## Fargo College Springs Surprise

OUR NEIGHBORS HIT HARD AND WIN 7 TO 2.

Last Saturday afternoon the Aggies journeyed over to Fargo College where they found the F. C. aggregation loaded for bear; the Fargo College players were seemingly utterly unable to do anything but hit, and that they certainly did with a vengeance; men who had never before been known to connect with anything smaller than a balloon, drove out hits which sailed far over the imaginary twelve foot cement walls of the proposed stadium. Probably the thought of that future structure was what inspired the F. C. players, at any rate all A. C. pitchers seemed easy for them, and when the cannonading ceased the count stood 2 to 7 in their favor. The F. C. players found three pitchers for a total of eleven hits, while the A. C. connected for five. Rolf won the individual batting honors, hitting at a 1000 clip, while Tillotson and Drummond headed the error column. Considering the irregular surface of the F. C. field, it is not to be wondered at that errors were numerous. Their outfield rivals the bad lands in irregularity of surface. However, the A. C. fielders did very well, and the team got away with only four errors to F. C.'s seven. Following is the box score and summary:

A. C.	AB	R	H	PO	A	E
Caukins, rf	4	0	1	0	0	0
Parizek, 2b	4	0	1	3	4	0
Wirtenberger, ss	4	0	0	1	1	1
Wolsted, 3b	4	0	0	3	4	1
Foss, c	4	0	1	4	2	1
Gorman, lf	4	0	0	3	0	0
Gullickson, cf	4	1	0	0	1	0
Gulbrandson, 1b	3	0	1	10	0	0
Otis, p	0	0	0	1	0	0
Larson, p	3	1	1	0	1	0
Dann, p	1	0	0	0	0	0
Totals	35	2	5	24	13	4

F. C.	AB	R	H	PO	A	E
Rusness, c	5	1	2	8	0	1
Lawrence, cf	4	1	1	2	1	0
Drummond, ss	5	3	2	1	2	2
Trost, 3b	3	1	1	2	1	1
Rolf, 2b	4	1	4	2	3	1
Tillotson, 1b	3	0	10	0	2	0
Ellis, rf	4	0	0	1	1	0
Boise, lf	3	0	0	0	0	0
Palfrey, p	4	0	1	1	4	0
Totals	35	7	11	27	12	7

Earned runs, F. C. 4, A. C. 1. Two base hits, Rolf 2, Parizek 1. Bases on balls, off Otis 2; off Larson 1; off Palfrey 1. Strike outs, by Rolf 1; by Parizek 2; by Palfrey 7. Hit by pitcher, by Larson, 1. Wild pitches, by Larson, 1. Sacrifice hits, by Gulbrandson. Stolen bases, A. C., Larson. Left on bases, A. C., 8; F. C. 8. Double plays, Larson to Parizek to Gulbrandson. Umpire—Holzer. Time—2 hours.

### SPORTING SIDELIGHTS.

Without wanting to take any credit away from Fargo College, we cannot help but hope that this afternoon will see the horseshoe hanging on our side of the fence or at least remain on neutral ground.

"Polly" Foss got mad and took it out on Palfrey by falling on him for a two-bagger. Capt. Wirtenberger straightened one out and sailed it away into the woody region of Island Park, but unfortunately it turned out to be a few feet outside of the foul line.

### SUBSCRIBERS—ATTENTION!

Next week's paper will be issued Wednesday, after commencement, and will be sent to the addresses given in the catalog. Those wishing the paper sent to them at a different address, please notify us by Tuesday noon.

## Annual Inspection Highly Satisfactory

### CAPT. RAYMOND COMMENDS THE BATTALION ON EXCELLENT SHOWING.

One of the annually recurring events which is always of great interest to our students, those outside as well as those inside, and also to the people of the city, is the inspection of the cadet battalion by the staff officer detailed from Washington to this duty. Last Friday forenoon Captain Raymond of the general staff was present as per schedule and made the inspection for the year. Providence has always been favorable to us in granting fair weather for this event, and Friday's weather was no exception to the rule. At about four in the morning a heavy shower fell, but a stiff south wind sprang up immediately, and by nine o'clock the grass was in fine condition and the atmosphere was clear. The wind was still quite strong, enough to cause some difficulty in the hearing of commands, but gradually abated as the morning progressed.

Inspection of arms was first on the program, and Captain Raymond was very thorough in this part of the work, although everything was found in the best of condition. Following this came battalion and company movements, extended order, parade, and review, all of which were gone through with, with a very small minimum of mistakes. Following the movements Butt's Manual was given to the music of the band, and this too was quite well done.

