The Lawyers and the Cat ... Gladys Plath
Music ... Hesperian Literary Society

THE LITTLE COUNTRY THEATRE

World's Work—June 1914.

"The Little Country Theatre" is the name of an experiment that the North Dakota Agricultural College has been trying recently.

The College, for this purpose, has adopted a large room on the second floor of its administration building.

Half a score of plays have been produced in this theatre. "Miss Civilization", "Country Life Minstrels", "Cherry Tree Farm", "A Fatal Message"—these are some of them.

The Little Country Theatre is a practical model for rural emulation.

LITERARY FESTIVAL GREAT SUCCESS.

The Little Country Theatre Crowded

Last Friday evening, November 13, the three Literary Societies play-

ed to a full house at the Fourth Annual Literary Festival.

The Literary Festival is the first of a series of contests to be held by the three literary societies.

The Athenians staged the first play "His Lucky Day." The play was a catchy one and pleased the audience.

The Pythians, however, put on a play which proved to be as popular as the Athenian "The Trouble at Satterlee's".

The Philomathians staged "For the Cause" which was written by one of its members, Mr. Carlson.

Each society was responsible for its own acting, stage setting, and each player made up independently.

EDWIN BOOTH ELECTS OFFICERS

At the last meeting of the Edwin Booth Dramatic Club the following officers were elected for the coming year.

- Reginald Colley, President
Al. Simonitch, Vice-President
Genevieve Grover, Secretary
Arnold Christianson, Treasurer.
Royal Drummond, Stage Mgr.
G. A. M. Anderson, Master of Properties

A number of plans for the coming year were discussed and will be taken up at the next meeting which is to be held next Tuesday.

The Freshmen Mixer

Unique Events and Jolly Good Time Features.

What is said to have been the most lively college party seen for a long time was given Saturday evening by the Freshmen class.

As the guests entered they were registered and assigned regular classes which they were to attend during the evening.

The most important feature of the evening was the convocation held after the classes had been dismissed.

Immediately following chapel exercises a few minutes were spent in some extemporaneous drill led by Capt. Macere.

The best orchestra that has played in the Armory for many a day furnished the music for the dance which took place after the entertainment.

The Vesper Service of last Sunday was good. Miss Topping of the Florence Crittendon Home spoke of "Opportunities and Possibilities for Service."

VESPER SERVICE.

The Vesper Service of last Sunday was good. Miss Topping of the Florence Crittendon Home spoke of "Opportunities and Possibilities for Service."

The special music was a trombone solo by Mr. Glen Cole, a duet by Miss Corothers and Mr. Porter and a number by the Quartette.

The Y. W. C. A. held their regular meeting on Tuesday evening. The meeting was in charge of the students.

THE KNOCKER.

After God had finished the rattlesnake, the toad and the vampire, he had some awful "substance" left with which he made a "knocker."

THANKSGIVING CONCERT

Y. W. AND Y. M. C. A. Offer JOINT PROGRAM.

Another year has rolled around and next Sunday will be devoted to the Second Annual Thanksgiving Concert, which will be held for the students of the college and the townspeople.

The feature of the concert this year will be a reading of Henry Van Dyke's book, "The Last Word," by Mrs. Leland W. Porter of this city.

Mrs. Porter is very well qualified to give a very vivid interpretation of this book and recently pleased a very interested audience with the same selection at the Christian Church.

CARL YERRINGTON LEAVES SCHOOL.

Accepts Government Position in Idaho.

Mr. Carl Yerrington, one of last year's graduates and at the present time assistant in Bacteriology, has accepted a position in government employ which will take him into Idaho.

Mr. Yerrington expects to leave for his new field very shortly. While working here in Bacteriology he has been doing an amount of biological work under Dr. Bell and will doubtless find his new field congenial.

His successor as assistant in Bacteriology has not been announced and Prof. Nelson will handle the work alone for the present.

