## First Annual High School Tournament Thursday and Friday Nights at A. C. Armory

Fargo, Grand Forks, Dickinson  
and Minot Will Compete

Two Games Thursday Night. Final Game and  
Reception Friday Night. Band Will  
Play Both Nights

The four best high school basketball teams in the state will be the guests of the A. C. during the latter part of this week. These teams are here to decide definitely the State High School championship, and each team is representative of one of the four districts into which the state has been divided, viz: Dickinson from the Southwestern district; Fargo from the Southeastern district; Minot from the Northwestern district and Grand Forks from the Northern district. Two games will be played on Thursday night, all four teams competing, and on Friday night the winners will meet in the deciding game. Following the game Friday night there will be a reception in honor of the contesting teams.

The state high schools have been playing remarkably good basketball this year and the four final contenders are the champions of their districts. That these teams will put up a splendid exhibition of basketball is undoubted. These teams, with the exception of Fargo, will be so far away from home that but few of

their supporters, if any, will be able to accompany them. It is up to the students to make them feel at home. Extend to the competing teams and their supporters every courtesy, show them the buildings, class rooms, laboratories, athletic field, and above all a true spirit of hospitality and interest. Patronize the games and root for them—any one or all of them—they will appreciate your support. Show the players that you are interested in the tournament. Leave with them an impression of the Agricultural College which will cause them to remember it with a feeling of friendly pleasure and cause them to return here again as students.

The committee elected to take charge of the tournament is headed by Coach Wood. They have secured the services of the Cadet band for the two evenings, and a committee of students in attendance at the A. C. from each district has been appointed to look after the visitors and meet their trains.

Boost for the tournament and help to make it a success.

## Barnyard & Bailhay Circus

Big Two Ring Indoor Circus Will Be Given By Cadet Band Early In Spring Term.

On the third and fourth of April one of the biggest affairs of the school year will be staged in the Armory in the form of a big two ring circus which will be given for the benefit of the Cadet Band. The plans for this Mammoth production are about completed and it promises to be the biggest affair of its kind ever held in Fargo.

There will be side shows, bands, clowns, all kinds of wild animals and freaks and curiosities from all over the world, and of all kinds and descriptions. The acts which have been secured for the Big Show consist of some of the most daring and death defying exhibitions of skill and dexterity that have ever been witnessed outside of the big white tops. A thrilling dive for life will positively take place at each performance in which a young man will dive from the roof of the Armory into a tank of water below. Watch later issues of the Spectrum for more particulars and remember these dates, April third and fourth—three complete performances.

Senior H. S. Class had a meeting Friday noon to decide on a class pin and a very pretty design was chosen. They also chose their class colors which are purple and gold. Dan Brown was present at this meeting.

THE WHITE HOUSE  
WASHINGTON

*You can test the modern  
Community by the degree  
of its interest in its Young  
Men's Christian Association*

*Woodrow Wilson*

### PURPOSES OF THE Y. M. C. A.

To unite the men of the institution for the maintenance of a positive moral and religious atmosphere.

To develop and conserve in all students a complete Christian manhood.

To lead them to become disciples of Jesus Christ as divine Lord and Saviour, applying His principles in their personal and community lives.

## Do You Know What The Y. M. C. A. Is Doing?

Today the Y. M. C. A. undoubtedly represents the strongest, largest manifestation of enlightened, practical, strenuous Christianity in the colleges of the United States. It brings strong religious influences to bear upon students in a tangible and intense form.

Every live student of modern life who expects to prepare for a career of service to the most modern trends of activities should participate in the work of this college organization.

Many students coming to the A.

C. are apt to be under the impression that the Young Men's Christian Association is merely a small social club of fellows who do nothing but study the Bible and attend Sunday school lectures, but on this campus as in the largest universities of the East, West or South, they will find that the Association claims men on its service force who not only stand for the best things in a moral and religious line, but also take their

(Continued on Page 4.)

## Boys Dormitory Receives Boost

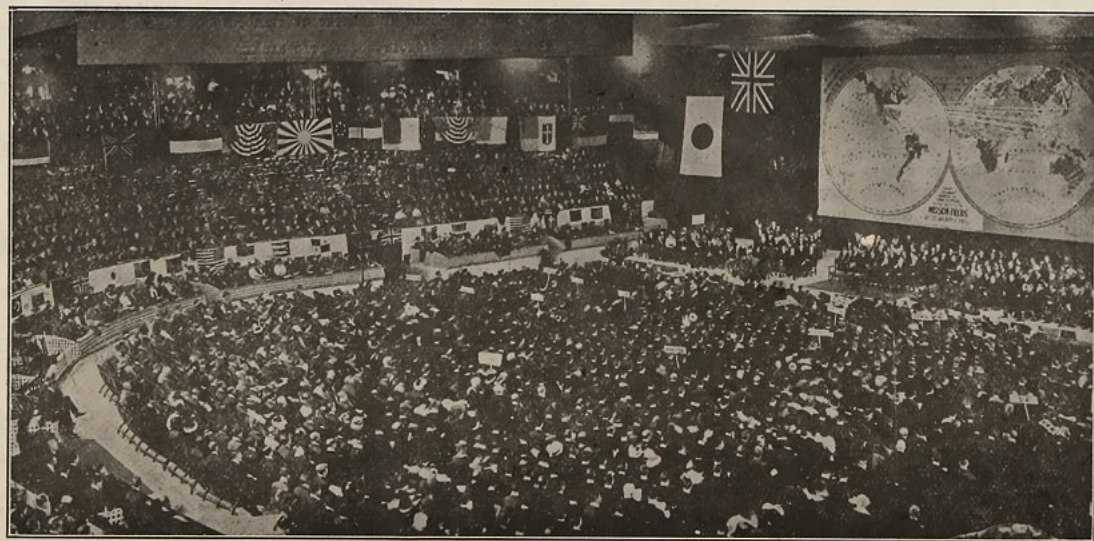

PRES. WORST IN CHAPEL TALK  
EXPLAINS THE CAMPAIGN  
TO THE STUDENTS.

The entire chapel period yesterday was given over to the interests of the Boys' Dormitory campaign. Roy Dynes, president of the Student Council, had charge of the meeting and the Cadet Band was on hand to play a selection before and after the main addresses.