While the inspection of the arms and accoutrements was in progress, and at the time of parade the band rendered appropriate selections. It is needless to say this was appreciated not only by the crowds who witnessed the ceremonies but also by the cadets wearily waiting in line. When the inspection had been completed Lieut. Herron announced that he had been authorized by Captain Raymond to say that the battalion had done very well indeed, far better, in fact, than he had anticipated. Orders were then issued for the battalion to appear at the City Library in uniform Sunday morning to take part in the Memorial service, as well as to take part in the regular Memorial Day program next Friday.

Prof. Keene was on hand with the moving picture machine and was successful in winding up most of the more interesting parts of the affair on his reels.

We regret that we are unable to publish any results of the track meet at Huron. This is due to the fact that we were unable to get any information Sunday and our forms are all made up on Monday. The same applies to yesterday's game with the U.

There will be staged three of the season's biggest games on Dacotah field this week. Today at 3:30 the Aggies meet Fargo College, tomorrow at the same time occurs the Hamline game, while on Decoration day, Friday, the Aggies will close the season when they meet St. Thomas. All the above teams have beaten us once, and we are confident that we shall see some fast games.

## GRADUATION EXERCISES OF A. & M. T. H. S. THURSDAY AND FRIDAY THIS WEEK

### May Pole Drill the Feature Thursday—Pres. A. G. Crane Gives Address Friday

Seventeen persons will graduate from the Agricultural and Manual Training High School on Friday evening of this week. Last year this school gave to the world its first class, twenty-one young men and women, thirteen of whom are now here in college. Due to the lengthening of the course to four years it is not unexpected that this year's class should fall below that of last year in numbers. However, the quality of this class need take second rank for no one.

The program of the graduating class is quite an innovation this year. Never before has there been a May Pole celebration on this campus, although it is becoming fairly common at other and larger institutions. Having never seen a performance of this kind and being denied admittance to the place where the drills are being practiced, we can not hope to give an accurate description of what is to take place. However, those who have seen similar drills are waiting for Thursday evening with a keen anticipation, and those who have not had that privilege are equally anxious to see something new. For several weeks the girls who are taking part in the drill have been practicing faithfully and this week the drill is to be gone through every day. A beautiful color scheme in which red and white predominate, has been worked out for decorating the May Pole.

The May Pole is coming to be quite a feature at many colleges, both East and West. It is growing in popularity at the University of Illinois, the University of Wisconsin, the University of Montana, and the University of North Dakota. At Fargo such a program has never been seen and the Preps of this school deserve much credit for initiating it here.

Because of the small number of Senior girls this year, many high school girls from outside the class will take part in the program. Little Virginia Ladd is to be crowned Queen of the May, and the following high school girls will take part: Esther Anderson, Martha Landers, Marion Brainard, Nellie Ewen, Fern Briscoe, Asta Mikkelsen, Hannah McCreo, Mary Radcliffe, Dorothy Keene, Gail Nichols, Winnifred Pope, Glade Kauffman, Katherine Herzer, Marie McLeod, Anna Nordsetten, Margie Parsons, Mary McCormick, Bessie Thom, Ada Lachner, Nora Holm, Stella Monson, Nettie Nedrebo, Ethel Wright, Clara Horsager, Auttie Walter, and Rosilla Ladd.

Following the May Pole drill, which will be held on the campus if the weather is favorable, there will be a good class program in the Armory. On Friday evening in the Armory there will occur the graduating exercises proper, the chief feature of which aside from the granting of the diplomas will be the address "Choice Not Chance," by President A. G. Crane, of the new Minot Normal school. President Crane is now in the East, selecting the faculty for his school, and will arrive in North Dakota early this week, coming to Fargo directly from Minot. Mr. Crane has in the past few years come to occupy quite a prominent place in educational circles. While Supt. of the city schools of Jamestown he won national repute by directing the pupils of the school in their voluntary work

of transforming an ugly vacant lot near the railroad station into a garden, the photograph of which won first prize over all other school garden photographs entered in a national contest. His message will undoubtedly be one long to be remembered, coming as it does from a man who is doing things in the world.

Following Mr. Crane's address the graduates will be presented by Principal Smith, and will then receive their diplomas at the hands of President Worst. Immediately after the program in the armory the newly formed Alumni association of the A. & M. T. H. S. will serve a banquet at which the recent graduates will be the guests of honor.