The hazing of freshmen is abolished in the South Dakota State college, according to a declaration recently made by the sophomore class.

At the Michigan Agricultural college the freshmen and sophomores not only participate in a tug of war over the Red Cedar river, but also in a football rush, canvas pulls and a flag rush.

Mr. Birch and his wife, nee Miss Beth Allen of Fargo, will be in this city for some time. They will visit Mr. Birch's parents.

Noted Sociologist Coming Very Soon

WILL LAUNCH BIG MOVEMENT AT THE A. C.

Prof. Edward A. Ross of the University of Wisconsin is expected to arrive in the city next Sunday afternoon to aid the Farm Husbandry students of the college in launching a movement of Voluntary Study and Training in Rural Social Service.

Prof. Ross is a student and teacher of Sociology and is especially interested in the different phases of Rural work in Sociological lines, and for this reason is probably better fitted than any other man in the United States for the starting of such a movement as is to be started here by the Agricultural Club.

Prof. Ross is president of the American Sociological Society and has been a full professor of sociology at both Leland Stanford University in California and at the University of Nebraska.

HIGH SCHOOL STAG.

On Saturday evening, Nov. 21, at 7:45, the High School Y. M. C. A. will give a party in the Music Hall.

Polytechnic Meeting Was Well Attended

GOOD NUMBER HEAR DR. BIVEN'S EXCELLENT TALK ON THE SUBJECT OF PSYCHOKATHARSIS.

The speaker of the evening for the last meeting of the Polytechnic Society was Dr. Biven of Fargo College who spoke on the analysis of the feeling of guilt in the human mind.

He divided the subject into three main divisions; the tearing apart and the critical examination or guilt, known as psycho-analysis; getting rid of the guilty feeling and purging it from the mind, or psychokatharsis, and last; psychosynthesis, which is the rebuilding of the mind and establishing it upon a normal basis.

The discussion which followed under the leadership of Professor Minard was very animated and brought out a number of points and sidelights on the main issue.

The subject announced for the next meeting is a talk on "Science and Culture," by Dr. Batt.

Installation of Fraternity Complete

CHARMING SOCIAL EVENTS AND IMPRESSIVE CEREMONIES ARE FEATURES.

The Chi Gamma Psi Sorority of this school has ceased to exist and the newly installed chapter of Phi Upsilon Omicron Fraternity has taken its place.

The installation of the new Fraternity was accompanied by impressive ceremonies. The initiation was held in the parlor of the Annex Hotel, which was appropriately decorated for the occasion.

On Saturday afternoon a general reception was held in honor of the National representatives, the guests being the Ladies of the faculty and all the young women of the college.

Prof. Ross is president of the American Sociological Society and has been a full professor of sociology at both Leland Stanford University in California and at the University of Nebraska.

selle", after which Mrs. Guy R. Vowles sang, "Gray Days" and "At Dawning". Miss Daisy Hanson concluded the program by singing "Bird of Love Divine".

Saturday evening, Miss Stoner, honorary member of the Fraternity, entertained for the members, visiting members, and a few invited guests. The affair was held at the Civic Center from 8:00 to 11:30.

The members of the local chapter are:

- Miss Stoner, Honorary Member.
Elsie Stark, President.
Mabel Leet.
Ethel Poole.
Amy Whitman.
Mable Holmes.
Ruth Olson.
Bertha Gunderson.
Eleanor Kindred.
Barbara Heidner.
Louise Fitzgerald.
Lillian Hanson.
Lena Honnett.
Myrtle Waechter.
Mary Hartney.

ALPHA GAMMA RHOS ENJOY A GAME DINNER.

On Sunday evening the members of the Alpha Gamma Rho Fraternity gathered at their Chapter House on Tent Avenue North, where they partook of a game dinner which was made possible by a recent hunting trip of Phil Schuyler's.

The dinner was very much enjoyed by all and was followed by a pleasant evening spent in discussing the future plans of Epsilon Chapter.