President Worst gave the main address on the subject, "Oaks From Little Acorns Grow." In this address he pointed out the history of the campaign and told of the methods that are being and have been used in conducting it. He also pointed out many of the reasons for the need of a dormitory here and told of the advantages that such a dormitory would offer for the male students of the institution.

S. S. Lyons of the Merchants National Bank then told of the way the money was to be handled and of the arrangements made with the various banks over that state. Literature

was handed out at the door so that each of the students could become a personal worker in the campaign for a boys' Dormitory at the Agricultural College.

This great Convention at Kansas City, Missouri, was held during last Christmas vacation in the interests of the World movement among col-

lege students for foreign Christian missions. More than four thousand five hundred students and professors of American and Canadian colleges

and universities were in attendance. Of this number more than one thousand are definitely planning to go out as trained teachers, physicians,

ministers, and Association secretaries to the non-Christian peoples of the world.

### CAST INCLUDES.

HIGH SCHOOL TOURNAMENT.

We wish to call the attention of the students of the college to the fact that we are the hosts to four of the high schools of the state this week. For this reason it is up to the students to entertain our visitors and show them the school and provide something for them during their idle moments.

Don't leave this for the other fellow to do, but make it your business to get acquainted with every man on each of the four teams and then make him acquainted with your friends at the college and do what you can to show him around.

THE Y. M. C. A. AND SCHOLARSHIP.

The men who enter the Agricultural College come, no doubt, with widely varying aims and purposes at heart, but we are safe in assuming that the primary motive back of all else is the desire for a better developed intellect. Therefore we feel justified in saying that scholarship should ever be upheld throughout the years of bustle and activity that college life brings into the life of a man.

The Association feels if this is done the men of the institution will find that the particular development that comes through giving of one's self to the service program of the student Christian Association will, by its own merits, be certain to make a claim and an appeal to the man who seeks to maintain a high standard of scholarship and who exercises discrimination in picking the forms of activity to which he offers his strength, time, and support.

Y. M. C. A. INVITES YOU.

Is there any logical reason why every man in the Agricultural College should not support the Young Men's Christian Association?

Is not the program of the work broad enough to demand a place in the schedule of every loyal A. C. man?

In making answer to these questions it will be well to consider the statement of purpose of the Y. M. C. A., which is namely, "To unite the men of the institution for the maintenance of a positive moral and religious atmosphere."

It is impossible for a self-respecting man to take a neutral position in regard to the big problems that face college men,—and in recognition of this fact, the Young Men's Christian Association takes an active stand for, "the maintenance of a POSITIVE moral and religious atmosphere."

CERES HALL

Thursday evening a party was given in the "Gym" for the Ceres Hall girls. Each corridor was requested to come prepared with a stunt. These stunts proved to be very amusing. The Central corridor represented the "Damn Family" and performed as such. The East corridor imitated the Faculty Party with a wonderful likeness; last but not least came the West corridor who put on a mock wedding, Miss Maud Hamble being the bride and little Miss Schmidt being the groom, with Miss Haggart as minister accompanied by various relations and flower girls lent a very festive air to the occasion.

till a splendid lunch was served, consisting of oyster stew, ice cream and cake. The guests departed having spent a lovely evening.

Mrs. Gilbert attended a dinner party at Prof. Week's Sunday. A very select group were present and dinner was greatly enjoyed.

Mrs. Gilbert's rooms have been torn up this week due to the fact that the paper hanger has been busy papering. The rooms are very pretty now.

Miss Theresa Howland went to Staples to spend the week end with her parents.

Mrs. Wolf will lead the Y. W. C. A. Tuesday evening.

Miss Bolettha Frojen was very busy holding down the parlors Saturday morning with a stranger who we afterwards learned was a former pupil of hers.

Lost and found by his class—Werner.

The High School Basketball team will play the Homemakers at the Army Saturday morning.

Miss Lucile Morris received a lovely bunch of carnations Friday

General Science — Biology — Domestic Science — Education — Veterinary Science — Medicine and Surgery
These courses are available to those who have completed the equivalent of a High School training. For those who have not had such a training

THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL OFFERS

Complete Secondary Courses in — Agricultural — Commercial — Domestic Science — Mechanic Arts
General Science — Rural Teachers
SPECIAL COURSES

Farm Husbandry, Homemakers, Pharmacy, Commerce, Power Machinery; Special Courses are also offered
A COMPLETE COMMERCIAL COURSE

Is offered all students and its work is so arranged that it may be carried in connection with the regular work of other courses.

THIS COLLEGE offers to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on the dead languages or such subjects as are of little practical value. It aims to fit young men and women who can think and investigate for themselves; who can deal with social, agricultural and industrial problems of the day.

THE LABORATORIES are thoroughly equipped, and the instructors are specialists in their lines. Exceptional advantages are offered in chemistry, physics, botany, zoology, literature, mathematics, and engineering subjects.

Graduates from approved High Schools are admitted to Freshman Class. Tuition Free. Board and Room \$4.00 to \$5.00 per week.

WRITE TO THE REGISTRAR FOR CIRCULARS, CATALOG, AND ADMISSION BLANKS.—FALL TERM BEGAN SEPTEMBER 15.

That Impulse to Spend

Steady your finances with an account in this bank. Deposit your funds as you receive them and pay all bills with check. This method enables you to plan your living with care and is a restraint upon the impulse to overspend.

evening for the dance. He surely must be there and then some.

Mr. Anton Soliah of Mayville spent Sunday with Miss Beatrice Nastrud.

Miss Cecile Manikowske was operated upon for appendicitis at St. John's hospital, Tuesday afternoon. Cecile endured her operation nicely but Thursday she became subjected to the mumps, and at last reports she was as well as could be expected.

Miss Haggart was the delightful hostess to guests of Ceres Hall, Saturday afternoon. During the afternoon several selections were given by Miss Hubbard of Fargo in her pleasing manner and several musical selections were rendered, after which progressive games were played at about ten tables and a good deal of sport was enjoyed. About five o'clock a dainty lunch of fruit salad, sandwiches, coffee and cocoa was served. All departed declaring that Miss Haggart was a royal hostess.