Following is the detailed program for the two evenings:

- Class Day Exercises
- Thursday, May 29, 1913—College Armory—8:00 p. m.
- Part I.—May Pole Drill.
- Part II.—Class Exercises:
- Piano solo—Ada Lachner.
- President's Address—Ray Boyd.
- Class History—Stephen K. Bjornson.
- Class Poem—Rosilla Ladd.
- Cornet Duet—Ray Boyd and Harold Aslakson.
- Class Prophecy—Worth Couey and Sidney Hooper.
- Class Song—Words by Bessie Thom; music by Ada Lachner.
- Music—Male Quartet.
- Class Officers—
- President—Ray Boyd.
- Vice President—Edwin Hooper.
- Secretary—Mary Gibbens.
- Treasurer—Mary Gibbens.
- Class Colors—Blue and Gold.
- Class Motto: Onward and Upward.

Commencement Exercises

Friday, May 30, 1913—College Armory—8:00 p. m.

Program—

- Music—Selected.
- Prayer—Rev. F. G. Behner.
- Address—"Choice Not Chance"—A. G. Crane, President Minot Normal School, Minot, North Dakota.

TWO—Spectrum for prof W. Music—Selected.

Presentation of Graduates—I. W. Smith.

Presentation of Diplomas—Pres. J. H. Worst. Music—Selected. Below we give the life story of the members of the class:

**Harold Aslakson**  
Was born Sept. 25, 1894, at Park River. He lived for two years in Cleveland, but returned to Edmore, N. D., in 1901, where he finished his grade school and two years of high school work. He entered A. & M. T. H. S. in January, 1912, taking Agriculture, and will return to pursue the same science next year. He is a member of the band.

**Ray and Roy Boyd**  
Twins. They were born at Wheatland, July 22, 1893, and finished the grade schools at Pingree, enrolling here in the Mechanic Arts course in 1910. Both play in the band and orchestra, and Ray, who is president of the class, has won some fame on the public speaking platform. They do not intend to return, as their inclinations turn them to other courses.

**Worth Couey**  
Enjoys the distinction of being a married man. He was born at Ex-

### ATHLETIC EXTRA!

As we go to press we learn that our boys made 3½ points in the track meet at Huron. Heavy rain marred the day.

Monday at Grand Forks we took another from the University, score 8 to 7.

## Athletic Board Reports Year's Work

### VALUABLE SUGGESTIONS MADE AS RESULT OF EXPERIENCE.

To the President and Members of the Faculty:—

As chairman of the Athletic Board the following report for the past year is submitted for approval:

The Athletic Board consists of seven members—four students elected by the Student Council, and three faculty members, two elected by the faculty and one by the student council. The faculty member chosen by the students serves as general manager of athletics. He shares with the director of athletics the care and responsibility of conducting the athletic policy of the institution. The second faculty member acts as treasurer of the athletic department, having charge of the funds received from games and students' athletic fees and is responsible for the proper payment of all bills. The third faculty member presides as chairman of the board and is personally responsible for the eligibility of the men playing on the various athletic teams.

Aside from these assigned duties the work of the board as a body is chiefly advisory. Five meetings have been held during the year. While the Athletic Director is not a member of the board, he is a frequent visitor at the meetings and has offered many helpful suggestions. The Athletic Board feels that to Director Rueber much credit is due for the right spirit and healthy tone which has characterized our athletics during the past year. Professor Keene has handled the arduous duties of manager in a faithful and efficient manner at the sacrifice of a great deal of time and energy.

College athletics have been generally criticised because of their tendency to physically develop a few individuals. The majority of the student body receive little or no direct benefit except a possible increased lung development as enthusiastic spectators at the games. During the ensuing year 44 letter monograms were won by students in the four branches of sport: five in track, eighteen in football, ten in basketball, and eleven in baseball. Two men have won the right to wear the A. C. in three branches of sport, while nine men won in two branches. This leaves a total of 31 men who have actually competed in inter-collegiate contests. Of course, this does not represent all the students who receive a direct benefit from participation in athletic sports, but the fact remains that a very small per cent of our entire student body are actually engaged in physical training.

The Athletic Board fully recognizes this weakness in the present system and have attempted to correct it, at least, in part. An inter-class athletic league has been formed entirely under student control and it is planned to have five branches of sport conducted under the auspices of this league. During the present term a strong schedule in class baseball is being followed and a class track meet is a certainty. Association football and cross country running are possibilities for next fall.

## Philomathians Break Loose

### ALL ESCORT LADY FRIENDS TO THE GRAND.

The Philos experienced a change of heart last Friday and escorted their lady friends to the Grand in a reserved section. Heretofore many of the members regarded "the female of the species" as being creatures to be considered with fear, awe, and more or less respect; but after a rousing speech by Roy Dynes on the "State of Civilization of Co-eds," their ideas seem to have undergone an evolution, and the fellows decided to forsake their rock bound principles and do what everybody does. Accordingly they searched the highways and byways for objects of their affections and by Friday evening most of the would-be bachelors had the faithful consent and house number of the girl who would accompany them to the entertainment. Some of the veterans of the society, such as Walter and Waldron, however, had evidently not been so badly affected by the spring fever as the younger ones, and so did not purchase so many seats. The party was voted a success in every way, and many are so enthused that they want to shake the same tree again.

