

## University of So. Cal. To Debate Here March 12

On Friday evening, March 12, will occur the California-North Dakota Intercollegiate debate on the question: "Resolved: That the Initiative and Referendum Should Be Made a Part of the Legislative System of State Governments."

This is the second debate held between the University of Southern California and the North Dakota Agricultural College and will no doubt be the greatest college event of the year.

Last year the North Dakota Agricultural College sent a team composed of Ruel Wije and Walter Baumgartel to debate the University of Southern California on the question of immigration. This team returned victorious.

This year it is California's turn to come to North Dakota and they are no doubt coming prepared to take back the honors to California.

The men who will represent the A. C. in the coming contest are Ruel Wije and Wm. Mendenhall, who have been working hard and conscientiously for the past two months in preparation for the contest.

Mr. Wije needs no introduction to the student body, having established his reputation as a debater at the University of Minnesota and the Agricultural College. He has served upon the Manitoba, C. debate and also upon the California-A. C. debate.

Mr. Mendenhall has also acquitted himself with honor on the Inter-Society and Inter-Collegiate debates.

Both gentlemen have the entire support of the student body and will undoubtedly present the ablest debate that has been held upon this campus in recent years.

The members of the opposing team, Mr. John P. Cartzadafner and Mr. Harold C. Morton are students of the Law School of Southern California. This is the largest school of its kind west of Chicago, having an enrollment of over three thousand in its law department.

This year they are debating such prominent institutions as Leland-Stanford, University of California and Northwestern University.

The A. C. students should give this debate their loyal support as the winning of the contest will establish the reputation of the school as among the foremost in the Northwest.

## University Nose Out Victory over the Aggies

BASKET IN LAST MINUTE OF  
PLAY WINS GAME.—SCORE 25-24

Playing the fastest ball of any previous game on the "U" floor last night, the Aggies were beaten by one point. The score saw-sawed back and forth throughout the game and it was anybody's game till the whistle blew. Statsvold of Minnesota refereed and his work was satisfactory to both teams. The game was marked by rough and fast playing and several times during the game a halt had to be called to give the athletes a rest.

The first half ended Univ. 13 to our 11. During the second half the Aggies held the lead most of the time. Every man played to his limit, putting up a magnificent fight, clean and hard.

## Letter Received By Prof. Minard from a Friend at Oxford, England

Oxford, January 26, 1915.  
Dear Mr. Minard.

We were pleased to receive a card from you this Xmas. We, like a good many others, did not send cards. Everything is in such a depressed condition owing to this awful war. Everyone here is effected more or less. I have four nephews in it: my brother's two sons—one in the trenches, the other training; another training, his brother in the postal department out there.

There is practically no college—no sports, no men on the river—almost all the men gone or going, and a lot of the very best killed. It is sad to see the poor wounded being brought in by the hundreds, our schools and town hall being turned into hospitals. Everyone is doing what he can for them. It is all so cruel. We did not dream of such a thing this time last year.

Our mayor has issued a proclamation warning people what to do in case of a Zeppelin raid. Not a lovely prospect to think of rushing down the cellar at night! The sad things make one ill. I have met nice German people and always thought we were on good terms.

We have not been away from home this Christmas as usual, my brother having five men billeted on him. I have been fearing it but not at present; so we are thankful to have our comfortable home to ourselves.

Everything is very expensive. Please cultivate a good harvest and send us plenty of corn.

With kind regards, I remain  
Yours sincerely,

## Dacotah Quartet at Glyndon

The Dacotah Quartet assisted by Miss Kathryn York reader and Miss Myrtle Waechter piano accompanist, made their first appearance in concert at Glyndon, Minn., last Tuesday evening the 16, under the auspices of the men's club of that city.

A well filled house greeted the musicians. From start to finish the program proved very entertaining and was well accepted, each number rendered being heartily encored. Mr. Porter an dMr. Moen each rendered solos, which were of very high class and pleasing to the audience.

Miss York made a decided impression upon her audience. There was no moment of her reading that she did not have complete control of the listeners. For each number

# RAYMOND ROBINS at A. C.

## Cure For The Tobacco Habit

Geo. B. Newcomb addressed about 160 men at the Little Country Theatre last Monday afternoon at the 4:30 meeting. The lecture was on the curse of cigarette smoking with 72 slides to illustrate his point. He told how every man that wants to get rid of the habit can do so by a simple method and little folders of explanation were distributed. This excellent plan has been taken up by the Y. M. C. A. so every man can secure the articles needed at small cost. Arrangements were made so Henry Ford's pamphlet, "The Case Against the Little White Slaver," will be given to each man present which they can take back to the fellows in their home districts. The student body is highly indebted to Mr. Newcomb for his stay here.

Today's meeting will be addressed by Mr. J. L. Childs of Chicago. This ought to be the most successful meeting of the whole series. It will be held in the Little Country Theatre at 4:30 this afternoon.

## Fall Grades Are Completed

Scholarship Fall 1914.

The registrar's office has compiled the following figures regarding scholarship in all departments of the institution for the fall term 1914.