The University of Wyoming had their first Junior Promenade. We hope it will not be their last for we are glad to see other institutions progress.

HESPERIA.

The Hesperian meeting last Friday evening resolved itself into more of a jubilee over the scalp captured from the Castilians the Friday before, than a meeting of any great literary fame.

The following program was rendered:

Extemporaneous Speeches.

Casper Mahlewick — "Why We

We Should Not Have Mr. Hample as Defendant at our Mock Court.

Chas Palmer—Continuation of Mr. Mahlewick's Speech.

Thos. Buxton—"Evils of Divorce."

Paul Hample—Answer to Mr. Mahlewick.

Arthur Biles—Outlook for the

Spring Term.

Hesperian Whistle—Editor.

Critic's Report—Roy Luttrell.

The biggest surprise of the evening was the fact that the "Whistle" contained no slams or jokes this issue. After the meeting Mr. Pierson played his violin and all the members gathered around him and sang songs.

- Gray Days ..... Noel Johnson
- Mignon ..... d'Hardelot
- Jessie Mahon.
- Norwegian Folk Song ..... Hasert
- Matilda Kolberg.
- Mignon ..... Beethoven
- Ein Geburtstag ..... Cowan
- Elvira Rasmussen.

Piano Sextette—Bella Bocca ..... Waldteufel  
Jelette Hagen, Bessie Miller, Ella Johanneson, Certia Helland, Adelle Wiesbach, Mable Pondray.

MUSIC NOTES.

The college orchestra played a short program prior to the play given by the Y. W. C. A. on last Thursday and Friday afternoons.

The Cadet band will be the attraction at the evening entertainment at the Grand Theatre on March 15th. They will be assisted by a vocal selection by Miss Grasse of the Music department of the Agricultural college.

That the band fellows are planning to be ready for their spring trip to the cities is assured by the way that they are sailing into their practices of late.

The College Y quartette is to take a trip on next Friday and Saturday and will sing at Eldrid, Minnesota in the Consolidated school and at Crookston where they will appear at the Minnesota Agricultural school. The quartette sang at the opening of the Eldrid school some few weeks ago and were received so well that a return engagement has been arranged.

The definite towns that the glee club and crack squad will visit on their tour of the state has not yet been fully decided, but nevertheless the boys are putting forth best efforts to perfect their proposed program. The entertainment that the club will put on will consist of five parts. First the glee club will open the entertainment by singing a group of songs which will be followed by the College Y quartette. Not only quartette singing will be given but the club will have a brass quartette that will render several selections. The two closing numbers will consist of several solos and the crack squad will finish the entertainment by one of their fancy drills.

Alumni Notes

Edited by Roy Dynes.

LUCY COCKBURN.

Lucy Cockburn, '12, for the past two years has been instructor in domestic science in the High school at Velva, N. D.

It has been the policy of the Velva school board to conduct a short course for farmers during the winter term of the school year. Miss Cockburn has had charge of the girls and women throughout this course of eight weeks and during the past week has given a series of lectures and demonstrations in domestic science.

Grace Briscoe, '12, who is teaching at Devils Lake, N. D., has had complete charge of the entire school exhibit at the Midwinter fair, which was held at Devils Lake recently.

FRED BIRCH, '06.

Word was recently received from Fred Birch to the effect that he is enjoying his honeymoon in the most excellent fashion under the sunny pines of Southern California. He is at present in Santiago and writes that during their voyage on sea, although many other people were seen feeding the fishes, they were not affected by seasickness.

Ralph Beard, '12, who has recently moved to Corvallis, Oregon, is at present on a trip to Portland, Oregon on a trip as a fertilizing inspector.

"Shorty" Westlund, '13, passed through the city last week on his way to Mandan, N. D. "Shorty" has been in the cities for the past few weeks on a business trip and stopped over Friday and Saturday to witness the Engineering fraternity put their candidates through the trying ordeal of initiation.

While on a recent visit to San Antonio, Texas, the location of the historic Alamo, O. W. Dynes, '07 was entertained by Lewis Maverick, a prominent rancher of that community. Mr. Maverick served in Troop K First U. S. Cavalry during the Cuban war with Jesse Langdon ex '98, and tells many interesting tales of the escapades of Langdon who was a daring fellow, seemingly devoid of fear. The Maverick family has been intimately connected with Texan history from early times. The term "maverick" has crept into our vocabulary as signifying an unbranded steer or calf. The grandfather of Maverick was at one time the largest cattle owner in the Texas Panhandle. He played a prominent part in the Texan War of Independence. The story is told that in company with 100 Texans he was taken prisoner by the Mexicans. Not wishing to feed the troublesome Gringoes, Santa Anna, the Mexican general lined the prisoners up and had them each draw from a bag containing a mixture of black and white beans. The men who drew white beans were allowed to depart while those unfortunate enough to draw a black bean were summarily executed. Maverick was lucky enough to draw a white bean.

### Do You Know What The Y. M. C. A. Is Doing?

(Continued from Page 1)

place among the athletic men, debaters, and scholastic leaders.

James McCracken, all-American tackle on the University of Pennsylvania team, speaking of the College Y. M. C. A., said, "I do not believe that any man can come out of college a better man morally than when he entered if he does not associate himself with some religious organization and do active work." The particular phase of work done depends upon the particular likings of the man.

#### OBJECT IS TO SERVE MEN.

Foremost in the service department of the Association stands the free employment bureau; here during the year, so far, more than \$2,000.00 in salaries and pay has been brought to the ninety-odd men who have been supplied with work. Fifty men have been given steady employment for the entire college year, the others have received casual employment.

The Y. M. C. A. seeks to be the friend of the new student, as is shown by the fact that during the three registrations this year three hundred and seventy-five men have been supplied with rooms through their bureau; information was secured before hand and placed in the hands of the new men, thus helping them to get the best rooms with no loss of time. Thirty-five men who were unable to find roommates were aided in doing so.

In social entertainment lines the "Y" has done much to aid the men of A. C. Five large public men's mixers have been given, through the co-operation of the Administration, at times when the largest numbers of new men were arriving. Ten smaller parties have been given in various faculty homes for new men. There has also been co-operation with the down town churches in bringing the men students in touch with the best social life.