The chief handicap at present to the success of the league is the lack of funds to purchase appropriate prizes for the winning teams in each branch of sport.

A careful, businesslike handling of the athletic funds has characterized the present year in athletics. Notwithstanding this fact, the Athletic Board finds itself unable to carry out some of its policies because of a shortage of funds. The treasurer's report on April 1st showed an overdrawn account of \$163.00 with some outstanding bills. To present an athlete with a sweater is small enough recognition, yet not a single one of the 31 men who have made their letters this year received such recognition. This was due solely to lack of funds. This condition of affairs is regrettable and it would seem as though this college, through its faculty, should take some steps towards furnishing letter men with something more substantial than mere words of congratulation for their prowess on the athletic field.

At a recent meeting of the board a strong resolution was passed condemning in no uncertain terms the inadequate locker and bath room facilities and the unsanitary condition of the same. There is locker room for one out of every twelve male students who attend the institution. The old wooden lockers should be removed and replaced with steel ones. An addition to the present gymnasium is badly needed. An appropriation of \$5,000 would build such an addition and relieve the congested condition of the lockers and baths which is so acute especially during the winter months.

This is a matter which should receive the attention of the college administration at an early date.

The final completion of Dacotah Field during the year marks another milestone in our athletic history. The Agricultural college has now the best athletic playground in the state. This fact is proving very effective in the building up of the interscholastic track meet which was such a pronounced success this year.

In conclusion, let me say that the members of the board ask for the hearty co-operation of the faculty in the direction of the athletic policies of the athletic board.

Respectfully submitted,  
O. W. DYNES.

**OUR HIGH SCHOOL**

This week we are featuring the commencement program of the Agricultural and Manual Training High School. Since our own prep. days, when two years was considered sufficient to transform a green clohopper into a college man, we have seen this department expand to three and now to a four year course, standard in all respects, and second to no preparatory school in point of efficiency and thoroughness of training. Differing largely from other high schools, especially those of the old classical stamp, our preparatory department trains boys and girls to be efficient, self reliant young men and women, able to make a success of life and be of much service to their fellows even if they were at once turned out upon the world without further scholastic training, yet at the same time lays deep and broad the foundation for further study along the lines of work emphasized in this college.

While many of the old school will mourn for the absence of the fine scholastic training obtained in the old days, from ancient books of language and philosophy, they too must realize that there is a stronger and sturdier, more substantial scholarship to be obtained from the book of Nature than from man made tomes, and that for the future of the race such an education as here offered is most desirable.

A year ago, in commenting on the graduating of the first class from the A. & M. T. H. S. we said: "It would be difficult indeed to pick from the graduating class of any one of the high schools or preparatory schools of the two cities twenty-one men and women the equal of these in scholarship, all around accomplishment, and the ability to make a glorious success of life." Changing the number to correspond with the present situation, the same words would apply to the class of 1913. Graduates of the A. & M. T. H. S., the Spectrum joins with all your other friends in wishing you success.

**AGAIN THAT MONOGRAM**

It has reached our ears that at the last meeting of the athletic board of control it was decided to retain the A. C. as the official athletic monogram, instead of changing it to N. D. as has been proposed. As far as we have been able to ascertain, every letter man in school is in favor of the proposed change, and the letter club has voiced its sentiments in favor of the N. D. by a petition to the board.

There is no substantial reason why this change should not go through, and the wishes of our athletes thereby complied with. We, as a state institution, have a logical right to the N. D. and we are of the opinion that no one would gainsay us in that respect, and as the men who have a right to wear the letter are unanimously in favor of the N. D., we fail to see any reason why their wishes should not be granted. Let us hope then, that the board will reconsider their action and take into consideration the wishes of those who are directly interested. It would be a very easy matter for them to call a meeting of the letter men and take a vote on the proposition, thereby satisfying themselves that they are in favor of the change.

"Gink" Gorman was laid up Sunday, due to over exertion in climbing the left field bluff in Saturday's game, while Gullickson and Caulkins are still figuring out the best method of catching a fly under an automobile.

**WINS SILVER CUP.**

Mr. Jansrud, the photographer, was awarded the silver cup at the N. W. Photographers Association in St. Paul recently.

