Which Do You Want?

Student opinion seems to vary somewhat in regard to the proposed raise of the athletic fee from \$1.00 to \$1.50. Some are of the opinion that the present fee of \$1.00 per term is sufficient, and point to the fact that there should be a public statement made of the financial condition of the association to show where the money received is expended.

Following is a statement extracted from the treasurer's report for 1913-14: Any student or person interested has the privilege to examine the books of the association or the treasurer's itemized report.

Statement for 1913-14. Receipts from student fees \$1,826.00 Receipts from all other sources 2,166.94 Total receipts \$3,992.94

Overdraft July 1, 1913 \$448.00 Gain on years 1913-14 226.67 Overdraft July 1, 1913 \$221.33

It was impossible to publish the itemized statement because of lack of space, but as has been stated any student, or committee of students, are cordially invited to examine the same.

The statement discloses a net gain of \$226.67 for the year, and at first glance it appears to be an argument against raising the fee, but when we stop to consider that only one game of football was staged, and that one under the most ideal weather conditions, which brought out a record-breaking crowd and netted the association more money than the total gain for the year, we can see another phase of it.

Which do you want?

CALIFORNIA VS. North Dakota

Biggest Debate of Year Friday Night

"Are YOU going?" "Where?" "To the California-A. C. debate in the armory, Friday evening." "You can depend on me."

Let this be the answer of every loyal A. C. student when accosted concerning his intentions for Friday evening. Bringing the California team to North Dakota involves a considerable expense. The financial outlay necessary to the presentation of this contest is not the primary reason for asking the students' support.

Those who attend will undoubtedly witness one of the very best intellectual duels ever held on the Campus. Mr. Harold Morton and Mr. John Cartzadner are in Chicago now. They are expected to arrive in Fargo Wednesday evening.

Mr. Wife and Mr. Mendenhall have established enviable records as students and as debaters. Both teams have made a thorough investigation of the question of direct legislation. It is well worth fifty cents for any student to secure a comprehensive understanding of the principles of the Initiative and Referendum alone.

Y. M. C. A. Closes Successful Year

The end of the winter term brings the close of the fiscal year for the Y. M. C. A.

During the past year a good many changes have taken place in the Association work. An entirely new system of organization has been worked out which provides for a separate department in the college, the High School and the Industrial courses.

Two years ago there was considerable agitation about our Student Council, but no satisfactory plan was hit upon at that time, to take its place. Last year there was considerable discussion as to the council, all of which goes to show that the present system is apparently unsatisfactory.

A few comparisons of the present system and the proposed system might be interesting. Under the Student Council plan a few members of the student body met and elected all of the officers of the Student Council and the Manager and Editor of the Weekly Spectrum.

Big Rally For Purpose of Discussing New Form to Be Held in Little Country Theatre, Wed. Eve. at 7 o'clock

GET A COPY OF THE PROPOSED CONSTITUTION, LOOK IT OVER, AND BE AT THE RALLY WITH YOUR QUESTIONS.

One of the biggest and most interesting events for the collegiate students of the Agricultural College, is now being staged in the Campaign for the Commission Form of Government. It will reach a climax, so far as the campaign is concerned on Monday, March 15., when the polls will be open at the Office of the Registrar from 8:30 a. m. until 4:30 p. m., and all collegiate students meeting the requirements of the Registrar's records as such will be entitled to vote.

Under the present plan, only those present at a class meeting can vote on their representatives on the Student Council. Under the proposed system, any member of the class who is unable to attend the class meeting can step into the polls at some convenient time during the day and express his or her wish in this respect.

Under the present system, the High School, Power Machinery, Farm Husbandry, Home Makers, Pharmacy and College are all represented. Under the proposed system, the College alone is governed. That is, the other organizations will have governments of their own.

Under the present system, the job has usually chased the man. Under the proposed system, the man will have chased the job, if he wants it very bad. In this way it is hoped that men or women will secure the position who are desirous of them and will consequently work after they get them.

If you were dissatisfied with the way the Weekly Spectrum was being edited, under the present system, you have no power to change its editor. Under the proposed system, you have the powers of recall. A Student Court had no constitutional powers, under the present system. It is granted those powers under the proposed system. Meetings of the Student Council, have always been behind closed doors. Meetings of the Proposed Student Commission, are open to any members of the Collegiate Student body, provided they do not create a disturbance.

No representation is at present granted the students upon the Faculty Social Committee. The proposed constitution provides that the Commissioner of Social Affairs shall represent the student commission at meetings of the Faculty Social Committee. This right has been granted by Pres. J. H. Worst, if the new form is adopted.

The fact that definite powers are assigned to the members of the student commission should make them far more efficient as regards student affairs than any person appointed would be under the present system. At present no one is responsible for special trips with the athletic teams, etc., and last fall we came near not having a special train to Grand Forks (and that special train is probably what won the game for us), while under the proposed system it is the duty of the President of the Commission to attend to all such cases. You know right where to go when you want information regarding such trips, too.