Casselton Reporter: Miss Fern Dynes, our high school teacher of domestic science and art, recently received the offer of a position in a state college.

The student body of the University is now larger in number than at any time in the University's history. The total of 733 being one more than the largest number ever registered.

All-College Party Next Big Event

EXCELLENT PLANS MADE FOR THANKSGIVING PARTY IN ARMORY.

Saturday night, November 21st, is the next All-College Party, given by the students of the college. This will be the Thanksgiving party of the year.

the evening by two different kinds of entertainment. For those who dance the Armory floor will be cleared and the orchestra provided, frappe served, etc., for all who wish to take part.

The new feature to be seen the first time at this, the Thanksgiving party, will be, that in the parlors of Ceres Hall during the latter part of the evening. There will be a special program of amusements for those who do not care to remain at the Armory and dance.

NEWS ITEMS.

A large number of news items have been brought in for publication during the past month. While these are always welcome, we would like to ask that those who have such articles keep in mind the regulation that copy must be in the editor's hands by Monday noon.

THE SECOND TEAM.

You certainly have to take your hat off to the average second team of any school and you have more than a right to be proud of the second team here. It is a well established fact that one of the biggest factors in the making of a good football team is the possession of a second team that is almost as good as they are.

It has been very often said that the reason a man plays second team, is because he sees a chance of making the first squad. But how about those who stay by the team after they have been beaten out for the first time? And those who never had a chance to make the first team? And it takes nerve and a love of the game to get out there day after day and serve as a maul to find the weak spot in the first team or—worse yet—serve as an exemplification of what its strong points are.

Add to this the fact that they rarely have a regular schedule of their own, and so seldom have the opportunity of measuring their strength against a team of their own calibre, and we are all forced to admit that what recognition they do get is little enough.

President's Thanksgiving-Day Proclamation

"By the President of the United States of America, a Proclamation: "It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to use as a nation.

"It has been vouchsafed to us to remain at peace, with honor, and in some part to succor the suffering and supply the needs of those who are in want. We have been privileged by our own peace and self-control in some degree, to steady the counsels and shape the hopes and purposes of a day of fear and distress. Our people have looked upon their own life as a nation with deeper comprehension, a fuller realization of their responsibilities as well as of their blessings and a keener sense of the moral and practical significance of what their part among the nations of the world may come to be.

course. The Panama canal has been opened to the commerce of the nations. The two continents of America have been bound in closer ties of friendship. New instrumentalities of international trade have been created which will be also new instrumentalities of acquaintance, intercourse and mutual service. Never before have the people of the United States been so situated for their own advantage, or the advantage of their neighbors, or so equipped to serve themselves and mankind.

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 26th day of November next, as a day of thanksgiving and prayer and invite throughout the land to cease from their wonted occupations and in their several homes and places of worship render thanks to Almighty God.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be fixed. "Done at the City of Washington, this 2nd day of October, in the year of our Lord one thousand nine hundred and fourteen, and of the Independence of the United States of America, the one hundred and thirty-ninth.

WOODROW WILSON. "By the President, "ROBERT LANSING, "Acting Secretary of State."

BEIERSDORF WEDS.

Otto Beiersdorf, an old graduate of the A. C., who is at present attending the Chicago Veterinary College, was married on Oct. 19, to a young concert singer, who has just recently completed a tour of the world. She is a niece of Dr. Lyman Abbott.

Mr. Beiersdorf writes that he has seen a number of his old school-mates and that they are always eager for any news of the old school.

Some people left their hearts in Grand Forks, but most of them left their money. Others had a good time while some had a good head. O. U. E. G. F. Anyway we wish No. 10 had been given the derail at the Forks for about an hour

\*\*\*\*\* LET'S GO SEE THE MOVIES! \*\*\*\*\*

Weekly Program Staged at the Engineering Building Proving Attractive.