**GRADUATION EXERCISES**

OF A. & M. T. H. S. THURSDAY AND FRIDAY  
Continued from page one)

celstior, Wis., Sept. 19, 1882, and came to this state in 1904, home-staying near Sherwood. He was married to Emily Sparling in June, 1909, and the following September both entered the A. & M. T. H. S., Mrs. Couey graduating last year. Worth is an Ag. student, and will continue next year.

**Stephen K. Bjornson**

"Dick" is the athlete of the class as well as a notorious scribe. He was born in North Dakota on September 30, 1891, and took a short course at the A. C. in 1909. In 1910 he registered as a Power Machinery man, and entered the High School the following year. He was a member of the football team last fall, a member of the track team last spring and this, and of the H. S. basketball team 1911 and 1912. During the past year he has been the efficient Athletic Editor of this sheet. He is now an Ag. and will return for the college course in that subject next fall.

**Warren Dodds**

"Doddie" was born at Wheaton, Minn., April 25, 1893, where he took his first year of high school work. He graduated from the Minnesota School of Agriculture in 1910, and matriculated here last fall, taking Agriculture, which subject he will pursue through his college course. He is a member of the Crack Squad and the track team.

**Louis Dolve**

Is a member of the well known tribe hailing from Portland. May 20, 1892, was the day which brought him into this world. He spent one year at the Mayville Normal, and entered this institution in 1909, taking Mechanic Arts. He will return next year.

**Martin S. Hagen**

Was born in Norway in 1886, and came to America twenty years later. He has attended Concordia College and the Valley City Normal, and later spent two years as a pedagogue. He matriculated here in the spring term of 1912, and will return next year.

**Sidney and Edwin Hooper**

More twins. They are Fargo boys, having been born here Oct. 8, 1896, and completing their grade work in the Longfellow school. They graduate from General Science, and will return next year.

**Ada Lachner**

Came to North Dakota from Spencer, Iowa. She obtained the first half of her high school education at Langdon, coming here in 1911. Ada is some musician. She is a member of the Treble Clef club, and composed the music for the class song. She will return next fall.

**Rosilla Ladd**

Also of Fargo. She was born Dec. 2, 1895, and finished the grades at the Roosevelt school in 1910, entering the A. & M. T. H. S. the next fall. She expects to continue through college. Rosilla is a Camp Fire girl and is the writer of the class poem.

**Vego Mikkelsen**

Was born on a farm in Ramsey county, April 6, 1891. His grade school education was completed in the country, and later he took four winter short courses at the A. C., entering high school in the winter of 1912. He has been a member of the track team the past three springs, was on the football team last fall, and the H. S. basketball teams of 1911 and 1912. He aspires to be a veterinarian, and will take that course next year.

**Harry Peterson**

Another suburbanite, coming from Harwood, where he was born July 1, 1890. He came to the A. C. in 1909, taking General Science. He also will return next year.

**Bessie Thom**

Finished the grades and three years of high school work at Grandin, coming here last fall. Author of the class song. She will continue through college.

**Helen Walter**

Came to North Dakota from Wisconsin in 1893. Finished the grades in the country schools of LaMoure county, and came to the A. C. in the fall of 1909. She does not expect to return next year.

**Peter Vartdal**

Was born near Fargo on May 9, 1892, finishing the grades in the country schools. He came to the A. C. in 1909, and graduates from Mechanic Arts. He may return next fall.

**Soil Survey In LaMoure County**

**GEOLOGY DEPARTMENT WILL CONDUCT EXAMINATION OF SOILS AND THEIR CROP VALUE.**

Prof. Hard will take his soil borers to LaMoure county this summer. This is made certain since the citizens of that county have contributed \$650.00 or about 15 per cent of the cost of this work. It will take two or three years to complete the work on the thirty-two townships in the county.

It was feared for a while that Governor Hanna's keen desire for economy in all things pertaining to the A. C., would about stop this work. As it is, we stand to lose \$4,000 of federal aid this year as the state had not enough funds to attract the Soil Bureau after the veto. Chief Whitney has written that while our funds are not enough for a full co-operative basis this year, he will continue to do the soil analysis and make the colored maps; further that he will send men to North Dakota next year—extending the co-operative aid once in two years.

With federal aid lessened it behooves the local director to do some hustling for outside aid. As a result LaMoure and southern Steele counties have gotten in line. The taking of the work to LaMoure county is due largely to the progressive activity of Mr. C. M. Holbert, prominent business man of LaMoure. He was largely aided in securing aid for the survey through the influence of Senator McDowell, president of the LaMoure County Better Farming Association.