The Commission form provides for a definite individual, who is responsible to the student body for a certain line of student activities. You know just where to go when something is wrong. Where would you go now? The members of the faculty do not recognize the Student Council as representative, as was shown at their recent meeting, in their decision as to the Athletic Fee. If such a con-

ABOUT ATHLETICS.

The move to increase the athletic fee did not originate with the Athletic Board, nor has it been before the Board in any form. Whether the referendum succeeds or fails, the Athletic Management will continue to give the utmost that it can in games, in proportion to the funds at its disposal.

The question to be decided is whether the students wish such schedules as we have given them in football this year and in basketball last year, or whether they wish us to confine our games to teams within the state, for it has been demonstrated beyond question that we cannot continue to bring in outside teams with the present financial support.

Athletic contests are a form of advertising—they attract attention and draw outside students to the A. C. If we cannot give our teams good games, and an occasional trip, we can hardly expect to draw the best available athletic material.

An increase in the athletic fee would undoubtedly be a paying investment for the student, as between 60 and 80% of the fees now paid go for equipment, which charge would be little if any larger in the future, leaving the entire increase to be returned to the students in the way of more and better games.

"DICK" BJORNSON, Student Manager of Athletics.

WE WONDER?

We wonder what Fargo College will say in the next Blue and Gold about the two games of basketball that they have played with the A. C. during the past season.

In their last issue which was published plenty long enough after the first game to tell all about it, they said nothing. From all that could be learned, they were going to win the last game and then they could cover up their first defeat by publishing the report of the last.

Vesper Service

The Vesper Service on Sunday, Feb. 28th was conducted in accordance with that special day, which was the Day of Prayer for Colleges.

Mr. Ray Sweetman spoke on prayer and its great power. He made this strong point, that we, by our ways, can change others for or against the methods that develop character.

There will be no speaker here on March 7th, but all attention will be put on Sunday, March 14th, when Stylus P. Jones, of the Municipal Voters League of Minneapolis, Minn., will speak on Principles of Good Government. This speaker comes at an opportune time for the following day, March 15th, our student body will vote on the adoption of a Constitution for a Student Commission.

The Vesper Service commences at 4:30, in the Little Country Theatre. Special music will be arranged.

CADET BAND GIVES PLEASING
CONCERT.

A large audience heard a very
pleasing concert Monday morning,
when the Cadet Band appeared at
Chapel exercises. The numbers
used were some of the most stand-
ard selections. The following pro-
gram was rendered: March, Dunlap
Commandry; Grand Fantasia on
My Old Kentucky Home; Blue Dan-
ube Waltzes; Light Cavalry Overt-
ure; and a paraphrase on Nearer
My God to Thee. Each number was
received by the audience with nearly
applause. The Baritone section, es-
pecially, made an impression on
everyone with their variation, which
they handled in an artistic manner.
We are all proud of our band and
hope to see it continue to grow.

After the contest, they adjourned
to the front of the Chemistry Build-
ing, where they had their pictures
taken for the Agassiz.

"He who hesitates is lost,"
Was what they used to say.
But now the dancing craze is on,
It's quite the other way.

Athletic Activities

Aggies Defeat F. C. 29 to 16

In a whirlwind game the Aggies
played their old rivals off their feet
for the second time this year. The
game was one of the fastest of the
year and the College gym was
crowded to its capacity.

The guarding of Blix and Mc-
Quillan was remarkable, as neither
of the F. C. forwards were able to
make a single basket.

Risk, of Fargo College, made the
first basket from an open field. It
was several minutes before the Ag-
gies got started but when they did
McKee slipped in three straight
and the crowd went wild. Thomas
broke the spell by dropping one in
and then Boise tied the score. The
Aggies missed some easy shots at
this point, after which each team
added two baskets and then slowed
up a bit. McKee, Bolsinger, and
Blix each had one and then Pederson
ended the scoring for the half
by dropping in two free throws. This
made the score at the end of the half
17 to 12, decidedly in favor of the
Aggies.

The second half was a clean
sweep for the yellow and green.
Bolly started the fireworks with two
baskets and McKee followed. F.
C. substituted Lane for Thomas.
Lane immediately fouled and Movold
made the shot. Overby went in for
Pederson and the game livened up
again. Movold came in for his
share, making two baskets and a
four almost in succession. Holmes
took Risk's place and Heine went in
for Blix. Holmes made the last
basket. Score 29 to 16.

The game was remarkable for the
small number of fouls called.

The lineup was as follows:

A. C. Fargo
Movold f. Sim
McKee f. Pederson
Bolsinger c. Thomas
McQuillan g. Boise
Blix g. Risk

Field goals: Movold 2, McKee 3,
Bolsinger 4, McQuillan 1, Blix 1,
Thomas 2, Boise 2, Risk 1, Holmes 1.

Free throws: Movold 3, Peder-
son 2, Boise 2.

Substitutes: Heine for Blix,
Lane for Thomas, Overby for Peder-
son, Holmes for Risk.

Officials: Clark and Foster of
Minneapolis.

condition should arise under the pro-
posed new form, the commissioners
would simply delegate the Commis-
sioner of Elections to call a special
election and the matter would be
settled immediately, without all of
the rigmarole, that is now neces-
sary, in order to get at the student
opinion, namely petitions, etc. At
such a time as mentioned, the other
organizations would be asked to vote
at the same time as the Collegiate
students, as they should have a voice
in such a matter.