In all cases, the grade given for a subject has been weighted in proportion to the number of credit-hours for which it was given and every grade including failures and conditions has been taken into consideration. Wherever a condition has been removed and reported up to Saturday noon, corrections have been made. The following are the figures obtained:

General institutional average	79.9
College	81.5
Men	80.5
Women	83.5
High School	79.7
Boys	78.3
Girls	81.4
Industrial and Special courses	78.8
Men	78.4
Women	82.6
Student Organizations	
Alpha Gamma Rho	82.6
Alpha Mu	79.9
Alpha Zeta	86.1
Delta Pi	84.9
Delta Phi Beta	85.1
Phi Upsilon Omicron	86.2
Football Team	78.7
Young Men's Christian Association Cabinet	83.3
Young Women's Christian Association Cabinet	86.3
Fraternity and Non-Fraternity Grades	
Non-Fraternity Men	79.3
Fraternity Men	83.0
Non-Fraternity Women	81.8
Fraternity Women	85.7

given she was compelled to respond with an encore.

The bunch are very much pleased with their first attempt at concert appearance and hope to continue such work as opportunities arise. The quartet is to appear in concert tonight at Plymouth Church, North Broadway. This will be the quartet's first appearance in concert in the city of Fargo.

## Famous Social Reformer Will Address Men's Mass Meetings In A. C. Armory Tuesday, Wednesday and Thursday

Raymond Robins draws enormous crowds wherever he speaks. There are good reasons to explain why this is true. He is first of all a man who has had a most remarkable career and a life of unusual accomplishment; he is one of the most eloquent and forceful speakers of the present day; his subjects are the most vital ones to thinking men of the times, dealing with the outstanding problems of social moral and religious life.

**Time of Meetings Changed.**

Tuesday Night 6:45, Armory.  
Wednesday Night 6:45, Armory.  
Thursday Night 6:45, Armory.

**Special.**

Meeting for A. C. Women, Wednesday Noon 12:45 Sharp, in Little Country Theatre. Permission has been granted by President Worst for girls attending this meeting to be excused for the first fifteen minutes of all 1.30 Classes that day.

## North Dakota Crack Squad to Appear At Orpheum

SQUAD WILL APPEAR THE LAST  
OF THE WEEK UNDER THE  
DIRECTION OF DRILL  
MASTER MCGUIGAN.

The last three days of this week the North Dakota Crack Squad will make their third annual appearance at the Orpheum Theatre. This will be the second public performance which the squad has made this year, the first being at the Grain Growers Convention when they were enthusiastically received. This exhibition was a remarkable success when it is remembered that it was the first public appearance of the squad and also that the squad this year has a majority of new recruits in its ranks.

The men have been working hard and consistently and they are now in a position to put on a drill that should impress any audience favorably, no matter how critical it may be.

The members of the squad are Drillmaster, McGuigan, Melvin Holten, Walter Bender, Curran Rourke, Hilmar Bruegger, Cyril Mergens, Raymond Powell, Morse Dial, Roy Boyd, Ray Gibbens, Warren Dodds, Adrian Foley, Sherman Pinkham, Robert Lewis Houghton Harrington. This is the first year on the squad for several of the men but under the leadership of drillmaster McGuigan they are fast rounding into form.

The crack squad was organized in 1911 and made its first public appearance at the Grain Growers Convention in 1912. Since that time it has developed into one of the strongest and most enthusiastic organizations on the campus. The Crack Squad was one of the biggest features of the Student Life Special which run over the state two years ago and last year it was enthusiastically received at all of its public performances which numbered about thirty.

This year the squad is planning to take a trip after the close of the winter term and expect to visit Grand Forks, Crookston and Duluth. The Crack Squad is a big advertisement for the college and in their many performances over the state have been a big drawing card and their performance is of such a nature that it appeals to all sorts of people.

It especially appeals to the children, the young men and young women and as these are the ones we want our institution to interest, because they are our future students, now then let us all boost the squad we will boost and help along the we will boost and help along the school of which we are all proud.

## New Paint Test To Be Run

Dean Ladd is to start new paint test and a new test fence will be built just west of the present fence out by the old creamery. The experiment which has been running since 1906 on the fence between Ceres Hall and the Armory is completed and the fence will be removed this spring. The tests carried on under the direction of Dean Ladd are the most extensive of any of their kind in the United States and some splendid results have been obtained. The new fence which is to be built will be twice the length of the present fence and a new series of tests will be started.

In speaking of the new laws before the legislation Dean Ladd said that the new pure food law which is up will contain a seizure clause which will enable the authorities to hold the products in question until the courts have acted upon them. The new bill which is up will contain several new features which will enable the authorities to enforce the laws better than ever before.

## "Melting Pot" Feature s of Colonial Party

## Armory Represents a Beautiful Picture with Different Lights and Decorations. All Countries Represented

On last Saturday evening the faculty of the college were hosts to the students of the school and to the various members of the college organization. At eight o'clock the music started and the March of All Nations began. There were 150 in the march and they were led by Miss Kathryn York. The figures worked out in the march were very beautiful and the various costumes in the line made it a very imposing part of the program.