When interviewed on this subject, Deen Keen of the Engineering Department said: "When the first program was given the attendance was not as great as it should have been. The students were inclined to be a little skeptical about it, thinking that the reels were old and out of date. This idea was dispelled from their minds after the presentation of the first program. At the last series the crowd was so great that we had to turn some of them away.

All of the reels are of general interest and are lectured on by one of the professors of the department. Reels showing the wonders of the United States and other countries, the manufacturing of iron and steel pipe, western round-ups, a trip through the Dalrymple farm at Cas-setton, and other pictures have been shown. Last Friday, a reel showing the construction of typewriters, was shown as carried on by the National Typewriter Co., and it proved a very attractive film."

NEW AERIAL.

It was expected that the new aerial which is being erected from the Engineering building to the Mechanic Arts building, would be finished in time to receive wireless reports from the U. game, but difficulties in the way of erection prevented it. The aerial is one hundred and twenty feet high and two hundred feet long, and will be a big asset to the present wireless outfit.

SOME PIGS!

The Agricultural Department shipped a carload of spring pigs and sold them on the St. Paul market for \$6.95 a hundred. The creditable thing about the transaction, is that the carload average weight was about 225 pounds per pig.

Prof. Dickey has been down in Dickey County on a soil survey. He expects to cover the entire county before returning.

Dean Shepperd has just received a letter from Prof. Dines, stating that he has just refused an offer with a very attractive salary, from Manitoba Agricultural College.

John Thysel, Arthur Ogaard and Harold McKinstry have been at the college going over the bulletin on Dry Farming Experimental Work. This bulletin will be issued jointly by the Edgeley, Williston and Dickinson sub-stations. They have left for Washington, D. C., to complete the bulletin.

Prof. Peters has bought 270 head of lambs to be put under alfalfa feeding. They have been placed on the Williston sub-station and feeding has commenced.

Ebner was "stewed" with enthusiasm both during and after the big parade. Ebner was particularly stuck on the yells that issued forth from the "rye" tanks.

Mr. Schultz, who has had charge of the construction of the new silo, was taken sick with appendicitis and forced to give up his work. He has returned to Chicago after having been operated upon.

Aakus and Ebner were in bliss during the parade. We mean they were in the girls' float. Let's get jealous.

Bernhard's Academy for Select Dancing

At the Mansion, Sons of Norway hall, No. 309 Broadway, Fargo, phone 2444. Private Lessons and class instructions given daily from 10 a. m. to 10 p. m. SELECT ASSEMBLY DANCE every Thursday and Saturday evenings. We teach, successfully, those who have failed at other schools.

They're not short-lived The Jerseys

In 1913 eighteen Jersey cows were officially tested which averaged 12 years and 7 months of age. Their average milk production was 8077 pounds. Average butter fat, 3.87 pounds. One of these cows was over 18 years old. Longevity, Constitution and Economic Production are Jersey characteristics. THE AMERICAN JERSEY CATTLE CLUB 324 W. 23d St., New York City

We are living in an especially important era of the world's history and the part which Christianity is to play in the events is not to be small. All should know upon what the Christian religion is founded. If there are any who would like to begin a serious study of the fundamental principles and doctrines of Christianity as taught in the Bible, the undersigned would be pleased to open such a series of studies, and will gladly talk the matter over with anyone. Earnest Shaw Reynolds.

EDUCATIONAL MOTION PICTURES

This week's program, of Industrial films will be the first of a series to consider the subject of Mining. The title "Safe Methods of Anthracite Mining" states one of the objects of the Bureau of Mines in educating the public along the lines of "Safety First". The scenes will show the complete mining operations of anthracite coal, in Pennsylvania, strip-ping methods, underground work by aid of candle light, breakers, sorting, and shipping. The films are loaned by the U. S. Bureau of Mines, for the purpose of interesting the people in mining problems. North Dakota being underlain with millions of tons of coal, is particularly concerned with this industry. And the fact is that many of our students have coal mines on their own or their parents' farms.