At the Sunday afternoon meetings held in the Armory the Association has brought before the students many of the biggest men that have come before the students in public—no admission, no collection" meetings. Among those who have appeared are Judge Pollock, Supreme Justice Bruce, Dr. L. T. Guild, etc., and in the line of sex education for men, have come such men as Dr. Winfield S. Hall, the foremost educator of America on this subject. These meetings have been attended many times by upwards of an hundred men, the record attendance being reached at the Thanksgiving Concert, when the attendance totaled six hundred, more than half being men students.

It would surprise some to know that during the year more than one hundred and forty-six men have been in attendance at Bible classes, most of which have extended even beyond the twelve-week period. Eight of these classes have been held in down town churches being set apart from other classes, but two of them have been conducted adjacent to the college.

#### OTHER ACTIVITIES.

The Y. M. C. A. has been anxious to see the men of A. C. as a whole take some part in athletics, and through the co-operation of Coach Wood, a committee has promoted, when weather was favorable, various out-door sports which have brought out many men.

In November the community service committee of the Association took a team of men to Casselton where a Boy's Forward Movement was organized. It is the plan of the committee to endeavor to work out there in a practical way the solution for the North Dakota problem of how to make small town life "live", and at the same time, clean and uplifting, for the boy of grammar and high school age. The progress is encouraging.

Latest in the Y. M. C. A. program has been a religious campaign, held two weeks ago, at which Mr. Whitehair, Mr. Childs and Mr. Wells, all

secretaries in the College Department of the Association, acted as leaders. Through the public men's meetings, the personal interviews, and the group of conferences of the four days many men came to see Christian truth and practical life values in a new light. Many men were awakened to the large place of actual sin in their lives, many were stimulated to a stronger fight to keep up their personal standards, and in all, more than a hundred men came to an actual resolve to make some advance step, a considerable number expressing their willingness to accept the Christian faith for the first time in their lives.

The recruiting committee of the Association believes that "character must be caught rather than taught" and in accordance endeavors to take as many A. C. men as possible to the large conventions and gatherings of the Student Christian Movement as possible. Five men were at Lake Geneva last June, where for ten days they received training for the coming year's work. At Holiday time this year seven of the Association's representatives were in attendance at the Kansas City Convention of the Student Volunteer Movement. Five men in A. C. are definitely planning on giving their lives to various lines of service in the Christian Mission fields of the world.

### A Seniors' Opinion Of Y. M. C. A. Service

"A COLLEGE COURSE HAS FULFILLED ITS MISSION IF IT HAS ENABLED THE STUDENT TO CHOOSE HIS LIFE WORK."—DR. KNOWLTON, FARGO COLLEGE.

The Late Dr. Knowlton, Fargo College.

The above quotation puts an entirely new light on the value of a college course. A man's life work

\*\*\*\*\*  
**RESERVED FOR—**  
**FOUT & PORTERFIELD**  
**DRUGGISTS**  
**61 Broadway** **FARGO, N. D.**  
 \*\*\*\*\*

is fundamentally the biggest problem in his life.

The College Y. M. C. A. is an organization that concerns itself directly with this question. The opportunities offered, to hear leaders in all lines of work, to attend conferences, thus meeting great numbers of men from other colleges and obtaining conferences with the religious leaders of the age, to come in touch with the best literature on these subjects, to discuss problems with the men in our own school through Bible groups, etc., all give a man a clear view of the problems of the present and also give him an opportunity of finding himself.

It is folly to believe that all men attending any professional school are all fitted for that particular profession. Therefore the appeal for the Christian lines of service has a big place in this school as well as in the Colleges of Liberal Arts. The Association will always have as a big part of its work the duty of voicing this appeal.

How many students realize that thirty years or more of success or failure in life is being decided while in college. The time-worn adage, "Look before you leap," is well worth heeding.

Dr. Van Es left for Chicago, where he will attend a conference of hog cholera workers, called by the government. He will probably return Thursday or Friday.

### Industrial Commencement March 16

#### DEAN DAVENPORT TO BE PRINCIPAL SPEAKER.

Arrangements are now under way for the Industrial Course Commencement to be held on Monday, March 16th. Dean Davenport of the University of Illinois will be the principal speaker of the occasion and the Industrial Course band will be on hand to furnish music for the event. This year the course has seen one of the most successful in its career and from the Power Machinery ten men will receive their diplomas, while twelve will finish the Farm Husbandry course and three Home Makers will be graduated.

#### DEBATE IN LITTLE THEATRE.

That debating is being taken up by many people about the school and that good results are being obtained was shown on last Wednesday when two teams lined up against each other in the Little Country Theatre.

The question for debate was: Resolved, That the present tariff is beneficial to the North Dakota Farmer. Because of better arguments on the side of the affirmative the judges were inclined to give them a two to one decision. The debate was fiery all the way through and showed much preparation on the part of the contenders.

The affirmative was upheld by Messrs. Iilis, Rud and Plummer while Messrs. Fowler, Hunt and Reibe spoke for the negative. Something of interest is that two of the members of the winning team are short course men and they will find debating a great help to them both in and out of school. There will undoubtedly be some other debates in the near future.

#### NOTICE.

In accordance with the rules of the Student Council, I hereby announce myself as a candidate for the position of Editor-in-Chief of The Weekly Spectrum for 1914-1915. **ROYAL H. DRUMMOND.**

### What Y. M. C. A. Means To Me (COMMUNICATION.)

The college is one big field of opportunities. It is a place where every man must face some life problems, and he must make use of these opportunities in discovering his life calling of greatest usefulness and greatest satisfaction.

Many personal questions and problems must be solved while in college, and in the way they are answered and settled at that time they will usually stand for life. The importance of settling these questions so that they shall serve a man, and not master him, is great. No man can sanely ignore his religious instinct and the great Christian principles in seeking a satisfactory answer to questions of morality. These two factors, MUST be taken into consideration. And in dealing with these things, a man's own religious life and the outstanding principles of Christian living, the Young Men's Christian Association serves the student as no other college organization can do.

Doubts of various kinds are naturally harbored in every man's mind, and they must be treated with fair and unbiased treatment. These doubts can not be solved from the scientific point of view alone, but must be approached also from the viewpoint of actual Christian EXPERIENCE, as well as from the ground of scientific fact. The greatest satisfaction on these matters can only be found by co-relating the one approach with the other.