Following the grand march the various dances of the various foreign nations were given. The first dance, the Norwegian Mountain dance, given by the Industrial students was very novel and very pretty, fifteen took part in this. Four girls representing the Juniors were the next and they gave the Russian folk dance. This was a very effective figure and was well executed. The young ladies taking part in this were the Misses Katherine and Rizpah Ladd, Clara Dolve and Mae Howe. Seven couples from the industrial courses then gave the Swedish Clap dance and this figure was something unusual as it is very seldom that the dance is ever given and proved very interesting for the spectators. The High School students then gave the national dance of Denmark which is known as the Greeting and this was well executed and was led by Thomas Buxton and Miss Eloise Waldron.

The Icelandic club were on hand to give their national folk dance, the music for which was provided by two members of their organization. The next figure was the Irish Gig given by ten young ladies of the college and proved to be the prettiest figure of the dances given. The American Indians who appeared next made the hit of the evening and the interpretation of the Indian Squaw dance by Charles Palmer was without doubt one of the cleverest pieces of imitation work ever given by any student of the college. Following the various dances of the different countries the dancers took their places on the huge structure in the west end of the armory which was all in white. On the top of the structure stood Charles Carlson and Boletha Frojen as true Americans, both robed in white, and between the two was a beautiful shepherd dog which represented the "Dog on the Mountain," as is set forth in Zangwill's Melting Pot.

A picture of the tableau was then taken and following this all of the lights in the armory were turned out and a map of North Dakota

studded with electric lights loomed up behind the mountain and on either side a beautiful red glow appeared, the picture presented was one of exquisite beauty and one that will be long remembered by every one present.

The songs of the different nations were then sung starting with the Star Spangled Banner and ending with America. Following the songs of the different nations a short intermission followed which time gave every one a chance to visit the twelve booths about the armory which were decorated with the various colors, pictures and characteristic household necessities of the various countries represented.

Professor and Mrs. Bolley who were dressed to represent Russia deserve especial mention. The costume of the Professor and the manner in which he carried out the part of the old Russian created a great deal of amusement.

Foods of all nations were served and on the plate a pickle and sandwich for America, potato chips for Ireland, and a tea biscuit for England. Coffee was served to represent Norway and Sweden and grape juice to represent France. Following the eats, dancing was indulged in for an hour, the music being furnished by the college orchestra. For those who did not care to dance a stereoptical lecture of about 15 minutes in length was given by Mr. Gunning and a great deal of interest was given to this part of the entertainment as some very historical and beautiful pictures were shown.

## Football Sweaters Awarded

## 19 HUSKIES TO RECEIVE THEIR N. D.

The athletic board awarded nineteen men sweaters for the football season of 1914. The sweaters have been ordered and will be here and presented in a short time.

The men who are to receive the sweaters are: Kelly, Bjornson, Emerson, Abbott, Mikkelsen, Peterson, Loiland, Aamodt, Pope, Whiting, Gazette, Perry, Hamilton, Dann, Caulkins, Movold, Catlin, Bolsinger, McQuillan and Nemzek.

NORTH DAKOTA CRACK SQUAD WHICH IS TO APPEAR AT ORPHEUM.

WE WERE HAPPY.

After the Fargo College game on last Wednesday night we all were happy and Yes, ever excited. We walked home in the highest of spirits. It is indeed a pleasure to win a good, fast clean game away from the team which, above all we wish to defeat.

But Fargo College is to be played again and believe us that will be some game. The hill Toppers are coming out with a determination to win that is bound to go a long way. We have seen Fargo College come back before. We must get together with our enthusiasm and build up a fortress of enthusiasm that cannot be broken down and with this, naturally will come spirit and along with the spirit will come the team and when they see us backing them in this manner, we cannot lose.

WHAT DO WE WANT?

Of late there has been considerable agitation to have the present athletic fee of one dollar raised to the sum of one-dollar and fifty cents. The student council passed this resolution unanimously after it had been considered for two weeks. It is now up to the faculty and they are to vote on it Friday, March the Fifth.

The movement to raise this fee has come entirely from the students and was originated by them in hopes that a greater income could be obtained so that the athletic association could arrange better schedules and equip their men in better shape.

We get more than twice our moneys worth at present, in the games that are put on by the association. Why not agree to pay this fifty cents more per term and fix it so that the Athletic Association will have funds enough to provide and equip their teams in No. 1 condition and also make it possible for them to pay cash for what they buy.

Students it is up to Us. Athletics are our own. They are distinctly a student affair, let us combine our efforts and show the faculty that this is what we want, and they will surely grant it to us.

TO THE U.

We have to hand it to You. You have a wonderful basket ball machine and we cannot beat you. We wish you success in your future games and hope that you may come through the year without a defeat.

J. Woolley Addresses Large Audience

On last Thursday evening John G. Woolley appeared at the college armory as the fifth number of the Citizens' Lecture Course. Mr. Woolley delivered a very inspiring address and his talk was of such a nature that it was interesting from start to finish. Mr. Woolley is one of the most fluent speakers that has appeared at the A. C. in a long time and his talk was so filled with humor that it was very easy and interesting to follow. Mr. Woolley took as his text "Citizenship," and this point he brought out very simply and clearly.

