.
Saturday, November 13—S. D. A. C. at Watertown.
Friday, November 19—Industrial Course Declamation Contest.
Sunday, November 21—Annual Thanksgiving Concert, Armory.
Wednesday, November 24—Edwin Booth Dramatic Club Play.
Thursday, November 25—Thanksgiving Day.
Friday, December 3—Joint Debate (College Societies).
Saturday, December 4—Sophomore Party.
Friday, December 10—College Oratorical Contest.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the North-West.

THE COLLEGE DEPARTMENT OFFERS
Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry — General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery — Architecture — Architectural Engineering — Chemical Engineering.

THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL OFFERS
Complete Secondary Courses in — Agriculture — Mechanic Arts — General Science — Rural Teachers.

SPECIAL COURSES
Draftsmen and Builders, Farm Husbandry, Homemakers, Pharmacy, Power Machinery

THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, zoology, literature, mathematics, and engineering subjects.

Graduates from approved High Schools are admitted to Freshman Class. Board and Room \$4.75 to \$5.00 per week.

Joke Box

In the southwest corner of the entrance hall of the main building, near the post office window reposes a little brown, insignificant wooden box. The top is held in place by little brass hinges and is closed by a small padlock. As small as this box may seem, it is very important to the students. This box is the Joke Box. Now take it seriously, we mean it. You are supposed to stuff any small joke on your fellow students—written on a piece of paper—in the slot cut in the cover of the box. This will eventually find its way to the columns of the Spectrum—maybe. Here goes, its up to you, we have reserved the space!

JOKE BOX

STAUNCH AND TRUE
"Look here!" sternly said squire Peavy, "this is about the seventh time you have been up before me in a year!"
"Yassah," replied Brother Hooker. "I's proud to say 'tis 'cawdin' to muh recollection. I never was one o' dese fluttery pussons dat's heah today and some's else tomorrow; when I like a man I gives him all muh business. Yassah, when a gen'leman wins muh 'steem I b'lieves in standin' by him." — Woman's Home Companion.

FILE FOR SPECTRUM EXCHANGES

Thru the courtesy of Mrs. Ethel McVety, Librarian, we have arranged for a special file for The Spectrum exchanges. This file will be located in the east room of the library and is against the west wall. So far, about fifteen exchanges have been arranged for.

LET US DO THE WORK

Every Shirt We Handle
Serves as a Model of what the finest shirt work should be!
It is as if every shirt is a sample which we show to prove our ability to serve you best.
Having once fixed our standard at the top notch we can't afford to fall down—and we don't.

BARCHUS-WILCOX NUPTIALS

Mr. and Mrs. Wilcox will locate on a farm near Larimore.
WORST LUCK
Tramp—Yes, mum, I ain't got nuttin ter hide from the world. I've been in jail ninety times at ninety differen' places!
Miss Tenderhart—Oh! did you have a camera with you?
Tramp—No; I never had none.
Miss Tenderhart—Oh! what a pity! If you had had one, you might soon take a new start by writing a series of articles for the Ladies' Own entitled, "The Inside of a Hundred Jails."—Puck.
On September 22, at the First Presbyterian church, Miss Laura Barchus and Oscar Wilcox, Rho, '15, both students of the A. C., were united in marriage. Immediately after the ceremony a reception was held at the Barchus residence on Eleventh street north.
The couple left for the Twin Cities after the social features for their honeymoon and were gone for about two weeks.
The Alpha Gamma Rho's gave them, as a wedding present, a silver set with an Old English "W" on one side and the insignia of the fraternity on the other side.

ATHLETICS

PROBABILITY OF A SOCCER TEAM

MUCH TALK OF ORGANIZING TEAM.

Of recent date there has been some talk of organizing a soccer team for this season. Several teams have been organized thruout this section of the country and it is highly probably that a team will be a permanent fixture at this institution, if one were organized.

A good schedule could undoubtedly be fixed up with the other organizations, and many students have expressed their willingness to participate in the sport.

Last year some work was done on a soccer team and some very good material was available of which some will return this year. Those who would undoubtedly try for the team would be Wolstad, McConnell, McCollough, Sam Crawford, and other base ball, basket ball and track men who wish to keep in condition for their line of athletic activities during the fall term.

NEW MEN SHOW UP WELL

Under the direction of Coach Davis, new men are showing up in wonderful form. While the majority of them are light in weight, they all seem to be fast and with a little enlightenment thrust upon them, they will round into first class shape in time for the first game next Saturday.

Among those out are Harry Stobelstad, who threw the weights last spring, Kidder and McCune of Canada.