Prof. Keene will probably explain the details of the scenes thrown on the screen, and all may be assured of a highly instructive hour. The films are very valuable and going to considerable expense in securing such subjects. Physics Lecture Room, Engineering Building, Friday afternoon, 4:40 p. m. No admission charge.

The Pythians will present their play, "The Trouble at Saterlee's", at the First Presbyterian Church on the evening of Monday, Nov. 23. An admission fee of fifteen cents will be charged.

University of Wisconsin. John H. Wright, '17, the confessed ring leader of the hazing party that culminated in a city-student riot, in which 200 students battled with as many townspeople, has been suspended from the university for the

# Athletic Activities

**NOTICE.**  
The athletic reports of the Missoula game are very short, as no material has been received from the West other than that already here. Messrs. Gibbons and Powell have spared no effort in trying to secure this news but it was impossible to get it. Further delay did not hold out any prospects of receiving it so the paper is sent to press without it. We hope to have complete reports for the next issue.—Ed.

## AGGIES ON WESTERN TRIP

First Game Goes to University of Montana.—Score 13—0.

On Tuesday Nov. 10, Coach Wood and his foot ball aggregation were given an enthusiastic send off by their loyal supporters. At 5 P. M. about 200 students led by the band accompanied the team to the N. P. station where the team departed on their western trip.

The first game was played with the Montana "U" at Missoula, during a driving snow storm. The fact that the field was wet and slippery gave the husky Westeners a decided advantage as the Aggie line was outweighed twelve pounds to the man. Montana Scores First Touchdown.

During first five minutes of play to Montana bunch pushed the pigskin over the aggies goal line. The Aggies then tightened up and fought desperately and held their own until in the second quarter when the U again scored a touchdown. Throughout the remainder of the game it was nip and tuck; the Aggies several times were within striking distance of but lacked the necessary drive to put the ball over.

The Montana papers speak highly of the North Dakota players, stating that this was the best game witnessed on the local field.

**Team Goes to National Park.**  
From Missoula the team journeyed to Gardener where they spend the remainder of the week tramping thru Glacier National Park. They then return to Bozeman to play the Montana Aggies.

### AFTER THE BATTLE.

After one of the hardest gridiron battles that was ever waged on a Montana field, Montana State once more bowed in defeat before the Missoullans. Though victory was not their's every man on the squad deserves unstinted praise for his work that day. Against heavier opponents and on a strange field they fought a battle that was worthy of any blue and gold team.

There are no excuses to offer. Coach, men, all have worked hard and faithfully during the entire season and relinquished the title only after the hardest kind of a fight. Every student in the school hoped for a victory but in defeat they have the satisfaction of knowing that the team played a wonderful game and fought against powerful odds every one of the sixty minutes.

### COLUMBIA UNIVERSITY.

Fanned by a high southwest wind, flames recently destroyed the million dollar gymnasium of Columbia University, scores of trophies won by athletes of the college and for a while threatened to raze Havenmeyer hall and Schermerhorn hall, two of the great modern laboratory buildings.

The fire was discovered by students who had just left a smoker in Earl hall, on the Broadway side of the campus. An alarm of fire was sounded from the building, and the students attempted to creak the blaze until firemen could reach the scene. The intense heat drove them back quickly and within a few minutes the building was a roaring furnace. The first firemen to arrive had difficulty in opening the great gates to the campus.

Playing against enormous odds in weight, handicapped by injuries, but fighting to the last the blue and gold went down to defeat at the hands of the famous all-star Missoula team this afternoon on the Missoula field, by a score of 29-6.