All in all it seems that the new
proposed form is far better adapted
to our needs than the present form
and is so constructed as to adequate
to meet the needs of the larger
student bodies of the future.

which follows, and then come out to

that you can find. If the new con-

together under stress, we don't
want it. However, can it be worse
than the present system? If not, it
must be better. If better, we
want it.

Saturday afternoon some of the

Dean Bolley and Staff
Are Keeping Busy

The Biological Division of the Ag-
ricultural College has been a very
busy quarter this last month. The
teaching laboratories contain more
students engaged in laboratory work
than the institution has ever housed
before, each one of the laboratories
being pushed to its fullest capacity
to accommodate the students in
room and equipment.

The Pure Seed Division of the Ex-
periment Station has scarcely been
able to answer its correspondence.
Dean Bolley reports that it would
have been easier for the Pure Seed
Laboratory if the farmers of the
state had reported or furnished the
Laboratory more samples of seeds
of high class which they are holding
for sale as seed. Numerous persons
all over the United States write for
the seed lists, each one wanting some
northern grown seed, but specifying
that it must be "of pure grade."

For instance, they want "Pure Ver-
vet Chaff," "Pure Durum," "Pure
Flax," "Pure Bred Minnesota 13
Corn," buckwheat, Navy beans,
"Pure Bred Potatoes," etc. In some
cases these are wanted in very large
quantities, carload lots. The Labor-
atory has found it very difficult to
find many samples that are reason-
ably pure, free from other kinds of
grain though they examined thou-
sands of samples during the winter.

The seed lists, however, which are
now ready for distribution show a
larger amount of seed of practically
all kinds than the Laboratory has
ever listed before. These seed lists
can be had by any citizen of the
state whether farmer or seed dealer
by applying for the same and lists
show the names and addresses of
citizens who have grown the highest
quality of seed which has been
shown at the Laboratory. Some of
these seeds are certified. Some of
them only represent good seed of
high quality, not cleaned.

Farmers who have good seed stuff
for sale should send samples to the
Seed Laboratory to have them tested
because these lists will help them get
in touch with men who want to buy
the seed.

Inter Class Games

The annual tournament between
the various teams of the institution
for the inter-class basket-ball cham-
pionship has begun.

Tuesday evening the Sophomore
and Farm Husbandry teams played
the first game of the series. The
Soph proved easy victims for the
Industrial boys, the final score being
36-6.

At 9:00 o'clock the same evening
the Seniors and Power Machinery
men were to mix; however, the Seniors
failed to appear, this counting
the same as a victory for the Power
Machinery team.

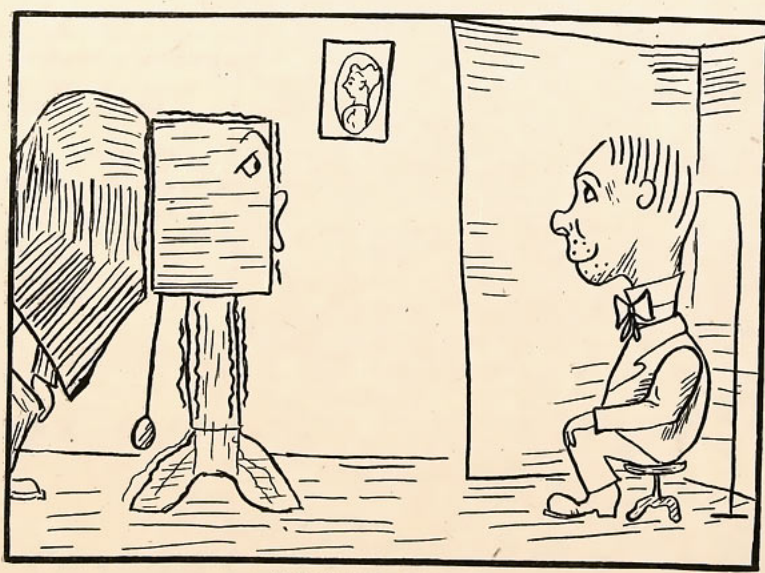

Thursday evening the speedy
Freshmen bunch met the junior ag-
gregation. This game was fast and
closely contested, the final result be-
ing in doubt until the latter part of
the game when the Freshers gradu-
ally forged ahead winning by a score
of 18-14.

The second game of that evening
was between the Manual Training
High School and the Pharmacy. The
pill mixers were unable to break up
the splendid team work of the preps
and were beaten by a one-sided
score.

During the present week the win-
ners of Tuesday's games will be pit-
ted against each other as will also
the winners of Thursday's games.
These two winners will then play
for the championship.

Coach officiated at the games that
have been played to the entire satis-
faction of all.

It has been noticed that these in-
ter-class games have become more
popular from year to year, and in
this way many are benefited by the
exercise that would otherwise be
excluded from the game. It is also
a great help in developing some very
promising material for the next team
in years to come.