A man, Mr. Woolley says, is not the one who goes to church, and does nothing else to further the cause of mankind, but a man is the one who will fight for the good of men. He said a man is one who will fight against crooked politics, liquor interests, will take the jeers and the jibes, will hit everything that is wrong, although he may be made the laughing stock of everyone around. The audience applauded Mr. Woolley long and loud after he made the statement that woman suffrage had come to much stock in the equal franchise question until the liquor interests of Wisconsin made it the center of their attack in one of the late presidential elections in that state. When he saw the liquor interest centering their forces about woman's suffrage, Mr. Woolley said that was enough for him.

The liquor dealer is a business man, he knows how everyone stands on the question that is representing any locality, state or town that is particularly interested in. When it comes to vote he is there, no matter whether it is rain or shine, blizzard or snow. There is where the other man misses out said the speaker. In ending the speaker compared the saloon to the cockroach, the Hessian fly, the cut-worm, the army-worm and several others, all whom are gnawing away at the life of America.

Carlson Holds Interesting Classes

Mr. Carlson, one of our seniors who is teaching the Short Course English classes has instigated a new movement among his pupils. The study of co-operation is taken up with the regular class work. The members of the class are showing a great deal of interest in this line of work as it is something that is of vital importance to all.

The plan is to have the students take charge of each discussion; in this way the students gets not only the benefit of each discussion but gains some knowledge on taking charge of a meeting.

R. C. Aelvi led the discussion and a very interesting session was held. At the Thursday meeting J. P. Nerve will talk on Rural Denmark, and O. C. Nesbit will talk on Rural Credit in Norway.

These men will no doubt give interesting discussions of these matters as they have done considerable work along this line.

These meetings are open to all short course men and questions are in order so that any one will find it time well spent to attend these meetings.

Dr. Putnam At New Rockford

The students of the college will be glad to hear that Doc Putnam has located at New Rockford where he will have charge of the New Rockford band. Doc was here for the U. game and led the band. For the last year Dr. Putnam has been at Aberdeen, S. D., where he had charge of the band and from all reports he had some band. The students all wish Doc success in his new field and hope that he may find time to drop in occasionally.

Alumni

MISS LAURA TAYLOR.

Laura is now a dignified school teacher and is holding down a position in the High School at Wheaton, Minn. Laura teaches domestic science in its various branches and from all reports is doing very well. She was up to see us for a day or so awhile back and we will all be glad to see her again.

Mr. Erick Martinson who joined the ranks of the alumni from the department of Mechanical Engineering three years ago was a campus visitor last week. While here he spent a short time in the Alpha Mu room his favorite rendezvous while in college.

Erick lives in the town just across the raging Red where at the present time he is working as assistant to the county surveyor of Clay County, Minn. Just now he and his co-workers are making soundings and estimates for bridge construction to be erected this coming summer.

Mr. Tom Lough, a former student of this institution who completed his course in Civil Engineering in 1910 is in our midst again for a time on a vacation. Since leaving the institution he spent some time working on the Hoosac Tunnel in Massachusetts. He has also been working in Canada where for a year or over he worked in a hydro-electric plant in Ceders, Quebec.

Mr. Lough used to be a member of old Philo and also of the Lyceum of Engineers. History says that he was long and lank, being several meters tall. He was also talented, judicious and somewhat of a jester. And that at one time he even played marbles with Mr. Mercer our assistant biologist.

From what we are able to learn of Mr. Lough's record since graduation the axiom after his name in the Agassiz was not so far fetched after all: "An' it's Tommy this an' Tommy that An' anything you please; An' Tommy ain't a bloomin' fool You bet that Tommy sees."

Ralph Smith, class of 1914, recognized as one of the best debaters of the A. C., has succeeded J. Allen Clark as assistant in Cereal Investigations at the Dickinson substation. He took up his work late in the summer of 1914. Mr. and Mrs. Smith and their two children are now enjoying their first winter in Washington.

Mr. Smith was as stated above a success as a debater and won laurels as an Intersociety and also as an international debater being on the team against Canada. We wish him the same success in his present work as he had while in college.

Hesperia Win In Exciting Debate

On last Friday took place the annual debate between the two literary societies of the A. and M. T. High school. The debate was well attended and those who were there say that it was a very good one. Both sides put up a strong line of direct argument, but the Hesperians did such excellent work in rebuttal that the decision of the judges was unanimously in their favor. Both sides are to be congratulated on the ability shown and the evident research they had made into their subject which was the question of government ownership and operation of coal mines.

Miss Catherine Ladd was president of the evening and Mr. Clifford Wilson was timekeeper. Miss Eloise Waldron of the Castalian Society gave two excellent piano solos.

ROBINS THE MAN.

(Continued from Page 1)

Others to Succeed in the Task of Our Social Regeneration.

The Meetings. Meetings will begin promptly on time, and will be open to men only, except the meeting held specially for women on Wednesday noon. Admission to all meetings will be free. The opening address will be Tuesday night—Armory 6:45 o'clock.

Fargo Creameries To Be Inspected by Farm Husbandry

KNERRS, MIDLAND PRODUCE AND FARGO ICE CREAM AND DAIRY COMPANY WILL BE VISITED.

This week the students of the Farm Husbandry department in dairying will be the guests of the various creameries in Fargo. This afternoon the boys are to visit the Knerr creamery. Here they will be taken in charge by the Knerr buttermaker who is a graduate of the Minnesota short course and he will give the boys a short talk and point out all the various methods used by his company.