The blue and gold team, truly representative of Montana State college fighting against a team composed of star football men from many states were unable to overcome the great odds of weight and experience. Montana State's team was composed of eight native Montanans, the team purported to represent the college at Missoula had but three men who hail from Montana in its lineup. It was Montana against the west and the west won.

they have an opportunity not only to stand a chance to win a number of valuable prizes but to place in a position to sell some of the good seed which they have taken the trouble to grow.

Circulars of information and premium lists, entry cards, shipping tags, membership blanks, etc., may be had on application to the department of botany.

If you know of any farmer who has raised a nespically good quality of seed and has kept some of it for sale as seed for sowing purposes, whether it be corn, potatoes, alfalfa, or one of the cereals, grasses or forage plants, if you will leave his name and address at this office, information regarding the contest will be forwarded to him.

H. L. BOLLEY,  
Secretary-Treasurer,  
North Dakota Improved  
Seed Growers Association.

### THE NORTH DAKOTA IMPROVED SEED GROWERS' CONTEST.

There are no doubt a large number of students who either have grown seed grain of quality suitable for sowing purposes or come from homes where such grain has been grown.

The purpose of the North Dakota Improved Seed Growers' Association is: (1) to improve the quality of seed grain which is offered for sale as seed for growing purposes, and (2), to place the grower of such grain in touch with the buyers and handlers or users of such seed that it may get used on the land rather than simply crushed for flour or feed or for manufacturing purposes.

Each year there is held during Grain Growers' Week, an annual contest. Any one can enter this contest with any sort of seed which is grown in North Dakota. There is no entry fee, but it is much to the advantage of the grower to become a member of the Seed Growers' Association that he may be listed among the growers of good seed.

The prizes offered at this contest are very liberal,—usually cash prizes. They are offered to those who have seed for sale. It is not intended that someone should show a peck or two of seed to win a prize and yet have none of that seed to offer to the public for use on the land.

All seed which are entered at the show must be sent to the Pure Seed Laboratory for analyses a week or to ndays before the contest,—the actual, entry sample is shipped to the laboratory and is graded on its record as to purity and viability. The person entering the sample certifies over his own signature that the sample in the contest is similar to that which he can furnish for seed. Lists of those who have high quality seed for sale are made and sent to those who wish to buy. The purpose of this article is to call attention of the students to the fact that

The back field is one of the strongest ever seen in Montana. Their running of interference has more than once gained them yard after yard on the gridiron and it is safe to say that they will duplicate the act today. They work together like a machine and under the generalship of Romney, they will undoubtedly give a favorable account of themselves.

# FINE POSITIONS

Would you not like to be cashier of the First National Bank, manager of the Standard Oil Co., manager Fargo Mercantile Co., manager Union Light, Heat and Power Co., manager Interior Lumber Co., or to be at the head of some equally good establishment by the time you are 30 years old?

GOOD positions require special preparation. The road to the top of the business ladder is through the business office—a through business training is the first of the stepping stones. Ordinary schools can't and business men are too busy to give you that training. But ex-business men conduct.

## Dakota Business College

For the express purpose of training young people for business positions with big futures. This school gives very thorough course in Bookkeeping, Rapid Calculation, Penmanship, Shorthand and Typewriting, Banking, Salesmanship and general business efficiency. Its teaching is the RESULT of many years of successful business experience. And

### LISTEN!

This school PROVES what it CAN do for young people by what it HAS DONE IN THE PAST

THINK OF THIS—Out of 53 young people employed in Fargo banks. 49 attended Dakota Business College. About the same proportion holds good in the other large offices. Can you doubt whose pupils will be cashiers, managers and proprietors of the BIG concerns of the Northwest in the future? Can't you see "The hand writing on the wall?"

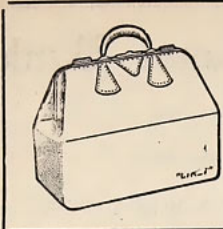

WON'T IT PAY YOU TO GET INTO LINE?