CAPTAIN BJORNSON AT HOSPITAL

"Dick" Bjornson, the able leader of the Aggies, is suffering from the effects of an operation which he underwent last week at the St. Johns hospital. Dick is now on the campus and hopes to don the moleskin in about two weeks. We sure are glad to see Dick with us again.

COLLEGE LIBRARY ONE OF BEST IN NORTHWEST

Get acquainted with the library, it will do you good. There is no better place to while away the vacant hour. Every month the magazine racks are freshly stocked—and "Life" comes in once a week. Below are the Library Notes which have been collected during the summer.

The librarians send greetings to the faculty and students. Remember that the library is yours. Get acquainted with it. If you do not know how to use the catalog or where to find the books, we shall be glad to help you. The new students are becoming very familiar with the reading rooms and drop in often to glance through the magazines or the paper from home. Form the library habit by coming every day.

Since last spring many new books have been added to the library and the departments. Professor Arvid has received about sixty new books on debates, festivals, pageants, folk dances and dramatic readings that will prove very valuable for the public speaking department.

The agricultural educational and chemistry departments have bought some recent works that are already being called for and used.

Books on the war are coming in every week. Most of these are gifts. Among the new books of interest are the following:

- Auringer, J. A.—Tables for steel detailing and designing, 1914.
 - Betts, G. H. and Hall, O. E.—Better Rural Schools, 1914.
 - Carney, Mabel—Country Life and Country School, 1912.
 - Carter, W. H.—The American Army, 1915.
 - Chubb, Percival—Festivals and Plays, 1912.
 - Edmund, Peggy and Williams, H. W.—Toasters Handbook, 1914.
 - Fish, J. C. L.—Engineering Economics, 1915.
 - Fish, J. C. L.—The New International Year book for 1914, 1915.
 - Gilbreth, L. M.—The Psychology of Management, 1914.
 - Hamilton, Samuel—The Recitation, 1906.
 - Homsum, Knaut—Shallow Soil, 1914.
 - Hueffer, Ford Madox—When Blood Is Their Argument, 1915.
 - Hunziker, Otto F.—Condensed Milk and Milk Powder, 1914.
 - Inter-Collegiate Debates, 4 volumes.
 - Kahlenberg and Hart—Chemistry, Kennedy, Joseph—The Rural Life and the Rural School, 1915.
 - Keyes, A. M.—Stories and Story Telling, 1914.
 - Morehouse, Francis M.—The Discipline of the School, 1914.
 - National—Conference of Charities and Corrections, 1914.
 - Perry, A. C.—Discipline As a School Problem, 1915.
 - Romanes, Geo. John—Darwin and After Darwin, 1914.
 - Shurter, Edwin Du Bois—Extemporaneous Speaking, 1908.
 - Shurter, Edwin Du Bois—The Speaker, 8 volumes.
 - Taylor, Chas. Keen—Character Development, 1913.
 - Tucker, Louis Emery—Visualized History of Education, 191b.
 - Woodward, R. S.—The Care of the Body, 1912.
- As one can see these books are all of the latest editions only one or two having been published prior to 1912. They should prove good reading for any one.

COACH DAVIS FEELING FAST

During practice last Friday the coach suggested that the boys take a run up the field. "Come on boys," said he, "let's see how fast you are." So up the field they sped and when they finished the coach was at the head of the list with Bolsinger, Mould, Catlin and McQuillan scattered along behind. "Gee, I feel fast," said the coach.

SOUTH DAKOTA COLLEGE WILL HAVE STRONG TEAM

Old Men Back and New Material On Hand Gives Promise of Strong Team—Team Will Be Well Balanced—Rapidly Rounding Into Shape.

South Dakota State College is this year opening with the brightest prospects for successful foot ball she has ever had. With twenty-three men in attendance at camp, most of the last year's squad back, and a wealth of new material in the freshman class, the 1915 team is bound to be above par. Coach Ewing has been working with the men for the past ten days in camp, and the team is rapidly rounding into shape.

BRIGHT PROSPECTS FOR A BIG SEASON THRUOUT COUNTRY

What promises to be one of the most successful seasons in foot ball history will occur this fall. Starting in with last Saturday the football season was formally opened. During the season 100,000 games will be played by the high school, academies and colleges over the state.

The season will be marked by many inter-sectional games in which Michigan and Penn figure, and Syracuse and Bozeman play a still larger part when they play the first Eastern-Western game at Bozeman. This game will throw the first glimmer on the relative merits of the different sections as the teams are about on a par as far as size and material are concerned.