Wednesday afternoon the boys will be given a talk by Mr. Hubbell, manager of the Midland Produce Company. Mr. Hubbell will take the boys through his plant and will give them a short talk on marketing. The Fargo Ice Cream and Dairy company is also on the list and the boys are expected to visit their place and see the pasteurizing plant and ice cream and fruit flavoring manufacturing department.

EXCHANGES

The Mormons walloped the Mis-soula aggregation last Saturday. The score was 35 to 27.

Oregon lost three games on a recent trip: Washington 24 to 18 and 32 to 14. Whitman won from them 24 to 18. Twenty-five fouls were called on Oregon in one game. Washington is conceded the pennant this year.

Lord Kitchener has just cabled us that war will begin on the first of May at which time he will put an army of a million men in the field.

Beloit is seriously considering the three year rule in athletics. This will mean that a man can participate in athletics for only three years of his college career.

Grinnel College, Iowa, by defeating Coe 23 to 14, has so far been victorious this season.

Oregon has started indoor baseball practice. Four hours a day is being devoted to it.

The Lad was sent to school And Dad now cries alas, I've spent a thousand dollars And got a quarterback.

To train cadets in marksmanship The University has recently purchased 60,000 rounds of ammunition for rifle practice.

Professor Hard Kidnaps Daughter

Prof. Herbert A. Hard, formerly of this institution but now with the Department of Agriculture, U. S., caused no little excitement last week when he kidnapped his daughter off of the streets in Saginaw, Michigan. Professor Hard's domestic life had a few dark scenes which caused him and his wife to separate and this last action is a development of the first. At the last reports Mr. Hard had not been located.

Select Assembly Dance Every Thurs. & Sat. Eve.

Bernhard's Dancing Academy at the Mansion, Sons of Norway Hall, No. 309 Broadway, Fargo, Phone 2444. Private Lessons and Class Instruction given daily from 10 A. M. to 10 P. M. Instructions free of charge in the very latest Society Dances during the assemblies. Admission to assemblies: Ladies 15c; Gents 50c. Door rights strictly reserved.

North Dakota Agricultural College

For Completeness of Equipment and Facilities for Instruction is Unsurpassed in the North-West THE COLLEGE DEPARTMENT OFFERS

Pharmaceutical Chemistry — Civil Engineering — Mechanical Engineering — Agriculture — Chemistry — General Science — Biology — Home Economics — Education — Veterinary Medicine and Surgery — Architecture — Architectural Engineering.

These courses are available to those who have completed the equivalent of a High School training. For those who have not had such a training

THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL OFFERS Complete Secondary Courses in — Agriculture — Mechanic Arts — Draftsmen and Builders — General Science — Rural Teachers

SPECIAL COURSES Farm Husbandry, Homemakers, Pharmacy, Power Machinery.

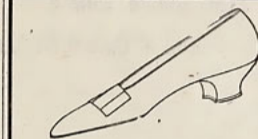

THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, zoology, literature, mathematics, and engineering subjects.

Graduates from approved High Schools are admitted to Freshman Class. Tuition Free. Board and Room \$4.75 to \$5.00 per week.

Here's the Baby Avery Tractor. Built Just Like Its Four Larger Brothers

This is the small farm size Avery Tractor. It's built just like the four larger size Avery tractors. It's the only tractor built just like the larger size tractors put out by the same company. It's no new experiment. This little 2 1/2 h. p. Avery tractor is just as strong for its power as the larger sizes. There is almost no wear and tear. It's light weight but not flimsy. It's built to last and it's built to be easy to use. It has a double speed clutch designed especially for tractor use. It's not simply a stationary gas engine or a portable motor mounted on wheels and called a tractor. It has a strong clutch of the steam engine type. It has a straight spur gear transmission—not splined shafts.

Get All the Facts About Tractor Farming

The five sizes of Avery "Light-Weight" Tractors now make tractor farming successful on any size farm—large, medium or small. Get All the Facts. Write now for the Big Avery Tractor and Farm Book, crammed full of Tractor Farming Facts. Address Avery Company 2508 Iowa Street Peoria, Ill.

## Aggies Humble Fargo College In College Gym.

Hardest Game of Season for Both Teams. Thomas Stars for the Hill School? With Every Aggie Playing In Best Form Shown This Season

Yes, we did beat Fargo College in the fastest game that has been staged at the Hill School gym for many a moon. "The Aggies have certainly taken a brace since the previous game," is the statement made by every one that saw the A. C. vs. F. C. game. Although each man played a good game against the University the team work and passing could have been improved upon and was improved upon before the F. C. game. Yes, Fargo College has a good team, they played fast basketball but they were hopelessly out-classed and overwhelmed by the Aggies quintet, and could not hold up under the fast work of the Aggies. The Aggies had no stars. There was no individual work. The question is asked who were the stars? The answer we think is the Team as every man played for each other and the Team.