**TWO NEW SILOS ALMOST FINISHED.**  
Adjuncts to Dairy Barn Rapidly Assuming Shape.

The two new silos which are under construction at the east end of the dairy barn are beginning to look as tho they would be finished in the near future. These are an excellent addition to the equipment of the dairy barn and the generosity which makes them possible is much appreciated.

The one of these silos has been donated to the school by the Fargo Silo Company of this city. The other is the gift of the Universal Portland Cement Company. Both are being erected under the direction of a personal representative of the firms mentioned.

Mr. Corbett of the Engineering Department has been taking moving pictures of the progress of construction almost every day and unless he falls off the top of one of them in some of his hair-raising attempts to secure good pictures, we may expect to see a silo constructed before our eyes, from the ground to the roof in fifteen minutes.

The silos will furnish valuable material for investigation in the various methods of handling silos and silage. It will also give those connected with the department an opportunity to compare the two types of silos.

**CHURCH MEMBERSHIP CAMPAIGN BEGUN.**

The campaign to have the students of the college who are members of a church in their home community, take out a student membership in the corresponding church here in the city of Fargo, is in progress on the campus this week and special emphasis will be put upon this work in the churches next Sunday. This action, if taken by the students, will in no way conflict with his affiliation to his home church. The cards to be signed read as follows:

I am at present a member of the ..... church, located at..... and wish to make it known that as long as I am a student here in the city I desire to be counted as a Student Member of the local ..... church, it being understood that my membership in the home church will not be removed or invalidated in any way by the action taken here.

Name .....  
Fargo, home address .....  
Home address .....

It is hoped that every student of the Agricultural College who is a member of a church in their home community, will take advantage of this opportunity and sign one of these cards. If no one visits you on the campus drop into the Y. M. C. A. room and secure a card.

**JUSTICE.**

St. Peter: "So you want to get in here?"  
Stude: "I sure do."  
St. Peter: "Always got the straight and narrow path?"  
Stude: "I sure did."  
St. Peter: "Ever cut classes?"  
Stude: "Nope."  
St. Peter: "Always go to church?"  
Stude: "Surest thing, you know."  
St. Peter: "Take your college paper?"  
Stude: "No, but there was a guy in the house that did and I read his."  
St. Peter: "Go below."  
— Daily Iowan.

**A. C. Representatives Attend Land Grant College Meeting.**

Four of those connected with the institution will represent this school at the annual meeting of the agricultural colleges and experiment stations, at the annual meeting of the engineering association of the colleges.

President Worst, who has been visiting in Ohio, will go on to Washington, D. C. as one of the representatives. Mr. Cooper will attend for the experiment station of the school. Prof. Randlett for the extension department and Dean Keene as the representative to the engineering association.

It is very probable that the latter

**Select Assembly Dance Every Thurs. & Sat. Eve.**

You also receive instructions in the very latest Society Dances during the assemblies. Admission: Ladies 25c, gents 50c. Door rights strictly reserved. Ask for admission card before entering hall. At the Mansions, Sons of Norway hall, No. 309 Broadway, Fargo, phone 2444. Also a Tansant will be given Thanksgiving evening, Nov. 26. Good music and a good time assured. Tea will be served free.

organization will become affiliated with the land grant association and hold its meeting in conjunction with that organization. Each of these organizations will hold a three day meeting. The most interesting of the subjects up for discussion, is one which was introduced by General Wood in his address to the association last year on "The Advisability of Inaugurating a Course in Military Engineering in Land Grant Colleges".

**Ceres Hall Notes**

Misses Trixie Lamb and Olive Grey entertained about twelve young ladies of the Hall at a "spread" on Monday evening. A very fine feed was enjoyed by all, consisting of chicken, sandwiches, pickles, cake fruit and coffee.

Miss Elsie Stark attended a reception given by the Eastern Star at the Masonic Temple, Thursday evening. The reception was given for the A. C. Girls. Very dainty refreshments were served after the receiving line had been broken up.