STIFF SCHEDULE FOR AGGIES

One of the most complete schedules that has ever been arranged for the Aggie warriors will be carried out this fall. It is stiff all the way thru and with the exception of practice and condition game that takes place during the latter part of the season, the games are all good.

- The schedule is as follows:
- October 2.—Jamestown College at Dakota Field.
 - October 9.—State Science School at Wahpeton.
 - October 15.—St. Thomas at St. Paul.
 - October 22.—Aberdeen Normal at Dakota Field.
 - October 29.—Fargo College at Fargo.
 - November 6.—U. N. D. at Dakota Field.
 - November 13.—South Dakota State at Watertown.
- The sport fans will be able to see four of the best games at home.

Nemzik Back

BIG FULL BACK ON THE JOB AGAIN.

Big Leo Nemzik, last years star full, is back on the job. Last year it was that that he was lost to the team for good as he partially decided to go away to school.

This year he is bigger than ever and is fully prepared to repeat the stunts he pulled off against McCallister and the U. again this year.

Lolland, last years big guard is on the job ready to eat 'em up.

HARRY STOBELSTAD HURT

Has Elbow Dislocated in Third Practice of the Season.

The first accident this fall occurred when Harry Stobelstad, Vet., had his elbow dislocated last Friday night during practice. He was taken to Dr. Nichols where the damage was repaired, but he will be unable to play the rest of the season.

A. C. MAN HONORED

L. A. WELO HONORED AT ILLINOIS.

In the issue of June 1915 of the Terrestrial Magnetism and Atmospheric Electricity appears an article on the Determination of the Horizontal Intensity of the Earth's Magnetic Field by Means of the Discharge from the Wehnelt Cathode, the authors being Dr. C. T. Knipp and L. A. Welo.

It will be remembered by a considerable number of the students that Mr. Welo graduated from the North Dakota Agricultural College three years ago. Last year he took post-graduate work at Illinois and the article above mentioned represents a part of the work he accomplished.

Mr. Welo has been honored by the Illinois University in that he has been given an instructorship and will continue his work in physical investigation during the present school year.

OH, I SAY!

A snobbish young Englishman visiting Washington's home at Mount Vernon, was so patronizing as to arouse the wrath of guards and caretakers; but it remained for Shep Wright, an aged gardener and one of the first scouts of the Confederate army, to settle the gentlemen. Approaching Shep, the Englishman said:

"Ah—er—my man, the hedge! cause of the better location and from dear old England."

"Reckon he did," replied Shep. "He got the whole blooming country from England."

MUSICAL DEPARTMENT.

The Faculty during the foregoing year has made a new rule which will aid the song service in chapel a great deal. The new rule is as follows: All members of the chapel choir who render active and regular service will be excused from physical culture and military drill. The membership to begin with will be limited to sixteen voices. Rehearsal will be held twice a week.

We all hope that this will bring about the much desired change. The singing for several years has been of rather small volume that is most students listened to the others sing, but this year it is hoped that silence will be noticed before singing.

PRIVATE MUSIC LESSONS.

It is not generally known that the college offers some very fine courses in music. With the present equipment any student may register for any branch of music. Credit is given for this work as are regular study. Any student interested may receive information by seeing the following people at the Music Hall:

Betran A. Orr, Voice and Band Instruments.

Edyth H. Grasse, Piano and Voice.

Fredrick Helse, Violin and Orchestral Instruments.

BAND HAS GOOD PROSPECT.

LARGE NUMBER REPORT FOR FIRST PRACTICE.

At the first practice of the season last Friday, about fifteen new members turned out for band practice. This is the largest number of new men that have reported at the beginning of the season for some time.

When the old members arrive, we should have "some band."

EWEN AT PENN U.

LAST YEARS HEAFY LINESMAN TAKING VET. COURSE.

The manager of the Spectrum is in receipt of a letter from Lloyd Ewen, Vet. '17, who has enrolled at Penn.

The letter which was received by Winney is as follows:—

University of Pennsylvania, Veterinary Department, Philadelphia, Penn., Sept. 25, 1915.

Business manager of Spectrum.

Dear sir:

Enclosed find bill for one dollar

(\$1.00) for which please send me the Weekly Spectrum. Arrived here the 24th and like it fine. Saw Penn. beat West Virginia today 7—0.

Yours truly,
LLOYD EWEN,
Vet. Dept., University of Penn.

MILITARY

Second Lieut. Fred B. Carrithers New Commandant

COMES FROM FT. BLISS, TEXAS.

Second Lieut. Fred B. Carrithers, Twentieth Infantry, U. S. A., graduate of West Point, has been detailed by the war department as commandant and instructor in military science for the coming school year.