The game started comparatively slow F. C. playing an almost entirely defensive game. F. C. started the scoring when a free throw was made after only a few minutes of playing. This was followed by a pretty field throw by Fargo College which woke up the Aggie bunch and made them realize they were in the game. From then on the Aggies took a spurt and started "real basketball." After a few pretty passes, Bolsinger got a chance at the basket and made good. For the next few minutes the Hill school quintet didn't see the ball or couldn't see it. The passing was fast and accurate. "Curley" Movold dropped in a pretty one. Here the Aggies were fouled and Fargo made good thus tying the score. The Aggies were fouled again on some hashed up foul of the referee. Fargo again made good putting them in the lead which they held for only a few seconds as Curley made two free

throws just as the first half ended. Score 6 to 5.

**Second Half.**  
The second half started with both teams determined to win. The Aggies did most of the scoring this half, they started when after several good passes Curley found the ring for another field goal. This was followed almost immediately by two field throws, one by McQuillan and a long one by McKee. At this stage of the game Fargo livened up a bit and found the ring for two points followed by a free throw. This set the Fargo loyals wild and instilled a little pep into their team, which resulted in a foul which Curley made. Another foul was called on Fargo, this time Curley missed which was the only one he missed during the game. A foul was called on the Aggies and Fargo missed. Holmes goes in for Overby. Fargo fouls again and Curley makes good. Curley followed this with a pretty field basket. Here the Aggies were fouled and Fargo had good. They followed this almost immediately by a field basket bringing the score up to 16 to 10. Fargo took a considerable brace and made two successive field baskets before the Aggies could stop the rush. Sims followed this by a pretty basket again starting the Hill School rooters in loud applause. Score 16 to 14. They immediately settled down when Mac dropped in a pretty one for the Aggies. The Aggies were fouled again and Fargo scored just as the final whistle blew.

Score: Aggies, 18; F. C., 15.  
The line-up was as follows:  
Movold F. Thomas  
McKee F. Overby  
Holmes  
Bolsinger C. Lane

McQuillan G  
Peterson G  
Referee—Foster.  
Umpire—Clark.

## Big Gatherings At Tolley Institute

O. C. GREGG OF MINNESOTA AND Geo. MCKERROW MAIN SPEAKERS.

Prof. Palmer of the Extension Department returned from Tolley last week where he says one of the best institutes ever held in the state took place. The people of Tolley were given a rare treat in the being able to have such men as George McKerrrow of Wisconsin and O. C. Gregg of Minnesota to speak to them. Both of these men are well known for their institute work in their respective states and are greatly responsible for the great advance made in the extension lines in the Northwest. Mr. Gregg in talking told of the importance of tree growing and explained the way in which he planted trees on his own homestead in Minnesota forty-four years ago and how they are the most valuable of anything on the place today. His talk on the dairy cow was very interesting, amusing and instructive. Mr. Gregg related some of his earlier experiences with dairy animals and in learning their characteristic good and bad points and how they are of great value to him at present. He gave a brief talk on what to look for in the dairy animal and described the good points and the bad ones.

The talk given by Mr. McKerrrow the Wisconsin man, was one of great interest and of great value to everyone. Mr. McKerrrow told of the need of community spirit and co-operation. He used as his illustration the County of Waukesha in Wisconsin and told how the people of that county had a league joined together and choose the Guernsey cattle as their type and bred for worlds champion Guerneys and that today they are the noted Guernsey center of the world. Their association the Waukesha County Guernsey Breeders Association has done a great deal to further the Guernsey interest in this against it. From a financial standpoint it is the solution to the farmers pocketbook and from a social

standpoint is one of the greatest solutions to the problem in that it brings the community together working for the same interests and in this way will bring them closer together and make their one ambition to further the community by benefiting themselves.

Mrs. G. W. Randlett was on the program and gave a very interesting talk on the "Big Business of House-keeping". Mrs. Randlett spoke of the various duties of the farmers wife when she has to be cook, doctor, nurse, milk maid, seamstress and oftentimes gardener. The value of planning the house work was well outlined and told how one of the biggest secrets of happiness lay in the planning of ones work so that it would be well carried out day after day but would not become tiresome. Mrs. Randlett in closing said that the big secret to happiness lay in being satisfied with what you have and not always hungering for something better.

Mr. Palmer of the College extension Department gave a short talk on Alfalfa and cooperation.

## Bjornson Gets The Job

BJORNSON AND HOOPER WILL HANDLE THE AGASSIZ FOR CLASS OF '17.

At a meeting of the Sophomore class on last Wednesday, Dick Bjornson of football fame and also well known as the Student Manager of Athletics, was chosen by his classmates to handle the financial end of next year's Agassiz. As we said last week Sidney Hooper will wield the blue pencil over the copy and between these two men it looks as though the next year's annual ought to be the best one in history.

**HISTORY of EDUCATION**

In the times of our fathers, education consisted of "Useless Knowledge."  
Men were divided into two great classes: Doers and Thinkers. The thinkers did no work (were Philosophers, Doctors Priests etc.) and the workers did no thinking.  
We are now beginning to realize that there is no education without work. Also, that the education which does not fit a student to earn a fine living is only a "Make believe education."  
Look into the mirror—take an account of yourself—ask yourself if your education consists of systematized memorizing—squarely in the face without blushing.

**DAKOTA BUSINESS COLLEGE**

Is a firm believer in vocational education. It prepares its pupils to go out into the big, business world and earn a good salary. It gives them such thorough training in business affairs that they quickly develop into cashiers, credit men, assistant managers and managers.  
It can prove its work by the fact that every bank in Fargo has D. B. C. pupils connected with it and by the further fact that some 685 banks in this part of the northwest are employing its graduates.