The Y. M. C. A. appeals to me as holding up before the men here the most real and wholesome Christianity that can be found, an interpretation of life that leads one to the fullest realization of life.

A Senior.

### Corn and Pork

#### BIG CONTESTS TO BE CONDUCTED FOR 1914 BY BETTER FARMING SECTION.

Corn and Pork contests are now being started under the direction of the Better Farming Section of the North Dakota Agricultural Experiment Station. The last two yearly contests of these marketable commodities has brought forth many new producers among the younger people of our farming communities, that have grown corn and produced better hogs than many of the older farmers of the state. This coming year the contest promises to be more hotly contested than ever before and many prizes are being offered. In the pork production contest there are twenty-four prizes, ranging from \$100 to \$5, these prizes are in gold and have been secured through the courtesy of the Union Stock Yards Company of St. Paul, Minn.

Only boys and girls between the ages of 10 and 18 are eligible and they can enter only one sow, everything that is fed to their animal must be of a marketable nature and the price and amount of such food fed must be sent weekly to the Better Farming section. The corn contest this year promises to be the most hotly contested of any in history and many boys and girls over

the state have already signified their intention to enter the contest. There will be a grand prize of \$100 for the Largest acre yield and there is \$600 more that will be divided up between the two sections of the state. The state is to be divided up into two sections, the North and the South, and this is being done to show that corn can be grown and ripened to maturity in all parts of the state. These two contests ought to arouse considerable interest among the students of A. C. and any wishing to find out the particulars and enter the contest may do so by applying at the Better Farming office.

### Cadet Band Take A Trip

#### THREE BIG CITIES OF MINNESOTA TO BE VISITED BY CADET FORTY PIECE BAND.

On the evening of Wednesday, April 22, one of the most notable events in the history of the Cadet band of the Agricultural college will occur when the members of the Band accompanied by Pres. Worst, Secretary Yoder and Professor Arvold will leave in a special car for the cities where they will appear before the University of Minnesota, the Agricultural college and the Capital building. The walls of the Minneapolis business houses are also to be set in vibration when the band will parade the streets of the Minnesota metropolis. The trip is to be of an educational nature in so far that the cadets will have a chance to visit these interesting places and above all will have a chance to be shown through the Chamber of Commerce where they will play a concert in the pit. From the cities the band will journey north to Duluth where they will undoubtedly appear in concert before the Duluth High School. They will arrive home Sunday afternoon in their car which is to accompany them on their trip.

Mr. Waggatt has been confined in St. John's hospital for the past week, having had an operation performed.

Prof. Randlett conducted a Farmers' School at Carrington, Feb. 23-28.

## Council Gives Editor 50 Per Cent

CLASSES REQUESTED TO PAY DUES TO COUNCIL.

Meeting of the Student Council Thursday, Feb. 26, 1914; Room 22, Long Building at 12:45.

Minutes and roll call. After calling the meeting to order the President called the Council's attention to a bill of \$1 for notices, presented by the secretary. Moved and seconded that the bill be allowed. Unanimous.

The report of Mr. Dixon, who is a member of the Council Social Committee, was given and this was to the effect that our social committee is recognized by the faculty as part of the official social committee and will be considered in the arranging of all-college social affairs but not in the social affairs which pertain to a special class or organization as these concern said class and the faculty in charge.

Amendment to constitution suggested by Mr. Bolsinger whereby 50 per cent of the Spectrum's net profits be the recompense of the editor.

Moved by Mr. Dwire that this amendment be made if the petition to be placed before the faculty passes. Seconded. Put to vote and opposition. Carried.

Explanation of Mr. Bachman regarding the real work of the editor. Moved by Mr. Bolsinger that Article II, Section 6 be amended to read that the Editor-in-Chief of The Spectrum receive 50 per cent of the net profits. Seconded by Mr. Mendenhall. Voted on and carried.

Question of delinquent Council dues was brought up. A motion that the Council treasurer be officially instructed to collect dues due the Council from the respective classes made by Mr. Dixon. Seconded by Miss Ewen. Unanimous.

Mr. Mendenhall called the attention to hospital fee agitation and moved that the Council President appoint a committee of three to investigate the advisability of such a fee. Seconded. Carried.

Suggestion made that promoters of said idea be asked to come before Council and present his plans and ideas.

Committee appointed: Mr. Bolsinger, Mr. Mendenhall, Mr. Bachman.

Moved and seconded that Council adjourn.

BERTHA CAMP,  
Secretary.

Absentees from Council during meeting of Feb. 26, 1914:

Seniors—Howard Hess, Ruby Head; Juniors George Knutson; Freshman, Worth Coney; Fourth Year High, Dan Brown; Third Year High, Marie McCloud.

## Y. M. C. A. At Lake Geneva

The President of one of the Wisconsin colleges while talking about the value of the Students' Conference at Lake Geneva made the statement that he would rather have a student in many cases lose a year of school than to miss the fellowship inspiration and world-wide vision of service afforded at the Student's Conference.

Any student with an open mind and an unselfish desire to serve humanity in whatever profession he may be, can find no place in the entire world, where he may be better able to get the clearest vision of the world problems and needs and meet and hear the men that have given their lives to solve these problems. Every man owes it to himself and to humanity to find out his true place in the world's work. No man's college course is complete without the influences and challenges of this Conference.

Four or five of the A. C. men are already planning to go to the next Conference. Plans are being made to send at least 25 men from the A. C. It is imperative that arrangements be made some time before the opening of the conference so students desiring to go should secure full information at once.

## Try This Outfit On Your Own Farm

If it doesn't do the work, it's our outfit, not yours. We sell Avery Tractors and Plows on approval.

We don't want any man to keep on farming with horses or mules because he doubts Tractor Farming.

So we offer to prove Tractor Farming with Avery Outfits—on your own farm.

We can make this proposition safely because we have behind us the experience of thousands of farmers who are today making big successes with Avery Outfits.

One Avery owner writes—"I bought the tractor so my boys could farm the new way as I expect there will be as much change in a few years as there was from the old reapers to the binders."

He's absolutely right. Tractor power is cheaper than horse or mule power. Tractor Farming also means bigger crops.