Lieutenant Carrithers comes to the college from his regiment which is now stationed at Fort Bliss, Texas. The College is very fortunate in securing a man with the capabilities of Lieut. Carrithers as a member of the College Faculty.

Lieut. Carrithers expects to give the captains complete charge of the companies and also the petty officers are to be obeyed explicitly as far as their authority goes. Any violations by under officers or men will not be tolerated.

Because of the absence of the crack squad, the companies have not yet been organized nor has any definite curriculum been mapped out. It is the aim however, to make the work as interesting as possible. As soon as the companies have been formed a list of officers will be published.

If it is possible a 2.30 class will be arranged for those men who are trying out for band, choir and football so that they will not lose any time from their hobbies.

Ho Hum
Dorothy Price: "Well, is everybody back?"
Eleanor Kindred: "No, I should say not, and the crack squad will not be back for a whole week."

 A Synopsis of preceding chapters will be read each evening.
 Press Notices—"A good wholesome story, full of life and action."
 —J. J. Biddison, City Editor Sioux City Daily Tribune.
 Everybody likes a story. You will be interested and helped. Students especially invited.

CHANGES IN AND ABOUT CAMPUS

VARIOUS CHANGES MAKE COLLEGE BETTER
 There have been a few changes in and about the campus this summer in various ways and they have occurred both as to instructors and apparatus and construction.
 Dr. Leon Metzinger, Ph. D., has filled the vacancy caused by the resignation of Dr. Batt. Dr. Metzinger will have the rooms formerly occupied by Dean Waldron.
 Lieut. Fred B. Carithers will occupy the position of military instructor and will have his offices in the same rooms that Capt. Macon occupied.
 In the person of Paul Jones Davis, one of the best coaches that has ever been at the A. C., is recognized. He is a graduate of Penn and stands over six feet in height.
 Miss Kate S. North will be instructor in home economics department and will arrive about October 15. She will fill Miss Iva Neumanns place.
 Prof. Waldron, now Dean of Agriculture, will have his offices in the re-modeled old Spectrum offices and the Spectrum will hold forth in Dr. Batt's old location.
 In the Chemistry building, Prof Sudro has filled the vacancy caused by the resignation of Prof. Norman who has accepted a position as chief of the Chemistry Department at Marshall College located in Huntington, W. Va., where he will study for his masters degree. A large shipment of chemicals and chemical apparatus was unpacked in the chemistry building last week.
 Machinery for the manufacture of macaroni has been installed in the mill and experiments will be carried on with this product.

First Chapel Exercise Attended By Large Gathering
 President Worst Addresses the Student Body.
 The first Monday morning chapel exercises were attended by quite a large number of the students who listened to the annual address of President Worst. Following this Professor Orr sang a selection and the gathering sang the "Yellow and the Green."

Y. M. C. A. Annual Stag Held in Armory
 Last Saturday night the annual stag party for the returning students of the college and especially the new men, occurred. These parties are under the auspices of the college Y and it offers the new students an opportunity to meet the older ones and get acquainted themselves. The party was under the direction of Harry Loftus, the chairman of new student work. There was a good turnout of the new men last Saturday night and those older men who have arrived.

CUPID CAPTURES COUPLES
 BUSY BOY TAKES MANY.
 Gen. Dan Cupid has been exceedingly busy around the campus this summer, no less than seven couples having been fatally hit by his big seige guns.
 Ray Sweetman, general secretary of the college Y. M. C. A., married Miss Amy Lyda Warner of this city. They will make their home at 1120 seventh street north.
 Prof. Keithly of the Dairy department married Miss Edwina Waldron Jarvis, also of this city and they will be located in a north side residence.
 Early in the summer Prof. R. M. Dolve married Miss Blanche Moyer who graduated from the A. C. two years ago.
 When President Tomkins of the Stallion Registration Board and Miss Selma Rudd of Secretary Yoder's office were married in Minneapolis, they sprung a surprise on every one. Well, "Tommy" always did do everything in a hurry.
 Prof. Warner also succumbed to a serious attack of cupidus.
 Assistant Prof. Meinzer married Miss Lillian Nauman of Minneapolis. Below is an account as clipped from a Twin City daily:
 The marriage of Miss Lillian Nauman of Minneapolis, Minn. and Mr. Edgar G. Meinzer of Fargo, N. D. took place on Wednesday, September first, at the home of the bride's parents, Rev. and Mrs. Conrad Nauman, 1825 Emerson avenue north. The bride's father performed the ceremony in the presence of the families of the two contracting parties. The living room was beautifully decorated with palms, roses and lillies of the valley.
 The bride wore a gown made of white crepe meteor trimmed with Venice lace and carried an arm bouquet of roses. Miss Helen Eibenroth played the Lohengrin wedding march and the attendants were Miss Esther Nauman and Mr. Arthur Nauman, sister and brother of the bride. After the ceremony the guests partook of a wedding breakfast and then Mr. and Mrs. Meinzer left for Lake Minnetonka for a stay of about two weeks.
 They will be at home after October 15, at 1045 Twelfth Street north, Fargo, North Dakota.