**ASK BUSINESS MEN.**  
Prove our statements by asking men who are holding good clerical positions in North Dakota today and nine out of ten of them will tell you they attended Dakota Business College in Fargo.

**IT IS BEST,**  
A visit to the school will convince you that, in fine quarters, elegant equipment, expert teachers, thorough courses and position-getting facilities this school stands at the very top of the list of commercial colleges.  
SPRING TERM BEGINS SOON.

# SOCIETY

A crowd of young people enjoyed a slight ride party Thursday evening. After the ride, the assembled at the home of Ruth Schuyler where they did justice to an oyster stew prepared with "Mac" as chef cook. The parties present were the Misses Keene, Ball, Wilson, Lewis, Kelly, Knatvold, Grover, Schuyler, Brown, Howe, Gilbertson and Messrs. Bolinger, Bender, Parker, McQuillan, Caulkins, Lawrence, Kopelman, Hamilton, Beals, Flatland, Dwire.

Miss York and Prof. Norman chaperoned the party. The Delta Phi Beta Sorority had their meeting at Addie Stafford's, an alumni member. A social gathering was enjoyed, as many of the former members were present.

A class of High School girls entertained the Senior Home Makers at a five course dinner Tuesday evening. The guests were composed of these girls and their instructors. The table decorations and also the menu were suggestive of St. Valentine's day.

Ivy was quite worried about Winney but then—he's all right now.

Mrs. H. H. Strande and Clara Tolstad are spending the week end with Ruth Strande.

The Misses Blanche Miller, Elpe Gordon and Amanda Satrum are quarantined in the hospital section with diphtheria. Every precaution is being taken by Mrs. Gilbert to prevent the spreading of the disease. None of the girls are seriously ill.

Miss Addie Wilson went home on Saturday to spend the week end. Dorothy Price accompanied her and plans are being made to have a good time. Trust Addie and Dorothy for that.

Miss Olive Guy had a birthday party Thursday night. Misses Stark, Hartney, Clayton, Plath, Price,

Fitzgerald, Manikowski and Wilde were treated to real Indiana chicken. Oh, it was some spread all right.

Miss Gladys Plath went to her home at Davenport to spend the week end. She will return Monday night.

Miss Louise Clayton went home Saturday afternoon to spend a few days with the home folks. She will return Tuesday evening.

The Misses Hartney and Olson entertained the Phi Ypsilon Omicron Sorority Saturday afternoon in Ceres Hall.

Miss Louise Fitzgerald spent Thursday night with some one in Ceres Hall.

The Misses Emma Hauke and Aggie Hutchison spent the week end at their home in Hillsboro.

Mrs. Fredrickson, formerly of Ceres Hall but now of Cooperstown, N. D., assisted Mrs. Gilbert the last part of the week.

The Misses Schmidt, Strande and Pindray were on the sick list on last week but they are able to be around again.

Miss Nellie Aiken visited with Olive Grey the past week.

Miss Maud Engle returned to school Tuesday.

The A. C. girls and the Agassiz Eighth graders played a lively game of basketball last Tuesday afternoon. The A. C. won with a score of 12 to 7.

The Farm Husbandry boys entertained the Home Maker girls at a sleigh ride party Friday night. The hosts were Messrs. Dawson, Plummer, the Bairs, Brandenberg, Poz, Magill, Anderson, Wright, Holtein and Galbreath. The guests were the Misses Kilian, Pindray, Strande, Nevrmon, Hunter, Bassingthwaite, Schneider, Malland, Poe, Mosal and Horne. The chaperones were Miss Olive Guy and Mr. Urban Ebner. A good time was enjoyed by all and the affair was a "howling" success.

### Dick Bjornson Gives Lengthy Discussion

Last Friday evening the Philos gathered in their room in the basement of the library for their regular weekly meeting and the big speaker of the evening was Stephen "Dick" Bjornson who discussed at length the Legislature of North Dakota and its Relation to the Agricultural College. Mr. Bjornson's oratory was well filled with humor to make his subject interesting and the treatise of the problem was well worked out.

Mr. Lee McConnell gave a very delightful vocal selection and was accompanied by Harry Critchfield. Arnold Christianson spoke on interclass athletics and told of their strong and weak points and explained how under the new regulation of the student council the interclass athletics will be improved.

The Brass quartet were on hand and filled the room with several well played melodies. The Philo brass quartet is made up of the best musicians in the school and the music they put out is something of which their society is very proud. The members of the quartet are Messrs. Stoa, Gram, Dynes and Askilackson. A review of House Bill No. 71 was given by Murray Stebbins and the proposed 1915 trip was outlined by Fred Gram.