You can run an Avery Outfit all alone. The Avery plow is a "Self-Lift." Pull a cord at the end of the furrow. Power from the plow wheel raises or lowers the plow. Avery Tractors are the lightest-weight

Tractors considering their draw bar pull. They don't waste fuel or power. They don't pack the ground to injure crops. The simplest tractors built.

Five sizes—8-16 to 40-80 H. P. They fit any size farm—large, medium or small.

Learn About Tractor Farming and the Avery Sold on Approval Plan. Our new book "Tractor Farming" tells why and how to farm with tractor power. Our 1914 Tractor and Plow Catalog explains Avery Tractor, Low Prices, Strong Guarantees and Avery Construction. Write, telling how many acres you farm and how many horses you use and get both books FREE. Address

### OBITUARY.

At 7:30 last Friday night the Moustache Club quietly passed from this vale of tears into the great beyond. The untimely demise was lamented by all—except the poor unfortunate members who so manfully pledged to strive toward the successful cultivation of a facial adornment in the form of a tooth brush on the upper lip.

Public sentiment was too strong; the organization "cashed in" under the strain. An interested lady contributed the following epitaph: "She held him in her arms and sighed

As she sipped the nectar from his lips;  
'Oh, cruel fate, that you'd decide  
To make me drink from a mug like this!'"

### THE BULLETIN BOARD.

"Lost—A gas engine. Finder please return to Mr. Malmé." Let this stand as a warning to all those who are in the habit of carrying gas engines around in their pockets. Circumstantial evidence is dangerous.

### SHORTHORNS SET NEW STYLE.

Two shorthorns have inaugurated a new style in mackinaws. One wears a loud red-plaid belt on a moss-green coat; the other sports a sunset-pink one on a baby-blue background. Good work, boys. Though your innovation may not find favor in the eyes of the more conservative, it sure adds to the local color of the campus.

### CAULKINS ORATES.

It is evident that Prof. Arvold has overlooked some promising material. Shorty Caulkins is so enthusiastic on the subject of oratory that he declaims by the hour in front of the Main building.

### BLIX WEARS LOAF SUGAR.

Einar Blix is wearing loaf sugar as part of his headgear trimming. We wonder if our Einar carries this super-sweetening with him on his Sunday night excursions to Moorhead.

### FOOL QUESTION, NO. 2.

Scoop Perry again—"Say, fellows, has Winter got a phone?"  
Spontaneous Answer:—Why telephone? Stick your head out of the window and holler. He just blew down the street."

### DICK BJORNSON; HERO.

On Friday Dick Bjornson dropped into Prof. Reynold's classroom just in time to show his courage. The whole class was in wild pursuit of a rat! Our blond friend mounted a table and remained out of danger until the rat was completely exterminated. Dick's sunny smile was all that saved him from unjust criticism.

We hope that the unfortunate rat was not Prof. Miller's pet, Antoinette. Her death would surely break his heart.

### MISS PETERSON AGAIN.

Wouldn't this try the patience of a saint? Some dear, interested lady called up the Registrar's office and questioned in a weak, small voice:—"Is Miss Dalrymple, a Southside girl, enrolled at the A. C.?"

Ethel thought that she said a "cross-eyed" girl! Having found Dorothy's name duly entered on the rolls of the institution, Ethel exclaimed thusly:

"Miss Dalrymple is a student here but I can find nothing to prove that she is cross-eyed."

The only reply was the click of the receiver.

### WEATHER DEPARTMENT.

Prof. Dynes returned from Dallas, Texas, last week and brought with him three days of balmy spring weather. That kind of a souvenir is always well received by those at home, Professor. A unanimous vote of thanks is in order for such forethought and consideration.

### MORE OR LESS SOCIAL.

We are sorry to learn that Miss Gertrude Gibbons, '13, who is teaching at Ellendale, N. D., was quite alarmed recently. She received news that there is a possibility of an amalgamation of the motion picture interests of the A. C. and the department of seed analysis. How extremely sadd

### GIRLS' TROUBLES.

If she goes with the boys she's a coquette; if she doesn't and prefers a "steady" she couldn't get anyone else. If she majors in Chem or Latin, she's queer; if she doesn't she's looking for snap courses. If she is athletic, she loses her maidenly charms; if she is not—well, girls can't do much any way. If she belongs to a club, she is frivolous; if not, she couldn't get in. If she doesn't wear a diamond, she is not engaged; if she does, she is running a bluff. If she asserts herself in class, she is strong-minded; if she doesn't, she hasn't any brain. If she doesn't talk much, she's uninteresting; if she does, she is tiresome. Now, what is she going to do?

### NAMES WITHHELD.

Disgusted Teacher:—"A fool can ask questions that a wise man cannot answer."

Inquisitive Student:—"Is that the reason so many of us flunked in the last exams?"

He—"Have you read 'Freckles'?"  
She—(quickly) No, no, it's my veil makes me look like that."

sive community as given by President Wilson?

Every community in the state feels the pressing need for organizations to uplift the moral, athletic and social life of the young people. Everywhere the cry is sounded, forcing the conclusion that the people of this state are anxiously awaiting a change. No organization compares in efficiency in dealing with the rural problems as does the County organization of the Y. M. C. A. The growth has been so phenomenal that the attention of the entire country has been turned toward it.

Briefly the aims are as follows: To discover, train, organize and enlist local leaders in rural communities who will promote the highest communal interest in social, economic and religious life. A secretary is chosen for each county to organize the activities social and otherwise. Very little equipment and building is provided.

The official organ of the County Movement is the magazine issued monthly called the "Rural Manhood" published by the Y. M. C. A. at New York City. The best of rural life is pictured in this magazine. The work accomplished in other states gives inspiring encouragement for what can be accomplished here. The magazine should be placed in every rural community to pave the way for the County organization in this state.

Copies of the "Rural Manhood" and other literature pertaining to the subject are to be found at all times in the College Library.

The demand for men in sympathy with rural life and trained along these lines, comes most strongly to the ranks of the graduates of the Agricultural colleges. Several men from the A. C. are looking forward to this field of work. Any man with the desire of tackling a job requiring every ounce of his energy and talent and whose heart is in the country, should seriously consider this field for his life work. Where could an unselfish life of service be better spent than in growing men as well as gardens in the country?