Next Issue on Wednesday
 Hereafter The Spectrum will be published on Mid-Week Day, in order to give the staff more time to obtain the necessary filler and to relieve them of the Sunday session of The Spectrum will come out on Wednesday. We hope this is satisfactory to all.

RHOS TAKE UP NEW RESIDENCE
 Last week the Alpha Gamma Rho Fraternity moved into one of the most complete and up-to-date fraternity houses in the northwest. The house is the property of Dean Bolley and was erected especially for the Rho men. They are to be congratulated on their success.
 Patronize Spectrum advertisers, they patronize your paper.

NOTICE!
 The regular subscription rate for the Spectrum is \$1.00 per year. Sign up now and keep a complete file thru the year; it will constitute a record of events that will be invaluable. We are making a special rate of \$.75 per year for out-of-town subscriptions, when paid in advance by a resident subscriber—allowing two subscriptions for \$1.75. Have the paper sent home; it will cost you only \$.75 for the year, and means a letter every week that will interest them.

SPECIAL BULLETIN ISSUED BY FOOD DEPT.
 A special bulletin has been issued by the pure food department, dated September, 1915. It is a warning to the retail butchers of the state which reminds them of the law against the sale of diseased or filthy meats. It also gives the law in regards to the manufacture of ice cream and contains a list of those who are selling illegal ice cream in the state.
 A list of sanitary survbys is also published of some of the more northern cities in the state. The last few pages contain a list of the products passed upon during the last few months.

ELECTION TO BE HELD OCTOBER 5th
 Commission Form of Government Will Then Be in Full Swing.
 The first annual election under the present commission form of government will be held next Friday in the Little Country Theatre. The commissioners to be elected are: President of Commission, Commissioners of Extension, Athletics, Public Speaking, Campus, Judiciary, Social Life. Freshmen will be elected.
 All those desiring positions should post their nominations at least one week before date of election.
 The class elections of all classes will also be held at this time and by this way the elections of all classes will be carried out under the rulings of the student commission. The rules that govern the commission election also govern the class election. All nominations will be mailed to the Commissioner of Elections, and, although the commissioner is absent, if the nominations are in, they will be considered as acted upon.
 After next Friday's election the commission form of government will be complete as follows:
 A President of the Commission, acting also as Commissioner of Extension.
 A Commissioner of Publications who shall be responsible for the editing and publishing of The Weekly Spectrum.
 A Commissioner of Athletics who shall be president, ex-officio, Athletic Board of Control.
 A Commissioner of Public Speaking who shall be, ex-officio, the president of the Public Speaking Board of Control.
 A Commissioner of Elections to be in charge of all student elections.
 A Commissioner of Campus who shall have executive charge of student government matters touching campus life.
 A Commissioner of the Judiciary who shall be the presiding officer of the Student Court.
 A Commissioner of Social life.
 A Commissioner representing the Freshman class.
 The candidates in the Freshman class are especially urged to get their nominations in as soon as possible in order that the members may become acquainted with the nominees.
 Everyone is urged to cast a complete ballot and to vote in order that a big poll total may be reached.

MORE MEN WILL NOT RETURN
 It is doubtful whether or not "Hap" Peterson will return this year, if he does he will be late.
 Whiting, Ewen and Mikelson graduated last year from the Vet. and Pharmacy courses.
ECONOMY
 Doctor—Well Patrick, how are you feeling today?
 Pat—Oh, Doctor, I feel worse than ever.
 Doctor—What! Didn't you take the pills I gave you?
 Pat—Of course, but I'm not sure if the lid has come og the box yet.

WATCHFULLY WAITING
 "How's times " inquired a tourist.
 "Oh, pretty tolerable," responded the old native, who was sitting on a stump. "I had some trees to cut down, but a cyclone come along and saved me the trouble."
 "Fine."
 "Yes, and then the lightning set fire to the brush pile and saved me the trouble o' burnin' it."
 "Remarkable. But what are you doing now?"
 "Oh, nothing much. Just waitin' for an earthquake to come along and shake the potatoes out of the ground."