### Agassiz Staff Is Busy

The Agassiz of the class of 1916 is well under way and will be out on scheduled time in May. Last Monday was Agassiz tag day and as a result nearly every one on the campus was wearing the novel little white and yellow Aye-Go-So tag. The business depression is making it more difficult for the manager to get the necessary amount of money to put out the book but with Aakus behind the business end of the deal a good book is bound to appear. The manager has been working day and night. One of the most encouraging features of this year's campaign from a manager's standpoint is the manner in which the Alumni have been responding to his urgent calls and have come across with a large number of subscriptions. Mr. Aakus is using a new system this year through which he comes in closer contact with the Alumni than has been possible before. The method used is one of correspondence with

### ABOUT WHAT WE WILL GET

From newspaper accounts it would appear that the following appropriations have been recommended for the Agricultural College and associated activities:

College Proper.	
To make up deficit on mill tax	\$ 23,500
Relaying heating main	15,000
Vacuum pump	500
Extension service	20,000
Experiment station maintenance	50,000
Equipment of creamery	3,500
Sub-experiment stations	60,000
Pure seed laboratory	5,000
Pure food investigations	20,000
Beverage investigation	24,000
Serum institute	6,000
Milling experiments	1,000
Geological survey	2,000
Total	\$230,500

It is altogether possible that the figures here given are not strictly since the mill tax deficit is annual, which would add \$23,500 to the above. Moreover newspapers state the lump recommended for the A. C. and all its departments is \$249,500. This is \$19,000 in an excess of the tabulated figures given above which is evidence of evidence of an error somewhere.

### VELVA HOLDS GOOD INSTITUTE.

W. R. Porter of the Extension staff returned Saturday morning from Velva and Gardena where he spoke at the institutes held at these places. Both institutes were well attended and a good program was arranged for. Mr. McKerrow and Mr. Larsen were the main speakers of the day and Mrs. Randlett gave a very interesting talk to the women.

### Agassiz Staff Is Busy

some neat little cards to do the talking. Wm. Guy, the editor of the book, is sure the right man in the right place. Guy has his staff working with machine like precision and their efforts are rapidly accumulating into amounts great enough to have one or two forms all ready for the press.

### Prof. Keithley goes to Minot.

Prof. J.R. Keithley left Monday to attend the annual meeting and exhibit of the North Dakota Dairy Mens' Association. This is Prof. Keithley's first attendance at the meeting in this state and he is

### Dacotah Quartet To Give Concert This Eve.

MISS KATHRYN YORK AND MRS. WALTER REED TO ASSIST.

The Dacotah Quartet, formerly known as the "Y" Quartet, assisted by Miss Kathryn York, reader and Mrs. Walter Reed, soprano, will appear in concert this evening at Plymouth Church on North Broadway. This concert is given for the benefit of the church fund. From the noted talent and the quality of the program a full house is expected. The following is the program to be given:

1. Sextette from "Lucia"—Quartet by Shattuck.
2. Lost Chord—Quartet by Parks
3. Soprano solo (Selected)
4. Tenor duet "In the Garden of my heart" by Ball
5. Coming thru the Rye—Quartet by Parks
6. Soprano solo (Selected)
7. Reading (Selected)
8. Bass solo "The mighty Deep" by Jude
9. Lovely Night—Quartet by Frantz
10. Solo soprano (selected)
11. Good Night Song—Quartet by Shattuck

### Athenians Hold Patriotic Program

One of the best programs of the society was given in the Athenian room last Friday evening. The program was a patriotic one, one from which each listener derived a deeper knowledge of patriotism. Miss Engle's paper on "Unhonored Greatness" was especially commendable. She pointed out the numbers of unhonored heroes who have lived in our country and in others. She contrasted them with the men whose praises were sung and whose triumphs were lauded till they, like Alexander the great, wondered why there were not more worlds to conquer.

Mr. Baumgarten gave a talk on "True Patriotism." He brought home to those who heard him the true meaning of patriotism, patriotism that expresses itself not only in times of war but also in times of peace, patriotism that makes one devote his life to the service of his country and the welfare of his countrymen. In his usual straightforward manner he showed how each one can be truly patriotic in his own small circle.

A humorous touch was given to the program by Charity Pinney. She told a clever story of a bridegroom who went out at his bride's request to try to get a young negro out of jail long enough to miss the boat that was to take his wife and him on their wedding journey. Miss Pinney impersonated the characters in her unaffected manner and kept the audience smiling at the humorous situation which developed.

Mr. Marshall, accompanied by Maud Engle, played a delightful violin solo. The music critics present declared it very good. The other music during the evening was furnished by Mr. Yerrington. His solo was especially good, but we all enjoy his pleasing voice on every and any occasion. He was accompanied by Miss Marion Johnson.

"Patriotic woman" was the subject of a talk given by Miss Clara Dolve. She traced the patriotism of woman from the brave Spartan mothers, thru the time of queen Victoria up to the present day. She quoted that poem by Miller in which he says "The hardest battle that ever was fought, was fought by the mothers of men." All who heard her could not but know that she meant every word she said.

Mr. Jacqua was the critic of the evening. He gave some valuable points regarding public speaking and literary work among students. Another program equally as good will be given next Friday evening.

looking forward to a large attendance and a good meeting and exhibit.

While there Prof. Keithley will judge the dairy products and give an address on making of creamery butter.

THIS WEEK AT **The Bijou** Monday and Tuesday EDWARD ABILES IN "THE MILLION". Wednesday and Thursday THE WISHING RING. Friday and Saturday DAVID BELASEA'S PLAY "THE GIRL OF THE GOLDEN WEST."