In Steele county the survey worked through Mr. Cassell, banker at Hope. He has raised funds for a survey of the south end of Steele county. As the federal government prefers to use the whole county as the unit for soil mapping, the work will go to LaMoure first.

A. C. Anderson, who has had three years experience in soil testing, will have charge of the work of sampling. Mr. Hard will go to the field early in June where he will give time to the problems of water supply, glacial geology, and inspection of the mapping of soils with some detail work on them as well. The rest of the time will be spent in the office in preparation of reports and on the consulting correspondence.

**BOLLEY TAKES WISCONSIN UNIVERSITY BY STORM**

Dean Bolley returned Saturday and reports a very pleasant three day's stay at the University of Wisconsin at a time when there were many foreign visitors present. There was present a large delegation from Philadelphia studying the system employed by the University in its attempt to reach the people, with particular reference to town and city government. Professor Bolley addressed three rather large audiences, one of them a general audience, his being one of the regular lectures of the University course; while the other two were to the graduate students in Pathology and Agronomy. The last two were open to others than the special students, and the attendance was even greater than at the evening lecture.

The recent number of "Modern Electrics" contains a cut and write-up of Glenn King's model wireless station. If we can develop a few more students like Glenn, the A. C. should deserve recognition over other institutions as a place where one can obtain an education in subjects of this kind.

**The NORTH DAKOTA AGRICULTURAL COLLEGE**

For Completeness of Equipment and Facilities for Instruction is unsurpassed in the Northwest

THE COLLEGE DEPARTMENT OFFERS ELEVEN FULL COURSES VIZ:

- Agriculture
- Mechanical Engineering
- Education
- Civil Engineering
- Home Economics
- Pharmaceutical Chemistry
- Veterinary Science
- Biologic Science
- General Science
- Chemical Engineering
- Chemical Science

The courses are available to those who have completed the equivalent of a good high school training. For those who have not had such a training

**THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL**

offers complete secondary courses in:  
Agriculture      Engineering and Manual Training      Commerce  
General Science      Domestic Science      Rural Teachers Training

These courses all fit fully for college entrance  
**SPECIAL COURSES:**  
Pharmacy      Commerce      Homemakers      Farm Husbandry  
Power Machinery

A Complete Commercial Training is Offered to All Students

**THIS COLLEGE**

OFFERS to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and young women for responsible positions in life. The demand of the present is for men and women who can think and investigate for themselves; who can deal with the social, agricultural and industrial problems of the day. This demand the Agricultural College is attempting to supply.

The Laboratories and Shops are Thoroughly Equipped  
The Instructors are Specialists in their respective lines  
Exceptional Advantages are offered in Biology, Chemistry, Domestic Science, Literature, Mathematics, Engineering and Veterinary Science

Graduates from approved High Schools are admitted to the Freshman classes of all courses. Credit is allowed in the Agricultural and Manual Training High Schools for all work done in the country schools.

Tuition Free. Board and Room \$3.75 to \$5.00 per week.  
For Catalogs and Circulars address the Registrar

**One Man or Boy, Alone, Can Run This Avery Plow Outfit**

You don't need any plowman with an Avery "Self-Lift" Engine Gang. The plows are handled entirely by power taken from the plow wheels. Pull a cord at the ends of the furrows and the plows lift out of the ground—turn around, pull the cord again and they drop back in. This wonderful Avery "Self-Lift" Engine Gang puts all the Hand Lever Plows all out of date. Saves you the wages and board of a plowman. Saves you all the hard, back-breaking work of lifting and lowering the plows by hand levers at the end of each furrow. And with an Avery "Self-Guide" attachment you don't even have to touch the tractor steering wheel from one end to the other. Just sit there and watch the outfit run. Plowing is certainly play with an Avery "Self-Guide" Tractor and "Self-Lift" Plow.

**AVERY "Light-Weight" Tractor and "Self-Lift" Plow**

Get Tractor Farming Facts, Free

Learn the facts about Tractor Farming. The Avery Tractor and Plow Book tells you about them. Also tells about the wonderful "Light-Weight" of Avery Tractors—the 12-55 H. P. weighs less than 7,000 pounds, the 20-55 H. P. less than 11,000 pounds, and the 40-55 H. P. only 20,000 pounds. Shows why they are the simplest Tractors built. Explains all about the Avery Plow and Benefit Selling Plan of Sales on Approval Terms. Strong Guarantees and Low Prices. Write—get all the facts—ask for Avery 1913 Complete Tractor Book with Power Farming Facts, full information about Avery "Light-Weight" Tractors and "Self-Lift" Plows and the Avery Mutual Benefit Selling Plan. Address: **EVERY COMPANY, 2592 Iowa Street, PEORIA, ILLINOIS** Also manufacturers of Avery Steam Tractor Engines, "Yellow Fellow" Grain Threshers and Gasoline Farm Trucks.