The above cut shows the number of states at present organized in the County Y. M. C. A. work and also the states that have applied for it.

The following facts are significant: There are only three city Y. M. C. A. Associations in North Dakota and none in South Dakota, two college communities having a resident secretary in North Dakota and

two in South Dakota. South Dakota has applied for county work while North Dakota has not.

A careful examination of the above facts shows that less than 45,000 people out of a population of 600,000 people in the state are directly touched by the Y. M. C. A. movement. How does North Dakota measure up to the test for a progre-

## Fargo College Takes Another

GAME WAS FAST—F. C. OUT-PLAYED IN SECOND HALF—HARRIS STARS.

Last Saturday night Coach Wood's aggregation of basketball tossers met with their second defeat of the season. The game was played in the Fargo College gym, and was a sizzler from start to finish. During the entire first half the two teams played neck to neck, but although the score does not show it, the A. C. had the best of the argument during the second half, scoring five field goals to F. C.'s four. During the first half each team counted three times from the field.

Foster of Minneapolis refereed and gave fairly good satisfaction. In a few instances his decisions were a trifle queer; and although he was very good on catching the A. C. player's fouling, he failed to call a single one on Fargo College. Probably he not see them commit any. Clark umpired and gave good satisfaction.

### THE GAME.

Haggart of F. C. scored after two minutes of play. Wilcox then broke the ice for the A. C. tying the score. The A. C. fouled three times in succession and Murray made two of them count. Murray scored from the field. Foul on A. C. No score. Again and Murray made it good. Gulbrandson scored. Murray scored. Foul on F. C. and Wilcox converted it into a point. Harris scored. Foul on A. C.; no score. Two fouls on F. C.; no score. Half ended F. C. 9; A. C. 7.

Harris started the second half by dropping the sphere through the ring, and repeated about a minute later making the score 11 to 9 in favor of the A. C. Foul on the A. C. netted F. C. one point. MacQuillan scored. Peterson out and Thomas goes to center. Murray scored. Bolsinger scored. Foul on the A. C., but Murray missed goal. Blix goes in for MacQuillan. Thomas scored. Foul on F. C.; no score; Gulbrandson scores. McKee goes in for Wilcox. Torson goes in for Thomas. Foul on F. C.; no score. Foul on the A. C. netted F. C. another point. Haggart scored. Foul on the A. C.; no score. Score stood at 17 to 17. Murray shot from beyond the middle of the floor scoring the deciding basket. Game ended F. C. 19; A. C. 17.

Harris played a remarkable good game for the A. C. and Gulbrandson also showed up strong. MacQuillan guarded well as did Bolsinger. Wilcox also played a strong game. Blix and McKee gave a good account of themselves after they went in. Murray and Haggart starred for Fargo College.

Following is the line-up and summary:

A. C.	F. C.
Wilcox, McKee L. F.	Haggart
Harris	R. F. Peterson
Gulbrandson	Murray
	C. Thomas Torson
Bolsinger (Capt) L. G.	Boise
MacQuillan, Blix, R. G.	Sims
Field goals, A. C.—Harris 3, Gul-	

brandson 2, Wilcox 1, Bolsinger 1, MacQuillan 1. F. C.—Murray 4, Haggart 2. Free throws Murray 5 out of 12; Wilcox 1 out of 3. Harris none out of 2.

Referee, Foster. Umpire, Clarke.

## Interclass Basketball

### STANDING OF THE TEAMS.

	Won	Lost	Pct.
Freshmen	4	0	1000
Sophomores	3	0	1000
High School	2	2	500
Power Machinery	1	3	250
Juniors	0	2	000
Seniors	0	1	000
Farm Husbandry	0	2	000

### SOPHS 17—JUNIORS 11.

On Monday night, February 23, the Sophomores met the Juniors and won out by a score of 17 to 11. The Juniors played on even terms with the second year men during the greater part of the game, but towards the finish the Sophs drew ahead. The game was fast and well played, the Juniors showing great improvement over their previous game.

### FRESHMEN 25—SENIORS 2.

The same evening the Freshman team fell on the Seniors to the tune of 25 to 2. The upper classmen did not have a look in, after the first five minutes of play. The game was too one sided to be interesting, and excepting the playing of the business manager of this sheet, was devoid of any features.

### HIGH SCHOOL 12—FARM HUSBANDRY 9.

On Tuesday night the Farm Husbandry team fell before the onslaught of the High School quint by a score of 12 to 9. The game was fast and well played on both sides, with the High School having just a shade the best of the argument.

### SOPHS 31—POWER MACHINERY 2

On Wednesday night the Sophs snowed the Power Machinery team under by a score of 31 to 2. The Sophs showed some very good team work at times, and had the Power Machinery men completely bewildered.

Coach Wood officiated at all the games in his usual efficient manner. The attendance, though, has been rather poor, and if the class spirit around this institution be judged by the attendance and the interest displayed by the classes in their teams, we must admit it to be a rather minus quantity.

## St. Olaf Saturday Night

Next Saturday night St. Olaf College from Northfield, Minn., will meet Coach Wood's Aggies in a return game. The St. Olaf quint has been going along in fine style for the last month, and although the A. C. won from them at Northfield, they are expecting to get away with the big end of the score next Saturday. Coach Wood is not saying much, but we are willing to back him and his quint to the limit, and with an even break of luck expect to see the Aggies hook the bacon.

## Remarks From The Gallery

Everyone knows Dean Bolley to be an enthusiastic worker in the field of plant diseases. We doubt very much though, that he would have been more interested in any parasite fungus than he was in the game last Saturday. We will have to give him a grade of 90 or over, with the privilege of being excused from examination.

Prof. Darner objected strenuously and effectively against certain remarks made by a couple of careless F. C. rooters last Saturday night. We don't know the formula for the reaction which would have taken place had not some of the reacting elements evaporated, leaving the Professor, strongly ionized with a positive charge, alone on the scene.

Rube Larson, the wayward business manager of this sheet, discover-

ed last Monday night that his basketball ability was sadly degenerated. The high living required of a man holding his position evidently has not helped him any.