Misses Olive Guy, Myrtle Johnston, Ruth Olson, Ethel Poole and Elsie Stark enjoyed a very bountiful lunch in room 35, Sunday evening.

Miss Mable Leet, after an absence of over a month, appeared upon the campus, Sunday. She was visiting with old friends at that time in the Hall. The girls were all pleased to see her about again.

Miss Ivy Waechter has been on the sick list for a few days. She is about and attending classes.

Miss Seneca Pederson was the guest of Miss Elsie Stark, Saturday and Sunday. Miss Pederson was formerly a student of the A. C.

Misses Bess Rowe, president of the National Council; Agnes Morton, Miss Hillstead, Inez Foster, Louise Baumgartner and Belle Elwell, all representatives of the Minnesota chapter, were guests of the Phi Upsilon Omicron Fraternity girls of Ceres Hall, Friday, Saturday and Sunday.

**Educational Lecture.**

Supt. J. W. Riley of Fargo will give an address entitled "Observations of a County Superintendent" on November 17 at 3:30 P. M. in room "G" of the Meehanic Arts Building.

**Let's Go To See The Movies.**  
The weekly moving picture program staged by the Engineering Department in the Engineering building is proving very attractive and beneficial to the college students.

When interviewed on the subject, Dean Keene of the Engineering Department said: "When the first program was given, the attendance was not as great as it should have been. The students were inclined to be a little skeptical about it, thinking that the reels were old and out of date. This idea was soon dislodged from their minds, however."

On Monday afternoon was held one of the biggest celebrations that ever welcomed back a victorious team to Montana State. The occasion was the return of the football team from its successful invasion of Utah.

The actual start of the celebration took place at nine o'clock Tuesday morning when with two enthusiasts, equipped with drums, as a nucleus a rally started which finally included every member of the student body and made further classes for the day out of the question. After parading

around the campus the crowd sighted the street car and took possession of it. With students hanging to every possible handhold the start for town was made. There two lines, one composed of the co-eds and the other of the men, were formed and a snake dance started. During the course of the morning the high school and business places about town were visited. At 11 o'clock a halt was called and the students adjourned to their rooms and made arrangements for the afternoon's rally.

In the "Christmas ship" which will sail Nov. 10 from New York City for the war-stricken European countries, Carleton Freshmen will have an appreciable part. Their contribution includes about 1000 yards of antiseptic bandages, 40 suits of clothing for little children, 30 gaily dressed dolls, and several scrap books, puzzle pictures and games.—Ex.

**Motor Racing.**  
"What did you think of the automobile race, Pat?"  
"I didn't see it."  
"You didn't see it? Why I saw you at the track."  
"Yes, I was at the track; but I had to wink just at the wrong time, and when I got through the race was over."

"Forty-nine, sixty-two, eighty-one, thirty-four, fifty-seven."

These numbers puncturing the air like pistol shots, came from behind a high board fence on Ninth street and caused two strangers from a rival school to stop and investigate. In Sherlock Holmes' most approved fashion they tipped to the alley, where they could get a look at what they thought might be our squad in secret practice. Just as they stopped to peek through a large crack in the gate, it opened and a fair young "frail" looked over them coldly.

The tall one with the rubber collar was the first to gain his self-possession. "I beg your pardon," he tammered, "but isn't someone here practicing football signals?"

The "wren" blushed and answered with an embarrassed air, "No, it's only papa. He's taking down the screens, and he's trying to remember their numbers."

This year the Montana debaters will have a splendid chance to see just how good they are. Arrangements have been made for a contest with the University of Oregon. This debate will be held at Eugene. Each team will consist of two men. The question has not yet been decided.

That it really means something to debate Oregon is proved by the fact that that school meets Washington, California and Stanford. Oregon has claimed the western debate championship for several years. Montana claims the championship of the Rocky Mountain district. Therefore, this debate between Oregon and Montana should certainly be a hot affair.