### LIBRARY REPORT

Comparison, showing the number of books drawn from the library during the years 1908-1913:

Year—	No. of Books
1908	4,250
1909	6,099
1910	7,422
1911	8,400
1912	9,480
1913	12,630

This does not include a large number of magazines and books used for reference in the library, and not recorded.

The number of books added to the library during the years 1909-1913, is as follows:

Year—	No. of Books
1909	801
1910	837
1911	329
1912	610
1913	590

Since July 1, 1912, 590 books have been added to the library, and 2,950 catalogue and shelf cards have been written.

A set of inventory cards has also been written.

9,338 cards have been filed by assistants this year.

1,612 books are in departmental libraries and these have been checked up this year to find the number that have been lost.

No. of newspapers received—12,220.

State Expt. bulletins—656.

U. S. Dept. Bulletins & Circulars—634.

Farm papers—4,472.

Periodicals (paid for)—1,346.

Exchanges—20.

Foreign publications—288.

Letters, extension pamphlets and circulars—5,509.

No. of pieces of mail—26,605.

360 volumes of government documents have been received this year, and serial numbers have been assigned to them before shelving.

400 government pamphlets were received and filed.

375 business letters have been written; these were requests for library loans, for all kinds of material to keep up files in the library, for material for debates, and replies to those who wrote directly to the librarian for the loan of material for debates and clubs.

200 books for the general and department libraries have been mended the past year.

Labels were put on 590 new books, worn ones replaced and slight repairs on old books.

230 volumes were prepared for the bindery during the year.

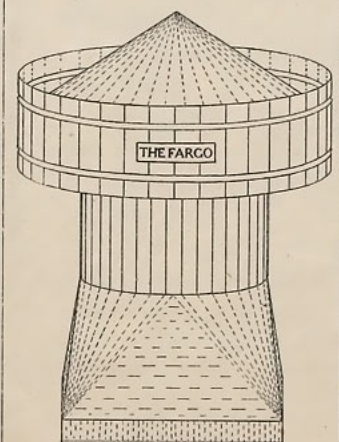

The number of books drawn from the library during the winter term was 4,937, being 687 more than were drawn during the whole school year of 1908.

23,900 authors and titles in accession book have been checked to discover all losses of books since 1890.

23,900 books now accessioned in the library.

### A. C. PROFESSORS AS COMMENCEMENT SPEAKERS

The men of our faculty are in great demand over the state as commencement speakers at high schools. President Worst will speak at Lisbon, Sheldon, and Grafton, and at Red Wing, Minnesota. Prof. White, Prof. Shepperd, Prof. Reynolds, and Prof. Waldron are also billed to speak at graduations this spring.

The Fargo is so constructed that it gives better results than any other natural gravity ventilator on the market. Used on barns, creameries, and schools. Send for circulars and price list to—

## Business Is King

Every young person should consider carefully what step he will take next. A wrong decision now, means a lifetime of regret. Consider well all avenues of possible success.

### THINK OF THIS!

\$750—the average lawyer's income.  
\$1,000—the average dentist's income.  
\$1,400—the average doctor's income.  
And other professions in proportion.  
And that, too, after an investment of from \$2,000 to \$5,000 in a College Education and at a cost of four of the best years of life.

### THEN, THINK OF THIS!

It is a poor business man who is not enjoying an annual income in excess of \$2,000. \$5,000 is a very common income. \$10,000, \$25,000 and even \$50,000 are not uncommon in the business world.

### HUGH CHALMERS QUIT \$72,000

a year to go into business for himself. It is said he made over \$500,000 last year.

### IN CHOOSING A CAREER

Don't limit yourself to the meagre rewards of a profession, when such BIG PRIZES are calling for men of red blood, daring and enterprise.

### A BUSINESS EDUCATION

Will prepare you for the BIG THINGS of life—for a manager-ship—for a business of your own—for a place in the world where the professional man will be renting an office from you and do your bidding.

## Dakota Business College

Will give you the necessary training and start you on the road to success by locating you with a big, successful business house where you may add experience to knowledge.

SUMMER SCHOOL OPENS SOON.

## CEREALS

Miss Steedsman went home Friday to make her graduation dress.

Mary Thompson's folks are down—but we don't know who.

The presidents of the Y. M. and Y. W. were caught at the Sunday ball game in Oak Grove.

Picnics and picnics and then some more picnics seems the rage at Ceres Hall.