Bert Haskins was called to Dickinson last Friday to officiate at the basketball tournament held at that place Friday and Saturday to determine the Southwestern champions. Minot and Valley City also tried to secure Bert's services but were too late.

Ray Bolsinger's illness last Friday threw a bad scare into the basketball enthusiasts. "Bolly's" place would have been a hard one to fill, but fortunately he was able to play.

"Dutch" appeared in a borrowed coat about seven sizes too small for him at the F. C. game. The generous minded owner could not have known how dangerously full that coat was, or he would never have allowed Dutch to wear it.

Fearing that Yell Leader Stoa would make more noise than the attic roof could stand, the F. C. authorities relieved him of his megaphone. We have not heard whether he got it back, but cheer up, Stoa, you or any one else may yell all you wish in the Armory.

## W. J. Clapp Feeds Team

After the love contest in the attic warriors went to a splendid feast prepared for them by W. J. Clapp at the Annex Hotel. A bus was ready to take the players down so that no one suffered from the cold after the hot reception in the F. C. "gym." After everyone had eaten to his heart's or stomach's content, Dean Robinson took his place as toastmaster. He first introduced the A. C. captain. Bolly spoke briefly, telling how he and the team tried to do the trick. After Bolsinger, Murray, the captain of the F. C. team, was called. He told how "they did" the trick, but mentioned that for some reason or other, things did not always run too smoothly. He seemed to have been aware that there had been other players than the F. C. players on the floor. Robinson then called on our coach. He told of his regrets and of the effort which had been made to win. He complimented both teams on the playing. Watkins then then spoke. He praised our team and during the course of his toast said "You have in your captain one of the best basketball players I have ever seen." As he played on one of the best teams of the east, that means quite a bit. Robinson then called on Prof. Dynes to represent the A. C. faculty. He told of the days when the A. C. used to beat the F. C. 50 to 0. Prof. Wanner then spoke for Fargo College's faculty. He praised both teams for the spirit it displayed between them. He also spoke of the friendly relations between the two institutions. The final speaker was the host, W. J. Clapp. He spoke of the value of athletics and especially of the spirit shown in Saturday's game.

A spirit of good fellowship reigned throughout the evening and the general opinion was that, whatever the score was, the two teams of North and South Dakota and Minnesota had played in the same game.

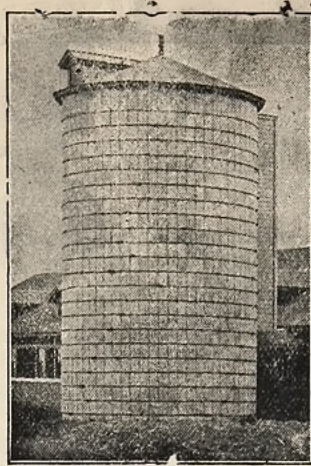

### NOTICE.

In accordance with the rules of the Student Council, I hereby announce myself as a candidate for Business Manager of The Weekly Spectrum for the year 1914-15.

U. S. EBNER.

### DAKOTA FARMERS TO WISCONSIN.

Sixty North Dakota farmers from the western part of the state visited Wisconsin University last week, where they studied dairying. They were taken in hand by Dean Russell and entertained, banqueted and lectured, too. They were taken on inspection

### Famous Play Here

Next Tuesday

PICK OF FIVE COMPANIES TO BE AT A. C.—MISS PEGGIE O'NEIL IN TITLE ROLE.

A. C. Armory, March 10

The company that will appear at the A. C. Armory on March 10, is the important transcontinental one that covers the larger cities between New York and San Francisco, and is said to be a remarkably clever organization. The central figure in "Peg O' My Heart" is a wild, mischievous girl, who has been reared among poverty in New York, but nevertheless has preserved a flower like fragrance of nature born in the wildwood. Loyalty to her father to her father's country, Ireland, and to the memory of an aristocratic mother is the watchword of her nature. The scenes of this charming play are laid in a small town in England, the home of the Chices- ters, they are a proud, unnatural family and have accepted the responsibility of educating Peg, an unknown niece, for no other reason than the urgent income that is offered.

There is something in this simple character which makes "Peg O' My Heart" a romantic comedy with a strong appeal. Peg is a real person, taken from a sad humdrum world and placed in an environment where her humanity stands out with the sham, the hypocrisy, and the shallowness of those who consider themselves her betters. And in little Peg's struggles to get into harmony with her surroundings, she has the audience ever with her.

### How The Votes

Was Won

WAS PUT ON WITH WONDER- FUL SUCCESS IN THE LITTLE COUNTRY THEATRE ON THURSDAY AND FRI- DAY AFTERNOON.

The scene of this play which was staged by the Y. W. C. A. was the sitting room of Horace Cole's home, where the topic of conversation was Woman Suffrage. The play showed the position a man takes toward suffrage and how he could be easily changed by circumstances.

The characters who helped carry out the plot were Horace Cole (Carl Yernington) a young clerk of about 30, who showed great ability in the portraying of man's character; Horace's wife (Lena Honett) showed to perfection a person who did not have a mind of her own. Winifred, Mrs. Cole's sister (Mable Leet) represented well a person of force and power who was able to be one of the leaders of the suffrage cause. Agatha, Horace's sister (Grace Shelton) who entered the cause of suffrage due to her financial circumstances. Molly, her niece (Mary Gibbins) who was a lady of talent and belonged to the cause. Madame Christine (Boletha Frojen) a lady who gave away her millions to the cause of suffrage. Mandy Spark (Mary Radcliffe) who portrayed very vividly the character of an actress. Miss Lizzie Willkins (Ruby Head) a typical old maid aunt. Lily, maid of all-work, (Winifred Pryse) who showed great ability in portraying the characteristics of a house maid; Gerald William, (Walter Botsford) represented a man of wealth and refinement who was afterward enlisted in suffrage cause.

The combination of characters made the play very real and at the same time furnished a great deal of interest and amusement for the audience.

### NEW Y. M. C. A. OFFICERS.

Nominations for new Y. M. C. A. officers are reported by the committee as follows; for President, Clarence Wolsted; for Vice-President, John L. Horne; for Secretary of the Cabinet, Alonzo P. Nichols. Elections will be made Sunday at the two-thirty afternoon meeting, March 8. Additional nominations may be made from the floor at that time.