Prof. and Mrs. Sudro and daughter dined at the Hall Sunday.

Louise and Roy visited the cemetery Sunday.

Blanche strolled out to Dilworth Sunday morning to a 7:00 o'clock breakfast.

Mary Gibbens delighted the girls by a call Saturday.

May Pole practice two hours Saturday.

### INTER STATE ORATORICAL AT JAMESTOWN, JUNE 4

Ex-Editor Ogaard, secretary of the Western League of Oratory sends the following letter, the purpose of which is evident:

"Clarence Walter,

"Chief Pen Pusher,

"Dear Sir:—

"You may not be aware that your measy sheet is the official publication of the Western League of Oratory, but so says the constitution. Therefore announce in your columns that the Seventeenth Annual Inter-State Oratorical Contest will be held under the auspices of the W. L. of O. at Jamestown College on the evening of June 4th. The officers of the said league are: President, Edwin Cool of Dakota Wesleyan University, Mitchell, S. D., and Secretary-Treasurer, yours truly,

Arthur Ogaard."

### CLASS OF 1913 WILL INTRODUCE NOVEL SCHEME OF DECORATION.

The Senior Class of 1913 will decorate the Armory in a most elaborate style. The stage scenery will be repainted and a new room scene will be added to the set. Each balcony will be divided into five boxes. These boxes will be draped in rich green hangings. The lights will be changed, and decorated. The orchestra will be seated on an elevated platform near the entrance of the armory. This platform will have a pure white background. The class will leave nothing undone.

"Polly" Foss and Capt. Wirtenberger put the team through a light workout Sunday morning preparatory to the U. N. D. game yesterday.

The Freshies beat the Juniors by a 4 to 7 score last Thursday night, and immediately got busy and challenged the faculty. We are anxiously awaiting the results of the Freshies' recklessness.

The faculty are busy trying to line up a team for the Freshman and Alumni games. Coach Reuber will probably appear on the rubber for the pros, while the receiving end is still open to competition.

My, but Max is happy now days! We wonder why?

## SOCIETY

### LADDS ENTERTAIN SENIORS

Friday evening, Prof. and Mrs. Ladd entertained the Seniors of the college at a delicious banquet served at their home. Tables were set for four, and the decorations were in green and yellow. The Ladd girls and a couple of their friends made very dainty waitresses. After dinner, the tables were cleared away and the young people all joined in singing familiar airs and in dancing the two-step, waltz and Virginia reel. Later, Miss Katherine York delighted all with several humorous readings. It was nearly eleven before the party broke up, well pleased with the hospitality and congeniality displayed during the entire evening.

### SENIOR HIGH BANQUET.

The Agricultural and Manual Training High School Seniors were hosts and hostesses at a banquet given Saturday evening for the Senior classes of Fargo and Moorhead High Schools. Eight o'clock was the hour for the repast and it was served in Ceres Hall dining room under the supervision of Mrs. Gilbert. Girls of the Freshman class of the Agricultural college served as waitresses. Before the banquet started, the Treble Clef club of the college rendered several selections which were well received. During the evening the A. C. orchestra played a number of beautiful pieces. Principal Smith acted as toastmaster of the evening. Excellent speeches were delivered by the presidents of the three high school classes present, and likewise by President Worst of the Agricultural college. Later, all enjoyed several motion picture films given by Prof. Keene, Dean of the Engineering department.

### A. C. ORCHESTRA ENTERTAINED.

Mr. E. A. Boehmer, of the Dakota Conservatory entertained the A. C. orchestra Sunday at one o'clock, at a dinner given in the Gardner hotel. The entertainment was given in appreciation of the services rendered by the orchestra in assisting the graduates of the Dakota Conservatory in the concert number played by them in their graduation recitals. The dinner was delicious and much enjoyed by all present. Mr. Boehmer showed himself to be an excellent host in every respect.

The men who made the trip to South Dakota were Coach Pope, Capt. Bolsinger, Nolet, Stumpf, Westlund, and Mikkleson. They returned Monday.

Next Saturday the A. C. track team goes to the Forks where the dual meet with the "U" will take place. The "U" is reported to have a fast team this year and some keen competition may be looked for.

Mary Radcliffe returned Sunday morning.

## SEED CORN

The best Seed corn we have ever offered. It pays to plant the best and that is what you get when you buy from us. Order early—the supply is limited. We have a good stock of very high grade seed wheat, Alfalfa, Clover, Timothy and grass seeds are scarce this year, but our stock is of the very highest and will prove their worth when harvest time comes. Your order should not be delayed if you want good seed. Send today for our 1913 catalog. It is free to you.
